Report on review of interim financial information

To Shareholders, Members of the Board and Management

Braskem S.A.

Camaçari - Bahia

Introduction

We have reviewed the accompanying individual and consolidated interim financial information of Braskem S.A. (the "Company") included in the Quarterly Financial Information for the quarter ended June 30, 2016, which comprises the balance sheet as of June 30, 2016, the statements of profit or loss and comprehensive income for the three-month and six-month periods then ended, changes in equity and cash flows for the six-month period then ended, and notes to the interim financial information.

Management is responsible for the preparation and presentation of this individual interim financial information in accordance with CPC 21(R1) Technical Pronouncement - Interim Financial Reporting and the consolidated interim financial information in accordance with CPC 21(R1) and international standard IAS 34 - *Interim Financial Reporting*, issued by the *International Accounting Standards Board* - IASB, as well as for the presentation of this quarterly information in accordance with the standards issued by CVM - Brazilian Securities and Exchange Commission, applicable to the preparation of interim financial information. Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of review

We conducted our review in accordance with Brazilian and international review standards applicable to interim financial information (NBC TR 2410 - Review of Interim Financial Information Performed by the Independent Auditor of the Entity and ISRE 2410 - Review of Interim Financial Information Performed by the Independent Auditor of the Entity, respectively). A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion on the individual interim financial information

Based on our review, nothing has come to our attention that causes us to believe that the accompanying individual interim financial information referred to above is not prepared, in all material respects, in accordance with CPC 21(R1) applicable to the preparation of interim financial information and presented in accordance with the standards issued by CVM - Brazilian Securities and Exchange Commission.

Conclusion on the consolidated interim financial information

Based on our review, nothing has come to our attention that causes us to believe that the accompanying consolidated interim financial information referred to above is not prepared, in all material respects, in accordance with CPC 21(R1) and IAS 34, issued by the IASB, applicable to the preparation of interim financial information and presented in accordance with the standards issued by CVM - Brazilian Securities and Exchange Commission.

Emphasis of a matter

We draw attention to notes 18 (a) and (b) to the interim financial information that discloses the allegations, events and actions taken by the Company related to the internal investigation in progress, dialogues with the competent authorities and the progress of the class action brought against it in the United States courts. During the course of the second quarter, the Company became aware of additional allegations regarding unlawful facts involving the Company, arising from the scope of investigations into third parties. Within this scenario, the Company will begin dialogues with the Department of Justice (DoJ) and the Securities and Exchange Commission (SEC) to confirm the veracity of such allegations, any parallel investigations and any agreements, which may imply the enforcement of fines and/or other sanctions by the competent authorities and other parties involved. At present, the Company is unable to reasonably estimate potential losses to be accounted for and, therefore, no provision was recorded in the interim financial information. Our conclusion does not contain modifications in relation to these matters.

Other matters

Statements of value added

We also reviewed the individual and consolidated statements of value added for the six-month period ended June 30, 2016, prepared under the responsibility of the Company's management, whose presentation on the interim financial information is required under the standards issued by CVM - Brazilian Securities and Exchange Commission applicable to the preparation of Interim Financial Information and considered as additional information by IFRS, which do not require the presentation of the statement of value added. These statements have been submitted to the same review procedures described above and, based on our review, nothing has come to our attention that causes us to believe that the accompanying statements of value added are not prepared, in all material respects, in accordance with the individual and consolidated interim financial information taken as a whole.

(a) Brazilian real as functional currency

The Company has a few associates abroad using Brazilian real as the functional currency. Foreign exchange gains and losses resulting from the settlement of these transactions and translation at foreign exchange rates at the end of the year, relating to monetary assets and liabilities in foreign currency, are recognized in the statement of operations for the year as "financial income" and "financial expenses", respectively, except when classified as "hedge accounting," in which case these are recognized under shareholders' equity as cash flow hedge operations.
