Item 1.01 Entry into a Material Definitive Agreement.

At a meeting on December 5, 2005, the Compensation Committee of the Board of Directors finalized the performance targets for the fiscal year ending September 30, 2006, for all executive officers and individual incentive targets as a percentage of base pay ranging from 55% to 100%. The performance targets set by the Compensation Committee included EBITDA, earnings per share, and a computation based on primary working capital. At such meeting, the Compensation Committee also determined the bonuses for the executive officers for the fiscal year ended October 1, 2005. At a meeting on December 1, 2004, the Compensation Committee had finalized the fiscal 2005 performance targets for the then-executive officers and individual incentive targets as a percentage of base pay ranging from 55% to 100% and set performance targets that included net sales and earnings per share. By applying the threshold levels as initially established, the then-executives did not qualify for bonuses. Mr. Marini's performance targets included EBITDA, net sales, primary working capital and earnings per share in respect of which he qualified for a bonus equal to 105% of his target.
