NOTICE TO THE MARKET

BRASKEM S.A. (Braskem), pursuant to Instruction 384/2003 of the Brazilian Securities and Exchange Commission (CVM) and Resolution 293/2003 of the São Paulo Stock Exchange (BOVESPA), hereby informs its shareholders and the market that on the present date it signed an agreement with BANCO UBS PACTUAL S/A to serve as Market Maker for its Class A preferred shares listed on the BM&FBovespa. Braskem currently has 247,667,910 (two hundred forty-seven million, six hundred sixty-seven thousand, nine hundred ten) outstanding Class A preferred shares.

The Agreement is valid for 12 (twelve) months and may be renewed through Contractual Addendums. It is important to mention that no other agreement was signed with BANCO UBS PACTUAL S/A regulating the exercise of voting rights or the purchase or sale of securities issued by Braskem.

The Market Maker is an agent that undertakes to maintain a regular and continuous flow of purchase and sale offers, thus ensuring minimum liquidity and a benchmark price for the share, while respecting a predetermined spread. The hiring of a market maker underlines Braskem's commitment to its investors by fostering the liquidity of its shares.

BANCO UBS PACTUAL S/A will begin market making services for Braskem on July 2, 2009.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
