Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(e)

At its meeting on November 8, 2006, the Compensation Committee of the Board of Directors of Western Digital Corporation (the "Company") established the performance goals for each of the two \$1,000,000 performance cash awards (valued at target) awarded to John F. Coyne on October 31, 2006, as previously described in the Current Report on Form 8-K filed by the Company on November 2, 2006. As previously disclosed in such Form 8-K, the first cash award corresponds to the performance period July 1, 2006 through June 29, 2007 and the second cash award corresponds to the performance period July 1, 2006 through June 27, 2008. For each cash award, the Compensation Committee determined that payment of the award would be conditioned upon the Company's accomplishment of specified performance goals as measured by predetermined financial operating metrics, in various combinations, for the performance period applicable to the award. Depending upon the Company's achievement of these predetermined performance goals, the first cash award will be paid within a reasonable period of time following the end of the Company's 2007 fiscal year and the second cash award will be paid within a reasonable period of time following the end of the Company's 2008 fiscal year, in each case based on a percentage of the target amount (ranging from 0% to 200%). Each performance cash award is further subject to the terms and conditions of a Notice of Grant of Long-Term Cash Award and Long-Term Cash Award Agreement -- Executives in substantially the form previously filed with the Securities and Exchange Commission.

On November 9, 2006, the Compensation Committee of the Board of Directors also established the performance goals for the cash bonus awards under the Western Digital Corporation Incentive Compensation Plan (the "ICP") for the second half of fiscal year 2007. The Compensation Committee determined that funding of the ICP for this period will be based upon the accomplishment of predetermined performance goals as measured by a predetermined financial operating metric. Under the ICP, the Company's executive officers and certain other employees may be awarded cash bonus awards based on the Company's achievement of these predetermined performance goals. For executive officers, a target amount has been established as a percentage of base salary ranging from 75% to 100% of base salary. Depending upon the Company's achievement of these performance goals, the ICP may fund based on a percentage of the target bonus amount (ranging from 0% to 200% of the target). However, individual participation in the ICP is based on individual performance, and actual awards may vary upward or downward.

Also, on November 9, 2006, the Compensation Committee of the Board of Directors approved an increase in the annual base salary of Stephen D. Milligan from \$400,000 to \$450,000. This increase became effective on November 9, 2006.
