PROSPECTUS

DELEK LOGISTICS PARTNERS, LP
DELEK LOGISTICS FINANCE CORP.
Offer to Exchange (the "Exchange Offer")

\$250,000,000 aggregate principal amount of their 6.75% Senior Notes due 2025 and the related guarantees (the "exchange notes") which have been registered under the Securities Act of 1933, as amended (the "Securities Act"), for any and all of their outstanding unregistered 6.75% Senior Notes due 2025 and the related guarantees issued on May 23, 2017 (CUSIP and ISIN Nos.: 24665F AA0, US24665FAA03; U24570 AA8, USU24570AA84) (the "outstanding notes" and, together with the exchange notes, the "notes").

We are conducting the exchange offer in order to provide you with an opportunity to exchange your unregistered outstanding notes for freely tradable notes that have been registered under the Securities Act.

The Exchange Offer

• We will exchange all outstanding notes that are validly tendered and not validly withdrawn for an equal principal amount of exchange notes that are freely tradable.

• You may withdraw tenders of outstanding notes at any time prior to the expiration date of the exchange offer.

• The exchange offer expires at 12:00 midnight, New York City time, on May 23, 2018, unless extended. We do not currently intend to extend the expiration date.

• The exchange of outstanding notes for exchange notes in the exchange offer will not constitute taxable events to holders for United States federal income tax purposes.

• The terms of the exchange notes to be issued in the exchange offer are substantially identical to the terms of the outstanding notes, except that the exchange notes will be freely tradable.

Results of the Exchange Offer

• The exchange notes may be sold in the over-the-counter market, in negotiated transactions or through a combination of such methods. We do not plan to list the exchange notes on a national market.

All untendered outstanding notes will continue to be subject to the restrictions on transfer set forth in the outstanding notes and in the indenture governing the outstanding notes. In general, the outstanding notes may not be offered or sold, unless registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. Other than in connection with the exchange offer, we do not currently anticipate that we will register the outstanding notes under the Securities Act.

See “Risk Factors” beginning on page 8 of this prospectus for a discussion of certain risks that you should consider before participating in the exchange offer.

Neither the Securities and Exchange Commission (the “SEC”) nor any state securities commission has approved or disapproved of the exchange notes to be distributed in the exchange offer or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

The date of this prospectus is April 25, 2018.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

Some of the information included in this prospectus and the documents we incorporate by reference contain “forward-looking statements.” These forward-looking statements reflect our current estimates, expectations and projections about our future results, performance, prospects and opportunities. Forward-looking statements include, among other things, the information concerning our possible future results of operations, business and growth strategies, financing plans, expectations that regulatory developments or other matters will not have a material adverse effect on our business or financial condition, our competitive position and the effects of competition, the projected growth of the industry in which we operate, the benefits and synergies to be obtained from our completed and any future acquisitions, statements of management’s goals and objectives and other similar expressions concerning matters that are not historical facts. Words such as “may,” “will,” “should,” “could,” “would,” “predicts,” “potential,” “continue,” “expect,” “anticipates,” “future,” “intends,” “plans,” “believes,” “estimates,” “appears,” “projects” and similar expressions, as well as statements in future tense, identify forward-looking statements.

Forward-looking statements should not be read as a guarantee of future performance or results, and will not necessarily be accurate indications of the times at, or by, which such performance or results will be achieved. Forward-looking information is based on information available at the time and/or management’s good faith belief with respect to future events, and is subject to risks and uncertainties that could cause actual performance or results to differ materially from those expressed in the statements. Important factors that, individually or in the aggregate, could cause such differences include, but are not limited to:

- our substantial dependence on Delek US Holdings, Inc. (“Delek”) or its assignees and their support of and respective ability to pay us under our commercial agreements;
- our future coverage, leverage, financial flexibility and growth, and our ability to improve performance and achieve distribution growth at any level or at all;
- Delek’s future growth, financial performance, share repurchases, crude oil supply pricing and flexibility and product distribution;
- positive industry dynamics, including Permian Basin growth, efficiencies and takeaway capacity;
- the age and condition of our assets and operating hazards and other risks incidental to transporting, storing and gathering crude oil, intermediate and refined products, including, but not limited to, costs, penalties, regulatory or legal actions and other effects related to spills, releases and tank failures;
- changes in insurance markets impacting costs and the level and types of coverage available;
- the timing and extent of changes in commodity prices and demand for refined products;
- the wholesale marketing margins we are able to obtain and the number of barrels of product we are able to purchase and sell in our west Texas wholesale business;
- the suspension, reduction or termination of Delek’s or its assignees’ or any third-party’s obligations under our commercial agreements including the duration, fees or terms thereof;
- the results of our investments in joint ventures;

the ability to secure commercial agreements with Delek or third parties upon expiration of existing agreements;
disruptions due to acts of God, equipment interruption or failure at our facilities, Delek's facilities or third-party facilities on which our business is dependent;
changes in the availability and cost of capital of debt and equity financing;
our reliance on information technology systems in our day-to-day operations;
changes in general economic conditions;
the effects of existing and future laws and governmental regulations, including, but not limited to, the rules and regulations promulgated by the Federal Energy Regulatory Commission ("FERC") and those relating to environmental protection, pipeline integrity and safety;
competitive conditions in our industry;
actions taken by our customers and competitors;
the demand for crude oil, refined products and transportation and storage services;
our ability to successfully implement our business plan;
an inability to have growth projects completed on time and on budget;
an inability of Delek to grow as expected and realize the synergies and the other expected benefits of its merger with Alon USA Energy, Inc. ("Alon USA"), which became effective as of July 1, 2017, and Delek's acquisition of the remaining interest in Alon USA Partners, LP that Delek did not already own, which became effective as of February 7, 2018;
as it relates to our potential future growth opportunities, including dropdowns, and other potential benefits, the ability to successfully integrate the businesses of Delek and Alon USA;
our ability to successfully integrate acquired businesses;
natural disasters, weather-related delays, casualty losses and other matters beyond our control;
changes or volatility in interest and inflation rates;
labor relations;
large customer defaults;
changes in tax status and regulations;
the effects of future litigation; and

other factors discussed elsewhere in this prospectus and in our Annual Report on Form 10-K for the year ended December 31, 2017.

In light of these risks, uncertainties and assumptions, our actual results of operations and execution of our business strategy could differ materially from those expressed in, or implied by, the forward-looking statements, and you should not place undue reliance upon them. In addition, past financial and/or operating performance is not necessarily a reliable indicator of future performance, and you should not use our historical performance to anticipate results or future period trends. We can give no assurances that any of the events anticipated by the forward-looking statements will occur or, if any of them do, what impact they will have on our results of operations and financial condition. Forward-looking statements speak only as of the date the statements are made. We assume no obligation to update forward-looking statements to reflect actual results, changes in assumptions or changes in other factors affecting forward-looking information, except to the extent required by applicable securities laws. If we do update one or more forward-looking statements, no inference should be drawn that we will make additional updates with respect thereto or with respect to other forward-looking statements.

In particular, we urge you to carefully consider the factors set forth under “Risk Factors” beginning on page 8 of this prospectus and those risk factors incorporated by reference from our Annual Report on Form 10-K for the year ended December 31, 2017 and, to the extent applicable, any subsequently filed reports.

The Exchange Offer

On May 23, 2017, the Issuers completed a private offering of \$250,000,000 aggregate principal amount of the outstanding notes. Certain of the terms and conditions described below are subject to important limitations and exceptions. See “The Exchange Offer” for a more detailed description of the terms and conditions of the exchange offer.

Exchange Offer We are offering to exchange outstanding notes for exchange notes. Outstanding notes may only be tendered in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000.

Expiration Date The exchange offer will expire at 12:00 midnight, New York City time, on May 23, 2018, unless we decide to extend it. We currently do not intend to extend the expiration date.

Based on an interpretation by the staff of the SEC set forth in no-action letters issued to third parties, we believe that the exchange notes issued pursuant to the exchange offer in exchange for the outstanding notes may be offered for resale, resold or otherwise transferred by you (unless you are our “affiliate” within the meaning of Rule 405 under the Securities Act) without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that:

- you are acquiring the exchange notes in the ordinary course of your business; and
- you have not engaged in, do not intend to engage in, and have no arrangement or understanding with any person to participate in, a distribution of the exchange notes.

If you are a broker-dealer and receive exchange notes for your own account in exchange for outstanding notes that you acquired as a result of market-making activities or other trading activities, you must acknowledge that you will deliver this prospectus in connection with any resale of the exchange notes. See “Plan of Distribution.”

Resale

Any holder of outstanding notes who:

- is our affiliate;
- does not acquire exchange notes in the ordinary course of its business; or
- tenders its outstanding notes in the exchange offer with the intention to participate, or for the purpose of participating, in a distribution of exchange notes;

cannot rely on the position of the staff of the SEC enunciated in the Morgan Stanley & Co.

Incorporated no-action letter (available June 5, 1991) and the Exxon Capital Holdings

Corporation no-action letter (available May 13, 1988), as interpreted in the Shearman & Sterling no-action letter (available July 2, 1993), or similar no-action letters and, in the absence of an exemption therefrom, must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale of the exchange notes.

Withdrawal	<p>You may withdraw the tender of your outstanding notes at any time prior to the expiration of the exchange offer. We will return to you any of your outstanding notes that are not accepted for any reason for exchange, without expense to you, promptly after the expiration or termination of the exchange offer.</p>
Conditions to the Exchange Offer	<p>The exchange offer is subject to customary conditions, which we may waive. See “The Exchange Offer—Conditions to the Exchange Offer.”</p> <p>If you wish to participate in the exchange offer, you must complete, sign and date the accompanying letter of transmittal, or a facsimile of such letter of transmittal, according to the instructions contained in this prospectus and the letter of transmittal. You must then mail or otherwise deliver the letter of transmittal, or a facsimile of such letter of transmittal, together with your outstanding notes and any other required documents, to the exchange agent at the address set forth on the cover page of the letter of transmittal.</p>
Procedures for Tendering Outstanding Notes	<p>If you hold outstanding notes through The Depository Trust Company (“DTC”) and wish to participate in the exchange offer, you must comply with the Automated Tender Offer Program procedures of DTC by which you will agree to be bound by the letter of transmittal. By signing, or agreeing to be bound by, the letter of transmittal, you will represent to us that, among other things:</p> <ul style="list-style-type: none"> • you are not our “affiliate” within the meaning of Rule 405 under the Securities Act; • you do not have an arrangement or understanding with any person or entity to participate in the distribution of the exchange notes; • you are acquiring the exchange notes in the ordinary course of your business; and • if you are a broker-dealer that will receive exchange notes for your own account in exchange for outstanding notes that were acquired as a result of market-making activities, you will deliver a prospectus, as required by law, in connection with any resale of such exchange notes.
Special Procedures for Beneficial Owners	<p>If you are a beneficial owner of outstanding notes that are registered in the name of a broker, dealer, commercial bank, trust company or other nominee, and you wish to tender those outstanding notes in the exchange offer, you should contact the registered holder promptly and instruct the registered holder to tender those outstanding notes on your behalf. If you wish to tender on your own behalf, you must, prior to completing and executing the letter of transmittal and delivering your outstanding notes, either make appropriate arrangements to register ownership of the outstanding notes in your name or obtain a properly completed bond power from the registered holder. The transfer of registered ownership may take considerable time and may not be able to be completed prior to the expiration date.</p>
Guaranteed Delivery Procedures	<p>If you wish to tender your outstanding notes and your outstanding notes are not immediately available, or you cannot deliver your outstanding notes, the letter of transmittal or any other required documents, or you cannot comply with the procedures under DTC’s Automated Tender Offer Program for transfer of book- entry interests prior to the expiration date, you must tender your outstanding notes according to the guaranteed delivery procedures set forth in this prospectus under “The Exchange Offer—Guaranteed Delivery Procedures.”</p>

Effect on Holders of Outstanding Notes	<p>As a result of the making of, and upon acceptance for exchange of all validly tendered outstanding notes pursuant to the terms of, the exchange offer, we will have fulfilled a covenant under the registration rights agreement. Accordingly, there will be no increase in the interest rate on the outstanding notes under the circumstances described in the registration rights agreement. If you do not tender your outstanding notes in the exchange offer, you will continue to be entitled to all the rights and limitations applicable to the outstanding notes as set forth in the indenture governing the notes, except we will not have any further obligation to you to provide for the exchange and registration of untendered outstanding notes under the registration rights agreement. To the extent that outstanding notes are tendered and accepted in the exchange offer, the trading market for outstanding notes that are not so tendered and accepted could be adversely affected.</p> <p>All untendered outstanding notes will continue to be subject to the restrictions on transfer set forth in the outstanding notes and in the indenture governing the notes. In general, the outstanding notes may not be offered or sold, unless registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. Other than in connection with the exchange offer, we do not currently anticipate that we will register the outstanding notes under the Securities Act.</p>
Consequences of Failure to Exchange	
Certain United States Federal Income Tax Consequences	<p>The exchange of outstanding notes for exchange notes in the exchange offer will not constitute taxable events to holders for United States federal income tax purposes. See “Certain United States Federal Income Tax Consequences.”</p>
Use of Proceeds	<p>We will not receive any cash proceeds from the issuance of the exchange notes in the exchange offer. See “Use of Proceeds.”</p>
Exchange Agent	<p>U.S. Bank National Association is the exchange agent for the exchange offer. The address and telephone number of the exchange agent are set forth under “The Exchange Offer—Exchange Agent.”</p>

Terms of the Exchange Notes

The summary below describes the principal terms of the exchange notes. Certain of the terms and conditions described below are subject to important limitations and exceptions. The “Description of Notes” section of this prospectus contains more detailed descriptions of the terms and conditions of the exchange notes. The exchange notes will have terms identical in all material respects to the outstanding notes, except that the exchange notes will be registered under the Securities Act and will not contain terms with respect to transfer restrictions, registration rights and additional interest for failure to observe certain obligations in the registration rights agreement. Unless otherwise indicated, references to the “notes” are to the outstanding notes and the exchange notes.

	Delek Logistics Partners, LP and Delek Logistics Finance Corp.
Issuers	Delek Logistics Finance Corp. is a wholly owned subsidiary of Delek Logistics Partners, LP that has no material assets and was formed for the sole purpose of being a co-issuer of certain of our indebtedness.
Securities Offered	\$250,000,000 aggregate principal amount of exchange notes.
Maturity Date	May 15, 2025.
Interest Payments	May 15 and November 15 of each year, commencing on November 15, 2017. Interest on the outstanding notes began to accrue from May 23, 2017.
	The exchange notes will be our general unsecured obligations. The exchange notes will: <ul style="list-style-type: none"> • rank equally in right of payment with all of our existing and future senior indebtedness; • be effectively junior to any of our secured indebtedness including indebtedness under our revolving credit facility, to the extent of the value of the collateral securing such indebtedness; • rank senior in right of payment to any of our future subordinated indebtedness; and • be structurally subordinated to all indebtedness and other liabilities of our subsidiaries and other entities in which we own an equity interest that do not guarantee the exchange notes.
Ranking	As of December 31, 2017, we had approximately \$422.6 million of long-term indebtedness outstanding, consisting of the outstanding notes and \$179.9 million of outstanding borrowings under our revolving credit facility, which are secured and effectively senior to the notes.

The exchange notes will be jointly and severally guaranteed on a senior unsecured basis by all of our existing subsidiaries (other than Finance Corp.) and future subsidiaries that guarantee certain of our indebtedness. Partially owned joint ventures Caddo Pipeline LLC and Rangeland RIO Pipeline, LLC do not guarantee our obligations under our revolving credit facility and will not guarantee our obligations under the exchange notes.

Each guarantee of the exchange notes will:

Subsidiary
Guarantees

- be a general unsecured obligation of the subsidiary guarantor;
- rank equally in right of payment with all existing and future senior indebtedness of that subsidiary guarantor;
- be effectively junior to any secured indebtedness of that subsidiary guarantor, including indebtedness under our revolving credit facility, to the extent of the value of the collateral securing such indebtedness;
- rank senior in right of payment to any future subordinated indebtedness of that subsidiary guarantor; and
- be structurally subordinated to all indebtedness and other liabilities of any subsidiary or other entity that does not guarantee the exchange notes.

Optional
Redemption

At any time prior to May 15, 2020, we may on any one or more occasions redeem up to 35% of the aggregate principal amount of the exchange notes in an amount not greater than the net cash proceeds of certain equity offerings at a redemption price equal to 106.75% of the principal amount of the exchange notes, plus any accrued and unpaid interest and certain additional interest to the date of redemption.

On or after May 15, 2020, we may redeem all or part of the exchange notes, in each case at the redemption prices described under “Description of Notes—Optional Redemption,” together with any accrued and unpaid interest and certain additional interest to the date of redemption.

In addition, prior to May 15, 2020, we may redeem all or part of the exchange notes at a “make whole” redemption price described under “Description of Notes—Optional Redemption,” together with any accrued and unpaid interest and certain additional interest to the date of redemption.

Mandatory
Offers to
Purchase

Upon the occurrence of certain change of control events followed by a rating decline, unless we have exercised our optional redemption right with respect to the exchange notes, holders of the exchange notes will have the right to require us to purchase all or any part of the exchange notes at a price equal to 101% of the aggregate principal amount of the exchange notes, together with any accrued and unpaid interest and certain additional interest to the date of purchase.

In connection with certain asset dispositions, we will be required to use the net cash proceeds of the asset dispositions to make an offer to purchase the exchange notes at 100% of the principal amount, together with any accrued and unpaid interest and certain additional interest to the date of purchase.

The indenture governing the exchange notes, among other things, limits our ability and the ability of our restricted subsidiaries to:

- incur, assume or guarantee additional indebtedness and issue certain convertible or redeemable equity securities;
- create liens to secure indebtedness;
- pay distributions on equity securities, repurchase equity securities or redeem subordinated securities;
- make investments;
- restrict distributions, loans or other asset transfers from our restricted subsidiaries;
- consolidate with or merge with or into, or sell substantially all of our properties to, another person;
- sell or otherwise dispose of assets, including equity interests in subsidiaries; and
- enter into transactions with affiliates.

Certain
Covenants

However, if either S&P Global Ratings (“S&P”) or Moody’s Investors Service, Inc. (“Moody’s”) assigns the notes an investment grade rating and no default under the indenture exists, we and our subsidiaries will no longer be subject to many of the foregoing covenants. These covenants are subject to important exceptions and qualifications, which are described under “Description of Notes—Certain Covenants.”

No Prior
Market

The exchange notes will be new securities for which there is currently no market. Accordingly, we cannot assure you that a liquid market for the exchange notes will develop or be maintained. We do not intend to apply for a listing of the exchange notes on any securities exchange or any automated dealer quotation system.

Governing
Law

The exchange notes and the indenture will be governed by New York law.

Risk Factors

Investing in the exchange notes involves risks. See “Risk Factors” beginning on page 8 of this prospectus and the documents incorporated by reference herein for a discussion of certain factors you should consider before making an investment decision with respect to the exchange notes.

RISK FACTORS

Any investment in the exchange notes involves a high degree of risk. You should carefully consider the following risk factors as well as the risk factors discussed in our Annual Report on Form 10-K for the year ended December 31, 2017, which is incorporated by reference herein and, to the extent applicable, any subsequently filed reports, before taking part in the exchange offer.

Additional risks or uncertainties presently known to us, or that we currently deem immaterial and risks and uncertainties that we are not presently aware of, may also impair our business operations. We cannot assure you that any of the events discussed in the risk factors below will not occur.

Risks Relating to the Exchange Offer

Your ability to transfer the exchange notes may be limited by the absence of an active trading market, and no active trading market may develop for the exchange notes.

We do not intend to apply for a listing of the exchange notes on a securities exchange or on any automated dealer quotation system. There is currently no established market for the exchange notes, and we cannot assure you as to the liquidity of markets that may develop for the exchange notes, your ability to sell the exchange notes or the price at which you would be able to sell the exchange notes. If such markets were to exist, the exchange notes could trade at prices that may be lower than their principal amount or purchase price depending on many factors, including prevailing interest rates, the market for similar notes, our financial and operating performance and other factors. An active market for the exchange notes may not develop or, if developed, may not continue. Historically, the market for non-investment grade debt has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the exchange notes. The market, if any, for the exchange notes may experience similar disruptions and any such disruptions may adversely affect the prices at which you may sell your exchange notes.

Certain persons who participate in the Exchange Offer must deliver a prospectus in connection with resales of the exchange notes.

Based on interpretations of the staff of the SEC contained in the Exxon Capital Holdings Corporation no-action letter (available May 13, 1988), as interpreted in the Shearman & Sterling no-action letter (available July 2, 1993), and the Morgan Stanley & Co. Incorporated no-action letter (available June 5, 1991), we believe that you may offer for resale, resell or otherwise transfer the exchange notes without compliance with the registration and prospectus delivery requirements of the Securities Act. However, in some instances described in this prospectus under "Plan of Distribution," certain holders of exchange notes will remain obligated to comply with the registration and prospectus delivery requirements of the Securities Act to transfer the exchange notes. If such a holder transfers any exchange notes without delivering a prospectus meeting the requirements of the Securities Act or without an applicable exemption from registration under the Securities Act, such a holder may incur liability under the Securities Act. We do not and will not assume, or indemnify such a holder against this liability.

Risks Relating to the Exchange Notes

Our indebtedness levels may limit our flexibility in obtaining additional financing and in pursuing other business opportunities.

As of December 31, 2017, we had approximately \$422.6 million of outstanding indebtedness, consisting of the outstanding notes and \$179.9 million of outstanding borrowings under our revolving credit facility, with \$511.1 million of availability remaining thereunder (which includes an approximate \$9.0 million reduction in availability for issued letters of credit). We have the ability to incur additional debt; however, such ability is subject to limitations under our revolving credit facility and the indenture governing the notes. Our level of indebtedness could have important consequences to us, including the following:

- our ability to obtain additional financing, if necessary, for working capital, capital expenditures, acquisitions or other purposes may be impaired or such financing may not be available on favorable terms;
- covenants contained in our existing and future credit and debt arrangements will require us to meet financial tests that may affect our flexibility in planning for and reacting to changes in our business, including possible acquisition opportunities;
- our funds available for operations, future business opportunities and distributions to unitholders will be reduced by that portion of our cash flow required to make principal and interest payments on our indebtedness; and
- our indebtedness level may make us more vulnerable than our competitors with less debt to competitive pressures or a downturn in our business or the economy generally.

Any of these factors could result in a material adverse effect on our business, financial condition, results of operations, business prospects and ability to satisfy our obligations under the exchange notes.

Our ability to service our indebtedness, including the notes, will depend upon, among other things, our future financial and operating performance, which will be affected by prevailing economic conditions and financial, business, regulatory and other factors, some of which are beyond our control. If our operating results are not sufficient to service our current or future indebtedness, we will be forced to take actions such as reducing distributions to our unitholders, reducing or delaying our business activities, acquisitions, investments and/or capital expenditures, selling assets, restructuring or refinancing our indebtedness, or seeking additional equity capital or bankruptcy protection. We may not be able to effect any of these remedies on satisfactory terms, or at all.

Indebtedness we incur in the future may limit our flexibility to obtain financing and to pursue other business opportunities.

We and our subsidiaries may incur substantial indebtedness in the future. Our future level of indebtedness could have important consequences to us, including the following:

- our ability to obtain additional financing, if necessary, for working capital, capital expenditures or other purposes may be impaired, or such financing may not be available on favorable terms;

our funds available for operations, future business opportunities and distributions to unitholders will be reduced by that portion of our cash flow required to make interest payments on our indebtedness; we may be more vulnerable to competitive pressures or a downturn in our business or the economy generally; and our flexibility in responding to changing business and economic conditions may be limited.

Our ability to service our indebtedness, including the exchange notes, will depend upon, among other things, our future financial and operating performance, which will be affected by prevailing economic conditions and financial, business, regulatory and other factors, some of which are beyond our control. If our operating results are not sufficient to service any future indebtedness, we will be forced to take actions such as reducing distributions, reducing or delaying our business activities, acquisitions, organic growth projects, investments or capital expenditures, selling assets or issuing equity. We may not be able to effect any of these actions on satisfactory terms or at all.

Any borrowings and letters of credit issued under our revolving credit facility will be secured, and as a result, effectively senior to the exchange notes and the guarantees of the exchange notes by the subsidiary guarantors, to the extent of the value of the collateral securing that indebtedness. In addition, the holders of any future indebtedness we may incur that ranks equally with the exchange notes will be entitled to share ratably with the holders of the exchange notes in any proceeds distributed in connection with any insolvency, liquidation, reorganization, dissolution or other winding-up of us. This may have the effect of reducing the amount of proceeds paid to you.

We do not have the same flexibility as other types of organizations to accumulate cash which may limit cash available to make payments on the exchange notes or to repay them at maturity.

Subject to the limitations on restricted payments in our revolving credit facility and any future indebtedness we may incur, we are required by our First Amended and Restated Agreement of Limited Partnership (the "Partnership Agreement") to distribute all of our "available cash" each quarter to our limited partners and our general partner.

Available cash generally means, for any quarter, all cash and cash equivalents on hand at the end of that quarter:

less, the amount of cash reserves established by our general partner to:

provide for the proper conduct of our business (including cash reserves for our future capital expenditures and anticipated future debt service requirements and refunds of collected rates reasonably likely to be refunded as a result of a settlement or hearing related to FERC rate proceedings or rate proceedings under applicable law subsequent to that quarter);

comply with applicable law or regulation, any of our debt instruments or other agreements; or

provide funds for distributions to our unitholders and to our general partner for any one or more of the next four quarters (provided that our general partner may not establish cash reserves for distributions if the effect of the establishment of such reserves will prevent us from distributing the minimum quarterly distribution on all common units and any cumulative arrearages on such common units for the current quarter);

plus, if our general partner so determines, all or any portion of the cash on hand on the date of distribution of available cash for the quarter, including cash on hand resulting from working capital borrowings made subsequent to the end of such quarter.

As a result, we do not accumulate significant amounts of cash and thus do not have the same flexibility as corporations or other entities that do not pay dividends or have complete flexibility regarding the amounts they will distribute to their equity holders. The timing and amount of our distributions could significantly reduce the cash available to pay the principal, premium (if any) and interest on the exchange notes. The board of directors of our general partner will determine the amount and timing of such distributions and has broad discretion to establish and make additions to our reserves or the reserves of our operating subsidiaries as it determines are necessary or appropriate.

Although our payment obligations to our unitholders are subordinate to our payment obligations with respect to the exchange notes, we expect that the value of our units would decrease if we decrease the amount we distribute per unit. Accordingly, if we experience a liquidity problem in the future, we may not be able to issue equity to recapitalize and our ability to service our indebtedness, including the exchange notes, may be materially impaired.

Payment of principal and interest on the exchange notes will be effectively junior to our senior secured indebtedness to the extent of the value of the assets securing the indebtedness and structurally subordinated to the indebtedness and other liabilities of any of our subsidiaries that do not guarantee the exchange notes.

The exchange notes and the guarantees will be our senior unsecured indebtedness and will rank equally in right of payment with all of our and the subsidiary guarantors' other existing and future unsubordinated indebtedness. The exchange notes and the guarantees will be effectively junior to all of our and the subsidiary guarantors' existing and future secured indebtedness to the extent of the value of the assets securing the indebtedness. As of December 31, 2017, we had approximately \$422.6 million of outstanding indebtedness, consisting of the outstanding notes and \$179.9 million of outstanding borrowings under our revolving credit facility, with \$511.1 million of availability remaining thereunder (which includes an approximate \$9.0 million reduction in availability for issued letters of credit). Holders of our secured obligations, including obligations under our revolving credit facility, will have claims that are prior to claims of holders of the notes with respect to the assets securing those obligations. In the event of liquidation, dissolution, reorganization, bankruptcy or any similar proceeding, our assets and those of our subsidiaries will be available to pay obligations on the notes and the guarantees only after holders of our senior secured indebtedness have been paid the value of the assets securing such indebtedness.

The exchange notes will be structurally junior to the claims of all creditors, including trade creditors and tort claimants, of any of our future subsidiaries or joint ventures that are not guarantors. In the event of the liquidation, dissolution, reorganization, bankruptcy or similar proceeding of the business of a subsidiary or joint ventures that is not a guarantor, creditors of that subsidiary or joint ventures would generally have the right to be paid in full before any distribution is made to us or the holders of the exchange notes. Accordingly, there may not be sufficient funds remaining to pay amounts due on all or any of the exchange notes.

In addition, although all of our existing subsidiaries (other than Finance Corp.) that guarantee certain of our indebtedness will initially guarantee the exchange notes, our joint ventures, Caddo Pipeline LLC, a Delaware limited liability company (the "Caddo Pipeline JV") and Rangeland RI Pipeline LLC, a Delaware limited liability company (the "Rangeland RIO JV"), do not guarantee our obligations under our revolving credit facility and the outstanding notes and will not guarantee our obligations under the exchange notes. As of December 31, 2017, our equity method investments in the Caddo Pipeline JV and the Rangeland RIO JV, totaling \$106.5 million, represented approximately

24.0% of our consolidated assets. As of December 31, 2017, the Caddo Pipeline JV and the Rangeland RIO JV had (1) total assets of \$257.0 million, (2) no outstanding indebtedness, and (3) liabilities of approximately \$1.8 million. The subsidiary guarantees could be deemed fraudulent conveyances under certain circumstances, and a court may try to subordinate or void the subsidiary guarantees.

Under U.S. bankruptcy law and comparable provisions of state fraudulent transfer laws, a guarantee can be voided, or claims under a guarantee may be subordinated to all other debts of that guarantor if, among other things, the guarantor, at the time it incurred the indebtedness evidenced by its guarantee:

• received less than reasonably equivalent value or fair consideration for the incurrence of the guarantee and was insolvent or rendered insolvent by reason of such incurrence;

• was engaged in a business or transaction for which the guarantor's remaining assets constituted unreasonably small capital; or

• intended to incur, or believed that it would incur, debts beyond its ability to pay those debts as they mature.

In addition, any payment by that guarantor under a guarantee could be voided and required to be returned to the guarantor or to a fund for the benefit of the creditors of the guarantor.

The measures of insolvency for purposes of these fraudulent transfer laws will vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred.

Generally, however, a subsidiary guarantor would be considered insolvent if:

• the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all of its assets;

• the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability, including contingent liabilities, on its existing debts as they become absolute and mature; or

• it could not pay its debts as they became due.

We may not be able to repurchase the exchange notes upon a change of control, and a change of control could result in us facing substantial repayment obligations under our revolving credit facility and the exchange notes.

Upon occurrence of specific change of control events followed by a rating decline, the indenture will provide you with the right to require us to repurchase all or any part of your exchange notes with a cash payment equal to 101% of the aggregate principal amount of notes repurchased, plus accrued and unpaid interest and certain additional interest. Our ability to repurchase the exchange notes upon such a change of control event would be limited by our access to funds at the time of the repurchase and the terms of our other debt agreements. In addition, our revolving credit facility contains provisions relating to change of control of our general partner, our partnership and our operating subsidiaries. Upon a change of control event, our lenders have the right to require us to immediately repay the outstanding principal, any accrued and unpaid interest and certain additional interest on and any other amounts owed by us under our revolving credit facility. The source of funds for these repayments would be our available cash or cash generated from other

sources. However, we cannot assure you that we will have sufficient funds available or that we will be permitted by our other debt instruments to fulfill these obligations upon a change of control in the future, in which case the lenders under our revolving credit facility would have the right to foreclose on our assets, which would have a material adverse effect on us. There is no restriction in our Partnership Agreement on the ability of our general partner to enter into a transaction which would trigger the change of control provisions of our revolving credit facility agreement or the indenture governing the exchange notes.

Many of the covenants contained in the indenture will be terminated if the exchange notes are rated investment grade by either S&P or Moody's and no default or event of default has occurred and is continuing.

Many of the covenants in the indenture governing the exchange notes will be terminated if the exchange notes are rated investment grade by either S&P or Moody's and no default or event of default has occurred and is continuing. These covenants restrict, among other things, our ability to pay distributions on our units, incur indebtedness and enter into certain other transactions. Termination of these covenants would allow us to engage in certain transactions that would not be permitted while these covenants were in force. See "Description of Notes—Certain Covenants—Termination of Covenants."

We face risks related to rating agency downgrades.

We expect one or more rating agencies to rate the exchange notes. If such rating agencies either assign the notes a rating lower than the rating expected by the investors, or reduce the rating in the future, the market price of the notes would be adversely affected. In addition, if any of our other outstanding debt is rated and subsequently downgraded, raising capital will become more difficult, borrowing costs under the revolving credit facility and other future borrowings may increase and the market price of the notes may decrease.

We are a holding company and rely on our subsidiaries and other entities in which we hold an equity interest for funds necessary to meet our financial obligations, including the exchange notes.

We conduct all of our activities through our subsidiaries. We depend on those subsidiaries and other entities in which we hold an equity interest for dividends and other payments to generate the funds necessary to meet our financial obligations, including the payment of principal and interest on the exchange notes. The ability of our subsidiaries and other entities in which we hold an equity interest to make payments to us may be restricted by, among other things, their organizational documents, their documents governing indebtedness and applicable state corporation, limited liability company, limited partnership or similar statutes and other laws and regulations. Currently, there are no significant restrictions on our ability or the ability of any subsidiary guarantor to obtain funds from its subsidiaries by such means as a dividend or loan. We cannot assure you that the earnings from, or other available assets of, our subsidiaries and other entities in which we hold an equity interest will be sufficient to enable us to pay principal or interest on the exchange notes when due.

THE EXCHANGE OFFER

Purpose and Effect of the Exchange Offer

We have entered into a registration rights agreement in which we agreed, under certain circumstances, to use our commercially reasonable efforts to file a registration statement relating to offers to exchange the outstanding notes for exchange notes and to use our commercially reasonable efforts to consummate the exchange offer no later than May 23, 2018 or, if required, to file a shelf registration statement under certain circumstances to cover resales of the outstanding notes. The exchange notes will have terms identical in all material respects to the outstanding notes, except that the exchange notes will be registered under the Securities Act and will not contain terms with respect to transfer restrictions, registration rights and additional interest for failure to observe certain obligations in the registration rights agreement.

If such obligations are not satisfied (a “Registration Default”), the annual interest rate on the outstanding notes will be increased by 0.25% per annum for the first 90-day period and thereafter it will be increased by an additional 0.25% per annum for each 90-day period that elapses; provided that the aggregate increase in such annual interest rate may in no event exceed 0.75% per annum until the default has been cured. If the Registration Default is corrected, the applicable interest rate on the outstanding notes will revert to the original level. A copy of the registration rights agreement has been filed as an exhibit to the registration statement of which this prospectus is a part.

If you wish to exchange your outstanding notes for exchange notes in the exchange offer, you will be required to make the following written representations:

- you are not our affiliate or an affiliate of any guarantor within the meaning of Rule 405 of the Securities Act;
- you have no arrangement or understanding with any person to participate in a distribution (within the meaning of the Securities Act) of the exchange notes in violation of the provisions of the Securities Act;
- you are not engaged in, and do not intend to engage in, a distribution of the exchange notes; and
- you are acquiring the exchange notes in the ordinary course of your business.

Each broker-dealer that receives exchange notes for its own account in exchange for outstanding notes, where the broker-dealer acquired the outstanding notes as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. See “Plan of Distribution.”

Resale of Exchange Notes

Based on interpretations by the SEC set forth in no-action letters issued to third parties, we believe that you may offer for resale, resell or otherwise transfer exchange notes issued in the exchange offer without complying with the registration and prospectus delivery provisions of the Securities Act if:

- you are not our affiliate or an affiliate of any guarantor within the meaning of Rule 405 under the Securities Act;

you do not have an arrangement or understanding with any person to participate in a distribution of the exchange notes;

you are not engaged in, and do not intend to engage in, a distribution of the exchange notes; and

you are acquiring the exchange notes in the ordinary course of your business.

If you are our affiliate or an affiliate of any guarantor, or are engaging in, or intend to engage in, or have any arrangement or understanding with any person to participate in, a distribution of the exchange notes, or are not acquiring the exchange notes in the ordinary course of your business:

you cannot rely on the position of the SEC contained in the Exxon Capital Holdings Corporation no-action letter (available May 13, 1988), as interpreted in the Shearman & Sterling no-action letter (available July 2, 1993), and the Morgan Stanley & Co. Incorporated no-action letter (available June 5, 1991) or similar SEC no-action letters; and in the absence of an exception from the position stated immediately above, you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale of the exchange notes.

This prospectus may be used for an offer to resell, resale or other transfer of exchange notes only as specifically set forth in this prospectus. With regard to broker-dealers, only broker-dealers that acquired the outstanding notes as a result of market-making activities or other trading activities may participate in the exchange offer. Each broker-dealer that receives exchange notes for its own account in exchange for outstanding notes, where such outstanding notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the exchange notes. See "Plan of Distribution" for more details regarding the transfer of exchange notes.

We have not entered into any arrangement or understanding with any person who will receive exchange notes in the exchange offer to distribute those securities following completion of the offer. We are not aware of any person that will participate in the exchange offer with a view to distribute the exchange notes.

Terms of the Exchange Offer

On the terms and subject to the conditions set forth in this prospectus and in the accompanying letter of transmittal, we will accept for exchange in the exchange offer any outstanding notes that are validly tendered and not validly withdrawn prior to the expiration date. Outstanding notes may only be tendered in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000. We will issue exchange notes in principal amount identical to outstanding notes surrendered in the exchange offer.

The form and terms of the exchange notes will be identical in all material respects to the form and terms of the outstanding notes except the exchange notes will be registered under the Securities Act, will not bear legends restricting their transfer and will not provide for any additional interest upon our failure to fulfill our obligations under the registration rights agreement to complete the exchange offer, or file, and cause to be effective, a shelf registration statement, if required thereby, within the specified time period. The exchange notes will evidence the same debt as the outstanding notes. The exchange notes will be issued under and entitled to the benefits of the indenture that authorized the issuance of the outstanding notes. For a description of the indenture governing the notes, see "Description of Notes."

The exchange offer is not conditioned upon any minimum aggregate principal amount of outstanding notes being tendered for exchange.

As of the date of this prospectus, \$250.0 million aggregate principal amount of the outstanding notes is outstanding. This prospectus and the letter of transmittal are being sent to all registered holders of outstanding notes. There will be no fixed record date for determining registered holders of outstanding notes entitled to participate in the exchange offer. We intend to conduct the exchange offer in accordance with the provisions of the registration rights agreement, the applicable requirements of the Securities Act and the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the rules and regulations of the SEC. Outstanding notes that are not tendered for exchange in the exchange offer will remain outstanding and continue to accrue interest and will be entitled to the rights and benefits such holders have under the indenture governing the notes and the registration rights agreement except we will not have any further obligation to you to provide for the registration of the outstanding notes under the registration rights agreement.

We will be deemed to have accepted for exchange properly tendered outstanding notes when we have given written notice of the acceptance to the exchange agent. The exchange agent will act as agent for the tendering holders for the purposes of receiving the exchange notes from us and delivering exchange notes to holders. Subject to the terms of the registration rights agreement, we expressly reserve the right to amend or terminate the exchange offer and to refuse to accept the occurrence of any of the conditions specified below under “—Conditions to the Exchange Offer.”

If you tender your outstanding notes in the exchange offer, you will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes with respect to the exchange of outstanding notes. We will pay all charges and expenses, other than certain applicable taxes described below, in connection with the exchange offer. It is important that you read “—Fees and Expenses” below for more details regarding fees and expenses incurred in the exchange offer.

Expiration Date, Extensions and Amendments

As used in this prospectus, the term “expiration date” means 12:00 midnight, New York City time, on May 23, 2018. However, if we, in our sole discretion, extend the period of time for which the exchange offer is open, the term “expiration date” will mean the latest time and date to which we shall have extended the expiration of the exchange offer. We expect to keep the exchange offer in effect for a period of 20 business days from the date this registration statement is declared effective by the SEC.

To extend the period of time during which the exchange offer is open, we will notify the exchange agent of any extension by written notice, followed by notification by press release or other public announcement to the registered holders of the outstanding notes no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date.

We reserve the right, in our sole discretion:

to delay accepting for exchange any outstanding notes (only in the case that we amend or extend the exchange offer);

to extend the exchange offer or to terminate the exchange offer if any of the conditions set forth below under “—Conditions to the Exchange Offer” have not been satisfied, by giving written notice of such delay, extension or termination to the exchange agent; and

subject to the terms of the registration rights agreement, to amend the terms of the exchange offer in any manner. In the event of a material change in the exchange offer, including the waiver of a material condition, we will extend the offer period, if necessary, so that at least five business days remain in such offer period following notice of the material change.

Any delay in acceptance, extension, termination or amendment will be followed as promptly as practicable by written notice to the registered holders of the outstanding notes. If we amend the exchange offer in a manner that we determine to constitute a material change, we will promptly disclose the amendment in a manner reasonably calculated to inform the holders of the outstanding notes of that amendment.

Conditions to the Exchange Offer

Despite any other term of the exchange offer, we will not be required to accept for exchange, or to issue exchange notes in exchange for, any outstanding notes and we may terminate or amend the exchange offer as provided in this prospectus prior to the expiration date if in our reasonable judgment:

the exchange offer or the making of any exchange by a holder violates any applicable law or interpretation of the SEC; or

any action or proceeding has been instituted or threatened in writing in any court or by or before any governmental agency with respect to the exchange offer that, in our judgment, would reasonably be expected to impair our ability to proceed with the exchange offer.

In addition, we will not be obligated to accept for exchange the outstanding notes of any holder that has not made to us:

the representations described under “—Purpose and Effect of the Exchange Offer,” “—Procedures for Tendering Outstanding Notes” and “Plan of Distribution”; or

any other representations as may be reasonably necessary under applicable SEC rules, regulations or interpretations to make available to us an appropriate form for registration of the exchange notes under the Securities Act.

We expressly reserve the right at any time or at various times to extend the period of time during which the exchange offer is open. Consequently, we may delay acceptance of any outstanding notes by giving written notice of such extension to their holders. We will return any outstanding notes that we do not accept for exchange for any reason without expense to their tendering holder promptly after the expiration or termination of the exchange offer.

We expressly reserve the right to amend or terminate the exchange offer upon the occurrence of any of the conditions of the exchange offer specified above. We will give written notice of any extension, amendment, non-acceptance or termination to the holders of the outstanding notes as promptly as practicable. In the case of any extension, such notice will be issued no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date.

These conditions are for our sole benefit, and we may assert them regardless of the circumstances that may give rise to them or waive them in whole or in part at any or at various times prior to the expiration date of the exchange offer in our sole discretion. If we waive a condition for one participant in the exchange offer, such condition will be deemed to have been waived for all participants in the exchange offer. If we fail at any time to exercise any of the foregoing rights, this failure will not constitute a waiver of such right. Each such right will be deemed an ongoing right that we may assert at any time or at various times prior to the expiration date.

In addition, we will not accept for exchange any outstanding notes tendered, and will not issue exchange notes in exchange for any such outstanding notes, if at such time any stop order is threatened or in effect with respect to the registration statement of which this prospectus constitutes a part or the qualification of the indenture governing the notes under the Trust Indenture Act of 1939, as amended.

Procedures for Tendering Outstanding Notes

To tender your outstanding notes in the exchange offer, you must comply with either of the following: complete, sign and date the letter of transmittal, or a facsimile of the letter of transmittal, have the signature(s) on the letter of transmittal guaranteed if required by the letter of transmittal and mail or deliver such letter of transmittal or facsimile thereof to the exchange agent at the address set forth below under “—Exchange Agent” prior to the expiration date; or

comply with DTC’s Automated Tender Offer Program procedures described below.

In addition, either:

the exchange agent must receive certificates for outstanding notes along with the letter of transmittal prior to the expiration date;

the exchange agent must receive a timely confirmation of book-entry transfer of outstanding notes into the exchange agent’s account at DTC according to the procedures for book-entry transfer described below or a properly transmitted agent’s message prior to the expiration date; or

you must comply with the guaranteed delivery procedures described below.

Your tender, if not withdrawn prior to the expiration date, constitutes an agreement between us and you upon the terms and subject to the conditions described in this prospectus and in the letter of transmittal.

The method of delivery of outstanding notes, letters of transmittal and all other required documents to the exchange agent is at your election and risk. We recommend that instead of delivery by mail, you use an overnight or hand delivery service, properly insured. In all cases, you should allow sufficient time to assure timely delivery to the exchange agent before the expiration date. You should not send letters of transmittal or certificates representing outstanding notes to us. You may request that your broker, dealer, commercial bank, trust company or nominee effect the above transactions for you.

If you are a beneficial owner whose outstanding notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender your outstanding notes, you should promptly contact the registered holder and instruct the registered holder to tender on your behalf. If you wish to tender the outstanding notes

yourself, you must, prior to completing and executing the letter of transmittal and delivering your outstanding notes, either:

- make appropriate arrangements to register ownership of the outstanding notes in your name; or
- obtain a properly completed bond power from the registered holder of outstanding notes.

The transfer of registered ownership may take considerable time and may not be able to be completed prior to the expiration date.

Signatures on the letter of transmittal or a notice of withdrawal, as the case may be, must be guaranteed by a member firm of a registered national securities exchange or of the Financial Industry Regulating Authority, a commercial bank or trust company having an office or correspondent in the United States or another “eligible guarantor institution” within the meaning of Rule 17A(d)-15 under the Exchange Act unless the outstanding notes surrendered for exchange are tendered:

- by a registered holder of the outstanding notes who has not completed the box entitled “Special Registration Instructions” or “Special Delivery Instructions” on the letter of transmittal; or
- for the account of an eligible guarantor institution.

If the letter of transmittal is signed by a person other than the registered holder of any outstanding notes listed on the outstanding notes, such outstanding notes must be endorsed or accompanied by a properly completed bond power.

The bond power must be signed by the registered holder as the registered holder’s name appears on the outstanding notes, and an eligible guarantor institution must guarantee the signature on the bond power.

If the letter of transmittal, any certificates representing outstanding notes or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, those persons should also indicate when signing and, unless waived by us, they should also submit evidence satisfactory to us of their authority to so act.

The exchange agent and DTC have confirmed that any financial institution that is a participant in DTC’s system may use DTC’s Automated Tender Offer Program to tender outstanding notes. Participants in the program may, instead of physically completing and signing the letter of transmittal and delivering it to the exchange agent, electronically transmit their acceptance of the exchange by causing DTC to transfer the outstanding notes to the exchange agent in accordance with DTC’s Automated Tender Offer Program procedures for transfer. DTC will then send an agent’s message to the exchange agent. The term “agent’s message” means a message transmitted by DTC, received by the exchange agent and forming part of the book-entry confirmation, which states that:

- DTC has received an express acknowledgment from a participant in its Automated Tender Offer Program that is tendering outstanding notes that are the subject of the book-entry confirmation;
- the participant has received and agrees to be bound by the terms of the letter of transmittal, or in the case of an agent’s message relating to guaranteed delivery, that such participant has received and agrees to be bound by the notice of guaranteed delivery; and

we may enforce that agreement against such participant. DTC is referred to herein as a “book-entry transfer facility.”

Acceptance of Exchange Notes

In all cases, we will issue exchange notes for outstanding notes promptly after the expiration date only after the exchange agent timely receives:

- outstanding notes or a timely book-entry confirmation of such outstanding notes into the exchange agent’s account at the book-entry transfer facility; and

- a properly completed and duly executed letter of transmittal and all other required documents or a properly transmitted agent’s message.

By tendering outstanding notes pursuant to the exchange offer, you will represent to us that, among other things:

- you are not our affiliate or an affiliate of any guarantor within the meaning of Rule 405 under the Securities Act;

- you do not have an arrangement or understanding with any person or entity to participate in a distribution of the exchange notes; and

- you are acquiring the exchange notes in the ordinary course of your business.

In addition, each broker-dealer that is to receive exchange notes for its own account in exchange for outstanding notes must represent that such outstanding notes were acquired by that broker-dealer as a result of market-making activities or other trading activities and must acknowledge that it will deliver a prospectus that meets the requirements of the Securities Act in connection with any resale of the exchange notes. See “Plan of Distribution.”

We will interpret the terms and conditions of the exchange offer, including the letter of transmittal and the instructions to the letter of transmittal, and will resolve all questions as to the validity, form, eligibility, including time of receipt and acceptance of outstanding notes tendered for exchange. Our determinations in this regard will be final and binding on all parties. We reserve the absolute right to reject any and all tenders of any particular outstanding notes not properly tendered or to not accept any particular outstanding notes if the acceptance might, in our or our counsel’s judgment, be unlawful. We also reserve the absolute right to waive any defects or irregularities as to any particular outstanding notes prior to the expiration date.

Unless waived, any defects or irregularities in connection with tenders of outstanding notes for exchange must be cured within such reasonable period of time as we determine. Neither we, the exchange agent nor any other person will be under any duty to give notification of any defect or irregularity with respect to any tender of outstanding notes for exchange, nor will any of them incur any liability for any failure to give notification. Any outstanding notes received by the exchange agent that are not properly tendered and as to which the irregularities have not been cured or waived will be returned by the exchange agent to the tendering holder, unless otherwise provided in the letter of transmittal, promptly after the expiration date.

Book-Entry Delivery Procedures

Promptly after the date of this prospectus, the exchange agent will establish an account with respect to the outstanding notes at DTC and, as the book-entry transfer facility, for purposes of the exchange offer. Any financial institution that is a participant in the book-entry transfer facility's system may make book-entry delivery of the outstanding notes by causing the book-entry transfer facility to transfer those outstanding notes into the exchange agent's account at the facility in accordance with the facility's procedures for such transfer. To be timely, book-entry delivery of outstanding notes requires receipt of a confirmation of a book-entry transfer, a "book-entry confirmation," prior to the expiration date. In addition, although delivery of outstanding notes may be effected through book-entry transfer into the exchange agent's account at the book-entry transfer facility, the letter of transmittal or a manually signed facsimile thereof, together with any required signature guarantees and any other required documents, or an "agent's message," as defined below, in connection with a book-entry transfer, must, in any case, be delivered or transmitted to and received by the exchange agent at its address set forth on the cover page of the letter of transmittal prior to the expiration date to receive exchange notes for tendered outstanding notes, or the guaranteed delivery procedure described below must be complied with. Tender will not be deemed made until such documents are received by the exchange agent. Delivery of documents to the book-entry transfer facility does not constitute delivery to the exchange agent. Holders of outstanding notes who are unable to deliver confirmation of the book-entry tender of their outstanding notes into the exchange agent's account at the book-entry transfer facility or all other documents required by the letter of transmittal to the exchange agent on or prior to the expiration date must tender their outstanding notes according to the guaranteed delivery procedures described below.

Guaranteed Delivery Procedures

If you wish to tender your outstanding notes but your outstanding notes are not immediately available or you cannot deliver your outstanding notes, the letter of transmittal or any other required documents to the exchange agent or comply with the procedures under DTC's Automatic Tender Offer Program in the case of outstanding notes, prior to the expiration date, you may still tender if:

the tender is made through an eligible guarantor institution;

prior to the expiration date, the exchange agent receives from such eligible guarantor institution either a properly completed and duly executed notice of guaranteed delivery, by facsimile transmission, mail, or hand delivery or a properly transmitted agent's message and notice of guaranteed delivery, that (1) sets forth your name and address, the certificate number(s) of such outstanding notes and the principal amount of outstanding notes tendered; (2) states that the tender is being made thereby; and (3) guarantees that, within three New York Stock Exchange trading days after the expiration date, the letter of transmittal, or facsimile thereof, together with the outstanding notes or a book-entry confirmation, and any other documents required by the letter of transmittal, will be deposited by the eligible guarantor institution with the exchange agent; and

the exchange agent receives the properly completed and executed letter of transmittal or facsimile thereof, as well as certificate(s) representing all tendered outstanding notes in proper form for transfer or a book-entry confirmation of transfer of the outstanding notes into the exchange agent's account at DTC and all

other documents required by the letter of transmittal within three New York Stock Exchange trading days after the expiration date.

Upon request, the exchange agent will send to you a notice of guaranteed delivery if you wish to tender your outstanding notes according to the guaranteed delivery procedures.

Withdrawal Rights

Except as otherwise provided in this prospectus, you may withdraw your tender of outstanding notes at any time prior to 12:00 midnight, New York City time, on the expiration date.

For a withdrawal to be effective:

the exchange agent must receive a written notice, which may be by telegram, telex, facsimile or letter, of withdrawal at its address set forth below under “—Exchange Agent”; or

you must comply with the appropriate procedures of DTC’s Automated Tender Offer Program system.

Any notice of withdrawal must:

specify the name of the person who tendered the outstanding notes to be withdrawn;

identify the outstanding notes to be withdrawn, including the certificate numbers and principal amount of the outstanding notes; and

where certificates for outstanding notes have been transmitted, specify the name in which such outstanding notes were registered, if different from that of the withdrawing holder.

If certificates for outstanding notes have been delivered or otherwise identified to the exchange agent, then, prior to the release of such certificates, you must also submit:

the serial numbers of the particular certificates to be withdrawn; and

a signed notice of withdrawal with signatures guaranteed by an eligible institution unless you are an eligible guarantor institution.

If outstanding notes have been tendered pursuant to the procedures for book-entry transfer described above, any notice of withdrawal must specify the name and number of the account at the book-entry transfer facility to be credited with the withdrawn outstanding notes and otherwise comply with the procedures of the facility. We will determine all questions as to the validity, form and eligibility, including time of receipt of notices of withdrawal, and our determination will be final and binding on all parties. Any outstanding notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the exchange offer. Any outstanding notes that have been tendered for exchange but that are not exchanged for any reason will be returned to their holder, without cost to the holder, or, in the case of book-entry transfer, the outstanding notes will be credited to an account at the book-entry transfer facility, promptly after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn outstanding notes may be retendered by following the procedures described under “—Procedures for Tendering Outstanding Notes” above at any time on or prior to the expiration date.

Exchange Agent

U.S. Bank National Association has been appointed as the exchange agent for the exchange offer. U.S. Bank National Association also acts as trustee under the indenture governing the notes. Fees and Expenses

The registration rights agreement provides that we will bear all expenses in connection with the performance of our obligations relating to the registration of the exchange notes and the conduct of the exchange offer. These expenses include registration and filing fees, accounting and legal fees and printing costs, among others. We will pay the exchange agent reasonable and customary fees for its services and reasonable out-of-pocket expenses. We will also reimburse brokerage houses and other custodians, nominees and fiduciaries for customary mailing and handling expenses incurred by them in forwarding this prospectus and related documents to their clients that are holders of outstanding notes and for handling or tendering for such clients.

We have not retained any dealer-manager in connection with the exchange offer and will not pay any fee or commission to any broker, dealer, nominee or other person, other than the exchange agent, for soliciting tenders of outstanding notes pursuant to the exchange offer.

Accounting Treatment

We will record the exchange notes in our accounting records at the same carrying value as the outstanding notes, which is the aggregate principal amount as reflected in our accounting records on the date of exchange. Accordingly, we will not recognize any gain or loss for accounting purposes upon the consummation of the exchange offer. We will record the expenses of the exchange offer as incurred.

Transfer Taxes

We will pay all transfer taxes, if any, applicable to the exchange of outstanding notes under the exchange offer. The tendering holder, however, will be required to pay any transfer taxes, whether imposed on the registered holder or any other person, if:

certificates representing outstanding notes for principal amounts not tendered or accepted for exchange are to be delivered to, or are to be issued in the name of, any person other than the registered holder of outstanding notes tendered;

tendered outstanding notes are registered in the name of any person other than the person signing the letter of transmittal; or

a transfer tax is imposed for any reason other than the exchange of outstanding notes under the exchange offer.

If satisfactory evidence of payment of such taxes is not submitted with the letter of transmittal, the amount of such transfer taxes will be billed to that tendering holder.

Consequences of Failure to Exchange

If you do not exchange your outstanding notes for exchange notes under the exchange offer, your outstanding notes will remain subject to the restrictions on transfer of such outstanding notes:

as set forth in the legend printed on the outstanding notes as a consequence of the issuance of the outstanding notes pursuant to the exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws; and

as otherwise set forth in the offering memorandum distributed in connection with the private offering of the outstanding notes.

In general, you may not offer or sell your outstanding notes unless they are registered under the Securities Act or unless the offer or sale is exempt from registration under the Securities Act and applicable state securities laws.

Except as required by the registration rights agreement, we do not intend to register resales of the outstanding notes under the Securities Act.

Other

Participating in the exchange offer is voluntary, and you should carefully consider whether to accept. You are urged to consult your financial and tax advisors in making your own decision on what action to take.

We may in the future seek to acquire untendered outstanding notes in open market or privately negotiated transactions, through subsequent exchange offer or otherwise. We have no present plans to acquire any outstanding notes that are not tendered in the exchange offer or to file a registration statement to permit resales of any untendered outstanding notes.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for the periods presented:

	Years Ended December 31,				
	2017	2016	2015	2014	2013
Ratio of earnings to fixed charges ⁽¹⁾	3.7x	5.7x	7.2x	9.1x	8.4x

For purposes of computing the ratio of earnings to fixed charges, “earnings” consists of pretax income from continuing operations before adjustment for non-controlling interest and income from equity investees plus fixed charges (excluding capitalized interest). “Fixed charges” represents interest incurred (whether expensed or capitalized), amortization of debt costs and that portion of rental expense on operating leases deemed to be the equivalent of interest.

USE OF PROCEEDS

The exchange offer is intended to satisfy our obligations under the registration rights agreement. We will not receive any cash proceeds from the issuance of the exchange notes pursuant to the exchange offer. In consideration for issuing the exchange notes as contemplated in this prospectus, we will receive in exchange a like principal amount of outstanding notes, the terms of which are identical in all material respects to the exchange notes, except that the exchange notes will be registered under the Securities Act and will not contain terms with respect to transfer restrictions, registration rights and additional interest for failure to observe certain obligations in the registration rights agreement. The outstanding notes surrendered in exchange for the exchange notes will be retired and cancelled and cannot be reissued. Accordingly, the issuance of the exchange notes will not result in any change in our outstanding indebtedness.

DESCRIPTION OF NOTES

You can find the definitions of certain terms used in this description under the subheading “—Certain Definitions.” In this description, the term “Company,” “us,” “our” or “we” refers only to Delek Logistics Partners, LP and not to any of its Subsidiaries, the term “Finance Corp.” refers only to Delek Logistics Finance Corp., and the term “Issuers” refers to the Company and Finance Corp.

The Issuers issued \$250.0 million aggregate principal amount of 6.75% Senior Notes due 2025 (the “outstanding notes”) under an indenture, dated as of May 23, 2017 (the “indenture”), among themselves, the Guarantors and U.S. Bank National Association, as trustee, subject to contingent registration rights. The Issuers will issue the notes to be issued upon exchange of the outstanding notes (the “exchange notes”) under the indenture. Unless otherwise indicated, references to the “notes” are to the outstanding notes and the exchange notes.

The following description is a summary of the material provisions of the indenture. It does not restate that agreement in its entirety. We urge you to read the indenture because it, and not this description, defines the rights of Holders of the notes. Certain defined terms used in this description but not defined below under “—Certain Definitions” have the meanings assigned to them in the indenture.

The registered holder of a note will be treated as the owner of it for all purposes. Only registered holders will have rights under the indenture.

Brief Description of the Notes and the Subsidiary Guarantees

The Notes

The notes:

- are general unsecured obligations of the Issuers;
- are equal in right of payment with all existing and future Senior Indebtedness of either of the Issuers;
- are effectively junior to any secured Indebtedness of the Issuers, including Indebtedness under the Credit Agreement, to the extent of the value of the collateral securing such Indebtedness;
- rank senior in right of payment to any future subordinated Indebtedness of either of the Issuers; and
- are unconditionally guaranteed by the Guarantors on a senior unsecured basis.

The Subsidiary Guarantees

Initially, the notes are guaranteed by all of the Company’s existing Subsidiaries (other than Finance Corp.), which are the same entities that currently guarantee its Credit Agreement.

Each guarantee of the notes:

- is a general unsecured obligation of the Guarantor;
- is equal in right of payment with all existing and future senior Indebtedness of that Guarantor;

ranks effectively junior to any secured Indebtedness of that Guarantor, including Indebtedness under the Credit Agreement, to the extent of the value of the collateral securing such Indebtedness; and
ranks senior in right of payment to any future subordinated Indebtedness of that Guarantor.

As of December 31, 2017, the Issuers and the Guarantors had:

total consolidated Indebtedness outstanding of approximately \$422.6 million, including the outstanding notes and approximately \$179.9 million in outstanding borrowings and approximately \$511.1 million in availability under the Credit Agreement (which includes an approximate \$9.0 million reduction in availability for issued letters of credit); and

no Indebtedness contractually subordinated to the notes or the guarantees, as applicable.

The indenture permits the Issuers and the Guarantors to incur additional Indebtedness, including additional secured Indebtedness.

Initially, all of our existing Subsidiaries (other than Finance Corp.) will guarantee the notes. Under the circumstances described below under the subheading “—Certain Covenants—Additional Guarantees,” in the future one or more of our newly created or acquired Subsidiaries may not guarantee the notes. In the event of a bankruptcy, liquidation or reorganization of any of these non-guarantor Subsidiaries, the non-guarantor Subsidiaries will pay current outstanding obligations to the holders of their debt and their trade creditors before they will be able to distribute any of their assets to us.

In addition, we own a 50% membership interest in the Caddo Pipeline JV that owns an 80-mile, FERC-regulated crude oil pipeline that originates in Longview, Texas with destination in the Shreveport, Louisiana area and that began operations in January 2017. We also own a 33% membership interest in the RIO Pipeline JV that owns a 107-mile, FERC-regulated crude oil pipeline that originates in Loving County, Texas near the Texas-New Mexico border and terminates in Midland, Texas, and that began operations in September 2016. As of December 31, 2017, our investment balance in the Caddo Pipeline JV and the RIO Pipeline JV totaled approximately \$106.5 million, and neither joint venture had any indebtedness outstanding. We account for our interest in each of the Caddo Pipeline JV and the RIO Pipeline JV using the equity method. Neither the Caddo Pipeline JV nor the RIO Pipeline JV qualify as a “Subsidiary” under the indenture at this time, and, therefore, neither of them will be subject to any of the restrictive covenants in the indenture nor will either of them guarantee the notes.

Principal, Maturity and Interest

On May 23, 2017, the Issuers issued notes with an initial maximum aggregate principal amount of \$250.0 million. The Issuers may issue additional notes from time to time after the exchange offer. Any offering of additional notes is subject to the covenant described below under the caption “—Certain Covenants—Incurrence of Indebtedness and Issuance of Disqualified Equity.” The notes and any additional notes subsequently issued under the indenture will be treated as a single class for all purposes under the indenture, including, without limitation, for waivers, amendments, redemptions and offers to purchase. The Issuers will issue exchange notes in denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000. The notes will mature on May 15, 2025.

Interest on the notes accrues at the rate of 6.75% per annum, and will be payable semi-annually in arrears on May 15 and November 15, commencing on November 15, 2017.

The Issuers will make each interest payment to the Holders of record on the May 1 and November 1 immediately preceding each interest payment date. If any payment date for the notes is not a Business Day, the payment will be made on the next succeeding Business Day without additional interest with respect to such delay.

Interest on the notes accrues from the date of original issuance or, if interest has already been paid, from the date it was most recently paid. Interest is computed on the basis of a 360-day year comprised of twelve 30-day months.

Methods of Receiving Payments on the Notes

If a Holder has given wire transfer instructions to the Issuers or the paying agent, the Issuers will pay all principal, interest and premium, if any, on that Holder's notes in accordance with those instructions. All other payments on the notes will be made at the office or agency of the paying agent and registrar unless the Issuers elect to make interest payments by check mailed to the Holders at their addresses set forth in the register of Holders.

Paying Agent and Registrar for the Notes

The trustee will initially act as paying agent and registrar. The Issuers may change the paying agent or registrar without prior notice to the Holders of the notes, and the Company or any of its Subsidiaries may act as paying agent or registrar.

Transfer and Exchange

A Holder may transfer or exchange notes in accordance with the indenture. The registrar and the trustee may require a Holder to furnish appropriate endorsements and transfer documents in connection with a transfer of notes. No service charge will be imposed by the Issuers, the trustee or the registrar for any registration of transfer or exchange of notes, but Holders are required to pay all taxes due on transfer. The Issuers are not required to transfer or exchange any note selected for redemption. Also, the Issuers are not required to transfer or exchange any note for a period of 15 days before a selection of notes to be redeemed.

Subsidiary Guarantees

All of our existing Subsidiaries (other than Finance Corp.) guarantee the notes on a senior unsecured basis. In the future, other Restricted Subsidiaries of the Company will be required to guarantee the notes under the circumstances described under "—Certain Covenants—Additional Guarantees." These Subsidiary Guarantees will be joint and several obligations of the Guarantors. The obligations of each Guarantor under its Subsidiary Guarantee will be limited as necessary to prevent that Subsidiary Guarantee from constituting a fraudulent conveyance under applicable law, although this limitation may not be effective to prevent the Subsidiary Guarantees from being voided in bankruptcy. The Subsidiary Guarantee of a Guarantor, together with all of its other obligations under the indenture, will be automatically released:

- in connection with any sale or other disposition of all or substantially all of the properties or assets of that
- (1) Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) the Company or a Restricted Subsidiary of the Company;
- (2) in connection with any sale or other disposition of Capital Stock of that Guarantor to a Person that is not (either before or after giving effect to such transaction) the Company or a Restricted Subsidiary

of the Company, if the Guarantor ceases to be a Restricted Subsidiary of the Company as a result of the sale or other disposition;

upon Legal Defeasance or Covenant Defeasance as described below under the caption “—Legal Defeasance and (3) Covenant Defeasance” or upon satisfaction and discharge of the indenture as described below under the caption “—Satisfaction and Discharge”;

(4) if the Company designates any Restricted Subsidiary that is a Guarantor as an Unrestricted Subsidiary in accordance with the applicable provisions of the indenture;

(5) upon the liquidation or dissolution of such Guarantor; or

(6) at such time as such Guarantor does not guarantee any Indebtedness of the Issuers under a Credit Facility other than the notes.

Optional Redemption

At any time prior to May 15, 2020, the Issuers may on any one or more occasions redeem up to 35% of the aggregate principal amount of the notes issued under the indenture at a redemption price of 106.75% of the principal amount, plus accrued and unpaid interest, if any, to the redemption date (subject to the right of Holders on the relevant record date to receive interest due on an interest payment date that is on or prior to the redemption date), in an amount not greater than the net cash proceeds of one or more Equity Offerings, provided that:

(1) at least 65% of the aggregate principal amount of the notes issued under the indenture (excluding notes held by the Company and its Subsidiaries) remains outstanding immediately after the occurrence of such redemption; and

(2) the redemption occurs within 180 days of the date of the closing of each such Equity Offering.

On and after May 15, 2020, the Issuers may on any one or more occasions redeem all or a part of the notes at the redemption prices (expressed as percentages of principal amount) set forth below, plus accrued and unpaid interest, if any, on the notes to be redeemed to the applicable redemption date (subject to the right of Holders on the relevant record date to receive interest due on an interest payment date that is on or prior to the redemption date), if redeemed during the twelve-month period beginning on May 15 of the years indicated below:

Year	Percentage
2020	105.063%
2021	103.375%
2022	101.688%
2023 and thereafter	100.000%

Prior to May 15, 2020, the Issuers may on any one or more occasions redeem all or part of the notes at a redemption price equal to the sum of:

- (1) the principal amount thereof, plus
 - (2) the Make Whole Premium at the redemption date, plus accrued and unpaid interest, if any, to the redemption date (subject to the right of Holders on the relevant record date to receive interest due on an interest payment date that is on or prior to the redemption date). The Company (a) will calculate the Treasury Rate no later than the second (and no earlier than the fourth) Business Day preceding the applicable redemption date (or in the case of any redemption in connection with a defeasance of the notes or a satisfaction and discharge of the indenture, on the Business Day preceding such event) and (b) will file with the trustee, promptly after completing such calculation and in any event prior to such redemption date (or such event, as applicable) an officer's certificate setting forth the Make Whole Premium and the Treasury Rate and showing the calculation of each in reasonable detail; provided that the trustee shall not be responsible for any such calculation.
- Selection and Notice

If less than all of the notes are to be redeemed at any time, the trustee will select notes for redemption as follows:

- (1) if the notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the notes are listed; or
- (2) if the notes are not listed on any national securities exchange, on a pro rata basis, by lot or such other method as the trustee shall deem appropriate (or, in the case of notes in global form, the trustee will select notes for redemption based on DTC's operational arrangements).

No notes of \$2,000 or less can be redeemed in part. Notices of optional redemption will be sent at least 30 but not more than 60 days before the redemption date to each Holder of notes to be redeemed at its registered address, except that optional redemption notices may be given more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the notes or a satisfaction and discharge of the indenture. Notices of redemption may be conditioned on one or more conditions precedent specified in the notice.

If any note is to be redeemed in part only, the notice of redemption that relates to that note will state the portion of the principal amount of that note that is to be redeemed. A new note in principal amount equal to the unredeemed portion of the original note will be issued in the name of the Holder of notes upon cancellation of the original note. Notes called for redemption become due on the date fixed for redemption, subject to satisfaction of any conditions specified with respect to such redemption. On and after the redemption date, interest ceases to accrue on notes or portions of them called for redemption without any condition.

Mandatory Redemption

Except as set forth below under "—Repurchase at the Option of Holders," the Issuers are not required to make mandatory redemption or sinking fund payments with respect to the notes or to repurchase the notes at the option of the Holders.

Repurchase at the Option of Holders

Change of Control

If a Change of Control Triggering Event occurs, unless the Issuers have previously or concurrently given notice of redemption of all of the notes as described under “—Optional Redemption,” each Holder of notes will have the right to require the Company to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess of \$2,000) of that Holder’s notes pursuant to a Change of Control Offer on the terms set forth in the indenture. In the Change of Control Offer, the Company will offer a cash payment (a “Change of Control Payment”) equal to 101% (or at the Company’s election, a higher percentage) of the aggregate principal amount of notes repurchased plus accrued and unpaid interest, if any, on the notes repurchased, to the date of settlement (the “Change of Control Settlement Date”), subject to the right of Holders of notes on the relevant record date to receive interest due on an interest payment date that is on or prior to the Change of Control Settlement Date. No later than 30 days following any Change of Control Triggering Event, unless the Issuers have previously or concurrently exercised their right to redeem all of the notes as described under “—Optional Redemption,” the Company will send a notice to each Holder and the trustee describing the transaction or transactions that constitute the Change of Control Triggering Event and offering to repurchase notes as of the Change of Control Settlement Date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is sent, pursuant to the procedures required by the indenture and described in such notice.

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control Triggering Event provisions of the indenture, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control Triggering Event provisions of the indenture by virtue of such compliance.

Promptly following the expiration of the Change of Control Offer, the Company will, to the extent lawful, accept for payment all notes or portions of notes properly tendered pursuant to the Change of Control Offer. Promptly thereafter on the Change of Control Settlement Date, the Company will:

- (1) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered; and
- (2) deliver or cause to be delivered to the trustee the notes properly accepted together with an officers’ certificate stating the aggregate principal amount of notes or portions of notes being purchased by the Company.

On the Change of Control Settlement Date, the paying agent will mail to each Holder of notes properly tendered the Change of Control Payment for such notes (or, if all the notes are then in global form, make such payment through the facilities of DTC), and the trustee will authenticate and mail (or cause to be transferred by book entry) to each Holder a new note equal in principal amount to any unpurchased portion of the notes surrendered, if any; provided, however, that each new note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess of \$2,000. The Company will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Settlement Date.

The Credit Agreement provides that certain change of control events with respect to the Company would constitute an event of default thereunder, entitling the lenders, among other things, to accelerate the maturity of all indebtedness outstanding thereunder. Any future credit agreements or other agreements relating to indebtedness to which the Company or any Guarantor becomes a party may contain similar restrictions and provisions. The indenture provides that, prior to complying with any of the provisions of this “Change of Control Triggering Event” covenant, but in any event no later than the Change of Control Settlement Date, the Company or any Guarantor must either repay all of its other outstanding senior Indebtedness or obtain the requisite consents, if any, under all agreements governing such senior Indebtedness to the extent necessary to permit the repurchase of notes required by this covenant.

The provisions described above that require the Company to make a Change of Control Offer following a Change of Control Triggering Event will be applicable whether or not any other provisions of the indenture are applicable, except as provided in the following paragraph. Except as described above with respect to a Change of Control Triggering Event, the indenture does not contain provisions that permit the Holders of the notes to require that the Company repurchase or redeem the notes in the event of a takeover, recapitalization or similar transaction.

The Company will not be required to make a Change of Control Offer upon a Change of Control Triggering Event (i) if a third party makes the Change of Control Offer in the manner, at the time and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control Offer made by the Company and purchases all notes properly tendered and not withdrawn under the Change of Control Offer, or (ii) in connection with a transaction that would constitute a Change of Control, the Company or a third party has made an offer to purchase all notes properly tendered at a price higher than the Change of Control Payment and has purchased all notes properly tendered in such offer (an “Alternate Offer”). Notwithstanding anything to the contrary contained in the indenture, a Change of Control Offer or Alternate Offer may be made in advance of a Change of Control Triggering Event, conditioned upon the consummation of such Change of Control Triggering Event, if a definitive agreement is in place for the Change of Control at the time the Change of Control Offer or Alternate Offer is made.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of “all or substantially all” of the properties or assets of the Company and its Restricted Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a Holder of notes to require the Company to repurchase its notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the properties or assets of the Company and its Subsidiaries taken as a whole to another Person or group may be uncertain.

In the event that the Company purchases 90% or more of the aggregate principal amount of the outstanding notes pursuant to a Change of Control Offer or Alternate Offer, the Issuers will have the right, upon not less than 30 nor more than 60 days’ prior notice, given not more than 30 days following the purchase pursuant to the Change of Control Offer or Alternate Offer described above, to redeem all of the notes that remain outstanding following such purchase at a redemption price equal to the Change of Control Payment plus, to the extent not included in such payment, accrued and unpaid interest, if any, on the notes that remain outstanding, to the date of redemption (subject to the right of Holders of record on the relevant record date to receive interest due on an interest payment date that is on or prior to the redemption date).

Asset Sales

The Company will not consummate, and will not permit any of its Restricted Subsidiaries to consummate, an Asset Sale unless:

- the Company or any of its Restricted Subsidiaries receives consideration at the time of the Asset Sale at least equal
- (1) to the fair market value (to be determined on the date of contractual agreement to such Asset Sale by the parties thereto) of the assets or Equity Interests issued or sold or otherwise disposed of; and
 - (2) at least 75% of the aggregate consideration received by the Company and its Restricted Subsidiaries in the Asset Sale and all other Asset Sales, on a cumulative basis, since the Issue Date is in the form of cash or Cash Equivalents. For purposes of this provision, each of the following will be deemed to be cash:
 - (a) any liabilities, as shown on the Company's most recent consolidated balance sheet, of the Company or any Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the notes or any Subsidiary Guarantees) that are assumed by the transferee of any such assets pursuant to a novation agreement that releases the Company or such Restricted Subsidiary from further liability;
 - (b) any securities, notes or other obligations received by the Company or any Restricted Subsidiary in such transaction that are within 180 days after the Asset Sale (subject to ordinary settlement periods), converted by the Company or such Restricted Subsidiary into cash or Cash Equivalents, to the extent of the cash or Cash Equivalents received in that conversion; and
 - (c) any Designated Non-cash Consideration received by the Company or any of its Restricted Subsidiaries in such Asset Sale; provided that the aggregate fair market value of such Designated Non-cash Consideration, taken together with the fair market value at the time of receipt of all other Designated Non-cash Consideration received pursuant to this clause (c) less the amount of Net Proceeds previously realized in cash or Cash Equivalents from prior Designated Non-cash Consideration is less than the greater of (x) 5.0% of Consolidated Net Tangible Assets at the time of the receipt of such Designated Non-cash Consideration (with the fair market value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value) and (y) \$20.0 million.

Within 365 days after the receipt of any Net Proceeds from an Asset Sale the Company or any of its Restricted Subsidiaries may apply such Net Proceeds (or enter into a definitive agreement for such application within such 365-day period, provided that such application occurs within 180 days after the end of such 365-day period):

- (1) to repay Senior Indebtedness of the Company or its Restricted Subsidiaries (or to make an offer to repurchase or redeem such Indebtedness; provided that such repurchase or redemption or offer for repurchase or redemption closes within 45 days after the end of such 365-day period);

to acquire all or substantially all of the properties or assets of, or any Capital Stock of, another Permitted Business, (2) if, after giving effect to any such acquisition of Capital Stock, the Permitted Business is or becomes a Restricted Subsidiary of the Company;

(3) to make a capital expenditure in a Permitted Business; or

(4) to acquire other assets that are not classified as current assets under GAAP and that are used or useful in a Permitted Business.

Pending the final application of any Net Proceeds, the Company or any Restricted Subsidiary may invest the Net Proceeds in any manner that is not prohibited by the indenture.

Any Net Proceeds from Asset Sales that are not applied or invested as provided in the second paragraph of this covenant will constitute "Excess Proceeds." When the aggregate amount of Excess Proceeds exceeds \$50.0 million, within five days thereof, the Company will make an offer (an "Asset Sale Offer") to all Holders of notes and all holders of other Indebtedness that is pari passu with the notes containing provisions similar to those set forth in the indenture with respect to offers to purchase or redeem such Indebtedness with the proceeds of sales of assets, to purchase or redeem, on a pro rata basis, the maximum principal amount of notes and such other pari passu Indebtedness that may be purchased or redeemed out of the Excess Proceeds. The offer price in any Asset Sale Offer will be equal to 100% of the principal amount, plus accrued and unpaid interest, if any, thereon to the date of purchase or redemption, subject to the right of Holders of notes on the relevant record date to receive interest due on an interest payment date that is on or prior to the purchase or redemption date, and will be payable in cash. If any Excess Proceeds remain after consummation of an Asset Sale Offer, the Company or any Restricted Subsidiary may use those Excess Proceeds for any purpose not otherwise prohibited by the indenture. If the aggregate principal amount of notes tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds allocated to the purchase of notes, then notes will be purchased on a pro rata basis (or, in the case of global notes, the notes represented thereby will be purchased in accordance with DTC's prescribed method), based on the amounts tendered. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds will be reset at zero.

In making an Asset Sale Offer, the Company will comply with the applicable requirements of Rule 14e-1 under the Exchange Act and other securities laws and regulations. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sales provisions of the indenture, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Asset Sale provisions of the indenture by virtue of such compliance.

The Credit Agreement currently provides that a change of control (as defined in the Credit Agreement) would constitute an event of default thereunder, entitling the lenders, among other things, to accelerate the maturity of all Indebtedness outstanding thereunder. Any future Credit Facilities or other agreements governing the Company's Indebtedness may contain prohibitions of certain events, including events that would constitute a Change of Control or an Asset Sale and including repurchases of or other prepayments in respect of the notes. The exercise by the Holders of notes of their right to require the Company to repurchase the notes upon a Change of Control Triggering Event or an Asset Sale could cause a default under these agreements, even if the Change of Control Triggering Event or Asset Sale itself does not, due to the financial effect of such repurchases on the Company or other circumstances. If a Change of Control Triggering Event or Asset Sale occurs at a time when the Company is prohibited from purchasing notes, the Company could seek the consent of the lenders or counterparties under those agreements or could attempt to repay or refinance such borrowings. If the Company does not obtain an appropriate consent or repay those borrowings, the

Company will remain prohibited from purchasing notes. In that case, the Company's failure to purchase tendered notes would constitute an Event of Default under the indenture which could, in all likelihood, constitute a default under the other indebtedness. Finally, the Company's ability to pay cash to the Holders of notes upon a repurchase may be limited by the Company's then existing financial resources. See "Risk Factors—Risks Relating to the Exchange Notes—We may not be able to repurchase the notes upon a change of control, and a change of control could result in us facing substantial repayment obligations under our revolving credit facility and the notes."

Certain Covenants

Termination of Covenants

If at any time (a) the rating assigned to the notes by either of the Rating Agencies is an Investment Grade Rating and (b) no Default or Event of Default has occurred and is then continuing under the indenture, and the Issuers give notice to the trustee of such event, then, beginning on that day and continuing at all times thereafter regardless of any subsequent changes in the ratings of the notes, the Company and its Restricted Subsidiaries will no longer be subject to the following provisions of the indenture:

- (1) "—Repurchase at the Option of Holders—Asset Sales";
- (2) "—Restricted Payments";
- (3) "—Incurrence of Indebtedness and Issuance of Disqualified Equity";
- (4) "—Dividends and Other Payment Restrictions Affecting Subsidiaries";
- (5) "—Designation of Restricted and Unrestricted Subsidiaries";
- (6) "—Transactions with Affiliates"; and
- (7) clause (4) of the covenant described below under the caption "—Merger, Consolidation or Sale of Assets."

There can be no assurance that the notes will ever be assigned or maintain an Investment Grade Rating. Once the foregoing covenants have terminated, the Company may not designate any of its Subsidiaries as Unrestricted Subsidiaries pursuant to the definition of "Unrestricted Subsidiary."

Restricted Payments

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

- declare or pay any dividend or make any other payment or distribution on account of its outstanding Equity Interests (including any payment in connection with any merger or consolidation involving the Company or any of its Restricted Subsidiaries) or to the direct or indirect holders of the Company's or any of its Restricted Subsidiaries' Equity Interests in their capacity as such (other than distributions or dividends payable in Equity Interests, excluding Disqualified Equity, of the Company and other than distributions or dividends payable to the Company or a Restricted Subsidiary);

- repurchase, redeem or otherwise acquire or retire for value (including in connection with any merger or
- (2) consolidation involving the Company) any Equity Interests of the Company, any direct or indirect parent of the Company or any of the Restricted Subsidiaries of the Company;
- make any principal payment on or with respect to, or repurchase, redeem, defease or otherwise acquire or retire for value any Indebtedness of the Company or any Guarantor that is contractually subordinated to the notes or to any
- (3) Subsidiary Guarantee (excluding intercompany Indebtedness between or among the Company and any of its Restricted Subsidiaries), except any payment, repurchase, redemption, defeasance or other acquisition or retirement thereof within one year of its Stated Maturity; or
- (4) make any Restricted Investment
- (all such payments and other actions set forth in these clauses (1) through (4) above being collectively referred to as “Restricted Payments”), unless, at the time of and immediately after giving effect to such Restricted Payment, no Default (except a Reporting Default) or Event of Default has occurred and is continuing or would occur as a consequence of such Restricted Payment and either:
- if the Fixed Charge Coverage Ratio for the Company’s most recently ended four full fiscal quarters for which internal financial statements are available at the time of such Restricted Payment is not less than 1.75 to 1.0, such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Company
- (1) and its Restricted Subsidiaries (excluding Restricted Payments permitted by clauses (2), (3), (4) (to the extent, in the case of clause (4), payments are made to the Company or a Restricted Subsidiary), (5), (6), (7), (8) and (9) of the next succeeding paragraph) during the quarter in which such Restricted Payment is made, is less than the sum, without duplication, of:
- (a) Available Cash from Operating Surplus with respect to the Company’s preceding fiscal quarter; plus 100% of the aggregate net cash proceeds received by the Company (including the fair market value of any Permitted Business or long-term assets that are used or useful in a Permitted Business to the extent acquired in consideration of Equity Interests of the Company (other than Disqualified Equity)) since the Issue Date as a
- (b) contribution to its common equity capital or from the issue or sale of Equity Interests of the Company (other than Disqualified Equity) or from the issue or sale of convertible or exchangeable Disqualified Equity or convertible or exchangeable debt securities of the Company that have been converted into or exchanged for such Equity Interests (other than Equity Interests (or Disqualified Equity or debt securities) sold to a Subsidiary of the Company); plus to the extent that any Restricted Investment that was made after the Issue Date is sold for cash or Cash Equivalents
- (c) or otherwise liquidated or repaid for cash or Cash Equivalents, the return of capital with respect to such Restricted Investment (less the cost of disposition, if any); plus
- (d) the net reduction in Restricted Investments since the Issue Date resulting from dividends, repayments of loans or advances, or other transfers of assets, in each case to the Company

or any of its Restricted Subsidiaries from any Person (including Unrestricted Subsidiaries) or from redesignations of Unrestricted Subsidiaries as Restricted Subsidiaries, to the extent such amounts have not been included in Available Cash from Operating Surplus for any period commencing on or after the Issue Date (items (b), (c) and (d) being referred to as "Incremental Funds"); minus

(e) the aggregate amount of Incremental Funds previously expended pursuant to this clause (I) and clause (II) below;

or

if the Fixed Charge Coverage Ratio for the Company's most recently ended four full fiscal quarters for which internal financial statements are available at the time of such Restricted Payment is less than 1.75 to 1.0, such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Company and its Restricted Subsidiaries (excluding Restricted Payments permitted by clauses (2), (3), (4) (to the extent, in

(2) the case of clause (4), payments are made to the Company or a Restricted Subsidiary), (5), (6), (7), (8) and (9) of the next succeeding paragraph) during the quarter in which such Restricted Payment is made (such Restricted Payments for purposes of this clause (II) meaning only distributions on common units, preferred units, incentive distribution rights or other Capital Stock of the Company, plus the related distribution on the general partner interest), is less than the sum, without duplication, of:

(a) \$100.0 million less the aggregate amount of all prior Restricted Payments made by the Company and its Restricted Subsidiaries pursuant to this clause (II)(a) during the period since the Issue Date; plus

(b) Incremental Funds to the extent not previously expended pursuant to this clause (II) or clause (I) above.

The preceding provisions will not prohibit:

(1) the payment of any dividend or distribution within 60 days after the date of its declaration, if at the date of declaration the payment would have complied with the provisions of the indenture;

the repurchase, redemption, defeasance or other acquisition or retirement for value of subordinated Indebtedness of the Company or any Guarantor or of any Equity Interests of the Company or any of its Restricted Subsidiaries in exchange for, or out of the net cash proceeds of, a substantially concurrent (a) capital contribution to the Company from any Person (other than a Restricted Subsidiary of the Company) or (b) issuance or sale (other than to a Restricted Subsidiary of the Company) of Equity Interests of the Company, with a sale being deemed substantially

(2) concurrent if such repurchase, redemption, defeasance or other acquisition or retirement for value occurs not more than 120 days after such sale; provided that proceeds from sale of Disqualified Equity may only be used to repurchase, redeem, defease or otherwise acquire or retire for value subordinated indebtedness or Disqualified Equity; provided, further that the amount of any such net cash proceeds that are utilized for any such repurchase, redemption, defeasance or other acquisition or retirement for value will be excluded (or deducted, if included) from the calculation of Available Cash from Operating Surplus and Incremental Funds;

- the repurchase, redemption, defeasance or other acquisition or retirement for value of any subordinated
- (3) Indebtedness of the Company or any Guarantor with the net cash proceeds from an incurrence of, or in exchange for, Permitted Refinancing Indebtedness;
- (4) the payment of any distribution or dividend by a Restricted Subsidiary of the Company to the holders of its Equity Interests on a pro rata basis or on a basis more favorable to the Company or a Restricted Subsidiary; the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of the Company or any Restricted Subsidiary of the Company or any direct or indirect parent company of the Company held by any current or former officer, director or employee of the Company or any Affiliate of the Company pursuant to any equity subscription agreement or plan, stock or unit option agreement, shareholders' agreement or similar agreement; provided that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests may not exceed \$5.0 million in any calendar year (with unused amounts in any calendar year to be carried forward to successive calendar years and added to such amount); provided further that such amount in any calendar year may be increased by an amount not to exceed (a) the cash proceeds received by the Company or any of its Restricted Subsidiaries from the sale of Equity Interests of the Company to members of management or directors of the Company or its Affiliates that occurs after the Issue Date (to the extent the cash proceeds from the sale of such Equity Interests have not otherwise been applied to the payment of Restricted Payments by virtue of clause (I)(e) or (II)(b) of the preceding paragraph), plus (b) the cash proceeds of key man life insurance policies received by the Company or any of its Restricted Subsidiaries after the Issue Date;
- (5) so long as no Default (except a Reporting Default) has occurred and is continuing or would be caused thereby, the
- (6) declaration and payments of dividends on Disqualified Equity issued pursuant to the covenant described under “—Incurrence of Indebtedness and Issuance of Disqualified Equity”;
- repurchases of Capital Stock deemed to occur upon exercise of stock options, warrants or other convertible securities if such Capital Stock represents a portion of the exercise price of such options, warrants or other
- (7) convertible securities, and any repurchase of Capital Stock made in lieu of withholding taxes in connection with any exercise or exchange of stock options, warrants or other convertible securities or vesting or payment of equity participation units or similar awards;
- the repurchase, redemption, defeasance or other acquisition or retirement for value of any subordinated Indebtedness pursuant to provisions similar to those described under “—Repurchase at the Option of Holders—Change of Control” and “—Repurchase at the Option of Holders—Asset Sales”; provided that prior to such repurchase,
- (8) redemption, defeasance or other acquisition or retirement for value the Company (or a third party to the extent permitted by the indenture) shall have made a Change of Control Offer or Asset Sale Offer, as the case may be, with respect to the notes and shall have repurchased all notes validly tendered and not withdrawn in connection with such Change of Control or Asset Sale Offer; or
- (9) cash payments in lieu of the issuance of fractional shares in connection with the exercise of warrants, options or other securities convertible into or exchangeable for Capital Stock of the Company.

The amount of all Restricted Payments (other than cash) will be the fair market value on the date the asset(s) or securities are proposed to be paid, transferred or issued by the Company or such Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment, except that the fair market value of any non-cash dividend or distribution made within 60 days after the date of declaration will be determined as of such date. The fair market value of any assets or securities that are required to be valued by this covenant will be determined in the manner specified in the definition of that term. For the purposes of determining compliance with this “Restricted Payments” covenant, (x) if a Restricted Payment meets the criteria of more than one of the categories of Restricted Payments described in the preceding clauses (1)-(9), the Company will be permitted to classify (or reclassify in whole or in part in its sole discretion) such Restricted Payment in any manner that complies with this covenant and (y) in the event that a Restricted Payment is made pursuant to clause (I) or (II) of the first paragraph of this covenant, the Company will be permitted to classify (or reclassify in whole or in part in its sole discretion) whether all or any portion thereof is being made with Incremental Funds.

Incurrence of Indebtedness and Issuance of Disqualified Equity

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, “incur”) any Indebtedness (including Acquired Debt), and the Company will not issue any Disqualified Equity and will not permit any of its Restricted Subsidiaries to issue any Disqualified Equity; provided, however, that the Company and any Restricted Subsidiary may incur Indebtedness (including Acquired Debt) and the Company and the Restricted Subsidiaries may issue Disqualified Equity, if the Fixed Charge Coverage Ratio for the Company’s most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date on which such additional Indebtedness is incurred or such Disqualified Equity is issued, as the case may be, would have been at least 2.0 to 1.0, determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been incurred or the Disqualified Equity had been issued, as the case may be, at the beginning of such four-quarter period.

The first paragraph of this covenant will not prohibit the incurrence of any of the following items of Indebtedness (collectively, “Permitted Debt”) or the issuance of any Disqualified Equity described in clause (11), (12) or (16) below:

- (1) the incurrence by the Company and any Restricted Subsidiary of additional Indebtedness (including letters of credit) under Credit Facilities, provided that, after giving effect to such incurrence, the aggregate principal amount of all Indebtedness incurred under this clause (1) (with letters of credit being deemed to have a principal amount equal to the maximum potential liability of the Company and its Restricted Subsidiaries thereunder) and then outstanding does not exceed the greater of (a) \$800.0 million and (b) the sum of \$600.0 million and 25.0% of Consolidated Net Tangible Assets;
- (2) the incurrence by the Company and its Restricted Subsidiaries of the Existing Indebtedness;
- (3) the incurrence by the Company, Finance Corp. and the Guarantors of Indebtedness represented by the outstanding notes and the related Subsidiary Guarantees and the exchange notes and the related exchange guarantees to be issued pursuant to the registration rights agreement;
- (4) the incurrence by the Company or any of its Restricted Subsidiaries of Indebtedness represented by Capital Lease Obligations, Attributable Debt, mortgage financings or purchase money obligations (including any Acquired Debt), in each case, incurred for the purpose of financing all or any part of

- the purchase price or cost of design, development, construction, installation or improvement of property (real or personal and including Capital Stock), plant or equipment used in the business of the Company or any of its Restricted Subsidiaries (in each case, whether through the direct purchase of such assets or the Equity Interests of any Person owning such assets), including all Permitted Refinancing Indebtedness incurred to renew, refund, refinance, replace, defease or discharge any Indebtedness incurred pursuant to this clause (4), provided that after giving effect to such incurrence, the aggregate principal amount of all Indebtedness incurred pursuant to this clause (4) and then outstanding does not exceed the greater of (a) \$35.0 million and (b) 10.0% of Consolidated Net Tangible Assets;
- (5) the incurrence by the Company or any of its Restricted Subsidiaries of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to renew, refund, refinance, replace, defease or discharge, any Indebtedness (other than intercompany Indebtedness) that was permitted by the indenture to be incurred under the first paragraph of this covenant or clause (2), (3) or (11) of this paragraph or this clause (5);
- (6) the incurrence by the Company or any of its Restricted Subsidiaries of any liability in respect of the Indebtedness of any Unrestricted Subsidiary of the Company or any Joint Venture but only to the extent that such liability (x) is the result of the Company's or any such Restricted Subsidiary's being a general partner of such Unrestricted Subsidiary or Joint Venture and not as guarantor of such Indebtedness provided that, after giving effect to any such incurrence, the aggregate principal amount of all Indebtedness incurred under this subclause (x) and then outstanding does not exceed \$25.0 million or (y) consists of Liens permitted pursuant to clause (10) of the definition of "Permitted Liens" and any guarantee given solely to support such Liens, which guarantee is not recourse to the Company or any Restricted Subsidiary;
- (7) the incurrence by the Company or any of its Restricted Subsidiaries of intercompany Indebtedness between or among the Company and any of its Restricted Subsidiaries; provided, however, that:
- (a) if the Company or any Guarantor is the obligor on such Indebtedness and the payee is not the Company or a Guarantor, such Indebtedness must be expressly subordinated to the prior payment in full in cash of all Obligations then due with respect to the notes, in the case of the Company, or the Subsidiary Guarantee, in the case of a Guarantor; and
- (i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than the Company or a Restricted Subsidiary of the Company and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either the Company or a Restricted Subsidiary of the Company, will be deemed, in each case, to constitute an incurrence of such Indebtedness by the Company or such Restricted Subsidiary, as the case may be, that was not permitted by this clause (7);
- (8) the incurrence by the Company or any of its Restricted Subsidiaries of Hedging Obligations;
- (9) the guarantee by the Company or any of its Restricted Subsidiaries of Indebtedness of the Company or a Restricted Subsidiary of the Company that was permitted to be incurred by another provision of this covenant;

- (10) the incurrence by the Company or any of its Restricted Subsidiaries of obligations relating to net Hydrocarbon balancing positions arising in the ordinary course of business and consistent with past practice;
- (11) the incurrence or issuance by the Company or any of its Restricted Subsidiaries of (i) Indebtedness or Disqualified Equity of the Company or a Restricted Subsidiary incurred to finance an acquisition and (ii) Acquired Debt; provided, that after giving effect to such transaction on a pro forma basis, the Company meets either one of the financial tests set forth in clause (4) under the caption “—Merger, Consolidation or Sale of Assets”;
- (12) the issuance by any of the Company’s Restricted Subsidiaries to the Company or to any of its Restricted Subsidiaries of any Disqualified Equity; provided, however, that:
 - (a) any subsequent issuance or transfer of Equity Interests that results in any such Disqualified Equity being held by a Person other than the Company or a Restricted Subsidiary of the Company; and
 - (b) any sale or other transfer of any such Disqualified Equity to a Person that is not either the Company or a Restricted Subsidiary of the Company will be deemed, in each case, to constitute an issuance of such Disqualified Equity by such Restricted Subsidiary that was not permitted by this clause (12);
- (13) the incurrence by the Company of Indebtedness in the ordinary course of business under documentary letters of credit, which are to be repaid or terminated in full not more than one year after the date on which such Indebtedness was originally incurred to finance the purchase of goods by the Company or any of its Restricted Subsidiaries;
- (14) the incurrence of Indebtedness of the Company or any of its Restricted Subsidiaries consisting of the financing of insurance premiums;
- (15) the incurrence by the Company or any of its Restricted Subsidiaries of obligations in respect of Treasury Management Arrangements; and
- (16) the incurrence by the Company or any of its Restricted Subsidiaries of additional Indebtedness or the issuance by the Company or any of its Restricted Subsidiaries of Disqualified Equity; provided that, after giving effect to any such incurrence or issuance, the aggregate principal amount of all Indebtedness incurred and Disqualified Equity issued under this clause (16) and then outstanding does not exceed the greater of (a) \$50.0 million and (b) 10.0% of Consolidated Net Tangible Assets.

For purposes of determining compliance with this “—Incurrence of Indebtedness and Issuance of Disqualified Equity” covenant, if an item of proposed Indebtedness or Disqualified Equity meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (16) above, or is entitled to be incurred pursuant to the first paragraph of this covenant, the Company will be permitted to classify such item of Indebtedness or Disqualified Equity on the date of its incurrence or issuance, or later reclassify all or a portion of such item of Indebtedness or Disqualified Equity, in any manner that complies with this covenant. Indebtedness under Credit Facilities outstanding on the date on which notes are first issued and authenticated under the indenture, after giving effect to the application

of the proceeds of the offering, will initially be deemed to have been incurred on such date in reliance on the exception provided by clause (1) of the definition of Permitted Debt. The accrual of interest, the accretion or amortization of original issue discount, the payment of interest on any Indebtedness in the form of additional Indebtedness with the same terms, the reclassification of preferred stock as Indebtedness due to a change in accounting principles, and the payment of dividends on Disqualified Equity in the form of additional shares, units or the like of the same class of Disqualified Equity will not be deemed to be an incurrence of Indebtedness or an issuance of Disqualified Equity for purposes of this covenant; provided, however, in each such case, that the amount of any such accrual, accretion or payment is included in Fixed Charges of the Company to the extent required by the definition of that term.

Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that the Company or any Restricted Subsidiary may incur pursuant to this covenant shall not be deemed to be exceeded solely as a result of fluctuations in exchange rates or currency values. Further, the accounting reclassification of any obligation of the Company or any of its Restricted Subsidiaries as Indebtedness will not be deemed an incurrence of Indebtedness for purposes of this covenant.

For purposes of determining compliance with any U.S. dollar-denominated restriction on the incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was incurred, in the case of term debt, or first committed, in the case of revolving credit debt; provided that if such Indebtedness is incurred to refinance other Indebtedness denominated in a foreign currency, and such refinancing would cause the applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed (i) the principal amount of such Indebtedness being refinanced plus (ii) the aggregate amount of fees, underwriting discounts, premiums and other costs and expenses incurred in connection with such refinancing. The principal amount of any Indebtedness incurred to refinance other Indebtedness, if incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Indebtedness is denominated that is in effect on the date of such refinancing.

Liens

The Company will not and will not permit any of its Restricted Subsidiaries to, create, incur, assume or otherwise cause or suffer to exist or become effective any Lien of any kind (other than Permitted Liens) securing Indebtedness (including any Attributable Indebtedness) upon any of their respective property or assets, now owned or hereafter acquired, unless all payments due under the notes or any Subsidiary Guarantee of such Restricted Subsidiary, as the case may be, are secured on an equal and ratable basis or on a senior basis with the Indebtedness so secured until such time as such Indebtedness is no longer secured by a Lien (other than Permitted Liens).

Any Lien on property or assets of the Company or any Restricted Subsidiary created for the benefit of Holders pursuant to the preceding paragraph shall provide by its terms that such Lien shall be automatically and unconditionally released and discharged upon the release and discharge of the Lien that gave rise to the obligation to secure the notes or Subsidiary Guarantees, as applicable. In addition, in the event that the triggering Lien is or becomes a Permitted Lien, the Company may, at its option and without the consent of any Holder, elect to release and discharge the Lien created for the benefit of the Holders pursuant to the preceding paragraph in respect of such triggering Lien.

Dividends and Other Payment Restrictions Affecting Subsidiaries

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

- (1) pay dividends or make any other distributions on its Equity Interests to the Company or any of its Restricted Subsidiaries or to pay any indebtedness owed to the Company or any of its Restricted Subsidiaries; provided, however, that the priority that any series of preferred securities of a Restricted Subsidiary has in receiving dividends or liquidating distributions before dividends or liquidating distributions are paid in respect of common securities of such Restricted Subsidiary shall not constitute a restriction on the ability to make dividends or distributions on Equity Interests for purposes of this covenant so long as the terms of such preferred securities do not expressly restrict the ability of such Restricted Subsidiary to pay dividends or make distributions on its Equity Interests;
- (2) make loans or advances to the Company or any of its Restricted Subsidiaries (it being understood that the subordination of loans or advances made to the Company or any Restricted Subsidiary to other Indebtedness incurred by the Company or any Restricted Subsidiary shall not be deemed a restriction on the ability to make loans or advances); or
- (3) sell, lease or transfer any of its properties or assets to the Company or any of its Restricted Subsidiaries.

The preceding restrictions will not, however, apply to encumbrances or restrictions existing under or by reason of:

- (1) agreements as in effect on the date of the indenture and any amendments, restatements, modifications, renewals, supplements, refundings, replacements or refinancings of those agreements or any Indebtedness to which they relate; provided that the amendments, restatements, modifications, renewals, supplements, refundings, replacements or refinancings are, in the good faith judgment of an officer of the Company, not materially more restrictive, taken as a whole, with respect to such dividend, distribution and other payment restrictions than those contained in those agreements on the date of the indenture;
- (2) the indenture, the notes and the Subsidiary Guarantees and the exchange notes and the related exchange guarantees to be issued pursuant to the registrations rights agreement, as well as any additional notes and related guarantees issued under the indenture;
- (3) applicable law, rule, regulation, order, approval, license, permit or similar governmental restriction; any instrument governing Indebtedness or Equity Interests of a Person acquired by the Company or any of its Restricted Subsidiaries as in effect at the time of such acquisition (except to the extent such Indebtedness or Equity Interests were incurred in connection with or in contemplation of such acquisition), which encumbrance or
- (4) restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired; provided, however, that, in the case of Indebtedness, the incurrence thereof was otherwise permitted by the terms of the indenture;

- customary non-assignment provisions in contracts for purchase, gathering, processing, fractionating, sale,
- (5) transportation or exchange of Hydrocarbons, storage agreements, transportation agreements or purchase and sale or exchange agreements, pipeline or terminalling agreements, or similar operational agreements or in licenses, leases, rights-of-way, easements or servitudes, in each case entered into in the ordinary course of business;
 - (6) purchase money obligations for property (including Capital Stock) acquired in the ordinary course of business, mortgage financings and Capital Lease Obligations that impose restrictions on the property purchased or leased of the nature described in clause (3) of the preceding paragraph;
 - (7) any agreement for the sale or other disposition of the Capital Stock or assets of a Restricted Subsidiary that restricts distributions by that Restricted Subsidiary pending its sale or other disposition;
 - (8) Permitted Refinancing Indebtedness; provided that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are, in the good faith judgment of an officer of the Company, not materially more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being refinanced;
 - (9) Liens permitted to be incurred under the provisions of the covenant described above under the caption “—Liens” or agreements governing such Liens or the Indebtedness secured thereby that limit the right of the debtor to dispose of, lease or otherwise transfer the assets subject to such Liens;
 - (10) provisions limiting the disposition or distribution of assets or property in joint venture agreements, asset sale agreements, sale-leaseback agreements, stock sale agreements, buy/sell agreements and other similar agreements entered into in the ordinary course of business;
 - (11) any agreement or instrument relating to any property or assets acquired after the date of the indenture, so long as such encumbrance or restriction relates only to the property or assets so acquired and is not and was not created in anticipation of such acquisitions;
 - (12) restrictions on cash or other deposits or net worth imposed by customers under contracts entered into in the ordinary course of business;
 - (13) any instrument governing Indebtedness of an FERC Subsidiary, provided that such Indebtedness was otherwise permitted by the indenture to be incurred;
 - (14) encumbrances or restrictions contained in, or in respect of, Hedging Obligations permitted under the indenture from time to time;
 - (15) any encumbrances or restrictions contained in, or in respect of, agreements governing Investments of the type described in the definition of “Permitted Business Investment”; and
 - (16) any other agreement governing Indebtedness of the Company or any Restricted Subsidiary that is permitted to be incurred by the covenant described under “—Incurrence of Indebtedness and Issuance of Disqualified Equity” and any amendments, restatements, modifications, renewals, supplements, refundings, replacements or refinancings of those agreements or the Indebtedness to which they related; provided, however, that such encumbrances or restrictions (i) in the good faith judgment of

an officer of the Company, are not materially more restrictive, taken as a whole, than those contained in the indenture or the Credit Agreement as it exists on the Issue Date or (ii) apply only in the event of a payment default or a default with respect to a financial covenant in such Indebtedness or agreement.

Merger, Consolidation or Sale of Assets

Neither of the Issuers may, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not such Issuer is the survivor); or (2) sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets in one or more related transactions, to another Person, unless:

- either: (a) such Issuer is the survivor; or (b) the Person formed by or surviving any such consolidation or merger (if other than such Issuer) or to which such sale, assignment, transfer, lease, conveyance or other disposition has been
- (1) made is a Person organized or existing under the laws of the United States, any state of the United States or the District of Columbia; provided, however, that Finance Corp. may not consolidate or merge with or into any Person other than a corporation satisfying such requirement so long as the Company is not a corporation;
 - (2) the Person formed by or surviving any such consolidation or merger (if other than such Issuer) or the Person to which such sale, assignment, transfer, lease, conveyance or other disposition has been made assumes all the obligations of such Issuer under the notes, the indenture, and the registration rights agreement pursuant to a supplement to the indenture;
 - (3) immediately after such transaction no Default or Event of Default exists;
 - (4) in the case of a transaction involving the Company and not Finance Corp., the Company or the Person formed by or surviving any such consolidation or merger (if other than the Company), or to which such sale, assignment, transfer, lease, conveyance or other disposition has been made will either:
 - (a) be, on the date of such transaction immediately after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period, permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described above under the caption “—Incurrence of Indebtedness and Issuance of Disqualified Equity”; or
 - (b) have a Fixed Charge Coverage Ratio, on the date of such transaction and immediately after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period, not less than the Fixed Charge Coverage Ratio of the Company immediately prior to such transaction; and
 - (5) such Issuer has delivered to the trustee an officers’ certificate and an opinion of counsel, each stating that such consolidation, merger or disposition and such supplemental indenture (if any) comply with the indenture and all conditions precedent therein relating to such transaction have been satisfied.

Upon compliance with the foregoing requirements with respect to any consolidation or merger or any sale, assignment, transfer, conveyance, lease or other disposition of all or substantially all of the properties or assets of an

Issuer in accordance with the foregoing in which such Issuer is not the surviving entity, the surviving Person formed by such consolidation or into or with which such Issuer is merged or to which such sale, assignment, transfer, conveyance, lease or other disposition is made shall succeed to, and be substituted for, and may exercise every right and power of, such Issuer under the indenture with the same effect as if such surviving Person had been named as such Issuer in the indenture, and thereafter (except in the case of a lease of all or substantially all of such Issuer's properties or assets), such Issuer will be relieved of all obligations and covenants under the indenture and the notes.

Notwithstanding the foregoing, this “—Merger, Consolidation or Sale of Assets” covenant will not apply to: (1) a merger of the Company with an Affiliate solely for the purpose of organizing the Company in another jurisdiction within the United States of America; or (2) any merger or consolidation, or any sale, transfer, assignment, conveyance, lease or other disposition of assets between or among the Company and its Restricted Subsidiaries.

Notwithstanding the foregoing, the Company is permitted to reorganize as any other form of entity in accordance with the following procedures provided that:

- (1) the reorganization involves the conversion (by merger, sale, contribution or exchange of assets or otherwise) of the Company into a form of entity other than a limited partnership formed under Delaware law;
- (2) the entity so formed by or resulting from such reorganization is an entity organized or existing under the laws of the United States, any state thereof or the District of Columbia;
- (3) the entity so formed by or resulting from such reorganization assumes all the obligations of the Company under the notes, the indenture and the registration rights agreement pursuant to the terms of the notes and the indenture;
- (4) immediately after such reorganization no Default or Event of Default exists; and such reorganization is, in the good faith judgment of an officer of the Company, not materially adverse to the Holders or Beneficial Owners of the notes (for purposes of this clause (5) a reorganization will not be considered materially adverse to the Holders or Beneficial Owners of the notes solely because the successor or survivor of
- (5) such reorganization (a) is subject to federal or state income taxation as an entity or (b) is considered to be an “includible corporation” of an affiliated group of corporations within the meaning of Section 1504(b) of the Code or any similar state or local law).

Notwithstanding anything in the indenture to the contrary, in the event the Company becomes a corporation or the Company or the Person formed by or surviving any consolidation or merger (permitted in accordance with the terms of the indenture) is a corporation, Finance Corp. may be merged into the Company or it may be dissolved and cease to be an Issuer.

Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve “all or substantially all” of the properties or assets of a Person.

Transactions with Affiliates

The Company will not, and will not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate of the Company (an "Affiliate Transaction") involving aggregate payments or consideration in such Affiliate Transaction or series of related Affiliate Transactions in excess of \$15.0 million, unless:

- the Affiliate Transaction (or series of related Affiliate Transactions) is on terms that are no less favorable to the Company or the relevant Restricted Subsidiary than those that could have been obtained in a comparable transaction by the Company or such Restricted Subsidiary with an unrelated Person or, if in the good faith judgment of the Board of Directors of the Company, no comparable transaction is available with which to compare such Affiliate Transaction (or series of related Affiliate Transactions), such Affiliate Transaction (or series of related Affiliate Transactions) is otherwise fair to the Company or the relevant Restricted Subsidiary from a financial point of view; and
- the Company delivers to the trustee, with respect to any Affiliate Transaction (or series of related Affiliate Transactions) involving aggregate consideration in excess of \$50.0 million, a resolution of the Board of Directors of the Company set forth in an officers' certificate certifying that such Affiliate Transaction (or series of related Affiliate Transactions) complies with clause (1) of this covenant and that such Affiliate Transaction (or series of related Affiliate Transactions) has been approved by either the Conflicts Committee of the Board of Directors of the Company (so long as a majority of the members of the Conflicts Committee approving the Affiliate Transaction (or series of related Affiliate Transactions) are disinterested) or a majority of the disinterested members of the Board of Directors of the Company.

The following items will not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of the prior paragraph:

- (1) any employment, compensation, equity award, equity option or equity appreciation agreement or plan entered into by the Company or any of its Restricted Subsidiaries in the ordinary course of business;
- (2) transactions between or among the Company and the Restricted Subsidiaries of the Company; transactions with a Person (other than an Unrestricted Subsidiary) that is an Affiliate of the Company solely because the Company owns, directly or indirectly through a Restricted Subsidiary, an Equity Interest in such Person;
- (4) transactions effected in accordance with the terms of agreements that are in effect on the Issue Date, and any amendment or replacement of any of such agreements so long as such amendment or replacement agreement is no less advantageous to the Company and its Restricted Subsidiaries in any material respect than the agreement so amended or replaced;
- (5) compensation, indemnification and other benefits made available to current or former officers, directors or employees of the Company or a Restricted Subsidiary or Affiliate of the Company

- (including reimbursements for such amounts), including reimbursement or advancement of out-of-pocket expenses and provisions of officers' and directors' liability insurance;
- (6) sales or issuances of Equity Interests (other than Disqualified Equity) to Affiliates of the Company;
- (7) Permitted Investments or Restricted Payments that are permitted by the provisions of the indenture described under the caption "—Restricted Payments";
- (8) transactions between the Company or any of its Restricted Subsidiaries and any other Person, a director of which is also on the Board of Directors of the Company or any direct or indirect parent company of the Company, and such common director is the sole cause for such other Person to be deemed an Affiliate of the Company or any of its Restricted Subsidiaries; provided, however, that such director abstains from voting as a member of the Board of Directors of the Company or any direct or indirect parent company of the Company, as the case may be, on any transaction with such other Person;
- (9) any transaction or series of related transactions as to which the Company has obtained an opinion from an independent investment bank, accounting firm or appraiser to the effect that such transaction or series of related transactions is fair to the Company and its Restricted Subsidiaries from a financial point of view;
- (10) payments to the General Partner in accordance with the Partnership Agreement;
- (11) in the case of contracts for the gathering, transportation, marketing, distributing, processing, storing or otherwise handling Hydrocarbons or purchasing or selling goods or services or leasing property or activities or services reasonably related thereto, or other operational contracts, any such contracts that are entered into in the ordinary course of business on terms (i) substantially similar to those contained in similar contracts entered into by the Company or any of its Restricted Subsidiaries with third parties, (ii) in the good faith judgment of an officer of the Company, not, in the aggregate (taking into account all the costs and benefits associated with such transactions), materially less favorable to the Company and its Restricted Subsidiaries than those that would reasonably be expected to be available in a transaction with an unrelated third party or (iii) otherwise in accordance with the Company's common carrier tariffs on file with the Federal Energy Regulatory Commission (or any successor thereof) or the Texas Railroad Commission (or any successor thereof) or any other similar state agency;
- (12) (i) guarantees by the Company or any of its Restricted Subsidiaries of performance of obligations of Unrestricted Subsidiaries or Joint Ventures in the ordinary course of business, except for guarantees of Indebtedness in respect of borrowed money, and (ii) pledges by the Company or any Restricted Subsidiary of Equity Interests in Unrestricted Subsidiaries or Joint Ventures for the benefit of lenders or other creditors of such Unrestricted Subsidiaries or Joint Ventures as contemplated by clause (10) of the definition of "Permitted Liens" and any guarantee given solely to support such pledge, which guarantee is not recourse to the Company or any Restricted Subsidiary

- transactions entered into by a Person prior to the time such Person becomes a Subsidiary or is merged or
(13) consolidated into the Company or a Subsidiary (provided such transaction is not entered into in contemplation of such event); and
(14) dividends and distributions to the Company and its Restricted Subsidiaries by any Unrestricted Subsidiary or Joint Venture.

Limitation on Finance Corp. Activities

Finance Corp. may not incur Indebtedness unless (1) the Company is a borrower, issuer, co-obligor or guarantor of such Indebtedness or (2) the net proceeds of such Indebtedness are loaned to the Company, used to acquire outstanding debt securities issued by the Company or used to repay Indebtedness of the Company as permitted under the covenant described above under the caption “—Incurrence of Indebtedness and Issuance of Disqualified Equity.” Finance Corp. may not engage in any business not related directly or indirectly to obtaining money or arranging financing for the Company or its Restricted Subsidiaries.

Additional Guarantees

If, after the date of the indenture, any Restricted Subsidiary of the Company (other than Finance Corp.) that is not already a Guarantor guarantees any other Indebtedness of an Issuer under a Credit Facility, then that Subsidiary will become a Guarantor by executing a supplemental indenture and delivering it to the trustee within 20 Business Days of the date on which it guaranteed such Indebtedness. Any such Subsidiary Guarantee shall be subject to the release and other provisions described under “—Subsidiary Guarantees.”

Designation of Restricted and Unrestricted Subsidiaries

The Board of Directors of the Company may designate any Restricted Subsidiary to be an Unrestricted Subsidiary if that designation would not cause a Default or Event of Default. If a Restricted Subsidiary is designated as an Unrestricted Subsidiary, the aggregate fair market value of all outstanding Investments owned by the Company and its Restricted Subsidiaries in the Subsidiary designated as Unrestricted will be deemed to be either an Investment made as of the time of the designation that will reduce the amount available for Restricted Payments under the covenant described above under the caption “—Restricted Payments” or a Permitted Investment under one or more clauses of the definition of Permitted Investments, as determined by the Company; provided that any designation will only be permitted if the Investment would be permitted at that time and if the Restricted Subsidiary otherwise meets the definition of an Unrestricted Subsidiary.

Any designation of a Subsidiary of the Company as an Unrestricted Subsidiary will be evidenced to the trustee by filing with the trustee a certified copy of a resolution of the Board of Directors of the Company giving effect to such designation and an officers’ certificate certifying that such designation complied with the preceding conditions and was permitted by the covenant described above under the caption “—Restricted Payments.” If, at any time, any Unrestricted Subsidiary would fail to meet the requirements as an Unrestricted Subsidiary, it will thereafter cease to be an Unrestricted Subsidiary for purposes of the indenture and any Indebtedness of such Subsidiary will be deemed to be incurred by a Restricted Subsidiary of the Company as of such date and, if such Indebtedness is not permitted to be incurred as of such date under the covenant described under the caption “—Incurrence of Indebtedness and Issuance of Disqualified Equity,” the Company will be in default of such covenant.

The Board of Directors of the Company may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary of the Company; provided that such designation will be deemed to be an incurrence of Indebtedness by a Restricted Subsidiary of the Company of any outstanding Indebtedness of such Unrestricted Subsidiary, and such designation will only be permitted if (1) such Indebtedness is permitted under the covenant described under the caption “—Incurrence of Indebtedness and Issuance of Disqualified Equity,” calculated on a pro forma basis as if such designation had occurred at the beginning of the four-quarter reference period; and (2) no Default or Event of Default would be in existence following such designation.

Reports

Whether or not required by the Commission, so long as any notes are outstanding, the Company will, within the time periods specified in the Commission’s rules and regulations applicable to non-accelerated filers, furnish, or cause the trustee to furnish, to the Holders, without cost to the trustee or the Holders:

- (1) all quarterly and annual financial and other information with respect to the Company and its Subsidiaries that would be required to be contained in a filing with the Commission on Forms 10-Q and 10-K if the Company were required to file such Forms, including a “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and, with respect to the annual information only, a report on the annual financial statements by the Company’s certified independent accountants; and
- (2) all current reports that would be required to be filed with the Commission on Form 8-K if the Company were required to file such reports;

provided that, the availability of the foregoing reports on the Commission’s EDGAR filing system or a publicly available website of the Company will be deemed to satisfy the foregoing delivery requirements.

In the event that any direct or indirect parent company of the Company becomes a guarantor of the notes, the indenture permits the Company to satisfy its obligations under this covenant with respect to financial information relating to the Company by furnishing information relating to such parent company; provided that the same be accompanied by consolidated information that explains in reasonable detail the differences between the information relating to such parent, on the one hand, and the information relating to the Company and its Restricted Subsidiaries on a standalone basis, on the other hand.

Any and all Defaults or Events of Default arising from a failure to comply with this “Reports” covenant shall be deemed cured (and the Company shall be deemed to be in compliance with this covenant) upon furnishing or filing such information or report as contemplated by this covenant (but without regard to the date on which such information or report is so furnished or filed); provided that such cure shall not otherwise affect the rights of holders described below under “—Events of Default and Remedies” if all outstanding notes shall have been accelerated in accordance with the terms of the indenture and such acceleration has not been rescinded or cancelled prior to such cure.

In addition, the Issuers and the Guarantors agree in the indenture that, for so long as any notes remain outstanding and cannot be resold by non-affiliates without restriction under Rule 144, they will furnish to the Holders and Beneficial Owners of the notes and to securities analysts and prospective investors in the notes, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Delivery of such reports, information and documents to the trustee is for informational purposes only, and the trustee's receipt of such reports, information and documents shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Company's compliance with any of its covenants under the indenture (or to which the trustee is entitled to rely exclusively on an officers' certificate).

Events of Default and Remedies

Each of the following is an Event of Default:

- (1) default for 30 days in the payment when due of interest on the notes;
- (2) default in payment when due of the principal of, or premium, if any, on the notes;
failure by the Company to comply with its obligations to offer to repurchase notes within the time periods set forth, or to consummate a purchase of notes when required, under the provisions of the covenants described under the
- (3) caption "—Repurchase at the Option of Holders," or failure by the Company to comply with its obligations under the provisions described under "—Certain Covenants—Merger, Consolidation or Sale of Assets";
failure by the Company for 180 days after notice by the trustee or the Holders of at least 25.0% in aggregate
- (4) principal amount of the notes then outstanding to comply with the provisions described under "—Certain Covenants—Reports";
- (5) failure by the Company for 60 days after notice by the trustee or the Holders of at least 25.0% in aggregate principal amount of the notes then outstanding to comply with any of its other agreements in the indenture; default under any mortgage, indenture or instrument under which there is issued or by which there is secured or evidenced any Indebtedness for money borrowed by the Company or any of its Restricted Subsidiaries (or the
- (6) payment of which is guaranteed by the Company or any of its Restricted Subsidiaries), whether such Indebtedness or guarantee now exists, or is created after the date of the indenture, if that default:
 - (a) is caused by a failure to pay principal of, premium, if any, on, or interest, if any, on, such Indebtedness prior to the expiration of the grace period provided in such Indebtedness (a "Payment Default"); or
 - (b) results in the acceleration of such Indebtedness prior to its express maturity,and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates at such time \$50.0 million or more; provided, however, that if any such Payment Default is cured or waived or any such acceleration rescinded, or such Indebtedness is repaid, within a period of 30 days from the continuation of such Payment Default beyond the applicable grace period or the occurrence of such acceleration, as the case may be, such Event of Default and any consequential acceleration of the notes shall be automatically rescinded, so long as such rescission does not conflict with any judgment or decree;

- failure by the Company or any of its Restricted Subsidiaries to pay final non-appealable judgments entered by a court or courts of competent jurisdiction aggregating in excess of \$50.0 million (to the extent not covered by insurance by a reputable and creditworthy insurer as to which the insurer has not disclaimed coverage), which judgments are not paid, discharged or stayed, for a period of 60 days;
- (1) except as permitted by the indenture, any Subsidiary Guarantee shall be held in any judicial proceeding to be unenforceable or invalid or shall cease for any reason to be in full force and effect or any Guarantor, or any Person acting on behalf of any Guarantor, shall deny or disaffirm its obligations under its Subsidiary Guarantee; and certain events of bankruptcy, insolvency or reorganization described in the indenture with respect to the Company
 - (2) or any of the Company's Restricted Subsidiaries that is a Significant Subsidiary or any group of its Restricted Subsidiaries that, taken as a whole, would constitute a Significant Subsidiary of the Company.

In the case of an Event of Default arising from certain events of bankruptcy, insolvency or reorganization, with respect to the Company, any Restricted Subsidiary of the Company that is a Significant Subsidiary or any group of its Restricted Subsidiaries that, taken together, would constitute a Significant Subsidiary of the Company, all outstanding notes will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the trustee or the Holders of at least 25% in principal amount of the then outstanding notes may declare all the notes to be due and payable immediately.

Holders of the notes may not enforce the indenture or the notes except as provided in the indenture. Subject to certain limitations, Holders of a majority in principal amount of the then outstanding notes may direct the trustee in its exercise of any trust or power. The trustee may withhold notice of any continuing Default or Event of Default from Holders of the notes if it determines that withholding notice is in their interest, except a Default or Event of Default relating to the payment of principal of, or interest or premium, if any, on, the notes.

The Holders of a majority in principal amount of the notes then outstanding by notice to the trustee may on behalf of the Holders of all of the notes waive any existing Default or Event of Default and its consequences under the indenture except a continuing Default or Event of Default in the payment of principal of, or interest or premium, if any, on, the notes.

The indenture requires the Issuers to deliver to the trustee annually an officers' certificate regarding compliance with the indenture. Upon any officer of the General Partner becoming aware of any Default or Event of Default, the Issuers will be required to deliver to the trustee a written statement specifying such Default or Event of Default and what action the Company is taking or proposes to take with respect thereto.

No Personal Liability of Directors, Officers, Employees and Unitholders and No Recourse to the General Partner None of the General Partner or any director, officer, partner, employee, incorporator, manager or unitholder or other owner of Capital Stock of the General Partner, the Issuers or any Guarantor, as such, will have any liability for any obligations of the Issuers or any Guarantor under the notes, the indenture or the Subsidiary Guarantees, or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder of notes by accepting

a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes.

Legal Defeasance and Covenant Defeasance

The Issuers may, at their option and at any time, elect to have all of their obligations discharged with respect to the outstanding notes and all obligations of the Guarantors discharged with respect to their Subsidiary Guarantees (“Legal Defeasance”), except for:

- (1) the rights of Holders of outstanding notes to receive payments in respect of the principal of, and interest or premium, if any, on, such notes when such payments are due from the trust referred to below;
the Issuers’ obligations with respect to the notes concerning issuing temporary notes, registration of notes,
- (2) mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the trustee, and the Issuers’ obligations in connection therewith;
and
- (4) the Legal Defeasance provisions of the indenture.

In addition, the Issuers may, at their option and at any time, elect to have their obligations released with respect to certain covenants that are described in the indenture (“Covenant Defeasance”) and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, insolvency or reorganization events) described under “—Events of Default and Remedies” will no longer constitute an Event of Default with respect to the notes. If the Issuers exercise either their Legal Defeasance or Covenant Defeasance option, each Guarantor will be released and relieved of any obligations under its Subsidiary Guarantee and any security for the notes (other than the trust) will be released.

In order to exercise either Legal Defeasance or Covenant Defeasance:

- the Issuers must irrevocably deposit with the trustee, in trust, for the benefit of the Holders of the notes, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, in the opinion of a nationally
- (1) recognized firm of independent public accountants, to pay the principal of, and interest and premium, if any, on, the outstanding notes on the date of fixed maturity or on the applicable redemption date, as the case may be, and the Issuers must specify whether the notes are being defeased to the date of fixed maturity or to a particular redemption date;
 - (2) in the case of Legal Defeasance, the Issuers must deliver to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that:
 - (a) the Issuers have received from, or there has been published by, the Internal Revenue Service a ruling; or

(b) since the date of the indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the Holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

in the case of Covenant Defeasance, the Issuers must deliver to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that the Holders of the outstanding notes will not recognize income, gain or (3) loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or (4) Event of Default resulting from the borrowing of funds to be applied to such deposit and any similar concurrent deposit relating to other Indebtedness);

such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the indenture and the agreements governing any other (5) Indebtedness being defeased, discharged or replaced) to which the Company or any of its Subsidiaries is a party or by which the Company or any of its Subsidiaries is bound;

the Issuers must deliver to the trustee an officers' certificate stating that the deposit was not made by the Issuers (6) with the intent of preferring the Holders of notes over the other creditors of the Issuers with the intent of defeating, hindering, delaying or defrauding creditors of the Issuers or others; and

(7) the Issuers must deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the indenture or the notes may be amended or supplemented with the consent of the Holders of a majority in principal amount of the then outstanding notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes), and any existing default or compliance with any provision of the indenture or the notes may be waived with the consent of the Holders of a majority in principal amount of the then outstanding notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes).

Without the consent of each Holder affected, an amendment, supplement or waiver may not (with respect to any notes held by a non-consenting Holder):

(1) reduce the principal amount of notes whose Holders must consent to an amendment, supplement or waiver;

- reduce the principal of or change the fixed maturity of any note or alter the provisions with respect to the
- (2) redemption or repurchase of the notes (other than notice provisions or provisions relating to the covenants described above under the caption “—Repurchase at the Option of Holders”);
 - (3) reduce the rate of or change the time for payment of interest, on any note;
waive a Default or Event of Default in the payment of principal of, or interest or premium, if any, on, the notes
 - (4) (except a rescission of acceleration of the notes by the Holders of a majority in principal amount of the notes and a waiver of the payment default that resulted from such acceleration);
 - (5) make any note payable in currency other than that stated in the notes;
make any change in the provisions of the indenture relating to waivers of past Defaults or the rights of Holders of
 - (6) notes to receive payments of principal of, or interest or premium, if any, on, the notes (other than as permitted in clause (7) below);
waive a redemption or repurchase payment with respect to any note (other than a payment required by the
 - (7) covenants described above under the caption “—Repurchase at the Option of Holders”);
 - (8) release any Guarantor from any of its obligations under its Subsidiary Guarantee or the indenture, except in accordance with the terms of the indenture; or
 - (9) make any change in the preceding amendment, supplement and waiver provisions.
- Notwithstanding the preceding, without the consent of any Holder of notes, the Issuers, the Guarantors and the trustee may amend or supplement the indenture or the notes:
- (1) to cure any ambiguity, defect or inconsistency;
 - (2) to provide for uncertificated notes in addition to or in place of certificated notes;
to provide for the assumption of an Issuer’s or a Guarantor’s obligations to Holders of notes in the case of a merger
 - (3) or consolidation or sale of all or substantially all of such Issuer’s or such Guarantor’s properties or assets, as applicable;
to make any change that would provide any additional rights or benefits to the Holders of notes or that does not
 - (4) adversely affect the legal rights under the indenture of any such Holder, provided that any change to conform the indenture to the offering memorandum will be deemed not to adversely affect such legal rights;
 - (5) to secure the notes or the Subsidiary Guarantees pursuant to the requirements of the covenant described above under the subheading “—Certain Covenants—Liens”;
 - (6) to provide for the issuance of additional notes in accordance with the indenture;
 - (7) to add any additional Guarantor or to evidence the release of any Guarantor from its Subsidiary Guarantee, in each case as provided in the indenture;

- (8) to evidence or provide for the acceptance of appointment under the indenture of a successor trustee;
- to release Liens securing the notes in accordance with the last paragraph of the covenant described above under the
- (9) subheading “—Certain Covenants—Liens” or to confirm and evidence such release or the termination or discharge of any such Lien; or
- (10) to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act.

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect as to all notes issued thereunder (except as to surviving rights of registration of transfer or exchange of the notes and as otherwise specified in the indenture), when:

(1) either:

- all notes that have been authenticated, except lost, stolen or destroyed notes that have been replaced or paid and
- (a) notes for whose payment money has been deposited in trust and thereafter repaid to the Issuers, have been delivered to the trustee for cancellation; or
- all notes that have not been delivered to the trustee for cancellation have become due and payable or will become due and payable within one year by reason of the giving of a notice of redemption or otherwise and the Issuers or any Guarantor has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for
- (b) the benefit of the Holders, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the notes not delivered to the trustee for cancellation for principal, premium, if any, and accrued interest to the date of fixed maturity or redemption;
- (2) the Issuers or any Guarantor has paid or caused to be paid all sums payable by the Issuers under the indenture; and
- (3) the Issuers have delivered irrevocable instructions to the trustee to apply the deposited money toward the payment of the notes at fixed maturity or the redemption date, as the case may be.

In addition, the Issuers must deliver an officers' certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Concerning the Trustee

If the trustee becomes a creditor of the Issuers or any Guarantor, the indenture will limit its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest (as defined in the Trust Indenture Act) after a Default has occurred and is continuing, it must eliminate such

conflict within 90 days, apply to the Commission for permission to continue as trustee (if the indenture has been qualified under the Trust Indenture Act) or resign.

The Holders of a majority in principal amount of the then outstanding notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee, subject to certain exceptions. In case an Event of Default occurs and is continuing, the trustee will be required, in the exercise of its powers, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any Holder of notes, unless such Holder has offered to the trustee security or indemnity satisfactory to it against any loss, liability or expense.

Governing Law

The indenture, the notes and the Subsidiary Guarantees will be governed by, and construed in accordance with, the laws of the State of New York.

Set forth below are certain defined terms used in the indenture. Reference is made to the indenture for a full disclosure of all such terms, as well as any other capitalized terms used herein for which no definition is provided.

“Acquired Debt” means, with respect to any specified Person:

- Indebtedness of any other Person existing at the time such other Person is merged with or into or becomes a Subsidiary of such specified Person, whether or not such Indebtedness is incurred in connection with, or in (1) contemplation of, such other Person merging with or into, or becoming a Subsidiary of, such specified Person, but excluding Indebtedness which is extinguished, retired or repaid in connection with such Person merging with or into or becoming a Subsidiary of such specified Person; and
- (2) Indebtedness secured by a Lien encumbering any asset acquired by such specified Person.

“Affiliate” of any specified Person means any other Person directly or indirectly controlling or controlled by or under direct or indirect common control with such specified Person. - (2) the issuance of Equity Interests in any of the Company’s Restricted Subsidiaries or the sale of Equity Interests in any of its Restricted Subsidiaries.

Notwithstanding the preceding, none of the following items will be deemed to be an Asset Sale:

DELIVERY OF THIS LETTER OF TRANSMITTAL TO AN ADDRESS OTHER THAN AS SET FORTH ABOVE, OR TRANSMISSION OF THIS LETTER OF TRANSMITTAL VIA FACSIMILE TRANSMISSION TO A NUMBER OTHER THAN AS SET FORTH ABOVE WILL NOT CONSTITUTE A VALID DELIVERY. THE INSTRUCTIONS ACCOMPANYING THIS LETTER OF TRANSMITTAL SHOULD BE READ CAREFULLY BEFORE THIS LETTER OF TRANSMITTAL IS COMPLETED.

Holders of Outstanding Notes (as defined below) should complete this Letter of Transmittal either if Outstanding Notes are to be forwarded herewith or if tenders of Outstanding Notes are to be made by book-entry transfer to an account maintained by the Exchange Agent at the book-entry transfer facility specified by the holder pursuant to the procedures set forth in "The Exchange Offer—Book-Entry Delivery Procedures" and "The Exchange Offer—Procedures for Tendering Outstanding Notes" in the Prospectus (as defined below) and an Agent's Message (as defined below) is not delivered. If tender is being made by book-entry transfer, the holder must have an Agent's Message delivered in lieu of this Letter of Transmittal.

Holders of Outstanding Notes whose certificates for such Outstanding Notes are not immediately available or who cannot deliver their certificates and all other required documents to the Exchange Agent on or prior to the Expiration Date or who cannot complete the procedures for book-entry transfer on a timely basis must tender their Outstanding Notes according to the guaranteed delivery procedures set forth in “The Exchange Offer—Guaranteed Delivery Procedures” in the Prospectus.

Unless the context otherwise requires, the term “holder” for purposes of this Letter of Transmittal means any person in whose name Outstanding Notes are registered or any other person who has obtained a properly completed bond power from the registered holder or any person whose Outstanding Notes are held of record by The Depository Trust Company (“DTC”).

The undersigned acknowledges receipt of the Prospectus dated April 25, 2018 (as it may be amended or supplemented from time to time, the “Prospectus”) of Delek Logistics Partners, LP, a Delaware limited partnership (the “Issuer”), Delek Logistics Finance Corp., a Delaware corporation (the “Co-Issuer” and, together with the Issuer, the “Issuers”), and certain of the Issuer’s subsidiaries (the “Guarantors”), and this Letter of Transmittal (the “Letter of Transmittal”), which together constitute the Issuers’ offer (the “Exchange Offer”) to exchange an aggregate principal amount of up to \$250,000,000 of their 6.75% Senior Notes due 2025 (the “Exchange Notes”), which have been registered under the Securities Act of 1933, as amended (the “Securities Act”), for any and all of their outstanding unregistered 6.75% Senior Notes due 2025 (the “Outstanding Notes”). The Outstanding Notes are unconditionally guaranteed (the “Old Guarantees”) by the Guarantors and the Exchange Notes will be unconditionally guaranteed (the “New Guarantees”) by the Guarantors. Upon the terms and subject to the conditions set forth in the Prospectus and this Letter of Transmittal, the Guarantors offer to issue the New Guarantees with respect to all Exchange Notes issued in the Exchange Offer in exchange for the Old Guarantees of the Outstanding Notes. Throughout this Letter of Transmittal, unless the context otherwise requires and whether so expressed or not, references to the “Exchange Offer” include the Guarantors’ offer to exchange the New Guarantees for the Old Guarantees, references to the “Exchange Notes” include the New Guarantees and references to the “Outstanding Notes” include the Old Guarantees.

For each Outstanding Note accepted for exchange, the holder of such Outstanding Note will receive an Exchange Note having a principal amount equal to that of the surrendered Outstanding Note. The Exchange Notes will accrue interest at a rate of 6.75% per annum and will be payable on May 15 and November 15 of each year. The Outstanding Notes began to accrue interest from May 23, 2017.

Capitalized terms used but not defined herein shall have the same meaning given them in the Prospectus.

YOUR BANK OR BROKER CAN ASSIST YOU IN COMPLETING THIS FORM. THE INSTRUCTIONS INCLUDED WITH THIS LETTER OF TRANSMITTAL MUST BE FOLLOWED. If the undersigned is not a broker-dealer, the undersigned represents that it is acquiring the Exchange Notes in the ordinary course of business and has no arrangement or understanding with any person to participate in a distribution of the Exchange Notes. If the undersigned is a broker-dealer that will receive Exchange Notes for its own account in exchange for Outstanding Notes that were acquired as a result of market-making activities or other trading activities, it acknowledges that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale or transfer of such Exchange Notes; however, by so acknowledging and by delivering a prospectus, the undersigned will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. A broker-dealer may not participate in the Exchange Offer with respect to Outstanding Notes acquired other than as a result of market-making activities or other trading activities. Any broker-dealer who purchased Outstanding Notes from the Issuers to resell pursuant to Rule 144A under the Securities Act or any other available exemption under the Securities Act must comply with the registration and prospectus delivery requirements under the Securities Act. PLEASE READ THE ACCOMPANYING INSTRUCTIONS CAREFULLY

Ladies and Gentlemen:

Upon the terms and subject to the conditions of the Exchange Offer, the undersigned hereby tenders to the Issuers the aggregate principal amount of the Outstanding Notes indicated above. Subject to, and effective upon, the acceptance for exchange of all or any portion of the Outstanding Notes tendered herewith in accordance with the terms and conditions of the Exchange Offer (including, if such Exchange Offer is extended or amended, the terms and conditions of any such extension or amendment), the undersigned hereby exchanges, assigns and transfers to, or upon the order of, the Issuers all right, title and interest in and to such Outstanding Notes as are being tendered herewith.

The undersigned hereby irrevocably constitutes and appoints the Exchange Agent as its true and lawful agent and attorney-in-fact of the undersigned (with full knowledge that the Exchange Agent also acts as the agent of the Issuers, in connection with the Exchange Offer) with respect to the tendered Outstanding Notes, with full power of substitution and resubstitution (such power of attorney being deemed an irrevocable power coupled with an interest) to (1) deliver certificates representing such Outstanding Notes, or transfer ownership of such Outstanding Notes on the account books maintained by the book-entry transfer facility specified by the holder(s) of the Outstanding Notes, together, in each such case, with all accompanying evidences of transfer and authenticity to, or upon the order of, the Issuers, (2) present and deliver such Outstanding Notes for transfer on the books of the Issuers and (3) receive all benefits or otherwise exercise all rights and incidents of beneficial ownership of such Outstanding Notes, all in accordance with the terms of the Exchange Offer.

A-5

The undersigned hereby represents and warrants that (a) the undersigned has full power and authority to tender, exchange, assign and transfer the Outstanding Notes tendered hereby, (b) when such tendered Outstanding Notes are accepted for exchange, the Issuers will acquire good and unencumbered title thereto, free and clear of all liens, restrictions, charges and encumbrances and (c) the Outstanding Notes tendered for exchange are not subject to any adverse claims or proxies when accepted by the Issuers. The undersigned hereby further represents that any Exchange Notes acquired in exchange for Outstanding Notes tendered hereby will have been acquired in the ordinary course of business of the person receiving such Exchange Notes, whether or not such person is the undersigned, that neither the holder of such Outstanding Notes nor any such other person is engaged in or intends to engage in, nor has an arrangement or understanding with any person to participate in, the distribution of such Exchange Notes, and that neither the holder of such Outstanding Notes nor any such other person is an “affiliate,” as such term is defined in Rule 405 under the Securities Act, of the Issuers or any Guarantor. If the undersigned is a person in the United Kingdom, the undersigned represents that its ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business.

The undersigned also acknowledges that this Exchange Offer is being made based on the Issuers’ understanding of an interpretation by the staff of the Securities and Exchange Commission (the “SEC”) as set forth in no-action letters issued to third parties, including Morgan Stanley & Co. Incorporated (available June 5, 1991), Exxon Capital Holdings Corporation (available May 13, 1988), as interpreted in the SEC’s no-action letter to Shearman & Sterling (available July 2, 1993), or similar no-action letters, that the Exchange Notes issued in exchange for the Outstanding Notes pursuant to the Exchange Offer may be offered for resale, resold or otherwise transferred by each holder thereof (other than a broker-dealer who acquires such Exchange Notes directly from the Issuers for resale pursuant to Rule 144A under the Securities Act or any other available exemption under the Securities Act or any such holder that is an “affiliate” of the Issuers or the Guarantors within the meaning of Rule 405 under the Securities Act), without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that such Exchange Notes are acquired in the ordinary course of such holder’s business and such holder is not engaged in, and does not intend to engage in, a distribution of such Exchange Notes and has no arrangement or understanding with any person to participate in the distribution of such Exchange Notes. If a holder of the Outstanding Notes is an affiliate of the Issuers or the Guarantors, is not acquiring the Exchange Notes in the ordinary course of its business, is engaged in or intends to engage in a distribution of the Exchange Notes or has any arrangement or understanding with respect to the distribution of the Exchange Notes to be acquired pursuant to the Exchange Offer, such holder (x) may not rely on the applicable interpretations of the staff of the SEC and (y) must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any secondary resale transaction. If the undersigned is a broker-dealer that will receive the Exchange Notes for its own account in exchange for the Outstanding Notes, it represents that the Outstanding Notes to be exchanged for the Exchange Notes were acquired by it as a result of market-making activities or other trading activities and acknowledges that it will deliver a prospectus in connection with any resale or transfer of such Exchange Notes; however, by so acknowledging and by delivering a prospectus, the undersigned will not be deemed to admit that it is an “underwriter” within the meaning of the Securities Act.

The undersigned will, upon request, execute and deliver any additional documents deemed by the Issuers or the Exchange Agent to be necessary or desirable to complete the exchange, assignment and transfer of the tendered Outstanding Notes or transfer ownership of such Outstanding Notes on the account books maintained by the book-entry transfer facility. The undersigned further agrees that acceptance of any and all validly tendered Outstanding Notes by the Issuers and the issuance of Exchange Notes in exchange therefor shall constitute performance in full by the Issuers of their obligations under the Registration Rights Agreement, dated as of May 23, 2017, among the Issuers, the Guarantors and Merrill Lynch, Pierce, Fenner & Smith Incorporated, as representative of the several initial purchasers

named therein, relating to the Outstanding Notes (the “Registration Rights Agreement”), and that the Issuers shall have no further obligations or liabilities thereunder except as provided in Section 7 (Indemnification and Contribution) of such agreement. The undersigned will comply with its obligations under the Registration Rights Agreement.

The Exchange Offer is subject to certain conditions as set forth in the Prospectus under the caption “The Exchange Offer—Conditions to the Exchange Offer.” The undersigned recognizes that as a result of these conditions (which may be waived, in whole or in part, by the Issuers), as more particularly set forth in the Prospectus, the Issuers may not be required to exchange any of the Outstanding Notes tendered hereby and, in such event, the Outstanding Notes not exchanged will be returned to the undersigned at the address shown above, promptly following the expiration or termination of the Exchange Offer. In addition, the Issuers may amend the Exchange Offer at any time prior to the Expiration Date if any of the conditions set forth under “The Exchange Offer—Conditions to the Exchange Offer” occur. All authority herein conferred or agreed to be conferred in this Letter of Transmittal shall survive the death or incapacity of the undersigned and every obligation of the undersigned hereunder shall be binding upon the successors, assigns, heirs, administrators, trustees in bankruptcy and legal representatives of the undersigned. Tendered Outstanding Notes may be withdrawn at any time prior to the Expiration Date in accordance with the procedures set forth in the terms of this Letter of Transmittal.

Unless otherwise indicated herein in the box entitled “Special Registration Instructions” below, please deliver the Exchange Notes (and, if applicable, substitute certificates representing the Outstanding Notes for any Outstanding Notes not exchanged) in the name of the undersigned or, in the case of a book-entry delivery of the Outstanding Notes, please credit the account indicated above. Similarly, unless otherwise indicated under the box entitled “Special Delivery Instructions” below, please send the Exchange Notes (and, if applicable, substitute certificates representing the Outstanding Notes for any Outstanding Notes not exchanged) to the undersigned at the address shown above in the box entitled “Description of Outstanding Notes Tendered Herewith.”

THE UNDERSIGNED, BY COMPLETING THE BOX 1 ENTITLED “DESCRIPTION OF OUTSTANDING NOTES TENDERED HEREWITH” ABOVE AND SIGNING THIS LETTER OF TRANSMITTAL, WILL BE DEEMED TO HAVE TENDERED THE OUTSTANDING NOTES AS SET FORTH IN SUCH BOX.

INSTRUCTIONS

FORMING PART OF THE TERMS AND CONDITIONS OF THE EXCHANGE OFFER

General

Please do not send certificates for Outstanding Notes directly to the Issuers. Your certificates for Outstanding Notes, together with your signed and completed Letter of Transmittal and any required supporting documents, should be mailed or otherwise delivered to the Exchange Agent at the address set forth on the first page hereof. The method of delivery of Outstanding Notes, this Letter of Transmittal and all other required documents is at your sole option and risk and the delivery will be deemed made only when actually received by the Exchange Agent. If delivery is by mail, registered mail with return receipt requested, properly insured, or overnight or hand delivery service is recommended. In all cases, sufficient time should be allowed to ensure timely delivery prior to the Expiration Date.

1. Delivery of this Letter of Transmittal and Certificates; Guaranteed Delivery Procedures.

A holder of Outstanding Notes (which term, for the purposes described herein, shall include the book-entry transfer facility whose name appears on a security listing as the owner of the Outstanding Notes) may tender the same by (i) properly completing and signing this Letter of Transmittal or a facsimile hereof (all references in the Prospectus to the Letter of Transmittal shall be deemed to include a facsimile thereof) and delivering the same, together with the certificate or certificates, if applicable, representing the Outstanding Notes being tendered and any required signature guarantees and any other documents required by this Letter of Transmittal, to the Exchange Agent at its address set forth above on or prior to the Expiration Date, (ii) complying with the procedure for book-entry transfer described below or (iii) complying with the guaranteed delivery procedures described below.

Holders who wish to tender their Outstanding Notes and (i) whose Outstanding Notes are not immediately available or (ii) who cannot deliver their Outstanding Notes, this Letter of Transmittal and all other required documents to the Exchange Agent on or prior to the Expiration Date or (iii) who cannot comply with the book-entry transfer procedures on a timely basis, must tender their Outstanding Notes pursuant to the guaranteed delivery procedure set forth in “The Exchange Offer—Guaranteed Delivery Procedures” in the Prospectus and by completing Box 3. Holders may tender their Outstanding Notes if: (i) the tender is made by or through an Eligible Guarantor Institution (as defined below); (ii) the Exchange Agent receives (by facsimile transmission, mail or hand delivery), on or prior to the Expiration Date, a properly completed and duly executed Notice of Guaranteed Delivery in the form provided with this Letter of Transmittal that (a) sets forth the name and address of the holder of Outstanding Notes, if applicable, the certificate number(s) of the Outstanding Notes to be tendered and the principal amount of Outstanding Notes tendered; (b) states that the tender is being made thereby; and (c) guarantees that, within three New York Stock Exchange trading days after the Expiration Date, the Letter of Transmittal, or a facsimile thereof, together with the Outstanding Notes or a book-entry confirmation, and any other documents required by the Letter of Transmittal, will be deposited by the Eligible Guarantor Institution with the Exchange Agent; or (iii) the Exchange Agent receives a properly completed and executed Letter of Transmittal, or facsimile thereof and the certificate(s) representing all tendered Outstanding Notes in proper form or a confirmation of book-entry transfer of the Outstanding Notes into the Exchange Agent’s account at the appropriate book-entry transfer facility and all other documents required by this Letter of Transmittal within three New York Stock Exchange trading days after the Expiration Date.

Any Holder who wishes to tender Outstanding Notes pursuant to the guaranteed delivery procedures described above must ensure that the Exchange Agent receives the Notice of Guaranteed Delivery relating to such Outstanding Notes prior to the Expiration Date. Failure to complete the guaranteed delivery procedures outlined above will not, of

itself, affect the validity or effect a revocation of any Letter of Transmittal form properly completed and executed by a holder who attempted to use the guaranteed delivery procedures.

No alternative, conditional, irregular or contingent tenders will be accepted. Each tendering holder, by execution of this Letter of Transmittal (or facsimile thereof), shall waive any right to receive notice of the acceptance of the Outstanding Notes for exchange.

2. Partial Tenders; Withdrawals.

Tenders of Outstanding Notes will be accepted only in the principal amount of \$2,000 and integral multiples of \$1,000 in excess thereof. If less than the entire principal amount of Outstanding Notes evidenced by a submitted certificate is tendered, the tendering holder(s) must fill in the aggregate principal amount of Outstanding Notes tendered in the column entitled "Description of Outstanding Notes Tendered Herewith" in Box 1 above. A newly issued certificate for the Outstanding Notes submitted but not tendered will be sent to such holder promptly after the Expiration Date, unless otherwise provided in the appropriate box on this Letter of Transmittal. All Outstanding Notes delivered to the Exchange Agent will be deemed to have been tendered in full unless otherwise clearly indicated. Outstanding Notes tendered pursuant to the Exchange Offer may be withdrawn at any time prior to the Expiration Date, after which tenders of Outstanding Notes are irrevocable.

To be effective with respect to the tender of Outstanding Notes, a written notice of withdrawal (which may be by telegram, telex, facsimile or letter) must: (i) be received by the Exchange Agent at the address for the Exchange Agent set forth above before the Issuers notify the Exchange Agent that it has accepted the tender of Outstanding Notes pursuant to the Exchange Offer; (ii) specify the name of the person who tendered the Outstanding Notes to be withdrawn; (iii) identify the Outstanding Notes to be withdrawn (including the principal amount of such Outstanding Notes, or, if applicable, the certificate numbers shown on the particular certificates evidencing such Outstanding Notes and the principal amount of Outstanding Notes represented by such certificates); (iv) include a statement that such holder is withdrawing its election to have such Outstanding Notes exchanged; (v) specify the name in which any such Outstanding Notes are to be registered, if different from that of the withdrawing holder; and (vi) be signed by the holder in the same manner as the original signature on this Letter of Transmittal (including any required signature guarantee). The Exchange Agent will return the properly withdrawn Outstanding Notes promptly following receipt of notice of withdrawal. If Outstanding Notes have been tendered pursuant to the procedure for book-entry transfer, any notice of withdrawal must specify the name and number of the account at the book-entry transfer facility to be credited with the withdrawn Outstanding Notes or otherwise comply with the book-entry transfer facility's procedures. All questions as to the validity, form and eligibility of notices of withdrawals, including time of receipt, will be determined by the Issuers, and such determination will be final and binding on all parties.

Any Outstanding Notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the Exchange Offer. Any Outstanding Notes which have been tendered for exchange but which are not accepted for exchange for any reason will be returned to the holder thereof without cost to such holder (or, in the case of Outstanding Notes tendered by book-entry transfer into the Exchange Agent's account at the book-entry transfer facility pursuant to the book-entry transfer procedures described above, such Outstanding Notes will be credited to an account with such book-entry transfer facility specified by the holder) promptly after withdrawal, rejection of tender or termination of the Exchange Offer. Properly withdrawn Outstanding Notes may be retendered by following one of the procedures described under the caption "The Exchange Offer—Procedures for Tendering Outstanding Notes" in the Prospectus at any time prior to the Expiration Date.

None of the Issuers, any affiliate or assigns of the Issuers, the Exchange Agent nor any other person will be under any duty to give any notification of any irregularities in any notice of withdrawal or incur any liability for failure to give such notification (even if such notice is given to other persons).

3. Beneficial Owner Instructions.

Only a holder of Outstanding Notes (i.e., a person in whose name Outstanding Notes are registered on the books of the registrar or, or, in the case of Outstanding Notes held through book-entry, such book-entry transfer facility specified by the holder), or the legal representative or attorney-in-fact of a holder, may execute and deliver this Letter of Transmittal. Any beneficial owner of Outstanding Notes who wishes to accept the Exchange Offer must arrange promptly for the appropriate holder to execute and deliver this Letter of Transmittal on his or her behalf through the execution and delivery to the appropriate holder of the "Instructions to Registered Holder from Beneficial Owner" form accompanying this Letter of Transmittal.

4. Signature on this Letter of Transmittal; Written Instruments and Endorsements; Guarantee of Signatures.

If this Letter of Transmittal is signed by the registered holder(s) (which term, for the purposes described herein, shall include the book-entry transfer facility whose name appears on a security listing as the owner of the Outstanding Notes) of the Outstanding Notes tendered hereby, the signature must correspond exactly with the name(s) as written on the face of the certificates (or on such security listing) without alteration, addition, enlargement or any change whatsoever.

If any of the Outstanding Notes tendered hereby are owned of record by two or more joint owners, all such owners must sign this Letter of Transmittal.

If a number of Outstanding Notes registered in different names are tendered, it will be necessary to complete, sign and submit as many separate copies of this Letter of Transmittal (or facsimiles thereof) as there are different registrations of Outstanding Notes.

When this Letter of Transmittal is signed by the registered holder(s) of Outstanding Notes (which term, for the purposes described herein, shall include the book-entry transfer facility whose name appears on a security listing as the owner of the Outstanding Notes) listed and tendered hereby, no endorsements of certificates or separate written instruments of transfer or exchange are required. If, however, this Letter of Transmittal is signed by a person other than the registered holder(s) of the Outstanding Notes listed or the Exchange Notes are to be issued, or any untendered Outstanding Notes are to be reissued, to a person other than the registered holder(s) of the Outstanding Notes, such Outstanding Notes must be endorsed or accompanied by separate written instruments of transfer or exchange in form satisfactory to the Issuers and duly executed by the registered holder, in each case signed exactly as the name or names of the registered holder(s) appear(s) on the Outstanding Notes and the signatures on such certificates must be guaranteed by an Eligible Guarantor Institution. If this Letter of Transmittal, any certificates or separate written instruments of transfer or exchange are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, such persons should so indicate when signing, and, unless waived by the Issuers, submit proper evidence satisfactory to the Issuers, in their sole discretion, of such persons' authority to so act.

Endorsements on certificates for the Outstanding Notes or signatures on bond powers required by this Instruction 4 must be guaranteed by a member firm of a registered national securities exchange or of the Financial Industry Regulatory Authority, Inc., a commercial bank or trust company having an office or correspondent in the United States or another “eligible guarantor institution” within the meaning of Rule 17Ad-15 under the Securities Exchange Act of 1934, as amended (an “Eligible Guarantor Institution”).

Signatures on this Letter of Transmittal must be guaranteed by an Eligible Guarantor Institution, unless Outstanding Notes are tendered: (i) by a registered holder (which term, for the purposes described herein, shall include the book-entry transfer facility whose name appears on a security listing as the owner of the Outstanding Notes) who has not completed the box entitled “Special Registration Instructions” or “Special Delivery Instructions” on this Letter of Transmittal; or (ii) for the account of an Eligible Guarantor Institution.

5. Special Registration and Delivery Instructions.

Tendering holders should indicate, in the applicable Box 6 or Box 7, the name and address in/to which the Exchange Notes and/or certificates for Outstanding Notes not exchanged are to be issued or sent, if different from the name(s) and address(es) of the person signing this Letter of Transmittal. In the case of issuance in a different name, the tax identification number or social security number of the person named must also be indicated. A holder tendering the Outstanding Notes by book-entry transfer may request that the Outstanding Notes not exchanged be credited to such account maintained at the book-entry transfer facility as such holder may designate. See Box 4.

If no such instructions are given, the Exchange Notes (and any Outstanding Notes not tendered or not accepted) will be issued in the name of and sent to the holder signing this Letter of Transmittal or deposited into such holder’s account at the applicable book-entry transfer facility.

6. Transfer Taxes.

The Issuers shall pay all transfer taxes, if any, applicable to the transfer and exchange of the Outstanding Notes to them or their order pursuant to the Exchange Offer. If, however, the Exchange Notes are delivered to or issued in the name of a person other than the registered holder, or if a transfer tax is imposed for any reason other than the transfer and exchange of Outstanding Notes to the Issuers or their order pursuant to the Exchange Offer, the amount of any such transfer taxes (whether imposed on the registered holder or any other person) will be payable by the tendering holder. If satisfactory evidence of payment of such taxes or exemption therefrom is not submitted herewith the amount of such transfer taxes will be billed directly to such tendering holder.

Except as provided in this Instruction 6, it will not be necessary for transfer tax stamps to be affixed to the Outstanding Notes listed in this Letter of Transmittal.

7. Waiver of Conditions.

The Issuers reserve the absolute right to waive, in whole or in part, any of the conditions to the Exchange Offer set forth in the Prospectus.

8. Mutilated, Lost, Stolen or Destroyed Securities.

Any holder whose Outstanding Notes have been mutilated, lost, stolen or destroyed, should promptly contact the Exchange Agent at the address set forth on the first page hereof for further instructions. The holder will then be

instructed as to the steps that must be taken in order to replace the certificate(s). This Letter of Transmittal and related documents cannot be processed until the procedures for replacing lost, destroyed or stolen certificate(s) have been completed.

9. No Conditional Tenders; No Notice of Irregularities.

No alternative, conditional, irregular or contingent tenders will be accepted. All tendering holders, by execution of this Letter of Transmittal, shall waive any right to receive notice of the acceptance of their Outstanding Notes for exchange. The Issuers reserve the right, in their reasonable judgment, to waive any defects, irregularities or conditions of tender as to particular Outstanding Notes. The Issuers' interpretation of the terms and conditions of the Exchange Offer (including the instructions in this Letter of Transmittal) will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of Outstanding Notes must be cured within such time as the Issuers shall determine. Although the Issuers intend to notify holders of defects or irregularities with respect to tenders of Outstanding Notes, none of the Issuers, the Exchange Agent or any other person is under any obligation to give such notice nor shall they incur any liability for failure to give such notification. Tenders of Outstanding Notes will not be deemed to have been made until such defects or irregularities have been cured or waived. Any Outstanding Notes received by the Exchange Agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned by the Exchange Agent to the tendering holder promptly following the Expiration Date.

10. Requests for Assistance or Additional Copies.

Questions relating to the procedure for tendering, as well as requests for additional copies of the Prospectus and this Letter of Transmittal, may be directed to the Exchange Agent at the address and telephone number set forth on the first page hereof.

IMPORTANT: THIS LETTER OF TRANSMITTAL OR A FACSIMILE OR COPY THEREOF (TOGETHER WITH CERTIFICATES OF OUTSTANDING NOTES OR CONFIRMATION OF BOOK- ENTRY TRANSFER AND ALL OTHER REQUIRED DOCUMENTS) OR A NOTICE OF GUARANTEED DELIVERY MUST BE RECEIVED BY THE EXCHANGE AGENT ON OR PRIOR TO THE EXPIRATION DATE.

IMPORTANT TAX INFORMATION

Under U.S. federal income tax law, a tendering holder whose Outstanding Notes are accepted for exchange may be subject to backup withholding unless the holder provides the Exchange Agent with either (i) such holder's correct taxpayer identification number ("TIN") on IRS Form W-9, certifying (A) that the TIN provided on the IRS Form W-9 is correct (or such holder is awaiting a TIN), (B) that the holder of Outstanding Notes is not subject to backup withholding because (x) such holder of Outstanding Notes is exempt from backup withholding, (y) such holder of Outstanding Notes has not been notified by the IRS that he or she is subject to backup withholding as a result of a failure to report all interest or dividends or (z) the IRS has notified the holder of Outstanding Notes that he or she is no longer subject to backup withholding and (C) that the holder of Outstanding Notes is a U.S. person (including a U.S. resident alien); or (ii) an adequate basis for exemption from backup withholding. If such holder of Outstanding Notes is an individual, the TIN is such holder's social security number. If the Exchange Agent is not provided with the correct TIN, the holder of Outstanding Notes may also be subject to certain penalties imposed by the IRS and any reportable payments that are made to such holder may be subject to backup withholding (see below).

Certain holders of Outstanding Notes (including, among others, generally all corporations and certain foreign holders) are not subject to these backup withholding and reporting requirements. However, to avoid erroneous backup withholding, exempt U.S. holders of Outstanding Notes should complete the IRS Form W-9. In order for a foreign holder to qualify as an exempt recipient, the holder must submit an applicable IRS Form W-8, signed under penalties of perjury, attesting to that holder's exempt status. An applicable IRS Form W-8 can be obtained from the Exchange Agent or at the IRS website at www.irs.gov. Holders are encouraged to consult their own tax advisors to determine whether they are exempt from these backup withholding and reporting requirements. See the instructions to IRS Form W-9 for additional information.

If backup withholding applies, the Exchange Agent is required to withhold 28% of any reportable payments made to the holder of Outstanding Notes or other payee. Backup withholding is not an additional tax. Rather, the tax liability of persons subject to backup withholding will be reduced by the amount of tax withheld. If withholding results in an overpayment of taxes, a refund may be obtained from the IRS, provided the required information is furnished. The Exchange Agent cannot refund amounts withheld by reason of backup withholding.
