NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2009 (UNAUDITED)

NOTE 1 ORGANIZATION AND ACCOUNTING POLICY

The interim consolidated financial statements furnished herein have been prepared in accordance with generally accepted accounting principles for interim financial information, the instructions to Form 10-Q, and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three months ended March 31, 2009 are not necessarily indicative of the results that may be expected for the year ended December 31, 2009. For further information, refer to the consolidated financial statements and footnotes thereto included in the Company's annual report on Form 10-K for the year ended December 31, 2008.

The Company, through its wholly-owned taxable subsidiary, UMH Sales and Finance, Inc. (S&F), conducts manufactured home sales in its communities. This company was established to enhance the occupancy of the communities. The consolidated financial statements of the Company include S&F and all of its other wholly-owned subsidiaries. All intercompany transactions and balances have been eliminated in consolidation.

Use of Estimates

In preparing the consolidated financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, as well as contingent assets and liabilities as of the dates of the consolidated balance sheets and revenue and expenses for the years then ended. Actual results could differ significantly from these estimates and assumptions.

Employee Stock Options

The Company accounts for its stock option plan under the provisions of SFAS No. 123 (revised 2004), Share-Based Payment (SFAS No. 123R). SFAS 123R requires that compensation cost for all stock awards be calculated and recognized over the service period (generally equal to the vesting period). This compensation cost is determined using option pricing models, intended to estimate the fair value of the awards at the grant date.

Compensation cost which has been determined consistent with SFAS No. 123R, amounted to \$7,075 and \$25,917 for the three months ended March 31, 2009 and 2008, respectively.

6

The fair value of each option grant is estimated on the date of grant using the Black-Scholes option pricing model with the following weighed-average assumptions used for grants in the following years:

	2009	2008
Dividend yield	9.25%	7.48%
Expected volatility	20.35%	18.66%
Risk-free interest rate	2.02%	3.47%
Expected lives	8	8

The weighted-average fair value of options granted during the three months ended March 31, 2009 and 2008 was \$.19 and \$.65, respectively.

During the three months ended March 31, 2009, the following stock options were granted:

Date of Grant	Number of Employees	Number of Shares	Exercise Price	Expiration Date
1/7/09	1	14,000	\$7.12	1/7/17
1/7/09	1	61,000	6.47	1/7/17

As of March 31, 2009, there were options outstanding to purchase 601,000 shares and 925,188 shares were available for grant under the Company's 2003 Stock Option Plan. As of March 31, 2008, there were options outstanding to purchase 476,000 shares and 1,050,188 shares were available for grant under the Company's 2003 Stock Option Plan.

Recent Accounting Pronouncements

In December 2007, the FASB issued SFAS No. 141R, Business Combinations (SFAS 141R) and SFAS No. 160, Noncontrolling Interests in Consolidated Financial Statements - An Amendment of ARB No. 51 (SFAS 160). SFAS 141R and SFAS 160 require most identifiable assets, liabilities, noncontrolling interests and goodwill acquired in a business combination to be recorded at full fair value and require noncontrolling interests (previously referred to as

minority interests) to be reported as a component of equity, which changes the accounting for transactions with noncontrolling interest holders. The provisions of SFAS 141R and SFAS 160 are effective for our fiscal year beginning January 1, 2009. SFAS 141R will be applied to business combinations occurring after the effective date and SFAS 160 will be applied prospectively to all changes in noncontrolling interests, including any that existed at the effective date. The Company adopted SFAS 141R and SFAS 160 effective January 1, 2009. The adoption of these statements did not have a material effect on our financial condition or results of operations.

In March 2008, the FASB issued SFAS No. 161, *Disclosures about Derivative Instruments and Hedging Activities* an amendment of FASB Statement No. 133 (SFAS 161). SFAS 161 requires enhanced disclosures about (a) how and why derivative instruments are used, (b) how derivative instruments and related hedged items are accounted for and (c) how derivative instruments and related hedged items affect an entity's financial position, financial performance and cash flows. SFAS 161 is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008. The Company adopted SFAS 161 effective January 1, 2009. The adoption of this statement did not have a material effect on our financial condition or results of operations.

In May 2008, the FASB issued SFAS No. 162, *The Hierarchy of Generally Accepted Accounting Principles* (SFAS 162). The current hierarchy of generally accepted accounting principles is set forth in the American Institute of Certified Public Accountants (AICPA) Statement on Auditing Standards (SAS) No. 69, *The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles*. SFAS 162 is intended to improve financial reporting by identifying a consistent framework, or hierarchy, for selecting accounting principles to be used in preparing financial statements that are presented in conformity with U.S. generally accepted accounting principles for nongovernmental entities. This Statement is effective 60 days following the Securities and Exchange Commission's approval of the Public Company Oversight Board Auditing amendments to SAS 69. The Company is evaluating the impact of SFAS 162 but does not believe that the adoption of this statement will have a material effect on our financial condition or results of operations, as the Statement does not directly impact the accounting principles applied in the preparation of the Company's financial statements.

NOTE 2 NET LOSS PER SHARE AND COMPREHENSIVE LOSS

Basic net loss per share is calculated by dividing net loss by the weighted average shares outstanding for the period. Diluted net loss per share is calculated by dividing net loss by the weighted average number of common shares outstanding plus the weighted average number of net shares that would be issued upon exercise of stock options pursuant to the treasury stock method. Options in the amount of -0- and 136 shares for the three months ended March 31, 2009 and 2008, respectively, are included in the diluted weighted average shares outstanding. As of March 31, 2009 and 2008, options to purchase 601,000 and 470,000 shares, respectively, were antidilutive.

The following table sets forth the components of the Company's comprehensive loss for the three months ended March 31, 2009 and 2008:

	2009	2008
Net loss	(\$1,098,836)	(\$ 305,040)

Edgar Filing: UMH PROPERTIES, INC. - Form 10-Q

(Increase) decrease in unrealized loss on securities available for sale	681,385	(137,689)
Comprehensive loss	(\$417,451)	(\$ 442,729)

8

NOTE 3 SECURITIES AVAILABLE FOR SALE

The following table summarizes the Company's loss on securities transactions, net for the three months ended March 31, 2009 and 2008:

	2009	2008
Loss on sale of securities, net	(\$556,751)	\$ -0-
Loss on open and settled futures contracts	-0-	(650,560)
Impairment loss	(1,723,834)	-0-
Loss on securities transactions, net	(\$2,280,585)	(\$ 650,560)

During the three months ended March 31, 2009, the Company recognized a loss of \$1,723,834, due to the write-down of the carrying value of securities which were considered other than temporarily impaired. The Company also recognized a loss of \$556,751 on securities sold.

During the three months ended March 31, 2008, the Company recognized a total loss on settled and open futures contracts of \$650,560. The Company invested in futures contracts of ten-year treasury notes with the objective of reducing the risks of rolling over its fixed-rate mortgages at higher interest rates and reducing the exposure of the preferred equity and debt securities portfolio to interest rate fluctuations. As of May 15, 2008, we have settled our position in these futures contracts and no longer invest in them.

NOTE 4 DERIVATIVE INSTRUMENTS

The Company invested in futures contracts on ten-year Treasury notes with the objective of reducing the exposure of the debt securities portfolio to market rate fluctuations. In May 2008, we settled our position in these futures contracts and no longer invest in them. The notional amount of these contracts amounted to \$9,000,000 at March 31, 2008.

Changes in the market value of these derivatives have been recorded in gain (loss) on securities available for sale transactions, net with corresponding amounts recorded in other assets or other liabilities on the balance sheet. During the three months ended March 31, 2009 and 2008, the Company recorded a loss of \$-0- and \$650,560, respectively, on settled and open futures contracts. These losses are included in loss on securities transactions, net.

The Company had entered into various interest rate swap agreements to effectively convert a portion of its variable rate debt to fixed rate debt. Changes in the fair value of these agreements have been recorded as an increase or deduction from interest expense with corresponding amounts in other assets or other liabilities. The increase (decrease) in the fair value of these agreements for the three months ended March 31, 2009 and 2008 amounted to \$77,121 and (\$348,540), respectively, and has been recorded as a reduction (addition) to interest expense. The fair value of these agreements at March 31, 2009 and December 31, 2008 amounted to liabilities of \$313,813 and \$390,934, respectively, which have been included in accrued liabilities and deposits.

NOTE 5 - LOANS AND MORTGAGES PAYABLE

During the quarter ended March 31, 2009, the Company extended its mortgage on Sandy Valley Estates to April 30, 2009. Subsequently, the Company received a commitment from Bank of America to further extend this mortgage to May 1, 2010.

NOTE 6 - DIVIDEND REINVESTMENT AND STOCK PURCHASE PLAN

On February 16, 2009, the Company paid \$1,986,440 of which \$275,255 was reinvested, as a dividend of \$.18 per share to shareholders of record as of February 17, 2009.

During the three months ended March 31, 2009, the Company received, including dividends reinvested, a total of \$705,266 from the Dividend Reinvestment and Stock Purchase Plan. There were 131,430 new shares issued under the Plan.

On May 5, 2009, the Company declared a dividend of \$.18 per share to be paid June 30, 2009 to shareholders of record as of June 1, 2009.

NOTE 7 - FAIR VALUE MEASUREMENTS

On January 1, 2008, the Company adopted SFAS No. 157, Fair Value Measurements (SFAS No. 157), for financial assets and liabilities recognized at fair value on a recurring basis. We measure certain financial assets and liabilities at fair value on a recurring basis, including securities available for sale and interest rate swap agreements. The fair value of these certain financial assets and liabilities was determined using the following inputs at March 31, 2009:

Total	Fair Value Measurements at Reporting Date Using		
	Quoted Prices in Active	Significant Other	Significant Unobservable

Edgar Filing: UMH PROPERTIES, INC. - Form 10-Q

		Markets for Identical Assets (Level 1)	Observable Inputs (Level 2)	Inputs (Level 3)

(1) Included in accrued liabilities and deposits.

NOTE 8 - RELATED PARTY TRANSACTIONS

Effective January 1, 2009, the Company and Samuel A. Landy entered into a new three-year Employment Agreement under which Mr. Samuel Landy receives an annual base salary of \$300,000 for 2009, \$315,000 for 2010 and \$330,000 for 2011, subject to increases in Funds from Operations (FFO) of 3% per year or 9% over the three-year period. If this increase is not met, the salary increase will be limited to the increase in the consumer price index. Bonuses are based on performance goals relating to FFO, home sales, occupancy and acquisitions, with a maximum of 21% of salary. Mr. Samuel Landy will also receive stock options to purchase 75,000 shares in January 2009 and 25,000 shares in January 2010. Mr. Samuel Landy will receive customary fringe benefits, four weeks vacation, reimbursement of reasonable and necessary business expenses and use of an automobile. The Company will reimburse Mr. Samuel Landy for the cost of a disability insurance policy. In the event of a merger, sale or change of voting control of the Company, excluding transactions between the Company and MREIC, Mr. Samuel Landy will have the right to extend and renew this employment agreement so that the expiration date will be three years from the date of merger, sale or change of voting control, or the employee may terminate the employment agreement and be entitled to receive one year's compensation in accordance with the agreement. If there is a termination of employment by the Company for any reason, either involuntary or voluntary, including the death of the employee, the employee shall be entitled to the greater of the salary due under the remaining term of the agreement or one year's compensation at the date of termination, paid monthly over the remaining term or life of the agreement.

Effective January 1, 2009, the Company and Anna T. Chew entered into a new three-year employment agreement, under which Ms. Chew receives an annual base salary of \$248,200 for 2009, \$260,600 for 2010 and \$273,700 for 2011, plus bonuses and customary fringe benefits. Ms. Chew will also receive four weeks vacation, reimbursement of reasonable and necessary business expenses and use of an automobile. The Company will reimburse Ms. Chew for the cost of a disability insurance policy such that, in the event of the employee's disability for a period of more than 90 days, the employee will receive benefits up to 60% of her then-current salary. In the event of a merger, sale or change of voting control of the Company, excluding transactions between the Company and MREIC, the employee will have the right to extend and renew this employment agreement so that the expiration date will be three years from the date of merger, sale or change of voting control, or the employee may terminate the employment agreement and be entitled to receive one year's compensation in accordance with the agreement. If there is a termination of employment by the Company for any reason, either involuntary or voluntary, including the death of the employee, other than a termination for cause as defined by the agreement, the employee shall be entitled to the greater of the salary due under the remaining term of the agreement or one year's compensation at the date of termination, paid monthly over the remaining term or life of the agreement.

NOTE 9 - CONTINGENCIES

The Company is subject to claims and litigation in the ordinary course of business. Management does not believe that any such claim or litigation will have a material adverse effect on the consolidated balance sheet or results of operations.

NOTE 10 - SUPPLEMENTAL CASH FLOW INFORMATION

Cash paid during the three months ended March 31, 2009 and 2008 for interest was \$1,177,999 and \$1,358,251, respectively. Interest cost capitalized to Land Development was \$64,278 and \$65,000 for the three months ended March 31, 2009 and 2008, respectively. The increase (decrease) in fair value of the interest rate swap agreements amounted to \$77,121 and (\$348,540) for the three months ended March 31, 2009 and 2008, respectively.

During the three months ended March 31, 2009 and 2008, the Company had dividend reinvestments of \$275,255 and \$402,889, respectively, which required no cash transfers.

ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Overview

The following discussion and analysis of the consolidated financial condition and results of operations should be read in conjunction with the Consolidated Financial Statements and notes thereto included elsewhere herein and in our annual report on Form 10-K for the year ended December 31, 2008.

The Company is a real estate investment trust (REIT). The Company's primary business is the ownership and operation of manufactured home communities leasing manufactured home spaces on a month-to-month basis to private manufactured home owners. The Company also leases homes to residents and, through its taxable REIT subsidiary, UMH Sales and Finance, Inc. (S&F), sells and finances homes to residents and prospective residents of our communities. The Company owns twenty-eight communities containing approximately 6,800 sites. These communities are located in New Jersey, New York, Ohio, Pennsylvania and Tennessee.

The Company also holds a portfolio of securities of other REITs and home manufacturers with a balance of \$19,577,745 at March 31, 2009. The Company invests in these securities on margin from time to time when the Company can achieve an adequate yield spread and when suitable acquisitions of real property cannot be found. At March 31, 2009, the Company's portfolio consisted of 14% preferred stocks, 61% common stocks and 25% debentures. The securities portfolio provides the Company with liquidity and additional income until suitable acquisitions of real property are found.

The Company's revenue primarily consists of rental and related income from the operation of its manufactured home communities. Revenues also include sales of manufactured homes, interest and dividend income and gain (loss) on securities transactions, net. Total revenues decreased by approximately 23% from \$8,315,540 for the quarter ended March 31, 2008 to \$6,405,865 for the quarter ended March 31, 2009. This was primarily due to an increase in the loss on securities transactions, net from \$650,560 for the quarter ended March 31, 2008 to \$2,280,585 for the quarter ended March 31, 2009 and a decrease in sales of manufactured homes of \$698,243, partially offset by an increase in rental and related income and interest and dividend income. Sales of manufactured homes decreased by approximately 39% for the quarter ended March 31, 2009 as compared to the quarter ended March 31, 2008. Over the past several years, the availability of liberal lending terms for conventional housing created a difficult competitive market for sales of manufactured homes. This resulted in a loss of occupancy from approximately 86% in 2005 to approximately 80% currently. Although the conventional home lending environment has returned to more disciplined lending practices, the return to affordability and the recovery of manufactured home communities have been slow. We believe that the general economic issues, rising unemployment rate, the decline in consumer confidence, the inability of our customers to sell their current homes, and the turmoil in the credit and financial markets have

negatively impacted our home sales. Loss on securities transactions, net increased by \$1,630,025, or approximately 251% for the quarter ended March 31, 2009 as compared to the quarter ended March 31, 2008, primarily due to the \$1,723,834 write-down of

securities which were considered other than temporarily impaired. The Company had unrealized losses of approximately \$4,990,000 in its securities portfolio as of March 31, 2009. Subsequent to March 31, 2009, the REIT market has improved and as a result, our losses have been reduced. Historically, REIT share prices were not volatile. Today, they are highly volatile with price swings of 5% or more recurring frequently. REIT securities have always represented less than 10% of the market value of our total assets. The dividends received from our securities investments continue to meet our expectations and we anticipate realizing satisfactory returns. It is our intent to hold these securities long-term. As the credit markets begin to normalize, more efficient pricing should return to the securities markets.

Total expenses decreased by approximately 13% from \$8,616,325 for the quarter ended March 31, 2008 to \$7,493,198 for the quarter ended March 31, 2009. This was primarily due to a decrease in cost of sales of manufactured homes of \$482,726, a decrease in interest expense of \$405,397, and a decrease in general and administrative expenses of \$204,249. The decrease in interest expense was primarily due to the change in fair value of the Company's interest rate swaps.

Net loss increased by approximately 260% for the quarter ended March 31, 2009. This increase was due primarily to the \$1,723,834 write-down of securities which were considered other than temporarily impaired and the decrease in sales of manufactured homes.

See PART I, Item 1 Business in the Company's 2008 annual report on Form 10-K for a more complete discussion of the economic and industry-wide factors relevant to the Company and the opportunities and challenges, and risks on which the Company is focused.

Changes In Results Of Operations

Rental and related income increased 5% from \$6,254,570 for the quarter ended March 31, 2008 to \$6,556,499 for the quarter ended March 31, 2009. This was primarily due to rental increases to residents and an increase in home rental income. The Company has been raising rental rates by approximately 3% to 6% annually. Occupancy remained relatively stable at approximately 80% at both December 31, 2008 and March 31, 2009. The Company has faced many challenges in filling vacant homesites.

Interest and dividend income increased 16% from \$891,429 for the quarter ended March 31, 2008 to \$1,035,262 for the quarter ended March 31, 2009. This was primarily as a result of an increase in dividend income due to a higher weighted-average yield on securities available for sale during 2009. The weighted average yield on these securities at March 31, 2009 and 2008 was approximately 11.5% and 8.4%, respectively.

Loss on securities transactions, net for the three months ended March 31, 2009 and 2008 consisted of the following:

	2009	2008
Loss on sale of securities, net	(\$ 556,751)	\$ -0-
Impairment loss	(1,723,834)	-0-
Loss on open and settled futures contracts	-0-	(650,560)
Loss on securities transactions, net	(\$ 2,280,585)	(\$ 650,560)

Loss on securities transactions, net increased 251% from \$650,560 for the quarter ended March 31, 2008 to \$2,280,585 for the quarter ended March 31, 2009. This was due primarily to the write-down of the carrying value of securities which were considered other than temporarily impaired. The Company had unrealized losses of \$4,989,976 in its securities portfolio as of March 31, 2009. Subsequent to March 31, 2009, the REIT market has improved and as a result, our losses have been reduced. Historically, REIT share prices were not volatile. Today, they are highly volatile with price swings of 5% or more recurring frequently. REIT securities have always represented less than 10% of the total market value of our assets. The dividends received from our securities investments continue to meet our expectations. It is our intent to hold these securities long-term and we anticipate realizing satisfactory returns. As the credit markets begin to normalize, more efficient pricing should return to the securities markets. During 2008, the Company also recognized a loss on open and settled futures contracts of \$650,560. The Company invested in futures contracts of ten-year treasury notes with the objective of reducing the risks of rolling over its fixed-rate mortgages at higher interest rates and reducing the exposure of the preferred equity and debt securities portfolio to interest rate fluctuations. As of May 15, 2008, we settled our position and no longer invest in these contracts.

Community operating expenses remained relatively stable for the quarter ended March 31, 2009 as compared to the quarter ended March 31, 2008. General and administrative expenses decreased 21% from \$985,887 for the quarter ended March 31, 2008 to \$781,638 for the quarter ended March 31, 2009. The Company has been focusing on reducing costs, including operating expenses, salaries, professional fees and travel. Interest expense decreased 27% from \$1,500,658 for the quarter ended March 31, 2008 to \$1,095,261 for the quarter ended March 31, 2009. This was primarily due to the change in fair value of the Company's interest rate swaps. The change in fair value of the Company's interest rate swaps decreased interest expense by approximately \$77,000 in 2009 but increased interest expense by approximately \$349,000 in 2008. Cash paid for interest during the three months ended March 31, 2009 and 2008 amounted to \$1,177,999 and \$1,358,251, respectively. Depreciation expense and amortization expense remained relatively stable for the quarter ended March 31, 2009 as compared to the quarter ended March 31, 2008.

Sales of manufactured homes amounted to \$1,085,800 and \$1,784,043 for the quarters ended March 31, 2009 and 2008, respectively. Cost of sales of manufactured homes amounted to \$1,002,239 and \$1,484,965 for the quarters

ended March 31, 2009 and 2008, respectively. Selling expenses amounted to \$323,630 and \$408,445 for the quarters ended March 31, 2009 and 2008,

15

respectively. These decreases are directly attributable to the decrease in sales. Loss from the sales operations (defined as sales of manufactured homes less cost of sales of manufactured homes less selling expenses) amounted to \$240,069 or 22% of total sales, and \$109,367 or 6% of total sales for the quarters ended March 31, 2009 and 2008, respectively. The Company believes that sales of new homes produces new rental revenue and is an investment in the upgrading of the communities.

Income from community operations (defined as rental and related income less community operating expenses) increased 9% from \$3,072,394 for the quarter ended March 31, 2008 to \$3,345,813 for the quarter ended March 31, 2009.

Liquidity And Capital Resources

The Company's principal liquidity demands have historically been, and are expected to continue to be, distributions to the Company's stockholders, acquisitions, capital improvements, development and expansions of properties, debt service, purchases of manufactured home inventory, investment in debt and equity securities of other REITs and payments of expenses relating to real estate operations. The Company's ability to generate cash adequate to meet these demands is dependent primarily on income from its real estate investments and securities portfolio, the sale of real estate investments and securities, refinancing of mortgage debt, leveraging of real estate investments, availability of bank borrowings, proceeds from the DRIP, and access to the capital markets.

As of March 31, 2009, the Company owned securities available for sale of \$19,577,745, subject to margin loans of \$4,826,276. These marketable securities provide the Company with additional liquidity. The REIT securities market has been driven to inordinately low prices and high yields. This has resulted in substantial unrealized losses in our holdings. We believe this to be the result of indiscriminate selling and not the result of normal pricing considerations. Subsequent to March 31, 2009, the REIT market has improved and as a result our losses have been reduced. The dividends received from our securities investments continue to meet our expectations. It is our intent to hold these securities long-term and anticipate realizing satisfactory returns.

Net cash provided by operating activities increased 59% from \$1,909,309 for the quarter ended March 31, 2008 to \$3,029,409 for the quarter ended March 31, 2009. This was primarily due to the add-back of the non-cash impairment charge for securities which were considered other than temporarily impaired. The Company received, including dividends reinvested of \$275,255, new capital of \$705,266 through its Dividend Reinvestment and Stock Purchase Plan (DRIP). Mortgages and loans payable decreased by approximately \$887,000. The Company extended its mortgage on Sandy Valley Estates to April 30, 2009. Subsequently, the Company received a commitment from Bank of America to further extend this mortgage to May 1, 2010.

The Company believes that funds generated from operations together with the financing and refinancing of its properties will be sufficient to meet its needs over the next several years.

Funds From Operations

Funds from Operations (FFO) is defined as net income excluding gains (or losses) from sales of depreciable assets, plus depreciation. FFO should be considered as a supplemental measure of operating performance used by real estate investment trust (REITs). FFO excludes historical cost depreciation as an expense and may facilitate the comparison of REITs which have different cost bases. The items excluded from FFO are significant components in understanding and assessing the Company's financial performance. FFO (1) does not represent cash flow from operations as defined by generally accepted accounting principles; (2) should not be considered as an alternative to net income as a measure of operating performance or to cash flows from operating, investing and financing activities; and (3) is not an alternative to cash flow as a measure of liquidity. FFO, as calculated by the Company, may not be comparable to similarly entitled measures reported by other REITs.

The Company's FFO for the quarter ended March 31, 2009 and 2008 is calculated as follows:

	2009	2008
Net Loss	(\$1,098,836)	(\$ 305,040)
Loss on Sales of		
Depreciable Assets	11,503	4,255
Depreciation Expense	1,030,874	1,014,750
FFO	(\$56,459)	\$713,965

The following are the cash flows provided (used) by operating, investing and financing activities for the three months ended March 31, 2009 and 2008:

	2009	2008
Operating Activities	\$3,029,409	\$1,909,309
Investing Activities	(692,906)	(2,979,403)
Financing Activities	(2,168,185)	787,560
