The Advisory Committee

Fidelity National Financial Group

401(k) Profit Sharing Plan:

We have audited the accompanying statements of net assets available for benefits of Fidelity National Financial Group 401(k) Profit Sharing Plan (the Plan) as of December 31, 2005 and 2004 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004 and the changes in net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole.

The supplemental Schedule H, Line 4i Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan s management. This supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Risk and Uncertainties

The Plan provides for various investment options in common/collective trust funds, corporate bond funds, mutual funds, and common stock. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect the participants' account balances and the amounts reported in the financial statements.

(d) Concentration of Investments

Included in the Plan's net assets available for benefits at December 31, 2005 are investments in Employer common stock for Fidelity National Financial, Inc., (2,659,057 shares) amounting to \$316,313,952, and for Fidelity National Title Group, Inc., (322,917 shares) amounting to \$38,970,398, the combined value represents approximately 30% of the Plan's net assets.

Included in the Plan's net assets available for benefits at December 31, 2004 are investments in Employer common stock (5,432,516 shares) amounting to \$250,746,189 whose value represents approximately 26% of the Plan's net assets. The Employer common stock at December 31, 2004 was comprised entirely of Fidelity National Financial, Inc.

(e) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. The common/collective trust fund investments and the corporate bond fund are valued based on the underlying unit values reported by the respective fund's audited financial statements as of the Plan's year end. The common stock of Fidelity National Financial, Inc. and Fidelity National Title Group, Inc. are valued at quoted market prices. Participant loans are valued at cost, which approximates fair value as of the Plan's year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Prior to October 17, 2005, FNT was a wholly-owned subsidiary of FNF. The amount of the dividend was \$32,392,656.

(4) Related Party Transactions

Certain Plan investments are shares of common collective trust funds managed by Wells Fargo Trust Operations (Wells Fargo). Wells Fargo is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Other Plan investments are shares of the common stock of the Company, also a party-in-interest as described in notes 2(d) and 3.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

(6) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated October 14, 2005 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The current determination letter covers the most recent amended and restated version of the Plan, and the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

(7) Subsequent Events

Effective January 1, 2006, the Plan Committee elected to include a Roth 401(k) investment option in the Plan.

Effective January 1, 2006, the Plan Committee increased the automatic enrollment percentage for new hires from 2% to 3% for all those hired on or after January 1, 2006.

Effective April 10, 2006, Service Link 401(k) was merged into the Plan.

Effective, March 24, 2006, Fidelity National Information Services, Inc. (FIS) a majority owned subsidiary of FNF, formed a 401K plan and the account balances relating to employees of FIS were transferred out of the Plan. This resulted in a transfer of approximately \$368 million from the Plan's assets to the new Fidelity National Information Services 401(k) Profit Sharing Plan.

(8) Untimely Remittance

During Plan year 2004, it was noted that there were delays in submitting employee deferrals and loan repayments related to two of the plans that merged into the Plan in the amount of \$97,327 and \$4,718, respectively, to the

trustee. The Company has calculated lost interest to be \$20, which has not yet been remitted to the Plan. The amount is included as accrued interest at December 31, 2004.
