ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission, or the SEC, using a “shelf” registration process. Under this shelf registration process, we may, from time to time, offer or sell shares of our common stock in one or more offerings up to a total amount of \$75,000,000.

This prospectus provides you with a general description of the common stock we may offer. Each time we sell common stock, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may add, update or change the information contained or incorporated in this prospectus.

The prospectus supplement to be attached to the front of this prospectus may describe, as applicable: the terms of the common stock offered; the initial public offering price; the price paid for the common stock; net proceeds; and the other specific terms related to the offering of the common stock.

The prospectus supplement will supersede this prospectus to the extent it contains information that is different from, or that conflicts with, the information contained or incorporated in this prospectus. We may also authorize one or more free writing prospectuses to be provided to you that may contain material information relating to these offerings. You should read and consider all information contained in this prospectus and any accompanying prospectus supplement (and any related free writing prospectus that we may authorize to be provided to you) in making your investment decision. You should also read and consider the information contained in the documents identified under the heading “Incorporation of Certain Information by Reference” and “Where You Can Find More Information” in this prospectus.

This prospectus does not contain all of the information included in the registration statement. For a more complete understanding of the offering of the common stock, you should refer to the registration statement, including its exhibits.

This prospectus contains summaries of certain provisions contained in some of the documents described herein, but reference is made to the actual documents for complete information. All of the summaries are qualified in their entirety by the actual documents. Copies of some of the documents referred to herein have been filed, will be filed or will be incorporated by reference as exhibits to the registration statement of which this prospectus is a part, and you may obtain copies of those documents as described below under the headings “Incorporation of Certain Information by Reference” and “Where You Can Find More Information.”

You should rely only on the information contained or incorporated by reference in this prospectus and any prospectus supplement or issuer free writing prospectus relating to a particular offering. You should not assume that the information in this prospectus, any prospectus supplement or any document incorporated or deemed to be incorporated by reference in this prospectus is accurate as of any date other than the date of that document.

If you are in a jurisdiction where offers to sell, or solicitations of offers to purchase, the common stock offered by this document are unlawful, or if you are a person to whom it is unlawful to direct these types of activities, then the offer presented in this prospectus does not extend to you.

Unless otherwise indicated or the context otherwise requires, the terms “we,” “us,” “our,” the “Company,” “Good Times” and similar terms refer to Good Times Restaurants Inc., a Nevada corporation, and its consolidated subsidiaries, including

Good Times Drive-Thru Inc. (“Drive Thru”) and BD of Colorado LLC (“BD of Colo”). Both of Drive Thru and BD of Colo are wholly-owned subsidiaries of Good Times Restaurants Inc. Unless otherwise indicated or the context otherwise requires, financial and operating data in this prospectus reflect the consolidated business and operations of Good Times Restaurants Inc. and Drive Thru.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and any accompanying prospectus supplement may include “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and such statements are subject to the safe harbors created thereby. A forward-looking statement is neither a prediction nor a guarantee of future events. We try, whenever possible, to identify these forward-looking statements by using words such as “anticipate,” “assume,” “believe,” “estimate,” “expect,” “intend,” “plan,” “project,” “may,” “will,” “would,” and similar expressions. Forward-looking statements related to, among other things:

- business objectives and strategic plans;
- operating strategies;
- our ability to open and operate additional restaurants profitably and the timing of such openings;
 - restaurant and franchise acquisitions;
 - anticipated price increases;
- expected future revenues and earnings, comparable and non-comparable restaurant sales, results of operations, and future restaurant growth (both company-owned and franchised);
- estimated costs of opening and operating new restaurants, including general and administrative, marketing, franchise development and restaurant operating costs;
- anticipated selling, general and administrative expenses and restaurant operating costs, including commodity prices, labor and energy costs;
 - future capital expenditures;
- our expectation that we will have adequate cash from operations and credit facility borrowings to meet all future debt service, capital expenditure and working capital requirements;
 - the sufficiency of the supply of commodities and labor pool to carry on our business;
 - success of advertising and marketing activities;
 - the absence of any material adverse impact arising out of any current litigation in which we are involved;
- impact of the adoption of new accounting standards and our financial and accounting systems and analysis programs;
 - expectations regarding competition and our competitive advantages;
 - impact of our trademarks, service marks, and other proprietary rights; and
 - effectiveness of our internal control over financial reporting.

Although we believe that the expectations reflected in our forward-looking statements are based on reasonable assumptions, such expectations may prove to be materially incorrect due to known and unknown risks and uncertainties.

In some cases, information regarding certain important factors that could cause actual results to differ materially from any forward-looking statements appears together with such statement. In addition, the factors described under Critical Accounting Policies and Estimates in Part II, Item 7, and Risk Factors in Part I, Item 1A in our most recent Annual Report on Form 10-K, as well as other possible factors not listed, could cause actual results to differ materially from those expressed in forward-looking statements, including, without limitation, the following: concentration of restaurants in certain markets and lack of market awareness in new markets; changes in disposable income; consumer spending trends and habits; increased competition in the quick service restaurant market; costs and availability of food and beverage inventory; our ability to attract qualified managers, employees, and franchisees; changes in the availability of capital or credit facility borrowings; costs and other effects of legal claims by employees, franchisees, customers, vendors, stockholders and others, including settlement of those claims; effectiveness of management strategies and decisions; weather conditions and related events in regions where our restaurants are operated; and changes in accounting standards, policies and practices or related interpretations by auditors or regulatory entities.

All forward-looking statements speak only as of the date made. All subsequent written and oral forward-looking statements attributable to us, or persons acting on our behalf, are expressly qualified in their entirety by the cautionary statements. Except as required by law, we undertake no obligation to update any forward-looking statement to reflect events or circumstances after the date on which it is made or to reflect the occurrence of anticipated or unanticipated events or circumstances.

PROSPECTUS SUMMARY

This summary highlights selected information contained elsewhere in this prospectus. Because it is a summary, it does not contain all of the information that you should consider before investing in our securities. You should read the entire prospectus carefully, including the “Risk Factors” section and the other documents we refer to and incorporate by reference, in order to understand this offering fully. In particular, we incorporate important business and financial information into this prospectus by reference.

The Company

Overview

Good Times Restaurants Inc., a Nevada corporation (the “Company”), was organized in 1987. Through our wholly-owned subsidiary, Good Times Drive Thru Inc., a Colorado corporation (“Drive Thru”), we are engaged in the business of developing, owning, operating and franchising hamburger-oriented drive-through restaurants under the name Good Times Burgers & Frozen Custard. Most of our Good Times restaurants are located in the front-range communities of Colorado but we also have franchised restaurants in Wyoming. Over the past three years we have experienced significant growth in our same store sales in our Good Times Burgers & Frozen Custard restaurants which has led to significant improvement in our operating margins and the profitability of the Company.

In fiscal 2013, we entered into a series of agreements with Bad Daddy’s International, LLC, a North Carolina limited liability company (“BDI”), and Bad Daddy’s Franchise Development, LLC, a North Carolina limited liability company (“BDFD”), to acquire the exclusive development rights for Bad Daddy’s Burger Bar restaurants in Colorado, additional restaurant development rights for Arizona and Kansas through our wholly owned subsidiary BD of Colorado LLC (“BD of Colo”), and a 48% voting ownership interest in the Bad Daddy’s Burger Bar franchisor entity, BDFD. During fiscal 2014, we exchanged the development rights for Arizona for the development rights for Oklahoma.

BD of Colo is engaged in the business of developing, owning and operating full service hamburger-oriented restaurants under the name Bad Daddy’s Burger Bar. The Company manages BDFD under a management agreement and BDFD is engaged in the business of franchising Bad Daddy’s Burger Bar restaurants in certain targeted markets across the country. We do not consolidate the operations of BDFD in our financial statements and account for our 48% ownership interest under the equity method of accounting.

BD of Colo opened two Bad Daddy’s restaurants during fiscal 2014 and a third in January 2015 in the Denver metropolitan area. Subsequent to fiscal year end, Drive Thru opened one new Good Times restaurant on November 20, 2014 and closed on the purchase of land for development of an additional Good Times restaurant expected to open in the Spring of 2015.

During fiscal 2014 and subsequent to fiscal year end, we have also significantly increased the equity of the Company through the exercise of Series A, Series B and Underwriter Warrants.

Our principal executive offices are located at 601 Corporate Circle, Golden, Colorado 80401, and our telephone number is (303) 384-1400.

RISK FACTORS

Investing in our common stock involves a high degree of risk. Before making an investment decision, you should consider carefully the risks, uncertainties and other factors described in our most recent Annual Report on Form 10-K, as supplemented and updated by subsequent quarterly reports on Form 10-Q and current reports on Form 8-K that we have filed or will file with the SEC, and in documents which are incorporated by reference into this prospectus, as well as the risk factors and other information contained in or incorporated by reference into the applicable prospectus supplement and any related free writing prospectus.

If any of these risks were to occur, our business, affairs, prospects, assets, financial condition, results of operations and cash flows could be materially and adversely affected. If this occurs, the trading price of our common stock could decline, and you could lose all or part of your investment. The prospectus supplement applicable to each offering of common stock will contain additional information about risks applicable to an investment in us and the common stock. For more information about our SEC filings, please see “Where You Can Find More Information.”

USE OF PROCEEDS

Unless otherwise indicated in the prospectus supplement, we will use the net proceeds from this offering for general corporate purposes.

DESCRIPTION OF SECURITIES

General

Our authorized capital stock consists of 50,000,000 shares of common stock, \$0.001 par value per share, and 5,000,000 shares of preferred stock, \$0.01 par value per share.

Common Stock

As of March 9, 2015, 9,461,739 shares of our common stock were issued and outstanding. All outstanding shares of common stock are validly issued, fully paid and nonassessable.

The holders of our common stock are entitled to one vote per share on all matters submitted to a vote of stockholders and our articles of incorporation do not provide for cumulative voting in the election of directors unless required by applicable law. Subject to preferences that may be applicable to any outstanding series of preferred stock, the holders of our common stock will receive ratably any dividends declared by our Board of Directors out of funds legally available for the payment of dividends. In the event of our liquidation, dissolution or winding-up, the holders of our common stock are entitled to share ratably in all assets remaining after payment of or provision for any liabilities, subject to prior distribution rights of preferred stock, if any, then outstanding.

Preferred Stock

Our articles of incorporation provide that our Board of Directors has the authority, without further action by the stockholders, to issue up to 5,000,000 shares of preferred stock. Our Board of Directors will be able to issue preferred stock in one or more series and determine the voting powers, preferences and relative, participating, optional and other special rights of the shares of any such series of preferred stock, and the qualifications, limitations, and restrictions of such shares, any or all of which may be greater than the rights of our common stock. Issuances of preferred stock could adversely affect the voting power of common stock and reduce the likelihood that holders of our common stock will receive dividend payments and payments upon liquidation. Any issuance of preferred stock also could have the effect of decreasing the market price for our common stock and could delay, deter or prevent a change in control of the Company.

Our Board of Directors previously designated 1,000,000 shares of preferred stock as "Series A Convertible Preferred Stock," 1,240,000 shares of preferred stock as "Series B Convertible Preferred Stock," and 473,934 shares of preferred stock as "Series C Convertible Preferred Stock." No shares of Series A Convertible Preferred Stock, Series B Convertible Preferred Stock or Series C Convertible Preferred Stock are currently outstanding.

Provisions of Our Articles of Incorporation and Bylaws and Nevada Law that May Have an Anti-Takeover Effect

We are subject to anti-takeover laws for Nevada corporations. These anti-takeover laws prevent a Nevada corporation from engaging in a business combination with any stockholder, including all affiliates and associates of the stockholder, who is the beneficial owner of 10% or more of the corporation's outstanding voting stock, for two years following the date that the stockholder first became the beneficial owner of 10% or more of the corporation's voting stock, unless specified conditions are met. If those conditions are not met, then after the expiration of the two-year period the corporation may not engage in a business combination with such stockholder unless certain other conditions are met.

Our articles of incorporation and our bylaws contain a number of provisions that may deter or impede takeovers or changes of control or management. These provisions:

- authorize our Board of Directors to establish one or more series of preferred stock the terms of which can be determined by the Board of Directors at the time of issuance;
- do not allow for cumulative voting in the election of directors unless required by applicable law. Under cumulative voting a minority stockholder holding a sufficient percentage of a class of shares may be able to ensure the election of one or more directors;
- state that special meetings of our stockholders may be called only by the Chairman of the Board, the president or any two directors and must be called by the president upon the written request of the holders of 25 percent of the outstanding shares of capital stock entitled to vote at such special meeting; and

- provide that the authorized number of directors is no more than seven, as determined by our Board of Directors.

These provisions, alone or in combination with each other, may discourage transactions involving actual or potential changes of control, including transactions that otherwise could involve payment of a premium over prevailing market prices to stockholders for their common stock.

Limitations on Liability and Indemnification of Officers and Directors

Nevada law authorizes corporations to limit or eliminate (with a few exceptions) the personal liability of directors to corporations and their stockholders for monetary damages for breaches of directors' fiduciary duties as directors. Our articles of incorporation and bylaws include provisions that eliminate, to the extent allowable under Nevada law, the personal liability of directors or officers for monetary damages for actions taken as a director or officer, as the case may be. Our articles of incorporation and bylaws also provide that we must indemnify and advance reasonable expenses to our directors and officers to the fullest extent permitted by Nevada law. We are also expressly authorized to carry directors' and officers' insurance for our directors, officers, employees and agents for some liabilities. We do not currently maintain directors' and officers' insurance covering certain liabilities that may be incurred by directors and officers in the performance of their duties.

The limitation of liability and indemnification provisions in our articles of incorporation and bylaws may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duty. These provisions may also have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. In addition, your investment may be adversely affected to the extent that, in a class action or direct suit, we pay the costs of settlement and damage awards against directors and officers pursuant to the indemnification provisions in our articles of incorporation and bylaws.

There is currently no pending litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought.

Authorized but Unissued Shares

Our authorized but unissued shares of common stock and preferred stock are available for future issuance without stockholder approval. Nevada law does not require stockholder approval for any issuance of authorized shares. However, the NASDAQ listing requirements require stockholder approval of certain issuances equal to or exceeding 20% of the then-outstanding voting power or the then-outstanding number of shares of common stock. No assurances can be given that our shares will remain so listed. We may use additional shares for a variety of corporate purposes, including future public offerings to raise additional capital, corporate acquisitions, and employee benefit plans. The existence of authorized but unissued shares of common stock and preferred stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

Listing of our Common Stock

Our common stock is listed on The NASDAQ Capital Market under the symbol "GTIM. On March 9, 2015, the last reported sale price for our common stock as reported on The NASDAQ Capital Market was \$8.18 per share.

Transfer Agent

Our transfer agent is Computershare Trust Company, 250 Royall Street, Canton, Massachusetts 02021.

PLAN OF DISTRIBUTION

We may, from time to time, sell the shares of common stock offered through this prospectus (i) to or through underwriters or dealers, (ii) directly to purchasers, including our affiliates, (iii) through agents, or (iv) through a combination of any these methods. The common stock may be distributed at a fixed price or prices, which may be changed, market prices prevailing at the time of sale, prices related to the prevailing market prices, or negotiated prices. The prospectus supplement will include the following information:

- the terms of the offering;
- the names of any underwriters or agents;
- the name or names of any managing underwriter or underwriters;
- the purchase price of the common stock;
- the net proceeds from the sale of the common stock;
- any delayed delivery arrangements;
- any underwriting discounts, commissions or agency fees and other items constituting underwriters' or agents' compensation;
- any initial public offering price;
- any discounts or concessions allowed or reallocated or paid to dealers; and
- any commissions paid to agents.

We may engage in at-the-market offerings into an existing trading market in accordance with Rule 415(a)(4). Any at-the-market offering will be through an underwriter or underwriters acting as principal or agent for us.

Sale Through Underwriters or Dealers

If underwriters are used in the sale, the underwriters will acquire the common stock for their own account, including through underwriting, purchase, security lending or repurchase agreements with us. The underwriters may resell the common stock from time to time in one or more transactions, including negotiated transactions. Underwriters may sell the common stock in order to facilitate transactions in any of our other securities, including other public or private transactions and short sales. Underwriters may offer common stock to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless otherwise indicated in the prospectus supplement, the obligations of the underwriters to purchase the common stock will be subject to certain conditions, and the underwriters will be obligated to purchase all the offered shares of common stock if they purchase any of them. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

If dealers are used in the sale of common stock offered through this prospectus, we will sell the common stock to them as principals. They may then resell such common stock to the public at varying prices determined by the dealers at the time of resale. The prospectus supplement will include the names of the dealers and the terms of the transaction.

Direct Sales and Sales Through Agents

We may sell the common stock offered through this prospectus directly. In this case, no underwriters or agents would be involved. Such common stock may also be sold through agents designated from time to time. The prospectus supplement will name any agent involved in the offer or sale of the offered common stock and will describe any commissions payable to the agent. Unless otherwise indicated in the prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

We may sell the common stock directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act with respect to any sale of such common stock. The terms of any such sales will be described in the prospectus supplement.

Delayed Delivery Contracts

If the prospectus supplement indicates, we may authorize agents, underwriters or dealers to solicit offers from certain types of institutions to purchase common stock at the public offering price under delayed delivery contracts. These contracts would provide for payment and delivery on a specified date in the future. The contracts would be subject only to those conditions described in the prospectus supplement. The applicable prospectus supplement will describe the commission payable for solicitation of those contracts.

Market Making, Stabilization and Other Transactions

Our common stock is listed on the NASDAQ Capital Market. Any underwriters who are qualified market makers on the NASDAQ Capital Market may engage in passive market making transactions on the NASDAQ Capital Market in accordance with Rule 103 of Regulation M, during the business day prior to the pricing of the offering, before the commencement of offers or sales. Passive market makers must comply with applicable volume and price limitations and must be identified as passive market makers. In general, a passive market maker must display its bid at a price not in excess of the highest independent bid for such security; if all independent bids are lowered below the passive market maker's bid, however, the passive market maker's bid must then be lowered when certain purchase limits are exceeded.

Any underwriter may also engage in over-allotment, stabilizing transactions, syndicate covering transactions and penalty bids in accordance with Rule 104 under the Securities Exchange Act. Over-allotment involves sales in excess of the offering size, which create a short position. Stabilizing transactions involve bids to purchase the underlying security in the open market for the purpose of pegging, fixing or maintaining the price of the securities. Syndicate covering transactions involve purchases of the securities in the open market after the distribution has been completed in order to cover syndicate short positions. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the securities originally sold by the syndicate member are purchased in a syndicate covering transaction to cover syndicate short positions. Over-allotment, stabilizing transactions, syndicate covering transactions and penalty bids may cause the price of the securities to be higher than it would be in the absence of the transactions. The underwriters may, if they commence these transactions, discontinue them at any time. These transactions may be effected on the NASDAQ Capital Market or otherwise.

Derivative Transactions and Hedging

We, the underwriters or other agents may engage in derivative transactions involving the common stock. These derivatives may consist of short sale transactions and other hedging activities. The underwriters or agents may acquire a long or short position in the common stock, hold or resell common stock acquired and purchase options or futures on the common stock and other derivative instruments with returns linked to or related to changes in the price of the common stock. In order to facilitate these derivative transactions, we may enter into security lending or repurchase agreements with the underwriters or agents. The underwriters or agents may effect the derivative transactions through sales of the common stock to the public, including short sales, or by lending the common stock in order to facilitate short sale transactions by others. The underwriters or agents may also use the common stock purchased or borrowed from us or others (or, in the case of derivatives, common stock received from us in settlement of those derivatives) to directly or indirectly settle sales of the common stock or close out any related open borrowings of the common stock.

Electronic Auctions

We may also make sales through the Internet or through other electronic means. Since we may from time to time elect to offer common stock directly to the public, with or without the involvement of agents, underwriters or dealers, utilizing the Internet or other forms of electronic bidding or ordering systems for the pricing and allocation of such common stock, you will want to pay particular attention to the description of that system we will provide in a prospectus supplement.

Such electronic system may allow bidders to directly participate, through electronic access to an auction site, by submitting conditional offers to buy that are subject to acceptance by us, and which may directly affect the price or other terms and conditions at which such common stock are sold. These bidding or ordering systems may present to each bidder, on a so-called "real-time" basis, relevant information to assist in making a bid, such as the clearing spread at which the offering would be sold, based on the bids submitted, and whether a bidder's individual bids would be

accepted, prorated or rejected.

Upon completion of such an electronic auction process, common stock will be allocated based on prices bid, terms of bid or other factors. The final offering price at which common stock would be sold and the allocation of common stock among bidders would be based in whole or in part on the results of the Internet or other electronic bidding process or auction.

Item 15. Indemnification of Directors and Officers.

Nevada law authorizes corporations to limit or eliminate (with a few exceptions) the personal liability of directors to corporations and their stockholders for monetary damages for breaches of directors' fiduciary duties as directors. Our articles of incorporation and bylaws include provisions that eliminate, to the extent allowable under Nevada law, the personal liability of directors or officers for monetary damages for actions taken as a director or officer, as the case may be. Our articles of incorporation and bylaws also provide that we must indemnify and advance reasonable expenses to our directors and officers to the fullest extent permitted by Nevada law. We are also expressly authorized to carry directors' and officers' insurance for our directors, officers, employees and agents for some liabilities. We do not currently maintain directors' and officers' insurance covering certain liabilities that may be incurred by directors and officers in the performance of their duties.

The limitation of liability and indemnification provisions in our articles of incorporation and bylaws may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duty. These provisions may also have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. In addition, your investment may be adversely affected to the extent that, in a class action or direct suit, we pay the costs of settlement and damage awards against directors and officers pursuant to the indemnification provisions in our articles of incorporation and bylaws.

There is currently no pending litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought.

Item 16. Exhibits

See the Exhibit Index attached to this registration statement and incorporated herein by reference.

Item 17. Undertakings.

The undersigned Registrant hereby undertakes:

II-1

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered that remain unsold at the termination of the offering.

(4) That, for purposes of determining any liability under the Securities Act to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

II-2

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

The undersigned registrant hereby undertakes that, for the purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
