**RISK
FACTORS**

Investing in the bonds involves certain risks. In considering whether to purchase the bonds, you should carefully consider the information we have included or incorporated by reference in this prospectus supplement and the accompanying prospectus. In particular, you should carefully consider the information under the heading Risk Factors as well as the factors listed under the heading Forward-Looking Information, in each case, contained in our Annual Report on Form 10-K for the year ended December 31, 2010, and our Quarterly Report on Form 10-Q for the quarter ended March 31, 2011, which is incorporated by reference herein.

**WHERE YOU
CAN FIND MORE INFORMATION**

The SEC allows us to incorporate by reference the information filed by us with the SEC, which means that we can refer you to important information without restating it in this prospectus supplement and the accompanying prospectus. The information incorporated by reference is considered to be part of this prospectus supplement and the accompanying prospectus and should be read with the same care. In addition to the information described under Where You Can Find More Information in the accompanying prospectus, we incorporate by reference our Quarterly Report on Form 10-Q for the quarter ended March 31, 2011, our Current Report on Form 8-K dated April 15, 2011 (filed April 15, 2011) and any future filings that we make with the SEC under the Securities Exchange Act of 1934 if the filings are made prior to the time that all of the bonds are sold in this offering. You can also find more information about us from the sources described under Where You Can Find More Information in the accompanying prospectus.

**SELECTED
FINANCIAL INFORMATION**

You should read our selected financial information set forth below in conjunction with the financial statements and other financial information contained in the documents incorporated by reference in this prospectus supplement and the accompanying prospectus. The selected financial information set forth below has been derived from (1) our annual financial statements for the three-year period ended December 31, 2010, which have been audited by Deloitte & Touche LLP, our independent registered public accounting firm, and incorporated by reference in this prospectus supplement and the accompanying prospectus from our Annual Report on Form 10-K for the year ended December 31, 2010, and (2) our unaudited financial statements as of and for the three months ended March 31, 2011, incorporated by reference in this prospectus supplement and the accompanying prospectus from our Quarterly Report on Form 10-Q for the quarter ended March 31, 2011. The following material, which is presented in this prospectus supplement solely to furnish summary information, is qualified by, and should be considered in conjunction with, the more detailed information appearing in the documents incorporated by reference herein.

(1)

As defined by Item 503(d) of Regulation S-K of the SEC, Earnings represent the aggregate of (a) income before the cumulative effect of an accounting change, (b) taxes based on income, (c) investment tax credit adjustments net and (d) fixed charges, and Fixed Charges include interest (whether expensed or capitalized), related amortization and estimated interest applicable to rentals charged to operating expenses. We accrue interest expense related to unrecognized tax benefits in income tax expense and do not include it in fixed charges.

(2)

The Ratio of Earnings to Fixed Charges for the three months ended March 31, 2011, was 3.09.

(3)

Adjusted to reflect (i) the issuance and sale of the bonds and the application of the net proceeds therefrom (see Use of Proceeds) and (ii) the issuance on April 15, 2011, of \$150 million aggregate principal

S-2

amount of First Mortgage Bonds, 6.0% Series due May 1, 2051, and the application on May 1, 2011, of a portion of the proceeds thereof to the payment at maturity of \$80 million aggregate principal amount of our First Mortgage Bonds.

(4)

Edgar Filing: ENTERGY MISSISSIPPI INC - Form 424B3

Consists of pollution control revenue bonds and environmental revenue bonds in the amount of \$46.03 million (less \$634,060 of unamortized premium and discount net) that are secured by first mortgage bonds in the amount of \$48.88 million which do not bear interest additional to that borne by the related pollution control revenue bonds and environmental revenue bonds.

USE OF PROCEEDS

We anticipate our net proceeds from the sale of the bonds will be approximately \$ million after deducting underwriting discounts and commissions and estimated offering expenses. We intend to apply the net proceeds we receive from the issuance and sale of the bonds to redeem prior to maturity \$100 million of 5.92% debt maturing in February 2016 and for general corporate purposes. Pending the application of the net proceeds, we will invest them in short-term, highly liquid, high-rated money market instruments and/or the Entergy System money pool.

DESCRIPTION OF THE BONDS

Interest, Maturity and Payment

We are offering \$ million of our First Mortgage Bonds, % Series due , 2016. We will pay interest on the bonds on and

Edgar Filing: ENTERGY MISSISSIPPI INC - Form 424B3

of each year, beginning
on _____,
2011. Interest will accrue at the rate
of _____ % per year and will start to
accrue from the date that the bonds are issued. As long as the
bonds are registered in the name of The Depository
Trust Company (DTC) or its nominee, the record
date for interest payable on any interest payment date shall be
the close of business on the Business Day (as defined below)
immediately preceding such interest payment date. We have agreed
to pay interest on any overdue principal and, if such payment is
enforceable under applicable law, on any overdue installment of
interest on the bonds at a rate of _____ % per year to
holders of record at the close of business on the Business Day
immediately preceding our payment of such interest.

Interest on the bonds will be computed on the basis of a
360-day year
of twelve
30-day
months. If any interest payment date or the maturity date falls
on a day that is not a Business Day, the payment due on that
interest payment date or the maturity date will be made on the
next Business Day, and without any interest or other payment in
respect of such delay.

Form and Denomination

The bonds will be issued in denominations of \$1,000 and integral
multiples of \$1,000 in excess thereof. The bonds will be
represented by a global certificate without coupons registered
in the name of a nominee of DTC. As long as the bonds are
registered in the name of DTC or its nominee, we will pay
principal, any premium and interest due on the bonds to DTC. DTC
will then make payment to its participants for disbursement to
the beneficial owners of the bonds as described in the
accompanying prospectus under the heading Description of
the New Bonds Book-Entry Only Securities.

Optional Redemption

General

At any time prior to _____, 2016 (one month prior to the maturity date of the bonds), we may redeem the bonds, in whole or in part, at our option, on not less than 30 days nor more than 60 days notice, at a redemption price equal to the greater of (a) 100% of the principal amount of the bonds being redeemed and (b) as determined by the Independent Investment Banker, the sum of the present values of the remaining scheduled payments of principal of and interest on the bonds being redeemed (excluding the portion of any such interest accrued to the redemption date), discounted (for purposes of determining such present values) to

S-3

the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate plus _____% plus accrued and unpaid interest thereon to the redemption date.

At any time on or after _____, 2016, we may redeem the bonds, in whole or in part, at our option, on not less than 30 days nor more than 60 days notice, at a redemption price equal to 100% of the principal amount of the bonds to be redeemed, plus accrued and unpaid interest thereon to the redemption date.

If, at the time notice of redemption is given, the redemption monies are not held by the trustee, the redemption may be made subject to receipt of such monies before the date fixed for redemption, and such notice shall be of no effect unless such

monies are so received.

We may apply cash we deposit under any provision of the mortgage, with certain exceptions, to the redemption or purchase, including the purchase from us, of first mortgage bonds of any series under our mortgage including the bonds.

**Certain
Definitions**

Adjusted Treasury Rate means, with respect to any redemption date:

(1) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated H.15(519) or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption Treasury Constant Maturities, for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after the remaining term of the bonds, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue shall be determined and the Adjusted Treasury Rate shall be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month); or

(2) if such release (or any successor release) is not published during the week preceding the calculation date for the Adjusted Treasury Rate or does not contain such yields, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

Edgar Filing: ENTERGY MISSISSIPPI INC - Form 424B3

The Adjusted Treasury Rate shall be calculated on the third Business Day preceding the redemption date.

Business Day means any day other than a Saturday or a Sunday or a day on which banking institutions in The City of New York are authorized or required by law or executive order to remain closed or a day on which the corporate trust office of the trustee is closed for business.

Comparable Treasury Issue means the United States Treasury security selected by the Independent Investment Banker as having a maturity comparable to the remaining term of the bonds that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the bonds.

Comparable Treasury Price means, with respect to any redemption date, (1) the average of five Reference Treasury Dealer Quotations for such redemption date after excluding the highest and lowest such Reference Treasury Dealer Quotations or (2) if the Independent Investment Banker obtains fewer than five such Reference Treasury Dealer Quotations, the average of all such Reference Treasury Dealer Quotations.

Independent Investment Banker means one of the Reference Treasury Dealers that we appoint to act as the Independent Investment Banker from time to time or, if any of such firms is unwilling or unable to select the Comparable Treasury Issue, an independent investment banking institution of national standing appointed by us.

Reference Treasury Dealer means (1) RBS Securities Inc. and its successors; provided, however, that if any of the foregoing shall cease to be a Primary U.S. Government securities dealer in New York City (a

S-4

Primary Treasury Dealer), we will substitute therefor another Primary Treasury Dealer, and (2) any other Primary Treasury Dealer selected by the Independent Investment Banker after consultation with us.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker at 5:00 p.m. on the third Business Day preceding such redemption date.

**Dividend
Covenant**

We will not enter into a dividend covenant with respect to the bonds; however, so long as certain of the first mortgage bonds we have issued prior to the date hereof remain outstanding, holders of the bonds offered herein will indirectly benefit from our covenant relating to those outstanding first mortgage bonds to restrict our payment of cash dividends on our common stock in certain circumstances.

**Issuance
of First Mortgage Bonds**

See Description of New Bonds Issuance of Additional Bonds in the accompanying prospectus for a description of the bases upon which we are permitted to issue first mortgage bonds under our mortgage and the related requirements for such issuance. As of March 31, 2011, approximately \$857 million of first mortgage bonds could

Edgar Filing: ENTERGY MISSISSIPPI INC - Form 424B3

have been issued under our mortgage on the basis of net property additions (\$150 million of first mortgage bonds were issued on the basis of net property additions on April 15, 2011, which has not been excluded from the \$857 million of first mortgage bonds issuable on such basis at March 31, 2011), and approximately \$155 million of first mortgage bonds could have been issued under our mortgage on the basis of retired bond credits (\$80 million of first mortgage bonds were paid at maturity on May 1, 2011, which has not been included in the \$155 million of first mortgage bonds issuable on such basis at March 31, 2011). Based upon the results of our operations for the twelve months ended March 31, 2011, if we were to make an application for authentication and delivery of first mortgage bonds as of the date of this prospectus supplement, solely based on the earnings coverage test described in the accompanying prospectus under Description of the New Bonds Issuance of Additional Bonds (and, therefore, not taking into account the property additions and retired bond issuance limitations), we could issue approximately \$1,229 million in principal amount of first mortgage bonds, in addition to the amount of first mortgage bonds then outstanding (assuming an interest rate of 3.5% for additional first mortgage bonds). Such amount will be affected by the issuance of the bonds and by subsequent net earnings. First mortgage bonds in a greater amount may also be issued for the refunding of outstanding first mortgage bonds. The bonds will be issued on the basis of retired bond credits.

Sinking or Improvement Fund

The bonds are not subject to redemption under any sinking or improvement fund.

Additional Information

For additional information about the bonds, see Description of the New Bonds in the accompanying prospectus, including:

Edgar Filing: ENTERGY MISSISSIPPI INC - Form 424B3

1. additional information about the terms of the bonds, including security,

2. general information about our mortgage and the trustee,

3. a description of certain restrictions contained in our mortgage, and

4. a description of events of default under our mortgage.

UNDERWRITING

Under the terms and conditions set forth in the underwriting agreement, dated the date of this prospectus supplement, we have agreed to sell to each of the underwriters named below, and each of the underwriters has severally agreed to purchase, the principal amounts of bonds set forth opposite its name below:

Principal

Amount of

Name

Bonds

Credit Agricole Securities (USA) Inc.

\$

RBS Securities Inc.

Scotia Capital (USA) Inc.

Total

\$

Under the terms and conditions set forth in the underwriting agreement, the underwriters have committed, subject to the terms and conditions set forth therein, to take and pay for all of the bonds if any are taken, provided that, under certain circumstances involving a default of an underwriter, less than all of the bonds may be purchased. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

The underwriters initially propose to offer all or part of the

Edgar Filing: ENTERGY MISSISSIPPI INC - Form 424B3

bonds directly to the public at the price to public set forth on the cover page hereof and may offer part of the bonds to certain securities dealers at such price less a concession not in excess of % of the principal amount of the bonds. The underwriters may allow, and such dealers may reallow certain brokers and dealers, a concession not in excess of % of the principal amount of the bonds. After the initial offering of the bonds, the offering price and other selling terms may from time to time be varied by the underwriters.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933.

We estimate that our total expenses for this offering will be \$300,000, excluding underwriting discounts and commissions.

The bonds will constitute a new class of securities with no established trading market. We cannot assure you as to (1) the liquidity of any such market that may develop, (2) the ability of holders of bonds to sell their bonds or (3) the price at which the holders of bonds would be able to sell their bonds. If such a market develops, the bonds could trade at prices that may be higher or lower than their principal amount or purchase price, depending on many factors, including prevailing interest rates, the market for similar debt securities and our business, results of operations, financial condition or prospects. We do not intend to apply for listing of the bonds on any securities exchange or for inclusion of the bonds in any automated quotation system.

In order to facilitate the offering of the bonds, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the bonds. Specifically, they may over-allot in connection with the offering, creating a short position in the bonds for their own accounts. In addition, to cover over-allotments or to stabilize the price of the bonds, the underwriters may bid for, and purchase, the bonds in the open market. Finally, the underwriters may reclaim selling concessions allowed to dealers for distributing the bonds in the offering, if they repurchase previously distributed bonds in transactions to cover short positions established by them, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the bonds above independent market levels. The underwriters are not required to

Edgar Filing: ENTERGY MISSISSIPPI INC - Form 424B3

engage in these activities and may end any of these activities at any time.

In the ordinary course of their respective businesses, the underwriters and certain of their affiliates have in the past and may in the future engage in investment banking, commercial banking or other transactions of a financial nature with us and our affiliates, for which they have received, or may receive, customary compensation. The underwriters, either directly or through affiliates, are lenders under certain Entergy System credit facilities.

S-6

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities.

In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve our securities and instruments. To the extent consistent with applicable law, the underwriters and their respective affiliates may also make investment recommendations or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long or short positions in such securities and instruments.

We

may periodically offer our first mortgage bonds in one or more series; and

will determine the price and other terms of each series of first mortgage bonds when sold, including whether any series will be subject to redemption prior to maturity.

**The First
Mortgage Bonds**

will be secured by a mortgage that constitutes a first mortgage lien on substantially all of our property; and

will not be listed on a national securities exchange unless otherwise indicated in the accompanying prospectus supplement.

You

will receive interest payments in the amounts and on the dates specified in an accompanying prospectus supplement.

This prospectus may be used to offer and sell series of first mortgage bonds only if accompanied by the prospectus supplement for that series. We will provide the specific information for those offerings and the specific terms of these first mortgage bonds, including their offering prices, interest rates and maturities, in supplements to this prospectus. The supplements may also add, update or change the information in this prospectus. You should read this prospectus and any supplements carefully before you invest.

Investing in the first mortgage bonds offered by this prospectus involves risks. See Risk Factors on page 1.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

We may offer the first mortgage bonds directly or through underwriters, agents or dealers. Each prospectus supplement will provide the terms of the plan of distribution for the related series of first mortgage bonds.

The date of this prospectus is March 4, 2011.

**RISK
FACTORS**

Investing in the first mortgage bonds involves certain risks. In considering whether to purchase the first mortgage bonds being offered by this prospectus (the New Bonds), you should carefully consider the information we have included or incorporated by reference in this prospectus. In particular, you should carefully consider the information under the heading Risk Factors as well as the factors listed under the heading Forward-Looking Information, in each case, contained in our annual report on Form 10-K for the year ended December 31, 2010, which is incorporated

by reference in this prospectus.

**ABOUT
THIS PROSPECTUS**

This prospectus is part of an automatic shelf registration statement that we filed with the United States Securities and Exchange Commission (the SEC) as a majority-owned subsidiary of Entergy Corporation, which is a well-known seasoned issuer, as defined in Rule 405 under the Securities Act of 1933 (the Securities Act). By utilizing a shelf registration statement, we may sell, at any time and from time to time, in one or more offerings, the New Bonds described in this prospectus. This prospectus provides a general description of the New Bonds being offered. Each time we sell a series of New Bonds we will provide a prospectus supplement containing specific information about the terms of that series of New Bonds and the related offering. It is important for you to consider the information contained in this prospectus, the related prospectus supplement and the exhibits to the registration statement, together with the additional information referenced under the heading Where You Can Find More Information in making your investment decision.

For more detailed information about the New Bonds, you can read the exhibits to the registration statement. Those exhibits have been either filed with the registration statement or incorporated by reference to earlier SEC filings listed in the registration statement.

Earnings represent the aggregate of (1) income before the cumulative effect of an accounting change, (2) taxes based on income, (3) investment tax credit adjustments-net and (4) fixed charges. Fixed Charges include interest (whether expensed or capitalized), related amortization and estimated interest applicable to rentals charged to operating expenses. We accrue interest expense related to unrecognized tax benefits in income tax expense and do not include it in fixed charges.

**USE OF
PROCEEDS**

Except as otherwise described in a prospectus supplement, the net proceeds from the offering of the New Bonds will be used either (a) to repurchase or redeem one or more series of our outstanding securities on their stated due dates or in some cases prior to their stated due dates or (b) for other general corporate purposes. The specific purposes for the proceeds of a particular series of New Bonds or the specific securities, if any, to be acquired or redeemed with the proceeds of a particular series of New Bonds will be described in the prospectus supplement relating to that series.

**DESCRIPTION
OF THE NEW BONDS**

General

We will issue the New Bonds offered by this prospectus from time to time in one or more series under one or more separate supplemental indentures to the Mortgage and Deed of Trust dated as of February 1, 1988, with The Bank of New York Mellon, successor corporate trustee (the trustee). This Mortgage and Deed of Trust, as amended and supplemented, is referred to in this prospectus as the mortgage. All first mortgage bonds issued or to be issued under the mortgage, including the New Bonds offered by this prospectus, are referred to herein as first mortgage bonds.

The statements in this prospectus and any accompanying prospectus supplement concerning the New Bonds and the mortgage are not comprehensive and are subject to the detailed provisions of the mortgage. The mortgage and a form of supplemental indenture are filed as exhibits to the registration statement of which this prospectus forms a part. You should read these documents for provisions that may be important to you. The mortgage has been qualified under the Trust Indenture Act of 1939. You should refer to the Trust Indenture Act of 1939 for provisions that apply to the New Bonds. Wherever particular provisions or defined terms in the mortgage are referred to under this heading Description of the New Bonds, those provisions or defined terms are incorporated by reference in this prospectus.

**Terms of
Specific Series of the New Bonds**

The prospectus supplement relating to each series of New Bonds offered by this prospectus will include a description of the specific terms relating to the offering of that series. These terms will include any of the following terms that apply to that series:

1. the designation, or name, of the series of New Bonds;

2. the aggregate principal amount of the series;

3. the offering price of the series;

4. the date on which the series will mature;

3

5. the rate or method for determining the rate at which the series will bear interest;

6. the date from which interest on the series accrues;

7. the dates on which interest on the series will be payable;

8. the prices and other terms and conditions upon which we may redeem the series prior to maturity;

9. the applicability of the dividend covenant described below to the series;

Edgar Filing: ENTERGY MISSISSIPPI INC - Form 424B3

10. the terms of an insurance policy, if any, that will be provided for the payment of principal of and/or interest on the series;

11. the rights, if any, of a holder to elect repayment; and

12. any other terms or provisions relating to that series that are not inconsistent with the provisions of the mortgage.

As of December 31, 2010, we had approximately \$780 million principal amount of first mortgage bonds outstanding.

Payment

The New Bonds and interest thereon will be paid in any coin or currency of the United States of America that at the time of payment is legal tender at the corporate trust office of the trustee in the Borough of Manhattan, City and State of New York. See Book-Entry Only Securities for additional information relating to payment on the New Bonds.

Redemption and Retirement

The prospectus supplement for a particular series of New Bonds offered by this prospectus will contain the prices and other terms and conditions, if any, for redemption of that series prior to maturity.

**Form and
Exchange**

The New Bonds will be fully-registered bonds without coupons. See Book-Entry Only Securities. The New Bonds will be exchangeable for other New Bonds of the same series in equal aggregate principal amounts. No service charge will be made for any registration of transfer or exchange of the New Bonds. However, we may require payment to cover any tax or other governmental charge that may be imposed in connection with a registration, transfer or exchange. We will not be required to provide for the transfer or exchange of any New Bond

1. during the 15 days before an interest payment date (unless such New Bond has a record date for the payment of interest),

2. during the 15 days before giving any notice of redemption, or

3. selected for redemption.

Security

The New Bonds, together with all other first mortgage bonds outstanding now or in the future under the mortgage, will be secured by the mortgage. The mortgage constitutes a first mortgage lien on substantially all of our property subject to bankruptcy law and:

Edgar Filing: ENTERGY MISSISSIPPI INC - Form 424B3

1. minor defects and encumbrances customarily found in similar properties that do not materially impair the use of the property in the conduct of our business;

2. other liens, defects and encumbrances, if any, existing or created at the time of our acquisition of the property; and

3. excepted encumbrances.

4

The mortgage does not create a lien on the following excepted property :

1. cash and securities;

2. all merchandise, equipment, apparatus, materials or supplies held for sale or other disposition in the usual course of business or consumable during use;

3. automobiles, vehicles and aircraft, timber, minerals, mineral rights and royalties; and

4. receivables, contracts, leases and operating agreements.

The mortgage contains provisions that impose the lien of the mortgage on property we acquire after the date of the mortgage, other than the excepted property, subject to pre-existing liens. However, if we consolidate or merge with, or sell substantially all of our assets to, another corporation, the lien created by the mortgage will generally not cover the property of the successor company, other than the property it acquires from us and improvements, replacements and additions to that property.

The mortgage also provides that the trustee has a lien on the mortgaged property to ensure the payment of its reasonable compensation, expenses and disbursements and for indemnity against certain liabilities. This lien takes priority over the lien securing the first mortgage bonds, including the New Bonds.

**Issuance
of Additional Bonds**

Subject to the issuance restrictions described below, the aggregate principal amount of first mortgage bonds that we can issue under the mortgage is unlimited. First mortgage bonds of any series may be issued from time to time on the following bases:

1. 70% of property additions after adjustments to offset retirements;
2. retirements of first mortgage bonds; or
3. deposit of cash with the trustee.

Property additions generally include, among other things,

electric, gas, steam or hot water property acquired after December 31, 1987. Securities, automobiles, vehicles or aircraft, or property used principally for the production or gathering of natural gas, are not included as property additions. Deposited cash may be withdrawn upon the bases stated in clause (1) or (2) above.

As of December 31, 2010, we could have issued approximately \$831.5 million of additional first mortgage bonds on the basis of net property additions and approximately \$155 million on the basis of retired first mortgage bonds.

With certain exceptions in the case of clause (2) above, the issuance of first mortgage bonds must meet an earnings test. The adjusted net earnings, before income taxes, for 12 consecutive months of the preceding 18 months, must be at least twice the annual interest requirements on all first mortgage bonds outstanding at the time, including the additional first mortgage bonds to be issued, plus all indebtedness, if any, of prior rank. In general, interest on variable interest rate bonds, if any, is calculated using the average rate in effect during such 12-month period. Based upon the results of our operations for the twelve months ended December 31, 2010, if we were to make an application for authentication and delivery of first mortgage bonds as of the date of this prospectus, solely based on the earnings coverage test (and, therefore, not taking into account the property additions and retired bond issuance limitations), we could issue approximately \$894 million in principal amount of first mortgage bonds, in addition to the amount of first mortgage bonds then outstanding (assuming an interest rate of 5% for additional first mortgage bonds). Such amount will be affected by the issuance of the New Bonds and the retirement of existing first mortgage bonds with the proceeds of the New Bonds and by subsequent net earnings. New Bonds in a greater amount may also be issued for the refunding of outstanding first mortgage bonds.

5

The mortgage contains restrictions on the issuance of first mortgage bonds against property subject to liens.

Other than the security afforded by the lien of the mortgage and restrictions on the issuance of additional first mortgage bonds described above, there are no provisions of the mortgage that grant the holders of the first mortgage bonds protection in the event of a highly leveraged transaction involving us.

**Release
and Substitution of Property**

Property may be released from the lien of the mortgage without applying any earnings test, on the following bases:

1. the deposit with the trustee of cash or, to a limited extent, purchase money mortgages;
2. the lower of cost or fair value to us of unfunded property additions designated by us, after adjustments in certain cases to offset retirements and after making adjustments for certain prior lien bonds, if any, outstanding against property additions; or
3. a waiver by us of our right to issue a specified principal amount of first mortgage bonds.

Property owned by us on December 31, 1987, may be released from the lien of the mortgage at its depreciated book value on December 31, 1987; all other property may be released at its cost, as defined in the mortgage. Unfunded property may also be released without applying any earnings test or complying with clauses (1), (2) or (3) above if, after its release, we would have at least one dollar of unfunded property that remains subject to the lien of the mortgage.

We can withdraw cash upon the bases stated in clauses (2) and/or (3) above.

**Dividend
Covenant**

The terms of certain of our outstanding series of first mortgage bonds include our covenant to restrict our payment of cash dividends on our common stock in certain circumstances. Any dividend covenant applicable to a series of New Bonds will be described in the prospectus supplement relating to that series of New Bonds. There is no assurance that the terms of future dividend covenants, if any, will be the same as those applicable to our outstanding first mortgage bonds.

Modification

Your rights as a bondholder may be modified with the consent of the holders of a majority in aggregate principal amount of the first mortgage bonds, or, if less than all series of first mortgage bonds are adversely affected, with the consent of the holders of a majority in aggregate principal amount of the first mortgage bonds adversely affected. In general, no modification is effective against any bondholder without that bondholder's consent if it:

1. affects the terms of payment of principal, premium, if any, or interest;

2. affects the lien of the mortgage; or

3. reduces the percentage required for modification.

**Defaults
and Notices Thereof**

Defaults under the mortgage include:

1. default in the payment of principal;
2. default for 30 days in the payment of interest;
3. certain events of bankruptcy, insolvency or reorganization;
4. defaults under a supplemental indenture; and

6

5. default in other covenants for 90 days after notice (unless we have in good faith commenced efforts to perform the covenant).

The trustee may withhold notice of default, except in payment of principal, interest or funds for purchase or redemption of first mortgage bonds, if the trustee in good faith determines it is in the interests of the holders of first mortgage bonds.

The trustee or the holders of 25% of the first mortgage bonds may declare the principal and interest due and payable on default. However, a majority of the holders may annul such declaration if the default has been cured. No holder of first mortgage bonds may enforce the lien of the mortgage without giving the trustee written notice of a default and unless

1. the holders of 25% of the first mortgage bonds have requested the trustee in writing to act and offered the trustee reasonable opportunity to act and indemnity satisfactory to the trustee against the costs, expenses and liabilities to be incurred thereby; and

2. the trustee shall have failed to act within 60 days of such request.

The holders of a majority in aggregate principal amount of the first mortgage bonds may direct the time, method and place of conducting any proceedings for any remedy available to the trustee or exercising any trust or power conferred on the trustee. The trustee is not required to risk its funds or incur personal liability if there is reasonable ground for believing that repayment is not reasonably assured.

**Evidence
to be Furnished to the Trustee**

Compliance with the mortgage provisions is evidenced by written statements of our officers or persons we select or pay. In certain cases, opinions of counsel and certifications of an engineer, accountant, appraiser or other expert (who in some cases must be independent) must be furnished. We must give the trustee an annual certificate as to whether or not we have fulfilled our obligations under the mortgage throughout the preceding year.

**Satisfaction
and Discharge of Mortgage**

After we provide for the payment of all of the first mortgage bonds (including the New Bonds) and after paying all other sums due under the mortgage, the mortgage may be satisfied and discharged. The first mortgage bonds will be deemed to have been paid when money or Eligible Obligations (as defined below) sufficient to pay the first mortgage bonds (in the opinion of an independent accountant in the case of Eligible Obligations) at maturity or upon redemption have been irrevocably set apart or deposited with the trustee, provided that the trustee shall have received an opinion of counsel to the effect that the setting apart or deposit does not require registration under the Investment Company Act of 1940, does not violate any applicable laws and does not result in a taxable event with respect to the holders of the first mortgage bonds prior to the time of their right to receive payment. Eligible Obligations means obligations of the United States of America that do not permit the redemption thereof at the issuer's option.
