PROXY STATEMENT

General

This Proxy Statement is furnished to our shareholders in connection with the solicitation of proxies by our Board of Directors to be voted at the Annual Meeting of Shareholders to be held on January 28, 2003, or any adjournment or adjournments thereof. The cost of this solicitation will be borne by us, Butler National Corporation (the "Company"). In addition to solicitation by mail, our officers, directors and employees may solicit proxies by telephone, telegraph, or in person. We may also request banks and brokers to solicit their customers who have a beneficial interest in our Common Stock registered in the names of nominees and will reimburse such banks and brokers for their reasonable out-of-pocket expenses.

Any proxy may be revoked at any time before it is voted by written notice to the Secretary, by receipt of a proxy properly signed and dated subsequent to an earlier proxy, or by revocation of a written proxy by request in person at the Annual Meeting; but if not so revoked, the shares represented by such proxy will be voted. The mailing of this proxy statement to our shareholders commenced on or about January 3, 2003. Our corporate offices are located at 19920 W. 161st Street, Olathe, Kansas 66062 and our telephone number is (913) 780-9595.

We have outstanding only one class of Common Stock, par value \$0.01 per share ("Common Stock"), of which 37,921,582 shares were issued, outstanding and entitled to vote at the Annual Meeting. Each share is entitled to one vote. Shareholders may not cumulate votes in the election of directors. Only shareholders of record at the close of business on December 3, 2002, will be entitled to vote at the meeting. The presence in person or by proxy of the holders of 35% of the shares of Common Stock entitled to vote at the Annual Meeting of Shareholders constitutes a quorum for the transaction of business. The shares represented by the enclosed proxy will be voted if the proxy is

properly signed and received prior to the meeting.

Voting

Our Charter Documents require that 35% of the votes of the shares of Common Stock issued, outstanding and entitled to vote at the Annual Meeting be present in person or represented by Proxy at the Annual Meeting in order to constitute a quorum for the transaction of business. Provided a quorum is present, the affirmative vote of (a) a plurality of the votes cast by the holders of our Common Stock present in person or represented by Proxy at the Annual Meeting and entitled to vote on the subject matter is required for the election of directors and (b) the holders of a majority of the voting power of all shares is required for the approval of the Reincorporation described herein. Votes that are cast against the proposals are counted both for purposes of

determining the presence or absence of a quorum for the transaction of business and for purposes of determining the total number of votes cast on a given proposal. Abstentions will be counted for purposes of determining both the presence or absence of a quorum for the transaction of business and the total number of votes cast on a given proposal, and therefore will have the same effect as a vote against a given proposal. Broker non-votes (i.e., a proxy card returned by a holder on behalf of its beneficial owner that is not voted on a particular matter because voting instructions have not been received and the broker has no discretionary

authority to vote) will be counted as present or represented for purposes of determining the presence or absence of a quorum for the transaction of business but will not be counted for purposes of determining the number of votes cast with respect to a particular proposal for which authorization to vote was withheld. Accordingly, broker non-votes will not be considered as votes cast and thus will not affect the outcome of voting on a proposal.

Stockholder Proposals

The proxy rules of the Securities and Exchange Commission permit shareholders of a company, after timely notice to the company, to present proposals for shareholder action in the company's proxy statements where such proposals are consistent with applicable law, pertain to matters appropriate for shareholder action and are not properly omitted by company action in accordance with the proxy rules.

The Butler National Corporation 2003 Annual Meeting of Shareholders is expected to be held on or about October 7, 2003, and proxy materials in connection with that meeting are expected to be mailed on or about September 1, 2003. Shareholder proposals prepared in accordance with the proxy rules must be received by the Company on or before June 9, 2003.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

On an annual basis, the Compensation Committee reviews the salaries and performance adjustments of the executive officers and oversees the administration of our compensation program.

In accordance with Securities and Exchange Commission rules designed to enhance disclosure of companies' policies toward executive compensation, the following report is submitted by the below listed committee members in their capacity as the Board's Compensation Committee. The report addresses our Company's compensation policy

as it related to the executive officers for fiscal 2002.

General Compensation Policy

. The Compensation Committee of the Board of Directors was, and continues to be, guided by a belief that executive compensation should reflect our performance (as evidenced by revenue, operating ratio (operating expenses divided by operating revenue), operating income and earnings per share), while at the same time considering surrounding competitive pressures, retention of key executive officers and individual performance as evidenced by informal evaluations. The Compensation Committee has not yet adopted a policy with respect to the \$1,000,000 limitation on deductibility of executive compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended.

2002 Compensation

. To accomplish our compensation policy, the executive compensation package integrates (i) annual base salary, (ii) current year performance adjustments to such salary, and (iii) stock option grants under our 1989, 1993 and 1995 Plans. The overall compensation policy, as implemented, endeavors to enhance our profitability (and, thus, shareholder value) by tying the financial interests of the management with our financial interests.

Base Salary

. The Compensation Committee, upon the recommendation of the CEO, initially determines the amount of executive officer base salary based on factors such as prior level of pay, quality of experience, responsibilities of position and salary levels of similarly positioned executives in other companies.

For all officers, raises are determined subjectively by recommendation of the CEO and which are approved by the Compensation Committee. Such raises are based upon informal evaluation by the CEO and, to a lesser extent, other executive officers.

Performance Adjustments

. Once base salary has been determined, the Compensation Committee divides the executive officers into two groups: Operating Officers and Administrative Officers. The Operating Officers consist of Mr. Stewart (CEO), Mr. Franke (Vice President-Aircraft Modifications), Mr. Wagoner (Vice President- Avionics), and Mr. Fischrupp, (President-BNSI). For Mr. Fischrupp we have in place a Performance Plan which couples the executive's cash compensation with specific improvements in our operating income. Each Performance Plan is specific to the Operating Officer's segment. Generally, the incentive bonus is five percent (5%) of the business segment net income before income taxes from the business segment currently under the control of the officer. Business segment net income is defined to include all ordinary and necessary business expenses associated with the operations and financing of the business segment but does not include an allocation of corporate overhead.

In 2002, Mr. Fischrupp received performance adjustments.

Administrative Officers do not participate in the Performance Plan and, thus, do not receive a performance incentive bonus.

Stock Option Awards. The Compensation Committee may also award stock options to executive officers under the 1989, 1993 and 1995 Plans. In general, the Committee believes that stock options are an effective incentive for executive to create value for shareholders since the value of an option bears a direct relationship to appreciation in

our stock price. Obviously, when shareholder value decreases, the stock options granted to executives either decrease in value or have no value.

In 2002, the Compensation Committee granted 1,945,000 options to executive officers and cancelled 541,000 options, resulting in a net grant of 1,404,000.

President and CEO Compensation

. Clark D. Stewart, our President and CEO, has an employment agreement with our Company through August 31, 2006. The Compensation Committee granted to Mr. Stewart 150,000 options subjectively based upon his performance.

Summary

. The Compensation Committee believes that our executive officers are dedicated to achieving significant improvements in long-term financial performance and that the compensation policies and programs contribute to achieving this senior management focus. The Compensation Committee believes that the compensation levels during 2002 adequately reflect our compensation goals and policies.
