Advisory Resolution To Approve Executive Compensation (Proposal No. 3)

We are requesting that the stockholders approve, on an advisory basis, the compensation of the Named Executive Officers as disclosed in this Proxy Statement. The Board of Directors recommends a vote FOR Proposal No. 3 as it believes that the 2013 compensation decisions are consistent with key objectives of Kimco's executive compensation program: to promote long-term performance through emphasis on the individual performances and achievements of our executive officers, commensurate with our business results

and to successfully execute our strategy to be the premier owner and operator of neighborhood and community shopping centers through investments primarily in the U.S. and Canada. This proposal was supported by over 99% of the votes cast in 2013 and 2012. Please see the Compensation Discussion and Analysis, Summary Compensation Table and other tables and disclosures beginning on page 21 of this Proxy Statement for a full discussion of our executive compensation.

As used in this Proxy Statement, we, us, our, Kimco or the Company refers to Kimco Realty Corporation, a Maryland corporation.

This solicitation is made by the Company on behalf of the Board of Directors of the Company (the Board of Directors). Costs of this solicitation will be borne by the Company. Directors, officers, employees and agents of the Company and its affiliates may also solicit proxies by telephone, telegraph, fax, e-mail or personal interview. The Company will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to stockholders. The Company will pay fees of approximately \$9,500 to Alliance Advisors, L.L.C. for soliciting proxies for the Company.

Holders of our common stock, par value \$0.01 per share (Common Stock), at the close of business on March 7, 2014, the record date, may vote at the Meeting. Voting Instructions

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record. You must follow the instructions of the holder of record in order for your shares to be voted. Telephone and Internet proxy authorization also will be offered to stockholders owning shares through certain banks and brokers. If your shares are not registered in your own name and you plan to vote your shares in person at the Meeting, you should contact your broker or agent to obtain a legal proxy or broker's proxy card and bring it to the Meeting in order to vote.

If you authorize a proxy to vote your shares, the individuals named on the proxy card or authorized by you by telephone or Internet (your proxies) will vote your shares in the manner you indicate. If you sign and return the proxy card or authorized your proxies by telephone or Internet without indicating your instructions, your shares will be voted as follows:

FOR the election of all nominees for director (see Proposal 1); **FOR** the approval of an amendment to the Company's Charter to eliminate supermajority voting requirements (see Proposal 2); **FOR** the advisory resolution to approve the Company's executive compensation (see Proposal 3); **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting

firm for 2014 (see Proposal 4); and in the discretion of the proxy holder on any other matter that may properly come before the Meeting.

To be voted, proxies must be filed with the Secretary of the Company prior to the Meeting. Proxies may be revoked at any time before exercise at the Meeting (i) by filing a notice of such revocation with the Secretary of the Company, (ii) by filing a later-dated proxy with the Secretary of the Company or (iii) by voting in person at the Meeting. Dissenting stockholders will not have rights of appraisal with respect to any matter to be acted upon at the Meeting.

If you own shares through a broker or other nominee in street name, you may instruct your broker or other nominee as to how to vote your shares (at least ten days prior to the Meeting). A broker non-vote occurs when you fail to provide a broker or other nominee with voting instructions and a broker or other nominee does not have the discretionary authority to vote your shares on a particular matter because the matter is not a routine matter under the New York Stock Exchange (NYSE) rules. Broker non-votes and abstentions will be counted for purposes of calculating whether a quorum is present at the Meeting. The vote required for each proposal is listed below:

	Proposal	Vote Required	Broker Discretionary Voting Allowed
Proposal 1	Election of nine directors	Majority of the votes cast with respect to a nominee (see pages 9 through 12 for further detail)	No
Proposal 2	Amendment to the Company's Charter to eliminate supermajority voting requirements	Two-thirds of all the votes entitled to be cast on the Proposal	No
Proposal 3	Advisory resolution to approve of the Company's executive compensation	Majority of the votes cast on the Proposal	No
Proposal 4	Ratification of auditors for fiscal year 2014	Majority of the votes cast on the Proposal	Yes

With respect to Proposal 1, you may vote FOR all nominees, WITHHOLD your vote as to all nominees, or vote FOR all nominees except those specific nominees from whom you WITHHOLD your vote. A properly executed proxy marked WITHHOLD with respect to the election of one or more directors will not be voted with respect to the director or directors indicated. The nominees receiving the majority of votes cast will be elected as directors (*i.e.*, the number of shares voted for a director must exceed the number of votes withheld for that director).

With respect to Proposals 2, 3 and 4, you may vote FOR, AGAINST or ABSTAIN. If you ABSTAIN from voting on Proposal 2, the abstention will have the same effect as a vote AGAINST the Proposal. If you ABSTAIN from voting on Proposals 3 or 4, the abstention will have no effect because it will not be a vote cast.

THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS THAT YOU VOTE FOR EACH OF THE NOMINEES SET FORTH IN THIS PROXY STATEMENT.

General Information About the Board of Directors

Term of Office. All directors of the Company serve terms of one year and until the election and qualification of their respective successors.

Attendance at Board of Directors and Committee Meetings and 2013 Annual Meeting. The Board of Directors met 8 times in person or telephonically in 2013. Attendance at Board and Committee meetings during 2013 averaged over 97% for directors as a group, and no director attended fewer than 87% of the aggregate of the total meetings of the Board and of the Committees on which each director serves. All of the Directors were in attendance at the 2013 Annual Meeting of Stockholders held on April 30, 2013. Our director attendance policy is included in our Corporate Governance Guidelines, which are available on the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

Communications with Directors. The Audit Committee and the non-management directors welcome anyone who has a concern about the Company's conduct or policies, or any employee who has a concern about the Company's

Edgar Filing: KIMCO REALTY CORP - Form PRE 14A

accounting, internal accounting controls or auditing matters, to communicate that concern directly to the Board of Directors, the Lead Independent Director, the non-management directors or the Audit Committee. Such communications may be confidential or anonymous, and may be submitted in writing to the Board of Directors, the Lead Independent Director or the non-management directors by sending a letter by mail addressed to the Board of Directors, the Lead Independent Director or the non-management directors c/o Secretary of the Company, Kimco Realty Corporation, 3333 New Hyde Park Road, New Hyde Park, NY, 11042-0020. The Board of Directors has designated Richard G. Dooley as its Lead Independent Director to review these communications and present them to the entire Board of Directors or forward them to the appropriate directors. In addition, the Company maintains an Ethics Helpline, as further discussed in the Company's Code of Conduct, which allows employees to submit concerns anonymously via phone or the Internet.

Director Independence

Our Board of Directors has adopted a formal set of categorical independence standards for directors. These categorical standards specify the criteria by which the independence of our directors will be determined, including guidelines for directors and their immediate families with respect to past employment or affiliation with the Company or its independent registered public accounting firm. These categorical standards meet, and in some areas exceed, the listing standards of the NYSE. The Board of Directors categorical standards are available along with our Corporate Governance Guidelines on the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

In accordance with these categorical standards and the NYSE listing standards, the Board of Directors undertook its annual review of the independence of its directors on February 4, 2014. During this review, the Board of Directors considered transactions and relationships between each director or members of his or her immediate family and the Company. The Board of Directors also considered whether there were any transactions or relationships between directors or members of their immediate family (or any entity of which a director or an immediate family member is an executive officer, general partner or significant equity holder). The purpose of this review was to determine whether any such

relationships or transactions existed that were inconsistent with a determination that the director is independent.

As a result of this review, the Board of Directors affirmatively determined that the following nominees for director are independent of the Company and its management under the standards set forth in the categorical standards and the NYSE listing standards:

Philip E. Coviello
Joe Grills
Frank Lourenso
Richard Saltzman

Richard G. Dooley
F. Patrick Hughes
Colombe M. Nicholas

In making these determinations, the Board of Directors considered the relationships and transactions described under the caption "Certain Relationships and Related Transactions" beginning on page 43.

In addition, none of the directors' family members serves as an executive officer, as defined by Rule 3b-7 under the Securities Exchange Act of 1934, as amended ("executive officer") of the Company.

Corporate Governance

Board Leadership Structure. The Board of Directors has separated the roles of the Executive Chairman of the Board of Directors and the CEO in recognition of the differences between the two roles. The CEO is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company, while the Executive Chairman of the Board of Directors provides guidance to the CEO, establishes the agenda for Board of Directors meetings in consultation with the CEO and presides over meetings of the full Board of Directors. Because Mr. Cooper, the Executive Chairman, is an employee of the Company and is therefore not independent, the Board of Directors has appointed the Chairman of the Nominating and Corporate Governance Committee, Richard G. Dooley, as Lead Independent Director to preside at all executive sessions of non-management directors, as defined under the NYSE Listed Company Manual.

Stock Ownership Guidelines. The Board of Directors adopted revised stock ownership guidelines in July 2012 for non-employee directors and executive officers that require each non-employee director and executive officer to own shares of

our Common Stock. Under the guidelines, all current non-employee directors must own shares of our Common Stock with a value equal to five times the annual Board of Directors retainer. Executive officers must own shares of our Common Stock with a value equal to a certain multiple of his or her base salary. Our Executive Chairman must own shares of our Common Stock with a value equal to five times base salary, our CEO must own shares of our Common Stock with a value equal to five times base salary, our

Edgar Filing: KIMCO REALTY CORP - Form PRE 14A

Chief Operating Officer must own shares of our Common Stock with a value equal to three times base salary, and our Chief Financial Officer must own shares of our Common Stock with a value equal to two times base salary. Equity interests that count toward the satisfaction of the ownership guidelines include shares owned outright, shares jointly owned, restricted shares and shares held in a 401(k) retirement plan. Directors and executive officers have five years from the date they become a member of the Board of Directors or an executive officer to attain these ownership levels or until December 31, 2014 to meet the ownership levels, whichever is later. We believe that all of our directors and executive officers are currently in compliance with the stock ownership requirements.

Director Continuing Education. The Company maintains a formal program of continuing education for directors. In 2013, directors participated in customized Company-sponsored sessions on business-related topics, corporate governance matters, SEC rule changes, and other current topics such as cyber security, including issues applicable to particular committees of the Board of Directors. These sessions included detailed presentations on these matters and discussions on each of the covered topics.

Clawback Policy. The Company may seek repayment of cash and equity incentive compensation paid to named executive officers (NEOs) in the event of a material misstatement of the Company's financial results where an NEO engaged in actual fraud or willful unlawful misconduct that materially contributed to the need to restate. Where the Executive Compensation Committee of the Board of Directors determines that these circumstances exist, the Committee may direct the Company to recover the after-tax portion of the difference between the compensation actually paid or awarded and the compensation calculated using the restated financial statements, based upon the Committee's view of all relevant facts and circumstances and the best interests of the Company.

Risk Oversight. Our Board of Directors oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. Management is responsible for establishing our business strategy, identifying and assessing the related risks and establishing appropriate risk management practices. Our Board of Directors reviews our business strategy and management's assessment of the related risk, and discusses with management the appropriate level of risk for the Company.

Our Board of Directors administers its risk oversight function with respect to our operating risk as a whole, and meets with management at least quarterly to receive updates with respect to our operations, business strategies and the monitoring of related risks. The Board of Directors also delegates oversight to the Audit, Executive Compensation and Nominating and Corporate Governance Committees to oversee selected elements of risk:

- Our Audit Committee selects and engages our independent registered public accounting firm and oversees financial risk exposures, including monitoring the integrity of the financial statements, internal controls over financial reporting and the independence of the independent auditor of the Company. The Audit Committee receives a risk and internal controls assessment report from the Company's internal auditors on at least an annual basis and more frequently as appropriate. The Audit Committee also assists the Board of Directors in fulfilling its oversight responsibility with respect to compliance with legal and regulatory matters related to the Company's financial statements and meets quarterly with our financial management, independent auditors and legal advisors for updates on risks related to our financial reporting function. The Audit Committee also monitors our whistleblower hot line with respect to financial reporting matters. The Audit Committee also oversees financial, credit and liquidity risk by working with our treasury function to evaluate elements of financial and credit risk and advises on our financial strategy, capital structure and long-term liquidity needs, and the implementation of risk mitigating strategies. Individuals who supervise day-to-day risk in this area have direct access to the Board of Directors, and the Company's Chief Financial Officer meets regularly with our Audit Committee to discuss and advises on elements of risks related to our credit risk and function. The Audit Committee also oversees risk by working with management to adopt and reviewing annually a code of ethics designed to support the highest standards of business ethics.
- Our Executive Compensation Committee oversees risk management by participating in the creation of compensation structures that create incentives that support an appropriate level of risk-taking behavior consistent with the Company's business strategy.
- Our Nominating and Corporate Governance Committee oversees governance related risks by working with management to establish corporate governance guidelines applicable to the Company, including recommendations regarding director nominees, the determination of director independence, Board of Directors leadership structure and membership on Board of Directors Committees.

Our Board of Directors and Committees' risk oversight responsibilities are discussed further in Committees of the Board of Directors below.

Audit Committee. The Audit Committee currently consists of Mr. Hughes, who is Chair of the Audit Committee, and Messrs. Coviello, Dooley, Grills and Lourenso, all of whom are independent directors. Six meetings of the Audit Committee were held in person or telephonically during 2013. Messrs. Hughes, Coviello, Dooley, Grills and Lourenso are each an audit committee financial expert, as determined by the Board of Directors in accordance with Item 407(d)(5) of Regulation S-K, and Messrs. Hughes, Coviello, Dooley, Grills and Lourenso are independent from the Company as defined by the current listing standards of the NYSE.

The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities as related to the Company's risk management processes. The Board of Directors and Audit Committee oversee (i) the integrity of the Company's financial statements and financial reporting process and the Company's systems of internal accounting and financial controls; (ii) the performance of the internal audit function; (iii) the annual independent integrated audit of the Company's consolidated financial statements and internal control over financial reporting, the engagement of the independent registered public accounting firm and the evaluation of the independent registered public accounting firm's qualifications, independence and performance; (iv) policy standards and guidelines for risk assessment and risk management; (v) the Company's compliance with legal and regulatory requirements, including the Company's disclosure controls and procedures; and (vi) the fulfillment of the other responsibilities set out in the Audit Committee Charter, as adopted by the Board of Directors. The Audit Committee receives regular reports from management regarding the Company's assessment of risks. In addition, the Audit Committee reports regularly to the Board of Directors. The Board of Directors and Audit Committee focus on the Company's general

risk management strategy, and also ensure that risks undertaken by the Company are consistent with the business strategies approved by the Board of Directors. While the Board of Directors oversees the Company's risk management, management is responsible for the day-to-day risk management processes and reports directly to both the Board of Directors and Audit Committee on a regular basis and more frequently as appropriate. The Board of Directors believes this division of responsibilities is an effective approach for addressing the risks facing the Company.

The Audit Committee works with management to adopt and reviews annually a code of ethics designed to support the highest standards of business ethics. The Audit Committee operates under a written charter, as amended, adopted by the Board of Directors. A copy of the Audit Committee Charter, as amended, and the Company's Code of Business Conduct and Ethics (Code of Ethics) is available on the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

Executive Compensation Committee. The Executive Compensation Committee currently consists of Mr. Grills, who is Chair of the Executive Compensation Committee, and Messrs. Coviello, Dooley, Hughes, Lourenso and Saltzman and Ms. Nicholas, all of

whom are independent directors. The Board of Directors has established an Executive Compensation Committee to: (i) evaluate (in consultation with management or the Board of Directors) and recommend to the Board of Directors for approval the compensation plans, policies and programs of the Company, especially those regarding executive compensation; and (ii) determine and recommend to the Board of Directors for approval the compensation of the Chief Executive Officer and all other executive officers of the Company.

Continues on next page

More specifically, the Executive Compensation Committee annually reviews and approves corporate goals and objectives relevant to the total direct compensation of the CEO including changes in base salary, bonus payments and equity awards. For other NEOs, the Executive Compensation Committee reviews their performance against these goals and objectives and, based on its evaluation, approves their total direct compensation. The details of the processes and procedures involved are described in the Compensation Discussion and Analysis beginning on page 21.

Five meetings of the Executive Compensation Committee were held in person or telephonically during 2013. The Executive Compensation Committee operates under a written charter adopted by the Board of Directors. A copy of the Executive Compensation Committee Charter is on the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

The Board of Directors and Executive Compensation Committee, in consultation with management, have reviewed the design and operation of the Company's incentive compensation arrangements, including the performance objectives and target levels used in connection with incentive awards, and evaluated the relationship between the Company's risk management policies and practices and these arrangements. As a result of this review, management has determined, and the Board of Directors has affirmed management's determination, that the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company because they do not encourage the Company's employees to take excessive or unnecessary risks. The Executive Compensation Committee believes that the combination of the Company's (i) balanced approach to compensation, (ii) reliance on a variety of performance measures and (iii) use of both quantitative and qualitative assessments of performance reflected in the Company's compensation program is consistent with the Company's objectives and risk profile. Accordingly, the performance objectives in the Company's annual incentive compensation plan are balanced with those contained in the Company's long-term incentive compensation plan to ensure that both are aligned and consistent with the Company's long-term business plan. The Company's mix of equity-based awards has been allocated to ensure an appropriate combination of incentive and retention objectives, and the Company has established stock ownership guidelines to ensure that the interests of the Company's executive officers are aligned with the interests of the Company's stockholders.

In reaching its conclusion that the Company's compensation policies and practices do not encourage excessive and unnecessary risk taking, the Executive Compensation Committee considered several factors including salaries, bonuses and equity awards. The Company's benefits and retirement plans are not linked to performance. There is an annual performance-based bonus program for employees that

provides a discretionary award based on their respective level in the Company, individual performance and overall Company performance. While the Company's bonus program for its leasing personnel is tied to personal production for new lease deals and renewals, management is comfortable that this bonus opportunity fairly incentivizes leasing personnel without being excessive. In addition, executive bonuses and equity awards are based on certain performance measures (established by the Executive Compensation Committee and management) including, but not limited to, funds from operations, results from operations, contributions from real estate investment programs, other financial considerations, individual performance and enterprise-wide performance. The Company's long-term equity awards consist primarily of performance shares, restricted stock and stock options. These awards are intended to further link recipients' interests with stockholder interests. The Company's Executive Severance Plan with its NEOs and certain members of management provides severance protections. Since there are no performance-based aspects of these severance arrangements, and the Company generally retains the ability to terminate an executive for cause without triggering severance, the Executive Compensation Committee does not believe these agreements encourage excessive risk-taking. The Executive Compensation Committee believes that it is not overly reliant on any single measure of performance and assesses actual results against each performance measure as well as taking into account overall performance compared to targets. In addition to the quantitative performance measures, the Executive Compensation Committee also assesses the broader business environment and relative performance of the Company to evaluate individual performance. Finally, the Executive Compensation Committee considers changes in the business, industry and capital markets environment in determining compensation policies and practices.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee currently consists of Mr. Dooley, who is Chair of the Nominating and Corporate Governance Committee, and Messrs. Coviello, Grills, Hughes, Lourenso and Saltzman and Ms. Nicholas, all of whom are independent directors. The functions of the Nominating and Corporate Governance Committee include recommending candidates for annual election to the Board of Directors and filling vacancies on the Board of Directors that may arise from time-to-time and senior management succession. The Nominating and Corporate Governance Committee is not limited to any specific process in identifying candidates and will consider candidates suggested by other members of the Board of Directors, as well as candidates recommended by stockholders. Such recommendations should include the name and address and other pertinent information about the candidate as is required to be included in the Company's Proxy Statement. Recommendations should be submitted to the Secretary of the Company. In addition, the Nominating and Corporate Governance Committee is authorized to retain search firms and other consultants to assist it in identifying candidates and fulfilling other duties.

As described in the Company's Corporate Governance Guidelines, consideration is given to assuring that the Board of Directors, as a whole, considers diversity in its broadest sense, including persons diverse in geography, gender and ethnicity as well as representing diverse experiences, skills and backgrounds. We believe a diverse group can best perpetuate the success of the business and represent stockholder interests through the exercise of sound judgment. The Board of Directors and Nominating and Corporate Governance Committee take into account many factors in recommending candidates for a director position. These factors include, but are not limited to, the ability to make independent analytical inquiries; general understanding of marketing, finance, accounting and other elements relevant to the success of a publicly-traded company in today's business environment; understanding of the Company's business on a technical level; other board service and educational and professional background. In addition, each candidate nominee must possess fundamental qualities of intelligence, honesty, good judgment, high ethics and standards of integrity, fairness and responsibility. The Board of Directors and the Nominating and Corporate Governance Committee evaluate each individual candidate by considering all appropriate factors as a whole. The Company's approach favors active deliberation rather than using rigid formulas to assign relative weights to these factors. Following the end of each fiscal year, the Nominating and Corporate Governance Committee establishes the criteria for and conducts an annual assessment of the performance of the Board of Directors with respect to these factors. Consideration of other corporate governance principles or modifications of such principles may also be discussed at that time.

The Nominating and Corporate Governance Committee is also responsible for ensuring that the Company adheres to good corporate governance principles and for developing and implementing the Company's Corporate Governance Guidelines that apply to all of its directors and management. The Nominating and Corporate Governance Committee is also

charged with the task of ensuring the Company's compliance with all NYSE listing requirements. Four meetings of the Nominating and Corporate Governance Committee were held in person or telephonically during 2013. The Nominating and Corporate Governance Committee operates under a written charter adopted by the Board of Directors. Copies of the Nominating and Corporate Governance Committee charter and the Corporate Governance Guidelines, are available on the Company's website located at www.kimcorealty.com and are available in print to any stockholder who requests it.

The Nominating and Corporate Governance Committee is responsible for reviewing the leadership structure of the Board of Directors. As part of this review, the Committee evaluates (i) whether to have a Lead Independent Director, (ii) the responsibilities of the positions of Chairman of the Board of Directors and Lead Independent Director, and (iii) the qualifications for those positions, including whether the position of Chairman of the Board of Directors should be held by the CEO, an independent director, or a non-independent director other than the CEO. The Committee makes its recommendation to the full Board of Directors, which is responsible for approving the leadership structure of the Board of Directors. The Board of Directors has named Richard G. Dooley as its Lead Independent Director. In this capacity, Mr. Dooley is designated to chair executive sessions of the Company's Non-Management Directors and to act as a liaison between management and other independent directors.

Meetings of Non-Management Directors. The Non-Management Directors meet in executive session at each in-person Board of Directors meeting, and more frequently if necessary. Non-Management Directors are all those Directors who are not employees of the Company. The Non-Management Directors consist of Messrs. Coviello, Dooley, Grills, Hughes, Lourenso and Saltzman and Ms. Nicholas.

Compensation Discussion and Analysis

Introduction

We pay our NEOs using salary, annual incentive and equity awards. We seek to pay our NEOs in a way that encourages long-term increases in stockholder value and long-term employee retention. We also recognize that our NEO pay must compete with what comparable employers pay. For 2013, our NEOs were:

- Milton Cooper, Executive Chairman of the Board of Directors;
- David B. Henry, Vice Chairman of the Board of Directors, President and Chief Executive Officer;
- Michael V. Pappagallo, former Executive Vice President and Chief Operating Officer;
- Glenn G. Cohen, Executive Vice President, Chief Financial Officer and Treasurer; and
- Conor Flynn, Executive Vice President and Chief Operating Officer.

Our Board of Directors has an Executive Compensation Committee (the Committee) that administers and monitors what and how we pay our NEOs and other executives. The Committee held five meetings in person or by phone during 2013. The Committee is comprised of Joe Grills (Chairman), Philip Coviello, Richard Dooley, F. Patrick Hughes, Frank Lourenso, Colombe M. Nicholas and Richard Saltzman. We encourage feedback from our stockholders regarding our executive compensation program. In 2013, over 99% of the votes cast (*i.e.*, excluding abstentions and broker non-votes) in our Say-on-Pay advisory vote approved the proposal.

Our senior management team worked to strategically position Kimco for long-term performance by focusing their efforts on strengthening our portfolio, maintaining our capital and liquidity positions, and operating competitively. Our compensation decisions in 2013 emphasized rewarding corporate / financial performance and individual performances and achievements of our NEOs, commensurate with our business results, to successfully execute our strategy to be the premier owner and operator of neighborhood and community shopping centers through investments primarily in the U.S. and Canada.

Executive Compensation and Corporate Governance Highlights

Our compensation philosophy and corporate governance standards are designed to align executive compensation with long-term stockholder interests:

- We maintain a majority vote for the election of directors (uncontested elections). We are requesting our stockholders approve an amendment to the Company's Charter to eliminate supermajority voting requirements.
- The leadership structure of our Board of Directors consists of an Executive Chairman, a Vice Chairman (who is also our President and CEO), a Lead Independent Director, who is elected by the independent directors, and knowledgeable committee chairs with appropriate experience.
- The Committee's independent compensation consultant, Pay Governance LLC ("Pay Governance"), is retained directly by the Committee and performs no other services for management.
- The Committee conducts continuous reviews of our compensation strategy, including a review of our compensation-related risk profile so that our compensation-related policies and programs do not create risks that are reasonably likely to have a material adverse effect on the Company.
- A significant portion of our NEOs' pay is performance based. For example, 76% of the CEO's total compensation is linked directly to the Company's performance and 80% of annual long-term incentive opportunities for all NEOs are delivered in performance-based equity awards in the form of performance shares. In 2013, our annual long-term incentive opportunities for our NEOs were in the form of performance shares and restricted stock and starting in 2014, NEOs will only receive performance-based equity awards in the form of performance shares and restricted stock.
- We have stock ownership guidelines for our NEOs and directors. As of December 31, 2013, each of the NEOs and directors who were employed with us satisfied his or her individual stock ownership level. See "Corporate Governance - Stock Ownership Guidelines" on page 13 for more information.
- We maintain a formal program of continuing education for directors. In 2013, directors participated in customized Company-sponsored sessions on business-related topics, corporate governance matters, SEC rule changes, and other current topics such as cyber security, including issues applicable to particular committees of the Board of Directors.
- Our Board of Directors has a policy prohibiting our NEOs and members of the Board of Directors from engaging in any hedging transactions with respect to equity securities of the Company held by them, which includes the purchase of any financial instrument (including prepaid variable forward contracts, equity swaps, collars and exchange funds) designed to hedge or offset any decrease in the market value of such equity securities.
- The Company has a policy that limits the pledging of shares to 25% of the value of holdings above the stock ownership requirements for our NEOs and members of the Board of Directors effective December 31, 2014.
- The Company adopted a clawback policy as further described on page 14.

Edgar Filing: KIMCO REALTY CORP - Form PRE 14A

- Our NEOs receive no perquisites or other personal benefits, unless such benefits serve a necessary business purpose, such as the use of Company-provided vehicles and drivers. Additionally our NEOs receive other benefits, such as life insurance as well as other health and welfare programs that are provided to employees generally.
- We maintain an executive severance plan with a double trigger change in control arrangement that covers our NEOs and certain other members of the Company's senior management. The executive severance plan does not provide for any gross-up payments for Parachute Payment Taxes (as defined below).

Stockholder Say-on-Pay Votes

At our 2013 Annual Meeting of Stockholders, we provided our stockholders with the opportunity to cast an advisory vote on executive compensation, and in future years such advisory vote will occur annually. Over 99% of the votes cast (*i.e.*, excluding abstentions and broker non-votes) on this Say-on-Pay vote were voted in favor of the proposal. We have considered the results of the 2013 vote and believe the support of our stockholders for the vote proposal indicates that our stockholders are supportive of our approach to

executive compensation, including the ratio of performance-based compensation to all other compensation, the ratio of performance-based equity compensation to time-based equity compensation, and the integrity of our peer group. Thus we did not make changes to our executive compensation arrangements in response to the vote. In the future, we will continue to consider the outcome of our Say-on-Pay votes when making compensation decisions regarding our NEOs.

Elements of our Executive Compensation Program

Our executive compensation program provides pay-for-performance compensation that is aligned with the interests of our stockholders and is designed to continue to attract, retain and appropriately motivate our key employees who drive long-term value creation. The following graph shows the correlation between our net income, FFO, as adjusted, EBITDA, as adjusted, and FFO per share, as adjusted, and the total compensation we paid to our CEO during the last five fiscal years, based on the amounts reported in the summary compensation tables of our Proxy Statements for these years.

FFO, as adjusted, EBITDA, as adjusted, and leverage, calculated from debt to total assets, defined as consolidated debt plus JV pro rata share of debt divided by the total gross consolidated assets and JV share of pro rata gross assets, are the metrics used in our annual incentive program, ensuring that pay and performance, as measured in our executive compensation program, are aligned. See Annex A starting on page 52 for a reconciliation of net income to FFO, as adjusted and EBITDA, as adjusted.

* The Total Compensation column for FY2011 does not include Mr. Henry's unrestricted award of 75,000 shares of the Company's Common Stock which was awarded to Mr. Henry upon achieving his 10 year anniversary at the Company, pursuant to his original 2001 employment agreement.

Compensation Discussion and Analysis

The component parts of our executive compensation program are:

Compensation Component	Purpose/Key Characteristics
Base Salary	<ul style="list-style-type: none"> ● <u>Goal</u>: Provide fixed compensation giving a measure of certainty and predictability. ● Determined based on individual qualifications and experience, scope of responsibilities, future potential, the goals and objectives established for each NEO, past performance and the practices of the Company's peer group. ● Reviewed annually by the Board of Directors and the Committee and subject to change.
Performance-Based Annual Bonus	<ul style="list-style-type: none"> ● <u>Goal</u>: Motivate NEOs based on the Company's corporate / financial performance and the NEO's individual performance for the fiscal year. ● Targets are determined by the Committee and based on meeting an achievement level of 100% of the Company's corporate / financial performance (36% based on actual FFO, as adjusted compared to target FFO, as adjusted (Target FFO) for the fiscal year; 12% based on actual retail EBITDA, as adjusted compared to target retail EBITDA, as adjusted (Target EBITDA) for the fiscal year; and 12% based on actual leverage compared to target leverage (Target Leverage) for the fiscal year) and the NEO's individual performance targets (40%) against, among other factors, specific quantitative and qualitative goals as further discussed starting on page 28 for the fiscal year. ● Reviewed annually by the Committee and subject to change.
Performance Shares	<ul style="list-style-type: none"> ● <u>Goal</u>: Equity incentive for NEOs linked to Company's performance to encourage alignment with stockholders and long-term retention. ● Approximately 80% of the value of the annual equity incentive is awarded in the form of performance shares. ● Each performance share award provides for the grant of restricted shares in the year following the date the performance shares are awarded. ● Actual grant of restricted shares based on Company's total stockholder return in a performance year relative to NAREIT retail peers. ● If Company's total stockholder return for performance year is less than minimum target level, no restricted stock is granted with respect to the performance shares. ● If earned, the restricted shares attained vest ratably over three years.
Time-Vesting Stock Options and Restricted Stock	<ul style="list-style-type: none"> ● <u>Goal</u>: Equity incentive for NEOs encouraging alignment with the Company's stockholders and long-term retention. ● Approximately 20% of the value of the annual equity incentive is awarded in form of restricted stock or stock options. ● Restricted stock or stock options vest ratably over four years and stock options have a ten year term.

Consistent with our executive compensation program, the significant majority of the total compensation for our CEO, Mr. Henry, for 2013 was incentive-based, commensurate with business results, and at risk unless such business results were achieved, as illustrated below.

Base Salary

In determining our NEOs' base salaries, the Committee considered each NEO's scope of responsibilities, individual qualifications and experience, future potential, past performance and the practices of our peer group, without applying a quantitative formula. We did not seek a specific target within our peer group. Base salary increases, if any, are effective January 1 and are based upon the performance of each NEO as assessed and approved by the Board of Directors and Committee. No formulaic base salary increases are provided to the NEOs, and other forms of compensation are generally used to reward overall Company performance or exceptional performance of a particular NEO. Messrs. Cohen and Flynn received base salary increases for 2013 based on, among other factors, their quantitative and qualitative performance factors as discussed starting on page 28 and in the case of Mr. Flynn, based on his appointment as Chief Operating Officer in May 2013. Messrs. Cooper, Henry and Pappagallo received base salaries for 2013 that reflected no increase from their 2012 base salaries.

- Mr. Cooper received a base salary of \$750,000 in 2013.
- Mr. Henry received a base salary of \$800,000 in 2013.
- Mr. Pappagallo received a base salary of \$750,000 in 2013.*
- Mr. Cohen received a base salary of \$625,000 in 2013.
- Mr. Flynn received a base salary of \$575,000 in 2013.*

* Messrs. Pappagallo and Flynn received less than their specified base salaries, as Mr. Pappagallo resigned, and Mr. Flynn was appointed, as the Company's Executive Vice President, Chief Operating Officer effective May 20, 2013. See the compensation tables and footnotes to those tables starting on page 35 for additional details.

Annual Incentive Plan

Under our executive compensation program, each NEO is eligible to receive an annual cash bonus based on the Company's corporate / financial performance compared to targets and such NEO's individual performance against specific quantitative and qualitative goals as further discussed starting on page 28. For each NEO's annual bonus opportunity for 2013, 60% was based on the Company's corporate / financial performance for the performance year compared to targets as measured by the Company's (1) FFO, as adjusted for the performance year compared to Target FFO, (2) retail EBITDA, as adjusted compared to Target EBITDA and (3) leverage compared to Target Leverage, and 40% was based on individual NEO performance against specific quantitative and qualitative goals as discussed starting on page 28 and as evaluated by the Committee. The following table shows the percent of the Total Annual Target Bonus each NEO would receive based on achievement of threshold, target and maximum levels for corporate / financial performance and individual performance.

The table below shows the target bonus and the bonus actually earned in 2013 for each NEO. Mr. Pappagallo was not eligible to receive a bonus for 2013 because he did not remain employed by us for the entire year. In establishing the target bonuses, we considered the responsibilities of each NEO, Mr. Henry's recommendations, and the peer group practices discussed in Comparison to Competitive Market. The Committee awarded 2013 bonuses based on the following analysis of our corporate / financial performance and each NEO's individual performance:

- Corporate / Financial Performance. In 2013, the Company's Target FFO was \$1.31 on a diluted per share basis, Target EBITDA was \$945 million and Target Leverage was 45%. After the Committee considered the Company's actual 2013 FFO, as adjusted, retail EBITDA, as adjusted and leverage, the Committee's payout for the corporate financial incentive was based on an achievement of 101.5%, 100.2% and 100.9% of Target FFO, Target EBITDA and Target Leverage, respectively which resulted in a payout for the corporate financial incentive of 63.45% of each NEO's 2013 total target bonus.*
- Individual Performance. The Committee's evaluation of each NEO's individual performance against, among other factors, specific quantitative and qualitative goals is detailed below in Analysis of Each NEO's Compensation as further discussed starting on page 28. In general, in determining each NEO's target level, the Committee considered each

* The corporate financial incentive is calculated as follows: If the Company achieves its target level of 100% of each of the financial measures based upon the percentage weighting of 60% FFO, as adjusted, 20% retail EBITDA, as adjusted, and 20% leverage, then the base corporate financial incentive paid is 60% of the NEO's target bonus. In 2013, the Company achieved 101.5% of its Target FFO and 100.2% of its Target EBITDA and 100.9% of its Target Leverage resulting in each NEO being paid a corporate financial incentive of 60% (the base amount for achieving the target level of 100%) + 5.4% (the specific amount for achieving 101.5% of Target FFO and 100.2% of Target EBITDA and 100.9% of its Target Leverage for a total achievement of 105.75% of the 60% corporate / financial performance criteria), for a total corporate financial incentive payout of approximately 63.45% of each NEO's target bonus.

NEO's scope of responsibilities, individual qualifications and experience, performance in 2013 and the practices of our peer group, without applying a quantitative formula. In 2013, the Committee also considered the NEOs' efforts to successfully refocus the Company on its core assets and business amidst continuing economic challenges and

uncertainties. The Committee agreed to award each NEO individual performance bonuses of approximately 40% to 60% of each NEO's 2013 total target bonus.

- **Calculation of Total 2013 Bonus.** The bonuses actually received by each NEO are determined by adding the corporate / financial performance bonus and the individual performance bonus together. Thus, each NEO earned a total 2013 bonus of approximately 104% to 123% of the 2013 total target bonus.

2013 NEO Bonuses

	2013 Target Bonus	2013 Bonus Earned
Milton Cooper	\$800,000	\$852,297
David B. Henry	\$875,000	\$909,117
Glenn G. Cohen	\$475,000	\$511,388
Conor Flynn	\$350,000	\$432,075

Long-Term Incentive Plan

The Company maintains a long-term incentive plan pursuant to which the Company makes annual equity-based compensation awards to the NEOs. The target number of shares underlying the long-term incentive equity awards were established in February 2013 for the calendar year 2013. In establishing the equity awards, we considered the qualitative factors discussed in Analysis of Each NEO's Compensation, Mr. Henry's recommendations, and peer group practices discussed in Comparison to Competitive Market. We also used our business judgment to determine appropriate equity compensation to recognize the potential of our executive officers for our business and retain our executive officers for the long term.

Approximately 20% of the value of the equity awards are awarded in the form of time-vesting stock options (or, upon election of the NEO, time-vesting restricted stock). Mr. Flynn was awarded 5,400 options and 5,400 shares of restricted stock at the time he was appointed Executive Vice President and Chief Operating Officer. For 2013, the time-vesting awards were granted under the Company's 2010 Equity Participation Plan, as such plan may be amended from time to time (the "2010 Equity Participation Plan"). The actual time-vesting awards granted are set out in the "Grants of Plan-Based Awards for 2013" table below.

Approximately 80% of the value of the equity awards were awarded in the form of performance shares. The performance share awards were granted under the 2010 Equity Participation Plan. Each performance share award provides for the grant of restricted stock in the year following the year in which the performance shares are awarded based on the Company's total stockholder return in the performance year compared to the retail index peers (and if the Company's total stockholder return for the performance year is less than the minimum target level, no restricted stock is granted with respect to such performance shares) according to the following schedule:

Restricted Stock Awards Granted with Respect to Earned Performance Shares Based on Company's Total Stockholder Return

	Company's 1 Year Total Stockholder Return Percentile in Peer Group			
	<25%	25%	50%	≥75%
Restricted Stock Granted*	0%	50%	100%	150%

* Restricted stock is granted on a linear scale between the 25% and 75% performance percentile.

If the Company's relative total stockholder return in a performance year results in restricted stock being awarded with respect to such year, the restricted stock awards are subject to transfer restrictions and forfeiture conditions until such awards become vested.

New Long-Term Incentive 3-Year Performance Period

In early 2013, the Committee reviewed changing the performance period used to measure the Company's performance as related to long-term incentive awards from the current one-year period to a three-year period to better align the long-term incentive awards with competitive practices and stockholder interests and support the Committee's objectives of long-term value creation. In late 2013, the Committee decided to move toward a three-year performance period, including a transition period for performance shares granted based on 2014 and 2015 performance, with performance shares granted in 2016 to be subject to the full three-year performance period.

The following table shows the target performance share awards and the number of performance shares actually earned for 2013.

We calculate the amount of restricted stock to be received based on a ratio of the then approximate fair value of the options over the Common Stock trading price.

Analysis of Each NEO's Compensation

The Committee considers each of the NEO's quantitative and qualitative performance factors as a whole in determining each NEO's salary and the individual performance component of each NEO's annual bonus. Individual members of the Committee may give different weights to different factors. We also consider our CEO's evaluation of our individual executives' performance and his recommended set of compensation actions for all NEOs. The Committee uses its business judgment to determine appropriate compensation in order to recognize the contributions and potential of our executives.

Milton Cooper

Mr. Cooper serves as the Company's Executive Chairman of the Board of Directors and in 2013, earned total compensation as set forth in the Summary Compensation Table below.

For Mr. Cooper, the following individual performance factors were considered in determining his compensation:

- Promoted sustained excellence through communication, culture, organization and integration and demonstrated and promoted key company values of integrity, creativity and stability.

Edgar Filing: KIMCO REALTY CORP - Form PRE 14A

- Developed and directed an effective overall strategy to upgrade the Company's portfolio by aggressively selling 36 lower-quality properties and adding 32 high-quality assets, while maintaining a balanced and diversified portfolio.
- Developed disposition lists and helped formulate long-term target markets.
- Continued to reduce investments in non-retail and non-strategic centers. Non-retail assets were reduced to less than 0.5% of total assets.
- Partnered with Mr. Henry in closing dispositions from the Company's Latin America portfolio totaling in excess of \$1.1 billion.
- Supported continued efforts to build an independent underwriting, closing and due diligence team.
- Sourced a \$33 million acquisition opportunity in Elmsford, NY by working with the bankruptcy estate of a retailer.

Comparison to Competitive Market

We review competitive compensation data from a select group of peer companies and broader survey sources. However, we do not set our NEO pay as a direct function of market pay levels. Instead, we use market data to help confirm that our pay practices are reasonable. Using this data and NAREIT comparison data supplied by the Company, Pay Governance conducted survey data analysis and provided comment and analysis regarding our peer group. At the Committee's request, Pay Governance prepared an annual report summarizing the Company's peer group, market data and peer group methodology as well as Pay Governance's findings and recommendations. This report was discussed with the Committee in early 2013. As a primary reference, Pay Governance gathered proxy pay data for the following REITs with market capitalizations comparable to ours and with whom we compete for executive talent.

AvalonBay Communities Inc.
Boston Properties Inc.
Brookfield Properties Corp.
DDR Corp.
Duke Realty Corp.

The Committee considered the Pay Governance information as an input in its decision making process for determining our NEOs compensation. Pay Governance reported directly to the Committee and provided no other services besides executive compensation services to the Company.

The Committee considered whether Pay Governance's work providing information that the Committee uses when determining compensation for the Company's NEOs and other executive officers raises any conflicts of interest and determined that no conflicts of interest exist.

Compensation Discussion and Analysis

Additional Compensation Considerations

Long-Term Incentives Equity Awards. The exercise price of stock options granted to our NEOs is 100% of the market closing price of our stock on the date of the grant. As a general principle, we do not time grants in connection with the release of material non-public information.

Our NEOs are eligible to retire at the earlier of age 65 or 20 years of service to the Company and their equity awards (excluding retention or performance awards) would vest immediately upon retirement. Messrs. Cooper and Henry are currently eligible to retire from the Company. We do not maintain special pension plans for our NEOs because we believe this accelerated vesting offsets the lack of such plans. The Committee may accelerate equity vesting at its discretion.

We generally allow our employees (including our NEOs) who are eligible to receive over 7,500 stock options in a particular year to elect, in advance of the grant date, to receive up to 100% of the value of their equity award in the form of restricted stock. We allow these employees to elect to receive stock options or restricted stock in deference to each employee's personal preferences and circumstances. We calculate the amount of restricted stock to be received based on a ratio of the then approximate fair value of the options over the Common Stock trading price. Beginning August 6, 2008, restricted stock awards which were received through an election to receive restricted stock instead of a stock option grant vest ratably over four years. If an employee receiving restricted stock is terminated prior to vesting for reasons other than death, disability, retirement, without cause or change of control, the employee would not receive the unvested underlying stock. Prior to vesting, recipients of this restricted stock may vote the shares and also receive dividends.

Executive Severance Plan Double-Trigger Change in Control Severance Arrangement On March 15, 2010, the Executive Compensation Committee adopted the Kimco Realty Corporation Executive Severance Plan, as amended from time to time (the Severance Plan) pursuant to which our NEOs and certain other members of the Company's senior management, are eligible for severance payments if the covered executive's employment is terminated by the Company without Cause or, following a change in control, by the executive for Good Reason (each as defined in the Severance Plan), subject to the terms and conditions described in the Severance Plan. Upon a covered termination of employment, a participant will receive two times the sum of (a) the participant's annual base salary and (b) the amount of the participant's annual bonus received in the prior year, payable in equal installments over the two years following the termination or in a lump sum if the termination occurs within two years following a change in control. The participant will also receive eighteen months of continued participation in the Company's health insurance

plans or successor plans (running concurrently with the COBRA period) and accelerated vesting of all unvested stock options and restricted stock awards, but not performance share awards. In certain circumstances, if a participant would otherwise have incurred excise taxes under Section 4999 of the Internal Revenue Code (Parachute Payment Taxes), his or her payments will be reduced to the safe harbor amount, such that no such excise taxes would be due. The Severance Plan does not provide for any gross-up payments for Parachute Payment Taxes incurred by any participant.

Mr. Henry agreed, effective as of March 14, 2013, that the bonus component of his severance pursuant to the Executive Severance Plan shall be based on the average actual bonus he received in the three years immediately prior to the year in which the termination occurs. Mr. Cooper requested and the Company has agreed to cease his participation in the Company's Severance Plan effective March 14, 2013.

Retirement Plans. We maintain a 401(k) retirement plan (the 401(k) Plan) in which substantially all of employees, including our NEOs, are eligible to participate. The 401(k) Plan permits participants to defer up to a maximum of 100% of their eligible base salary compensation, up to the federal limit. The Company currently makes matching contributions on a dollar-for-dollar basis to all employees contributing to their 401(k) accounts and who have completed one year of employment with the Company, of up to 5% of the employee's base salary compensation (and subject to a maximum of \$8,500 for highly compensated employees). Participants in the 401(k) Plan are not subject to federal and state income tax on salary deferral contributions or Company contributions or on the earnings thereon until such amounts are withdrawn from the 401(k) Plan. Salary reduction contributions are treated as wages subject to FICA and Medicare tax. Withdrawals from the 401(k) Plan may only be made upon termination of employment, or in connection with certain provisions of the 401(k) Plan that permit hardship withdrawals, allow in-service distributions and loans, or require minimum distribution. The 401(k) Plan also includes a Roth 401(k) feature which enables participants to defer some or all of their 401(k) contributions on an after-tax rather than pre-tax basis, allowing for tax-free (federal and most state) distributions on both participant contributions and related earnings at retirement. Generally, participation in the Roth 401(k) allows for tax free

distributions if the Roth account has been in place for 5 years and the participant has attained age 59 ½. We do not maintain any other retirement plans for our NEOs or employees. The Company does not provide any pension benefits or any non-qualified deferred compensation to its NEOs or employees.

Tax and Accounting Considerations. The recognition or deferral of period expense in our financial statements did not factor into the allocation of compensation among base salary, bonus and equity awards. Cash salary and bonus are charged as an expense in the period in which the amounts are earned by the NEO. The value of equity awards are amortized ratably into expense over the vesting period, except for the value of equity awards granted to Mr. Cooper, which were expensed immediately in the periodic financial statements as of the grant date in accordance with FASB ASC 718, which requires immediately expensing options of employees eligible for retirement.

Section 162(m) of the Internal Revenue Code generally places a \$1 million annual limit on the amount of compensation paid to each of the Company's NEOs who were officers on the last day of the relevant taxable year other than its Chief Financial Officer that may be deducted by the Company for federal income tax purposes unless such compensation constitutes qualified performance-based compensation which is based on the achievement of pre-established performance goals set by a committee of the Board of Directors pursuant to an incentive plan that has been approved by the Company's stockholders. The 2010 Equity Participation Plan provides that certain awards made thereunder may, in the discretion of the plan administrator, be structured in a manner intended to qualify for the qualified performance-based compensation exception to the \$1 million annual deductibility limit of Section 162(m).

Other provisions of the Internal Revenue Code can also affect compensation decisions. Section 409A of the Internal Revenue Code, which governs the form and timing of payment of deferred compensation, imposes sanctions, including a 20% penalty and an interest penalty, on the recipient of deferred compensation that does not comply with Section 409A. The Committee takes into account the implications of Section 409A in determining the form and timing of compensation awarded to our executives and strives to structure any nonqualified deferred compensation plans or arrangements to be exempt from or to comply with the requirements of Section 409A.

Section 280G of the Internal Revenue Code disallows a company's tax deduction for payments received by certain individuals in connection with a change in control to the extent that the payments exceed an amount approximately three times their average annual compensation, and Section 4999 of the Internal Revenue Code imposes a 20% excise tax on those payments. The Committee takes into account the implications of Section 280G in determining potential payments to be made to our executives in connection with a change in control. Nevertheless, to the extent that certain payments upon a change in control are classified as excess parachute payments, such payments may not be deductible pursuant to Section 280G.

Perquisites. We do not treat our NEOs materially differently from our other senior employees with respect to perquisites. We provided the following perquisites to our NEOs in 2013:

- We provided Messrs. Cooper, Henry and Pappagallo with the use of a car and driver to travel for Company business. Other employees may use these cars for Company business when these cars are not in use by the above mentioned NEOs. Messrs. Cohen and Flynn received a car allowance in the amount of \$10,920 for the year 2013 and \$5,880 from May 2013 to December 2013, respectively. Beginning December 2013, the Company provided Mr. Flynn with the use of a car to conduct his duties as an executive officer of the Company. Each such NEO may use the car without a driver for personal use.
- We provide certain of our officers and senior executives (including all NEOs) a limited long-term care benefit of \$3,500 per month as part of a group policy. These individuals may elect to purchase additional long-term care insurance at their own cost.
- Our NEOs are entitled to participate in our other health and welfare plans on the same terms as other employees.

(1) Amounts reflect the compensation cost to the Company in 2013, 2012, and 2011 of the equity awards based on the aggregate grant date fair value recognized in accordance with the provision of Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 718. Fair value is determined, depending on the type of award, using the closing price on the date of grant or the Monte Carlo method, both of which are intended to estimate the fair value of the awards at the grant date. The assumptions used by the Company in calculating these amounts are incorporated herein by reference to Note 20 to Consolidated Financial Statements in the Company's 2013 Form 10-K. The maximum possible value of the 2013 performance shares on the date they were granted was as follows: \$1,828,764 for Mr. Cooper; \$2,044,350 for Mr. Henry; \$1,523,970 for Mr. Pappagallo; and \$1,486,800 for Mr. Cohen. The value of awards granted to the NEOs in 2013 is reflected on the 2013 Grants of Plan-Based Awards table below. Mr. Flynn did not receive any 2013 performance shares because Mr. Flynn was appointed Chief Operating Officer of the Company in May 2013.

(2) The Company provided Messrs. Cooper, Henry and Pappagallo with the use of a car and driver to travel for Company business. Other employees may use these cars for Company business when these cars are not in use by the above mentioned NEOs. Messrs. Cohen and Flynn received a car allowance in the amount of \$10,920 for the year 2013 and \$5,880 from May 2013 to December 2013, respectively. Beginning December 2013, the Company provided Mr. Flynn with the use of a car to conduct his duties as an executive officer of the Company. Each such NEO may use the car without a driver for personal use. The NEOs' drivers are employees who have additional responsibilities at the Company. In 2013, the Company calculated the cost of this perquisite by prorating the cost of each employee's base salary to reflect the amount of each employee's time used driving the NEOs. The Company also included the pro-rated value of the NEOs' cars in the cost of the perquisite. Accordingly, the aggregate incremental cost of this perquisite to the Company in 2013 for Messrs. Cooper, Henry, Pappagallo and Flynn was \$15,929, \$9,114, \$8,375 and \$1,593 respectively. The policy on the use of the cars for 2013, 2012, and 2011 is outlined below:

Edgar Filing: KIMCO REALTY CORP - Form PRE 14A

- the cars and drivers were available, when not in use by the foregoing executive officers, for other employees conducting Company business;
 - these services were also available under certain circumstances to third parties involved in Company business at the Company's New Hyde Park location;
 - the cars and drivers were used from time to time for deliveries and other transportation of documents or other materials; and
 - the cars were available to these officers with drivers for commuting and without drivers for personal use.
- (3) All Other Compensation consists of benefits paid by the Company on behalf of the employee. Each of Messrs. Cooper, Henry, Cohen and Flynn received medical/dental/vision benefits in the amount of \$20,859 while Mr. Pappagallo received medical/dental/vision benefits in the amount of \$8,691. In addition, Messrs. Cohen and Flynn received a vacation-time payout, consistent with the Company's benefits policy, in the amount of \$11,538 and \$6,442, respectively.
- (4) Mr. Flynn's salary was \$325,000 annualized from January 1, 2013 to May 19, 2013 and \$575,000 annualized for the remainder of the year.
- (5) Amounts reflect the compensation cost to the Company in 2013 of the equity awards based on the aggregate grant date fair value recognized in accordance with the provision of FASB ASC 718. The fair value of each award is estimated on the date of grant using the Black-Scholes option pricing formula. The assumptions used by the Company in calculating these amounts are incorporated herein by reference to Note 20 to Consolidated Financial Statements in the Company's 2013 Form 10-K. The value of awards granted to Mr. Flynn in 2013 is reflected on the 2013 Grants of Plan-Based Awards table below.

Employment Agreements

The Committee determined in 2010 to discontinue use of individual employment agreements with the Company's executive officers.

Potential Payments upon Termination or Change in Control

Please see Additional Compensation Considerations Executive Severance Plan Double-Trigger Change in Control Severance Arrangement above for a discussion of certain compensation and benefits which our NEOs would receive upon a termination or change in control. None of the NEOs have single trigger arrangements that entitle them to benefits solely due to a change in control. However, upon a change in control, our performance share awards would be evaluated based on a shortened performance period ending on the date

of the change in control, and any resulting restricted stock as well as any other unvested shares of restricted stock would, if not assumed in the change in control, automatically vest in full.

Mr. Pappagallo resigned his employment with the Company effective May 20, 2013. Mr. Pappagallo was not entitled to any severance payment or benefits in connection with his resignation.

Assumed Termination without Cause

The following table was prepared as though each of the NEOs had been terminated without Cause on December 31, 2013. The assumptions and valuations are noted in the footnotes to the table.

Name	Salary (\$) ⁽¹⁾	Bonus (\$) ⁽¹⁾⁽²⁾	Stock	Option	Health	Total (\$) ⁽⁶⁾
			Awards (\$) ⁽³⁾	Awards (\$) ⁽⁴⁾	Benefits (\$) ⁽⁵⁾

Conor Flynn	\$1,150,000	\$360,000	\$885,788	\$24,392	\$35,619	\$2,455,799

(1) In accordance with the Executive Severance Plan, all NEOs are entitled to 2 times their salary plus bonus upon a termination without Cause.

(2) In accordance with the Executive Severance Plan, 2012 (prior year) bonus amounts are used for the bonus component in this table.

- (3) In accordance with the Executive Severance Plan, all NEOs are entitled to full vesting of annual restricted stock awards, with the exception of performance and retention awards, upon a termination without Cause.
- (4) Under the Executive Severance Plan, a termination without Cause would result in acceleration of all stock options awards. Amount was determined by subtracting the option strike price from the market price of the stock on December 31, 2013 (\$19.75), multiplied by the number of shares for all unvested options as of December 31, 2013 that were in the money.
- (5) Amounts are based on the cost of coverage during 2013.
- (6) In certain circumstances, these amounts may be reduced so as to avoid any potential issues relating to Section 280G or excise taxes imposed under Section 4999 of the Internal Revenue Code. See Additional Compensation Considerations - Tax and Accounting Considerations.
- (7) Mr. Cooper requested and the Company has agreed to cease his participation in the Company's Severance Plan effective March 14, 2013. Mr. Cooper qualifies for Retirement under the terms of his equity award agreements. Accordingly, all of his equity awards, except performance and retention awards, would become fully vested upon the termination of his employment without Cause.
- (8) Mr. Henry's bonus is calculated as two times the average of the actual annual bonus paid to him for the three years immediately prior to the year in which the termination date occurs.

Equity Participation Plan

Description of Plan. The Company maintains the 2010 Equity Participation Plan for the benefit of its eligible employees, consultants, and directors.

The 2010 Equity Participation Plan authorizes the Executive Compensation Committee to provide equity and/or cash compensation, incentives and awards in the form of stock options, restricted stock, performance shares, dividend equivalents, stock payments, deferred stock, restricted stock units, stock appreciation rights (SARs), other stock-based awards and performance-based awards (which may be payable in either the form of cash or the Company's Common Stock) structured by the Executive Compensation Committee within parameters set forth in the 2010 Equity Participation Plan, for the purpose of providing the Company's officers, employees and consultants equity and/or cash compensation, incentives and rewards for superior performance. Key features of the 2010 Equity Participation Plan that reflect the Company's commitment to effective management of incentive compensation include:

- **No Repricing or Replacement of Options or Stock Appreciation Rights.** The 2010 Equity Participation Plan prohibits, without stockholder approval: (i) the amendment of options or SARs to reduce the exercise price and (ii) the replacement of an option or SAR with cash or any other award when the price per share of the option or SAR exceeds the fair market value of the underlying shares.
- **No In-the-Money Option or SAR Grants.** The 2010 Equity Participation Plan prohibits the grant of options or SARs with an exercise or base price less than the fair market value of the Company's Common Stock, generally the closing price of the Company's Common Stock, on the date of grant.
- **Section 162(m) Qualification.** The 2010 Equity Participation Plan is designed to allow awards made under the 2010 Equity Participation Plan, including incentive bonuses, to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code.
- **Independent Administration.** The Executive Compensation Committee, which consists of only independent directors, administers the 2010 Equity Participation Plan.

Certain Relationships and Related Transactions

The Company reviews all relationships and transactions in which the Company and our directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. Our current written policies and procedures for review, approval or ratification of relationships or transactions with related persons are set forth in our:

- Code of Ethics;
- Corporate Governance Guidelines;
- Nominating and Corporate Governance Committee Charter; and
- Audit Committee Charter.

Our Code of Ethics applies to all of our directors and employees. Review and approval of potential conflicts of interest involving our directors, executive officers or other principal officers may only be conducted by our Board of Directors. A copy of the Company's Code of Ethics is available through the Investors/Governance/Governance Documents section of the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

Our Corporate Governance Guidelines provide that the Nominating and Corporate Governance Committee will review annually the relationships that each director has with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company), in the course of making independence determinations under the Company's categorical independence standards for directors and the NYSE listing standards. Directors are expected to avoid any action, position or interest that conflicts with the interests of the Company or gives the appearance of a conflict. If an actual or potential conflict of interest develops, the director should immediately report the matter to the Chairman of the Board of Directors. Any significant conflict must be resolved or the director should resign. If a director has a personal interest in a matter before the Board of Directors, the director will disclose the interest to the Board of Directors, excuse himself or herself from discussion on the matter and not vote on the matter. The Corporate Governance Guidelines further provide that the Board of Directors is responsible for reviewing and, where appropriate, approving major changes in and determinations under the Company's Guidelines, Code of Ethics and other Company policies. The Guidelines also provide that the Board of Directors has the responsibility to ensure that the Company's business is conducted with the highest standards of ethical conduct and in conformity with applicable laws and regulations.

Our Nominating and Corporate Governance Committee Charter provides that the Committee will, at least annually, review the relationships that each director has with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company). In addition, the Company's legal staff, including its outside legal advisers, is primarily responsible for obtaining information through questionnaires and other procedures from the directors and executive officers with respect to related-person transactions and then determining whether the Company or a related person has a direct or indirect material interest in the transaction. As required under SEC rules, transactions that are determined to be directly or indirectly material to the Company or a related person are disclosed in the Company's Proxy Statement.

Pursuant to the Audit Committee charter and the Audit Committee's policy regarding related-person transactions, as recorded in its minutes, the Audit Committee reviews and approves or ratifies related-person transactions that are required to be disclosed as well as all other related-person transactions identified to the Audit Committee by management or the Company's internal audit function. In the course of its review and approval or ratification of a related-party transaction for which disclosure is required, the Audit Committee routinely considers: the nature of the related-person's interest in the transaction; the material terms of the transaction; the importance of the transaction to the related person and to the Company and the extent to which such transaction would impair the judgment of a director or executive officer to act in the best interest of the Company; and any other matters deemed appropriate by the Audit Committee. All related-party transactions described in this Proxy Statement have been reviewed in accordance with this policy.

in accordance with the provision of FASB ASC 718, (ii) matching contributions under the Company's 401(k) plan, (iii) bonuses, and (iv) various benefits.

Prohealth Realty Lease. Kimco Birchwood Jericho Office, LLC, a subsidiary of the Company, has a leasing arrangement with Prohealth Realty covering approximately 7,200 square feet of property located in Jericho, New York for which Prohealth paid \$270,996 to the Company during 2013. David Cooper, President and CEO of Prohealth, is a son of Milton Cooper, Executive Chairman of the Company. The Company determined that the leasing terms are consistent with fair market rental values and that the transaction, taken as a whole, is no less favorable to the Company than terms available to an unaffiliated third party under similar circumstances. We are currently discussing two other possible leasing transactions with Prohealth in the metropolitan New York area.

Consortium led by Cerberus Capital Management, L.P. The Company is an investor in a consortium led by Cerberus Capital Management, L.P. that acquired certain Albertsons stores from Albertsons, Inc. in 2006, and the remaining Albertsons stores, as well as the grocery banners of Jewel-Osco, Acme, Shaws and Star Markets, from SUPERVALU in 2013. On March 6, 2014, the consortium, including additional members, agreed to acquire all of the outstanding shares of Safeway Inc. on the terms and subject to the conditions set forth in a merger agreement among the parties to the proposed transaction. The Company expects to contribute up to \$90 million of new equity, together with its existing equity stake in the consortium investments, and expects to hold a 9.9% ownership interest in the combined

companies. Separate and apart from the Company, Colony Financial, Inc. (NYSE: CLNY) or one or more of its affiliated entities has agreed to participate in the consortium by contributing up to \$100 million as an investor in the Safeway transaction, which is expected to represent a 4.3% interest in the combined companies. Richard B. Saltzman, a member of the Board of Directors of the Company, is the chief executive officer, president and a director of Colony Financial, Inc.

Transactions with Ripco Real Estate Corporation. Ripco Real Estate Corp. (Ripco) business activities include serving as a leasing agent and representative for national and regional retailers including Target, Best Buy, Kohl's and others, providing real estate brokerage services and principal real estate investing. Todd Cooper, an officer and 50% stockholder of Ripco, is a son of Milton Cooper. During 2013, the Company paid brokerage commissions of \$570,672 to Ripco for services rendered primarily as leasing agent for various national tenants in shopping center properties owned by the Company. The Company believes that the brokerage commissions paid were at or below the customary rates for such leasing services.

During 2013, the Company's sole remaining joint venture investment with Ripco sold its only operating property for a sales price of \$3.5 million, which was encumbered by a \$2.8 million loan, which was guaranteed by the Company. As a result of this transaction, the loan was fully repaid, the Company was relieved of the corresponding loan guarantee and, as of December 31, 2013, the Company no longer held any joint venture investments with Ripco.

Frank Lourenso was appointed to the Audit Committee on February 3, 2014 and is independent as defined under the current listing standards of the NYSE. The Audit Committee operates under a written charter adopted by the Board of Directors of the *Company* (the *Board of Directors*). A copy of the Audit Committee Charter, as amended, is available on the *Company*'s website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

Management of the *Company* is responsible for the *Company*'s system of internal control and its financial reporting process. The independent registered public accountants, PricewaterhouseCoopers LLP, are responsible for performing an independent integrated audit of the *Company*'s consolidated financial statements and its internal controls over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States) and to issue a report thereon. The Audit Committee is responsible for the monitoring and oversight of these processes.

In connection with these responsibilities, the Audit Committee met with management and the *Company*'s independent registered public accounting firm to review and discuss the December 31, 2013 audited consolidated financial statements and the effectiveness of the *Company*'s internal controls over financial reporting. The foregoing report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, (the *Securities Act*) or the Securities Exchange Act of 1934, as amended, (the *Exchange Act*) except to the extent that the *Company* specifically incorporates this information by reference, and shall not otherwise be deemed filed under the Securities Act or the Exchange Act.

We propose to add a new Section E to Article IV of the Charter, which reads:

E. Extraordinary Actions. Notwithstanding any provision of law permitting or requiring any action to be taken or approved by the affirmative vote of stockholders entitled to cast a greater number of votes, any such action shall be effective and valid only if declared advisable by the Board of Directors and taken or approved by the affirmative vote of stockholders entitled to cast a majority of all the votes entitled to be cast on the matter.

Under Maryland law, a Maryland corporation generally cannot dissolve, amend its charter, merge, sell all or substantially all of its assets, engage in a statutory share exchange or engage in similar transactions outside the ordinary course of business unless approved by the affirmative vote of stockholders entitled to cast at least two-thirds of the votes entitled to be cast on

the matter unless a lesser percentage (but not less than a majority of all of the votes entitled to be cast on the matter) is set forth in the corporation's charter. This proposal, if approved, would reduce the vote required for the foregoing matters from two-thirds of the votes entitled to be cast to a majority of the votes entitled to be cast.

We recommend stockholders approve this amendment because doing so will allow the Company, with the affirmative vote of stockholders entitled to cast a majority of all the votes entitled to be cast, to amend the Charter, merge, sell of all or substantially all of the assets of the Company, engage in a statutory share exchange or engage in similar transactions outside the ordinary course of business. As part of the Company's general review of its governance provisions, the Board of Directors determined that it is in the Company's best interests to eliminate the supermajority vote requirement from the Charter.

VOTE REQUIRED

The approval of the Charter amendment to eliminate supermajority voting requirements requires the affirmative vote of two-thirds of the votes entitled to be cast on the matter. For purposes of this vote, abstentions and broker non-votes will have the same effect as votes cast against the Charter amendment.

**THE BOARD OF DIRECTORS UNANIMOUSLY
RECOMMENDS A VOTE FOR THIS PROPOSAL.**

ANNEX A

We calculate funds from operations (FFO) (a non-GAAP financial measure within the meaning of the rules of the SEC) from net income available to the Company's common stockholders, as shown on our Consolidated Statements of Operations, excluding (i) gains from sales of depreciated property, (ii) impairments of depreciable real estate and (iii) impairments of non-consolidated entities that are in-substance real estate investments, plus depreciation and amortization, after adjustments for unconsolidated partnerships and joint ventures and adjustments for unrealized remeasurement of derivative instruments. We present FFO as adjusted as an additional supplemental measure as we believe it is more reflective of the Company's core operating performance. We believe FFO as adjusted provides investors and analysts an additional measure in comparing the Company's performance across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our core operating performance. We calculate FFO, as adjusted, (a non-GAAP financial measure within the meaning of the rules of the SEC) starting with the calculation of FFO as described in the previous sentence and excluding the effects of certain transactional income and expenses and non-operating impairments. We believe that FFO and FFO, as adjusted, are important metrics in determining the success of our business as a real estate owner and operator. See the reconciliations to the applicable GAAP measure below.

We calculate EBITDA (a non-GAAP financial measure within the meaning of the rules of the SEC) which is defined as earnings before (i) interest, (ii) taxes, (iii) gains from sales of depreciated property, (iv) impairments of depreciable real estate, (v) impairments of non-consolidated entities that are in-substance real estate investments, (vi) remeasurement adjustment of derivative instruments and (vii) depreciation and amortization. We calculate Retail EBITDA, as adjusted, (a non-GAAP financial measure within the meaning of the rules of the SEC) starting with EBITDA as described in the previous sentence and excluding the effects of non-operating impairments, certain transactional income and expenses and non-retail EBITDA.
