Forward-Looking Statements

This report and other documents filed by us contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which reflect management's current views with respect to, among other things, our operations and financial performance.

You can identify these forward-looking statements by the use of words such as “outlook,” “believes,” “expects,” “potential,” “may,” “should,” “seeks,” “predicts,” “intends,” “plans,” “estimates,” “anticipates” or the negative versions of these words or comparable words. Such forward-looking statements are subject to various risks and uncertainties. Accordingly, there are or will be important factors that could cause actual outcomes or results to differ materially from those indicated in these forward-looking statements. We believe that these factors include, but are not limited to, the risks described in the Risk Factors section of our Annual Report on Form 10-K for the year ended December 31, 2014 (the Form 10-K), which is accessible on the Securities and Exchange Commission’s website at www.sec.gov and on our website at www.cohenandsteers.com. These factors are not exhaustive and should be read in conjunction with the other cautionary statements that are included in this report, the Form 10-K and our other filings with the Securities and Exchange Commission. We undertake no obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments or otherwise.

COHEN & STEERS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

1. Organization and Description of Business

Cohen & Steers, Inc. (CNS) was organized as a Delaware corporation on March 17, 2004. CNS is the holding company for its direct and indirect subsidiaries, including Cohen & Steers Capital Management, Inc. (CSCM), Cohen & Steers Securities, LLC (CSS), Cohen & Steers Asia Limited (CSAL), Cohen & Steers UK Limited (CSUK) and Cohen & Steers Japan, LLC (collectively, the Company).

The Company is a global investment manager specializing in liquid real assets, including real estate securities, listed infrastructure, commodities and natural resource equities, as well as preferred securities and other income solutions. Founded in 1986, the Company is headquartered in New York City, with offices in London, Hong Kong, Tokyo and Seattle.

2. Basis of Presentation and Significant Accounting Policies

The condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The condensed consolidated financial statements set forth herein include the accounts of CNS and its direct and indirect subsidiaries. Intercompany balances and transactions have been eliminated in consolidation.

The condensed consolidated financial statements of the Company included herein are unaudited and have been prepared in accordance with the instructions to Form 10-Q pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of the interim results have been made. The Company's condensed consolidated financial statements and the related notes should be read together with the consolidated financial statements and the related notes included in the Company's Annual Report on Form 10-K for the year ended December 31, 2014.

Accounting Estimates—The preparation of the condensed consolidated financial statements in conformity with GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingent assets and liabilities at the dates of the condensed consolidated financial statements and the reported amounts of revenue and expenses during the reporting periods. Management believes the estimates used in preparing the condensed consolidated financial statements are reasonable and prudent. Actual results could differ from those estimates.

Reclassifications—Certain prior year amounts have been reclassified to conform to the current year presentation. On the condensed consolidated statements of operations and the condensed consolidated statements of cash flows, the captions “gain (loss) from trading investments—net”, “gain (loss) from available-for-sale investments—net” and “equity in earnings (losses) of affiliates” have been combined into a single caption “gain (loss) from seed investments—net”. The breakdown of these amounts is provided in Note 4, Investments.

Consolidation—The Company consolidates operating entities deemed to be voting interest entities if the Company owns a majority of the voting interest. The Company also consolidates any variable interest entities (VIEs) in which the Company is the primary beneficiary. The Company records noncontrolling interests in consolidated subsidiaries for which the Company's ownership is less than 100 percent. The equity method of accounting is used for investments in affiliates in which the Company's ownership ranges from 20 to 50 percent, or instances in which the Company is able to exercise significant influence but not control.

A VIE is an entity in which either (a) the equity investment at risk is not sufficient to permit the entity to finance its own activities without additional financial support or (b) the group of holders of the equity investment at risk lack certain characteristics of a controlling financial interest. The primary beneficiary is the entity that has the obligation to absorb a majority of the expected losses or the right to receive the majority of the residual returns. Investments and redemptions or amendments to the governing documents of the respective entities could affect an entity's status as a

VIE or the determination of the primary beneficiary. The Company assesses whether entities in which it has an interest are VIEs upon initial involvement and at each reporting date. The Company assesses whether it is the primary beneficiary of any VIEs identified

7

COHEN & STEERS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS—(Continued)
(UNAUDITED)

by evaluating its economic interests in the entity held either directly by the Company and its affiliates or indirectly through employees. See Note 4 for further discussion about the Company's investments.

Cash and Cash Equivalents—Cash equivalents consist of short-term, highly liquid investments, which are readily convertible into cash and have original maturities of three months or less.

Due from/to Broker—The Company conducts business, primarily with respect to its consolidated seed investments, with brokers for certain of its investment activities. The clearing and custody operations for these investment activities are performed pursuant to contractual agreements. The due from/to broker balance represents cash and cash equivalents balances at brokers/custodians and/or net receivables and payables for unsettled security transactions.

Investments—Management of the Company determines the appropriate classification of its investments at the time of purchase and re-evaluates such determination at each statement of financial condition date.

Investments classified as trading represent securities held within the affiliated funds that the Company consolidates and are measured at fair value based on quoted market prices, market prices obtained from independent pricing services engaged by management or as determined by the Company's valuation committee. Unrealized gains and losses are recorded as gain (loss) from seed investments—net in the Company's condensed consolidated statements of operations.

Investments classified as equity method investments represent seed investments that are accounted for using the equity method, under which the Company recognizes its respective share of the investee's net income or loss for the period as gain (loss) from seed investments—net in the Company's condensed consolidated statements of operations. As of September 30, 2015, the Company's equity method investments consisted of interests in affiliated funds which measure their underlying investments at fair value and report a net asset value on a recurring basis. The carrying amounts of these investments approximate their fair value.

Investments classified as available-for-sale are comprised of equity securities, investment-grade preferred instruments and investments in Company-sponsored open-end mutual funds. These investments are carried at fair value based on quoted market prices or market prices obtained from independent pricing services engaged by management, with unrealized gains and losses, net of tax, reported in accumulated other comprehensive income. The Company periodically reviews each individual security position that has an unrealized loss, or impairment, to determine if that impairment is other than temporary. If the Company believes an impairment of a security position is other than temporary, based on available quantitative and qualitative information as of the report date, the loss will be recognized as gain (loss) from seed investments—net in the Company's condensed consolidated statements of operations.

From time to time, the affiliated funds consolidated by the Company enter into derivative contracts to gain exposure to the underlying commodities markets or to hedge market and credit risks of the underlying portfolios utilizing options, total return swaps, credit default swaps and futures contracts. These instruments are measured at fair value with gains and losses recorded as gain (loss) from seed investments—net in the Company's condensed consolidated statements of operations. The fair values of these instruments are recorded in other assets or other liabilities and accrued expenses in the Company's condensed consolidated statements of financial condition. As of September 30, 2015, none of the outstanding derivative contracts were subject to a master netting agreement or other similar arrangement.

Additionally, from time to time, the Company enters into foreign exchange contracts to hedge its currency exposure related to certain client receivables. These instruments are measured at fair value with gains and losses recorded in other non-operating income in the Company's condensed consolidated statements of operations. The fair values of these contracts are recorded in other assets or other liabilities and accrued expenses in the Company's condensed consolidated statements of financial condition.

Goodwill and Intangible Assets—Goodwill represents the excess of the cost of the Company's investment in the net assets of an acquired company over the fair value of the underlying identifiable net assets at the date of acquisition.

Goodwill and indefinite lived intangible assets are not amortized but are tested at least annually for impairment by comparing the fair value to their carrying amounts. Finite lived intangible assets are amortized over their useful lives and are tested for

8

COHEN & STEERS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS—(Continued)
(UNAUDITED)

impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. See Note 3 for further discussion about the Company's goodwill and intangible assets.

Redeemable Noncontrolling Interest—Redeemable noncontrolling interest represents third-party interests in the Company's consolidated entities. This interest is redeemable at the option of the investors and therefore is not treated as permanent equity. Redeemable noncontrolling interest is remeasured at redemption value which approximates the fair value at each reporting period.

Investment Advisory and Administration Fees—The Company earns revenue by providing asset management services to institutional accounts and to Company-sponsored open-end mutual funds and closed-end funds. Investment advisory fees are earned pursuant to the terms of investment management agreements, and are based on a contractual fee rate applied to the assets in the portfolio. The Company also earns administration fees from certain Company-sponsored open-end mutual funds and closed-end funds pursuant to the terms of underlying administration contracts.

Administration fees are based on the average assets under management of such funds. Investment advisory and administration fee revenue is recognized as such fees are earned.

Distribution and Service Fee Revenue—CSS acts as the principal distributor of the Company's sponsored open-end mutual funds which may offer the following classes: Class A (initial sales load), Class C (back end sales load), Class R (load retirement) and Class Z (no load retirement). Effective May 2007, the Company suspended sales of Class B shares and all remaining Class B shares converted to Class A shares in 2015. Distribution and service fee revenue is based on the average daily net assets of the funds as detailed below. Distribution and service fee revenue is earned daily and is recorded gross of any third-party distribution and service fee expense for applicable share classes.

Pursuant to distribution plans with the Company's sponsored open-end mutual funds, CSS receives distribution fees of up to 25bps for Class A shares, 75bps for Class C shares and 50bps for Class R shares. CSS also receives shareholder servicing fees of up to 10bps on Class A shares, 25bps on Class C shares and 15bps on Class Z shares, pursuant to shareholder servicing plans with the funds. Effective October 1, 2014, the Company no longer receives shareholder servicing fees on Class Z shares.

Distribution and Service Fee Expense—Distribution and service fee expense includes distribution fees, service fees and intermediary assistance payments. Distribution and service fee expense is recorded as incurred.

Distribution fee expense represents payments made to qualified dealers/institutions for (i) assistance in connection with the distribution of the Company's sponsored open-end mutual funds' shares and (ii) for other expenses such as advertising costs and printing and distribution of prospectuses to investors. Such amounts may also be used to pay financial intermediaries for services as specified in the terms of written agreements complying with Rule 12b-1 of the Investment Company Act of 1940 (Rule 12b-1). CSS pays distribution fee expense based on the average daily net assets under management of up to 25bps on Class A shares, 75bps on Class C shares and 50bps on Class R shares. Shareholder servicing fee expense represents payments made to qualified dealers/institutions for shareholder account service and maintenance. These services are provided pursuant to written agreements with such qualified institutions. CSS pays service fee expenses based on the average daily net assets under management of up to 10bps on Class A shares, 25bps on Class C shares and 15bps on Class Z shares. Effective October 1, 2014, the Company no longer pays shareholder service fees on Class Z shares.

Intermediary assistance payments represent payments to qualified dealers/institutions for activities related to distribution, shareholder servicing and marketing and support of Company-sponsored open-end mutual funds and are incremental to those described above. Intermediary assistance payments are generally based on the average assets under management or the number of accounts being serviced.

Portfolio Consulting and Other—The Company earns portfolio consulting and other fees by: (i) providing portfolio consulting services in connection with model-based strategy accounts; (ii) earning a licensing fee for the use of the

Company's proprietary indexes; and (iii) providing portfolio monitoring services related to a number of unit investment trusts. This revenue is earned pursuant to the terms of the underlying contract, and the fee schedules for these relationships

vary based on the type of services the Company provides for each relationship. This revenue is recognized as such fees are earned.

Stock-based Compensation—The Company recognizes compensation expense for the grant-date fair value of awards of equity instruments to employees. This expense is recognized over the period during which employees are required to provide service. The Company also estimates forfeitures.

Income Taxes—The Company records the current and deferred tax consequences of all transactions that have been recognized in the condensed consolidated financial statements in accordance with the provisions of the enacted tax laws. Deferred tax assets are recognized for temporary differences that will result in deductible amounts in future years at tax rates that are expected to apply in those years. Deferred tax liabilities are recognized for temporary differences that will result in taxable income in future years at tax rates that are expected to apply in those years. The Company records a valuation allowance, when necessary, to reduce deferred tax assets to an amount that more likely than not will be realized. The effective tax rate for interim periods represents the Company's best estimate of the effective tax rate expected to be applied to the full fiscal year.

Currency Translation and Transactions—Assets and liabilities of subsidiaries having non-U.S. dollar functional currencies are translated at exchange rates at the applicable condensed consolidated statement of financial condition date. Revenue and expenses of such subsidiaries are translated at average exchange rates during the period. The gains or losses resulting from translating non-U.S. dollar functional currency into U.S. dollars are included in the Company's condensed consolidated statements of comprehensive income. The cumulative translation adjustment was \$(2,738,000) and \$(1,446,000) as of September 30, 2015 and December 31, 2014, respectively. Gains or losses resulting from non-U.S. dollar currency transactions are included in other non-operating income in the condensed consolidated statements of operations.

Comprehensive Income—The Company reports all changes in comprehensive income in the condensed consolidated statements of comprehensive income. Comprehensive income includes net income or loss attributable to common stockholders, foreign currency translation gain and loss (net of tax), unrealized gain and loss from available-for-sale investments (net of tax) and reclassification to statements of operations of gain and loss from available-for-sale investments (net of tax).

Recently Issued Accounting Pronouncements—In May 2015, the Financial Accounting Standards Board (FASB) issued new guidance amending the current disclosure requirement for investments in certain entities that calculate net asset value per share. The guidance requires investments for which fair value is measured using the net asset value per share practical expedient be removed from the fair value hierarchy. Instead, those investment amounts shall be provided as a separate item to permit reconciliation of the fair value of investments included in the fair value hierarchy to the line items presented in the statement of financial position. This new guidance will be effective for the Company's first quarter of 2016. The Company does not anticipate that the adoption of this new guidance will have a material impact on its condensed consolidated financial statements.

In February 2015, the FASB issued new guidance amending the current accounting for consolidation of certain legal entities. These amendments modify the evaluation of whether limited partnerships and similar legal entities are VIEs or voting interest entities, eliminate the presumption that a general partner should consolidate a limited partnership, affect the consolidation analysis of reporting entities that are involved with VIEs, particularly those that have fee arrangements and related party relationships, and provide a scope exception from consolidation guidance for reporting entities with interests in certain investment funds. This new guidance will be effective for the Company's first quarter of 2016. The Company is currently evaluating the potential impact on its condensed consolidated financial statements and related disclosures.

In August 2014, the FASB issued new guidance regarding disclosure of going concern uncertainties in the financial statements. The guidance requires management to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the entity's ability to continue as a going concern within one year after the date that the financial statements are issued at each annual and interim reporting period. This new guidance will be effective for the Company's first quarter of 2017. The Company does not anticipate that the adoption of this new guidance will have a material impact on its condensed consolidated financial statements.

In May 2014, the FASB issued new guidance which outlined a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. The core principle of the revenue model is that an entity recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. This new guidance will be effective for the Company's first quarter of 2018 and requires either a retrospective or a modified retrospective approach to adoption. The Company is currently evaluating the potential impact on its condensed consolidated financial statements and related disclosures, as well as the available transition methods.

3. Goodwill and Intangible Assets

Goodwill

Goodwill represents the excess of purchase price over the net tangible assets and identifiable intangible assets of an acquired business. At September 30, 2015 and December 31, 2014, goodwill was approximately \$18,252,000 and \$19,120,000, respectively. The Company's goodwill decreased by \$868,000 for the nine months ended September 30, 2015 as a result of foreign currency revaluation.

Intangible Assets

The following table details the gross carrying amounts and accumulated amortization for the intangible assets at September 30, 2015 and December 31, 2014 (in thousands):

	Remaining Amortization Period (in months)	Gross Carrying Amount	Accumulated Amortization	Intangible Assets, Net
September 30, 2015:

(1) Includes net income/(loss) attributable to redeemable noncontrolling interest for the periods presented. The Cohen & Steers SICAV Global Listed Infrastructure Fund (GLI SICAV), a Luxembourg-domiciled undertaking for collective investments in transferable securities (UCITS), was launched by the Company in September 2015, and meets the definition of an investment company. The Company is the investment adviser of GLI SICAV for which it receives a management fee. GLI SICAV is a VIE and the Company is the primary beneficiary. As of September 30, 2015, the Company was the only investor in the fund and therefore, the Company would absorb all of the expected losses and residual returns. Accordingly, the underlying assets and liabilities and results of operations of GLI SICAV have been included in the Company's condensed consolidated financial statements.

The Cohen & Steers Active Commodities Strategy Fund, Inc. (CDF) is a voting interest entity. CDF was launched by the Company in May 2014 and is an open-end mutual fund for which the Company is the investment adviser. As of September 30, 2015, the Company owned the majority of the outstanding voting interest in CDF. Accordingly, the underlying assets and liabilities and results of operations of CDF have been included in the Company's condensed consolidated financial statements with the third-party interests classified as redeemable noncontrolling interest.

The Cohen & Steers Active Commodities Fund, LP (ACOM), launched by the Company in April 2013, is structured as a partnership. The Company is the investment adviser of ACOM for which it is entitled to receive a management fee. The Company owned all of the voting interest in ACOM through September 30, 2014. Accordingly, the underlying assets and liabilities and results of operations of ACOM had been included in the Company's condensed consolidated financial statements. As a result of third-party investments into the fund, effective October 1, 2014, the Company no longer held a controlling financial interest in ACOM. The Company determined that ACOM was not a VIE as the limited partners, unaffiliated with the Company, have the ability to liquidate the fund with a majority vote. As a result, the Company does not have financial control and ACOM is not consolidated into the Company's condensed consolidated financial statements. The Company's equity interest in ACOM represents a seed investment to launch the fund, adjusted for the Company's proportionate share of the fund's earnings. As of September 30, 2015, the Company's ownership in ACOM was approximately 11%; however, as the general partner, the Company has significant influence over the financial decisions of ACOM and therefore records its investment in ACOM using the equity method of accounting.

Cohen & Steers Global Realty Partners III-TE, L.P. (GRP-TE), which had its closing in October 2011, is structured as a partnership. The Company is the general partner and investment adviser of GRP-TE, for which it receives a management fee and is entitled to receive an incentive distribution, if earned. GRP-TE is a VIE and the Company is not the primary beneficiary. As the general partner, the Company has significant influence over the financial decisions of GRP-TE and therefore records its investment using the equity method of accounting. The Company's equity interest in GRP-TE represents a seed investment to launch the fund, adjusted for the Company's proportionate share of the fund's earnings. As of September 30, 2015, the Company's ownership in GRP-TE was approximately 0.2%. The Company's risk with respect to its investment in GRP-TE is limited to its equity ownership and any uncollected management fees. In conjunction with the launch of GRP-TE, the Company established Cohen & Steers

Co-Investment Partnership, L.P. (GRP-CIP), which is used by the Company to fulfill its contractual commitment to co-invest with GRP-TE. See Note 11 for further discussion regarding the Company's co-investment commitment. As of September 30, 2015, the Company owned all of the voting interest in GRP-CIP. Accordingly, the underlying assets and liabilities and results of operations of GRP-CIP have been included in the Company's condensed consolidated financial statements.

The Cohen & Steers MLP & Energy Opportunity Fund, Inc. (MLO) is a voting interest entity. MLO was launched by the Company in December 2013 and is an open-end mutual fund for which the Company is the investment adviser. The Company owned the majority of the outstanding voting interest in MLO through October 31, 2014. Accordingly, the underlying assets and liabilities and results of operations of MLO had been included in the Company's condensed consolidated financial statements with the third-party interests classified as redeemable noncontrolling interest. During the period of November 1, 2014 through April 30, 2015, as a result of additional third-party subscriptions into the fund, the Company no longer owned the majority of the outstanding voting interest in MLO, however it was determined that the Company had significant influence over MLO and recorded its investment in MLO using the equity method of accounting. Effective May 1, 2015, the Company's ownership interest in MLO fell below 20% and the Company no longer has significant influence over MLO. Accordingly, the Company began recording its investment in MLO as an available-for-sale investment.

Cohen & Steers Real Assets Fund, Inc. (RAP) is a voting interest entity. RAP was launched by the Company on January 31, 2012 and is an open-end mutual fund for which the Company is the investment adviser. During the period of August 1, 2013 through September 30, 2014, the Company did not hold a controlling financial interest in RAP, however it was determined that the Company had significant influence over RAP. Accordingly, the Company recorded its investment in RAP using the equity method of accounting. Effective September 30, 2014, the Company's ownership interest in RAP fell below 20% and the Company no longer has significant influence over RAP. Accordingly, the Company began recording its investment in RAP as an available-for-sale investment.

The Company owned the majority of the voting interests in Cohen & Steers Global Real Estate Long-Short Fund, L.P. (the Onshore Fund) prior to its liquidation in April 2014. Accordingly, the underlying assets and liabilities and results of operations of the Onshore Fund had been included in the Company's condensed consolidated financial statements. The Onshore Fund was structured as a partnership and the Company was the general partner and investment adviser of the fund.

The Cohen & Steers Global Real Estate Long-Short Offshore Fund, L.P. (the Offshore Fund), which was liquidated in April 2014, was structured as a partnership. The Company was the general partner and investment adviser of the Offshore Fund for which it received a management fee and was entitled to receive a performance fee, if earned. The Company determined that the Offshore Fund was not a VIE as the limited partners, unaffiliated with the Company, had the ability to dissolve the fund with a majority vote. As a result, the Company did not have financial control and the Offshore Fund was not consolidated into the Company's condensed consolidated financial statements. As the general partner, the Company had significant influence over the financial decisions of the Offshore Fund and therefore recorded its investment in this fund using the equity method of accounting. The Company's equity interest in the Offshore Fund represented a seed investment to launch the fund, adjusted for the Company's proportionate share of the fund's earnings.

The following is a summary of the fair value of trading investments and equity method investments as of September 30, 2015 and December 31, 2014 (in thousands):

(1) At December 31, 2014, there were no securities with unrealized losses continuously for a period of more than 12 months.

Available-for-sale investments with a fair value of approximately \$28,307,000 and \$15,875,000 at September 30, 2015 and December 31, 2014, respectively, were in an unrealized loss position.

Unrealized losses on available-for-sale investments as of September 30, 2015 were generally caused by market conditions. When evaluating whether an unrealized loss on an available-for-sale investment is other than temporary, the Company reviews such factors as the extent and duration of the loss, as well as qualitative and quantitative information about the financial condition and near term prospects of the funds. As of September 30, 2015, the Company determined that it had the ability and intent to hold the remaining investments for which no other-than-temporary impairment has occurred until a recovery of fair value. Accordingly, impairment of these investments is considered temporary.

5. Fair Value

Accounting Standards Codification Topic 820, Fair Value Measurement (ASC 820) specifies a hierarchy of valuation classifications based on whether the inputs to the valuation techniques used in each valuation classification are observable or unobservable. These classifications are summarized in the three broad levels listed below:

Level 1—Unadjusted quoted prices for identical instruments in active markets.

Level 2—Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs and significant value drivers are observable.

Level 3—Valuations derived from valuation techniques in which significant inputs or significant value drivers are unobservable.

Inputs used to measure fair value might fall in different levels of the fair value hierarchy, in which case the Company defaults to the lowest level input that is significant to the fair value measurement in its entirety. These levels are not necessarily an indication of the risk or liquidity associated with the investments. In determining the appropriate levels, the Company performed a detailed analysis of the assets and liabilities that are subject to ASC 820. Transfers among levels, if any, are recorded at the beginning of the reporting period. There were no transfers between level 1 and level 2 during the nine months ended September 30, 2015.

The following table presents fair value measurements as of September 30, 2015 (in thousands):

(1) Comprised of investments in actively traded money market funds measured at net asset value.

Trading investments classified as level 2 in the above table were primarily comprised of investments in United States Treasury Bills carried at amortized cost, which approximates fair value.

Trading investments classified as level 3 in the above table were comprised of limited partnership interests which represent the Company's co-investments through GRP-CIP, which along with the Company's interest in GRP-TE,

represent

the Company's collective ownership interests in limited partnership vehicles that invest in non-registered real estate funds, which are valued based on the net asset values of the underlying funds, and private equity vehicles that invest directly in real estate which are generally valued using a discounted cash flow model.

Equity method investments classified as level 2 in the above table represent the carrying amount of the Company's partnership interest in ACOM, which approximates its fair value based on the fund's net asset value. ACOM invests in exchange-traded commodity futures contracts and other commodity related derivatives. The Company has the ability to redeem its investment in the fund monthly at net asset value per share with prior written notice of 5 days and there are no significant restrictions to redemption.

Equity method investments classified as level 3 in the above table represent the carrying amount of the Company's partnership interest in GRP-TE, which approximates its fair value based on the fund's net asset value. GRP-TE invests in non-registered real estate funds and in private equity vehicles that invest directly in real estate. As of September 30, 2015, the Company did not have the ability to redeem its investment in GRP-TE.

(1) Comprised of investments in actively traded money market funds measured at net asset value.

Trading investments classified as level 2 in the above table were primarily comprised of investments in United States Treasury Bills carried at amortized cost, which approximates fair value.

Trading investments classified as level 3 in the above table were comprised of limited partnership interests which represent the Company's co-investments through GRP-CIP, which along with the Company's interest in GRP-TE, represent the Company's collective ownership interests in limited partnership vehicles that invest in non-registered real estate funds, which are valued based on the net asset values of the underlying funds, and private equity vehicles that invest directly in real estate which are generally valued using a discounted cash flow model.

Equity method investments classified as level 2 in the above table represent the carrying amount of the Company's partnership interest in ACOM, which approximates its fair value based on the fund's net asset value. ACOM invests in exchange-traded commodity futures contracts and other commodity related derivatives. The Company has the ability to redeem its investment in the fund monthly at net asset value per share with prior written notice of 5 days and there are no significant restrictions to redemption.

Equity method investments classified as level 3 in the above table represent the carrying amount of the Company's partnership interests in GRP-TE, which approximate its fair value based on the fund's net asset value. GRP-TE invests in non-registered real estate funds and in private equity vehicles that invest directly in real estate. As of December 31, 2014, the Company did not have the ability to redeem its investment in GRP-TE.

The following table summarizes the changes in level 3 investments measured at fair value on a recurring basis for the three and nine months ended September 30, 2015 (in thousands):

Realized gains (losses) from investments classified as trading investments, equity method investments and available-for-sale investments in the above tables were recorded as gain (loss) from seed investments in the Company's condensed consolidated statements of operations. Unrealized gains (losses) from investments classified as trading investments and equity method investments in the above tables were recorded as gain (loss) from seed investments in the Company's condensed consolidated statements of operations. Unrealized gains (losses) from available-for-sale investments in the above tables were recorded as unrealized gain (loss) from available-for-sale investments in the Company's condensed consolidated statements of comprehensive income.

Valuation Techniques

In certain instances, debt and equity securities are valued on the basis of prices from an orderly transaction between market participants provided by reputable brokers/dealers or pricing services. In determining the value of a particular investment, pricing services may use information with respect to transactions in such investments, broker quotes, pricing matrices, market transactions in comparable investments and various relationships between investments. As part of its independent price verification process, the Company selectively performs detailed reviews of valuations provided by broker/dealers or pricing services. Investments in Company-sponsored mutual funds are valued at their closing net asset value.

Foreign exchange contracts are valued by interpolating a value using the spot foreign exchange rate and forward points (based on the spot rate and currency interest rate differentials), which are all inputs that are observable in active markets (level 2).

In the absence of observable market prices, the Company values its investments using valuation methodologies applied on a consistent basis. For some investments, little market activity may exist; management's determination of fair value is then based on the best information available in the circumstances, and may incorporate management's own assumptions and involves a significant degree of judgment, taking into consideration a combination of internal and external factors. Such investments are valued on a quarterly basis, taking into consideration any changes in key inputs and changes in economic and other relevant conditions, and valuation models are updated accordingly. The valuation process also includes a review by the Company's valuation committee which is comprised of senior members from various departments within the Company, including investment management. The valuation committee provides independent oversight of the valuation policies and procedures.

The valuation techniques and significant unobservable inputs used in the fair value measurement of the following level 3 investments as of September 30, 2015 were:

	Fair Value (in thousands)	Fair Value Methodology	Significant Unobservable Inputs	Input / Range
Limited partnership interests - direct investments in real estate	\$1,324	Discounted cash flows	Discount rate Exit capitalization rates Market rental rates	10% - 12.5% 8% - 8.5% \$15.00 - 17.00 psf

The valuation techniques and significant unobservable inputs used in the fair value measurement of the following level 3 investments as of December 31, 2014 were:

	Fair Value (in thousands)	Fair Value Methodology	Significant Unobservable Inputs	Input / Range
Limited partnership interests - direct investments in real estate	\$1,465	Discounted cash flows	Discount rate Exit capitalization rates Market rental rates	9% - 15% 8% - 8.5% \$15.00 - 17.00 psf

Changes in the significant unobservable inputs in the tables above may result in a materially higher or lower fair value measurement. The disclosure in the above tables excludes the Company's ownership interests in limited partnership vehicles which are valued based on the net asset values of the underlying funds.

7. Earnings Per Share

Basic earnings per share is calculated by dividing net income attributable to common stockholders by the weighted average shares outstanding. Diluted earnings per share is calculated by dividing net income attributable to common stockholders by the total weighted average shares of common stock outstanding and common stock equivalents. Common stock equivalents are comprised of dilutive potential shares from restricted stock unit awards. Common stock equivalents are excluded from the computation if their effect is anti-dilutive. Diluted earnings per share is computed using the treasury stock method.

COHEN & STEERS, INC. AND SUBSIDIARIES
 NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS—(Continued)
 (UNAUDITED)

Anti-dilutive common stock equivalents of approximately 90,000 and 36,000 shares, respectively, were excluded from the computation for the three and nine months ended September 30, 2015. No anti-dilutive common stock equivalents were excluded from the computation for the three and nine months ended September 30, 2014.

The following is a reconciliation of the income and share data used in the basic and diluted earnings per share computations for the three and nine months ended September 30, 2015 and 2014 (in thousands, except per share data):

	Three Months Ended		Nine Months Ended

Diluted earnings per share attributable to common stockholders	\$0.37	\$0.40	\$1.28	\$1.31

8. Income Taxes

The provision for income taxes includes U.S. federal, state, local and foreign taxes. For the three months ended September 30, 2015 and September 30, 2014, the effective tax rate was approximately 40.3% and 37.1%, respectively. The effective tax rate for the three months ended September 30, 2015 included the cumulative effect to adjust the estimated tax rate to 38% for the full year 2015. The effective tax rate for the three months ended September 30, 2014 included the cumulative effect to adjust the estimated tax rate to 36% for the full year 2014. The effective tax rate for the nine months ended September 30, 2015 and September 30, 2014 was approximately 38% and 36%, respectively. The Company expects the tax rate for the full year 2015 to approximate 38%, excluding discrete items.

Deferred income taxes represent the tax effects of the temporary differences between book and tax bases and are measured using enacted tax rates that will be in effect when such items are expected to reverse. The Company's net deferred tax asset is primarily comprised of future income tax deductions attributable to the delivery of unvested restricted stock units. The Company records a valuation allowance, when necessary, to reduce deferred tax assets to an amount that more likely than not will be realized.

9. Regulatory Requirements

CSS, a registered broker/dealer in the U.S., is subject to the SEC's Uniform Net Capital Rule 15c3-1 (the Rule), which requires that broker/dealers maintain a minimum level of net capital, as prescribed under the Rule. As of September 30, 2015, CSS had net capital of approximately \$2,585,000, which exceeded its requirements by approximately \$2,428,000. The Rule also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital of a broker/dealer is less than the amount required under the Rule and requires prior notice to the SEC for certain withdrawals of capital.

CSS does not carry customer accounts and is exempt from SEC Rule 15c3-3 pursuant to provisions (k)(1) and (k)(2)(i) of such rule.

The Company has agreements with certain affiliated open-end mutual funds and closed-end funds to reimburse certain fund expenses. For the three months ended September 30, 2015 and 2014, expenses of approximately \$1,998,000 and \$2,042,000, respectively, were incurred by the Company pursuant to these agreements and are included in general and administrative expenses. For the nine months ended September 30, 2015 and 2014, expenses of approximately \$6,476,000 and \$6,581,000, respectively, were incurred.

Included in accounts receivable at September 30, 2015 and December 31, 2014 are receivables due from Company-sponsored mutual funds of approximately \$18,146,000 and \$19,750,000, respectively.

11. Commitments and Contingencies

From time to time, the Company is involved in legal matters relating to claims arising in the ordinary course of business. There are currently no such matters pending that the Company believes could have a material adverse effect on its condensed consolidated results of operations, cash flows or financial position.

The Company periodically commits to fund a portion of the equity in certain of its sponsored investment products. The Company has committed to co-invest up to \$5.1 million alongside GRP-TE, a portion of which is made through GRP-TE and the remainder of which is made through GRP-CIP for up to 12 years through the life of GRP-TE. As of September 30, 2015, the Company has funded approximately \$3.2 million with respect to this commitment. The actual

timing for funding the unfunded portion of this commitment is currently unknown, as the drawdown of the Company's unfunded commitment is

COHEN & STEERS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS—(Continued)
(UNAUDITED)

contingent on the timing of drawdowns by the underlying funds and co-investments in which GRP-TE invests. The unfunded commitment was not recorded on the Company's condensed consolidated statements of financial condition as of September 30, 2015.

12. Concentration of Credit Risk

The Company's cash and cash equivalents are principally on deposit with three major financial institutions. The Company is subject to credit risk should these financial institutions be unable to fulfill their obligations.

13. Subsequent Events

The Company has evaluated the need for disclosures and/or adjustments resulting from subsequent events through the date the condensed consolidated financial statements were issued. Other than the items described below, the Company determined that there were no additional subsequent events that require disclosure and/or adjustment.

On November 3, 2015, CNS declared quarterly and special cash dividends on its common stock in the amount of \$0.25 and \$0.50 per share, respectively. The dividends will be payable on December 16, 2015 to stockholders of record at the close of business on November 25, 2015.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Set forth on the following pages is management's discussion and analysis of our financial condition and results of operations for the three and nine months ended September 30, 2015 and September 30, 2014. Such information should be read in conjunction with our condensed consolidated financial statements and the notes to the condensed consolidated financial statements included herein. The condensed consolidated financial statements of the Company included herein are unaudited. When we use the terms "Cohen & Steers," the "Company," "we," "us," and "our," we mean Cohen & Steers, Inc., a Delaware corporation, and its consolidated subsidiaries.

Executive Overview

General

We are a global investment manager specializing in liquid real assets, including real estate securities, listed infrastructure, commodities and natural resource equities, as well as preferred securities and other income solutions. Founded in 1986, we are headquartered in New York City, with offices in London, Hong Kong, Tokyo and Seattle. Our primary investment strategies include U.S. and global/international real estate securities, global listed infrastructure, master limited partnerships (MLPs), commodities, natural resource equities, multi-strategy real assets, preferred securities and large cap value. Our strategies encompass a variety of investment objectives and risk profiles and are actively managed by specialist teams of investment professionals who employ fundamental-driven research and portfolio management processes. We offer our strategies through a variety of investment vehicles, including U.S. registered mutual funds and other commingled vehicles and separate accounts, including sub-advised portfolios for financial institutions around the world.

Our products and services are marketed through multiple distribution channels. We distribute our U.S. registered mutual funds principally through financial intermediaries, including broker/dealers, registered investment advisers, banks and fund supermarkets. Our funds domiciled in Europe are marketed to retail and institutional investors through financial intermediaries, as well as privately to institutional investors. Our institutional clients include corporate and public pension plans, endowment funds and foundations, insurance companies and other financial institutions that access our investment management services directly or through consultants.

Our revenue is derived from investment advisory fees received from our clients, including fees for managing or sub-advising separate accounts, and investment advisory, administration, distribution and service fees received from Company-sponsored open-end mutual funds and closed-end funds. Our fees are based on contractually specified percentages of the value of the assets we manage. Our revenue fluctuates with changes in the total value of our assets under management, which may occur as a result of our investment decisions, market conditions, foreign currency fluctuations, or investor subscriptions or redemptions, and is recognized over the period that the assets are managed.

Quarterly Highlights

Revenue decreased 5% from the second quarter of 2015 to \$79.7 million for the third quarter of 2015. The decrease in revenue was primarily attributable to lower average assets under management in all three types of investment vehicles. Operating income increased 1% from the second quarter of 2015 to \$31.5 million for the third quarter of 2015.

Operating margin increased to 39.5% for the third quarter of 2015 compared with 37.3% for the second quarter of 2015. Our effective tax rate, which included the cumulative effect of adjusting the rate from 37% to 38% for the year, was 40.3% for the third quarter of 2015.

Assets under management decreased by \$404 million, or 1%, in the third quarter of 2015 to \$49.7 billion as of September 30, 2015, driven by net outflows combined with market depreciation. Average assets under management decreased by 5% during the third quarter of 2015 to \$50.7 billion. Our overall annualized organic decay rate was 2% for the third quarter of 2015. Organic growth/decay rates represent the ratio of annualized net flows for the quarter to the beginning assets under management.

Business Developments

In September, we launched the Cohen & Steers SICAV Global Listed Infrastructure Fund, a new fund in our series of Luxembourg-domiciled undertakings for collective investments in transferable securities (UCITS). The fund delivers our global listed infrastructure strategy to retail and institutional investors outside of the United States. This actively managed

fund will seek long-term capital growth and dividend income through equity investments in a diverse cross section of countries and infrastructure subsectors.

In September, we also registered to launch the Cohen & Steers Low Duration Preferred & Income Fund, Inc., a U.S. open-end registered investment company under the Investment Company Act of 1940, which we expect will be available to investors by the end of the year.

Overview

Assets under management were \$49.7 billion at September 30, 2015, an increase of 0.1% from \$49.7 billion at September 30, 2014. The increase was due to market appreciation of \$2.3 billion, partially offset by net outflows of \$2.2 billion for the twelve months ended September 30, 2015. Market appreciation included \$2.8 billion from U.S. real estate and \$617 million from global/international real estate, partially offset by market depreciation of \$805 million from global listed infrastructure and \$169 million from commodities (included in Other in the table above). Net outflows included \$3.2 billion from U.S. real estate and \$915 million from global/international real estate, partially offset by net inflows of \$1.0 billion into preferred securities, \$406 million into global listed infrastructure and \$387 million into commodities.

Average assets under management were \$50.7 billion for the three months ended September 30, 2015, a decrease of 2% from \$51.6 billion for the three months ended September 30, 2014. Average assets under management were \$53.0 billion for the nine months ended September 30, 2015, an increase of 6% from \$50.0 billion for the nine months ended September 30, 2014.

Institutional accounts

Assets under management in institutional accounts were \$24.6 billion at September 30, 2015, an increase of 3% from \$23.9 billion at September 30, 2014. The increase in assets under management for the twelve months ended September 30, 2015 was due to market appreciation of \$1.9 billion, partially offset by net outflows of \$1.2 billion. Market appreciation included \$1.7 billion from U.S. real estate and \$529 million from global/international real estate, partially offset by market depreciation of \$166 million from commodities and \$145 million from global listed infrastructure. Net outflows included \$1.5 billion from U.S. real estate and \$452 million from global/international real estate, partially offset by net inflows of \$388 million into commodities and \$315 million into global listed infrastructure.

Average assets under management for institutional accounts were \$24.9 billion for both the three months ended September 30, 2015 and 2014, respectively. Average assets under management were \$26.0 billion for the nine months

ended September 30, 2015, an increase of 5% from \$24.6 billion for the nine months ended September 30, 2014.

Assets under management in institutional accounts from subadvisory relationships were \$17.5 billion at September 30, 2015, an increase of 2% from \$17.1 billion at September 30, 2014. The increase in assets under management for the twelve months ended September 30, 2015 was due to market appreciation of \$1.4 billion, partially offset by net outflows of \$1.0 billion. Market appreciation included \$1.3 billion from U.S. real estate and \$353 million from global/international real estate, partially offset by market depreciation of \$152 million from commodities and \$101 million from global listed infrastructure. Net outflows included \$1.4 billion from U.S. real estate and \$293 million from global/international real estate, partially offset by net inflows of \$325 million into commodities, \$189 million into global listed infrastructure and \$124 million into preferred securities.

Average assets under management for institutional accounts from subadvisory relationships were \$17.8 billion for the three months ended September 30, 2015, a decrease of 1% from \$17.9 billion for the three months ended September 30, 2014. Average assets under management were \$18.6 billion for the nine months ended September 30, 2015, an increase of 4% from \$17.8 billion for the nine months ended September 30, 2014.

Assets under management in institutional accounts from advisory relationships were \$7.1 billion at September 30, 2015, an increase of 4% from \$6.8 billion at September 30, 2014. The increase in assets under management for the twelve months ended September 30, 2015 was due to market appreciation of \$461 million, partially offset by net outflows of \$165 million. Market appreciation included \$333 million from U.S. real estate and \$176 million from global/international real estate, partially offset by market depreciation of \$44 million from global listed infrastructure. Net outflows included \$159 million from global/international real estate, \$155 million from preferred securities and \$78 million from U.S. real estate, partially offset by net inflows of \$126 million into global listed infrastructure and \$84 million into natural resource equities (included in Other in the table above).

Average assets under management for institutional accounts from advisory relationships were \$7.1 billion for both the three months ended September 30, 2015 and 2014, respectively. Average assets under management were \$7.3 billion for the nine months ended September 30, 2015, an increase of 8% from \$6.8 billion for the nine months ended September 30, 2014.

Open-end mutual funds

Assets under management in open-end mutual funds were \$16.1 billion at both September 30, 2015 and September 30, 2014 as market appreciation of \$1.0 billion was offset by net outflows of \$1.0 billion. Market appreciation included \$1.0 billion from U.S. real estate, \$87 million from global/international real estate and \$49 million from preferred securities, partially offset by market depreciation of \$56 million from global listed infrastructure. Net outflows included \$1.6 billion from U.S. real estate and \$462 million from global/international real estate, partially offset by net inflows of \$1.1 billion into preferred securities.

Average assets under management for open-end mutual funds were \$16.4 billion for the three months ended September 30, 2015, a decrease of 2% from \$16.8 billion for the three months ended September 30, 2014. Average assets under management were \$17.3 billion for the nine months ended September 30, 2015, an increase of 10% from \$15.8 billion for the nine months ended September 30, 2014.

Closed-end funds

Assets under management in closed-end funds were \$9.0 billion at September 30, 2015, a decrease of 7% from \$9.6 billion at September 30, 2014. The decrease in assets under management for the twelve months ended September 30, 2015 was primarily due to market depreciation of \$661 million.

Average assets under management for closed-end funds were \$9.3 billion for the three months ended September 30, 2015, a decrease of 6% from \$9.9 billion for the three months ended September 30, 2014. Average assets under management were \$9.7 billion for the nine months ended September 30, 2015, an increase of 1% from \$9.6 billion for the nine months ended September 30, 2014, primarily due to market appreciation.

Three Months Ended September 30, 2015 Compared with Three Months Ended September 30, 2014

Revenue

Total revenue decreased 1% to \$79.7 million for the three months ended September 30, 2015 from \$80.8 million for the three months ended September 30, 2014. This decrease was primarily attributable to lower investment advisory and administration fees of \$1.7 million, resulting from lower average assets under management in all three investment vehicles.

For the three months ended September 30, 2015, total investment advisory revenue from institutional accounts increased 1% to \$20.6 million from \$20.5 million for the three months ended September 30, 2014.

For the three months ended September 30, 2015, total investment advisory and administration revenue from open-end mutual funds decreased 2% to \$32.8 million from \$33.4 million for the three months ended September 30, 2014.

For the three months ended September 30, 2015, total investment advisory and administration revenue from closed-end funds decreased 6% to \$20.0 million from \$21.3 million for the three months ended September 30, 2014.

Expenses

Total operating expenses decreased 1% to \$48.2 million for the three months ended September 30, 2015 from \$48.5 million for the three months ended September 30, 2014, primarily due to decreases of \$787,000 in employee compensation and benefits and \$470,000 in distribution and service fee expenses, partially offset by an increase of \$862,000 in general and administrative expenses.

Employee compensation and benefits decreased 3% to \$25.9 million for the three months ended September 30, 2015 from \$26.7 million for the three months ended September 30, 2014, primarily due to lower amortization of restricted stock units of approximately \$1.1 million, partially offset by higher incentive compensation of approximately \$299,000 and an increase in salaries of approximately \$186,000 primarily due to new hires.

Distribution and service fee expenses decreased 5% to \$8.6 million for the three months ended September 30, 2015 from \$9.0 million for the three months ended September 30, 2014. The decrease was primarily due to lower average assets under management in open-end, no-load mutual funds.

General and administrative expenses increased 8% to \$12.2 million for the three months ended September 30, 2015 from \$11.3 million for the three months ended September 30, 2014. The increase was primarily due to higher recruiting fees of approximately \$640,000 and higher rent and occupancy costs of approximately \$445,000 attributable to the expansion of office space at our corporate headquarters.

Operating Margin

Operating margin for the three months ended September 30, 2015 was 39.5%, compared with 40.0% for the three months ended September 30, 2014.

Non-operating Income

Non-operating loss for the three months ended September 30, 2015 was \$3.0 million, compared with \$3.6 million for the three months ended September 30, 2014. The decrease was primarily due to lower realized and unrealized losses from seed investments. The non-operating loss for the three months ended September 30, 2015 and September 30, 2014 included net loss attributable to redeemable noncontrolling interest of \$129,000 and \$147,000, respectively.

Income Taxes

Income tax expense was \$11.5 million for the three months ended September 30, 2015, compared with \$10.7 million for the three months ended September 30, 2014. The provision for income taxes for the three months ended September 30, 2015 included U.S. federal, state, local and foreign taxes at an approximate effective tax rate of 40.3%, which included the cumulative effect to adjust our estimated tax rate from 37% to 38% for the full year 2015 due to a valuation allowance that was recorded on the tax benefit associated with the non-operating losses for the three months ended September 30, 2015. The effective tax rate for the three months ended September 30, 2014 was approximately 37.1%, which included the cumulative effect to adjust our estimated tax rate to 36% for the full year 2014. We expect our tax rate for the full year 2015 to approximate 38%, excluding discrete items.

Nine Months Ended September 30, 2015 Compared with Nine Months Ended September 30, 2014

Revenue

Total revenue increased 6% to \$247.0 million for the nine months ended September 30, 2015 from \$232.1 million for the nine months ended September 30, 2014. This increase was primarily attributable to higher investment advisory and administration fees of \$12.8 million, resulting from higher average assets under management in all three investment vehicles, higher portfolio consulting and other revenue of approximately \$1.2 million, attributable to higher average assets under advisement from model-based strategies, and higher distribution and service fee revenue of approximately \$929,000, attributable to higher average assets under management in our open-end mutual funds in 2015.

For the nine months ended September 30, 2015, total investment advisory revenue from institutional accounts increased 5% to \$64.0 million from \$60.7 million for the nine months ended September 30, 2014.

For the nine months ended September 30, 2015, total investment advisory and administration revenue from open-end mutual funds increased 10% to \$102.7 million from \$93.6 million for the nine months ended September 30, 2014.

For the nine months ended September 30, 2015, total investment advisory and administration revenue from closed-end funds increased 1% to \$61.8 million from \$61.4 million for the nine months ended September 30, 2014.

For the nine months ended September 30, 2015, total portfolio consulting and other revenue increased 22% to \$6.6 million from \$5.5 million for the nine months ended September 30, 2014.

For the nine months ended September 30, 2015, total distribution and service fee revenue increased 8% to \$11.9 million from \$11.0 million for the nine months ended September 30, 2014.

Expenses

Total operating expenses increased 5% to \$149.8 million for the nine months ended September 30, 2015 from \$142.5 million for the nine months ended September 30, 2014, primarily due to increases of \$3.7 million in employee compensation and benefits, \$3.0 million in general and administrative expenses and \$746,000 in distribution and service fee expenses.

Employee compensation and benefits increased 5% to \$80.3 million for the nine months ended September 30, 2015 from \$76.6 million for the nine months ended September 30, 2014, primarily due to increases in salaries and benefits of approximately \$2.3 million primarily due to new hires, incentive compensation of approximately \$1.5 million and production compensation of approximately \$451,000, partially offset by lower amortization of restricted stock units of approximately \$1.7 million.

General and administrative expenses increased 9% to \$37.5 million for the nine months ended September 30, 2015 from \$34.5 million for the nine months ended September 30, 2014. The increase was primarily due to higher recruiting fees of approximately \$934,000, increased rent and occupancy costs of approximately \$682,000 attributable to the expansion of

office space at our corporate headquarters, higher international travel expenses of approximately \$500,000 and higher sponsored conference expenses of approximately \$330,000.

Distribution and service fee expenses increased 3% to \$27.4 million for the nine months ended September 30, 2015 from \$26.6 million for the nine months ended September 30, 2014. The increase was primarily due to higher average assets under management in open-end mutual funds, partially offset by a shift to lower cost share classes and the expiration of a compensation agreement entered into in connection with the common stock offering of one of our closed-end funds for which fees were incurred through January 2015.

Operating Margin

Operating margin for the nine months ended September 30, 2015 was 39.4%, compared with 38.6% for the nine months ended September 30, 2014.

Non-operating Income

Non-operating loss for the nine months ended September 30, 2015 was \$2.7 million, compared with non-operating income of \$4.6 million for the nine months ended September 30, 2014. The decrease was primarily due to realized and unrealized losses from seed investments. The non-operating loss for the nine months ended September 30, 2015 included net loss attributable to redeemable noncontrolling interest of \$163,000. The non-operating income for the nine months ended September 30, 2014 included net income attributable to redeemable noncontrolling interest of \$749,000.

Income Taxes

Income tax expense was \$36.0 million for the nine months ended September 30, 2015, compared with \$33.6 million for the nine months ended September 30, 2014. The provision for income taxes for the nine months ended September 30, 2015 included U.S. federal, state, local and foreign taxes at an approximate effective tax rate of 38%. The effective tax rate for the nine months ended September 30, 2014 was approximately 36%. We expect our tax rate for the full year 2015 to approximate 38%, excluding discrete items.

Changes in Financial Condition, Liquidity and Capital Resources

Our investment advisory business does not require us to maintain significant capital balances. Our current financial condition is highly liquid, with a significant amount of our assets comprised of cash and cash equivalents, equity method investments, available-for-sale investments and accounts receivable (together, liquid assets). Our cash flows generally result from the operating activities of our business, with investment advisory and administrative fees being the most significant contributor. Cash and cash equivalents, equity method investments, available-for-sale investments and accounts receivable, excluding investments classified as level 3 in accordance with Accounting Standards Codification Topic 820, Fair Value Measurement, were 79% and 78% of total assets as of September 30, 2015 and December 31, 2014, respectively.

Cash and cash equivalents increased by \$21.7 million, excluding the effect of foreign exchange rate changes, for the nine months ended September 30, 2015. Net cash provided by operating activities was \$68.4 million for the nine months ended September 30, 2015. Net cash provided by investing activities was \$1.2 million, which included proceeds from sales of available-for-sale investments in the amount of \$7.0 million, partially offset by purchases of available-for-sale investments in the amount of \$4.1 million and purchases of property and equipment in the amount of \$1.6 million. Net cash of \$47.9 million was used in financing activities, primarily for dividends to stockholders of \$34.1 million and repurchases of common stock to satisfy employee withholding tax obligations on the vesting and delivery of restricted stock units of \$19.2 million, partially offset by excess tax benefits associated with the vesting and delivery of restricted stock units of \$4.7 million, issuance of common stock of \$450,000 and contributions from redeemable noncontrolling interest of \$283,000. For the nine months ended September 30, 2015, we made one new seed investment of \$5 million in connection with the launch of the Cohen & Steers SICAV Global Listed Infrastructure Fund.

Cash and cash equivalents increased by \$10.6 million, excluding the effect of foreign exchange rate changes, for the nine months ended September 30, 2014. Net cash provided by operating activities was \$18.9 million for the nine months ended September 30, 2014. Net cash provided by investing activities was \$10.9 million, which included proceeds from sales of available-for-sale investments in the amount of \$11.0 million and proceeds from the redemption of equity method investments of \$10.9 million, partially offset by purchases of available-for-sale

investments in the amount of \$6.1 million and purchases of property and equipment in the amount of \$4.9 million. Net cash of \$19.3 million was used in financing

activities, primarily for dividends to stockholders of \$29.6 million, repurchases of common stock to satisfy employee withholding tax obligations on the vesting and delivery of restricted stock units of \$11.7 million and distributions to redeemable noncontrolling interest of \$5.0 million, partially offset by contributions from redeemable noncontrolling interest of \$24.0 million and excess tax benefits associated with the vesting and delivery of restricted stock units of \$2.5 million. For the nine months ended September 30, 2014, we made one new seed investment of \$10 million in connection with the launch of the Cohen & Steers Active Commodities Strategy Fund, Inc.

It is our policy to continuously monitor and evaluate the adequacy of our capital. We have consistently maintained net capital in excess of the regulatory requirements for our broker/dealer, as prescribed by the Securities and Exchange Commission (SEC). At September 30, 2015, we exceeded our minimum regulatory capital requirements by approximately \$2.4 million. The SEC's Uniform Net Capital Rule 15c3-1 imposes certain requirements that may have the effect of prohibiting a broker/dealer from distributing or withdrawing capital and requiring prior notice to the SEC for certain withdrawals of capital.

Cohen & Steers Asia Limited (CSAL) and Cohen & Steers UK Limited (CSUK) are regulated outside the U.S. by the Hong Kong Securities and Futures Commission and the United Kingdom Financial Conduct Authority, respectively. At September 30, 2015, CSAL and CSUK exceeded their aggregate minimum regulatory requirements by approximately \$64.2 million. We believe that our cash and cash equivalents and cash flows from operations will be more than adequate to meet our anticipated capital requirements and other obligations as they become due.

Included in cash and cash equivalents was approximately \$83.5 million held by our foreign subsidiaries as of September 30, 2015. It is our current intention to permanently reinvest funds held by our non-U.S. subsidiaries. We believe that our liquid assets held in the U.S. are more than sufficient to cover our working capital needs in the U.S. We periodically commit to fund a portion of the equity in certain of our sponsored investment products. We have committed to co-invest up to \$5.1 million alongside Cohen & Steers Global Realty Partners III-TE, L.P. (GRP-TE). As of September 30, 2015, we funded approximately \$3.2 million with respect to this commitment. Our co-investment alongside GRP-TE is illiquid and is anticipated to be invested for the life of the fund. The timing of the funding of the unfunded portion of our commitment is currently unknown, as the drawdown of our commitment is contingent on the timing of drawdowns by the underlying funds and co-investments in which GRP-TE invests. The unfunded portion of this commitment was not recorded on our condensed consolidated statements of financial condition as of September 30, 2015.

On November 3, 2015, the Company declared quarterly and special cash dividends on its common stock in the amount of approximately \$34.1 million. The dividends will be payable on December 16, 2015 to stockholders of record at the close of business on November 25, 2015.

Contractual Obligations and Contingencies

We have contractual obligations to make future payments in connection with our noncancelable operating leases for office space and certain computer and office equipment. There were no material capital lease obligations as of September 30, 2015. The following summarizes our contractual obligations as of September 30, 2015 (in thousands):

	2015	2016	2017	2018	2019	2020 and after	Total
Operating leases	\$3,007	\$12,429	\$11,277	\$10,287	\$10,733	\$42,978	\$90,711
Off-Balance Sheet Arrangements							

We do not invest in any off-balance sheet vehicles that provide liquidity, capital resources, market or credit risk support, or engage in any leasing activities that expose us to any liability that is not reflected in our condensed consolidated financial statements.

Critical Accounting Policies and Estimates

A complete discussion of our critical accounting policies is included in Management's Discussion and Analysis of Financial Condition and Results of Operations in our Annual Report on Form 10-K for the year ended December 31, 2014.

Certain of our seed investments in Company-sponsored mutual funds had unrealized losses at September 30, 2015. Our assessment of whether such unrealized losses were other than temporary required management to make certain judgments about matters that may be uncertain at the time the estimate was made, and, therefore we considered this to be a critical accounting estimate for the third quarter of 2015. When evaluating whether these unrealized losses were other than temporary, we considered such factors as the extent and duration of the losses as well as quantitative and qualitative information about the financial condition and near term prospects of each of the funds and underlying portfolios. In addition, we determined that we had the ability and intent to hold these investments until a recovery of their fair value. If we had determined that such unrealized losses were other than temporary, we would have recorded the losses on our condensed consolidated statements of operations.

Recently Issued Accounting Pronouncements

See discussion of Recently Issued Accounting Pronouncements in Note 2 of the Notes to Condensed Consolidated Financial Statements contained in Part I, Item 1 of this report.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

There have been no material changes to our Quantitative and Qualitative Disclosures About Market Risk from those previously reported in our Annual Report on Form 10-K for the year ended December 31, 2014.

Item 4. Controls and Procedures

We maintain disclosure controls and procedures (as that term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)), that are designed to ensure that information required to be disclosed in our reports under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and our Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosures. Any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives. Our management, including our Chief Executive Officer and our Chief Financial Officer, has evaluated the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act) as of September 30, 2015. Based on that evaluation and subject to the foregoing, our Chief Executive Officer and our Chief Financial Officer have concluded that our disclosure controls and procedures as of September 30, 2015 were effective to accomplish their objectives at a reasonable assurance level.

There has been no change in our internal control over financial reporting that occurred during the three months ended September 30, 2015 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II—Other Information

Item 1. Legal Proceedings

From time to time, we may become involved in legal matters relating to claims arising in the ordinary course of our business. There are currently no such matters pending that we believe could have a material effect on our condensed consolidated results of operations, cash flows or financial condition. In addition, from time to time, we may receive subpoenas or other requests for information from various U.S. federal and state governmental authorities, domestic and international regulatory authorities and third parties in connection with certain industry-wide inquiries or other investigations or legal proceedings. It is our policy to cooperate fully with such requests.

Item 1A. Risk Factors

For a discussion of the potential risks and uncertainties associated with our business, please see Part I, Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2014 (the Form 10-K). There have been no material changes to the risk factors disclosed in Part 1, Item 1A of the Form 10-K.
