NOTE 1 - THE COMPANY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

THE COMPANY

OVERVIEW

Sielox, Inc., formerly known as Dynabazaar, Inc. (the "Company"), was incorporated in the State of Delaware in February 1997 as "Fairmarket, Inc." Through September 3, 2003, the Company was an online auction and promotions technology service provider that enabled marketers to create results-oriented rewards programs and helped commerce companies automate the process of selling their excess inventory online to wholesale and retail buyers. On September 4, 2003, the Company sold substantially all of its operating assets to eBay, Inc. ("eBay") for consideration of \$4.5 million in cash under the terms and conditions of an asset purchase agreement the Company entered into with eBay on June 20, 2003. Following the closing of the asset sale, the Company changed its name from "Fairmarket, Inc." to "Dynabazaar, Inc."

In connection with the cessation of the Company's online auction business, the Company relocated its principal executive offices as of January 1, 2004 to 888 Seventh Avenue, 17th Floor, New York, New York 10019, an office maintained by Barington Capital Group, L.P. ("Barington"), a limited partnership whose general partner is a corporation of which James A. Mitarotonda is Chairman, President and Chief Executive Officer. Mr. Mitarotonda was previously the Company's President and Chief Executive Officer and served as a member of the Company's board of directors.

From January 2003 until June 20, 2006, the Company did not operate any business and was settling its remaining claims and liabilities while reviewing alternatives for the use or disposition of its remaining assets.

On June 20, 2006, Costar Video Systems, LLC ("Costar") and Video Solutions Technology Center, LLC ("VSTC"), the Company's direct and indirect wholly-owned subsidiaries, completed the acquisition (the "Acquisition") of substantially all of the assets of Southern Imaging, Inc., a Texas corporation ("Southern Imaging"), and Video Solutions Technology Center, Inc., a Nevada corporation ("Video Solutions"), pursuant to the

Edgar Filing: SIELOX INC - Form 10-Q

transactions contemplated by the asset purchase agreement, dated as of June 20, 2006, by and between Southern Imaging, Video Solutions, the shareholders of Southern Imaging, Costar and VSTC. Costar, the Company's wholly-owned subsidiary which acquired Southern Imaging's assets, designs, sources and distributes video and imaging products for the security and industrial markets. VSTC, a wholly-owned subsidiary of Costar which acquired the assets of Video Solutions, provides product design and development, technical support and repair services for Costar.

As previously disclosed in a Current Report on Form 8-K filed by the Company on April 23, 2007, Mr. Mitarotonda resigned as the Company's President and Chief Executive Officer, effective as of the close of business on April 20, 2007. Mr. Mitarotonda continued to serve as a member of the Company's board of directors until his resignation from the Company's board of directors on July 31, 2007 in connection with the Merger, as further described below.

On April 20, 2007, the Company's board of directors appointed Sebastian E. Cassetta to serve as the Company's President and Chief Executive Officer, effective as of the close of business on April 20, 2007.

Effective July 31, 2007, pursuant to the Amended and Restated Agreement and Plan of Merger, dated as of February 26, 2007, as amended (the "Merger Agreement"), by and among the Company, L Q Corporation, Inc. ("L Q Corporation") and LQ Merger Corp ("LMC"), LMC was merged with and into L Q Corporation, with L Q Corporation continuing as the surviving corporation and a wholly-owned subsidiary of the Company (the "Merger"). Immediately following the Merger, the Company's name was changed from "Dynabazaar, Inc." to "Sielox, Inc".

NOTE 1 - THE COMPANY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

By virtue of the Merger, L Q Corporation stockholders have the right to receive 3.68 shares of the Company's common stock, par value \$0.001 per share, for each share of L Q Corporation common stock they owned as of the effective time of the Merger. Cash is paid in lieu of fractional shares of the Company's common stock. Additionally, each outstanding option to purchase L Q Corporation common stock has been assumed by the Company and now represents an option to acquire shares of the Company's common stock, subject to the applicable conversion ratio, on the terms and conditions set forth in the Merger Agreement.

Effective upon the closing of the Merger and in accordance with the terms of the Merger Agreement, as of July 31, 2007, Raymond L. Steele and Mr. Mitarotonda each resigned from the Company's board of directors and the following three members of the board of directors of L Q Corporation were appointed to the Company's board of directors: Mr. Cassetta, Dianne McKeever and Steven Berns.

Additionally, in connection with the completion of the Merger, the Company relocated its principal executive offices to 170 East Ninth Avenue, Rummel, New Jersey 08078, which is an office and warehouse facility leased by the Company.

Sebastian E. Cassetta, who serves as the Company's President, CEO and a member of the Company's board of directors, is a Senior Managing Director and the Chief Operating Officer of Barington. He also serves as the Chief Executive Officer of Costar. Dianne K. McKeever, a research analyst at Barington, serves as one of the Company's directors. Barington and certain of its affiliates which have joined with Barington in the filing of a statement on Schedule 13D, collectively own greater than 10% of the Company's outstanding common stock. The Company is party to a services agreement under which Barington performs certain administrative, legal and financial advisory services on the Company's behalf. The Company entered into an amendment as of May 18, 2007 (the "Amendment") to the services agreement between Barington and the Company dated as of December 17, 2004 (as amended, the "Services Agreement"). The Amendment provides that the administrative services provided by Barington on behalf of the Company under the Services Agreement (as well as the monthly payments made by the Company to Barington for such services) terminated immediately following the closing of the transactions contemplated by the Merger Agreement.

Edgar Filing: SIELOX INC - Form 10-Q

Notwithstanding the termination of the administrative services provided by Barington following the closing of the Merger, the Services Agreement continues to run until December 31, 2007, therefore permitting the Company to continue to have access to legal and financial advisory services from Barington on an "as requested" basis. There is no requirement under the Services Agreement, however, for the Company to utilize such services of Barington. Additional information concerning the Services Agreement may be found under Part III, Item 13 of Amendment No. 1 to the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on April 17, 2007, which disclosure is incorporated herein by reference.

BASIS OF PRESENTATION (\$ IN THOUSANDS)

The accompanying condensed consolidated financial statements of the Company for the three and six months ended June 30, 2007 and 2006 are unaudited and have been prepared on a basis substantially consistent with the Company's audited consolidated financial statements for the year ended December 31, 2006. The condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information. Consequently, these statements do not include all disclosures normally required by generally accepted accounting principles for annual financial statements. CASH AND CASH EQUIVALENTS (\$ IN THOUSANDS)

The Company considers all highly-liquid debt instruments with original maturities of three months or less to be cash equivalents, including highly rated money market funds with daily liquidity. At June 30, 2007, and throughout the three month period, balances of cash at financial institutions exceeded the federally insured limit. The Company has not experienced any losses in such accounts and believes it is not subject to any significant credit risk on cash and cash equivalents. The following schedule summarizes the estimated fair value of the Company's cash and cash equivalents:

	June 30, 2007 (unaudited)	December 31, 2006
Cash and cash equivalents:		
Cash	\$ 103	\$ 72
Money market funds	2,008	2,866
	\$ 2,111	\$ 2,938

CONCENTRATION OF CREDIT RISK

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist primarily of cash and cash equivalents, short term investments and accounts receivable. Substantially all of the Company's cash and cash equivalents are invested in a highly liquid money market funds.

FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company's financial instruments, including cash and cash equivalents, accounts receivable and accrued expenses payable are carried at cost. The Company's financial instruments approximate fair value due to their relatively short maturities. The Company does not hold or issue financial instruments for trading purposes.

PRINCIPLES OF CONSOLIDATION

The condensed consolidated financial statements include the accounts of our direct and indirect wholly-owned subsidiaries Costar and VSTC. Significant intercompany transactions and balances have been eliminated.

NOTE 1 – THE COMPANY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

INCOME TAXES

Effective January 1, 2007, the Company adopted the provisions of the Financial Accounting Standards Board (“FASB”) Interpretation No. 48, “Accounting for Uncertainty in Income Taxes - an interpretation of FASB Statement No. 109” (“FIN 48”). There were no unrecognized tax benefits as of January 1, 2007 and as of June 30, 2007. FIN 48 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. No amounts were accrued for the payment of interest and penalties at January 1, 2007. There was no change to this balance at June 30, 2007. Management is currently unaware of any issues under review that could result in significant payments, accruals or material deviations from its position. The adoption of the provisions of FIN 48 did not have a material impact on the Company’s financial position, results of operations or cash flows.

STOCK-BASED COMPENSATION

On January 1, 2006, the Company adopted SFAS No.123(R) “Accounting for Stock-Based Compensation” (“SFAS No. 123(R)”). Among other items, SFAS No. 123(R) requires companies to record compensation expense for share-based awards issued to employees and directors in exchange for services provided. The amount of the compensation expense is based on the estimated fair value of the awards on their grant dates and is recognized over the applicable vesting period.

The fair value of stock options is determined using an option-pricing model that takes into account the stock price at the grant date, the exercise price, the expected life of the option, the volatility of the underlying stock and the expected dividends on it, and the risk free interest rate over the expected life of the option.

The Company adopted SFAS No.123(R) using the modified prospective transition method, which requires the application of the accounting standard to all share-based awards issued on or after January 1, 2006 and any outstanding share-based awards that were issued but not vested as of January 1, 2006.

In the six months ended June 30, 2007 and 2006, the Company recognized stock-based compensation expense of \$0 and \$19, respectively, in its condensed consolidated financial statements. This amount includes compensation expense for fully vested stock options granted subsequent to January 1, 2006 based on the grant date fair value estimated in accordance with the provisions of SFAS No. 123(R).

NOTE 2 - ACQUISITION (\$ in thousands) :

On June 20, 2006, Costar and VSTC, the Company’s direct and indirect wholly owned subsidiaries, completed the acquisition (the “Acquisition”) of substantially all of the assets of Southern Imaging, Inc., and Video Solutions, pursuant to the transactions contemplated by the asset purchase

Edgar Filing: SIELOX INC - Form 10-Q

agreement, dated as of June 20, 2006, by and between Southern Imaging, Video Solutions, the shareholders of Southern Imaging, Costar and VSTC. However, the acquisition is being accounted for as if it was effectively completed on June 30, 2006. Results of operations of Southern Imaging and Video Solutions have been included in the consolidated financial statements since June 30, 2006.

Costar, the Company's wholly-owned subsidiary which acquired Southern Imaging's assets, designs, sources and distributes video and imaging products for the security and industrial markets. VSTC, a wholly-owned subsidiary of Costar which acquired the assets of Video Solutions, provides product design and development, technical support and repair services for Costar. Estimated consideration for the Acquisition is up to approximately \$9,600, consisting of the issuance at closing of 200,000 shares of our common stock, a cash payment of approximately \$3,800 (including a finders fee payment of approximately \$154, a payment of \$108 to Barington and the payoff of shareholder loans of approximately \$612) less the value of the 200,000 shares of the Company's common stock, the assumption of certain liabilities of approximately \$3,500, and deferred consideration of up to \$4,000 in cash, contingent upon Costar and VSTC achieving certain levels of sales and EBITDA after the closing through 2009, of which \$2,225 was recorded as a long-term liability. During the second quarter of 2007, \$542 was paid pursuant to this provision. On September 29, 2006, the 200,000 shares of the Company's common stock were issued.

The Company incorporated contingent consideration into the structure of the Acquisition in June 2006. This arrangement generally results in the payment of additional consideration to the sellers upon the satisfaction of certain events. On April 12, 2007, a payment of \$542 was made to the sellers, representing the first payment of the deferred consideration.

The additional cash payments or share issuances are contingent consideration accounted for under the Emerging Issues Task Force ("EITF") No. 95-8, "Accounting for Contingent Consideration Paid to the Shareholders of an Acquired Enterprise in a Purchase Business Combination," are considered to be additional purchase consideration and will be accounted for as part of the purchase price when the outcome of the contingency is determinable beyond a reasonable doubt. The sum of the amounts assigned to assets acquired and liabilities assumed (e.g. fair values) exceeded the cost of the acquired entity by \$2,225, therefore contingent consideration was recorded for that amount. Contingent consideration in these circumstances may be recorded pursuant to paragraph 46 of "SFAS" No. 141 "Business Combinations."

There were no material relationships between the Company or its affiliates and any of the parties to the asset purchase agreement, other than in respect of such agreement.

Amortization expense for the three and six months ended June 30, 2007 was \$103 and \$169, respectively. Estimated amortization expense applicable to amortizable intangible assets for each of the next 5 years is \$340. The estimated useful life for Existing Customer Relationships and Distribution Agreement is 6 and 20 years, respectively. The weighted average useful life for intangible assets subject to amortization is 13 years.

NOTE 4 - NET INCOME (LOSS) PER SHARE:

The number of shares used to compute basic loss per share and diluted loss per share relates to additional shares to be issued upon the assumed exercise of stock options and warrants, net of shares hypothetically repurchased at the average market price with the proceeds of exercise. For the six months ended June 30, 2007 and 2006, basic and diluted net loss per common share is computed based on the weighted average number of common shares outstanding during the period because the effect of potential common equivalent shares would be anti-dilutive.

NOTE 5 - LEGAL PROCEEDINGS:

The Company is a defendant in certain purported class action lawsuits filed by individual shareholders in the U.S. District Court for the Southern District of New York against certain of the Company's former officers and directors, and various of the underwriters in the Company's initial public offering ("IPO") and secondary offering. The lawsuits have been filed by individual shareholders who purport to seek class action status on behalf of all other similarly situated persons who purchased the Company's common stock between July 8, 1999 and December 6, 2000. A consolidated amended class action complaint was filed on April 19, 2002. The complaint alleges that certain underwriters of the IPO solicited and received excessive and undisclosed fees and commissions in connection with that offering. The complaint further alleges that the defendants violated the federal securities laws by issuing a registration statement and prospectus in connection with the IPO which failed to accurately disclose the amount and nature of the commissions and fees paid to the underwriter defendants. On or about October 8, 2002, the Court entered an Order dismissing the claims asserted against certain individual defendants in the consolidated actions without any payment from these individuals or the Company. On or about February 19, 2003, the Court entered an Order dismissing with prejudice the claims asserted against the Company under Section 10(b) of the Securities Exchange Act of 1934, as amended. As a result, the only claims that remain against the Company are those arising under Section 11 of the Securities Act of 1933, as amended. In June 2004, a stipulation of settlement between the plaintiffs and issuer defendants was submitted to the Court (the "Settlement"). In August 2005, the Court granted preliminary approval of the Settlement. In December 2006 the Court of Appeals for the Second Circuit overturned the certification of classes in the six test cases that were selected by the underwriter defendants and plaintiffs in the coordinated proceedings. Because class certification was a condition of the Settlement, it was unlikely that the Settlement would receive final Court approval. On June 25, 2007, the Court entered an order terminating the Settlement based upon a stipulation among the parties to the Settlement. Plaintiffs have indicated that they will seek to amend their allegations and file amended complaints. It is uncertain whether there will be any revised or future settlement. If no settlement is achieved, the Company believes that it has meritorious defenses and intends to defend the action vigorously.

The expense of defending this litigation may be significant. The amount of time to resolve these lawsuits is unpredictable and defending the Company may divert management's attention from the day-to-day operations of the Company's business, which could adversely affect the Company's business, results of operations and cash flows. In addition, an unfavorable outcome in such litigation could have a material adverse effect on the Company's business, results of operations and cash flows.

The line is secured by the Company's accounts receivable and inventories, and the agreement requires the maintenance of financial ratios and monthly payments of accrued interest calculated on the outstanding balance. As of June 30, 2007 and December 31, 2006, \$1,128 and \$729 respectively, were outstanding under the line of credit.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

THE COMPANY

OVERVIEW AND RECENT EVENTS

Sielox, Inc., formerly known as Dynabazaar, Inc. ("we," "us" or the "Company"), was incorporated in the State of Delaware in February 1997 as "Fairmarket, Inc." Through September 3, 2003, we were an online auction and promotions technology service provider that enabled marketers to create results-oriented rewards programs and helped commerce companies automate the process of selling their excess inventory online to wholesale and retail buyers. On September 4, 2003, we sold substantially all of our operating assets to eBay, Inc. ("eBay") for consideration of \$4.5 million in cash under the terms and conditions of an asset purchase agreement we entered into with eBay on June 20, 2003. Following the closing of the asset sale, we changed our name from "Fairmarket, Inc." to "Dynabazaar, Inc."

In connection with the cessation of our online auction business, we relocated our principal executive offices as of January 1, 2004 to 888 Seventh Avenue, 17th Floor, New York, New York 10019, an office maintained by Barington Capital Group, L.P. ("Barington"), a limited partnership whose general partner is a corporation of which James A. Mitarotonda is Chairman, President and Chief Executive Officer. Mr. Mitarotonda was previously our President and Chief Executive Officer and served as a member of our board of directors.

Edgar Filing: SIELOX INC - Form 10-Q

From January 2003 until June 20, 2006, we did not operate any business and were settling our remaining claims and liabilities while reviewing alternatives for the use or disposition of our remaining assets.

On June 20, 2006, Costar Video Systems, LLC (“Costar”) and Video Solutions Technology Center, LLC (“VSTC”), our direct and indirect wholly-owned subsidiaries, completed the acquisition (the “Acquisition”) of substantially all of the assets of Southern Imaging, Inc., a Texas corporation (“Southern Imaging”), and Video Solutions Technology Center, Inc., a Nevada corporation (“Video Solutions”), pursuant to the transactions contemplated by the asset purchase agreement, dated as of June 20, 2006, by and between Southern Imaging, Video Solutions, the shareholders of Southern Imaging, Costar and VSTC. Costar, our wholly-owned subsidiary which acquired Southern Imaging’s assets, designs, sources and distributes video and imaging products for the security and industrial markets. VSTC, a wholly-owned subsidiary of Costar which acquired the assets of Video Solutions, provides product design and development, technical support and repair services for Costar.

As previously disclosed in a Current Report on Form 8-K filed by us on April 23, 2007, Mr. Mitarotonda resigned as our President and Chief Executive Officer, effective as of the close of business on April 20, 2007. Mr. Mitarotonda continued to serve as a member of our board of directors until his resignation from our board of directors on July 31, 2007 in connection with the Merger, as further described below.

On April 20, 2007, our board of directors appointed Sebastian E. Cassetta to serve as our President and Chief Executive Officer, effective as of the close of business on April 20, 2007.

Effective July 31, 2007, pursuant to the Amended and Restated Agreement and Plan of Merger, dated as of February 26, 2007, as amended (the “Merger Agreement”), by and among us, L Q Corporation, Inc. (“L Q Corporation”) and LQ Merger Corp (“LMC”), LMC was merged with and into L Q Corporation, with L Q Corporation continuing as the surviving corporation and a wholly-owned subsidiary of us (the “Merger”). Immediately following the Merger, our name was changed from “Dynabazaar, Inc.” to “Sielox, Inc”.

By virtue of the Merger, L Q Corporation stockholders have the right to receive 3.68 shares of our common stock, par value \$0.001 per share, for each share of L Q Corporation common stock they owned as of the effective time of the Merger. Cash is paid in lieu of fractional shares of our common stock. Additionally, each outstanding option to purchase L Q Corporation common stock has been assumed by us and now represents an option to acquire shares of our common stock, subject to the applicable conversion ratio, on the terms and conditions set forth in the Merger Agreement.

19

Effective upon the closing of the Merger and in accordance with the terms of the Merger Agreement, as of July 31, 2007, Raymond L. Steele and Mr. Mitarotonda each resigned from our board of directors and the following three members of the board of directors of L Q Corporation were appointed to our board of directors: Mr. Cassetta, Dianne McKeever and Steven Berns.

Additionally, in connection with the completion of the Merger, we relocated our principal executive offices to 170 East Ninth Avenue, Runnemede, New Jersey 08078, which is an office and warehouse facility leased by the Company.

Sebastian E. Cassetta, who serves as our President, CEO and a member of our board of directors, is a Senior Managing Director and the Chief Operating Officer of Barington. He also serves as the Chief Executive Officer of Costar. Dianne K. McKeever, a research analyst at Barington, serves as one of our directors. Barington and certain of its affiliates which have joined with Barington in the filing of a statement on Schedule 13D, collectively own greater than 10% of our outstanding common stock. We are party to a services agreement under which Barington performs certain administrative, legal and financial advisory services on the Company’s behalf. We entered into an amendment as of May 18, 2007 (the “Amendment”) to the services agreement between Barington and the Company dated as of December 17, 2004 (as amended, the “Services Agreement”). The Amendment provides that the administrative services provided by Barington on behalf of the Company under the Services Agreement (as well as the monthly payments made by us to Barington for such services) terminated immediately following the closing of the transactions contemplated by the Merger Agreement.

Notwithstanding the termination of the administrative services provided by Barington following the closing of the Merger, the Services Agreement continues to run until December 31, 2007, therefore permitting us to continue to have access to legal and financial advisory services from Barington on an "as requested" basis. There is no requirement under the Services Agreement, however, for us to utilize such services of Barington. Additional information concerning the Services Agreement may be found under Part III, Item 13 of Amendment No. 1 to our Annual Report on Form 10-K filed with the Securities and Exchange Commission on April 17, 2007, which disclosure is incorporated herein by reference.

20

BUSINESS

Costar designs, sources and distributes video and imaging products for the security and industrial markets. The product line for the security market consists primarily of closed circuit television ("CCTV") cameras, while the product line for the industrial market is comprised of cameras and lenses utilized by biomedical and manufacturing companies.

The production of all units distributed by Costar is outsourced to contract manufacturers, and the majority of revenues are derived from sales of products under the Costar(TM) brand. The balance of Costar's business is generated from (a) a private label business and (b) the distribution of other companies' branded products.

"VSTC" provides product design and development, technical support and repair services for Costar.

BUSINESS ACQUISITION (\$ IN THOUSANDS)

On June 20, 2006, Costar and VSTC, the Company's direct and indirect wholly owned subsidiaries, completed the acquisition (the "Acquisition") of substantially all of the assets of Southern Imaging, Inc., a Texas corporation ("Southern Imaging"), and Video Solutions Technology Center, Inc., a Nevada corporation ("Video Solutions"), pursuant to the transactions contemplated by the asset purchase agreement, dated as of June 20, 2006, by and between Southern Imaging, Video Solutions, the shareholders of Southern Imaging, Costar and VSTC. However, the acquisition is being accounted for as if it was effectively completed on June 30, 2006. Results of operations of Southern Imaging and Video Solutions are included in the consolidated financial statements since June 30, 2006.

Estimated consideration for the Acquisition is up to approximately \$9,600, consisting of the issuance at closing of 200,000 shares of our common stock, a cash payment of approximately \$3,800 (including a finders fee payment of approximately \$154, payment of \$108 to Barington and the payoff of shareholder loans of approximately \$612) less the value of the 200 shares of Dynabazaar common stock, the assumption of certain liabilities of approximately \$3,500, and deferred consideration of up to \$4,000 in cash, contingent upon Costar and VSTC achieving certain levels of sales and EBITDA after the closing through 2009, of which \$2,225 is recorded as a long-term liability. On September 29, 2006, the 200,000 shares of Dynabazaar common stock were issued. On April 12, 2007, a payment of \$542 was made which represents the first payment of the deferred consideration.

There were no material relationships between Registrant or its affiliates and any of the parties to the asset purchase agreement, other than in respect of such agreement.

Intangible assets arose from the Acquisition. The aggregate of the estimated purchase price plus acquisition costs of an estimated \$9,600 exceeded the fair market value for all identifiable net assets. An independent appraisal was conducted of all intangible assets (including, but not limited to, distribution agreements, customer lists, patents, trademarks and trade names) received as a result of the Acquisition.

CRITICAL ACCOUNTING POLICIES

In December 2001, the Securities and Exchange Commission (the "SEC") requested that all registrants discuss their most "critical accounting policies" in management's discussion and analysis of financial condition and results of operations. The SEC indicated that a "critical accounting policy" is one which is both important to the portrayal of the company's financial condition and results and requires management's most difficult, subjective or complex judgments, often as a result of the need to make estimates about the effect of matters that are inherently uncertain.

Our critical accounting policies are more fully described in Note 1, The Company and Summary of Significant Accounting Policies, to our consolidated financial statements included in this Quarterly Report on Form 10-Q.

FACTORS THAT MAY AFFECT RESULTS OF OPERATIONS AND FINANCIAL CONDITION

Edgar Filing: SIELOX INC - Form 10-Q

This Form 10-Q contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act") and Section 21E of the Securities Exchange Act, of 1934 as amended (the "Exchange Act"). You can identify forward-looking statements by the use of the words "believe," "expect," "anticipate," "intend," "estimate," "assume" and other similar expressions which predict or indicate future events and trends and which do not relate to historical matters. You should not rely on forward-looking statements, because they involve known and unknown risks, uncertainties and other factors, some of which are beyond our control. Our actual results could differ materially from those set forth in the forward-looking statements.

Some of the factors that might cause these differences include those set forth in the Company's Annual Report on Form 10-K for the year ended December 31, 2006 which is incorporated herein by reference. You should carefully review all of these factors, and you should be aware that there may be other factors that could cause these differences. Forward-looking statements herein are based on information, plans and estimates at the date of this Form 10-Q, and we do not promise to update any forward-looking statements to reflect changes in underlying assumptions or factors, new information, future events or other changes.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

INVESTMENT PORTFOLIO

We do not use derivative financial instruments for investment purposes and only invest in financial instruments that meet high credit quality standards. Due to the conservative nature of our investments, we do not believe that we have a material exposure to interest rate risk.

25

ITEM 4. CONTROLS AND PROCEDURES

As required by Rule 13a-15(b) under the Exchange Act, as of the end of the period covered by this Quarterly Report, our management conducted an evaluation with the participation of our Chief Executive Officer and Chief Financial Officer of the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) or Rule 15d-15(e) of the Exchange Act). In designing and evaluating our disclosure controls and procedures, we recognize that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and our management necessarily was required to apply its judgment in evaluating and implementing possible controls and procedures. The effectiveness of our disclosure controls and procedures is necessarily limited by the staff and other resources available to us. Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that, as of the end of the period covered by this Quarterly Report, our disclosure controls and procedures were effective to ensure that information required to be disclosed by us in the reports we file or submit under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. No change in our internal control over financial reporting (as defined in Rule 13a-15(f) or Rule 15d-15(f) of the Exchange Act) occurred during the period covered by this Quarterly Report on Form 10-Q that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting. In connection with these rules, we will continue to review and document our disclosure controls and procedures, including our internal controls and procedures for financial reporting, and may from time to time make changes aimed at enhancing their effectiveness and ensuring that our systems evolve with our business.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

The Company is a defendant in certain purported class action lawsuits filed by individual shareholders in the U.S. District Court for the Southern District of New York against certain of the Company's former officers and directors, and various of the underwriters in the Company's initial public offering ("IPO") and secondary offering. The lawsuits have been filed by individual shareholders who purport to seek class action status on behalf of all other similarly situated persons who purchased the Company's common stock between July 8, 1999 and December 6, 2000. A consolidated amended class action complaint was filed on April 19, 2002. The complaint alleges that certain underwriters of the IPO solicited and received excessive and undisclosed fees and commissions in connection with that offering. The complaint further alleges that the defendants violated the federal securities laws by issuing a registration statement and prospectus in connection with the IPO which failed to accurately disclose the amount and nature of the commissions and fees paid to the underwriter defendants. On or about October 8, 2002, the Court entered an Order dismissing the claims asserted against certain individual defendants in the consolidated actions without any payment from these

Edgar Filing: SIELOX INC - Form 10-Q

individuals or the Company. On or about February 19, 2003, the Court entered an Order dismissing with prejudice the claims asserted against the Company under Section 10(b) of the Securities Exchange Act of 1934, as amended. As a result, the only claims that remain against the Company are those arising under Section 11 of the Securities Act of 1933, as amended. In June 2004, a stipulation of settlement between the plaintiffs and issuer defendants was submitted to the Court (the "Settlement"). In August 2005, the Court granted preliminary approval of the Settlement. In December 2006 the Court of Appeals for the Second Circuit overturned the certification of classes in the six test cases that were selected by the underwriter defendants and plaintiffs in the coordinated proceedings. Because class certification was a condition of the Settlement, it was unlikely that the Settlement would receive final Court approval. On June 25, 2007, the Court entered an order terminating the Settlement based upon a stipulation among the parties to the Settlement. Plaintiffs have indicated that they will seek to amend their allegations and file amended complaints. It is uncertain whether there will be any revised or future settlement. If no settlement is achieved, the Company believes that it has meritorious defenses and intends to defend the action vigorously.

26

The expense of defending this litigation may be significant. The amount of time to resolve these lawsuits is unpredictable and defending the Company may divert management's attention from the day-to-day operations of the Company's business, which could adversely affect the Company's business, results of operations and cash flows. In addition, an unfavorable outcome in such litigation could have a material adverse effect on the Company's business, results of operations and cash flows.
