ANNOUNCEMENT

STATE POLICY REQUIREMENTS RELATING  
TO NETWORK SPEED UPGRADE AND TARIFF REDUCTION

This announcement is made by China Mobile Limited (the “Company”) pursuant to Rule

13.09 of the Rules Governing the Listing of the Securities on The Stock Exchange of Hong Kong Limited and Part XIV A of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The Board of Directors (the “ Board ”) of the Company noted that certain state policy requirements relating to network speed upgrade and tariff reduction were mentioned in the Government Work Report delivered at the Thirteenth National People’s Congress of the People’s Republic of China on 5 March 2018, including but not limited to the following: (i) to step up measures to upgrade network speed and reduce tariff; (ii) to achieve full coverage of high-speed broadband access in urban and rural areas; (iii) to expand the coverage of free Internet access in public places; (iv) to significantly reduce the tariffs of household broadband, corporate broadband and dedicated line services; (v) to cancel data “roaming” charges, and reduce mobile data tariff by at least 30% in the year of 2018.

The Company will introduce corresponding measures in due course to further implement the aforesaid state policy requirements. The Company will continue to leverage its overall network advantages, continuously strengthen the innovation of products and businesses, encourage its customers to increase their usage of telecommunications services whilst upgrading speed and reducing tariff in order to achieve a higher turnover despite a lower profit margin, and

strive to reduce the impact on operating results of the relevant policy requirements. The Company believes that the aforesaid state policy requirements will accelerate the Company's transformation in data traffic operation and digital services in the long run.
