1. Summary of Significant Accounting Policies

Nature of Operations

Macy's, Inc. and subsidiaries (the "Company") is an omnichannel retail organization operating stores, websites and mobile applications under three brands (Macy's, Bloomingdale's and Bluemercury) that sell a wide range of merchandise, including apparel and accessories (men's, women's and children's), cosmetics, home furnishings and other consumer goods. The Company's operations include approximately 900 Macy's, Macy's Backstage, Bloomingdale's, Bloomingdales Outlet and Bluemercury stores in 45 states, the District of Columbia, Guam and Puerto Rico, as well as macys.com, bloomingdales.com and bluemercury.com. In addition, Bloomingdale's in Dubai, United Arab Emirates is operated under a license agreement with Al Tayer Insignia, a company of Al Tayer Group, LLC.

In August 2015, the Company established a joint venture, Macy's China Limited, of which the Company holds a sixty-five percent ownership interest and Hong Kong-based Fung Retailing Limited holds the remaining thirty-five percent ownership interest. Macy's China Limited will begin selling merchandise in China in the fourth quarter of 2015 through an e-commerce presence on Alibaba Group's Tmall Global. The Consolidated Financial Statements include the accounts of Macy's, Inc. and the newly established majority-owned subsidiary, Macy's China Limited. The noncontrolling interest represents the Fung Retailing Limited's thirty-five percent proportionate share of the results of Macy's China Limited. All intercompany transactions and balances have been eliminated in consolidation.

A description of the Company's significant accounting policies is included in the Company's Annual Report on Form 10-K for the fiscal year ended January 31, 2015 (the "2014 10-K"). The accompanying Consolidated Financial Statements should be read in conjunction with the Consolidated Financial Statements and notes thereto in the 2014 10-K.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Such estimates and assumptions are subject to inherent uncertainties, which may result in actual amounts differing from reported amounts.

The Consolidated Financial Statements for the 13 and 39 weeks ended October 31, 2015 and November 1, 2014, in the opinion of management, include all adjustments (consisting only of normal recurring adjustments) considered necessary to present fairly, in all material respects, the consolidated financial position and results of operations of the Company.

Seasonality

Because of the seasonal nature of the retail business, the results of operations for the 13 and 39 weeks ended October 31, 2015 and November 1, 2014 (which do not include the Christmas season) are not necessarily indicative of such results for the full fiscal year.

Reclassifications

Certain reclassifications were made to prior years' amounts to conform with the classifications of such amounts for the most recent fiscal period.

Comprehensive Income

Total comprehensive income represents the change in equity during a period from sources other than transactions with shareholders and, as such, includes net income. For the Company, the only other component of total comprehensive income for the 13 and 39 weeks ended October 31, 2015 and November 1, 2014 is the amortization of post employment and postretirement plan items. These reclassifications out of accumulated other comprehensive loss are included in the computation of net periodic benefit cost (income) and are included in selling, general and administrative expenses on the Consolidated Statements of Income. See Note 4, "Benefit Plans," for further

information.

In addition to the stock options, restricted stock and restricted stock units reflected in the foregoing tables, stock options to purchase 6.2 million shares of common stock and restricted stock units relating to 0.7 million shares of common stock were outstanding at October 31, 2015, but were not included in the computation of diluted earnings per share for the 13 or 39 weeks ended October 31, 2015 because their inclusion would have been antidilutive or they were subject to performance conditions that had not been met.

In addition to the stock options, restricted stock and restricted stock units reflected in the foregoing tables, stock options to purchase 3.2 million shares of common stock and restricted stock units relating to 0.9 million shares of common stock were outstanding at November 1, 2014, but were not included in the computation of diluted earnings per share for the 13 or 39 weeks ended November 1, 2014 because their inclusion would have been antidilutive or they were subject to performance conditions that had not been met.

3. Financing Activities

The following table shows the detail of debt repayments:

	39 Weeks Ended	
	October 31, 2015	November 1, 2014
	(millions)	
7.5% Senior debentures due 2015	\$69	\$—

9.75% amortizing debentures due 2021	2	2
Capital leases and other obligations	1	3
	\$152	\$462

On June 1, 2015, the Company repaid \$69 million of 7.5% senior debentures at maturity. On August 17, 2015, the Company redeemed at par the principal amount of \$76 million of 8.125% senior debentures due 2035, pursuant to the terms of the debentures. Interest expense in 2015 benefited from the recognition of unamortized debt premium associated with this debt.

On May 23, 2014, the Company issued \$500 million aggregate principal amount of 3.625% senior unsecured notes due 2024. On July 15, 2014, the Company repaid \$453 million of 5.75% senior unsecured notes at maturity.

The Company is party to a \$1,500 million unsecured commercial paper program. The Company may issue and sell commercial paper in an aggregate amount outstanding at any particular time not to exceed its then-current combined borrowing availability under the bank credit agreement with certain financial institutions. As of October 31, 2015, the Company had \$791 million of seasonal borrowings outstanding under this commercial paper program at a weighted average interest rate of 0.42% and with a weighted average maturity of less than ten days.

During the 39 weeks ended October 31, 2015, the Company repurchased approximately 30.6 million shares of its common stock pursuant to existing stock purchase authorizations for a total of approximately \$1,837 million. As of October 31, 2015, the Company had \$695 million of authorization remaining under its share repurchase program. The Company may continue or, from time to time, suspend repurchases of shares under its share repurchase program, depending on prevailing market conditions, alternate uses of capital and other factors.

4. Benefit Plans

The Company has defined contribution plans which cover substantially all employees who work 1,000 hours or more in a year. In addition, the Company has a funded defined benefit plan ("Pension Plan") and an unfunded defined benefit supplementary retirement plan ("SERP"), which provides benefits, for certain employees, in excess of qualified plan limitations. Effective January 1, 2012, the Pension Plan was closed to new participants, with limited exceptions, and effective January 2, 2012, the SERP was closed to new participants.

In February 2013, the Company announced changes to the Pension Plan and SERP whereby eligible employees no longer earn future pension service credits after December 31, 2013, with limited exceptions. All retirement benefits attributable to service in subsequent periods are provided through defined contribution plans.

In addition, certain retired employees currently are provided with specified health care and life insurance benefits ("Postretirement Obligations"). Eligibility requirements for such benefits vary, but generally state that benefits are available to eligible employees who were hired prior to a certain date and retire after a certain age with specified years of service. Certain employees are subject to having such benefits modified or terminated.

MACY'S, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

(Unaudited)

Other financial instruments not measured at fair value on a recurring basis include cash and cash equivalents, receivables, short-term debt, merchandise accounts payable, accounts payable and accrued liabilities and long-term debt. With the exception of long-term debt, the carrying amount approximates fair value because of the short maturity of these instruments. The fair values of long-term debt, excluding capitalized leases, are generally estimated based on quoted market prices for identical or similar instruments, and are classified as Level 2 measurements within the hierarchy as defined by applicable accounting standards.

The following table shows the estimated fair value of the Company's long-term debt:

	October 31, 2015			November 1, 2014		
	Notional Amount (millions)	Carrying Amount	Fair Value	Notional Amount	Carrying Amount	Fair Value
Long-term debt	\$6,933	\$7,078	\$7,268	\$6,947	\$7,114	\$7,747

The following table shows certain of the Company's non-financial assets that were measured at fair value on a nonrecurring basis during 2015:

	October 31, 2015			
	Total	Fair Value Measurements		
(millions)		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Long-lived assets held and used	\$39	\$—	\$—	\$39

The carrying value of long-lived assets is periodically reviewed by the Company whenever events or changes in circumstances indicate that a potential impairment has occurred. For long-lived assets held for use, a potential impairment has occurred if projected future undiscounted cash flows are less than the carrying value of the assets. The estimate of cash flows includes management's assumptions of cash inflows and outflows directly resulting from the use of those assets in operations. When a potential impairment has occurred, an impairment write-down is recorded if the carrying value of the long-lived asset exceeds its fair value.

The Company has announced a plan to dispose of certain underperforming Macy's stores before the end of their previously estimated useful lives as the Company works to optimize its omnichannel approach to customers across America. As a result, impairment reviews of the Company's long-lived assets were required and estimated cash flows have been revised accordingly. As part of this impairment review during the third quarter of 2015, long-lived assets held and used with a carrying value of \$150 million were written down to their fair value of \$39 million, resulting in asset impairment charges of \$111 million. Additionally, related liabilities will arise such as severance, contractual obligations and other accruals associated with store closings when the final determination is made regarding which Macy's stores will be closed. The Company estimates these liabilities based on the facts and circumstances in existence for each restructuring decision. The amounts the Company will ultimately realize or disburse could differ from the amounts assumed in arriving at the asset impairment charges recorded and any restructuring charge recorded in the future.

The Company believes its estimated cash flows are sufficient to support the carrying value of its long-lived assets. If estimated cash flows significantly differ in the future, the Company may be required to record additional asset

impairment write-downs.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

For purposes of the following discussion, all references to "third quarter of 2015" and "third quarter of 2014" are to the Company's 13-week fiscal periods ended October 31, 2015 and November 1, 2014, respectively, and all references to "2015" and "2014" are to the Company's 39-week fiscal periods ended October 31, 2015 and November 1, 2014, respectively.

The following discussion should be read in conjunction with the Consolidated Financial Statements and the related notes included elsewhere in this report, as well as the financial and other information included in the 2014 10-K. The following discussion contains forward-looking statements that reflect the Company's plans, estimates and beliefs. The Company's actual results could materially differ from those discussed in these forward-looking statements. Factors that could cause or contribute to those differences include, but are not limited to, those discussed below and elsewhere in this report (particularly in "Forward-Looking Statements") and in the 2014 10-K (particularly in "Risk Factors"). This discussion includes non-GAAP financial measures. For information about these measures, see the disclosure under the caption "Important Information Regarding Non-GAAP Financial Measures" on page 27.

Overview

The Company is an omnichannel retail organization operating stores, websites and mobile applications under three brands (Macy's, Bloomingdale's and Bluemercury) that sell a wide range of merchandise, including apparel and accessories (men's, women's and children's), cosmetics, home furnishings and other consumer goods. The Company's operations include approximately 900 Macy's, Macy's Backstage, Bloomingdale's, Bloomingdales Outlet and Bluemercury stores in 45 states, the District of Columbia, Guam and Puerto Rico, as well as macys.com, bloomingdales.com and bluemercury.com. In addition, Bloomingdale's in Dubai, United Arab Emirates is operated under a license agreement with Al Tayer Insignia, a company of Al Tayer Group, LLC.

The Company continues to be focused on three key strategies for continued growth in sales, earnings and cash flow in the years ahead: (i) maximizing the My Macy's localization initiative; (ii) driving the omnichannel business; and (iii) embracing customer centricity, including engaging customers on the selling floor through the Magic Selling program.

Through the My Macy's localization initiative, the Company has invested in talent, technology and marketing which ensures that core customers surrounding each Macy's store find merchandise assortments, size ranges, marketing programs and shopping experiences that are custom-tailored to their needs. My Macy's has provided for more local decision-making in every Macy's community, and involves tailoring merchandise assortments, space allocations, service levels, visual merchandising and special events on a store-by-store basis.

The Company's omnichannel strategy allows customers to shop seamlessly in stores and online, via desktops, laptops or mobile devices. A pivotal part of the omnichannel strategy is the Company's ability to allow associates in any store to sell a product that may be unavailable locally by shipping merchandise from other stores or customer fulfillment centers to the customer's door. Likewise, the Company's customer fulfillment centers can draw on store inventories nationwide to fill orders that originate online, via desktops, laptops or mobile devices. Nearly all Macy's and Bloomingdale's stores are fulfilling orders from other stores and/or online for shipment and fulfilling orders for store pick-up related to online purchases. Starting November 1, 2014, same-day delivery pilots were tested in eight Macy's markets and four Bloomingdale's markets. As of October 31, 2015, the Company currently operates same-day delivery in 17 markets.

Macy's Magic Selling program is an approach to customer engagement that helps Macy's to better understand the needs of customers, as well as to provide options and advice. This comprehensive ongoing training and coaching program is designed to improve the in-store shopping experience and all other customer interactions.

In January 2015, the Company announced a series of initiatives, including a restructuring of merchandising and marketing functions consistent with its omnichannel approach to retailing, as well as a series of adjustments to its field and store operations designed to increase productivity and efficiency. These changes are intended to support continued growth and an enhanced shopping experience online and via mobile, as well as in stores.

The Company is also focused on driving additional profitable sales growth through a series of organic and new business initiatives. The initiatives include a focus on key categories (e.g., active, dresses and jewelry), key store locations, loyalty programs, gift registry and wedding offerings, best and private brands, off-price, international and new store formats.

MACY'S, INC.

In March 2015, the Company completed its acquisition of Bluemercury, Inc., a luxury beauty products and spa retailer. The Company is focused on accelerating the growth of sales in self-standing Bluemercury stores in urban and suburban markets, enhancing Bluemercury's online capabilities and adding selected Bluemercury products and boutiques to Macy's stores nationwide.

In May 2015, the Company helped launch Plenti, the innovative loyalty program that brings powerful brands together to give customers the chance to earn and redeem points where they choose. The loyalty program is free to join and members earn points on virtually all purchases at Macy's and other businesses that have joined as Plenti partners. Additionally, in May and June 2015, the Company announced the first six pilot stores in Macy's new off-price business, Macy's Backstage, to be opened in the New York City metro area. As of October 31, 2015, five Macy's Backstage stores are open, and the sixth is expected to open in the fourth quarter of 2015. The Macy's Backstage locations average about 30,000 square feet and sell an assortment of women's, men's and children's apparel, shoes, fashion accessories, housewares, home textiles, intimate apparel and jewelry.

In August 2015, the Company established a joint venture, Macy's China Limited, of which the Company holds a sixty-five percent ownership interest and Hong Kong-based Fung Retailing Limited holds the remaining thirty-five percent ownership interest. Macy's China Limited began selling merchandise in China in the fourth quarter of 2015 through an e-commerce presence on Alibaba Group's Tmall Global. The Company's periodic reporting now includes the consolidated results of operations of Macy's China Limited, with the thirty-five percent ownership reported as a noncontrolling interest.

Also in August 2015, the Company announced a real estate transaction related to its Brooklyn store location. The Company is selling the top five floors of its nine-story retail location as well as the air rights above the store and a related parking garage facility. Upon closing, the Company will receive \$170 million in fiscal 2015 and is expected to receive another \$100 million over the next three years to be used towards a redevelopment of this Macy's store location. As a result of this transaction, the Company is expected to record a gain of approximately \$250 million in the fourth quarter of fiscal 2015.

In October 2015, the Company announced a real estate transaction related to its downtown Seattle store location. The Company has sold the top four floors of underutilized space in this retail location for \$65 million in cash. As a result of this transaction, the Company recorded a gain of approximately \$57 million in the third quarter of 2015.

The Company has begun to explore joint ventures or other deal structures with third parties to redevelop Macy's flagship real estate assets in Manhattan (Herald Square), San Francisco (Union Square), Chicago (State Street) and Minneapolis (downtown Nicollet Mall) in a manner that maintains Macy's retail store presence while also bringing alternative use into those buildings. This exploration will also include other assets, including mall-based properties. The Company will also continue to pursue selected real estate dispositions and monetize assets in instances where the business is simultaneously enhanced or where the value of real estate significantly outweighs the value of the retail business. After extensive review with the assistance of experienced financial, tax, legal and real estate advisors, the Company has decided not to pursue the formation of a REIT at this time.

During 2015, the Company opened one new Macy's store and five new Macy's Backstage stores. Additionally, 16 new Bluemercury stores have opened since the acquisition in March. In November 2015, the Company opened a new Bloomingdale's store, and in the remainder of fiscal 2015, the Company intends to open three new Bloomingdale's Outlet stores and one new Macy's Backstage store. The Company has closed four Macy's stores in 2015 and plans to close 35 to 40 of its Macy's and Bloomingdale's stores in early 2016. The Company opened three new Macy's stores and one Bloomingdale's replacement store and closed six Macy's stores and one Bloomingdale's store in 2014.

The Company's operations are impacted by competitive pressures from department stores, specialty stores, mass merchandisers, online retailers and all other retail channels. The Company's operations are also impacted by general consumer spending levels, including the impact of general economic conditions, consumer disposable income levels, consumer confidence levels, the availability, cost and level of consumer debt, the costs of basic necessities and other goods and the effects of weather or natural disasters and other factors over which the Company has little or no control. In recent years, consumer spending levels have been affected to varying degrees by a number of factors, including modest economic growth, uncertainty regarding governmental spending and tax policies, employment levels,

tightened consumer credit, an improving housing market and a rising stock market. In addition, consumer spending levels of international customers are impacted by the strength of the U.S. dollar relative to foreign currencies. These factors have affected to varying degrees the amount of funds that consumers are willing and able to spend for discretionary purchases, including purchases of some of the merchandise offered by the Company.

MACY'S, INC.

All economic conditions ultimately affect the Company's overall operations. However, the effects of economic conditions can be experienced differently and at different times, in the various geographic regions in which the Company operates, in relation to the different types of merchandise that the Company offers for sale, or in relation to each of the Company's branded operations.

Based on its assessment of current and anticipated market conditions and its recent performance, the Company now expects comparable sales on an owned plus licensed basis for fiscal 2015 to be down approximately 1.8% to 2.2% from 2014 levels, with comparable sales on an owned basis approximately 50 basis points lower. The Company currently expects that its total sales in fiscal 2015 will decrease approximately 2.7% to 3.1% from 2014 levels, reflecting Macy's store locations closed at the end of fiscal 2014 and a reduction in sales of private label goods to third parties, as well as lower comparable sales. The Company currently expects that its earnings per share attributable to Macy's, Inc. in fiscal 2015 will be in the range of \$4.20 to \$4.30, excluding the impact of asset impairment charges associated primarily with previously announced store closings. Earnings guidance for 2015 includes gains from asset sales, including approximately \$60 million from the sale of real estate in Seattle and an expected \$250 million gain on the sale of real estate in downtown Brooklyn.

In addition, the Company intends to reduce expenses and tighten capital expenditures to operate more efficiently in the coming years, while continuing to fund the highest-potential growth initiatives.

Diluted Earnings Per Share Attributable to Macy's, Inc. Shareholders

Diluted earnings per share for the third quarter of 2015 decreased \$0.25 or 41% compared to the third quarter of 2014, reflecting lower net income, partially offset by lower average diluted shares.

Net Income Attributable to Macy's, Inc. Shareholders

Net income attributable to Macy's, Inc. shareholders for the third quarter of 2015 decreased \$99 million or 45.6% compared to the third quarter of 2014, reflecting lower net sales and gross margin in dollars and asset impairment charges, partially offset by lower selling, general and administrative ("SG&A") expenses in dollars and lower interest and tax expenses.

MACY'S, INC.

Net Sales

Net sales for the third quarter of 2015 decreased \$321 million or 5.2% compared to the third quarter of 2014. The decrease in comparable sales on an owned basis for the third quarter of 2015 was 3.9% compared to the third quarter of 2014. The decrease in comparable sales on an owned plus licensed basis for the third quarter of 2015 was 3.6% compared to the third quarter of 2014. The warm weather across the country negatively impacted sales in the third quarter of 2015, although sales in the western regions performed better relative to the rest of the country. Sales at locations that are frequented by international tourists, such as New York City, Las Vegas, San Francisco and Chicago, continued to be negatively impacted by lower levels of spending by these tourists. Sales in the third quarter of 2015 were also impacted by a reduction in sales of private label goods to third parties. By family of business, sales in the third quarter of 2015 were strongest in the active apparel for men, women and kids, furniture, mattresses and soft home, including textiles and tabletop. Sales in the third quarter of 2015 were weaker in cold weather categories.

Cost of Sales

Cost of sales for the third quarter of 2015 decreased \$229 million and the cost of sales rate as a percent to net sales decreased 60 basis points from the third quarter of 2014 to 60.2% for the third quarter of 2015. The cost of sales rate benefited from the reduction in sales of our private brand merchandise to third parties during the third quarter of 2015. The application of the last-in, first-out (LIFO) retail inventory method did not result in the recognition of any LIFO charges or credits affecting cost of sales in either period.

Selling, General and Administrative Expenses

SG&A expenses for the third quarter of 2015 decreased \$39 million or 1.9% from the third quarter of 2014. Although SG&A expenses decreased on a dollar basis, the SG&A rate as a percent to net sales of 33.5% was 110 basis points higher in the third quarter of 2015, as compared to the third quarter of 2014 due to lower net sales in the third quarter of 2015. SG&A expenses in the third quarter of 2015 benefited from a shift in marketing expense from the third quarter of 2015 into the fourth quarter of 2015, expense benefits from the restructuring initiatives announced in January 2015, and also included \$78 million of gains on the sales of office buildings, stores and surplus properties, partially offset by start-up expenses associated with the Company's growth initiatives, continued investments in the Company's omnichannel operations, investments in Bluemercury, Macy's Backstage and Macy's China Limited, higher depreciation and amortization expense, and lower income from credit operations. The third quarter of 2014 included gains on the sale of or lease settlements related to office buildings, stores and surplus properties of \$48 million. Depreciation and amortization expense was \$271 million for the third quarter of 2015, compared to \$263 million for the third quarter of 2014. Income from credit operations was \$177 million in the third quarter of 2015, compared to \$182 million in the third quarter of 2014, reflecting the reissuance of chip enhanced co-branded credit cards during the third quarter of 2015.

Asset Impairments

Asset impairment charges were \$111 million for the third quarter of 2015 and related primarily to the Company's previously announced plans to close 35 to 40 stores in early 2016.

Net Interest Expense

Net interest expense for the third quarter of 2015 decreased \$16 million from the third quarter of 2014 and benefited from the recognition of unamortized debt premium associated with the \$76 million of 8.125% senior debentures due 2035 which were redeemed at par on August 17, 2015, pursuant to the terms of the debentures.

Effective Tax Rate

The Company's effective tax rate of 34.6% for the third quarter of 2015 and 33.5% for the third quarter of 2014 differ from the federal income tax statutory rate of 35%, and on a comparative basis, principally because of the effect of state and local income taxes, including the settlement of various tax issues and tax examinations.

Diluted Earnings Per Share Attributable to Macy's, Inc. Shareholders

Diluted earnings per share for 2015 decreased \$.45 or 22.4% compared to 2014, reflecting lower net income, partially offset by lower average diluted shares.

Net Income Attributable to Macy's, Inc. Shareholders

Net income attributable to Macy's, Inc. shareholders for 2015 decreased \$205 million or 28% compared to 2014, reflecting lower net sales and gross margin in dollars, higher SG&A expenses and asset impairment charges, partially offset by lower interest and tax expenses.

Net Sales

Net sales for 2015 decreased \$531 million or 2.8% compared to 2014. The decrease in comparable sales on an owned basis for 2015 was 2.2% compared to 2014. The decrease in comparable sales on an owned plus licensed basis for 2015 was 1.7% compared to 2014. Sales in the southern regions continued to perform better relative to northern regions in 2015, while sales at locations that are frequented by international tourists, such as New York City, Las Vegas, San Francisco and Chicago, were negatively impacted by lower levels of spending by these tourists. Sales in 2015 were also negatively impacted by unseasonable weather and a reduction in sales of private label goods to third parties. By family of business, sales in 2015 were strongest in active apparel, furniture and mattresses. Sales in 2015 were weaker in fashion jewelry, watches, tabletop and housewares.

Cost of Sales

Cost of sales for 2015 decreased \$327 million and the cost of sales rate as a percent to net sales decreased 10 basis points from 2014 to 60.1% for 2015. The application of the last-in, first-out (LIFO) retail inventory method did not result in the recognition of any LIFO charges or credits affecting cost of sales in either period.

MACY'S, INC.

Selling, General and Administrative Expenses

SG&A expenses for 2015 increased \$18 million or 0.3% from 2014. The SG&A rate as a percent to net sales of 33.2% was 110 basis points higher in 2015, as compared to 2014. SG&A expenses in 2015 were negatively impacted by expenses associated with the Company's growth initiatives, continued investments in the Company's omnichannel operations, investments in Bluemercury, Macy's Backstage and Macy's China Limited and higher depreciation and amortization expense, partially offset by higher gains on the sales of or lease settlements related to office buildings, stores and surplus properties, higher income from credit operations and expense benefits from the restructuring initiatives announced in January 2015. SG&A expenses included \$100 million and \$56 million, respectively, of gains on the sales of or lease settlements related to office buildings, stores and surplus properties in 2015 and 2014. Depreciation and amortization expense was \$791 million in 2015, compared to \$770 million in 2014. Income from credit operations was \$551 million in 2015, compared to \$536 million in 2014, reflecting continued profitability of the portfolio.

Asset Impairments

Asset impairment charges were \$111 million for 2015 and related primarily to the Company's previously announced plans to close 35 to 40 stores in early 2016.

Net Interest Expense

Net interest expense for 2015 decreased \$28 million from 2014. Net interest expense for 2015 benefited from lower rates on outstanding borrowings as compared to 2014 and from the recognition of unamortized debt premium associated with the \$76 million of 8.125% senior debentures due 2035 which were redeemed at par on August 17, 2015, pursuant to the terms of the debentures.

Effective Tax Rate

The Company's effective tax rate of 36.9% for 2015 and 35.7% for 2014 differ from the federal income tax statutory rate of 35%, and on a comparative basis, principally because of the effect of state and local income taxes, including the settlement of various tax issues and tax examinations.

Important Information Regarding Non-GAAP Financial Measures

The Company reports its financial results in accordance with generally accepted accounting principles (GAAP). However, management believes that certain non-GAAP financial measures provide users of the Company's financial information with additional useful information in evaluating operating performance. Management believes that providing changes in comparable sales on an owned plus licensed basis, which includes the impact of growth in comparable sales of departments licensed to third parties, supplementally to its results of operations calculated in accordance with GAAP assists in evaluating the Company's ability to generate sales growth, whether through owned businesses or departments licensed to third parties, on a comparable basis, and in evaluating the impact of changes in the manner in which certain departments are operated. Management also believes that the combined measure is useful in assessing changes in total customer demand at Macy's and Bloomingdale's stores.

See the table below for supplemental financial data and a corresponding reconciliation to the most directly comparable GAAP financial measure. The Company's non-GAAP financial measures should be viewed as supplementing, and not as an alternative or substitute for, the Company's financial results prepared in accordance with GAAP. Certain of the items that may be excluded or included in this non-GAAP financial measure may be significant items that could impact the Company's financial position, results of operations and cash flows and should therefore be considered in assessing the Company's actual financial condition and performance. Additionally, the amounts received by the Company on account of sales of departments licensed to third parties are limited to commissions received on such sales. The methods used by the Company to calculate its non-GAAP financial measures may differ significantly from methods used by other companies to compute similar measures. As a result, any non-GAAP financial measures presented herein may not be comparable to similar measures provided by other companies.

	Third Quarter of 2015		Third Quarter of 2014	
Decrease in comparable sales on an owned basis (note 1)	(3.9)%	(1.4)%
Impact of growth in comparable sales of departments licensed to third parties (note 2)	0.3	%	0.7	%
Decrease in comparable sales on an owned plus licensed basis	(3.6)%	(0.7)%
	2015		2014	
Increase (decrease) in comparable sales on an owned basis (note 1)	(2.2)%	0.1	%
Impact of growth in comparable sales of departments licensed to third parties (note 2)	0.5	%	0.7	%
Increase (decrease) in comparable sales on an owned plus licensed basis	(1.7)%	0.8	%

Notes:

- Represents the period-to-period percentage change in net sales from stores in operation throughout the year presented and the immediately preceding year and all online sales, excluding commissions from departments
- (1) licensed to third parties. Stores undergoing remodeling, expansion or relocation remain in the comparable sales calculation unless the store is closed for a significant period of time. Definitions and calculations of comparable sales differ among companies in the retail industry.
 - (2) Represents the impact of including the sales of departments licensed to third parties occurring in stores in operation throughout the year presented and the immediately preceding year and via the Internet in the calculation of comparable sales. The Company licenses third parties to operate certain departments in its stores and online and receives commissions from these third parties based on a percentage of their net sales. In its financial statements prepared in conformity with GAAP, the Company includes these commissions (rather than the sales of the departments licensed to third parties) in its net sales. The Company does not, however, include any amounts in respect of licensed department sales (or any commissions earned on such sales) in its comparable sales in accordance with GAAP (i.e., on an owned basis). The Company believes that the amounts of commissions earned

on sales of departments licensed to third parties are not material to its results of operations for the periods presented.

Liquidity and Capital Resources

The Company's principal sources of liquidity are cash from operations, cash on hand and the credit facility described below.

Operating Activities

Net cash provided by operating activities in 2015 was \$278 million, compared to \$841 million provided in 2014, and reflects lower net income, a larger increase in merchandise inventories net of merchandise accounts payable, and a larger decrease in accounts payable, accrued liabilities and other items not separately identified in 2015 as compared to 2014.

Investing Activities

Net cash used by investing activities was \$861 million in 2015, compared to net cash used by investing activities of \$660 million in 2014. Investing activities for 2015 include the acquisition of Bluemercury, Inc., net of cash acquired, for \$212 million. Investing activities for 2015 also include purchases of property and equipment totaling \$591 million and capitalized software of \$249 million, compared to purchases of property and equipment totaling \$547 million and capitalized software of \$190 million for 2014. Investing activities in 2015 included the impact of a real estate transaction related to the Company's downtown Seattle store location. The Company has sold the top four floors of underutilized space in this retail location for \$65 million in cash. As a result of this transaction, the Company recorded a gain of approximately \$57 million in the third quarter of 2015. Investing activities for 2015 and 2014 also include the impact of qualified escrow accounts that are utilized for potential tax deferred like-kind exchange transactions. In August 2015, the Company announced a real estate transaction related to its Brooklyn store location. The Company is selling the top five floors of its nine-story retail location as well as the air rights above it and a related parking garage facility. Upon closing, the Company will receive \$170 million in fiscal 2015 and is expected to receive another \$100 million over the next three years to be used towards a redevelopment of this Macy's store location. As a result of this transaction, the Company is expected to record a gain of approximately \$250 million in the fourth quarter of fiscal 2015.

The Company has begun to explore joint ventures or other deal structures with third parties to redevelop Macy's flagship real estate assets in Manhattan (Herald Square), San Francisco (Union Square), Chicago (State Street) and Minneapolis (downtown Nicollet Mall) in a manner that maintains Macy's retail store presence while also bringing alternative use into those buildings. This exploration will also include other assets, including mall-based properties. The Company will also continue to pursue selected real estate dispositions and monetize assets in instances where the business is simultaneously enhanced or where the value of real estate significantly outweighs the value of the retail business. After extensive review with the assistance of experienced financial, tax, legal and real estate advisors, the Company has decided not to pursue the formation of a REIT at this time.

Financing Activities

Net cash used by the Company for financing activities was \$1,189 million for 2015, including \$1,785 million for the acquisition of the Company's common stock, primarily under its share repurchase program, the payment of \$344 million of cash dividends, and \$152 million of debt repayments, partially offset by the issuance of \$791 million of commercial paper debt, an increase in outstanding checks of \$136 million and \$160 million from the issuance of common stock, primarily related to the exercise of stock options.

During 2015, the Company repurchased approximately 30.6 million shares of its common stock pursuant to existing stock purchase authorizations for a total of approximately \$1,837 million. As of October 31, 2015, the Company had \$695 million of authorization remaining under its share repurchase program. The Company may continue or, from time to time, suspend repurchases of shares under its share repurchase program, depending on prevailing market conditions, alternate uses of capital and other factors.

On June 1, 2015, the Company repaid \$69 million of 7.5% senior debentures at maturity. On August 17, 2015, the Company redeemed at par the principal amount of \$76 million of 8.125% senior debentures due 2035, pursuant to the terms of the debentures. Interest expense in 2015 benefited from the recognition of unamortized debt premium associated with the \$76 million of 8.125% senior debentures.

The Company is party to a \$1,500 million unsecured commercial paper program. The Company may issue and sell commercial paper in an aggregate amount outstanding at any particular time not to exceed its then-current combined borrowing availability under the bank credit agreement with certain financial institutions. As of October 31, 2015, the Company had \$791 million of seasonal borrowings outstanding under this commercial paper program at a weighted average interest rate of 0.42% and with a weighted average maturity of less than ten days.

MACY'S, INC.

Net cash used by the Company for financing activities was \$1,406 million for 2014, including \$1,456 million for the acquisition of the Company's common stock, primarily under its share repurchase program, the payment of \$314 million of cash dividends and the repayment of \$462 million of debt, partially offset by the issuance of \$500 million aggregate principal amount of 3.625% senior unsecured notes due 2024, an increase in outstanding checks of \$123 million and \$208 million from the issuance of common stock, primarily related to the exercise of stock options.

The Company is a party to a credit agreement with certain financial institutions that requires the Company to maintain a specified interest coverage ratio for the latest four quarters of no less than 3.25 and a specified leverage ratio as of and for the latest four quarters of no more than 3.75. The Company's interest coverage ratio for the third quarter of 2015 was 9.62 and its leverage ratio at October 31, 2015 was 2.10, in each case as calculated in accordance with the credit agreement.

On November 9, 2015, the Company's Board of Directors declared a quarterly dividend of 36 cents per share on its common stock, payable January 4, 2016 to Macy's shareholders of record at the close of business on December 15, 2015.

Liquidity and Capital Resources Outlook

Management believes that, with respect to the Company's current operations, cash on hand and funds from operations, together with its credit facility and other capital resources, will be sufficient to cover the Company's reasonably foreseeable working capital, capital expenditure and debt service requirements and other cash requirements in both the near term and over the longer term. The Company's ability to generate funds from operations may be affected by numerous factors, including general economic conditions and levels of consumer confidence and demand; however, the Company expects to be able to manage its working capital levels and capital expenditure amounts so as to maintain sufficient levels of liquidity. To the extent that the Company's cash balances from time to time exceed amounts that are needed to fund its immediate liquidity requirements, the Company will consider alternative uses of some or all of such excess cash. Such alternative uses may include, among others, the redemption or repurchase of debt, equity or other securities through open market purchases, privately negotiated transactions or otherwise, and the funding of pension related obligations. Depending upon its actual and anticipated sources and uses of liquidity, conditions in the capital markets and other factors, the Company will from time to time consider the issuance of debt or other securities, or other possible capital markets transactions, for the purpose of raising capital which could be used to refinance current indebtedness or for other corporate purposes, including the redemption or repurchase of debt, equity or other securities through open market purchases, privately negotiated transactions or otherwise, and the funding of pension related obligations.

The Company intends from time to time to consider additional acquisitions of, and investments in, retail businesses and other complementary assets and companies. Acquisition transactions, if any, are expected to be financed from one or more of the following sources: cash on hand, cash from operations, borrowings under existing or new credit facilities and the issuance of long-term debt or other securities, including common stock.

MACY'S, INC.

Item 4. Controls and Procedures.

The Company's Chief Executive Officer and Chief Financial Officer have carried out, as of October 31, 2015, with the participation of the Company's management, an evaluation of the effectiveness of the Company's disclosure controls and procedures, as defined in Rule 13a-15(e) under the Exchange Act. Based upon this evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that the Company's disclosure controls and procedures are effective to provide reasonable assurance that information required to be disclosed by the Company in reports the Company files under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC rules and forms, and that information required to be disclosed by the Company in the reports the Company files or submits under the Exchange Act is accumulated and communicated to the Company's management, including its Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

There were no changes in the Company's internal controls over financial reporting that occurred during the Company's most recently completed fiscal quarter that materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

MACY'S, INC.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings.

The Company and its subsidiaries are involved in various proceedings that are incidental to the normal course of their businesses. As of the date of this report, the Company does not expect that any of such proceedings will have a material adverse effect on the Company's financial position or results of operations.

Item 1A. Risk Factors.

There have been no material changes to the Risk Factors described in Part I, "Item 1A. Risk Factors" in the Company's Annual Report of Form 10-K for the fiscal year ended January 31, 2015 as filed with the SEC.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

The following table provides information regarding the Company's purchases of Common Stock during the third quarter of 2015.

	Total Number of Shares Purchased	Average Price Paid per Share (\$)	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs (1)	Maximum Dollar Value of Shares that may yet be Purchased Under the Plans or Programs (1)(\$) (millions)
August 2, 2015 – August 29, 2015	(thousands) 2,631	60.18	(thousands) 2,631	1,437
August 30, 2015 – October 3, 2015	7,009	55.18	7,009	1,050
October 4, 2015 – October 31, 2015	7,069	50.25	7,069	695
	16,709	53.88	16,709	

Commencing in January 2000, the Company's Board of Directors has from time to time approved authorizations to purchase, in the aggregate, up to \$15 billion of Common Stock as of October 31, 2015. All authorizations are cumulative and do not have an expiration date. As of October 31, 2015, \$695 million of authorization remained unused. The Company may continue, discontinue or resume purchases of Common Stock under these or possible future authorizations in the open market, in privately negotiated transactions or otherwise at any time and from time to time without prior notice.
