Item 2.02 - Results of Operations and Financial Condition.

On October 24, 2016, Park National Corporation (“Park”) issued a news release (the “Financial Results News Release”) announcing financial results for the three and nine months ended September 30, 2016. A copy of the Financial Results News Release is included as Exhibit 99.1 to this Current Report on Form 8-K and incorporated by reference herein.

Park's management uses certain non-GAAP (generally accepted accounting principles) financial measures to evaluate Park's performance. Specifically, management reviews return on average tangible equity, return on average tangible assets, tangible equity to tangible assets and tangible book value per share. Management has included in the Financial Results News Release information relating to the annualized return on average tangible equity, annualized return on average tangible assets, tangible equity to tangible assets and tangible book value per share for the three months ended September 30, 2016, June 30, 2016 and September 30, 2015 and the nine months ended September 30, 2016 and September 30, 2015. For purposes of calculating the annualized return on average tangible equity, a non-GAAP financial measure, net income for each period is divided by average tangible equity during the period. Average tangible equity equals average shareholders' equity during the applicable period less average goodwill during the applicable period. For the purpose of calculating the annualized return on average tangible assets, a non-GAAP financial measure, net income for each period is divided by average tangible assets during the period. Average tangible assets equals average assets during the applicable period less average goodwill during the applicable period. For the purpose of calculating tangible equity to tangible assets, a non-GAAP financial measure, tangible equity is divided by tangible assets. Tangible equity equals shareholders' equity less goodwill, in each case at period end. Tangible assets equals total assets less goodwill, in each case at period end. For the purpose of calculating tangible book value per share, a non-GAAP financial measure, tangible equity is divided by common shares outstanding at period end. Management believes that the disclosure of return on average tangible equity, return on average tangible assets, tangible equity to tangible assets and tangible book value per share presents additional information to the reader of the consolidated financial statements, which, when read in conjunction with the consolidated financial statements prepared in accordance with GAAP, assists in analyzing Park's operating performance, ensures comparability of operating performance from period to period, and facilitates comparisons with the performance of Park's peer financial holding companies and bank holding companies, while eliminating certain non-operational effects of acquisitions. In the Financial Results News Release, Park has provided a reconciliation of average tangible equity to average shareholders' equity, average tangible assets to average assets, tangible equity to shareholders' equity and tangible assets to total assets solely for the purpose of complying with SEC Regulation G and not as an indication that return on average tangible equity, return on average tangible assets, tangible equity to tangible assets and tangible book value per share are substitutes for return on average equity, return on average assets, shareholders' equity to total assets and book value per share, respectively, as determined by GAAP.

Net interest income of \$170.2 million for the nine months ended September 30, 2016 represented a \$5.6 million, or 3.4%, increase, compared to \$164.6 million for the nine months ended September 30, 2015. The increase was primarily due to a \$223 million, or 4.6%, increase in average loans from \$4.8 billion for the nine months ended September 30, 2015, to \$5.1 billion for the nine months ended September 30, 2016. Included in interest income for the nine months ended September 30, 2016 was \$725,000 in income related to PNB participations in legacy Vision Bank ("Vision") assets, compared to \$184,000 for the nine months ended September 30, 2015. The increase in interest income on loans was partially offset by a \$2.3 million decrease in interest income on investments from \$27.6 million

for the nine months ended September 30, 2015, to \$25.3 million for the nine months ended September 30, 2016. The recovery of loan losses of \$450,000 for the nine months ended September 30, 2016 represented an improvement of \$7.8 million, compared to a provision of loan losses of \$7.3 million for the same period in 2015. Refer to the “Credit Metrics and (Recovery of) Provision for Loan Losses” section for additional details regarding the level of the (recovery of) provision for loan losses recognized in each period presented above.

Other income of \$55.0 million for the nine months ended September 30, 2016 represented a \$1.4 million, or 2.5%, decrease, compared to \$56.4 million for the same period in 2015. The \$1.4 million decrease was primarily due to income of \$1.3 million related to proceeds from the death benefits paid from bank owned life insurance policies in 2015, income of \$372,000 related to the sale of a building in 2015, \$544,000 in income related to check card incentives in 2015 and an aggregate decrease of \$724,000 in gain on sale of OREO, net, OREO valuation adjustments, and other OREO income in 2016 compared to 2015. These items were offset by a \$732,000 increase in other service income primarily related to mortgage loan originations, a \$521,000 increase in check card income, and a \$812,000 increase in income from fiduciary activities, in each case in 2016 compared to 2015.

Other expense of \$126.4 million for the nine months ended September 30, 2016 represented an increase of \$1.8 million, or 1.4%, compared to \$124.7 million for the same period in 2015. The \$1.8 million increase was primarily related to a \$965,000 increase in salaries expense of which \$401,000 was related to severance, a \$1.6 million increase in furniture and equipment expense, and a \$1.0 million increase in professional fees and services, offset by a decrease of \$2.6 million related to employee benefits expense, largely related to a decline in medical expenses.

PNB's results for the nine months ended September 30, 2016 and 2015, and for the fiscal year ended December 31, 2015, included income and expense related to participations in legacy Vision assets. The impact of these participations on particular items within PNB's income and expense for these periods is detailed in the table below:

PNB had net charge-offs of \$2.4 million, GFSC had net charge-offs of \$1.7 million, and SEPH had net recoveries of \$5.0 million for the nine months ended September 30, 2016, resulting in net recoveries of \$886,000 for Park. Recovery of loan losses at Park on a consolidated basis were \$3.8 million for the nine months ended September 30, 2016, which was \$2.9 million higher than net recoveries of \$886,000. The primary reason for the \$2.9 million recovery of loan losses in excess of the net recoveries was due to Park's ongoing evaluation of the required allowance for loan losses to cover probable incurred losses in the Park loan portfolio.

The table below provides additional information related to specific reserves and general reserves for Park's ongoing operations as of September 30, 2016, December 31, 2015 and September 30, 2015.

Note: The table above includes only those loans at PNB and GFSC, as these are the entities that have an ALLL balance. The table in the "Asset Quality Information" section of the financial information included with the Financial Results News Release, includes all Park loans (including those at SEPH) and thus shows slightly different information.

The allowance for loan losses of \$53.6 million at September 30, 2016 represented a \$2.9 million or 5.2% decrease, compared to \$56.5 million at December 31, 2015. This decrease was the result of a \$3.0 million decrease in general reserves which occurred in the third quarter of 2016 following Park's re-evaluation of the allowance for loan losses required to cover probable incurred losses in the loan portfolio.

Item 8.01 - Other Events

Declaration of Cash Dividend

As reported in the Financial Results News Release, on October 24, 2016, the Park Board of Directors declared a \$0.94 per share quarterly cash dividend in respect of Park's common shares. The dividend is payable on December 9, 2016 to common shareholders of record as of the close of business on November 18, 2016. A copy of the Financial Results News Release is included as Exhibit 99.1 and the portion thereof addressing the declaration of the cash dividend by Park's Board of Directors is incorporated by reference herein.

Prepayment of FHLB Advances

On October 20, 2016, Park prepaid \$50 million of Federal Home Loan Bank ("FHLB") advances, incurring a \$5.6 million prepayment penalty. These advances had an interest rate of 3.15% and a maturity date of November 13, 2023. The borrowing that was prepaid had an expected annual cost of \$1.6 million. The prepayment was the result of management's analysis of Park's consolidated balance sheet and consideration of current and anticipated financial performance.

The prepayment was made using excess cash, which averaged \$220.5 million for the nine months ended September 30, 2016. Excess cash is shown as money market instruments on the consolidated balance sheet and is invested overnight with the Federal Reserve at the overnight federal funds sold rate. For the nine months ended September 30, 2016, Park earned 0.51% on these money market instruments.
