\*Non-income producing security.

(a) Aggregate cost for federal income tax purpose is \$6,247,869

At March 31, 2016, unrealized appreciation (depreciation) of securities for federal income tax purposes is as follows:

|                             |              |
|-----------------------------|--------------|
| Unrealized appreciation     | \$ 1,196,755 |
| Unrealized depreciation     | (517,934 )   |
| Net unrealized appreciation | \$678,821    |

Because tax adjustments are calculated annually, the above tax figures reflect the tax adjustments outstanding at the Fund's previous fiscal year end. For the previous fiscal year's federal income tax information, please refer to the Notes to Financial Statements section in the Fund's most recent semi-annual and annual reports.

---

## Fair Value Measurements -

The Fund utilizes various methods to measure the fair value of most of its investments on a recurring basis. U.S. GAAP establishes a hierarchy that prioritizes inputs to valuation methods. The three levels of inputs are:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities that the company has the ability to access.

Level 2 - Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 - Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Fund's own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following table summarizes the valuation of the Trust's securities at March 31, 2016 using fair value hierarchy:

|                                 | Level 1 <sup>(a)</sup> | Level 2 <sup>(a)</sup> | Level 3 <sup>(a)</sup> | Total       |
|---------------------------------|------------------------|------------------------|------------------------|-------------|
| Investments, in securities      |                        |                        |                        |             |
| Common stocks <sup>(b)</sup>    | \$6,926,690            | \$ -                   | \$ -                   | \$6,926,690 |
| Rights and warrants             | -                      | -                      | -                      | \$-         |
| Short term securities           | -                      | -                      | -                      | \$-         |
| Total investments in securities | \$6,926,690            | \$ -                   | \$ -                   | \$6,926,690 |

(a) It is the Fund's policy to recognize transfers between levels on the last day of the fiscal reporting period.

(b) For a detailed break-out of common stocks by major industry classification, please refer to the Portfolio of Investments.

ITEM 2. CONTROLS AND PROCEDURES.

(a) Based on an evaluation of the disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940), the disclosure controls and procedures as of a date within 90 days prior to the filing date of this Form N-Q (the "Report"), are reasonably designed to ensure that information required to be disclosed by the Registrant in the Report is recorded, processed, summarized and reported by the filing date, including ensuring that information required to be disclosed in the Report is accumulated and communicated to the Registrant's management, including the Registrant's principal executive officer and principal financial officer. Based on such evaluation, the Registrant's Principal Executive Officer and Principal Financial Officer have determined that the disclosure controls and procedures are effective.

(b) There were no significant changes in the Registrant's internal controls over financial reporting or in other factors that could significantly affect these controls subsequent to the date of their evaluation, in connection with the preparations of this Quarterly Schedule of Portfolio of Investments.

ITEM 3. EXHIBITS.

Separate certifications for each principal executive officer and principal financial officer of the registrant as required by Rule 30a-2(a) under the Act (17 CFR 270.30a-2(a)) is attached hereto as Exhibit 99.CERT.

---
