Item 8.01 Other Events

This Current Report on Form 8-K is being filed pursuant to a memorandum of understanding (the “MOU”) regarding the settlement of certain litigation relating to the Agreement and Plan of Merger (the “Merger Agreement”), dated as of November 23, 2015, between Cheviot Financial Corp. (“Cheviot”) and MainSource Financial Group, Inc. (“MainSource”), pursuant to which Cheviot would be merged with and into MainSource, with MainSource as the surviving entity (the “Merger”).

The MOU relates to two putative class action lawsuits filed in the Court of Common Pleas, Hamilton, Ohio, Civil Division, challenging the proposed merger and naming as defendants Cheviot, its directors, and MainSource (collectively, the “defendants”). These actions are captioned: (1) *Raymond J. Neiheisel v. Cheviot Financial Corp., et al.*, Case No. A1600359 (filed January 15, 2016); and (2) *Stephen Bushansky v. Steven Hausfeld, et al.*, Case No. A1600936 (filed February 16, 2016) (together, the “Actions”). On February 29, 2016, each plaintiff filed an amended complaint. On March 24, 2016, the court consolidated the actions under *Raymond J. Neiheisel v. Cheviot Financial Corp., et al.*, Case No. A1600359 (collectively, the “Actions”). The amended consolidated complaint alleges, among other things, that the directors of Cheviot breached their fiduciary duties of due care, independence, good faith and fair dealing to the stockholders of Cheviot, that the consideration to be received by the stockholders is inadequate and undervalues Cheviot, that the Merger Agreement includes improper deal-protection devices that purportedly lock up the Merger and may operate to prevent other bidders from making successful competing offers for Cheviot, that the deal protection devices unreasonably inhibit the ability of the directors of Cheviot to act with respect to investigating and pursuing superior proposals and alternatives and that the Merger Agreement involves conflicts of interest. The complaint further alleges that Cheviot and MainSource aided and abetted the alleged breaches of fiduciary duty by the directors of Cheviot. The amended consolidated complaint also alleges that the registration statement on Form S-4, initially filed with the Securities and Exchange Commission (the “SEC”) on February 11, 2016 in connection with the Merger, provides materially misleading and incomplete information rendering the stockholders of Cheviot unable to make an informed decision with respect to the Merger.

On April 21, 2016, defendants and lead plaintiffs entered into the MOU, which provides for the settlement of the Actions. The MOU contemplates, among other things, that Cheviot will make certain supplemental disclosures relating to the merger, all of which are set forth below. Although the defendants deny the allegations made in the Actions (including the amended consolidated complaint) and believe that no supplemental disclosure is required under applicable laws, in order to avoid the burden and expense of further litigation, Cheviot agreed to make such supplemental disclosures pursuant to the terms of the MOU.

The settlement contemplated by the MOU is subject to confirmatory discovery and customary conditions, including court approval following notice to Cheviot’s stockholders. A hearing will be scheduled at which the Court of Common Pleas will consider the fairness, reasonableness and adequacy of the settlement. If the settlement is finally approved by the court, it will resolve and release all claims by stockholders of Cheviot challenging any aspect of the Merger, the Merger Agreement, and any disclosure made in connection therewith, pursuant to terms that will be disclosed to stockholders prior to final approval of the settlement. There can be no assurance that the court will approve the

settlement contemplated by the MOU. If the court does not approve the settlement, or if the settlement is otherwise disallowed, the proposed settlement as contemplated by the MOU may be terminated. The proposed settlement will not affect the amount of the merger consideration that Cheviot's stockholders are entitled to receive in the Merger.

SUPPLEMENT TO PROXY STATEMENT/PROSPECTUS

In connection with the settlement of the Actions, Cheviot has agreed to make these supplemental disclosures to the Proxy Statement/Prospectus. This supplemental information should be read in conjunction with the Proxy Statement/Prospectus, which should be read in its entirety. Defined terms used but not defined herein have the meanings set forth in the Proxy Statement/Prospectus. Without admitting in any way that any of the disclosures below are material or required by the federal securities laws, state fiduciary law, or any other applicable rule, statute, regulation or law, Cheviot makes the following additional disclosures:

The following disclosure replaces the second sentence of the first full paragraph on page 40

The board also discussed the regulatory and business risk associated with remaining independent and executing a business plan to deliver increased value to stockholders, including the reputational risks and costs associated with a proxy fight, and that there was a good possibility that in such event either or both directors up for re-election at the next annual meeting may not be re-elected based upon the Company's stockholder profile. The board also considered comments that members of the board of directors had received from various stockholders with respect to Cheviot's ability to provide value to stockholders as an independent company, including such stockholders' belief that Cheviot should sell itself in a merger transaction at this time.

The following disclosure is inserted following the first sentence of the first full paragraph on page 40

Such risks also involved: (1) how Cheviot could receive a stockholder proposal to sell the company; (2) how Cheviot could be subjected to a costly proxy fight; or (3) how, through negotiated agreements, Cheviot's investors could want to put representatives on Cheviot's board, who would then force Cheviot to sell the company.

The following disclosure is added before the first full paragraph on page 41

At the meeting of Cheviot's board of directors on October 21, 2015, Cheviot's board of directors was also provided the following information regarding two prior acquisitions by MainSource:

Discounted Cash Flow Analysis. KBW performed a discounted cash flow analysis of Cheviot to estimate a range for the implied equity value of Cheviot. In this analysis, KBW used financial forecasts and projections relating to the earnings and assets of Cheviot prepared by and provided to KBW by Cheviot management, and assumed discount rates ranging from 12.0% to 16.0%, which discount rates were selected taking into account a capital asset pricing model implied cost of capital calculation using, among other things, the 10-year treasury yield and Cheviot's "2 Year Raw Daily Beta" per FactSet Research Systems as of November 20, 2015 and certain cost of capital data from the Duff & Phelps 2014 Valuation Handbook (including the size premium under the 10z sub-decile for companies with market capitalizations between \$3.0 million and \$115.9 million). The ranges of values were derived by adding (i) the present value of the estimated free cash flows that Cheviot could generate over the five-year period from 2016 to 2020 as a standalone company, and (ii) the present value of Cheviot's implied terminal value at the end of such period. KBW assumed that Cheviot would maintain a tangible common equity to tangible asset ratio of 9.0% and would retain sufficient earnings to maintain that level. Estimated free cash flows were calculated generally as any portion of estimated earnings in excess of the retained amount assumed. In calculating the terminal value of Cheviot, KBW applied a range of 13.0x to 17.0x estimated 2021 earnings. This discounted cash flow analysis resulted in a range of implied values per share of Cheviot common stock of \$11.36 per share to \$14.11 per share.

The following disclosure is inserted prior to the last sentence of the last full paragraph on page 62

KBW received aggregate fees of approximately \$550,000 for serving as financial advisor to MainSource in connection with its acquisition of MBT Bancorp in October 2014 and its acquisition of certain branches of Old National Bancorp in August 2015.
