Liquidation Preference:

\$1,000.00 per share

Dividends:

4.75% of the liquidation preference of \$1,000 per share of the Mandatory Convertible Preferred Stock per annum. Dividends shall accumulate from the most recent date as to which dividends shall have been paid or, if no dividends have been paid, from the first original issue date, whether or not in any dividend period or periods there have been funds legally available for the payment of such dividends, and, to the extent that Danaher Corporation is legally permitted to pay dividends and Danaher Corporation's board of directors (which term, as used herein, includes an authorized committee of the board) declares a dividend with respect to the Mandatory Convertible Preferred Stock, Danaher Corporation will pay such dividend in cash or, subject to certain limitations, in shares of Common Stock or by delivery of any combination of cash and shares of Common Stock, as determined by Danaher Corporation in its sole discretion, on each Dividend Payment Date (as defined below); *provided, however*, that any undeclared and unpaid dividends will continue to accumulate. Dividends that are declared will be payable on the Dividend Payment Dates to holders of record of the Mandatory Convertible Preferred Stock on the immediately preceding March 31, June 30, September 30 and December 31, as applicable (each a Record Date), whether or not such holders convert their shares, or such shares are automatically converted, after a Record Date and on or prior to the immediately succeeding Dividend Payment Date. The expected dividend payable on the first Dividend Payment Date is approximately \$17.681 per share of the Mandatory Convertible Preferred Stock. Each subsequent dividend for a full dividend period is expected to be \$11.875 per share of the Mandatory Convertible Preferred Stock. Accumulated and unpaid dividends for any past dividend period will not bear interest.

If Danaher Corporation elects to make any payment of a declared dividend, or any portion thereof, in shares of Common Stock, such shares shall be valued for such purpose at 97% of the Average VWAP per share of Common Stock over the five consecutive Trading Day period beginning on and including the sixth scheduled Trading Day prior to the applicable Dividend Payment Date (such average, the Average Price). In no event will the number of shares of Common Stock delivered in connection with any declared dividend, including any declared dividend payable in connection with a conversion, exceed a number equal to the total dividend payment divided by \$43.05, which amount represents approximately 35% of the Initial Price (as defined below) (subject to adjustment in a manner inversely proportional to any anti-dilution adjustment to each Fixed Conversion Rate as described in the Mandatory Convertible Preferred Stock Preliminary Prospectus Supplement) (such dollar amount, as adjusted, the Floor Price). To the

extent that the amount of the declared dividend exceeds the product of the number of shares of the Common Stock delivered in connection with such declared dividend and 97% of the Average Price, Danaher Corporation will, if it is legally able to do so, and to the extent permitted under the terms of its credit facilities and other indebtedness, pay such excess amount in cash.

Floor Price: \$43.05, subject to adjustment as described in the Mandatory Convertible Preferred Stock Preliminary Prospectus Supplement.

Dividend Payment Dates: January 15, April 15, July 15 and October 15 of each year, commencing on July 15, 2019, to, and including, April 15, 2022.

Dividend Record Dates: The March 31, June 30, September 30 or December 31, as applicable, immediately preceding the applicable Dividend Payment Date.

Dividend Threshold:	\$0.16 per share, subject to adjustment as described in the Mandatory Convertible Preferred Stock Preliminary Prospectus Supplement.
Acquisition Termination Redemption:	<p>If the proposed Acquisition has not closed on or before 5:00 p.m. (New York City time) on August 25, 2020, the Biopharma Acquisition Agreement is terminated or if the Danaher Corporation board of directors determines, in good faith, that the proposed Acquisition will not occur, Danaher Corporation may elect, at its option, to give notice of an acquisition termination redemption to the holders of the Mandatory Convertible Preferred Stock. If Danaher Corporation provides such notice, then, on the Acquisition Termination Redemption Date, Danaher Corporation will be required to redeem the Mandatory Convertible Preferred Stock, in whole but not in part.</p> <p>If Danaher Corporation calls the Mandatory Convertible Preferred Stock for redemption, Danaher Corporation will pay a redemption price equal to the Acquisition Termination Make-Whole Amount in cash. However, if the Acquisition Termination Share Price exceeds the Initial Price, then, subject to certain limitations, Danaher Corporation may pay part or all of the redemption price in shares of its Common Stock at its election, as described in the Mandatory Convertible Preferred Stock Preliminary Prospectus Supplement.</p>
Initial Price:	\$123.00, which equals the per share public offering price of the Common Stock in the Common Stock Offering.
Threshold Appreciation Price:	\$150.675, which represents an appreciation of 22.5% over the Initial Price.
Mandatory Conversion Date:	The second business day immediately following the last Trading Day of the 20 consecutive Trading Day period beginning on, and including, the 21st scheduled Trading Day immediately preceding April 15, 2022. The Mandatory Conversion Date is expected to be April 15, 2022.
Conversion Rate:	Upon conversion on the mandatory conversion date, the conversion rate for each share of the Mandatory Convertible Preferred Stock will be not more than 8.1300 shares of Common Stock (the Maximum Conversion Rate) and not less than 6.6368 shares of Common Stock (the Minimum Conversion Rate), depending on the Applicable Market Value of the Common Stock, as described in, and subject to certain anti-dilution adjustments that are described in, the Mandatory Convertible Preferred Stock Preliminary Prospectus Supplement. The following table illustrates hypothetical conversion rates per share of the Mandatory Convertible Preferred Stock, subject to certain anti-dilution adjustments that are described in the Mandatory Convertible Preferred Stock Preliminary Prospectus Supplement.

Applicable Market Value	Conversion rate (number of
of the Common Stock	shares

	of Common Stock to be received
	upon conversion of each share of the
	Mandatory Convertible Preferred Stock)
Greater than \$150.675 (which is the Threshold Appreciation Price)	6.6368 shares (approximately equal to \$1,000 divided by the Threshold Appreciation Price) (the initial Minimum Conversion Rate)
Equal to or less than \$150.675 but greater than or equal to \$123.00	Between 6.6368 and 8.1300 shares, determined by dividing \$1,000 by the Applicable Market Value of the Common Stock
Less than \$123.00 (which is the Initial Price)	8.1300 shares (approximately equal to \$1,000 divided by the Initial Price) (the initial Maximum Conversion Rate)

<p>Conversion at the Option of the Holder:</p>	<p>At any time prior to April 15, 2022, other than during a Fundamental Change Conversion Period (as defined below), holders of the Mandatory Convertible Preferred Stock have the option to elect to convert their shares of the Mandatory Convertible Preferred Stock in whole or in part (but in no event less than one share of the Mandatory Convertible Preferred Stock), into shares of Common Stock at the Minimum Conversion Rate of 6.6368 shares of Common Stock per share of Mandatory Convertible Preferred Stock as described in the Mandatory Convertible Preferred Stock Preliminary Prospectus Supplement. This Minimum Conversion Rate is subject to certain anti-dilution adjustments as described in the Mandatory Convertible Preferred Stock Preliminary Prospectus Supplement.</p>
<p>Conversion at the Option of the Holder Upon a Fundamental Change; Fundamental Change Dividend Make-Whole Amount:</p>	<p>If a Fundamental Change occurs on or prior to April 15, 2022, holders of the Mandatory Convertible Preferred Stock will have the option to convert their shares of Mandatory Convertible Preferred Stock, in whole or in part (but in no event less than one share of the Mandatory Convertible Preferred Stock), into Common Stock at the Fundamental Change Conversion Rate during the period (Fundamental Change Conversion Period) beginning on the effective date of such Fundamental Change and ending on, and including, the date that is 20 calendar days after the Effective Date of such Fundamental Change (or, if earlier, April 15, 2022). The Fundamental Change Conversion Rate will be determined based on the Effective Date of the Fundamental Change and the price paid or deemed paid per share of the Common Stock in such Fundamental Change.</p> <p>Holders who convert their Mandatory Convertible Preferred Stock within the Fundamental Change Conversion Period will also receive a Fundamental Change Dividend Make-Whole Amount, in cash, shares of Common Stock or any combination thereof, equal to the present value (computed using a discount rate of 4.75% per annum) of all remaining dividend payments on their shares of the Mandatory Convertible Preferred Stock (excluding any Accumulated Dividend Amount) from and after the relevant Effective Date to, but excluding, April 15, 2022, as described in the Mandatory Convertible Preferred Stock Preliminary Prospectus Supplement.</p>
<p>Fundamental Change Conversion Rate:</p>	<p>The Fundamental Change Conversion Rate will be determined by reference to the table below and is based on the Effective Date and the Stock Price. If the holders of Common Stock receive only cash in the Fundamental Change, the Stock Price shall be the cash amount paid per share of Common Stock. Otherwise, the Stock Price shall be the Average VWAP per share of Common Stock over the 10 consecutive Trading Day period ending on, and including, the Trading Day preceding the Effective Date.</p> <p>The Stock Prices set forth in the first row of the table (i.e., the column headers) of the table below will be adjusted as of any date on which the Fixed Conversion Rates of the Mandatory Convertible Preferred Stock are adjusted. The adjusted Stock Prices will equal the Stock Prices applicable immediately prior to such adjustment multiplied by a fraction,</p>

the numerator of which is the Minimum Conversion Rate immediately prior to the adjustment giving rise to the Stock Price adjustment and the denominator of which is the Minimum Conversion Rate as so adjusted, as described in the Mandatory Convertible Preferred Stock Preliminary Prospectus Supplement. Each of the Fundamental Change Conversion Rates in the table below will be subject to adjustment in the same manner as each Fixed Conversion Rate as described in the Mandatory Convertible Preferred Stock Preliminary Prospectus Supplement.

The following table sets forth the Fundamental Change Conversion Rate per share of the Mandatory Convertible Preferred Stock for each Stock Price and Effective Date set forth below.

Effective Date	Stock Price												
	\$50.00	\$65.00	\$80.00	\$95.00	\$110.00	\$123.00	\$135.00	\$150.68	\$180.00	\$200.00	\$225.00	\$275.00	\$325.00

The exact Stock Price and Effective Date may not be set forth in the table, in which case:

if the Stock Price is between two Stock Price amounts on the table or the Effective Date is between two Effective Dates on the table, the Fundamental Change Conversion Rate will be determined by straight-line interpolation between the Fundamental Change Conversion Rates set forth for the higher and lower Stock Price amounts and the earlier and later Effective Dates, as applicable, based on a 365- or 366-day year, as applicable;

if the Stock Price is in excess of \$400.00 per share (subject to adjustment in the same manner as the Stock Prices set forth in the first row of the table above), then the Fundamental Change Conversion Rate will be the Minimum Conversion Rate; and

if the Stock Price is less than \$50.00 per share (subject to adjustment as described above), then the Fundamental Change Conversion Rate will be the Maximum Conversion Rate.
