Proxy

Statement

For Annual

Meeting of

Stockholders

May 18,

2018

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of The National Security Group, Inc. (the "Company"), to be voted at the Annual Meeting of Stockholders of the Company to be held at 10:00 a.m. (Central Time) on May 18, 2018, at the Conference Center located adjacent to the principal executive offices of the Company, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders ("Annual Meeting"). Any reference to "the Group" or any use of the terms "Company," "we," "us" or "our" in the proxy statement refers to The National Security Group, Inc. This proxy statement, dated April 6, 2018, is being mailed to holders of the Company common stock on or about March 20, 2018.

At the Annual Meeting, the stockholders of the Company will vote on matters noted in the proxy. If the enclosed proxy is properly signed and returned, your shares will be voted on all matters that properly come before the Annual Meeting for a vote. If instructions are specified in your signed proxy with respect to matters being voted upon, your shares will be voted in accordance with your instructions. If no instructions are so specified, your shares will be voted "FOR" the election of the persons nominated as directors in the proxy statement, "FOR" the ratification of selection of independent auditors and "FOR" the approval of the compensation of the Company's named executive officers as disclosed in this proxy statement. So far as is now known, there is no business to be acted upon at the Annual Meeting other than as set forth above, and it is not anticipated that other matters will be brought before the Annual Meeting. If, however, other appropriate matters are duly brought before the Annual Meeting, the persons appointed as proxy agents will have discretion to vote or act thereon according to their own judgment.

Whether or not you attend the Annual Meeting, your vote is important. Accordingly, you are asked to sign and return the accompanying proxy, regardless of the number of shares you own. Shares can be voted at the Annual Meeting only if the holder is present or represented by proxy. Shares of common stock represented by a properly executed and returned proxy will be treated as present at the Annual Meeting for purposes of determining a quorum without regard to whether the proxy is marked as casting a vote for or against or abstaining with respect to a particular matter. In addition, shares of common stock represented by "broker non-votes" (i.e., shares of common stock held in record name by brokers or nominees as to which (i) instructions have not been received from the beneficial owners or persons entitled to vote, (ii) the broker or nominee does not have discretionary voting power or (iii) the record holder has indicated that it does not have authority to vote such shares on the matter) generally will be treated as present for the purposes of determining a quorum. The affirmative vote of the holders of a majority of the outstanding shares of common stock of the Company present in person or represented by proxy at the Annual Meeting and entitled to vote thereon is required for the election of the nominees to the Board of Directors. With respect to this matter, an abstention will have the same effect as a negative vote, but because shares held by brokers will not be considered entitled to vote on matters as to which brokers would hold authority, a broker non-vote will have no effect on the vote.

A proxy may be revoked at any time prior to its exercise (i) by filing with the Secretary of the Company either an instrument revoking the proxy or a duly executed proxy bearing a later date or (ii) by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting by itself will not revoke a proxy.

Voting Securities and Securities Ownership

The Board of Directors has fixed the close of business on March 20, 2018, as the record date for the determination of stockholders who are entitled to notice of, and to vote at the Annual Meeting and any adjournments thereof. On the record date, the Company had outstanding 2,522,312 shares of common stock, the holders of which are entitled to one vote per share. No shares of any other class of common stock are issued or outstanding. The Company has retained Broadridge Financial Solutions, Inc. to assist in the distribution of proxy materials and solicitation of votes. The Company bears all costs associated with the distribution and solicitation.

Proposal One: Directors are elected by a plurality of the votes cast at the Annual Meeting on this proposal, and the nominees who receive the most votes will be elected. Your vote is important. Whether or not you expect to attend in person, we urge

you to vote your shares at your earliest convenience. Early submittal of your proxy will not prevent you from voting your shares in person if you desire to attend, as your proxy is revocable at your option.

Your brokerage firm or other nominee may not vote your shares with respect to Proposal One without specific instructions from you as to how to vote with respect to the election of each of the nominees for director, because election of directors is not considered a “routine” matter under the NASDAQ rules. Abstentions and broker non-votes represented by submitted proxies will not be taken into account in determining the outcome of the election of directors.

Proposal Two: To be approved, this proposal must receive an affirmative majority of the total votes cast “FOR” and “AGAINST” this proposal at the meeting. Proposal Two is considered a “routine” matter under the NASDAQ rules and, therefore, brokerage firms and nominees that are members of the NASDAQ have the authority under those rules to vote their customers' unvoted shares on Proposal Two if the customers have not furnished voting instructions within a specified period of time prior to the meeting.

Proposal Three: To be approved, this proposal must receive an affirmative majority of the total votes cast "FOR" and "AGAINST" this proposal at the meeting without regard to broker non-votes or abstentions.

The stock ownership target is intended to encourage Director ownership of National Security Group, Inc. common stock so as to further align the interests of the Independent Directors with the shareholders. Directors will obtain, then maintain, this level of stock ownership within their first three years of Board service, or within two years from the enactment of this policy.

Proposal Two: Ratification of Company Independent Auditors

The Audit Committee of the Board of Directors has selected Warren Averett, LLC as the Company's independent registered public accounting firm for the calendar year ending December 31, 2018, and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. Representatives of the firm are expected to be present at the Annual Meeting and will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Stockholder ratification of the selection of Warren Averett, LLC as the Company's independent auditors is not required by the Company's By-laws or otherwise. However, the Board is submitting the selection of Warren Averett, LLC to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent auditing firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of a majority of the votes cast at the Annual Meeting at which a quorum representing a majority of all outstanding shares of common stock of the Company is present and voting, either in person or by proxy, is required for approval of this proposal. Proposal Two is considered a "routine" matter under the NASDAQ rules, and therefore, brokerage firms and nominees that are members of the NASDAQ have the authority under those rules to vote their customers' unvoted shares on Proposal Two if the customers have not furnished voting instructions within a specified period of time prior to the meeting.

⁽¹⁾ Audit Fees were for professional services rendered in connection with the audit of the Company's annual financial statements for the year

ended December 31, 2017, and same period for the prior year as well as for the review of the Company's interim financial statements included in quarterly reports on Form 10-Q during the year ended December 31, 2017, and same period for the prior year.

Proposal Three: Advisory Vote Executive Compensation

In 2013, stockholders voted in accordance with the recommendation of the Board of Directors for the non-binding advisory vote on executive compensation to occur with a frequency of every 1 year. Our Board of Directors remains committed to promoting the best interests of our stockholders through excellence in governance. As part of that commitment and as required by the Dodd-Frank Wall Street Reform and Consumer Protection Act and Section 14A of the Exchange Act, we are providing our stockholders with an opportunity to cast an advisory vote regarding the compensation of our named executive officers as presented in this proxy statement. The Compensation Committee, comprised of independent directors, establishes and recommends all of the compensation and benefits policies and actions for our named executive officers. The Company has included details regarding the compensation and benefits policies for our named executive officers in the Compensation, Discussion and Analysis (CD&A) portion of this proxy statement. As a Smaller Reporting Company, we are not required to provide CD&A; however, this information has been included to provide greater understanding of our policies and practices and to provide information to our stockholders to support an affirmative vote.

While the advisory vote on executive compensation is not binding, it will provide useful information to our Board and the Compensation Committee regarding our stockholders' view of our executive compensation philosophy, policies and practices. Our Board is not required by law to take any action in response to our stockholders' advisory vote on

executive compensation; however, the Compensation Committee values our stockholders' opinions and will take the results of the advisory vote into consideration when determining the future compensation arrangements for our named executive officers. To the extent there are significant negative advisory votes, we will consider the voting results and take them into consideration in making future decisions about our executive compensation program.

The approval of this proposal requires the affirmative vote of a majority of the shares voting on the matter at the 2018 Annual Meeting without regard to broker non-votes or abstentions. The next stockholder advisory vote on executive compensation will occur at our annual stockholders meeting in 2019.

Director Compensation

The Compensation Committee periodically reviews levels of director compensation for non-employee directors of the Company. The goal of the compensation review is to provide a median level of director compensation relative to peer group companies to attract and retain individuals to provide independent oversight of management and bring diverse business ideas in order to provide input into strategic plans and objectives of the organization.

Non-employee directors are currently paid an annual base retainer of \$23,000. Reflecting the additional workload of their oversight duties and Committee assignments, the Chairman of the Board of Directors is paid an additional \$7,000 per year (\$30,000 in total); Audit Committee members are paid an additional \$4,000 per year (\$27,000 in total) and its Chairman is paid an additional \$5,000 per year (\$28,000 in total); Compensation Committee members are paid an additional \$2,000 per year (\$25,000 in total) and its Chairman is paid an additional \$3,000 per year (\$26,000 in total).

Directors may choose to receive their compensation in cash and/or stock pursuant to the 2009 Equity Incentive Plan and have the ability to defer compensation. New Directors must elect to receive 50% or more of their compensation in Company stock pursuant to the 2009 Equity Incentive Plan until ownership standards are met. The Board of Directors adopted an Anti-Hedging Policy which states that: No employee of National Security Group, Inc. or any of its subsidiary companies, nor any member of the National Security Group, Inc. Board of Directors may purchase financial instruments (including, but not limited to: prepaid variable forward contracts, equity swaps, collars, and exchange funds) that are designed to hedge or offset any decrease in the market value of the common stock of National Security Group, Inc. This policy is designed to further align the financial interests of employees and directors with the financial interests of National Security Group, Inc. shareholders.

Directors are required to attend at least 75% of the total of all Board of Directors meetings and Committee meetings for any consecutive twelve-month period. If this attendance standard is not met, the Director's retainer for the following twelve-month period will be proportionately reduced. Full reimbursement is provided for travel expenses associated with Board or Committee meetings or other Company functions.

Directors may annually elect to defer compensation into a non-qualified deferred compensation plan (NQDC). Participants in the NQDC plan may select from a group of externally managed investment options. The Company also does not guarantee returns for any component of funds deferred in the NQDC plan.

Selection of Directors

The Board of Directors is responsible for management oversight, and its goal is to assemble a board that works cohesively and that constructively challenges and questions management. The Nominating Committee Charter sets forth the following guidelines for Board membership:

- Experience as a board member of another publicly traded corporation
- Experience in industries or with technologies relevant to the Company
- Experience in accounting or financial reporting
- Other such professional experience as the Nominating Committee shall determine to qualify an individual for Board Service

It is the goal of the Nominating Committee to ensure that the Board and its Committees include independent directors as promulgated by NASDAQ and the Securities and Exchange Commission. Directors shall exercise good business judgment and even temperament. Directors shall exhibit high ethical standards. Directors shall also be independent thinkers with the intelligence to articulate their thoughts and opinions in a constructive manner. As stated in the Nominating Committee's Charter, it is the Company's policy to not discriminate on the basis of race, gender or ethnicity and the board is supportive of any qualified candidate who

would also provide the board with more diversity. The Board has not adopted any policy on diversity with respect to its directors, but seeks a balance of experience among the directors so that the Board as a whole has experience and training from various disciplines and industries.

Board Leadership Structure and Risk Oversight

While the By-laws and corporate governance policy do not require that the Chairman and Chief Executive Officer positions be separate, the Board believes that having separate positions is the appropriate leadership structure for the Company at this time. Currently, the Board is comprised of eleven independent directors, three employee directors and one non-voting director emeritus. Independent directors and management have different perspectives and roles in strategy development. The Company does not have a lead independent director as the current board chairperson is an independent director. Independent directors bring experience, oversight and expertise from outside the organization, while employee directors bring industry experience and expertise.

Management is responsible for the day-to-day management of risks, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. Executive Officers are present at every board meeting and most committee meetings and are available to address any questions or concerns raised by the directors regarding risk management and any other matters. In addition, executive officers present information regarding the Company's operations, including associated risks and mitigation measures at each Board meeting. The Audit Committee lends support to the Board of Directors in reviewing the Company's consideration of material risks and overseeing the Company's management of material risks.

Corporate Governance

The system of governance followed by the Company is codified in the Policy on Corporate Governance, Senior Financial Officers' Code of Ethics and the charters of the Nominating and Audit Committees of the Board of Directors. The guidelines provided in these documents are intended to give surety that the Board will have the necessary power and practices in place to review and evaluate the Company's business operations and to make decisions that are independent of the Company's management.

The corporate governance documents, including committee charters, are reviewed periodically and updated when necessary to reflect changes in practice and regulatory requirements. The Board has five committees: an Audit Committee, a Compensation Committee, a Dividend Committee, a Nominating Committee and an Executive Committee. The corporate governance policy, Nominating Committee Charter, Audit Committee Charter and code of ethics are posted on the Company's website at <http://investors.nationalsecuritygroup.com/govdocs>. If you would like to receive a copy of the corporate governance documents, send your request in writing to The National Security Group, Inc., Office of the Corporate Secretary, 661 East Davis Street, Elba, Alabama 36323.

Meetings and Executive Sessions of the Board

The Board of Directors holds regularly scheduled quarterly meetings. During the last full calendar year, the Board of Directors of the Company held four regularly scheduled meetings and one called meeting. Executive sessions of independent directors followed each regularly scheduled board meeting. All directors attended at least 75% of the meetings of the Board of Directors. The Company has not adopted a formal policy regarding Board members' attendance at the Company's annual stockholder meetings; however, the Company encourages all Board members to attend the annual stockholder meetings. All of the Company's directors attended the 2017 Annual Meeting of

Stockholders.

The following provides a description of each committee of the Board of Directors. Each of the committees has authority to engage legal counsel or other experts or consultants at its discretion when it is believed the services of said persons are necessary to carry out the committee's responsibilities. The Board of Directors has determined that each member of each committee meets the standards of independence under the NASDAQ listing standards.

Committees of the Board

Committee appointments are made in May of each year. Currently the Board has five standing committees: Compensation, Audit, Dividend, Nominating and Executive. Details of Committee attendance for each Board member can be found on pages 6-8 and for each Nominee on pages 3-4.

Audit Committee

The Audit Committee assists the Board in its supervisory function, specifically in the oversight of the quality and integrity of the accounting, auditing and reporting practices of the Company. The Committee is also charged with the appointment, compensation, retention and oversight of the Company's independent registered public accounting firm. The Committee has confidence in the expertise and knowledge of management and the independent registered public accounting firm. The Committee relies on management and the independent registered public accounting firm in carrying out the duties with which it is charged. The Committee's duties are described in detail in the Audit Committee Charter which is available on the Company's website <http://investors.nationalsecuritygroup.com/govdocs>. The Board has designated Walter P. Wilkerson and Mickey L. Murdock as the audit committee financial experts as defined by the Securities and Exchange Commission rules.

Dividend Committee

The key responsibility of the Dividend Committee is to determine the amount of dividends paid to stockholders and recommend such payments for consideration to the full Board.

Nominating Committee

The key responsibilities of the Nominating Committee are to determine the slate of director nominees for election to the Company's Board of Directors and identify and propose candidates to fill vacancies occurring between annual stockholder meetings. No procedure has been established by the committee for considering nominations by the stockholders.

Executive Committee

The Executive Committee is empowered by the By-laws to act with the authority of the full board when necessary should events arise in which the full board is unavailable. There have been no meetings of the Executive Committee.

Independent Directors

The Board evaluates the independence of each director in accordance with applicable laws and regulations, the listing standards of the NASDAQ Stock Market and the standards set forth in the Policy on Corporate Governance. The Board has determined that the following directors are considered independent based on the aforementioned guidelines: Charles B. Arnold, Winfield Baird, Fleming G. Brooks, Fred Clark, Jr., Elizabeth B. Crawford, Mickey L. Murdock, Frank B. O'Neil, Donald S. Pittman, Paul C. Wesch, L. Brunson White and Walter P. Wilkerson.

661 East Davis Street

Elba, Alabama 36323

All communications will be compiled by the Corporate Secretary of the Company and submitted to the Board on a periodic basis.

Certain Relationships and Related Transactions

The family relationships, not more remote than first cousin, which exist among the directors and nominees as of December 31, 2017, are as follows: W. L. Brunson, Jr., Donald S. Pittman and Jack E. Brunson are first cousins. Mr. James Saxon (Director Emeritus) is the uncle of L. Brunson White. Winfield Baird is the father of Elizabeth B. Crawford. See also the discussion under the heading "Compensation Committee Interlocks and Insider Participation."

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee of the Board of Directors believes its policies and procedures should remain flexible in order to: best react to changing conditions; ensure to the directors and stockholders that the corporate accounting and reporting practices of the corporation are in accordance with all requirements; and ensure that the corporate accounting and reporting practices of the corporation are of the highest quality. In carrying out its responsibilities, the audit committee pre-approves audit fees as well as reviews and approves the scope of the proposed audit, audit procedures and other services to be performed.

Compensation Discussion and Analysis

Executive Compensation

The primary oversight of the Company's executive compensation plan rests with the Compensation Committee of the Board of Directors, which is composed entirely of independent directors.

The primary objective of the Compensation Committee in setting compensation levels for executive officers is to enhance the Company's ability to attract and retain talented individuals for its executive positions by ensuring that we provide competitive benefits relative to our size and geographic location. The current compensation plan consists of three elements: base salary, short term cash incentive compensation and retirement benefits under a 401(k) plan and a supplemental executive retirement plan (SERP). Base salaries are set by the Compensation Committee, including any annual increases, and are ratified by the independent directors. The Compensation Committee considers factors such as industry surveys, particularly focusing on those companies of similar size and business focus, individual performance and changes in job duties of named executives in any material adjustments in individual compensation levels.

The Compensation Committee reviews salary levels periodically relative to the compensation of peer group executive officers. As part of our review, we utilize insurance industry executive compensation surveys, particularly those which provide composite information for the Company's applicable size category, as determined by annual insurance premium revenue and/or asset size. The committee also periodically engages consultants to independently review our executive compensation practices. Due to other considerations such as geographic location of the Company, base compensation levels for the executive officers of the Company are typically at or below median levels for each of the applicable job classifications provided in the executive compensation surveys.

The objective of the incentive plan provided to executive officers is to reward executives for achieving quantifiable targets linked to the Company's strategic and operational goals. The incentive plan further rewards performance that builds financial strength and enhances shareholder value. The incentive plan uses weighted ranges of returns on equity (50%), growth in gross written premium (10%) and statutory combined ratio (40%) to determine incentive rewards. The incentive plan also sets a three-year rolling minimum threshold of a 5% average return on GAAP equity inclusive of the subject bonus year. This minimum threshold must be reached before any award is made under the incentive plan. No incentive plan awards were made for 2017.

Executive officers are covered by two primary retirement benefit plans. We offer a defined contribution 401(k) plan under which all employees may defer a portion of compensation, subject to IRS limits for 2017 of \$18,000 per year and over age 50 "catch-up" contributions for 2017 of \$6,000 per year. The Company will match employee deferrals on a dollar for dollar basis up to 5% of compensation subject to IRS limits. During 2017, the Company match paid to all executive officers totaled \$37,784. We also provide a supplemental executive retirement plan (SERP) for our named executive officers. The Company contributes 15% of each executive's compensation under the terms of this plan; contributions are fully vested upon the earlier of death, disability, change in control, or ten years of participation in the plan. Payments under the SERP are payable following death, separation from service, or change in control. The

benefits credited to participant accounts for 2017 totaled \$120,049.

The Company also offers its executive officers and directors a non-qualified deferred compensation (NQDC) plan. Executives have the option of deferring up to 25% of base pay and 100% of bonus into the NQDC plan. Participants in the NQDC plan may select from a group of externally managed investment options, none of which contain equity components tied to Company stock performance. The Company also does not guarantee returns for any component of deferrals in the NQDC plan. The Compensation Committee may recommend to the Board of Directors discretionary contributions to the NQDC plan for named executives; however, no such discretionary contributions were made for 2017.

The Company currently does not have a long-term incentive compensation plan or any stock based compensation arrangements for executive officers, other than an Employee Stock Ownership Plan in which all employees participate. These compensation arrangements, while not currently offered, may be considered by the Compensation Committee as a future element of executive compensation. Even though the Company does not currently offer long-term incentive compensation or stock based compensation

as a component of executive compensation, the Compensation Committee does believe that the long-term interests of the executives are tied to the Company as the executive group and immediate family members of certain executives own, through various direct and indirect ownership arrangements, in excess of 25% of the total outstanding common stock of the Company.

We do not offer any perquisites to any of our executive officers with an aggregate value greater than \$10,000.

All forms of executive compensation, with the exception of amounts deferred under NQDC plans and Company SERP contributions, are currently deductible by the Company under Federal Income Tax laws. The Compensation Committee does not believe that the deductibility limitations of Section 162(m) of the Internal Revenue Code of 1986 as amended applies to the Company as no individual of the Company received more than \$1 million in compensation.

The Board of Directors has adopted an anti-hedging policy for directors and employees. The Board has also adopted stock ownership targets for directors requiring their ownership of the greater of 3,000 shares or an amount of shares equal to three years' annual Board cash compensation. New directors have three years to comply with this policy.

None of the executive officers are currently under written employment agreements or other written agreements providing for severance or change in control benefits other than immediate vesting of SERP plan balances under a change in control.

In accordance with the SEC's Smaller Reporting Company guidelines, the above compensation discussion and analysis is not required, but has been included to inform investors of executive compensation practices. Also in accordance with the SEC's Smaller Reporting Company guidelines, the following table provides a summary of compensation for the President and CEO as well as the next two most highly compensated executive officers. Employee Benefits

All full-time employees are eligible to participate in the Company's 401(k) plan. The Company matches employee contributions \$1 for \$1 up to 5% of total compensation of an individual employee. The Company contributions are made at the end of each payroll period and allocated among the participants' plan accounts based on compensation received during the year for which the contribution is made. All Company matching contributions are 100% vested when contributed to the plan account. Benefits are generally payable only upon termination, retirement, disability or death.

The Company maintains a separate qualified Employee Stock Ownership Plan (ESOP) which enables its eligible employees to acquire a proprietary interest in the Company's common stock and to provide retirement and other benefits to such employees. All full-time employees are eligible to participate in the ESOP plan. During 2017, \$267,000 was contributed to the ESOP to fund the purchase of shares on the open market.

Report of Compensation Committee

The Compensation Committee provides this report, although not required by smaller reporting companies, as a matter of good corporate governance and accountability to our shareholders. The Compensation Committee is composed of independent directors, as defined by NASDAQ listing standards. The Committee was appointed by the Board and chartered to oversee the compensation of Company executives and directors and to review and approve all incentive compensation awarded by the Company. The Compensation Committee met four times in 2017 and reported a summary of its meetings periodically to the Board.

Recommendations of the Compensation Committee: We have reviewed and discussed the Compensation Discussion and Analysis (CD&A) as required by Item 402(b) of Regulation S-K with the Company's management. Based on this review and these discussions, the Committee authorized the inclusion of the CD&A in the Company's 2017 Annual Report on Form 10-K and Proxy Statement to be filed in 2018.

This report has been furnished by the Compensation Committee of the Board of Directors.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee of the Board of Directors is currently comprised of Frank B. O'Neil (chairman), Fred Clark, Jr., Paul C. Wesch and L. Brunson White, all of whom are independent directors. The Committee members receive director fees as described in this proxy statement and do not receive any other compensation from the Company.

Audit Committee Report

The Audit Committee, currently consisting of three independent directors and one independent advisory member, assists the Board of Directors with fulfilling its oversight responsibilities for the integrity of the Company's financial statements, the financial reporting process, the system of internal controls and risk management, external audit process, independent registered public accounting firm's findings and recommendations, independence and performance, as well as the Company's process for monitoring compliance with laws and regulations.

The Audit Committee met six times in 2017 and reported a summary of its meetings periodically to the Board. The President, the Chief Financial Officer, and the Independent Auditor attended all regular meetings. Furthermore, the Audit Committee met separately with management and the Independent Auditor.

In 2017, in accordance with its charter, the Audit Committee reviewed the Company's annual and interim financial statements, including non-financial information, prior to publication thereof. It also assessed in its quarterly meetings the adequacy and appropriateness of internal control policies and internal audit programs and their findings.

In its 2017 meetings, the Audit Committee periodically reviewed matters relating to accounting policies, financial risks and compliance with accounting standards. Compliance with statutory and legal requirements and regulations, particularly in the financial domain, was also reviewed. Important findings, identified risks and follow-up actions were examined thoroughly in order to allow appropriate measures to be taken. These reviews included discussion with the independent registered public accountants of matters required to be discussed pursuant to AU-C 260, as amended (the Auditor's Communication with Those Charged with Governance), including the quality of our accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The committee also discussed with Warren Averett, LLC, matters relating to its independence, including a review of audit and non-audit fees and the written disclosures and letter to the committee pursuant to applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountants' communications with the committee concerning independence. With regard to the independent audit, the Audit Committee reviewed the proposed audit scope, approach and fees, the independence of the independent registered public accounting firm, and non-audit services provided by the independent registered public accounting firm.

In 2017, the Audit Committee periodically discussed the company's policy on business controls and the Company's major areas of risk. The Audit Committee was informed on, discussed and monitored closely the company's internal control certification processes, in particular compliance with section 404 of the US Sarbanes-Oxley Act and its requirements regarding assessment, review and monitoring of internal controls. In addition, the Committee also reviewed output from rating agency capital adequacy models, results of various testing, including cash flow testing, performed by outside actuaries as well as catastrophe modeling results.

Based upon the Audit Committee's discussion with management and the Independent Auditor and the Audit Committee's review of the representation of management and report of the independent registered public accounting firm to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2017, filed with the Securities and Exchange Commission.

Important Notice Regarding Delivery of Stockholder Documents

Beneficial owners of Common Stock who share a single address may receive only one copy of the Notice of Internet Availability or the Proxy Materials, as the case may be, unless their broker, bank, trustee or nominee has received contrary instructions from any beneficial owner at that address. This practice, known as "householding," is designed to reduce printing and mailing costs. If any beneficial stockholder(s) sharing a single address wish to discontinue householding and receive a separate copy of the Notice of Internet Availability or the Proxy Materials, as the case may be, they may contact Broadridge, either by calling (866) 540-7095, or by writing to Broadridge, Household Department, 51 Mercedes Way, Edgewood, New York 11717.

A majority of brokerage firms have instituted householding. If your family has multiple holdings in The National Security Group, Inc. that are held in street name with a broker, you may have received householding notification directly from your broker. If so, please contact your broker directly if you have any questions, if you require additional copies of the proxy statement or annual report, if you are currently receiving multiple copies of the proxy statement and annual report and wish to receive only a single copy, or if you wish to revoke your decision to household and thereby receive multiple statements and reports.

Incorporation by Reference

To the extent that this proxy statement is incorporated by reference into any other filing by The National Security Group, Inc. under the Securities Act of 1933, as amended, or the Exchange Act, the sections of this proxy statement titled "Report of Compensation Committee," and "Audit Committee Report" (to the extent permitted by the rules of the SEC), as well as the exhibits to this proxy statement, will not be deemed incorporated, unless specifically provided otherwise in such filing.
