Item 1.01 Entry into a Material Definitive Agreement

On June 12, 2015, VistaGen Therapeutics, Inc., a Nevada corporation (the “Company”), and certain of the Company’s note holders and strategic partners agreed to convert an aggregate total of approximately \$5.3 million of the Company’s outstanding debt obligations into 750,918 shares of Series B 10% Convertible Preferred Stock (“Series B Preferred”) (the “Debt-to-Equity Conversions”). Including the conversion and cancellation of an aggregate of approximately \$9.1 million of indebtedness disclosed by the Company in its Current Reports on Form 8-K filed on May 13, 2015 and May 22, 2015, the Company’s Debt-to-Equity Conversions since mid-May 2015 have resulted in the conversion and cancellation of an aggregate total of approximately \$14.4 million of indebtedness. To effect the Debt-to-Equity Conversions, the Company and the parties involved in such transactions have entered into Securities Purchase Agreements, a form of which was attached to the Company’s Current Report on Form 8-K filed May 13, 2015 (the “Securities Purchase Agreement”).

In connection with the foregoing Debt-to-Equity Conversions, effective as of June 12, 2015, the Company entered into a letter agreement with Morrison & Foerster LLP (“MF”) (the “Letter Agreement”) with regards to (i) certain promissory notes issued by the Company to MF, each due and payable on or before March 31, 2016, one in the principal amount of approximately \$917,000 (“Note A”) and another in the principal amount of approximately \$1.4 million (“Note B”), and (ii) certain warrants held by MF to purchase an aggregate of 110,448 shares of the Company’s common stock, par value \$0.001 per share (“Common Stock”) at exercise prices of \$20.00 per share \$40.00 per share (the “MF Warrants”). Subject to certain conditions set forth in the Letter Agreement, each of which has now been satisfied by the Company, MF agreed to convert the principal amount and all accrued but unpaid interest of Note B into 257,143 shares of Series B Preferred and to withhold any and all action to collect amounts due under Note A, and certain amounts owed by the Company to MF in connection with services previously rendered by MF. Additionally, concurrently with the conversion of Note B into shares of Series B Preferred, the Company agreed to amend the MF Warrants to extend the expiration date of each warrant to September 15, 2019, and to set the exercise price of each MF Warrant to \$20.00 per share.

Item 3.02 Unregistered Sales of Equity Securities

See Item 1.01. The shares of Series B Preferred issued in connection with the Debt-to-Equity Conversions, and to be issued to MF pursuant to the Letter Agreement, were offered and sold in transactions exempt from registration under the Securities Act of 1933, as amended, in reliance on 3(a)(9) thereof and Rule 506 of Regulation D thereunder. Each recipient of shares of Series B Preferred represented that it is an "accredited investor" as defined in Regulation D, and not subject to the "Bad Actor" disqualifications described in Rule 506(d).

Each share of the Company’s Series B Preferred is convertible, at the option of the holder thereof (“Voluntary Conversion”), into one (1) share of Common Stock at a fixed conversion price of \$7.00 per share, subject to adjustment only for customary stock dividends, reclassifications, splits and similar transactions (“Fixed Conversion Price”). All shares of Series B Preferred are also convertible automatically into Common Stock (“Automatic Conversion”) upon the closing or effective date of any of the following transactions or events: (i) a strategic transaction involving AV-101, the Company’s orally-available new prodrug candidate in clinical development for Major Depressive Disorder and other diseases and disorders of the central nervous system, with an initial up front cash payment to the Company of at least \$10.0 million; (ii) a registered public offering of Common Stock with aggregate gross proceeds to the Company of at least \$10.0 million; or (iii) for 20 consecutive trading days the Company’s Common Stock trades at least 20,000 shares per day with a daily closing price of at least \$12.00 per share; provided, however, that Automatic Conversion and Voluntary Conversion (collectively, “Conversion”) are subject to customary beneficial ownership blockers. Prior to Conversion, shares of Series B Preferred will accrue dividends, payable only in unregistered shares of Common Stock, at a rate of 10% per annum (the “Accrued Dividend”). The Accrued Dividend will be payable only on the date of Conversion solely in that number of shares of Common Stock equal to the Accrued Dividend, divided by the Fixed

Conversion Price.
