Below are the highlights for the period ended June 30, 2017:

We decided to change the valuation method for the investment properties from historical cost to reasonable value, which was reflected in the company's financial statements as of the IVQ of FY17.

Adjusted EBITDA for the FY 2017 reached ARS 9,957 million (ARS 2,397 million from Argentina and ARS 7,560 million from Israel), increasing by 63.8% compared to 2016.

Net result for FY17 registered a gain of ARS 5,520 million compared to a gain of ARS 9,496 million in 2016 mainly explained by lower results from changes in the fair value of investments properties compensated by the results coming from Adama sale and the increase in Clal share price added to the fact that we are consolidating 12 months of 2017 in the Israel Business Center compared to 6 months of 2016.

Tenant Sales in our malls grew by 19.1% in FY17 while the average rent per sqm of the office portfolio reached USD/sqm 25.3. EBITDA of the rental segment increased by 27.5% in the compared period.

We reached 98.0% occupancy in our shopping malls, 96.2% occupancy in our offices and 67.3% in our hotels' portfolio.
