OUTSTANDING VOTING SECURITIES AND VOTE REQUIRED

Each share of Common Stock, Series A Preferred Stock, and Series B Preferred Stock entitles the holder thereof to one vote on each matter properly brought before the 2011 Annual Meeting. DIRECTORS OF THE COMPANY

According to our Certificate of Incorporation, the Board of Directors is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of Directors, and each class has a three-year term. Vacancies on the Board may be filled only by persons elected by a majority of the remaining Directors. A Director elected by the Board to fill a vacancy in a class shall serve for the remainder of the full term of that class, and until the Director's successor is elected and qualified. This includes vacancies created by an increase in the number of Directors.

The Board currently has three members, Mr. Per Bystedt, Mr. John Reardon, and Mr. Thomas Eriksson. Mr. Bystedt and Mr. Eriksson were both re-elected as Directors on December 11, 2009 for a three-year term expiring at the 2012 Annual Meeting of Stockholders of the Company. Mr. Reardon was re-elected as a Director at the 2010 Annual Meeting of Stockholders of the Company for a three-year term expiring at the 2013 Annual Meeting of Stockholders.

No Directors are being elected at the 2011 Annual Meeting.

As of the date of this Information Statement, there are no material proceedings to which any Director or executive officer of the Company, or any associate thereof, is a party which is adverse to or has a material interest adverse to the Company or any of its subsidiaries.

The following is a brief biography of each continuing Director:

STRUCTURE AND PRACTICES OF THE BOARD OF DIRECTORS

Corporate Structure

The Company provides optical infrared touchscreen solutions for handheld and small to mid-sized consumer and industrial electronic devices. The Company licenses its touchscreen technology to Original Equipment Manufacturers ("OEMs") and Original Design Manufacturers ("ODMs") who imbed the Company's touchscreen technology into electronic devices that they develop and sell. The cornerstone of the Company's solution is zForce®, the Company's innovative optical infrared touchscreen technology that offers a number of benefits compared to other touch screen technologies currently on the market, including lower cost and more functional alternatives. zForce® also consumes less power than the Company's competitor's solutions, is able to function in a wide temperature range, requires no screen overlay, and thus offers a much clearer picture while at the same time accommodating multi-touch functionality. zForce® combines full finger touch capabilities and high resolution pen support in the same solution.

The Company's Common Stock trades on the Over-the-Counter Bulletin Board under the symbol "NEON.OB."

The Company has one subsidiary, Neonode Technologies AB, in Sweden. The Swedish subsidiary was established to accelerate the research and development of the Company's proprietary technology and solutions.

Board Leadership Structure

The Company has chosen to separate the principal executive officer and Board chairman positions. The Company believes that following the expansion of the Company's activities in the last year, having two individuals serve in these positions is the most appropriate for the Company. Now that the Company is actively marketing and licensing its technology and entering into license agreements with customers, having one individual being responsible for the operational aspects of the Company's business and a second individual being responsible for the strategic aspects of the Company's business is more efficient than having both responsibilities in the hands of one person. By disassociating and clarifying the roles of the Company's principal executive officer and the Board chairman, the Company believes that it has created clearer responsibility and accountability at the top of the Company.

Corporate Governance Guidelines

The Company adopted the Neonode, Inc. Code of Business Conduct that applies to all officers, Directors and employees. All of the Company's employees must carry out their duties in accordance with the policies set forth in the Code of Business Conduct and with applicable laws and regulations. The Code of Business Conduct contains a separate Code of Ethics that applies specifically to the Company's Chief Executive Officer and senior financial officers. The Code of Business Conduct and Code of Ethics is available on our website at http://www.neonode.com/Documents/investor/business_code_of_conduct.pdf.

The Board has adopted a written Audit Committee Charter that is available on the Company's website at http://www.neonode.com/Documents/investor/audit_committee_charter.pdf.

The Board has adopted a written Compensation Committee Charter that is available on the Company's website at http://www.neonode.com/Documents/investor/compensation_committee_charter.pdf.

The Board has adopted a written Nominating and Governance Committee Charter that is available on the Company's website at http://www.neonode.com/Documents/investor/nominating_and_governance_committee_charter.pdf.

Board Committees

The Board has three committees: an Audit Committee, a Compensation Committee, and a Nominating and Governance Committee. John Reardon, Per Bystedt and Thomas Eriksson are the members of each committee. During the Company's 2010 fiscal year, the Audit Committee met four times, the Compensation Committee met twice, and the Nominating and Governance Committee met twice. All of the Directors attended at least 75% of the meetings of each committee.

Below is a description of each committee of the Board. Each of the committees has authority to engage legal counsel or other experts or consultants, as it deems appropriate to carry out its responsibilities. The Board has determined that only John Reardon meets the applicable rules and regulations regarding "independence" and is free of any relationship that would interfere with his individual exercise of independent judgment with regard to the Company.

Audit Committee. John Reardon is Chairman of the Audit Committee. The members of the Audit Committee are John Reardon, Per Bystedt and Thomas Eriksson. The Audit Committee of the Board, which was established in accordance with Section 3(a)(58)(A) of the Exchange Act, oversees the Company's corporate accounting and financial reporting process. For this purpose, the Audit Committee performs several functions, including the following:

- determining whether to retain or terminate the existing independent registered public accounting firm or to appoint and engage a new independent registered public accounting firm;
- reviewing and approving the retention of the independent registered public accounting firm to perform any proposed permissible non-audit services;
- monitoring the rotation of partners of the independent registered public accounting firm on the Company's audit engagement team as required by law;
- conferring with management and the independent registered public accounting firm regarding the effectiveness of internal controls over financial reporting;
- establishing procedures, as required under applicable law, for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or

- auditing matters;
- reviewing the financial statements to be included in the Company's Annual Report on Form 10-K; and
- discussing with management and the independent registered public accounting firm the results of the annual audit and the results of the Company's quarterly financial statements.

The Board annually reviews the SEC standards and definition of independence for Audit Committee members and has determined that a majority of members of the Company's Audit Committee are not independent. The Company does not have an "audit committee financial expert", as defined in the rules of the Securities and Exchange Commission, serving on the Audit Committee because the Board believes that the background and financial sophistication of its members are sufficient to fulfill the duties of the Audit Committee.

Compensation Committee. John Reardon is Chairman of the Compensation Committee. The members of the Compensation Committee are John Reardon, Per Bystedt and Thomas Eriksson. The Compensation Committee of the Board reviews and approves the overall compensation strategy and policies for the Company. The Compensation Committee's functions include the following:

- reviewing and approving corporate performance goals and objectives relevant to the compensation of the Company's executive officers and other senior management;
- reviewing and approving the compensation and other terms of employment of the Company's Chief Executive Officer;
- reviewing and approving the compensation and other terms of employment of the other executive officers; and
- administering and reviewing the Company's stock option and purchase plans, pension and profit sharing plans, stock bonus plans, deferred compensation plans and other similar programs.

A majority of the members of the Compensation Committee are not independent.

The Compensation Committee conducts an annual performance and compensation review for each of our executive officers and determines salary adjustments and bonus and equity awards at one or more meetings generally held during the last quarter of the year. In addition, the Compensation Committee considers matters related to individual compensation, such as compensation for new executive hires, as well as various compensation policy issues throughout the year. For executives other than the Chief Executive Officer, the Compensation Committee receives and considers performance evaluations and compensation recommendations submitted to the Committee by the Chief Executive Officer. In the case of the Chief Executive Officer, the evaluation of his performance is conducted by the Compensation Committee, which determines any adjustments to his compensation as well as awards to be granted. The agenda for meetings of the Compensation Committee is usually determined by its Chairman with the assistance of the Company's Chief Executive Officer and Chief Financial Officer. Compensation Committee meetings are regularly attended by the Chief Executive Officer and Chief Financial Officer.

The Committee approves routine on-hire option grants to employees of the Company, subject to specific limitations. For these grants, the exercise price must be equal to the closing price on the Over the Counter Bulletin Board of the Company's Common Stock on the date of grant.

Nominating and Governance Committee. John Reardon is Chairman of the Nominating and Governance Committee. The members of the Nominating and Governance Committee are John Reardon, Per Bystedt and Thomas Eriksson. The Nominating and Governance Committee of the Board is responsible for identifying, reviewing and evaluating candidates to serve as Directors of the Company, consistent with criteria approved by the Board. The Nominating and Governance duties include the following:

- reviewing and evaluating incumbent Directors;
- recommending candidates to the Board for election to the Board; and
- making recommendations to the Board regarding the membership of the committees of the Board.

A majority of the members of the Nominating and Governance Committee are not independent.

The Nominating and Governance Committee believes that candidates for Director should have certain minimum qualifications, including being able to read and understand basic financial statements, being over 21 years of age and having the highest personal integrity and ethics. The Nominating and Governance Committee also intends to consider such factors as possessing relevant expertise upon which to be able to offer advice and guidance to management, having sufficient time to devote to the affairs of the Company, demonstrated excellence in his or her field, having the

ability to exercise sound business judgment and having the commitment to rigorously represent the long-term interests of the Company's stockholders. However, the Nominating and Governance Committee retains the right to modify these qualifications from time to time. Candidates for Director nominees are reviewed in the context of the current composition of the Board, the operating requirements of the Company and the long-term interests of stockholders. In conducting this assessment, the committee considers diversity, age, skills, and such other factors as it deems appropriate, given the current needs of the Board and the Company, to maintain a balance of knowledge, experience and capability.

In the case of incumbent Directors whose terms of office are set to expire, the Nominating and Governance Committee reviews such Directors' overall service to the Company during their term, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair such Directors' independence.

In the case of new Director candidates, the Nominating and Governance Committee also determines whether the nominee must be independent pursuant to applicable SEC rules and regulations and the advice of counsel, if necessary. The Nominating and Governance Committee then uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Nominating and Governance Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. The Nominating and Governance Committee meets to discuss and consider such candidates' qualifications and then selects a nominee for recommendation to the Board by majority vote. To date, the Nominating and Governance Committee has not paid a fee to any third party to assist in the process of identifying or evaluating Director candidates. To date, the Nominating and Governance Committee has not received any Director nominations from stockholders of the Company.

The Nominating and Governance Committee will consider Director candidates recommended by stockholders. The Nominating and Governance Committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether the candidate was recommended by a stockholder or not. Stockholders who wish to recommend individuals for consideration by the Nominating and Governance Committee to become nominees for election to the Board may do so by delivering a written recommendation to the Nominating and Governance Committee at the following address: Neonode, Inc., Linnegatan 89, 11523 Stockholm, Sweden, at least six months prior to any meeting at which Directors are to be elected. Submissions must include the full name of the proposed nominee, a description of the proposed nominee's business experience for at least the previous five years, complete biographical information, a description of the proposed nominee's qualifications as a Director, and a representation that the nominating stockholder is a beneficial or record owner of the Company's stock. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a Director if elected.

Meetings of the Board

The Board met four times during the Company's 2010 fiscal year. Each Director attended 75% or more of the meetings of the Board and of the committees on which he served, held during the period for which he was a Director or committee member, respectively. In addition, in 2010 the Company's independent Directors met in regularly scheduled executive sessions at which only independent Directors were present.

All of the Board members attended last year's annual meeting, either in person or telephonically.

Communication with the Board

Stockholders, or anyone else wishing to contact the Board directly, may send a written communication to David W. Brunton, Chief Financial Officer, 2700 Augustine Dr, Suite 100, Santa Clara, Ca 95054, USA. Mr. Brunton will forward such correspondence only to the intended recipients, whether the entire Board or only an individual Board member. However, prior to forwarding any correspondence, Mr. Brunton will review such correspondence and, in his discretion, may not forward certain items if they are deemed to be of a commercial nature or sent in bad faith.

Independence of the Board of Directors

A majority of the members of the Board of a company listed on a national exchange must qualify as “independent,” as affirmatively determined by the Board of Directors. Since the Company is not listed on a national exchange, it is not required to comply with these “independence” requirements. At present, the sole independent member of the Board of Directors is John Reardon.

Board's Role in Risk Oversight

The Board assesses on an ongoing basis the risks faced by the Company. These risks include financial, technological, competitive, and operational risks. The Board dedicates time at each of its meetings to review and consider the relevant risks faced by the Company at that time. In addition, the Audit Committee of the Board is responsible for the assessment and oversight of the Company's financial risk exposures.

Directors' Fees

For calendar year 2010, John Reardon, the Company's only non-employee director, received fees for serving as a member of the Board of Directors. Neither Per Bystedt nor Thomas Eriksson received any fees for serving on the Board. For the period January 1, 2010 through June 30, 2010, John Reardon, the Company's only non-employee director, received an annual retainer of \$12,000, payable monthly in arrears, pro rata for six months. For the period from July 1, 2010 through June 30, 2011, the annual retainer for each non-employee director of the Company was increased to \$24,000 per calendar year. Beginning July 1, 2011, the annual retainer for each independent, non-employee director of the Company was increased to \$48,000, payable monthly in arrears. Directors are not entitled to receive a per-meeting fee. The members of the Board are also eligible for reimbursement for their expenses incurred in attending Board meetings in accordance with Company policy.

Effective January 2, 2008, on January 2 of each year (or the next business day if that date is a legal holiday), each non-employee director is entitled to an additional option to purchase 1,600 shares of common stock of the Company. However, the Company did not grant the non-employee directors any stock options on January 2, 2009, January 2, 2010, or January 2, 2011. The exercise price of options granted is 100% of the fair market value of the common stock subject to the option on the date of the option grant. Options granted to Directors may not be exercised until the date upon which the optionee (or the affiliate of the optionee) has provided one year of continuous service as a non-employee director following the date of grant of such option, at which point 100% of the option becomes exercisable. The options will fully vest upon a change of control, unless the acquiring company assumes the options or substitutes similar options. The term of options granted is 10 years.

As of September 30, 2011, no options granted to Directors had been exercised.
