Dear Stockholder:

The annual meeting of the stockholders of Ligand Pharmaceuticals Incorporated, will be held on Friday, April 24, 2015 at 8:30 a.m. local time, at Ligand's offices, located at 11119 North Torrey Pines Road, Suite 200, La Jolla, CA 92037.

Details of the business to be conducted at the annual meeting are given in the attached notice of annual meeting and proxy statement.

We encourage you to vote by telephone or on the internet, or, if you request that the proxy materials be mailed to you, by signing, dating and returning the proxy card enclosed with these materials. This will ensure your vote is counted whether or not you attend the meeting. Otherwise you can vote your shares in person by attending the meeting. If you attend the annual meeting and wish to change any previously cast proxy vote, you may do so automatically by voting in person at the annual meeting.

/s/ JOHN L. HIGGINS

John L. Higgins

Chief Executive Officer

La Jolla, California

March 13, 2015

Your vote is important. Please vote your shares whether or not you plan to attend the meeting.

Notice of Annual Meeting of Stockholders

to be held Friday, April 24, 2015

Dear Stockholder:

The annual meeting of stockholders of Ligand Pharmaceuticals Incorporated (Ligand or the “Company”) will be held at 11119 North Torrey Pines Road, Suite 200, La Jolla, CA 92037, on April 24, 2015 at 8:30 a.m. local time, for the following purposes:

1. To elect a board of directors for the forthcoming year. Our board of directors has nominated the following eight persons, each to serve for a one year term to expire at the 2016 annual meeting of stockholders: Jason Aryeh, Todd Davis, John Higgins, David Knott, John Kozarich, John LaMattina, Sunil Patel and Stephen Sabba.
2. To ratify the selection of Grant Thornton LLP as the Company’s independent registered accounting firm for the fiscal year ending December 31, 2015.
3. To consider and vote upon, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, or the SEC.
5. To transact such other business as may properly come before the meeting or any adjournment(s) thereof.

Stockholders of record at the close of business on February 23, 2015 will be entitled to vote at the annual meeting. For our annual meeting, we have elected to use the internet as our primary means of providing our proxy materials to stockholders. Consequently, most stockholders will not receive paper copies of our proxy materials. We will instead send to these stockholders a Notice of Internet Availability of Proxy Materials with instructions for accessing the proxy materials, including our Proxy Statement and annual report, and for voting via the internet. The Notice of Internet Availability of Proxy Materials also provides information on how stockholders may obtain paper copies of our proxy materials free of charge, if they so choose.

The stock transfer books of the Company will remain open between the record date, February 23, 2015, and the date of the meeting. A list of stockholders entitled to vote at the annual meeting will be available for inspection at the offices of the Company and at the meeting. Whether or not you plan to attend the annual meeting in person, please vote by internet or telephone as described in the enclosed proxy materials or, if you request that the proxy materials be mailed to you, by signing, dating and returning the proxy card enclosed with those materials. If you attend the annual meeting and vote by ballot, your proxy will be revoked automatically and only your vote at the annual meeting will be counted. The prompt return of your proxy will assist us in preparing for the annual meeting.

By Order of the Board of Directors,

/s/ CHARLES S. BERKMAN

Charles S. Berkman

Ligand Pharmaceuticals Incorporated
11119 North Torrey Pines Road, Suite 200
La Jolla, CA 92037
Proxy Statement
For the Annual Meeting of Stockholders
April 24, 2015

On behalf of the board of directors of Ligand Pharmaceuticals Incorporated (“Ligand” or the “Company”), we are asking for your proxy, to be used at the annual meeting of stockholders to be held on April 24, 2015. The annual meeting will be held at 8:30 a.m. local time, at our corporate headquarters located at 11119 North Torrey Pines Road, Suite 200, La Jolla, CA 92037. Stockholders of record on February 23, 2015 (the “Record Date”) are entitled to notice of and to vote at the annual meeting. If you need directions to the location of the annual meeting, please contact us at (858) 550-7500. On or about March 14, 2015, we will mail to stockholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access our proxy statement and 2014 annual report online and how to vote online. If you receive such a Notice by mail, you will not receive a printed copy of the materials unless you specifically request one. However, the Notice contains instructions on how to request to receive printed copies of these materials and a proxy card by mail.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to Be Held on Friday, April 24, 2015.

This proxy statement and the Company’s annual report are available electronically at www.ecdocumentview.com/LGND.

General Information about the Annual Meeting and Voting

What is the purpose of the annual meeting? At our annual meeting, stockholders will act on the items outlined in the notice of meeting that is attached to this proxy statement. These include the election of directors, the ratification of the selection of Grant Thornton LLP as the Company's independent registered public accounting firm and the approval, on an advisory basis, of the compensation of the named executive officers as disclosed in this proxy statement. Management will be available after the meeting to answer questions.

Who can vote at the meeting? Only stockholders of record as of the close of business on the Record Date are entitled to vote the shares of stock they held on that date. Stockholders may vote in person or by proxy (see "How do I vote?" below). Each holder of shares of common stock is entitled to one vote for each share of stock held on the proposals presented in this proxy statement. Our amended and restated bylaws provide that a majority of all of the shares of the stock entitled to vote, whether present in person or represented by proxy, will be a quorum for the transaction of business at the meeting.

How many votes do I have? Each share of our common stock that you own as of February 23, 2015 entitles you to one vote. The Notice of Internet Availability of Proxy Materials that is sent to you, or the proxy card or voting instruction form that is included in the proxy materials mailed to you if you have requested delivery by mail, will show the number of shares that you are entitled to vote.

How are votes counted? Directors will be elected by a favorable vote of a plurality of the aggregate votes present, in person or by proxy, at the annual meeting. Accordingly, abstentions will not affect the outcome of the election of candidates for director. Absent instructions from the beneficial owner of such shares, a broker is not entitled to vote shares held for a beneficial owner on certain non-routine items, such as the election of directors, the approval, on an advisory basis, of the compensation of the named executive officers as disclosed in this proxy statement, and stockholder proposals. Thus, if the beneficial owner does not give a broker specific instructions, the beneficially owned shares may not be voted on this proposal and will not be counted in determining the number of shares necessary for approval, although they will count for purposes of determining whether a quorum exists. Stockholders are not permitted to cumulate their shares for the purpose of electing directors or otherwise.

The proposal to ratify the selection of Grant Thornton LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015 requires the affirmative vote of a majority of the aggregate votes present, in person or by proxy, and entitled to vote at the annual meeting. Abstentions will have the same effect as a vote against this proposal. However, ratification of the selection of Grant Thornton LLP is considered a routine matter on which a broker or other nominee is empowered to vote. Accordingly, no broker non-votes will result from this proposal. Approval of the non-binding advisory resolution on our executive compensation requires the affirmative vote of a majority of the aggregate votes present, in person or by proxy, and entitled to vote at the annual meeting. Abstentions will have the same effect as a vote against this proposal. Absent instructions from the beneficial owner of such shares, a broker is not entitled to vote shares held for a beneficial owner on the resolution to approve the compensation of our named executive officers. As a result, broker non-votes will have no effect on the outcome of the vote on this proposal.

All votes will be counted by an inspector of elections appointed for the meeting. The inspector will count separately “yes” votes, “no” votes, abstentions and broker non-votes. Shares represented by proxies that reflect abstentions or “broker non-votes” (i.e., shares held by a broker or nominee which are represented at the annual meeting, but not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

Voting results will be tabulated and certified by our mailing and tabulating agent, Computershare.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to rules adopted by the SEC, we have elected to provide access to our proxy materials over the internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials to our stockholders who have not previously requested the receipt of paper proxy materials advising them that they can access this proxy statement, the 2014 annual report and voting instructions over the internet at <http://www.envisionreports.com/LGND>, by calling toll-free (866) 641-4276, or by sending an e-mail to investorvote@computershare.com with “Proxy Materials Ligand Pharmaceuticals” in the subject line. Include in the message your full name and address, plus the number located in the shaded bar on the reverse, and state in the email that you want a paper copy of current meeting materials. You can also state your preference to receive a paper copy for future meetings. There is no charge for you requesting a copy. Please make your request for a copy on or before April 13, 2015 to facilitate timely delivery. In addition, stockholders may request to receive proxy materials electronically by email or in printed form by mail on an ongoing basis. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice of Internet Availability of Proxy Materials or request to receive a printed set of the proxy materials. We encourage stockholders to take advantage of the availability of the proxy materials on the internet to help reduce the environmental impact of the annual meeting.

How do I If you are a stockholder of record on the Record Date, you may vote in one of the following four ways:
vote by proxy?

By the internet. You may go to www.envisionreports.com/LGND 24 hours a day, 7 days a week, and follow the instructions. You will need the 15-digit control number that is included in the Notice of Internet Availability of Proxy Materials, proxy card or voting instructions form that is sent to you. The internet voting system allows you to confirm that the system has properly recorded your votes. This method of voting will be available up until 11:59 p.m. EDT, on April 23, 2015.

By telephone. On a touch-tone telephone, you may call toll-free 1-800-652-8683, 24 hours a day, 7 days a week, and follow the instructions. You will need the 15 digit control number that is included in the Notice of Internet Availability of Proxy Materials, proxy card or voting instructions form that is sent to you. As with internet voting, you will be able to confirm that the system has properly recorded your votes. This method of voting will be available up until 11:59 p.m. EDT, on April 23, 2015.

By mail. If you are a stockholder of record, and you elect to receive your proxy materials by mail, you may vote by proxy by marking, dating, and signing your proxy card exactly as your name appears on the card and returning it by mail in the postage-paid envelope that will be provided to you. If you hold your shares in street name and you elect to receive your proxy materials by mail, you may vote by completing and mailing the voting instruction form that will be provided by your bank, broker or other holder of record. You should mail the proxy card or voting instruction form in plenty of time to allow delivery prior to the meeting. Do not mail the proxy card or voting instruction form if you are voting over the internet or by telephone.

At the annual meeting. Whether you are a stockholder of record or a street name holder, you may vote your shares at the annual meeting if you attend in person.

Even if you plan to attend the annual meeting, we encourage you to vote over the internet or by telephone prior to the meeting. It is fast and convenient, and votes are recorded and confirmed immediately.

May I revoke my proxy? If you give us your proxy, you may revoke it at any time before it is exercised. You may revoke your proxy by sending in another signed proxy with a later date, by notifying our corporate secretary, Charles S. Berkman, in writing before the annual meeting that you have revoked your proxy, or by attending the annual meeting and voting in person.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if the holders of a majority in voting power of the shares of common stock issued, outstanding and entitled to vote are present in person or represented by proxy at the annual meeting. On the Record Date, there were 19,639,877 shares outstanding and entitled to vote. Accordingly, 9,819,939 shares must be represented by stockholders present at the annual meeting or by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy vote or vote at the annual meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, either the chairperson of the annual meeting or a majority in voting power of the stockholders entitled to vote at the annual meeting, present in person or represented by proxy, may adjourn the annual meeting to another time or place.

I share an address with another stockholder, and we received only one paper copy of the proxy materials and annual report. How may I obtain an additional copy of these materials?

The rules of the SEC permit us, under certain circumstances, to send a single set of the Notice of Internet Availability of Proxy Materials, proxy materials, and annual reports to any household at which two or more stockholders reside. This procedure, known as householding, reduces the volume of duplicate information you receive and helps to reduce our expenses.

In order to take advantage of this opportunity, we have delivered only one Notice of Internet Availability of Proxy Materials or, if you previously requested to receive paper proxy materials by mail, one proxy statement and annual report to stockholders who share an address (unless we received contrary instructions from the affected stockholders prior to the mailing date). We will mail a separate copy of any of these documents, if requested. Requests for separate copies of any of these documents, either now or in the future, as well as requests for single copies in the future by stockholders who share an address and are currently receiving multiple copies, can be made by stockholders of record by contacting our corporate secretary at Ligand Pharmaceuticals Incorporated, 11119 North Torrey Pines Road, Suite 200, La Jolla, California 92037, or by telephone at (858) 550-7500. Such requests by street name holders should be made through their bank, broker or other holder of record.

How do I obtain an Annual Report on Form 10-K?

If you would like a copy of our annual report on Form 10-K for the fiscal year ended December 31, 2014 that we filed with the SEC, we will send you one without charge. Please write to:

Ligand Pharmaceuticals Incorporated

11119 North Torrey Pines Road, Suite 200

La Jolla, California 92037

Attn: Corporate Secretary

All of our SEC filings are also available free of charge in the Investors section of our website at www.ligand.com.

How can I find out the results of the voting at the annual meeting? Preliminary voting results will be announced at the annual meeting. Final voting results will be published in a Current Report on Form 8-K to be filed with the SEC within four business days after the annual meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an amendment to the Form 8-K to publish the final results.

Proposal No. 1 Election of Directors

The persons named below have been nominated by our board of directors to serve as directors of the Company until the next annual meeting of stockholders and until their successors have been elected and qualified. The eight candidates receiving the highest number of affirmative votes of the shares entitled to vote at the annual meeting will be elected directors of the Company. As of the date of this proxy statement, our board of directors is not aware of any nominee who is unable to or will decline to serve as a director. If, however, any of those named are unable to serve at the time of the annual meeting, the proxyholders may exercise discretionary authority to vote for substitutes.

Nominees

Name	Offices Held	Year First Elected	
		Director	Age*
John W. Kozarich(N)	Chairman of the Board	2003	65
John L. Higgins	Chief Executive	2007	44
	Officer and Director

* As of February 23, 2015

(A) Member of the audit committee

(C) Member of the compensation committee

(N) Member of the nominating and corporate governance committee

Business Experience of Director Nominees

Jason M. Aryeh has served as a member of Ligand's board of directors since September 2006. He is the founder and managing general partner of JALAA Equities, LP, a private hedge fund focused on the life sciences sector, and has served in such capacity since 1997. Mr. Aryeh serves as the Chairman of the board and a director of QLT and has served as the Chairman of both its Corporate Governance and Nominating Committee and its Strategic Action Committee. Mr. Aryeh also serves on the board of directors of CorMatrix Cardiovascular a medical device company, where he is Chairman of CorMatrix's Audit Committee and serves on its Compensation Committee, and the Cystic Fibrosis Foundation's Therapeutics Board. Previously, Mr. Aryeh served as a director of both Nabi Biopharmaceuticals, prior to its merger with Biota Pharmaceuticals, Inc. in November 2012, and of Myrexis, Inc., both of which were public biotechnology companies. Mr. Aryeh earned a B.A. in economics, with honors, from Colgate University, and is a member of the Omnicron Delta Epsilon Honor Society in economics. In selecting Mr. Aryeh to serve as a director, the board considered, among other things, his valuable capital markets experience, including his service as managing general partner of a hedge fund focused on the life sciences sector. The Company also benefits from Mr. Aryeh's involvement in the biotechnology industry

through his current and former positions as a director of multiple life science organizations including: QLT Inc., CorMatrix Cardiovascular, the Cystic Fibrosis Foundation's Therapeutics board, NabiBiopharmaceuticals and Myrexis, Inc.

Todd C. Davis has served as a member of Ligand's board of directors since March 2007. He is a Founding Managing Director of HealthCare Royalty Partners, a global healthcare investment firm. He has over 32 years of experience working in and investing in the pharmaceutical and biotechnology industries. Over the course of his career, Mr. Davis has been involved in over \$2 billion in healthcare deals and nearly \$1 billion in royalty financings. He has also led, structured and closed over 40 additional intellectual property licenses, as well as growth equity, and debt deals. Previously, from 2004 to 2006, Mr. Davis was a partner at Paul Capital Partners, where he co-managed that firm's royalty investments as a member of the royalty management committee. He also served as a partner responsible for biopharmaceutical growth equity investments at Apax Partners from 2001 to 2004. Prior to beginning his principal investment career in 2001, Mr. Davis held various sales and product management roles at Abbott Laboratories and worked in business development, operations and licensing at Elan Pharmaceuticals. He currently serves on the boards of Suneva Medical, Inc. and Helomics, Inc. Mr. Davis holds a B.S. from the U.S. Naval Academy and an M.B.A. from Harvard University. In selecting Mr. Davis to serve as a director, the board considered, among other things, his valuable prior experience as a director of several public and private companies. Ligand also benefits from Mr. Davis' financial and accounting expertise and leadership experience within the biotechnology industry.

John L. Higgins is the Chief Executive Officer of Ligand Pharmaceuticals Incorporated, a position he has held since January 2007 and he has been a member of Ligand's board of directors since March 2007. Prior to joining Ligand, Mr. Higgins served as Chief Financial Officer at Connetics Corporation, a specialty pharmaceutical company, since 1997, and also served as Executive Vice President, Finance and Administration and Corporate Development at Connetics until its acquisition by Stiefel Laboratories, Inc. in December 2006. Before joining Connetics, he was a member of the executive management team at BioCryst Pharmaceuticals. Prior to BioCryst, Mr. Higgins was a member of the healthcare banking team of Dillon, Read & Co. Inc., an investment banking firm. Mr. Higgins serves as Chairman of CoMentis, Inc., a biopharmaceutical company, serves on the board of Blue Zones, and serves on the board, audit and compensation committees of BioTechne, a company with a market capitalization of over \$3 billion. Mr. Higgins has served as a director of numerous public and private companies. He graduated Magna Cum Laude from Colgate University with an A.B. in economics. In selecting Mr. Higgins to serve as a director, the board considered, among other things, his valuable experience operating and managing public biotechnology companies, his prior service on other company boards and his financial transaction experience as an investment banker. Ligand also benefits from Mr. Higgins' financial experience in leadership roles at companies within the biopharmaceutical industry.

David M. Knott has served as a member of Ligand's board since March 2007. Mr. Knott has over three decades of experience in investing. He began his career at Donaldson, Lufkin & Jenrette where he became a Vice President in their retail/small institution division. He left in 1983 to join Mandrakos

Associates as a general partner and analyst with responsibility for the firm's investments in the energy and financial services industries. He also was in charge of most of the firm's short selling activities. In 1987 he founded Knott Partners. Currently, Mr. Knott sits on the board of Paramount Resources, is a member of the board of trustees for the Boy's and Girl's Harbor and Say Yes to Education. In addition, Mr. Knott is a member of the Committee on Undergraduate Financial Aid at the University of Pennsylvania and is a member of the Executive Board at the Wharton Graduate School. Mr. Knott has a B.A. from the University of Pennsylvania and an M.B.A. from the Wharton School. In selecting Mr. Knott to serve as a director, the board considered, among other things, his valuable experience as a director of Paramount Resources and several private organizations which provides the board with a broad leadership perspective. Ligand also benefits from Mr. Knott's financial and accounting expertise and his perspective as a significant stockholder.

John W. Kozarich, Ph.D. has served as a member of Ligand's board since March 2003. Dr. Kozarich is Chairman and President of ActivX Biosciences in La Jolla. From 1992 to 2001, he was vice president at Merck Research Laboratories and previously held professorships at the University of Maryland and Yale University School of Medicine. Dr. Kozarich is also an adjunct professor of Chemical Physiology at the Scripps Research Institute and serves on boards, including QLT, Inc., Corium Intl. and the Board of Trustees of the Gordon Research Conferences. He is also a recent recipient of the Distinguished Scientist Award from the San Diego Section of the American Chemical Society. Dr. Kozarich earned his BS in chemistry, summa cum laude, from Boston College, his PhD in biological chemistry from the Massachusetts Institute of Technology, and was an NIH Postdoctoral Fellow at Harvard. In selecting Dr. Kozarich to serve as a director, the board considered, among other things, his valuable pharmaceutical and international experience, including his service at Merck Research Laboratories, which is part of one of the world's largest pharmaceutical companies, and his service with ActivX Biosciences, Inc., QLT, Inc. and Corium Intl. Ligand also benefits from Dr. Kozarich's financial and accounting experience in the pharmaceutical and biotechnology industries.

John L. LaMattina, Ph.D. has served as a member of Ligand's board since February 2011. He spent 30 years at Pfizer Inc. beginning as a medicinal chemist in 1977. During his career, he was appointed to various positions of increasing responsibility for Pfizer Central Research, including Vice President of U.S. Discovery Operations in 1993, Senior Vice President of Worldwide Discovery Operations in 1998, Senior Vice President of Worldwide Development in 1999, and President, Pfizer Global R&D in 2004. Dr. LaMattina graduated with cum laude honors from Boston College with a B.S. in Chemistry. He received a Ph.D. from the University of New Hampshire in Organic Chemistry and subsequently was at Princeton University in the National Institutes of Health Postdoctoral Fellowship program. Dr. LaMattina is currently a senior partner at PureTech Ventures and serves on the board of directors of PureTech companies, Gelesis and Vedanta. Additionally, Dr. LaMattina serves as a director of Zafgen, Inc. and is on the Scientific Advisory Board for Trevena. Dr. LaMattina is a respected commentator on the biopharmaceutical industry on Forbes.com as well as with his books, most recently Devalued & Distrusted - Can the Pharmaceutical Industry Restore its Broken Image? In selecting Dr. LaMattina to serve as a director, the board considered, among other things, his valuable pharmaceutical and

experience and experience as director of several biotech companies which provides the board with a broad leadership perspective. Ligand also benefits from Dr. LaMattina's expert knowledge of the biopharmaceutical industry and his experience as strategic and scientific advisor.

Sunil Patel has served as a member of Ligand's board of directors since October 2010. He has more than 20 years of senior management and R&D experience in the biotechnology industry and is currently Chief Financial Officer, Senior Vice President Corporate Development & Finance for OncoMed Pharmaceuticals, a development-stage company focused on therapeutics targeting cancer stem cells. Mr. Patel has held senior management positions in corporate development, marketing, and strategy with BiPar Sciences, Allos Therapeutics, Connetics, Abgenix and Gilead Sciences. Mr. Patel also worked at McKinsey & Company serving biotech and pharmaceutical clients and has held scientific research positions at ZymoGenetics and ProCyt. Mr. Patel received his undergraduate degree in Chemistry at the University of California, Berkeley, and master's degree in Molecular Bioengineering/Biotechnology at the University of Washington. In selecting Mr. Patel to serve as a director, the board considered, among other things, his valuable pharmaceutical and corporate development experience, including his service at OncoMed Pharmaceuticals. Ligand also benefits from Mr. Patel's experience in serving as a senior member of management at both public and private biotechnology companies.

Stephen L. Sabba, M.D. has served as a member of Ligand's board of directors since August 2008. Dr. Sabba has been a leading Bio/Pharma Analyst and Fund Manager for Knott Partners, L.P., an investment fund company, since November 2006. Previously he was a Partner and Director of Research with Kilkenny Capital Management, a Chicago-based biomedical hedge fund. Prior to that, Dr. Sabba was Director of Research at Sturza's Medical Research, and previously was a gastroenterologist and internist in private practice at Phelps Memorial Hospital in North Tarrytown, New York. He received his medical degree from the New York University School of Medicine, and completed a residency in internal medicine and a fellowship in gastroenterology at the Veterans Administration Medical Center in New York City. He earned a Bachelor of Science degree with honors at Cornell University. Dr. Sabba has served as a member of the board of the directors for QLT, Inc., a leading Canadian biotech company, since June 2012. In selecting Dr. Sabba to serve as a director, the board considered, among other things, his capital markets and accounting expertise gained from his prior experience working in the hedge fund and investment fund industries. Ligand also benefits from his background as a medical doctor and from his understanding of medicine.

Director Independence

Our board of directors has determined that, with the exception of Mr. Higgins, each of the directors is an independent director under the NASDAQ Global Market listing standards. The independent directors have two or more regularly scheduled executive sessions per year at which only the independent directors are present.

Board Meetings and Committees

Our board of directors held 2 in-person meetings and 12 telephonic meetings, and acted by unanimous written consent 3 times during the year ended December 31, 2014. During such year, each incumbent director attended at least 88% of the aggregate number of meetings of our board of directors and the committees on which he served which were held during the periods in which he served. The Company does not have a policy regarding attendance of the directors at the annual meeting. At our 2014 annual meeting of stockholders, one of our then-current directors, John Higgins, was in attendance.

Our board of directors has an audit committee, a nominating and corporate governance committee and a compensation committee. Each committee is described below. Each of these committees has a written charter approved by our board of directors. A copy of each charter can be found in the “Investors—Corporate Governance—Committee Charters” section of our website at www.ligand.com. Our board of directors has determined that each member of these committees meets the applicable rules and regulations regarding independence and that each member is free of any relationship that would interfere with his or her individual exercise of independent judgment with regard to the Company.

The audit committee is primarily responsible for overseeing the Company’s accounting and financial reporting processes, auditing of financial statements, systems of internal control, and financial compliance programs. The audit committee currently consists of Messrs. Knott and Patel and Dr. Sabba (chair). The audit committee held 1 in-person meeting, held 4 telephonic meetings and acted by unanimous written consent 1 time during 2014. After reviewing the qualifications of all current committee members and any relationship they may have that might affect their independence from the Company, our board of directors has determined that (i) all current committee members are “independent” as defined under Section 10A of the Securities Exchange Act of 1934, as amended, (ii) all current committee members are “independent” as defined under the applicable NASDAQ Global Market listing standards, (iii) all current committee members have the ability to read and understand financial statements and (iv) Mr. Knott qualifies as an “audit committee financial expert.” The latter determination is based on a qualitative assessment of his level of knowledge and experience based on a number of factors, including his formal education and experience.

The nominating and corporate governance committee is responsible for identifying and recommending candidates for director of the Company. The nominating and corporate governance committee currently consists of Mr. Aryeh (chair) and Drs. Kozarich and Sabba. Each member of the nominating and corporate governance committee is an independent director under the NASDAQ Global Market listing standards. The nominating and corporate governance committee held 1 in-person meeting and 1 telephonic meeting during 2014.

The nominating and corporate governance committee considers nominees recommended by stockholders, if submitted in writing to the Secretary at the Company’s principal executive offices and accompanied by the author’s full name, current address and telephone number. The nominating and

corporate governance committee has set no specific minimum qualifications for candidates it recommends, but considers each individual's qualifications, such as high personal integrity and ethics, relevant expertise and professional experience, as a whole. The nominating and corporate governance committee and the board as a whole consider it beneficial to the Company to have directors with a diversity of backgrounds and skills. The nominating and corporate governance committee and the board as a whole have no formal policy with regard to the consideration of diversity in identifying director nominees. The nominating and corporate governance committee considers candidates throughout the year and makes recommendations as vacancies occur or the size of our board of directors expands. Candidates are identified from a variety of sources including recommendations by stockholders, current directors, management, and other parties. The nominating and corporate governance committee considers all such candidates in the same manner, regardless of source. Under its charter, the nominating and corporate governance committee may retain a search firm to identify and recommend candidates but has not done so to date.

The compensation committee reviews and approves the Company's compensation policies, sets executive officers' compensation and administers the Company's stock option and stock purchase plans. The compensation committee consists of Messrs. Aryeh and Davis (chair) and Dr. LaMattina. Each member is an independent director under the NASDAQ Global Market listing standards. The compensation committee held 5 telephonic meetings and acted by unanimous written consent 1 time during 2014.

Board Leadership Structure

Our board of directors has nominated eight persons to serve as directors of the Company until the next annual meeting of stockholders, seven of whom are independent. We separate the roles of chief executive officer and chairman of our board of directors in recognition of the differences between the two roles. The chief executive officer is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company, while the chairman of our board of directors provides guidance to the chief executive officer and presides over meetings of the full board of directors. We believe that this separation of responsibilities provides a balanced approach to managing the board of directors and overseeing the Company.

Board's Role in Risk Oversight

Our board of directors is actively involved in oversight of risks that could affect the Company. The board's role in our risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including risks associated with our operational, financial, legal and regulatory functions. The full board (or the appropriate board committee in the case of risks that are under the purview of a particular committee) receives these reports from the appropriate "risk owner" within the organization to enable it to understand our risk identification, risk management and risk mitigation strategies. When a board committee engages in a discussion related to

areas of material risk to the Company, the chairperson of the relevant committee reports on the discussion to the full board during the committee reports portion of the next board meeting. This enables the board and its committees to coordinate the risk oversight role.

Communicating with the Board of Directors

Stockholders may communicate with our board of directors or individual directors by mail, in care of the Secretary, at the Company's principal executive offices. Letters are distributed to the board of directors, or to any individual director or directors as appropriate, depending on the content of the letter. However, items that are unrelated to the duties and responsibilities of the board of directors will be excluded. In addition, material that is illegal, inappropriate or similarly unsuitable will be excluded. Any letter that is filtered out under these standards, however, will be made available to any director upon request.

Recommendation of the Board of Directors

The board of directors unanimously recommends a vote FOR the nominees listed above.

Proposal No. 2 Ratification of Independent Registered Public Accounting Firm

You are being asked to ratify the selection of Grant Thornton LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2015. Neither the firm nor any of its members has any relationship with the Company or any of its affiliates, except in the firm's capacity as the Company's independent registered public accounting firm.

Stockholder ratification of the selection of Grant Thornton LLP as the Company's independent registered public accounting firm is not required by Delaware law, the Company's certificate of incorporation, the Company's amended and restated bylaws, or otherwise. However, the board of directors is submitting the selection of Grant Thornton LLP to the stockholders for ratification as a matter of good corporate practice. In the event the stockholders fail to ratify the selection, the board of directors will reconsider its selection. Even if the selection is ratified, the board of directors or its audit committee, in its discretion, may direct the appointment of a different independent auditing firm at any time during the year if such a change would be in the Company's and its stockholders' best interests.

Representatives of Grant Thornton LLP are expected to be present at the annual meeting, and will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions. The affirmative vote of the holders of a majority of the shares represented and voting at the annual meeting will be required to ratify the selection of Grant Thornton LLP.

Independent Auditor's Fees

The following is a summary of the fees incurred by the Company from Grant Thornton LLP, the Company's independent registered public accounting firm for the fiscal years ended December 31, 2014 and 2013:

	Fiscal Year	Fiscal Year
Fee Category	2014 Fees	2013 Fees
Audit Fees(1)	\$ 473,290	\$ 495,083
Tax Fees(2)	289,843	331,443
Total Fees	\$ 763,133	\$ 826,526

- (1) Audit fees consist of fees for professional services rendered for the audit of the Company's consolidated annual financial statements and review of the interim consolidated financial statements included in quarterly reports and services that are normally provided in connection with statutory and regulatory filings or engagements. In 2014 and 2013, audit fees included fees for professional services rendered for the audits of (i) management's assessment of the effectiveness of internal control over financial reporting and (ii) the effectiveness of internal control over financial reporting, (iii) comfort letters, consents, and assistance with and review of documents filed with the SEC, and (iiii) other accounting and financial reporting consultation and research work necessary to comply with the standards of the PCAOB.
- (2) Tax fees consist of fees for professional services rendered for assistance with federal, state and international tax compliance and tax consulting projects including the 382 limitation analysis, Research and Development tax credit analysis and international tax planning.

In considering the nature of the services provided by Grant Thornton LLP during the 2014 fiscal year, the audit committee determined that such services are compatible with the provision of independent audit services.

The audit committee discussed these services with Grant Thornton LLP and the Company's management to determine that they are permitted under the rules and regulation concerning auditor independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

The services performed by Grant Thornton LLP in 2014 and 2013 were pre-approved in accordance with the requirements of the audit committee charter.

Except as stated above, there were no other fees charged by Grant Thornton for 2014 and 2013. The audit committee considers the provision of these services to be compatible with maintaining the independence of Grant Thornton LLP. None of the fees paid to Grant Thornton LLP under the category "Tax Fees" described above were approved by the audit committee after services were rendered pursuant to the de minimis exception established by the SEC.

Audit Committee Policy Regarding Pre-Approval of Audit and Permissible Non-Audit Services of Our Independent Registered Public Accounting Firm

Our audit committee has established a policy that all audit and permissible non-audit services provided by our independent registered public accounting firm will be pre-approved by the audit committee. These services may include audit services, audit-related services, tax services and other services. The audit committee considers whether the provision of each non-audit service is compatible with maintaining the independence of our auditors. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. Our independent registered public accounting firm and management are required to periodically report to the audit committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date.

Recommendation of the Board of Directors

Our board of directors unanimously recommends that stockholders vote FOR the ratification of the selection of Grant Thornton LLP to serve as the Company's independent registered public accounting firm for the year ending December 31, 2015.

Proposal No. 3 Approval of Compensation of the Named Executive Officers

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, our stockholders are entitled to vote at the annual meeting to provide advisory approval of the compensation of our named executive officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC. Pursuant to the Dodd-Frank Act, the stockholder vote on executive compensation is an advisory vote only, and it is not binding on us or our board of directors.

Although the vote is non-binding, our compensation committee and board of directors value the opinions of the stockholders and will consider the outcome of the vote when making future compensation decisions. As described more fully in the Compensation Discussion and Analysis section of this proxy statement, our executive compensation program is designed to attract, retain and motivate individuals with superior ability, experience and leadership capability to deliver on our annual and long-term business objectives necessary to create stockholder value. We urge stockholders to read the Compensation Discussion and Analysis section of this proxy statement, which describes in detail how our executive compensation policies and procedures operate and are intended to operate in the future. The compensation committee and the board of directors believe that our executive compensation program fulfills these goals and is reasonable, competitive and aligned with our performance and the performance of our executives.

We are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a “say-on-pay” proposal, gives our stockholders the opportunity to express their views on our named executive officers’ compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we ask that our stockholders vote “FOR” the following resolution:

“RESOLVED, that Ligand Pharmaceuticals Incorporated stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in Ligand Pharmaceuticals Incorporated’s Proxy Statement for the 2015 annual meeting of stockholders, pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the 2014 Summary Compensation Table and the other related tables and disclosure.”

Recommendation of the Board of Directors

Our board of directors unanimously recommends that stockholders vote FOR the approval, on an advisory basis, of the compensation of the named executive officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC.

Executive Officers

The names of the executive officers of the Company and their ages, titles and biographies as of February 23, 2015 are set forth below.

John L. Higgins, 44, is being considered for the position of director of the Company. See “Election of Directors” for a discussion of Mr. Higgins' business experience.

Charles S. Berkman, J.D., 46, has served as our Vice President, General Counsel and Secretary since April 2007. Mr. Berkman joined the Company in November 2001 and previously served as Associate General Counsel and Chief Patent Counsel for the Company (and Secretary since March 2007). Prior to joining the Company, Mr. Berkman was an attorney at the international law firm of Baker & McKenzie from November 2000 to November 2001. Before that he served as an attorney at the law firm of Lyon & Lyon from 1993 to November 2000, where he specialized in intellectual property law. Mr. Berkman earned a BS in chemistry from the University of Texas and a JD from the University of Texas School of Law.

Matthew W. Foehr, 42, has been our President and Chief Operating Officer since January 2015. Prior to that time, Mr. Foehr served as our Executive Vice President and Chief Operating Officer since 2011, and has more than 20 years of experience managing global research and development programs. Prior to joining Ligand in 2011, he was Vice President and Head of Consumer Dermatology R&D, as well as Acting Chief Scientific Officer of Dermatology, in the Stiefel division of GlaxoSmithKline (GSK). Following GSK's \$3.6 billion acquisition of Stiefel in 2009, Mr. Foehr led the R&D integration of Stiefel into GSK. At Stiefel Laboratories, Inc., Mr. Foehr served as Senior Vice President of Global R&D Operations, Senior Vice President of Product Development & Support, and Vice President of Global Supply Chain Technical Services. Prior to Stiefel, Mr. Foehr held various executive roles at Connetics Corporation including Senior Vice President of Technical Operations and Vice President of Manufacturing. Mr. Foehr serves on the Board of Directors of Viking Therapeutics, Inc. and Ritter Pharmaceuticals, Inc. Mr. Foehr is the author of multiple scientific publications and is named on numerous U.S. patents. He received his BS degree in biology from Santa Clara University.

Nishan M. de Silva, M.D., M.B.A., 41, is the Company's Vice President, Finance and Strategy and Chief Financial Officer. He joined the Company in February 2012 and served as our Vice President of Corporate Development until he assumed his current position in February 2014. Dr. de Silva has more than 14 years of healthcare business experience across healthcare investing and management consulting. Prior to joining Ligand, Dr. de Silva served as the Principal of the private equity firm Warburg Pincus from 2003 through 2011, where he was responsible for sourcing late-stage biopharmaceutical investments. Over the previous eight years, he evaluated hundreds of biopharmaceutical company investment opportunities, negotiated and structured major equity positions for several companies and served on the Board of Directors for several public and private biopharmaceutical companies. Prior to joining Warburg Pincus, Dr. de Silva worked in healthcare venture capital at Sprout Group and as a management consultant at McKinsey & Company, where he focused on growth strategy projects for senior management at leading global pharmaceutical and healthcare services companies. Dr. de Silva serves on the Board of Directors of Transposagen Biopharmaceuticals, Inc. Dr. de Silva holds an M.D. from The University of Pennsylvania

School of Medicine, an M.B.A. in Healthcare Management from The Wharton School, and an A.B. in Biology from Harvard College.

Security Ownership of Certain Beneficial Owners, Directors and Management

The following table shows, based on information we have, the beneficial ownership of our common stock as of February 23, 2015, by:

- all persons who are beneficial owners of 5% or more of our outstanding common stock;
- each of our current directors;
- each of our named executive officers (as defined below in “Compensation Discussion and Analysis – Summary Compensation Table”); and
- all of our executive officers and directors as a group.

Unless otherwise indicated, each of the stockholders has sole voting and investment power with respect to the shares beneficially owned, subject to community property laws, where applicable. Percentage of ownership is based on approximately 19,639,877 shares of common stock outstanding on February 23, 2015. Shares of common stock underlying options include options which are currently exercisable or will become exercisable within 60 days after February 23, 2015, are deemed outstanding for computing the percentage of the person or group holding such options, but are not deemed outstanding for computing the percentage of any other person or group. The address for individuals for whom an address is not otherwise indicated is 11119 N. Torrey Pines Road, Suite 200, La Jolla, CA 92037.

- (1) Represents shares of common stock owned by funds affiliated with BlackRock, Inc. at December 31, 2014, as indicated in the entity's Schedule 13G/A filed with the SEC on January 9, 2015. BlackRock, Inc. reports shared voting and investment power with respect to all 2,025,768 shares. BlackRock, Inc. is a parent holding company for a number of investment management subsidiaries. The following subsidiaries are investment advisors in accordance with Rule 13d-1 that hold the shares beneficially owned by BlackRock, Inc.: BlackRock Advisors (UK) Limited; BlackRock Advisors, LLC; BlackRock Asset Management Canada Limited; BlackRock Asset Management Ireland Limited; BlackRock Fund Advisors; BlackRock Institutional Trust Company, N.A.; BlackRock International Limited; BlackRock Investment Management (Australia) Limited; BlackRock Investment Management (UK) Ltd; BlackRock Investment Management, LLC; BlackRock Japan Co Ltd; and BlackRock Life Limited.
- (2) Represents shares of common stock beneficially owned by RS Investment Management Co. LLC at December 31, 2014 as indicated on the entity's Schedule 13G/A filed with the SEC on February 12, 2015.

- (3) Shares held by Dorset Management Corporation (“Dorset”) and David M. Knott are based on the Schedule 13D/A filed by such persons with the SEC on September 16, 2013 and other information available to the Company. Mr. Knott is the President of Dorset, which provides investment management services to a limited number of foreign and domestic individuals and entities (the “Managed Accounts”). Mr. Knott is the managing member of Knott Partners Management, LLC, a New York limited liability company, that is the sole General Partner of Shoshone Partners, L.P., a Delaware limited partnership (“Shoshone”) and managing general partner of Knott Partners, L.P., a New Jersey limited partnership (together with Shoshone and Mulsanne, the “Partnerships”). Mr. Knott is the sole member of Mabon Capital Management, LLC, a New York limited liability company, that is the sole General Partner of Mulsanne Partnership, L.P., a Delaware limited partnership (“Mulsanne”). Mr. Knott individually has the sole power to vote 1,345,822 shares and dispose of 1,347,488 shares beneficially owned by Mr. Knott, the Partnerships and the Managed Accounts. As President of Dorset, Mr. Knott shares with certain of Dorset’s clients the power to vote 1,666 shares of Common Stock beneficially owned, in the aggregate, by such clients.
- (4) Represents shares of common stock beneficially owned by Blair William & Company/IL at December 31, 2014 as indicated in the entity’s Schedule 13G/A filed with the SEC on February 4, 2015.
- (5) Represents shares of common stock beneficially owned by The Vanguard Group at December 31, 2014 as indicated in the entity’s Schedule 13G filed with the SEC on February 10, 2015.
- (6) Represents shares of common stock beneficially owned by Cardinal Capital Management, LLC at December 31, 2014 as indicated in the entity’s Schedule 13G filed with the SEC on February 12, 2015.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis (“CD&A”) describes our compensation philosophy and programs, the compensation decisions the compensation committee made under those programs, and the factors considered in making those decisions. This CD&A focuses on the compensation of our named executive officers or “NEOs”, who for 2014 were:

Name	Title
John L. Higgins	Chief Executive Officer
Matthew W. Foehr	President and Chief Operating Officer
Charles S. Berkman	Vice President and General Counsel
Nishan de Silva, M.D., M.B.A.	Vice President, Finance and Strategy and Chief Financial Officer
John P. Sharp	Former Vice President, Finance and Chief Financial Officer

Executive Summary

Overview and Objectives of Our Executive Compensation Program

The compensation committee has designed our executive compensation program to provide compensation opportunities that:

- Attract, motivate and retain individuals of superior ability and managerial talent critical to its long-term success;
- Align executives’ interests with the Company’s corporate strategies, business objectives and the long-term interests of the Company’s stockholders;
- Create incentives to achieve key strategic and corporate performance objectives; and
- Enhance the executives’ incentive to increase the Company’s stock price and maximize stockholder value.

Within this framework our compensation program has been developed with the following key principles in mind:

We Intend to Pay for Performance. The majority of our named executive officers’ total compensation as shown in our Summary Compensation Table below ties compensation directly to the achievement of corporate objectives, increases in our stock price or both. We emphasize pay for performance in order to align executive compensation with our business strategy and the creation of long-term stockholder value.

Our Compensation Program Supports Our Corporate Objectives and Stockholder Interests. Our compensation program is designed to align executive officer compensation with our corporate strategies, business objectives and the long-term interests of our stockholders by rewarding successful execution of our business plan and tying a significant portion of total compensation opportunities to equity incentives.

Key Elements of Our Compensation Program. Our compensation program is designed to achieve these objectives through a combination of the following types of compensation:

Base salary;

Annual variable performance bonus awards payable in cash;

Long-term stock-based incentive awards; and

Employee benefits and perquisites, including change in control severance arrangements.

Each element of our executive compensation program is discussed in greater detail below.

Ligand's Strong 2014 Corporate Performance

Our Company's fiscal year 2014 accomplishments, guided by our named executive officers, illustrate the success of our executive compensation program, and included, among other things, the following:

- **Successful Business Development:** The Company's "Shots-on-Goal" portfolio increased from 91 to over 100 during 2014. In addition, the Company completed a successful \$245 million convertible senior notes transaction.
- **Continued Optimization of Captisol Business:** In 2014, the Company entered into 76 new Captisol Research Use Agreements and had significant year-over-year increases in Captisol material sales and sample requests from prospective partners.
- **Research and Development:** In 2014, the Company continued to advance its product pipeline, including the receipt of positive Phase 1a SAD Glucagon data and the initiation of a Phase 1b MAD trial during 2014. Additionally, the Company licensed the internal research program, IRAK-4 to TG Therapeutics, Inc. began focusing on the development of our new LTP platform technology and completed a collaboration agreement with Omthera Pharmaceuticals, Inc., a division of Astra Zeneca.
- **Operational Achievements:** During 2014, the Company had its second consecutive year of being sustainably profitable and cash flow positive, with solid financial growth. The Company successfully contained costs while implementing various internal organizational changes.

Performance Graph

The graph below shows the five-year cumulative total stockholder return assuming the investment of \$100 and is based on the returns of the component companies weighted monthly according to their market capitalizations. The graph compares total stockholder returns of our common stock, of all companies traded on the NASDAQ Stock market, as represented by the NASDAQ Composite® Index, and of the NASDAQ Biotechnology Stock Index, as prepared by The NASDAQ Stock Market Inc. The NASDAQ Biotechnology Stock Index tracks approximately 151 domestic biotechnology stocks.

The stockholder return shown on the graph below is not necessarily indicative of future performance and we will not make or endorse any predictions as to future stockholder returns.

2014 Compensation Programs and Decisions

In line with our executive compensation program's emphasis on pay for performance, compensation awarded to our named executive officers for 2014 reflected our financial results and overall compensation philosophy:

- Modest Base Salary Adjustments: During 2014, our named executive officers received increases to their base salaries of approximately 2%, representing the same range of base salary merit-based increases applicable to all of the Company's employees;
- Pay-for-Performance Annual Incentive Bonuses: For 2014, our Company focused on certain key business development objectives and objectives related to the optimization of the Captisol business, business development, research and development related to the Glucagon

product and operational goals. Our compensation program for 2014 was designed to support the Company's focus on these areas and together achievement in these areas represented 100% of our named executive officers' total bonus opportunity. Based on corporate performance in these four areas during 2014, as summarized above, our compensation committee determined that our executive officers should be paid their bonuses at the targeted levels. The annual bonuses awarded to our named executive officers for 2014 are discussed below under "Annual Bonuses;" and

·Equity-based Compensation:

·New Performance-Based Stock Options Granted in 2014: Our compensation committee continued its practice of ensuring that a substantial portion of our named executive officers' total compensation is awarded in the form of long-term equity incentive awards. As in year's past, a large portion of the annual award was granted in the form of stock options, which provide value to our executives only if our stock price increases. For 2014, the compensation committee also granted performance-based stock options to Messrs. Higgins and Foehr and Dr. de Silva, the vesting of which is tied to the attachment of business development goals, with 50% of the shares subject to the stock options vesting on the date the Company signs a licensing deal for a major asset, so long as such goal is achieved prior to December 31, 2015, and 50% of the shares subject to the options vesting on the date that the Company's Shots-on-Goal portfolio exceeds 102 Shots-on-Goal, so long as such goal is achieved prior to December 31, 2015. In September 2014, the compensation committee determined that the Shots-on-Goal portfolio exceeded 102 Shots-on-Goal and awarded vesting credit for 50% of these awards.

·2015 Performance-Based Restricted Stock Units: Commencing in 2015, the compensation committee continued its practice of including performance-based equity awards in the annual long-term equity incentive awards granted to our named executive officers. In February 2015, the compensation committee awarded performance-based restricted stock units to our named executive officers, which awards represented approximately 25% of the total value of the long-term equity incentive awards granted to our named executive officers in February 2015. Of the remainder of the long-term equity incentive awards granted to our named executive officers, 50% of the total value of the long-term incentive awards was granted in the form of time-based stock options that are subject to our standard four year vesting schedule, and 25% of the total value of the long-term incentive awards was granted in the form of restricted stock units that are subject to our standard three year vesting schedule. These performance-based restricted stock units will vest based on objectives related to our non-GAAP earnings per share growth for the two year performance period commencing December 31, 2014 and ending December 31, 2016 and our new shots-on-goal transactions during the three year performance period commencing

January 1, 2015 and ending December 31, 2017, with each such objective equally weighted. The compensation committee selected the foregoing performance measures because they represent the key financial and operational performance metrics for which the executives are responsible, thereby creating the clearest link between executive actions, corporate results and continued long-term success for the company.

The performance-based restricted stock units represented approximately 25% of the total value of the long-term equity incentive awards granted to our named executive officers in February 2015. Of the remainder of the long-term equity incentive awards granted to our named executive officers, 50% of the total value of the long-term incentive awards was granted in the form of time-based stock options that are subject to our standard four year vesting schedule, as described above, and 25% of the total value of the long-term incentive awards was granted in the form of restricted stock units that are subject to our standard three year vesting schedule, as described above. In light of the Company's overall performance during 2014, the compensation committee believes that the named executive officers' 2014 compensation was appropriate.

Ligand's Executive Compensation Best Practices

We regularly review and refine our executive compensation program to ensure that it continues to reflect practices and policies that are aligned with our pay-for-performance philosophy. The following practices and policies we believe are in line with current best practices for aligning executive and shareholder interests and sound corporate governance practices:

Compensation Practice	Ligand Policy
Pay for Performance	YES A majority of our executives' total direct compensation is performance-based
Annual "Say on Pay" Vote	YES We seek an annual non-binding advisory vote from our shareholders to approve the executive compensation programs disclosed in our CD&A, tabular disclosure and related narrative in our proxy
Independent Compensation Consultant	YES The compensation committee retains an independent compensation consultant
Annual Compensation Risk Assessment	YES Each year we perform an assessment of any risks that could result from our compensation plans and programs
Stock Ownership Guidelines for Directors	YES We have stock ownership guidelines for non-employee directors of 3.0 times their annual retainer
Limited Perquisites	YES We provided very limited perquisites to our NEOs in 2014
Employment Agreements	NO We do not provide our executive officers with employment agreements

Tax Gross-ups	NO We do not provide tax gross ups to our executives for "excess parachute payments"
Repricing or Exchange of Underwater Stock Options	NO We prohibit option repricing without stockholder approval
Single Trigger Change in Control Vesting/Benefits	NO We do not allow for single-trigger vesting or payment of benefits upon a change in control. Rather, we require double-trigger (or both a change in control and termination of executive's employment) before vesting is accelerated
Response to 2014 Say on Pay Vote	

In June 2014, we held a stockholder advisory vote on the compensation of our named executive officers, commonly referred to as a say-on-pay vote. Our stockholders overwhelmingly approved the compensation of our named executive officers, with over 99% of stockholder votes cast in favor of our 2014 say-on-pay resolution (excluding abstentions and broker non-votes). As we evaluated our compensation practices and talent needs throughout 2014, we were mindful of the strong support our stockholders expressed for our compensation philosophy. As a result, following our annual review of our executive compensation philosophy, the compensation committee decided to generally retain our existing approach to executive compensation for our continuing executives, with an emphasis on short- and long-term incentive compensation that rewards our senior executives when they deliver value for our stockholders.

In addition, when determining how often to hold a stockholder advisory vote on executive compensation, the board of directors took into account the strong preference for an annual vote expressed by our stockholders at our 2014 annual meeting. Accordingly, the board of directors determined that we will hold an advisory stockholder vote on the compensation of our named executive officers every year until the next say-on-pay frequency vote.

The Role of the Compensation Committee and Executive Officers in Setting Compensation

The compensation committee has the primary authority to determine the Company's compensation philosophy and to establish compensation for the Company's executive officers. In determining each level of compensation and the total package, the compensation committee reviewed a variety of sources, to determine and set compensation.

The chief executive officer aids the compensation committee by providing annual recommendations regarding the compensation of all executive officers, other than himself. Each named executive officer and senior executive management team member, in turn, participates in an annual performance review

with the chief executive officer to provide input about his contributions to the Company's success for the period being assessed. The performance of our chief executive officer and senior executive management team as a group is reviewed annually by the compensation committee.

In 2014, the compensation committee retained Radford, an independent compensation consulting firm, to assist it in the formulation of the peer group used to determine executive equity compensation during 2014 and to advise regarding the determination of the other key elements of the executive compensation program. Radford reports to and is accountable to the compensation committee, and may not conduct any other work for us without the authorization of the compensation committee. Radford did not provide any services to us in 2014 beyond its engagement as an advisor to the compensation committee on compensation matters. After review and consultation with Radford, the compensation committee has determined that Radford is independent and there is no conflict of interest resulting from retaining Radford currently or during the year ended December 31, 2014. In reaching these conclusions, the compensation committee considered the factors set forth in Exchange Act Rule 10C-1 and NASDAQ listing standards.

As in prior years, the compensation committee and the Company's management also consulted several independent compensation surveys to assist them in determining market pay practices for compensating executive officers. These surveys were reviewed to compare the Company's compensation levels to the market compensation levels, taking into consideration the other companies' size, the industry, the individual executive's level of responsibility and his years of experience. For 2014, the current executive salaries were evaluated against the Radford Global Life Sciences Compensation Report using data from comparable companies. These surveys were used due to the competitiveness in hiring employees within the biotechnology industry as well as in our geographic location and we believe they represent the types of companies with which we compete for executive talent. With respect to the foregoing survey data, the identities of the individual companies included in the surveys were not provided to the compensation committee, and the compensation committee did not refer to individual compensation information for such companies. Instead, the compensation committee only referred to the statistical summaries of the compensation information for the companies included in such surveys.

Additionally, the compensation committee worked with Radford to confirm a peer group of companies in the United States for which compensation information can be provided to the compensation committee. This is necessary so the Company can offer compensation that is competitive within that group of companies. The peer group companies for 2014 compensation included ACADIA Pharmaceuticals, Alkermes, Alnylam Pharmaceuticals, Array BioPharma, Depomed, Dyax, Dynavax Technologies, Exelixis, ImmunoGen, Immunomedics, Isis Pharmaceuticals, Momenta Pharmaceuticals, Nektar Therapeutics, Neurocrine Biosciences, PDL BioPharma, Regulus Therapeutics, Sangamo BioSciences, Spectrum Pharmaceuticals and Theravance.

The selected companies in our peer group are companies that fall within a reasonable range of comparison factors and/or that we may compete with for executive talent. In addition to the criteria

related to finding companies with similar business models and at a similar stage of development as Ligand, the other criteria used in the identification and selection of the peer group included business/labor market competitors in the biotechnology industry similar in size and complexity to us, companies with market values between \$250 million and \$4 billion and companies with products in comparable stages of development to our products. We also focused on companies with multiple product candidates, as opposed to single product companies. The peer group was not selected on the basis of executive compensation levels. The peer group revisions from the 2013 peer group were intended to ensure that the peer group more accurately reflects companies that are our peers in terms of our current business model and stage of development, including the number of programs maintained by the company and the importance of licensing to the company's business model.

The peer group compensation data is limited to publicly available information and therefore does not provide precise comparisons by position as offered by more comprehensive survey data. The survey data, however, can be used to provide pooled compensation data for positions closely akin to those held by each named executive officer. In addition, the pool of senior executive talent from which we draw and against which we compare ourselves extends beyond the limited community of our immediate peer group and includes a wide range of other organizations outside of our traditional competitors, which range is represented by such surveys. As a result, the compensation committee uses peer group data on a limited basis to analyze the overall competitiveness of our compensation with our direct publicly traded peers in the United States and our general compensation philosophy, and, during 2014, to determine equity award levels for the named executive officers, but continues to primarily rely on industry survey data in determining actual executive compensation. For purposes of this compensation discussion and analysis, references to our "peer group" include both the peer group of companies listed above and the survey data reviewed by our compensation committee.

The compensation committee has adopted a compensation philosophy that places a greater emphasis on long-term equity incentive compensation for our named executive officers than cash compensation. As a result, the compensation committee generally sets target total cash compensation below the median (e.g., at approximately the 25th percentile) of executive officers performing similar job functions at companies in our peer group. At the same time, the compensation committee emphasizes long-term equity incentive compensation by setting target equity compensation above the median of executive officers performing similar job functions at companies in our peer group. However, we strongly believe in retaining the best talent among our senior executive management team and while we believe that comparisons to market data are a useful tool, we do not believe that it is appropriate to establish executive compensation levels based solely on a comparison to data from these companies. Therefore, the compensation committee may approve total compensation packages for senior executive management that vary from the foregoing positioning based on several factors, including overall experiences, accumulated years of service with us, level of responsibilities and/or performance ratings. Our 2014 total compensation for our named executive officers was generally consistent with the foregoing compensation philosophy.

In addition, the mix of compensation paid to our named executive officers is intended to ensure that total compensation reflects our overall success or failure and to motivate executive officers to meet appropriate performance measures. In determining each element of compensation for any given year, our compensation committee considers and determines each element individually and then reviews the resulting total compensation and determines whether it is reasonable and competitive. We do not have a pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation.

The compensation levels of our named executive officers reflect to a significant degree their varying roles and responsibilities. Mr. Higgins, in his role as chief executive officer, has the greatest level of responsibility among our named executive officers and, therefore, receives the highest level of pay. This is also consistent with the practices of the companies in our peer group and the summary compensation data included in the summaries of comparable companies reviewed by our compensation committee.

Base Compensation

As discussed above, the Company provides its named executive officers with a base salary that approximates the median of base salaries offered by our peer group (and for 2014, base salaries for our named executive officers approximated the 25th percentile for similar positions at our peer group), but may vary from such level based on:

- industry experience, knowledge and qualifications;
- the salary levels in effect for comparable positions within the Company's principal industry marketplace competitors; and
- internal comparability considerations.

As a general matter, the base salary for each executive officer is initially established through negotiation at the time the officer is hired, taking into account the officer's qualifications, experience, prior salary and competitive salary information. Increases in base salary from year to year are based upon the performance of the executive officers as well as market positioning considerations, as assessed by the chief executive officer (for executives other than himself) and approved by the compensation committee. The compensation committee assesses these factors with respect to the chief executive officer.

Our named executive officers received base salary increases in 2014 of approximately 2% from 2013 levels, representing the same base salary merit-based increases applicable to all of the Company's employees. Base salaries paid to our named executive officers for 2014 are disclosed below in the table entitled "Summary Compensation Table."

Performance-Based Compensation

Annual Performance-Based Cash Compensation

It is the compensation committee's objective to have a substantial portion of each named executive officer's compensation contingent upon the Company's performance. For each of our named executive officers, all of his annual bonus compensation is dependent on the Company's performance relative to specified performance objectives.

The annual performance-based bonus program consists of a cash award if certain corporate performance objectives are satisfied. The Company sets annual incentive targets around a baseline, which approximates the median (i.e. 50th percentile) of annual incentives offered by our peer group. Under the Company's program, the potential performance bonus for the chief executive officer is up to 75% of base salary, 50% of base salary for Mr. Foehr, and 40% of base salary for the other named executive officers.

In determining the performance compensation awarded to each named executive officer, the Company evaluates the Company's performance in a number of areas. At the beginning of each year, our board of directors sets corporate objectives for the year. These objectives are set by the board of directors after considering management input and our overall strategic objectives. These objectives generally relate to factors such as strategic objectives, achievement of product development objectives, establishment of new collaborative arrangements and general operational goals. Following the conclusion of each year, the compensation committee determines the level of achievement for each year relative to these corporate objectives. This achievement level is then applied to each named executive officer's target bonus to determine that year's total annual bonus. The compensation committee retains the discretion to reduce the final bonus payout to a named executive officer.

At the beginning of 2014, our board of directors, with input provided by our named executive officers, established our Company goals for the year. The compensation committee then reviewed and considered a proposed Company-wide (including named executive officers) bonus program in view of the Company goals, including the proportional emphasis to be placed on each objective annual bonus determination purposes.

The Company goals approved by the compensation committee for 2014 for purposes of annual bonus achievement included:

Goals Related to Optimization of Captisol Business (30% Weighting)

- Manage current business to maintain and maximize revenue
- Expand existing relationships and generate at least 35 new research contracts

- Deliver superior customer service focused on delivery timeliness, issue resolution and technical support
 - License Beta-cyclodextrin into non-pharma markets
- Business Development Goals (30% Weighting)

- Evaluate and, if appropriate, pursue potential acquisitions to grow the Company's business
 - Complete at least two licensing deals and generate new deal revenue
 - Evaluate initiatives to optimize capital structure
 - Effective partner and alliance management
- Glucagon (20% Weighting)

- Efficiently execute clinical trial plan
 - Complete licensing deal or advance clinical development
- Operational Goals (20% Weighting)

- Effective research and development and project management of GCSF, silymarin and IRAK-4 programs
- Effective financial and administrative management, optimize cash flow, enter into a sublet
- Effective investor/sell-side analyst relationship management
- Organizational advancement and succession planning

In evaluating management's performance against our 2014 corporate objectives in January 2015, our compensation committee determined to award a corporate achievement level of 100% relative to those objectives. This determination was made in the discretion of the compensation committee after its review of our overall corporate performance relative to each of the objectives listed above. In general, quantitative objectives were not established for the corporate objectives during 2014. Instead these performance objectives were used as a guide by the compensation committee in determining overall corporate performance as they represented those areas in which the named executive officers and our employees generally were expected to focus their efforts.

With respect to the goals related to the optimization of our Captisol business, the compensation committee awarded full credit, for an achievement level of 100%, noting the Company entered into 76 new Captisol Research Use Agreements. The Company increased visibility and communication with partners on base-line Captisol technical and material needs and had sharp year-over-year increases in

Captisol material sales and Captisol sample requests from new prospective partners. The Company also enhanced Captisol customer service, given the increased and continued globalization of its Captisol customer base resulting from new licenses and greater numbers of sampling requests.

With respect to the business development goals, the compensation committee awarded full credit, for an achievement level of 100%, noting that in 2014, the Company managed an overall increase of its "Shots-on-Goal" portfolio from 91 to over 100, completed 14 new licensing deals or major contract amendments that generated over \$2 million in upfront payments, created the potential for \$295 million in potential future milestones and secured new potential royalties. The Company also completed a successful \$245 million convertible senior notes transaction and further increased the level and frequency of dialog with key partners.

With respect to the Glucagon goals, the compensation committee awarded full credit, for an achievement level of 100%, noting that the Company successfully completed the Phase 1a SAD trial and presented positive data at the ADA meeting in June 2014. The Company also initiated a Phase 1b MAD trial during 2014 and began focusing on the development of our new LTP platform technology.

With respect to the operational goals, which were entirely qualitative goals and not objectively determinable, the compensation committee determined an overall achievement level of 100% was appropriate given its subjective determination of the Company's overall performance in this area during 2014. The compensation committee noted that in 2014, the Company was profitable and cash-flow positive for the second consecutive year. The Company effectively managed the research and development projects related to the GCSF, Silymarin and IRAK-4 programs, signed two sub-lease agreements and successfully implemented several internal organizational changes.

As a result of the foregoing determinations, all of our named executive officers, other than Mr. Sharp, received bonus awards equal to 100% of their target awards. Mr. Sharp was not eligible for a bonus award for 2014.

The actual bonus awards paid to our named executive officers for 2014 are disclosed below in the table entitled "Summary Compensation Table."

Long-Term Performance-Based Equity Incentive Program

In accordance with our compensation philosophy, the Company's longer-term performance-based compensation is based on equity ownership. The Company believes that equity ownership in the Company is important to tie the ultimate level of an executive officer's compensation to the performance of the Company's stock and stockholder gains while creating an incentive for sustained growth.

We generally provide equity compensation to our named executive officers through grants of stock options and restricted stock units. The grants are designed to align the interests of our named executive officers with those of the stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. The compensation committee views granting options and restricted stock unit awards as a retention device and therefore also reviews the status of vesting and number of vested versus unvested options and restricted stock unit awards at the time of grant. Guidelines for the number of stock options and restricted stock unit awards granted to each executive officer are determined using a procedure approved by the compensation committee based upon several factors, including the executive officer's level of responsibility, salary grade, performance and the value of the stock option and restricted stock unit awards at the time of grant. With respect to our named executive officers, we generally make awards to such officers at the time of initial hire based on an evaluation of the foregoing factors. Additional grants, other than the annual awards to executives, may be made following a significant change in job responsibility or in recognition of a significant achievement. Annual awards are made to our named executive officers when such awards are deemed appropriate by the compensation committee based on an evaluation of the foregoing factors.

Time-based stock options granted under our 2002 Stock Incentive Plan, or the 2002 Plan, generally have a four-year vesting schedule designed to provide an incentive for continued employment. The options generally expire ten years from the date of the grant. This provides a reasonable time frame during which executive officers and other employees who receive grants can benefit from the appreciation of the Company's shares. The exercise price of options granted under our 2002 Plan, is equal to 100% of the fair market value of the underlying stock on the date of grant. Accordingly, the option will provide a return to the executive officer only if the market price of the shares appreciates over the option term. Time-based restricted stock unit awards generally vest in equal installments over three years. We also grant performance-based equity awards from time to time and, during 2014, granted performance-based stock options to certain of our named executive officers.

In February 2014, the compensation committee approved aggregate awards of 225,000 stock options and 24,000 restricted stock units to our named executive officers pursuant to the Company's 2002 Plan as part of our annual grant program as follows: John L. Higgins, 75,000 time-based options, 20,000 performance-based options and 8,000 restricted stock units; Matthew W. Foehr, 45,000 time-based options, 20,000 performance-based options and 5,000 restricted stock units; Nishan M. de Silva, 35,000 time-based options, 10,000 performance-based options and 3,000 restricted stock units; and Charles S. Berkman, 20,000 options and 2,500 restricted stock units. The foregoing time-based option awards are subject to the standard four year time-based vesting schedule described above and the foregoing restricted stock unit awards are subject to the standard three year time-based vesting schedule described above. The foregoing performance-based stock options vest upon the attainment of business development goals, with 50% of the shares subject to the options vesting on the date the Company signs a licensing deal for a major asset, so long as such goal is achieved prior to December 31, 2015, and 50% of the shares subject to the options vesting on the date that the Company's Shots-on-Goal portfolio

exceeds 102 Shots-on-Goal, so long as such goal is achieved prior to December 31, 2015. In September 2014, the compensation committee determined that the Shots-on-Goal portfolio exceeded 102 Shots-on-Goal and awarded vesting credit for 50% of these awards.

Given the position of executive cash compensation relative to market, the Committee has emphasized long-term equity incentive compensation to ensure total compensation is competitive. The foregoing time-based equity grants to the named executive officers in 2014 were set at approximately the 75th percentile level of equity awards for similar positions at our peer group companies, adjusted using the above factors and taking into consideration such equivalency factors as our number of shares outstanding and market capitalization, compared to the peer group companies.

All of the equity awards granted to our named executive officers are disclosed below in the table entitled “Grants of Plan-Based Awards in Fiscal Year 2014.”

Commencing in 2015, the compensation committee introduced performance-based restricted stock units as a component of our annual long-term equity incentive awards for our named executive officers. The performance-based restricted stock units represented approximately 25% of the total value of the long-term equity incentive awards granted to our named executive officers in February 2015. Of the remainder of the long-term equity incentive awards granted to our named executive officers, 50% of the total value of the long-term incentive awards was granted in the form of time-based stock options that are subject to our standard four year vesting schedule, as described above, and 25% of the total value of the long-term incentive awards was granted in the form of restricted stock units that are subject to our standard three year vesting schedule, as described above. These performance-based restricted stock units will vest based on objectives related to our non-GAAP earnings per share growth for the two year performance period commencing December 31, 2014 and ending December 31, 2016 and our new shots-on-goal transactions during the three year performance period commencing January 1, 2015 and ending December 31, 2017, with each such objective equally weighted. The compensation committee selected the foregoing performance measures because they represent the key financial and operational performance metrics for which the executives are responsible, thereby creating the clearest link between executive actions, corporate results and continued long-term success for the company.

Other Elements of Compensation and Perquisites

We also provide our named executive officers and other employees the following benefits and perquisites.

Medical Insurance. The Company provides to each named executive officer, the named executive officer’s spouse and children such health, dental and vision insurance coverage as the Company may from time to time make available to its other executives of the same level of employment. The Company pays a portion of the premiums for this insurance for all employees.

Life and Disability Insurance. The Company provides each named executive officer such disability and/or life insurance as the Company in its sole discretion may from time to time make available to its other executive employees of the same level of employment. The Company pays the premiums for this life insurance coverage for the named executive officers.

Defined Contribution Plan. The Company and its designated affiliates offer the Section 401(k) Savings/Retirement Plan, or the 401(k) Plan, a tax-qualified retirement plan, to their eligible employees. The 401(k) Plan permits eligible employees to defer from 1% to 90% of their annual eligible compensation, subject to certain limitations imposed by the Internal Revenue Code. The employees' elective deferrals are immediately vested and non-forfeitable in the 401(k) Plan. In April 2007, the Company began to make matching contributions to the 401(k) Plan. In 2014, the match was equal to \$0.40 per each \$1.00 contributed by an employee up to an annual maximum of \$4,800 per year.

Employee Stock Purchase Plan. The Company's 2002 Employee Stock Purchase Plan, which is intended to qualify under Section 423 of the Internal Revenue Code, permits participants to purchase Company stock on favorable terms. Plan participants are granted a purchase right to acquire shares of common stock at a price that is 85% of the stock price on either the first day of the six month offering period or the stock price on the last day of the six month offering period, whichever is lower. The purchase dates occur on the last business days of December and June of each year. To pay for the shares, each participant may authorize periodic payroll deductions from 1% to 10% of his or her cash compensation, subject to certain limitations imposed by the Internal Revenue Code. All payroll deductions collected from the participant in an offering period are automatically applied to the purchase of common stock on that offering period's purchase date provided the participant remains an eligible employee and has not withdrawn from the employee stock purchase plan prior to that date.

Other. The Company makes available certain other perquisites or fringe benefits to executive officers and other employees, such as tuition reimbursement, airline club dues, professional society dues and food and recreational fees incidental to official company functions, including board meetings. The aggregate of these other benefits was less than \$10,000 for each executive officer in the last fiscal year.

Severance and Change in Control Arrangements

We believe that reasonable severance benefits for our named executive officers are important because it may be difficult for our executive officers to find comparable employment within a short period of time following an involuntary termination of employment. We also believe that it is important to protect our named executive officers in the event of a change in control transaction involving us. In addition, it is our belief that the interests of stockholders will be best served if the interests of our senior management are aligned with them, and providing change in control severance benefits should eliminate, or at least reduce, the reluctance of senior management to pursue potential change in control transactions that may be in the best interests of stockholders. Accordingly, the severance arrangements we have entered into with each of our executive officers provide for severance benefits in

specified circumstances, as well as benefits in connection with an involuntary termination following a change in control.

Change in Control Arrangements

The Company has a change in control severance agreement with each of the named executive officers. In the event a named executive officer's employment is terminated by us without cause or he or she resigns for good reason within 24 months following a change in control of the Company, he or she will be eligible to receive a severance benefit equal to:

- one times (two times for Mr. Higgins) the annual rate of base salary in effect for such officer at the time of involuntary termination; plus
- one times (two times for Mr. Higgins) the greater of: (a) the maximum target bonus for the fiscal year in which the termination occurs; or (b) the maximum target bonus for the fiscal year in which the change in control occurs, if different; plus
- twelve (twenty-four for Mr. Higgins) multiplied by the monthly premium the executive would be required to pay for continued health coverage for himself or herself and his or her eligible dependents.

The foregoing severance amount will be payable in a lump sum following the officer's termination of employment, subject to the officer's execution of a general release of claims acceptable to us.

The change in control severance agreements also provide that all of a named executive officer's outstanding stock awards will vest in the event of such a termination. In addition, the post-termination exercise period of a named executive officer's stock options will be extended from three months to the date that is nine months following the date of termination (but in no event beyond the original expiration date of such options).

For purposes of the change in control severance agreements, an involuntary termination is either a termination of a named executive officer's employment by us without cause or his resignation for good reason. "Cause" is generally defined as an officer's conviction of, or plea of "guilty" or "no contest" to, a felony under the laws of the United States or any state thereof, an officer's willful and material breach of any obligation or duty under the employment agreement, the Company's confidentiality and proprietary rights agreement or the Company's written employment or other written policies that have previously been furnished to the officer, which breach is not cured within 30 days after written notice thereof is received by the officer, if such breach is capable of cure, the officer's gross negligence or willful misconduct, including without limitation, fraud, dishonesty or embezzlement, in the performance of his duties, or the officer's continuing failure or refusal to perform his assigned duties or to comply with reasonable directives of the board of directors that are consistent with the officer's job duties

(which directives are not in conflict with applicable law), which failure is not cured within 30 days after written notice thereof is received by the officer.

For purposes of the change in control severance agreements, “good reason” is generally defined as a material diminution in the officer’s authority, duties or responsibilities, a material diminution in the officer’s base compensation, a material change in the geographic location at which the officer must perform his duties, or any other action or inaction that constitutes a material breach by the Company or any successor or affiliate of its obligations to the officer under the employment agreement. An officer must provide written notice to the Company of the occurrence of any of the foregoing events or conditions without his written consent within 90 days of the occurrence of such event. The Company will have a period of 30 days to cure such event or condition after receipt of written notice of such event from the officer. Any voluntary termination of an officer’s employment for “good reason” must occur no later than the date that is six months following the initial occurrence of one of the foregoing events or conditions.

For purposes of the change in control severance agreements, a “change in control” has generally the same definition as given to such term under our 2002 Plan, as described below.

Amended and Restated Severance Plan

We maintain the Ligand Pharmaceuticals Incorporated Amended and Restated Severance Plan to provide severance payments to our employees and the employees of our subsidiaries upon an involuntary termination of employment without cause. Each of the named executive officers is eligible to participate in the severance plan, provided that he is not subject to disciplinary action or a formal performance improvement plan at the time of termination. However, if, as a result of his or her involuntary termination by us without “cause,” a named executive officer would be eligible to receive severance under any individual change in control severance agreement, employment agreement or other arrangement providing severance benefits, as approved by our board of directors or a committee thereof, such named executive officer will not be eligible for benefits under the severance plan.

Under the terms of the severance plan, a named executive officer will be eligible to receive (1) a lump sum payment in cash for his fully earned but unpaid base salary and accrued but unused vacation through the date of termination, (2) an amount equal to his base salary for the severance period, which period will be equal to (a) two months plus (b) one week for each year of service as of the date of termination and (c) continued health coverage at the same cost as was in effect for the named executive officer at the date of termination throughout such severance period, provided that such named executive officer elects continued coverage under COBRA. The foregoing cash severance benefit will be payable in a lump sum following the officer’s termination of employment, subject to the officer’s execution of a general release of claims acceptable to us.

For purposes of the severance plan, “cause” is generally defined as an officer’s conviction of (or entry of a plea of no contest to) any felony or any other criminal act, an officer’s commission of any act of fraud or embezzlement, an officer’s unauthorized use or disclosure of confidential or proprietary information or trade secrets of the Company or our subsidiaries, or an officer’s commission of any material violation of the Company’s policies, or an officer’s commission of any other intentional misconduct which adversely affects the business or affairs of the Company in a material manner.

Change in Control Acceleration of Equity Awards

Equity awards granted under the 2002 Plan to the named executive officers may be subject to accelerated vesting in the event of a “change in control.”

Equity award agreements under the 2002 Plan, which cover each of the named executive officers, provide that such equity awards will automatically vest in the event of a “change in control” where the option is not assumed or replaced by a successor:

Under the 2002 Plan, a “change in control” is generally defined as:

- a merger, consolidation or reorganization of the Company in which 50% or more of its voting securities change ownership;
- the sale, transfer or other disposition of all or substantially all of the Company’s assets in complete liquidation or dissolution of the Company; or
- a change in control of the Company effected through a successful tender offer for more than 50% of the Company’s outstanding common stock or through a change in the majority of our board of directors as a result of one or more contested elections for board membership.

Policies Regarding Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code restricts the ability of publicly held companies to take a federal income tax deduction for compensation paid to certain of their executive officers to the extent that compensation exceeds \$1.0 million per covered officer in any fiscal year. However, this limitation does not apply to compensation that is “qualified performance-based compensation” under Section 162(m) of the Internal Revenue Code. While we consider the tax deductibility of each element of executive compensation as a factor in our overall compensation program, the compensation committee retains the discretion to approve compensation that may not qualify for the compensation deduction if, in light of all applicable circumstances, it would be in our best interest for such compensation to be paid without regard to whether it may be tax deductible.

Risk Assessment of Compensation Policies and Programs

In September 2014, management and Radford assessed our compensation policies and programs for all employees for purposes of determining the relationship of such policies and programs and the enterprise risks faced by the Company and presented its assessment to our compensation committee. Based on these assessments, management recommended, and the compensation committee concluded, that none of our compensation policies or programs create risks that are reasonably likely to have a material adverse effect on the Company. In connection with their review, management and the compensation committee noted certain key attributes of our compensation policies and programs that help to reduce the likelihood of excessive risk taking, including:

- The program design provides a balanced mix of cash and equity compensation, fixed and variable compensation and annual and long-term incentives.
- Corporate performance objectives are designed to be consistent with the Company's overall business plan and strategy, as approved by the board of directors.
- The determination of executive incentive awards is based on a review of a variety of indicators of performance, reducing the risk associated with any single indicator of performance.
- The Company's equity awards generally vest over multi-year periods.
- The compensation committee has the right to exercise negative discretion over executive annual incentive plan payments.

Summary Compensation Table

The following table provides information regarding the compensation earned by our named executive officers during the fiscal years ended December 31, 2014, 2013 and 2012.

Name and Principal Position	Year	Salary(\$)	Non-Equity				Total
			Stock	Option	Incentive	All Other	
			Awards	Awards	Plan Compensation	Compensation	
			(\$)(1)	(\$)(1)	(\$)(2)	(\$)(3)	
John L. Higgins, President and Chief Executive Officer	2014	510,198	595,360	4,552,951	383,097	5,650	6,047,256
	2013	500,331	559,360	1,567,129	375,248	2,843	3,004,911
	2012	484,517	86,820	1,433,896	363,388	2,715	2,371,336
Matthew W. Foehr, Executive VP and Chief Operating Officer	2014	375,360	372,100	3,115,177	187,900	5,400	4,055,937
	2013	368,101	398,176	1,012,371	184,050	2,767	1,965,465

(1) Reflects the grant date fair value for stock and option awards granted in 2012, 2013 and 2014, calculated in accordance with FASB ASC Topic 718. The assumptions used to calculate the value of stock and option awards are set forth under Note [10] of the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2014, filed with the SEC on February 23, 2015. With respect to the option awards included in the Summary Compensation Table that were granted during 2014 with performance-based vesting conditions, the Company determined that the performance objectives were probable of being achieved at the highest level of performance and, therefore, the full grant date fair value of those awards is included in the table above.

(2) Represents performance bonus awards under the management bonus plan earned in 2012, 2013 and 2014, but paid in the subsequent year.

(3) With the exception of Messrs. Higgins and Sharp in 2014 and Dr. de Silva in 2012, represents life insurance premiums paid by the Company for each year represented in the table and \$4,800 in 401(k) matching funds paid by the Company for each named executive officer (which 401 (k) matching funds were \$2,400 for 2012 and 2013 and

\$4,800 for 2014). For Mr. Higgins in 2014, also includes a \$250 wellness benefit. For Mr. Sharp in 2014, "All Other Compensation" includes \$233 in life insurance premiums paid by the Company, \$2,924 in 401(k) matching funds paid by the Company, a \$250 wellness benefit and \$150 miscellaneous fringe benefit (which amount includes a \$50 gross-up payment). For Dr. de Silva in 2012, also includes a \$25,000 relocation payment, paid in a lump sum to Dr. de Silva in connection with his commencement of employment, and a payment of \$11,550 to gross Dr. de Silva up for the taxes payable on such payment.

(4) Effective February 28, 2014, Mr. Sharp resigned his positions with the Company. The amount in the "Salary" column includes his prorated base salary for 2014 plus \$35,482 of vacation payout in connection with his termination of employment.

Grants of Plan-Based Awards in Fiscal Year 2014

The following table summarizes plan-based awards granted to our named executive officers during the last fiscal year. Mr. Sharp did not receive any grants of plan-based awards during the last fiscal year.

Name	Grant Date	Award Date	Estimated	Estimated	All	All	Grant Date	Fair Value
			Future Payouts Under Non-Equity Incentive Plan Awards (1)	Future Payouts Under Equity Incentive Plan Awards (2)	Other Stock Awards: Number of Shares of Stock or	Other Option Awards: Number of Securities Underlying Options Awards

	2/12/14	2/6/14	—	—	10,000	—	74.42	479,258

(1) Represents the target cash bonus awards granted under our annual performance bonus program. Actual bonus amounts paid are reflected in the Summary Compensation Table above.

(2) The performance stock options vest upon the attachment of business development goals, with 50% of the shares subject to the options vesting on the date the Company signs a licensing deal for a major asset, so long as such goal is achieved prior to December 31, 2015, and 50% of the shares subject to the options vesting on the date that the Company's Shots-on-Goal portfolio exceeds 102 Shots-on-Goal, so long as such goal is achieved prior to December 31, 2015. In September 2014, the compensation committee determined that the Shots-on-Goal portfolio

exceeded 102 Shots-on-Goal and awarded vesting credit for 50% of these awards. For a description of the change in control provisions applicable to the foregoing equity award, see “Severance and Change in Control Arrangements” above.

- (3) The restricted stock unit awards granted to the named executive officers vest in equal installments over a three year period. For a description of the change in control provisions applicable to the foregoing equity awards, see “Severance and Change in Control Arrangements” above.
- (4) Each option grant to the named executive officers vests 12.5% after six months from grant and the remainder in 42 equal monthly installments. For a description of the change in control provisions applicable to the foregoing equity awards, see “Severance and Change in Control Arrangements” above.
- (5) Represents the fair value of the stock option or stock award at the time of grant as determined in accordance with the provisions of FASB ASC Topic 718. The assumptions used to calculate the value of stock and option awards are set forth under Note 10 of the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2014, filed with the SEC on February 23, 2015.

Outstanding Equity Awards at Fiscal Year-End

The following table provides information on all stock and option awards held by the named executive officers of the Company as of December 31, 2014. All outstanding equity awards are in shares of the Company's common stock.

- (1) Each option grant to the named executive officers has a ten year term from the date of grant. Except as described below, each option vests 12.5% after six months from grant and the remainder in 42 equal monthly installments. Exercise prices for awards granted prior to April 2007 reflect the \$2.50 downward adjustment made to such exercise prices in April 2007 to reflect the Company's one-time special cash dividend paid in April 2007. With respect to Mr. Foehr, 65,000 of the options granted in February 2011 were subject to performance-based vesting and were scheduled to vest as follows: 15,000 options would vest if and when cumulative CyDex revenue for 2011 and 2012 exceeded certain pre-determined levels; 25,000 options would vest if we completed a strategic partnership with a commercial partner by June 30, 2012; and 25,000 options would vest if we completed a multi-product CyDex technology-based platform transaction with a pharmaceutical company by June 30, 2012. Mr. Foehr vested in 25,000 of these options in January 2012 as a result of the CyDex technology-based platform transaction consummated with Eli Lilly, and in an additional 25,000 of these options in June 2012 as a result of our strategic partnership with Hovione. CyDex revenue for 2011 and 2012 did not exceed the necessary levels and, accordingly, 15,000 of these options were automatically forfeited after the end of 2012 and are no longer outstanding. For a description of the change in control provisions applicable to the stock option awards, see "Severance and Change in Control Arrangements" above.
- (2) Except as described below, the restricted stock unit awards granted to the named executive officers vest in equal installments over a three year period. For a description of the change in control provisions applicable to the stock awards, see "Severance and Change in Control Arrangements" above.
- (3) Computed by multiplying the closing market price of our common stock on December 31, 2014 (\$53.21) by the number of shares of common stock subject to such award.
- (4) The option grant was vested as to 4,473 shares on the date of grant, and the remaining shares subject to the option will vest in 33 equal monthly installments on the ninth day of each calendar month following the date of grant, commencing June 9, 2013 and continuing through February 9, 2016. For a description of the change in control provisions applicable to this stock option award, see "Severance and Change in Control Arrangements" above.
- (5) The table above reflects the remaining unvested restricted stock units from the following grants of restricted stock units to Mr. Higgins, which vest in equal installments over a three year period: 8,000 restricted stock units granted on February 15, 2013, and 8,000 restricted stock units granted on February 12, 2014. In addition, the table above reflects the remaining unvested restricted stock units from the 12,000 restricted stock units granted to Mr. Higgins on June 3, 2013, which vest in two equal installments on February 15, 2014 and February 15, 2015. For a description of the change in control provisions applicable to the stock awards, see "Severance and Change in Control Arrangements" above.
- (6) The performance stock options vest upon the attachment of business development goals, with 50% of the shares subject to the options vesting on the date the Company signs a licensing deal for a major asset, so long as such goal is achieved prior to December 31, 2015, and 50% of the shares subject to the options vesting on the date that the Company's Shots-on-Goal portfolio exceeds 102 Shots-on-Goal, so long as such goal is achieved prior to December 31, 2015. In September 2014, the compensation committee determined that the Shots-on-Goal portfolio exceeded 102 Shots-on-Goal and awarded vesting credit for 50% of these awards. For a description of the change in control provisions applicable to the stock awards, see "Severance and Change in Control Arrangements" above.
- (7) The table above reflects the remaining unvested restricted stock units from the following grants of restricted stock units to Mr. Foehr, which vest in equal installments over a three year period: 10,000 restricted stock units granted on February 9, 2012, 6,000 restricted stock units granted on February 15, 2013 and 5,000 restricted stock units granted on February 12, 2014. In addition, the table above reflects the remaining unvested restricted stock units from the 8,333 restricted stock units granted to Mr. Foehr on June 3, 2013, which vest on April 18, 2014. For a description of the change in control provisions applicable to the stock awards, see "Severance and Change in Control Arrangements" above.
- (8) The table above reflects the remaining unvested restricted stock units from the following grants of restricted stock units to Mr. Berkman, which vest in equal installments over a three year period: 5,000 restricted stock units granted on February 9, 2012, 2,500 restricted stock units granted on February 15, 2013, and 2,500 restricted stock units

granted on February 12, 2014. For a description of the change in control provisions applicable to the stock awards, see “Severance and Change in Control Arrangements” above.

(9) The option grant vests on the third anniversary of the date of grant. For a description of the change in control provisions applicable to this stock option award, see “Severance and Change in Control Arrangements” above.

(10) The table above reflects the remaining unvested restricted stock units from the following grants of restricted stock units to Dr. de Silva, which vest in equal installments over a three year period: 10,000 restricted stock units granted on February 9, 2012, 5,000 restricted stock units granted on February 15, 2013, and 3,000 restricted stock units granted on February 12, 2014. For a description of the change in control provisions applicable to the stock awards, see “Severance and Change in Control Arrangements” above.

Option Exercises and Stock Vested During Fiscal Year 2014

The following table provides information on stock option exercises and stock vesting in fiscal 2014 by the named executive officers of the Company.

Name	Option Awards		Stock Awards	
	No. of Shares	Value Realized Upon Exercise (\$#1)	Number of Shares	Value Realized on Vesting (\$#2)
John L. Higgins	25,875	1,497,780	13,667	1,051,266
Matthew W. Foehr	26,944	1,828,965	13,666	944,610
John P. Sharp	93,341	5,325,603	3,501	269,297
Charles S. Berkman	19,380	1,117,499	3,501	269,297
Nishan de Silva	—	—	5,000	384,600

(1) The value realized upon exercise of stock options reflects the price at which shares acquired upon exercise of the stock options were sold or valued for income tax purposes, net of the exercise price for acquiring the shares.

(2) Computed by multiplying the closing market price of our restricted stock on the vesting date by the number of shares of restricted stock subject to such award vesting on the applicable vesting date.

Potential Payments Upon Termination or Change in Control

The following table summarizes potential change in control and severance payments to each named executive officer. The three right-hand columns describe the payments that would apply in three different potential scenarios—a termination without cause prior to a change in control or more than 24 months following a change in control; a change in control without a termination of employment; or a termination of employment as a result of the named executive officer's resignation for good reason or termination of employment by us other than for cause, in each case within 24 months following a change in control. The table assumes that the termination or change in control occurred on December 31, 2014. For purposes of estimating the value of accelerated equity awards to be received in the event of a termination of employment or change in control, we have assumed a price per share of our common stock of \$53.21, which represents the closing market price of our common stock as reported on the NASDAQ Global Market on December 31, 2014, the last trading day of 2014. All cash severance benefits will be paid in a lump sum.

Name	Benefit	Termination Without Cause or Resignation for Good Reason within 24 Months Following a Change of Control		
		Termination Without Cause; No Change of Control (\$)	Change of Control; No Termination (\$)(1)	Termination Without Cause or Resignation for Good Reason within 24 Months Following a Change of Control (\$)(2)

Benefits continuation	1,908	—	9,101
Total value:	68,839	2,705,559	3,135,920

- (1) The 2002 Plan provides that options or restricted stock units will vest in the event of a change in control and the options or restricted stock units are not assumed or replaced by a successor. This disclosure assumes that the successor does not assume or replace the options or restricted stock units.
- (2) The change in control severance agreements with each of our named executive officers provide that all of a named executive officer's outstanding stock awards will vest in the event of an involuntary termination.

Compensation of Directors

The following table provides information related to the compensation of each of our non-employee directors for fiscal 2014.

Fees Earned or Paid in Cash	Stock Awards	Option Awards	All Other
Name (\$)	(\$)(8)	(\$)(8)
