PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

September 27, 2006

The accompanying Proxy is solicited by and on behalf of the Board of Directors (the "Board") of Frequency Electronics, Inc., a Delaware corporation (hereinafter called the "Company"), for use only at the Annual Meeting of Stockholders to be held at the office of the Company, 55 Charles Lindbergh Boulevard, Mitchel Field, New York 11553, on the 27th day of September 2006, at 10:00 A.M., Eastern Daylight Savings Time, or any adjournment or adjournments thereof. The Company will mail this Proxy Statement and the accompanying Proxy on or about August 25, 2006. Only stockholders of record as of the close of business on August 25, 2006 are entitled to notice of, and to vote at, the meeting.

The Board may use the services of the Company's directors, officers and other regular employees to solicit proxies personally or by telephone and may request brokers, fiduciaries, custodians and nominees to send proxies, proxy statements and other material to their principals and reimburse them for their out-of-pocket expenses in so doing. The cost of solicitation of proxies, which it is estimated will not exceed \$7,500, will be borne by the Company. Each proxy executed and returned by a stockholder may be revoked at any time thereafter by filing a later dated proxy or by appearing at the meeting and voting in person. Attendance at the meeting will not, in itself, constitute revocation of a proxy. Dissenters are not entitled by law to appraisal rights.

VOTING SECURITIES

The Board has fixed the close of business on August 25, 2006, as the record date for determination of stockholders entitled to notice of, and to vote at, the meeting. On August 25, 2006, the Company had outstanding 8,584,625 shares of common stock, \$1.00 par value per share ("Common Stock") (excluding 579,315 treasury shares), each of which entitled the holder to one vote. No shares of preferred stock were outstanding as of such date. A majority of the outstanding shares of Common Stock, represented in person or by proxy, constitutes a quorum.

A stockholder who abstains from voting on any or all proposals will be included in the number of stockholders present at the meeting for the purpose of determining the presence of a quorum. Broker non-votes also will be counted for the purpose of determining the presence of a quorum.

Brokers who do not receive a stockholder's instructions are entitled to vote on the election of directors and the ratification of the independent auditors. Broker non-votes and stockholder abstentions will have no effect on the outcome of the election of directors.

It is expected that the following business will be considered at the meeting and action will be taken thereon.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

At the annual meeting, stockholders will be asked to elect six (6)

Cumulative voting is not permitted. The accompanying Proxy will be voted for the election of all six of the members of the Board, each of whose principal occupations are set forth in the following table, if no direction to the contrary is given. In the event that any such nominee is unable or declines to serve, the Proxy may be voted for the election of another person in his place. The Board knows of no reason to anticipate that this will occur.

PROPOSAL NO. 2

APPOINTMENT OF INDEPENDENT AUDITORS

Edgar Filing: FREQUENCY ELECTRONICS INC - Form DEF 14A

The Board of Directors, upon recommendation of the Audit Committee, has appointed the firm of Holtz Rubenstein Reminick LLP, independent accountants, to be the Company's external auditors for the fiscal year commencing May 1, 2006, and recommends to stockholders that they vote for ratification of that appointment.

It is anticipated that a representative of Holtz Rubenstein Reminick LLP will be present at the meeting. Such representative will be given the opportunity to make a statement and will be available to respond to appropriate questions.

AUDIT AND NON-AUDIT FEES

The following table presents the aggregate fees billed for professional services rendered by Holtz Rubenstein Reminick LLP in fiscal years 2006 and 2005. Other than as set forth below, no professional services were rendered or fees billed by Holtz Rubenstein Reminick LLP during fiscal years 2006 and 2005.

Service	2006	2005
Audit Fees (1)	\$203,582	\$191,225
Audit-Related Fees (2)	56,301	53,374
Tax Fees (3)	34,655	10,463
All Other Fees (4)	-	-
TOTAL	\$294,538	\$255,062

- (1) Audit fees consist of professional services rendered for the audit of the Company's annual financial statements and the reviews of the quarterly financial statements and issuance of consents and assistance with and review of documents filed with the SEC.
- (2) Other audit-related services provided by Holtz Rubenstein Reminick LLP include the annual audit of the Company's employee benefit plans as well as accounting consultations regarding significant transactions during the fiscal year.
- (3) Tax fees consist of fees for services rendered to the Company for tax compliance, tax planning and advice.
- (4) No other services were performed by Holtz Rubenstein Reminick LLP in connection with financial information systems design and implementation or otherwise.

Pre-Approved Services

Prior to engaging Holtz Rubenstein Reminick LLP to render the above services, and pursuant to its charter, the Audit Committee approved the engagement for each of the services and determined that the provision of such services by the external auditor was compatible with the maintenance of Holtz Rubenstein Reminick LLP's independence in the conduct of its auditing services.

The procedures used by the Audit Committee for the pre-approval of all audit and permissible non-audit services provided by the independent auditors are described below.

Edgar Filing: FREQUENCY ELECTRONICS INC - Form DEF 14A

Before engagement of the independent auditors for the next year's audit, the independent auditors will submit a detailed description of services expected to be rendered during that year within each of four categories of services to the Audit Committee for approval.

Audit Services include audit work performed on the Company's financial statements, as well as work that generally only the independent auditors can reasonably be expected to provide, including statutory audits, comfort letters, consents and assistance with and review of documents filed with the SEC.

Audit-Related Services are for assurance and related services that are traditionally performed by the independent auditors, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements and discussions surrounding the proper application of financial accounting and/or reporting standards.

Tax Services include all services, except those services specifically related to the audit of the financial statements, performed by the independent auditors' tax personnel, including tax analysis; assisting with coordination of execution of tax related activities, primarily in the area of corporate development; supporting other tax related regulatory requirements; and tax compliance and reporting.

Other Services are those associated with services not captured in the other categories. The Company generally does not request such services from the independent auditors.

Prior to engagement, the Audit Committee pre-approves independent auditor services within each category. The fees are budgeted and the Audit Committee requires the independent auditors to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditors for additional services not contemplated in the original pre-approval categories. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditors.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member(s) to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

Vote Required

The affirmative vote of a majority of the shares of common stock represented at the meeting and entitled to vote is required for the ratification of Holtz Rubenstein Reminick LLP as the Company's independent auditors for the 2007 fiscal year.

THE BOARD OF DIRECTORS DEEMS PROPOSAL NO. 2 TO BE IN THE BEST INTERESTS OF THE COMPANY AND ITS STOCKHOLDERS AND RECOMMENDS A VOTE "FOR" APPROVAL THEREOF.

PROPOSAL NO. 3

OTHER BUSINESS

As of the date of this Proxy Statement, the only business which the Board intends to present and knows that others will present at the meeting are hereinabove set forth. Edgar Filing: FREQUENCY ELECTRONICS INC - Form DEF 14A

accordance with their judgment.

PROPOSALS OF STOCKHOLDERS

In accordance with the rules promulgated by the SEC, any stockholder who wishes to submit a proposal for inclusion in the proxy material to be distributed by the Company in connection with the 2007 Annual Meeting of Stockholders must submit such proposal to the Company no later than April 27, 2007.

Assuming that the Company's 2007 Annual Meeting of Stockholders is held on schedule, the Company must receive notice of a stockholder's intention to introduce a nomination or other item of business at that meeting by July 11, 2007. If the Company does not receive notice by that date, or if the Company meets certain other requirements of the SEC rules, the persons named as proxies in the proxy materials relating to that meeting will use their discretion in voting the proxies when these matters are raised at the meeting.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires the Company's directors, executive officers and 10% stockholders to file reports of ownership and reports of changes in ownership of the Company's common stock and other equity securities with the SEC. Directors, executive officers and 10% stockholders are required to furnish the Company with copies of all Section 16(a) forms they file. Based on a review of the copies of such reports furnished to it, the Company believes that during the fiscal year ended April 30, 2006, the Company's directors, executive officers and 10% stockholders complied with all Section 16(a) filing requirements applicable to them.

CERTAIN INFORMATION AS TO COMMITTEES AND MEETINGS OF THE BOARD OF DIRECTORS

During the past fiscal year, four meetings of the Board were held. Each incumbent director attended all meetings of the Board, either in person or by telephone. In addition, each incumbent director attended 75% or more of the aggregate number of meetings of the Board committees on which he served during the past fiscal year.

In addition to attendance at Board meetings, the Board of Directors encourages, but does not require, all directors to attend annual meetings of the Company's stockholders. All six members of the current Board of Directors attended the Company's 2005 Annual Meeting of Stockholders.

The Audit Committee consists of the Company's four independent directors, Messrs. Foley, Girsky, Shapiro and Schwartz. Each of these directors is independent in accordance with the independence standards for audit committee membership set forth in Section 10A(m)(3) of the Exchange Act and as defined in Rule 4350(d)(2)(A) of the listing standards of The NASDAQ Stock Market, upon which the Company's Common Stock is listed and trades. The Board has determined that each member of the Audit Committee is able to read and understand fundamental financial statements. In addition, the Board has determined that

Edgar Filing: FREQUENCY ELECTRONICS INC - Form DEF 14A

both E. Donald Shapiro, chairman of the Audit Committee, and Joel Girsky satisfy the SEC's criteria as "audit committee financial experts."

The Audit Committee has procedures in place to receive, retain and handle complaints received regarding accounting, internal controls or auditing matters and to allow for the confidential and anonymous submission by anyone of concerns regarding questionable accounting or auditing matters.

The purpose of the Audit Committee is to oversee the accounting and financial reporting processes of the Company and the audits of the Company's financial statements. The functions of the Audit Committee include, without limitation, (i) responsibility for the appointment, compensation, retention and oversight of the Company's independent auditors, (ii) review and pre-approval of all audit and non-audit services provided to the Company by the independent auditors, other than as may be allowed by applicable law, and (iii) review of the annual audited and quarterly consolidated financial statements. The Amended and Restated Charter of the Audit Committee, which describes all of the Audit Committee's responsibilities, is posted on the Company's website at <http://www.frequencyelectronics.com>.

Compensation Committee

The Compensation Committee consists of the four independent directors, Messrs. Foley, Girsky, Shapiro and Schwartz. The Compensation Committee determines cash remuneration arrangements for the highest paid executives and oversees the Company's stock option, bonus and other incentive compensation plans.

DIRECTOR NOMINATIONS AND CORPORATE GOVERNANCE MATTERS

Director Nominations

Due to the relatively small size of its Board of Directors, the Company does not have a formal nominating or corporate governance committee. New director nominations, which are infrequent, and compliance with corporate governance rules, are reviewed and approved by the independent directors. By Board resolution, the Company has determined that if a new director is to be nominated, the independent directors of the Company (currently Messrs. Foley, Girsky, Shapiro and Schwartz) will conduct interviews of qualified candidates and, as appropriate, will recommend selected individuals to the Board. The independent directors consider director candidates based on criteria approved by the Board, including such individuals' backgrounds, skills, expertise, accessibility and availability to serve constructively and effectively on the Board. The Company may retain a director search firm to assist it in identifying qualified director nominees.

Director Candidates Proposed by Stockholders

The Company will consider recommendations for director candidates submitted in good faith by stockholders of the Company. A stockholder recommending an individual for consideration by the Board (and the independent directors) must provide (i) evidence in accordance with Rule 14a-8 of the Exchange Act of compliance with the stockholder eligibility requirements, (ii) the written

Edgar Filing: FREQUENCY ELECTRONICS INC - Form DEF 14A

consent of the candidate(s) for nomination as a director, (iii) a resume or other written statement of the qualifications of the candidate(s) for nomination as a director and (iv) all information regarding the candidate(s) and the stockholder that would be required to be disclosed in a proxy statement filed with the SEC if the candidate(s) were nominated for election to the Board, including, without limitation, name, age, business and residence address and principal occupation or employment during the past five years. Stockholders should send the required information to the Company at 55 Charles Lindbergh Boulevard, Mitchel Field, New York 11553, Attention: Corporate Secretary.

In order for a recommendation to be considered by the Company for the 2007 Annual Meeting of Stockholders, the Company's Corporate Secretary must receive the recommendation no later than 5:00 p.m. local time on April 30, 2007. Such recommendations must be sent via registered, certified or express mail (or other means that allows the stockholder to determine when the recommendation was received by the Company). The Company's Corporate Secretary will send properly submitted stockholder recommendations to the independent directors for consideration at a future meeting. Individuals recommended by stockholders in accordance with these procedures will receive the same consideration as other individuals evaluated by the independent directors.

Communications with Directors

Stockholders and other interested parties may communicate directly with any director, including any non-management member of the Board, by writing to the attention of such individual at the following address: Frequency Electronics, Inc., 55 Charles Lindbergh Boulevard, Mitchel Field, New York 11553, Attention: Corporate Secretary. The Company's Secretary will distribute any stockholder communications received to the director(s) to whom the letter is addressed or to all of the directors if addressed to the entire Board.

Communications that are intended for the non-management directors generally should be marked "Personal and Confidential" and sent to the attention of the Chairman of the Audit Committee. The Chairman will distribute any communications received to the non-management member(s) to whom the communication is addressed.

Executive Sessions of Independent Directors

The independent directors will regularly meet without any management directors or employees present. Such executive sessions will be held at least annually and as often as necessary to fulfill the independent directors' responsibilities.

Code of Ethics

All directors, officers and employees of the Company must act ethically and in accordance with the Company's Code of Ethics (the "Code of Ethics"). The Code of Ethics satisfies the definition of "code of ethics" under the rules and regulations of the SEC and is available on the Company's website at <http://www.frequencyelectronics.com>. The Code of Ethics is also available in print to anyone who requests it by writing to the Company at the following address: Frequency Electronics, Inc., 55 Charles Lindbergh Boulevard, Mitchel Field, New York 11553, Attention: Ethics Officer. Annually, the Company's directors review the Code of Ethics and the report of the Company's Ethics Committee.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

As described below, members of the Compensation Committee are Joel Girsky, Chairman, S. Robert Foley, E. Donald Shapiro and Richard Schwartz. No interlocking relationship exists between the Company's Board of Directors or Compensation Committee and the board of directors or compensation committee of

any other company, nor has any such interlocking relationship existed in the past.

EXECUTIVE COMPENSATION

Compensation Committee Report on Executive Compensation

Overall Policy

The members of the Compensation Committee include Messrs. Joel Girsky, E. Donald Shapiro, S. Robert Foley and Richard Schwartz. The Compensation Committee reviews and, with any changes it believes appropriate, approves the Company's executive compensation.

The general goals of the Compensation Committee are to: (i) attract, motivate, and retain effective and highly qualified executives; (ii) strengthen the common interests of management and stockholders through executive stock ownership; (iii) promote the Company's long- and short-term strategic goals and human resource strategies; (iv) recognize and award individual contributions to the Company's performance; and (v) reflect compensation practices of comparable companies.

To achieve the foregoing goals, the Compensation Committee has structured a comprehensive compensation program aimed at: (i) compensating executive officers on an annual basis with a cash salary at a level sufficient to retain and motivate them and to recognize and award individual merit; (ii) linking a portion of executive compensation to long-term appreciation of the Company's stock price by encouraging executive ownership of the Company's stock through awards of shares of the Company's stock and grants of options to purchase Company stock; and (iii) providing incentives to increase shareholder value by rewarding contributions to the Company's performance through cash bonuses keyed to operating profit levels. These policies are implemented through a reward system which includes base salary and long- and short-term incentive compensation opportunities as described below.

Base Salaries

The Compensation Committee annually reviews the base salaries of the CEO and all other executive officers of the Company. The Compensation Committee believes that the Company's executive officers, including those shown in the Summary Compensation Table on page 15 (the "Named Officers") have been largely responsible for the Company's past successes and for achieving the production and engineering improvements that have maintained the Company's position at the forefront of technical innovation. A base salary for each executive is determined on the basis of such factors as: levels of responsibility; experience and expertise; evaluations of individual performance; contributions to the overall performance of the Company; time and experience with the Company; internal compensation equity; and the external pay practices for comparable companies.

Short-Term Incentives

The Company maintains short-term incentive bonus programs for certain employees which are based on operating profits of the individual subsidiaries to which the employees are assigned. The Company's employment agreement with its Chief Executive Officer includes a bonus formula based on consolidated pre-tax profits. These plans are designed to create incentives for superior performance and to allow the Company's executive officers to share in the success of the Company by rewarding the contributions of individual officers. Focused on short-term or annual business results, these plans enable the Company to award designated executives with annual cash bonuses based on their contributions to the profits of the Company.

Edgar Filing: FREQUENCY ELECTRONICS INC - Form DEF 14A

Long-Term Incentives

As part of its comprehensive compensation program, the Company stresses long-term incentives through awards of shares of its common stock under the Employee Stock Ownership Plan ("ESOP") and through the grant of options to purchase common stock through various employee stock award plans. Grants and awards are aimed at attracting new personnel, recognizing and rewarding current executive officers for special individual accomplishments, and retaining high-performing officers and key employees by linking financial benefit to the performance of the Company (as reflected in the market price of the Company's common stock) and to continued employment with the Company. The number of shares granted to executive officers under the Company's ESOP is determined on a pro-rata basis. Grants of stock options and other equity awards are generally determined on an individual-by-individual basis. The factors considered are the individual's performance rating and potential for contributing to the Company's future growth, the number of stock options and awards previously granted to the individual and the Company's financial and operational performance.

Supplemental Separation Benefits

The Company has an agreement with certain executive officers and certain key employees to provide supplemental separation benefits. Under the agreement, in the event of a change in control or ownership of part or all of the Company which gives rise to discharge of any officer or employee without cause, then such officer or employee will receive supplemental severance pay equal to one and one-half times the employee's average base salary plus cash bonus from the previous five calendar years prior to the change of control if such discharge occurs in the first year after the change of control. If discharge occurs more than one year but less than two years after the change of control, then the employee will receive two-thirds of the five-year average of base salary and bonus.

Chief Executive Officer

Pursuant to his employment agreement, Mr. Bloch's base annual salary is \$400,000. Beginning in fiscal year 2005, Mr. Bloch received additional compensation of \$42,000 in the form of financial planning advice and Company-paid premiums for life insurance coverage, the beneficiaries of which are Mr. Bloch's heirs. Mr. Bloch's employment agreement provides a fixed annual bonus of 6% of the pre-tax profit of the Company with a cap on the pre-tax profit at \$20,000,000, as well as separation benefits in the event of a change in control or ownership of part or all of the Company, continuation of disability, medical and life insurance, the cost of an annual physical examination and a new automobile every three years. Mr. Bloch was awarded stock options to purchase an aggregate of 228,000 shares of the Company's common stock. The grants were made at the fair market value on August 31, 1998 (18,000 shares at \$7.125), July 7, 1999 (30,000 shares at \$7.625) and March 1, 2001 (180,000 shares at \$13.49). The options are exercisable for a period of ten (10) years from the date of grant.

In determining the compensation package for Mr. Bloch, the Compensation Committee took into account the compensation packages for senior officers at companies of comparable size and complexity, both public and private, as well as its assessment of Mr. Bloch's individual performance, his contributions to the Company's past growth and accomplishments as well as contributions which it is anticipated will be made by Mr. Bloch in the future. In this regard, the Compensation Committee recognized Mr. Bloch's untiring efforts in developing new applications and markets based on the Company's technology, including the successful integration of the technologies and capabilities of recently acquired subsidiaries. The Compensation Committee believes these efforts position the Company to compete more effectively on U.S. government programs and in

Edgar Filing: FREQUENCY ELECTRONICS INC - Form DEF 14A

world-wide commercial markets. The Compensation Committee believes that the investment in new products and acquisition of new technologies and manufacturing facilities will result in significant growth of revenues and profits in future periods.

Consistent with the anticipation of future growth in revenues and profitability, the Compensation Committee is reviewing the current incentive compensation programs for the executive officers of the Company and its subsidiaries. This review is being undertaken with a view towards implementing enhancements or changes, as appropriate, to incentive compensation programs in fiscal year 2007.

REPORT OF THE AUDIT COMMITTEE

The members of the Audit Committee have been appointed by the Board of Directors. The Audit Committee is comprised of four non-employee directors, each of whom satisfies the independence standards for audit committee membership set forth in Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended, and the independence requirements of the NASDAQ Stock Market. The Audit Committee is governed by a charter that has been approved and adopted by the Board of Directors and which is reviewed and reassessed annually by the Audit Committee.

The following Audit Committee Report does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent the Company specifically incorporates this Audit Committee Report by reference therein.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the audited financial statements for the fiscal year ended April 30, 2006, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. In addition, management and the independent auditors have represented to the Audit Committee that the financial statements were prepared in accordance with generally accepted accounting principles.

The Audit Committee has received from and discussed with the independent auditors their written disclosure and letter regarding their independence from the Company as required by Independence Standards Board Standard No. 1. The Audit Committee has also discussed with the independent auditors any matters required to be discussed by Statement on Auditing Standards No. 61.

Edgar Filing: FREQUENCY ELECTRONICS INC - Form DEF 14A

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their audit. The Audit Committee met with the independent auditors, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee held five meetings during fiscal year 2006.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended April 30, 2006 for filing with the Securities and Exchange Commission.

Notes:

- (1) Effective March 31, 2006, Mr. Gillard retired as an officer of the Company. His compensation in fiscal year 2006 reflects his changing role with the Company. Mr. Gillard's euro-denominated base compensation was the same in both fiscal years 2005 and 2004 as presented above. The dollar-denominated fluctuations are due solely to the effect of changes in the rate of exchange between the euro and the dollar.
- (2) Mr. Strang was promoted to the position of President of FEI-Zyfer, Inc. effective May 1, 2005.
- (3) The amounts shown in this column constitute (i) automobile allowance; (ii) insurance premiums to provide term life insurance benefits (available to all employees); (iii) the cost of medical insurance (available to all employees); and (iv) the costs of medical reimbursements available to officers. In the case of Mr. Bloch's compensation in fiscal years 2006 and 2005 the amounts also include \$42,000 for financial planning advice and the payment of premiums for life insurance policies, the beneficiaries of which are Mr. Bloch's heirs.
- (4) Represents the dollar value, as at the date of contribution, of shares of Common Stock of the Company distributed under the Company's Profit Sharing Plan and Trust under section 401(k) of the Internal Revenue Code ("401(k)"). In fiscal years 2006, 2005 and 2004, the Company made matching contributions of Company Common Stock to the accounts of Named Officers in amounts which varied from 244 to 280 shares in fiscal year 2006, from 242 to 262 in fiscal year 2005 and from 189 to 270 shares in fiscal year 2004. The average market value of the awarded shares at the time of allocation was \$13.15 in fiscal year 2006, \$13.13 in fiscal year 2005 and \$12.48 in fiscal year 2004. Company matching contributions to the 401(k) plan are made in proportion to the cash contributions of individual employees to the plan. Mr. Gillard, who is not a resident of the United States, does not participate in the 401(k) plan.
- (5) Represents shares awarded under the Company's 2001 Incentive Stock Option Plan. The exercise prices of the awarded options are at the fair market value of the Company's Common Stock on the date of grant. The options are exercisable in increments of 25% annually (and cumulatively) beginning one year after date of grant.

Long-term Incentive Plans

The Company does not maintain any compensation plans for its executive officers or directors or for any of its other employees which provide compensation intended to serve as incentive for performance to occur over a period longer than one fiscal year other than the restricted stock and stock award plans discussed in the Compensation Committee Report, above. Awards under these plans are shown in the Summary Compensation Table, above.

Pension Benefits

The Company has no defined benefit or actuarial retirement plans in effect. It has entered into certain Executive Incentive Compensation ("EIC") agreements with key employees (including some officers) providing for the payment of benefits upon retirement or death or upon the termination of employment not for cause. The Company pays compensation benefits out of its working capital but has also purchased whole or term life insurance (of which it is the sole beneficiary) on the lives of certain of the participants to cover the optional lump sum obligations under the EIC agreements upon the death of the participant. The annual premiums paid during fiscal year 2006 were less than the increase in cash surrender value of the whole life insurance policies. The annual benefit provided under the program in fiscal year 2006 upon retirement at age 65 or death is as follows: Martin B. Bloch- \$170,000, Markus Hechler- \$75,000, Oleandro Mancini- \$35,000 and Steven Strang- \$10,000. The benefit described above is payable for ten years or the life of the participant, whichever is longer. Two years after retirement or early retirement, the participants can elect to receive the benefit, less benefits received during the two-year period, in a lump sum under certain conditions. Upon voluntary termination of employment or discharge not for cause, the participant would be entitled to a lump sum payment, the amount of which varies based on the year in which termination occurs and the nature of the termination as set forth in the individual's EIC agreement. In conjunction with the program, the participants are required to make certain covenants with the Company relating to, among other things, nondisclosure of confidential information, noncompetition with the Company and the providing of consulting services subsequent to retirement.
