Item 1.01 Entry into a Material Definitive Agreement.

On October 1, 2013, PDL BioPharma, Inc. (the Company) entered into a credit agreement (the Credit Agreement) with LENSAR, Inc. (Borrower), under which the Company made available to Borrower up to \$60 million to be used by Borrower in connection with the commercialization of its currently marketed LENSAR Laser System. Of the \$60 million available to Borrower, an initial \$40 million (the First Tranche), net of fees, was funded by the Company at close of the transaction.

Upon the attainment of a specified sales milestone to be accomplished no later than September 30, 2014, the Company will fund Borrower an additional \$20 million (the Second Tranche and together with the First Tranche, the Loans). Outstanding borrowings under the Loans bear interest at the rate of 15.5% per annum, payable quarterly in arrears.

Principal repayment will commence on the thirteenth interest payment date. The principal amount outstanding at commencement of repayment will be repaid in equal installments until final maturity of the Loans.

The Loans will mature on October 1, 2018. Borrower may elect to prepay the Loans at any time, subject to a prepayment penalty that decreases over the life of the Loans.

The obligations under the Credit Agreement are secured by a pledge of substantially all of the assets of Borrower and any of its subsidiaries.

The Credit Agreement contains customary affirmative covenants and other affirmative covenants agreed to by the parties, including with respect to the provision of annual and quarterly reports, maintenance of property and insurance compliance with laws and contractual obligations and payment of taxes. The Credit Agreement contains customary negative covenants and other negative covenants agreed to by the parties, including restrictions on the incurrence of indebtedness, the granting of liens, making restricted payments and investments, entering into affiliate transactions and transferring assets.

The Credit Agreement also provides for a number of customary events of default, including payment, bankruptcy, covenant, representation and warranty and judgment defaults.

The Company had no relationship with Borrower, material or otherwise, prior to entering into the Credit Agreement.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The disclosure set forth in Item 1.01 of this Current Report is incorporated by reference into this Item 2.03.

Item 8.01 Other Events.
