**NOTICE OF 2008 ANNUAL MEETING OF SHAREHOLDERS
To Be Held Tuesday, October 7, 2008**

To the Shareholders of

THE MARCUS CORPORATION

NOTICE IS HEREBY GIVEN THAT the 2008 Annual Meeting of Shareholders of THE MARCUS CORPORATION will be held on Tuesday, October 7, 2008, at 10:00 A.M., local time, at the InterContinental Milwaukee, 139 E. Kilbourn Avenue, Milwaukee, Wisconsin, for the following purposes:

1. to elect as directors the ten nominees named in the attached proxy statement; and
2. to consider and act upon any other business that may be properly brought before the meeting or any adjournment thereof.

Only holders of record of our Common Stock and Class B Common Stock as of the close of business on August 6, 2008, will be entitled to notice of, and to vote at, the meeting and any adjournment thereof. Shareholders may vote in person or by proxy. The holders of our Common Stock will be entitled to one vote per share and the holders of our Class B Common Stock will be entitled to ten votes per share on each matter submitted for shareholder consideration.

Shareholders are cordially invited to attend the meeting in person. A map is provided on the following page to assist you in locating the InterContinental Milwaukee. Even if you expect to attend the meeting in person, to help ensure your vote is represented at the meeting, please complete, sign, date and return in the enclosed postage paid envelope the accompanying proxy, which is being solicited by our board of directors. You may revoke your proxy at any time before it is actually voted by giving notice thereof in writing to the undersigned or by voting in person at the meeting.

Interested parties are invited to listen to a live audio Webcast of the meeting by logging onto the Investor Relations section of our website: www.marcuscorp.com. Listeners should go to the website at least 15 minutes prior to the start of the presentation to download and install any necessary audio software.

Accompanying this Notice of 2008 Annual Meeting of Shareholders is a proxy statement and form of proxy.

PROXY STATEMENT

For
2008 Annual Meeting of Shareholders
To Be Held Tuesday, October 7, 2008

This proxy statement and accompanying form of proxy are being furnished to our shareholders beginning on or about September 3, 2008, in connection with the solicitation of proxies by our board of directors for use at our 2008 Annual Meeting of Shareholders to be held on Tuesday, October 7, 2008, at 10:00 A.M., local time, at the InterContinental Milwaukee, 139 E. Kilbourn Avenue, Milwaukee, Wisconsin and at any postponement or adjournment thereof (collectively, Meeting), for the purposes set forth in the attached Notice of 2008 Annual Meeting of Shareholders and as described herein.

Execution of a proxy will not affect your right to attend the Meeting and to vote in person, nor will your presence revoke a previously submitted proxy. You may revoke a previously submitted proxy at any time before it is exercised by giving written notice of your intention to revoke the proxy to our Secretary, by notifying the appropriate personnel at the Meeting in writing or by voting in person at the Meeting. Unless

Edgar Filing: MARCUS CORP - Form DEF 14A

revoked, the shares represented by proxies received by our board of directors will be voted at the Meeting in accordance with the instructions thereon. If no instructions are specified on a proxy, the votes represented thereby will be voted: (1) for the board's ten director nominees set forth below and (2) on such other matters that may properly come before the Meeting in accordance with the best judgment of the persons named as proxies.

Only holders of record of shares of our Common Stock (Common Shares) and our Class B Common Stock (Class B Shares) as of the close of business on August 6, 2008 (Record Date) are entitled to vote at the Meeting. As of the Record Date, we had 20,819,975 Common Shares and 8,885,126 Class B Shares outstanding and entitled to vote. The record holder of each outstanding Common Share on the Record Date is entitled to one vote per share and the record holder of each outstanding Class B Share on the Record Date is entitled to ten votes per share on each matter submitted for shareholder consideration at the Meeting. The holders of our Common Shares and the holders of our Class B Shares will vote together as a single class on all matters subject to shareholder consideration at the Meeting. The total number of votes represented by outstanding Common Shares and Class B Shares as of the Record Date was 109,671,235, consisting of 20,819,975 represented by outstanding Common Shares and 88,851,260 votes represented by outstanding Class B Shares.

2

ELECTION OF DIRECTORS

At the Meeting, our shareholders will elect all ten members of our board of directors. The directors elected at the Meeting will hold office until our 2009 Annual Meeting of Shareholders and until their successors are duly qualified and elected. If, prior to the Meeting, one or more of the board's nominees becomes unable to serve as a director for any reason, the votes represented by proxies granting authority to vote for all of the board's nominees, or containing no voting instructions, will be voted for a replacement nominee selected by the board of directors. Under Wisconsin law, if a quorum of shareholders is present, directors are elected by a plurality of the votes cast by the shareholders entitled to vote in the election. This means that the individuals receiving the largest number of votes will be elected as directors, up to the maximum number of directors to be chosen at the election. Therefore, any shares that are not voted on this matter at the Meeting, whether by abstention, broker nonvote or otherwise, will have no effect on the election of directors at the Meeting.

All of our director nominees have been elected by our shareholders and have served continuously as directors since the date indicated below. The names of the director nominees, together with certain information about each of them as of the Record Date, are set forth below. Unless otherwise indicated, all of our director nominees have held the same principal occupation indicated below for at least the last five years.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Independence of Directors

Based on a review by our board of directors of the direct and indirect relationships that each of the ten directors currently serving on the board has with the Company, including the relationships between the Company and Selig Executive Leasing Co., Inc., the Milwaukee Brewers and Midwest Air Group, Inc., the board of directors has determined that each of Messrs. McKeithan, Selig, Hoeksema, Milstein, Haase and Ericson are independent directors as defined by the rules of the New York Stock Exchange (NYSE) and the Securities and Exchange Commission (SEC).

Code of Conduct

The board of directors has adopted The Marcus Corporation Code of Conduct that applies to all of our directors, officers and employees. It is available under the Human Resources section of our corporate web site, www.marcuscorp.com. If you would like us to mail you a copy of our Code of Conduct, free of charge, please contact Thomas F. Kissinger, Vice President, General Counsel and Secretary, The Marcus Corporation, 100 East Wisconsin Avenue, Suite 1900, Milwaukee, Wisconsin 53202-4125.

Committees of the Board of Directors

Our board of directors has an Audit Committee, Compensation Committee, Corporate Governance and Nominating Committee and Finance Committee. Each committee operates under a written charter and the charters of our Audit, Compensation and Corporate Governance and Nominating Committees are available under the Governance section of our web site at www.marcuscorp.com. Our board and each committee also operate under our Corporate Governance Policy Guidelines, which are available under the Corporate Governance and Nominating Committee tab of the Governance section of our web site. If you would like us to mail you a copy of our Corporate Governance Policy Guidelines or a committee charter, free of charge, please contact Mr. Kissinger at the above address.

Audit Committee. Our board of directors has an Audit Committee whose principal functions are to: (1) appoint and establish the compensation for and oversee our independent auditors; (2) review annual audit plans with management and our independent auditors; (3) preapprove all audit and non-audit services provided by our independent auditors; (4) oversee management's evaluation of the adequacy of our internal and business controls, disclosure controls and procedures, and risk assessment and management; (5) review areas of financial risk that could have a material adverse effect on our results of operations and financial condition with management and our independent auditors; (6) evaluate the independence of our independent auditors; (7) review, in consultation with management and our independent auditors, financial reporting and accounting practices of comparable companies that differ from our own; and (8) receive, retain and address complaints (including employees' confidential, anonymous submission of concerns) regarding financial disclosure and accounting and auditing matters. During our fiscal 2008, our Audit Committee consisted of Daniel F. McKeithan, Jr. (Chairman), James D. Ericson and Philip L. Milstein. Each member of our Audit Committee is an independent, non-employee director as defined by the rules of the NYSE and the SEC. In addition, the board has determined that each of the members of the Audit Committee is an audit committee financial expert, as that term is defined by the rules and regulations of the SEC. The Audit Committee met four times during our fiscal 2008. See Audit Committee Report.

Compensation Committee. Our board of directors also has a Compensation Committee whose principal functions are to: (1) evaluate and establish the compensation, bonuses and benefits of our officers and other key employees and of the officers and other key employees of our subsidiaries and (2) administer our executive compensation plans, programs and arrangements. See Compensation Discussion and Analysis. During our fiscal 2008, our Compensation Committee consisted of Timothy E. Hoeksema (Chairman), Bronson J. Haase, Daniel F. McKeithan, Jr. and Philip L. Milstein. Each member of our Compensation Committee is an independent, non-employee director as defined by the rules of the NYSE and the SEC. The Compensation Committee met two times in our fiscal 2008. See Compensation Discussion and Analysis.

Corporate Governance and Nominating Committee. Our board of directors also has a Corporate Governance and Nominating Committee whose principal functions are to: (1) develop and maintain our Corporate Governance Policy Guidelines; (2) develop and maintain our Code of Conduct; (3) oversee the interpretation and enforcement of our Code of Conduct; (4) receive and review matters brought to the committee's attention pursuant to our Code of Conduct; (5) evaluate the performance of our board of directors, its committees and committee chairmen and our directors; and (6) recommend individuals to be elected to our board of directors. During our fiscal 2008, our Corporate Governance and Nominating Committee consisted of Bronson J. Haase (Chairman), Timothy E. Hoeksema and Allan H. Selig. Each member of our Corporate Governance and Nominating Committee is an independent, non-employee director as defined by the rules of the NYSE and the SEC. The Corporate Governance and Nominating Committee met two times in fiscal 2008.

The Corporate Governance and Nominating Committee performs evaluations of the board of directors as a whole, the Executive Committee of the board of directors, and the individual directors. In addition, the Corporate Governance and Nominating Committee regularly assesses the

appropriate size of our board of directors and whether any vacancies on the board of directors are expected due to retirement or otherwise. In the event that vacancies are anticipated or otherwise arise, the Corporate Governance and Nominating Committee will identify prospective nominees, including those nominated by management, members of our board of directors and shareholders, and will evaluate such prospective nominees against the standards and qualifications set out in the Corporate Governance and Nominating Committee Charter, including the individual's range of experience, wisdom, integrity, ability to make independent analytical inquiries, business experience and acumen, understanding of our business and ability and willingness to devote adequate time to board and committee duties. The Corporate Governance and Nominating Committee does not evaluate shareholder nominees differently from any other nominee. Pursuant to procedures set forth in our By-laws, the Corporate Governance and Nominating Committee will consider shareholder nominations for directors if we receive timely written notice, in proper form, of the intent to make a nomination at a meeting of shareholders. We did not receive any shareholder nominations for directors to be considered at the Meeting. To be timely for the 2009 Annual Meeting of Shareholders, the notice must be received by the date identified under the heading "Other Matters." To be in proper form, the notice must, among other things, include each nominee's written consent to serve as a director if elected, a description of all arrangements or understandings between the nominating shareholder and each nominee and information about the nominating shareholder and each nominee. These requirements are detailed in our By-laws, which are attached as an exhibit to our Current Report on Form 8-K, dated July 18, 2006. A copy of our By-laws will be provided upon written request to Mr. Kissinger at the above address.

Finance Committee. Our board of directors also has a Finance Committee whose principal functions are to, upon the request of Company management, provide preliminary review, advice, direction, guidance and/or consultation with respect to potential transactions. During our fiscal 2008, our Finance Committee consisted of Stephen H. Marcus, James D. Ericson, Diane Marcus Gershowitz, Philip L. Milstein and Allan H. Selig. The Finance Committee did not meet in fiscal 2008.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee has served as one of our officers or employees at any time. None of our executive officers serves as a member of the board of directors or compensation committee of any other company that has one or more executive officers serving as a member of our board of directors or Compensation Committee.

Board Meetings, Director Attendance, Executive Sessions and Presiding Director

Our board of directors met five times in our fiscal 2008. Each of our directors attended at least 75% of the aggregate of the number of board meetings and number of meetings of the committees on which he or she served during fiscal 2008. Our non-management directors meet periodically in executive sessions without management present. The non-management directors who serve as chairmen of our Audit, Compensation and Corporate Governance and Nominating Committees serve as the chairman of these meetings of non-management directors on a rotating basis.

Directors are expected to attend our annual meeting of shareholders each year. At the 2007 annual meeting of shareholders, all of our directors were in attendance in person.

Contacting the Board

Interested parties may contact our board of directors or a specific director by sending a letter, regular or express mail, addressed to our board or the specific director in care of Mr. Kissinger at the above address. Mr. Kissinger will promptly forward appropriate communications from interested parties to the board or the applicable director.

STOCK OWNERSHIP OF MANAGEMENT AND OTHERS

The following table sets forth information as of the Record Date as to our Common Shares and Class B Shares beneficially owned by: (1) each of our directors; (2) each of our executive officers named in the Summary Compensation Table set forth below under "Compensation Discussion and Analysis"; (3) all such directors and executive officers as a group; and (4) all other persons or entities known by us to be the beneficial owner of more than 5% of either class of our outstanding capital stock. A row for Class B Share ownership is not included for individuals or entities who do not beneficially own any Class B Shares.

(1) Includes, in some cases, shares over which a person has or shares voting power and/or investment power, as to which beneficial ownership may be disclaimed. 700 Common Shares and 21,476 shares of Class B Shares held in certain trusts are included in the beneficial ownership figures for both Stephen H. Marcus and Diane Marcus Gershowitz because both of them are trustees of these trusts, but such shares are counted only once in the amounts under All directors and executive officers as a group. The outstanding Class B Shares are convertible on a share-for-share basis into Common Shares at any time at the discretion of each holder. As a result, a holder of Class B Shares is deemed to beneficially own an equal number of Common Shares. However, to avoid overstatement of the aggregate beneficial ownership of both classes of our outstanding capital stock, the Common Shares listed in the table do not include Common Shares that may be acquired upon the conversion of outstanding Class B Shares. Similarly, the percentage of outstanding Common Shares beneficially owned is determined with respect to the total number of outstanding Common Shares, excluding Common Shares that may be issued upon conversion of outstanding Class B Shares.

COMPENSATION DISCUSSION AND ANALYSIS

This compensation discussion and analysis, or CD&A, is intended to provide information about our compensation philosophy, principles and processes for our chief executive officer, our chief financial officer and certain other current executive officers (we sometimes collectively refer to these executive officers as our named executive officers). This CD&A is intended to provide you with a better understanding of why and how we make our executive compensation decisions and facilitate your reading of the information contained in the tables and descriptions that follow this discussion. Our CD&A is organized as follows:

Overview of Our Executive Compensation Philosophy. In this section, we describe our executive compensation philosophy and the core principles underlying our executive compensation programs and decisions.

Role of Our Compensation Committee. This section describes the process and procedures that our Compensation Committee followed to arrive at its executive compensation decisions.

Total Compensation. In this section, we describe our named executive officers' total compensation.

Elements of Compensation. This section includes a description of the types of compensation paid and payable to our executive officers.

Executive Stock Ownership. This section describes the stock ownership of our named executive officers.

Impact of Tax, Accounting and Dilution Considerations. This section discusses Section 162(m) of the Internal Revenue Code of 1986 and certain accounting, financial reporting and shareholder dilution consequences that have impacted some of our executive compensation programs and decisions.

Overview of Our Executive Compensation Philosophy

Our executive compensation and benefit programs are designed to advance the following core compensation philosophies and principles:

Edgar Filing: MARCUS CORP - Form DEF 14A

We strive to compensate our executives at competitive levels to ensure that we attract, retain and motivate our key management employees who we expect will contribute to our long-term success and value creation.

We link our executives' compensation to the achievement of pre-established financial and individual performance goals that are focused on the creation of long-term shareholder value.

Our executive compensation policies are designed to foster an ownership mentality and an entrepreneurial spirit in our management team. We try to do this by providing our executives with a substantial equity-based compensation component that helps to more closely align our management's financial interests with those of our shareholders, and that otherwise encourages our management team to take appropriate market-responsive risk-taking actions that will facilitate our long-term growth and success.

Role of Our Compensation Committee

Our Compensation Committee attempts to ensure that our executive compensation and benefit programs are consistent with our core compensation philosophies and principles by:

Analyzing aggregated composite survey and benchmark data from Watson Wyatt and Towers Perrin, nationally-recognized executive compensation consulting firms, about the compensation levels of similarly situated executives at equivalently-sized companies in various industry sectors.

11

Reviewing on an annual basis the performance of our company and our named executive officers, with assistance and recommendations from our chief executive officer (other than respecting himself), and determining their total direct compensation based on competitive levels as measured against our surveyed sectors, our company's financial performance, each executive's individual performance and other factors described below.

Reviewing the performance and determining the total compensation earned by, or paid or awarded to, our chief executive officer independent of input from him.

Maintaining the practice of holding executive sessions (without management present) at every meeting of our Committee.

Taking into account the long-term interests of our shareholders in developing and implementing our executive compensation plans and in making our executive compensation decisions.

Our management annually engages the services of Watson Wyatt to provide our Committee with then current survey and benchmarking compensation data on a position-by-position basis for each of our named executive officers on a composite aggregated basis for various selected industry sectors. Specifically, Watson Wyatt provided our Committee with composite aggregated data respecting the base salary and total direct compensation (i.e., base salary and bonus) for similarly situated executives at other companies with comparable annual revenue levels in the following sectors: (1) all organizations (excluding financial service organizations); (2) all non-manufacturing organizations; (3) service organizations; (4) leisure and hospitality service organizations; and (5) leisure and recreational services organizations (including motion picture theatre organizations). The Committee chose these sectors so as to provide it with both a broad scope of applicable executive compensation data to consider, as well as more specific information at similarly-sized companies in comparable sectors. Watson Wyatt did not provide, and our Compensation Committee did not receive, review or consider, the individual identities of the companies which comprised these general sector categories of benchmarked organizations. For each of these sectors, Watson Wyatt provided our Committee with aggregated compiled data and identified the 25th percentile, median and 75th percentile amounts for the base salary and total direct compensation amounts for executives similarly situated to the named executive officers in each sector. In particular, when reviewing this survey data, our Committee paid particular attention to the composite benchmark salary and direct compensation data related to the leisure and hospitality and leisure and recreational service companies because our Committee believed that they are the most similar to our Hotels and Resorts and Theatre Divisions.

Our Committee has also recently retained the services of Towers Perrin to assist us in reviewing our long-term incentive compensation plans. Specifically, Towers Perrin provided our Committee with composite aggregated data respecting the value of competitive long-term incentive plans for similarly situated executives at other companies with comparable revenue levels, identifying the 25th percentile, median and 75th percentile amounts. Towers Perrin also provided the Committee with information regarding the types and amounts of long-term

compensation recently provided to similarly situated executives at several individual companies that operate in the theatre and hotel sectors. Specifically, survey information was provided for the following companies: Regal Entertainment Group, Cinemark Holdings Inc., Carmike Cinemas Inc., Great Wolf Resorts Inc., Marriott International Inc., Starwood Hotels & Resorts Inc., Choice Hotels International Inc., Lodgian Inc., Sonesta International Hotels Corp. and Red Lion Hotels Corp. The Committee chose these companies so as to provide it with both a broad scope of applicable executive compensation data to consider, as well as more specific information at similarly-sized companies.

Total Compensation

The compensation paid to our named executive officers consists of four main elements: (1) salary; (2) an annual incentive cash bonus; (3) a long-term incentive compensation award which historically has included an equity-based component, including annual stock option grants and/or periodic restricted stock awards; and (4) other benefits, including those made available under our employee benefit plans. The combination of these elements is intended to provide our executive officers with fair and competitive compensation that rewards corporate and individual performance and helps attract, retain and motivate highly qualified individuals who contribute to our long-term success and value creation. Additionally, these compensation elements, particularly our annual incentive cash bonus and equity-based awards, are designed to foster a shareholder mentality and the continuation of our entrepreneurial spirit by encouraging our executives to take appropriate market-responsive risk-taking actions that help create long-term shareholder value.

12

While the relative amounts of salaries and benefits provided to our named executive officers are intended to be set at competitive levels compared to our surveyed group of benchmarked companies, we provide our executives with the opportunity to earn significant additional amounts through performance-based cash and equity-based incentive compensation programs.

For fiscal 2008, the total direct compensation (i.e., salary and annual cash bonus) paid to our named executive officers generally fell between the 50th and 75th percentile of the total direct compensation amounts paid to executives holding equivalent positions at our surveyed group of benchmarked sectors. We believe that this relative level of total direct compensation reflected the highly experienced nature of our senior executive team and was consistent with our corporate financial performance, the individual performance of our named executive officers and our prior shareholder return. We also believe that these total direct compensation levels were reasonable in their totality and supported our core compensation philosophies and principles. For fiscal 2009, we established the range of potential total direct compensation payable to our named executive officers at the same relative levels compared to updated recent information for our benchmarked sectors.

The components of our named executive officers' total compensation are weighted so that base salary comprises most of our executives' total direct compensation and is independently set at between the 50th and 75th percentile of the salary paid to similarly situated executives at our surveyed group of benchmarked sectors. The targeted annual incentive cash bonus awards range from between 35% to 95% of such officers' respective base salary. Stephen H. Marcus, our chief executive officer, has a higher percentage of his total compensation based on achieving his incentive bonus targets because we believe that he has the most potential to impact our corporate financial performance. We believe this emphasis and allocation most effectively links pay-for-performance. We then try to equate the relative level of long-term incentive awards to approximately 50% to 90% of each officer's base salary.

Elements of Compensation

Base Salary

Our Compensation Committee, in consultation with our chief executive officer (other than with respect to decisions affecting himself), strives to establish competitive base salaries for our named executive officers set at between the 50th and 75th percentile of the salaries paid to similarly situated executives at our surveyed group of benchmarked sectors. Each executive officer's salary is initially based on the level of his responsibilities, the relationship of such responsibilities to those of our other executive officers and his tenure at our company. We evaluate and adjust the base salaries of our named executive officers annually as of July 1 of each fiscal year. When evaluating and adjusting the salaries of our named executive officers (other than our chief executive officer), we consider the recommendations of our chief executive officer. In making his recommendations, our chief executive officer generally takes into account: (1) our corporate financial performance as a whole and on a divisional basis, when appropriate, for the most recent fiscal year compared to our historical and budgeted performance; (2) general economic conditions (including inflation) and the impact such conditions had on our operations and results; (3) each executive officer's past, and anticipated future, contributions to our performance; (4) each executive officer's compensation history with our company and the past levels of each element of total compensation; (5) how each executive officer's salary compares to the range of salaries of similarly situated executives at our surveyed group of benchmarked companies; (6) new responsibilities, if any, recently delegated, or to be delegated, to such officer; and (7) the executive's participation in significant corporate achievements during the prior fiscal year. Our Compensation Committee, while looking to our chief executive officer for his recommendations as to the salaries of our other named executive officers, also engages in its own independent review and judgment concerning such base salary adjustments based on the foregoing factors. When evaluating and adjusting our chief executive officer's salary, our Committee independently, and without his input, considers the factors cited above, as well as his ability to inspire subordinates with the vision of our company, and makes our decisions accordingly. The seven listed factors above are only generally, and

not individually or separately, analyzed, assessed and weighted by our Committee in its determination of the amount of base salary of each individual named executive officer. Our Committee subjectively assesses these factors in the aggregate based on the recommendations of our chief executive officer for all named executive officers other than himself and, in the case of our chief executive officer, by our Committee on its own accord.

As a result of the foregoing, for fiscal 2008, Stephen H. Marcus, Gregory S. Marcus, Douglas A. Neis, Bruce J. Olson, William J. Otto and Thomas F. Kissinger received increases of 7.8%, 7.1%, 14.9%, 5.6%, 9.1% and 9.8%, respectively, in their base salaries. In January 2008, Gregory S. Marcus was promoted to president and received an additional increase of 40.0% in his base salary. In fiscal 2008, the base salaries paid to Messrs. S. Marcus, G. Marcus, Neis, Olson, Otto and Kissinger represented 57%, 55%, 51%, 53%, 52% and 51%, respectively, of their respective total compensation for such fiscal year as set forth below in the Summary Compensation Table.

Based on our analyzing similar factors earlier this year, for fiscal 2009, Messrs. G. Marcus, Neis, Olson, Otto and Kissinger each received an increase in their annual base salary of 7.1%, 11.1%, 8.0%, 6.7% and 14.3%, respectively. The base salary for Mr. S. Marcus will remain unchanged for fiscal 2009.

Cash Bonuses

We establish targeted potential annual cash bonus awards at the beginning of each fiscal year pursuant to our incentive plan, which our Committee administers. Our current incentive plan allows our Committee to select from a variety of appropriate financial metrics upon which to base the financial targets for achieving a corresponding incentive bonus. Our incentive plan allows our Committee to choose from one or more of the following financial metrics, either in absolute terms or in comparison to prior year performance or publicly available industry standards or indices: revenues; gross operating profit; operating income; pre-tax earnings; net earnings; earnings per share; earnings before interest, taxes, depreciation and amortization (EBITDA); economic profit; operating margins and statistics; financial return and leverage ratios; total shareholder return metrics; or a company-specific financial metric (such as Adjusted EBITDA). Additional financial measures not specified may be considered if our Committee determines that the specific measure contributes to achieving the primary goal of our incentive plan – sustained growth in long-term shareholder value. Our Committee retains the ability to consider whether an adjustment of the selected financial goals for any year is necessitated by exceptional circumstances. This ability is intended to be narrowly and infrequently used.

Targeted bonus awards under the incentive plan may be based on our relative achievement of the selected consolidated financial targets and/or divisional financial targets, as well as on discretionary individual performance measures that help enhance shareholder value as determined by our Compensation Committee. We also from time to time have granted special compensation awards to our named executive officers and other key employees to reward their integral involvement in significant corporate achievements or events, such as in connection with our sale of our limited service lodging division and Miramonte Resort in fiscal 2005 and the payment of our \$7.00 per share special dividend in fiscal 2006. For fiscal 2007, we granted special compensation awards to Messrs. G. Marcus, Neis, Olson and Kissinger to reward their significant contributions in connection with our acquisition of 11 theatres from Cinema Entertainment Corporation in April 2007. For fiscal 2008, we granted special compensation awards to Messrs. G. Marcus, Neis, Olson and Kissinger to reward their significant contributions in connection with our acquisition of seven theatres from Douglas Theatre Company in April 2008.

At the beginning of each fiscal year, based on our company's budgeted financial performance for that fiscal year, we establish applicable financial targets for such fiscal year. For each selected applicable financial target, we also establish a threshold minimum level of financial performance and a maximum level of financial performance relative to such target. If our actual financial performance equals our targeted financial metric, then the portion of our incentive bonus payouts based on achieving that financial target will be equal to 100% of the targeted bonus amount. If we do not achieve the specified minimum threshold level of financial performance, then no incentive bonus payouts based on financial performance will be paid. If we equal or exceed the specified maximum level of financial performance, then we will pay out 200% of the targeted amount of the incentive bonuses based on the level that we exceed the selected financial performance metric. Financial performance between the threshold and target levels and between the target and maximum levels will result in a prorated portion of the financial-based bonus being paid.

Under our incentive plan for fiscal 2008, our Compensation Committee approved for each named executive officer an annual incentive cash bonus target award that represented a percentage of each officer's respective base salary. For our fiscal 2008, the target incentive bonus percentages of base salary for our named executive officers were established at between 35% and 45%, and for Mr. S. Marcus, at 95%. As a result of Gregory S. Marcus' promotion to president, his target incentive bonus percentage was increased from 35% to 50% effective January 2008. Our Compensation Committee determined that these target bonus awards, if earned, would result in our payment of total direct compensation amounts that would generally fall between the 50th and 75th percentile of the total direct compensation paid to similarly situated executives at our surveyed group of benchmarked companies.

The fiscal 2008 targeted incentive bonus awards for Messrs. Olson and Otto, who each have direct managerial responsibilities for our two operating divisions, were based 64% on the relative achievement of our fiscal 2008 Adjusted EBITDA targets for their respective divisions (which were approximately \$59.7 million for our Theatre Division and \$44.3 million for our Hotels and Resorts Division), 16% based on the relative achievement of our consolidated fiscal 2008 Adjusted EBITDA target of approximately \$95.4 million, and 20% on achieving their applicable individual performance measures. The fiscal 2008 target incentive bonus award for Mr. S. Marcus was based 80% on achieving our fiscal 2008 consolidated Adjusted EBITDA target and 20% on achieving his applicable individual performance measures. The fiscal 2008 targeted incentive bonus awards for Messrs. G. Marcus, Neis and Kissinger were based 60% on the relative achievement of our fiscal 2008 consolidated Adjusted EBITDA target and 40% on the achievement of their applicable individual performance measures. The applicable Adjusted EBITDA targets were based on stretch goals for our budgeted fiscal 2008 financial performance expectations for our company and each of our two operating divisions. Since the implementation of our incentive plan, we have achieved between 43% - 93% of the applicable bonus based upon our consolidated financial targets and 25% - 156% of the applicable bonus based upon our division financial targets. Individual performance measures included such officer's individual contributions and achievements during fiscal 2008, particularly as such contributions and achievements related to advancing our entrepreneurial spirit. For fiscal 2008, our actual consolidated Adjusted EBITDA achieved was approximately 83% of our target amount, resulting in a bonus achievement based upon this financial measure of 43%. Similarly, our actual fiscal 2008 Theatre Division Adjusted EBITDA was approximately 85% of the target amount, resulting in a bonus achievement based upon this financial measure of 49%. Our actual fiscal 2008 Hotels and Resorts Division Adjusted EBITDA was approximately 84% of the target amount, resulting in a bonus achievement based upon this financial measure of 45%. As a result, and because each named executive officer successfully achieved not less than 50% of his respective individual performance criterion, Messrs. S. Marcus, G. Marcus, Neis, Olson, Otto and Kissinger earned fiscal 2008 incentive bonus amounts equal to 42%, 28%, 23%, 26%, 23% and 23%, respectively, of their base salaries. For purposes of determining the relative achievement of our fiscal 2008 financial targets, we defined Adjusted EBITDA as operating income plus depreciation and amortization, preopening expense and equity earnings from unconsolidated joint ventures. Our Committee had the authority to make additional adjustments to either actual or targeted Adjusted EBITDA if our actual capital expenditures exceeded our pre-approved annual capital budget or our actual preopening expense exceeded our pre-approved operating budget. Our Committee also retained the ability to adjust the Adjusted EBITDA targets to take into account exceptional circumstances. No such adjustments were made to fiscal 2008 Adjusted EBITDA targets.

Our Compensation Committee subjectively analyzed on a discretionary basis individual performance measures, including achievements relating to advancing entrepreneurial spirit, with respect to each individual executive officer based on the recommendations of our chief executive officer for all named executive officers and, in the case of our chief executive officer, by our Committee on its own accord.

For our fiscal 2009, the target incentive bonus awards for our named executive officers as a percentage of their base salaries were again established at between 35% and 50% and the target incentive bonus percentage for Mr. S. Marcus was set at 95%. We again determined these percentages based on targeting potential total direct compensation levels to each executive that, if earned, would result in our payment of total direct compensation to them that would generally fall between the 50th and 75th percentile of total direct compensation paid to similarly situated executives at our benchmarked sectors.

The fiscal 2009 targeted incentive bonus awards for Messrs. Olson and Otto are based 64% on achieving the fiscal 2009 Adjusted EBITDA target of their respective divisions, 16% on achieving our fiscal 2009 consolidated Adjusted EBITDA target, and 20% on achieving their applicable individual performance measures. The fiscal 2009 target incentive bonus award for Mr. S. Marcus is based 80% on achieving our fiscal 2009 consolidated Adjusted EBITDA target and 20% on achieving his applicable individual performance measures. The fiscal 2009 target incentive bonus amounts for Messrs. Neis, Kissinger and G. Marcus are based 60% on achieving our fiscal 2009 consolidated Adjusted EBITDA target and 40% on achieving their applicable individual performance measures. We established these Adjusted EBITDA targets based on stretch goals for our budgeted financial performance expectations for fiscal 2009 for both our company and each of our two divisions. We believe that the level of achievability of these targets will be consistent with the relative level of achievement of our historical financial targets. Individual performance measures for fiscal 2009 include such officer's individual contributions and achievements during fiscal 2009, particularly as such contributions and achievements relate to advancing our entrepreneurial spirit.

Equity Awards

We believe that equity-based awards support our core compensation philosophies and objectives because they encourage entrepreneurship and help our named executive officers to maintain a shareholder mentality in managing our businesses. We believe that using equity-based awards as an important component of our executive compensation package will further our goals of promoting continuity of management and increasing incentive and personal interest in our welfare by those employees who are primarily responsible for shaping or carrying out our long-range plans and securing our continued growth and financial success. Historically, we have granted stock options to a broad range of employees because we believe it is beneficial to our shareholders to have our employees maintain a shareholder orientation and an entrepreneurial spirit. In fiscal 2008, over 60% of our employee stock options were granted to employees other than our named executive officers. In fiscal 2009, this percentage remained similarly high at 51%. Generally, we have granted restricted stock every third fiscal year to a

smaller group of more senior executives in order to minimize dilution to our shareholders and provide an additional long-term equity-based incentive to the individuals that we believe have the potential to most directly and significantly impact our long-term value creation. We last granted restricted stock awards in fiscal 2007 and we do not currently anticipate making another significant restricted stock grant to all of our named executive officers until fiscal 2010, although we may do so based on then current facts and circumstances. In prior years, we have generally strived to achieve a 70%/30% long-term mix of stock option grants and restricted stock awards to our executive officers over any given three-year period. The Committee intends to review the components and mix of long-term incentive awards during fiscal 2009 and has engaged Towers Perrin to provide assistance in this review.

The relative size of our annual stock option grants and periodic restricted stock awards to our named executive officers is typically based on: (1) the individual's length of service, responsibilities and contributions to our performance over the past fiscal year; (2) the individual's anticipated future contributions to our success; (3) the historical levels of option grants and restricted stock awards to, and the level of existing stock ownership of, such individual and other executive officers; (4) the relative levels of option grants and restricted stock awards then being made to all employees and other executive officers, including compared to our historical aggregate levels of stock options and/or restricted stock grants; (5) the relative levels of options grants and restricted stock awards made to similarly situated executives at other companies with comparable revenue levels and other specifically identified companies in our business sectors, as provided to us by Towers Perrin; and (6) the accounting and financial reporting impact and potential dilutive effective to our shareholders of such grants. These six listed factors above were only generally, and not individually or separately, analyzed, assessed or weighted by our Committee in its discretion with respect to determining the equity grants made in fiscal 2008 and 2009 for each individual named executive officer. These factors were subjectively assessed in the aggregate by our Committee in its discretion based on the recommendations of our chief executive officer for all named executive officers other than himself (our chief executive officer is not eligible for equity awards under our equity plans). In particular, our Committee took into account that all of our eligible named executive officers are extremely experienced and have held their respective executive positions with our company for in excess of 15 years each. As a result, our chief executive officer and our Committee believed that all members of our named executive officer team are equally important to the relative long-term success of our company and, consequently, the equity awards granted in fiscal 2008 were the same for all such named executive officers. As a result of data provided by Towers Perrin respecting the value of competitive long-term incentive plans for similarly situated executives at other companies with comparable revenue levels, the Committee decided that it would be appropriate to also consider the respective base salaries and responsibilities of the executive officers in determining the equity awards granted in fiscal 2009.

We generally follow a practice of granting stock options to all selected and then serving executives once a year on an annual fixed-date basis, with an effective grant date as of the third business day after the public release of our fiscal year financial results. We follow this practice so that the exercise price associated with our annual stock option grants reflects all then currently publicly available material information about our company. We only grant options with an exercise price equal to the closing sale price of our Common Shares on the effective date of grant. In the future, for newly hired executives or other employees to whom we determine to grant equity-based awards, such grants will have an effective date upon our Committee's approval of such grants. All options are granted with an exercise price equal to 100% of the fair market value of our Common Shares on the date of grant. Our options generally vest and become exercisable with respect to 40% of the shares after two years from the grant date, 60% after three years, 80% after four years and 100% after five years, but expire ten years after the grant date.

16

We have adopted a policy that prohibits the repricing of stock options, and we have never repriced any options (other than in connection with making equitable adjustments as required under our stock option and equity awards plans in connection with stock splits and our special cash dividend). Similarly, we have never engaged in any type of so-called stock option "back dating" practices or other similar grant date manipulations of stock options, and we will never do so in the future. While our chief executive officer recommends the recipients of our equity-based awards and the relative level of such awards, we do not delegate grant authority to him or any other members of our management.

We began placing a greater emphasis on granting periodic restricted stock awards beginning in fiscal 2004. We use periodic restricted stock awards to complement our annual stock option grants to our top executives. We believe that our increased use of restricted stock in lieu of large stock option grants not only reduces potential dilution to our shareholders, but also enhances the ownership perspective and entrepreneurial spirit of our named executive officers, which we hope will benefit our shareholders over the longer term. Our restricted stock grants have a vesting schedule of 50% after the third anniversary of grant and 100% after the fifth anniversary. We try to maintain our so-called "run rate" of annual equity grants at approximately 1% of our fully-diluted outstanding Common Shares.

Based on the foregoing considerations, in fiscal 2008, our named executive officers (other than our chief executive officer) each received a stock option grant for 15,000 shares.

Based on the foregoing considerations, in fiscal 2009, stock option grants for 50,000, 25,000, 25,000, 20,000 and 20,000 shares were issued to Messrs. G. Marcus, B. Olson, B. Otto, T. Kissinger and D. Neis, respectively. In addition, Mr. G. Marcus received an additional stock option grant for 50,000 shares in fiscal 2009 in recognition of his appointment to our president. Mr. S. Marcus is not eligible to receive any equity-based grants under our stock option and equity awards plans.

Other Benefits**Qualified Retirement Plan**

Our Pension Plus Plan is a profit-sharing plan with Internal Revenue Code Section 401(k) features and covers all of our eligible employees and eligible employees of our subsidiaries, including our named executive officers, and uses a participating employee's aggregate direct compensation as the basis for determining the employee and employer contributions that are allocated to the employee's account. A participating employee may elect to make pre-tax deposits of up to 60% of his or her annual compensation. The Pension Plus Plan also provides for three types of employer contributions: (1) a basic contribution equal to 1% of a participating employee's annual compensation; (2) a matching contribution equal to one-fourth of the employee's pre-tax deposits not exceeding 6% of such annual compensation; and (3) a discretionary profit performance contribution determined by our board of directors each year. For purposes of the profit performance contribution, we and our subsidiaries are divided into three profit sharing groups, and the profit performance contribution for the participating employees employed by a particular profit sharing group is dependent on our overall operations meeting profitability targets, our having achieved a positive return on shareholders' equity and that profit sharing group's operating performance having been profitable. A participating employee's share of the annual profit performance contribution, if any, for the employee's profit sharing group is determined by multiplying the contribution amount by the ratio of the participating employee's annual compensation to the aggregate annual compensation of all participating employees in that profit sharing group. The employee's pre-tax savings deposits and the employer basic contributions allocated to a participating employee's account are fully vested upon deposit, and the employer matching and profit performance contribution are subject to a graduated vesting schedule resulting in full vesting after six or seven years of service. Each participating employee has the right to direct the investment of the employee's account in one or more of several available investment funds, including Common Shares. The vested portion of a participating employee's account balance becomes distributable in a lump sum payment only after the employee's termination of employment, although the employee has the right while employed to borrow a portion of such vested portion or make a withdrawal of pre-tax savings deposits for certain hardship reasons that are prescribed by applicable federal law.

Nonqualified Deferred Compensation

Our Deferred Compensation Plan is a nonqualified defined contribution program whereby our eligible employees, including our named executive officers, may voluntarily make irrevocable elections to defer receipt of up to 100% of their annual direct compensation (*i.e.*, salary and/or incentive bonus) on a pre-tax basis. The irrevocable election must be made prior to the start of any calendar year to which it applies and must specify both a benefit payment commencement date and a form of payment (*i.e.*, lump sum or periodic installments). During each quarter of the deferral period, we apply to the deferred amount an earnings credit based on the average prime interest rate of a designated Milwaukee bank. The benefits payable under the Deferred Compensation Plan (*i.e.*, the employee's deferred amount plus his or her earnings credits) will be paid out of our general corporate assets as they become due (*i.e.*, after the employee's specified commencement date).

17

Our Retirement Income Plan, or our Supplemental Plan, is a nonqualified defined benefit pension plan for our eligible employees. An employee participating in the Supplemental Plan is entitled to receive annual benefits substantially in accordance with the table set forth below, except that the amounts shown in the table do not reflect the applicable reductions for Social Security benefits and benefits funded by employer contributions that are payable under our other employee benefit plans. For an employee entitled to the highest level of Social Security benefits who retires at age 65 during calendar year 2008, the reduction in annual Supplemental Plan benefits would equal approximately \$12,252.

The Supplemental Plan is available to eligible employees with annual compensation in excess of a specified level (*i.e.*, \$105,000 for 2008), including each of our named executive officers. The Supplemental Plan provides annual benefits (calculated on a straight life annuity basis

assuming the benefits commence at age 65) based on a formula that takes into account the employee's average total compensation for the five highest compensation years within the employee's last ten compensation years and the employee's years of service (up to a maximum of 30). In calculating employee compensation for purposes of determining contributions to the Supplemental Plan, we use a participating employee's total direct compensation (which, for the named executive officers, is comprised of the salary and bonus amounts listed in the Summary Compensation Table below). In addition to a reduction equal to 50% of Social Security benefits, the Supplemental Plan reduces its benefits by the benefits attributable to the employer contributions received by the participating employee under our other employee benefit plans, such as the Pension Plus Plan and our former qualified pension plans.

A participating employee is entitled to benefits under the Supplemental Plan upon normal retirement on or after age 65, early retirement after age 60 with at least five years of service, disability retirement after at least five years of service and other termination of employment after at least five years of service. A graduated vesting schedule, which provides for 50% vesting after five years of service and an additional 10% for each year of service thereafter, applies in the case of termination of employment before completing ten years of service or qualifying for normal, early or disability retirement. Benefits payable under the Supplemental Plan are paid out of our general corporate assets as they become due after retirement or other termination.

Perquisites

While our named executive officers may from time to time use certain of our properties for personal reasons, we generally incur no, or in some cases only nominal, incremental costs associated with such usage. We encourage our executive officers to personally use our properties because we believe that it is very important for our executives to be intimately familiar with our properties, our service and product offerings, and our markets. We believe that such personal hands-on experiences help us to enhance our customer services and be better positioned to understand, manage and operate our businesses. We otherwise provide only nominal perquisites to our named executive officers. No perquisites provided in fiscal 2008 to any named executive officer, individually or in the aggregate, had an incremental cost to us of in excess of \$10,000.

18

Executive Stock Ownership

We have not adopted any executive or director stock ownership guidelines, although the Marcus family directors and officers beneficially own approximately 29% of our outstanding Common Shares and, therefore, are the largest shareholder group in our company. Our other named executives each beneficially own significant amounts of our Common Shares through direct stock ownership, restricted stock awards and stock option grants. As of the Record Date, Messrs. Neis, Olson, Otto and Kissinger each beneficially owned 121,540 shares, 225,225 shares, 53,143 shares, and 117,878 shares, respectively. As a result, we believe that our senior management team's financial interests are significantly and directly related to the economic interests of our shareholders without the necessity of imposing arbitrary stock ownership guidelines. We have no policy prohibiting our executive officers or directors from hedging their Common Shares or otherwise pledging their Common Shares as collateral security for personal loans.

Impact of Tax, Accounting and Dilution Considerations

As a result of our executives' current executive compensation levels, we have not taken any action to qualify bonuses earned under our annual incentive bonus plan or restricted stock awards to comply with the regulations under Internal Revenue Code Section 162(m) relating to the \$1 million cap on executive compensation deductibility. However, stock options granted under our various stock option plans will qualify for tax deductibility under Section 162(m).

Additionally, our Committee carefully considers the accounting and financial reporting expenses associated with our grants of equity-based awards. We also consider the relative level of potential dilution to our shareholders resulting from such grants. As a result, we attempt to maintain an annual equity-based grant run-rate level of approximately 1% of our fully-diluted outstanding Common Shares.

Summary Compensation Table

Set forth below is information regarding compensation earned by, paid or awarded to our following named executive officers during fiscal 2008 and fiscal 2007: (1) Stephen H. Marcus, our chairman of the board and chief executive officer; (2) Gregory S. Marcus, our president; (3) Douglas A. Neis, our chief financial officer and treasurer; (4) Bruce J. Olson, our senior vice president and president of Marcus Theatres Corporation; (5) William J. Otto, our president and chief operating officer of Marcus Hotels, Inc.; and (6) Thomas F. Kissinger, our vice president, general counsel and secretary. Messrs. G. Marcus, Olson, Otto, and Kissinger represent our most highly-compensated executive officers, other than Mr. S. Marcus.

Edgar Filing: MARCUS CORP - Form DEF 14A

The following table sets forth for our named executive officers: (1) the dollar amount of base salary earned during fiscal 2008 and fiscal 2007; (2) the dollar amount of special compensation awards earned during fiscal 2008 and fiscal 2007; (3) the dollar value of our FAS 123R expense during fiscal 2008 and fiscal 2007 for all equity-based awards held by each named executive officer; (4) the dollar amount of cash bonuses under our incentive bonus plan earned during fiscal 2008 and fiscal 2007; (5) the change in pension value and the dollar amount of above-market earnings on nonqualified deferred compensation during fiscal 2008 and fiscal 2007; (6) the dollar amount of all other compensation for fiscal 2008 and fiscal 2007; and (7) the dollar value of total compensation for fiscal 2008 and fiscal 2007.

- (1) For fiscal 2008, we granted the listed special compensation awards to Messrs. G. Marcus, Neis, Olson and Kissinger to reward their significant contributions in connection with our acquisition of seven theatres from Douglas Theatre Company in April 2008. For fiscal 2007, we granted the listed special compensation awards to Messrs. G. Marcus, Neis, Olson and Kissinger and to reward their significant contributions in connection with our acquisition of 11 theatres from Cinema Entertainment Corporation in April 2007.
- (2) The dollar amount recognized for financial statement reporting purposes in accordance with FAS 123R. The assumptions made in the valuations are discussed in Footnote 6 to our fiscal 2008 financial statements.
- (3) The dollar amount recognized for financial statement reporting purposes in accordance with FAS 123R. The assumptions made in the valuations are discussed in Footnote 6 to our fiscal 2008 financial statements.
- (4) Reflects cash bonuses earned under our incentive bonus plan in connection with our achievement of the specific performance targets described above in the CD&A under Cash Bonuses.
- (5) The numbers in this column reflect the sum of (1) the aggregate change in the actuarial present value of accumulated benefits under our Supplemental Plan from the plan measurement date used for financial statement reporting purposes with respect to the applicable fiscal year to the plan measurement date used for financial statement reporting purposes with respect to the applicable fiscal year, and (2) above-market earnings in our Deferred Compensation

Edgar Filing: MARCUS CORP - Form DEF 14A

Plan. The present value of accumulated benefits under our Supplemental Plan for Mr. S. Marcus declined during fiscal 2007 due to the fact that he has continued employment beyond the actuarially assumed retirement age of 65 and his expected future payments under the plan are now expected to be paid out over a shorter life expectancy. A similar decline for Mr. S. Marcus did not occur during fiscal 2008 due to increased pay and decreased offset benefits under the employer-provided qualified benefit plan. The present value of accumulated benefits for Messrs. Kissinger and G. Marcus declined during fiscal 2007 because offset benefits under the plan (e.g., Social Security and employer-provided qualified benefits) grew at a faster rate than the gross benefit under the Supplemental Plan.

- (6) \$99,705 and \$86,856 of the figures in this column for Mr. S. Marcus represents imputed income on split-dollar life insurance premiums paid by us for fiscal 2008 and fiscal 2007, respectively.

Grants of Plan-Based Awards

As described above in the CD&A, we maintain our 1995 Equity Incentive Plan and 2004 Equity Incentive Plan, pursuant to which grants of restricted stock and/or stock options may be made to our named executive officers (other than Mr. S. Marcus), as well as other employees. The following table sets forth information regarding all such incentive plan awards that were granted to our named executive officers in fiscal 2008. The amounts set forth below should not be added to amounts set forth in the Summary Compensation Table.

- (1) Our equity award granting practices are described above in the CD&A.
(2) For fiscal 2008, maximum awards were limited to 200% of the named executive officer's target award.
(3) The full grant date fair value of each equity award calculated in accordance with FAS 123R.

The above amounts of non-equity incentive plan (*i.e.* cash bonus) awards under our incentive plan were determined pursuant to our achievement in fiscal 2008 of the specific performance targets described above in the CD&A. The number of stock options granted to our named executive officers were also determined as described above in the CD&A.

Option Exercises and Restricted Stock Vested

The following table sets forth information regarding each exercise of stock options and vesting of restricted stock that occurred during fiscal 2008 for each of our named executive officers on an aggregated basis. The amounts set forth below should not be added to the amounts set forth in the Summary Compensation Table.

Name	Number of Shares Acquired on Option Exercise	Value Realized on Option Exercise (1)	Number of Shares Acquired on Vesting of Restricted Shares	Value Realized on Vesting of Restricted Shares (2)

Mr. Olson	--	--	--	--
Mr. Otto	5,703	58,685	--	--
Mr. Kissinger	--	--	462	7,974

- (1) Reflects the amount calculated by multiplying the number of shares received upon exercise of options by the difference between the closing price of our Common Stock on the exercise date and the exercise price of the exercised options.
- (2) Reflects the amount calculated by multiplying the number of vested restricted shares by the closing price of our Common Stock on the date the restricted shares vested.

Pension Benefits

The following table sets forth the actuarial present value of each named executive officer's accumulated benefits under our Supplemental Plan as of May 29, 2008, assuming benefits are paid at normal retirement age based on current levels of compensation. The table also shows the number of years of credited service under each such plan, which are subject to a maximum of 30. The amounts set forth below should not be added to the amounts set forth in the Summary Compensation Table.

Name	Plan Name	Number of Years Credited Service	Present Value of Accumulated Benefits	Payments During Last Fiscal Year
Mr. S. Marcus	Supplemental Plan	30 ⁽¹⁾	\$3,372,000	--
Mr. G. Marcus	Supplemental Plan	16	109,000	--
Mr. Neis	Supplemental Plan	22	180,000	--
Mr. Olson	Supplemental Plan	30 ⁽¹⁾	1,399,000	--
Mr. Otto	Supplemental Plan	14	218,000	--
Mr. Kissinger	Supplemental Plan	14	93,000	--

- (1) Mr. S. Marcus has been employed by us for 46 years, but his years of credited service under the Supplemental Plan are subject to a maximum of 30. Similarly, Mr. Olson has been employed by us for 34 years, but his years of credited service under the Supplemental Plan are subject to a maximum of 30.

Our Supplemental Plan benefits payable to Messrs. S. Marcus, G. Marcus, Neis, Olson, Otto and Kissinger are determined under the formula illustrated above in the CD&A. Covered compensation for purposes of the Supplemental Plan consists of salary, bonus and non-equity incentive compensation. As of May 29, 2008, the estimated annual benefits payable under the Supplemental Plan at normal retirement age to Messrs. S. Marcus, G. Marcus, Neis, Olson, Otto and Kissinger were \$411,000, \$40,000, \$45,000, \$204,000, \$47,000 and \$24,000, respectively.

Disclosure Regarding Termination and Change in Control Provisions

We do not provide our executives with individual employment, severance or change-in-control agreements, other than the benefit plans otherwise described above in the CD&A and our standard policies generally applicable to all salaried employees. Generally, the vesting period for our stock option grants and restricted stock awards will be accelerated upon normal retirement or death. Our Compensation Committee has discretion to accelerate the vesting of such grants and awards upon a potential future change-in-control of our company.

Non-Employee Director Compensation

The following table sets forth information regarding the compensation received by each of our non-employee directors during fiscal 2008. Our other directors are named executive officers and receive no compensation for their services as directors.

Name	Fees Earned or Paid in Cash	Stock Awards	Option Awards (1)	Non-Equity Incentive Plan Compensation	Change in Pension Value and Non-Qualified Deferred Compensation Earnings	All Other Compensation (2)	Total

(1) The dollar amount recognized for financial statement purposes computed in accordance with FAS 123R.

(2) The amount of \$38,000 included for Diane Marcus Gershowitz represents imputed income on split-dollar life insurance premiums paid by us.

In fiscal 2008, each non-employee director received: (1) an annual retainer fee of \$10,000 in cash; (2) 509 Common Shares; (3) \$2,500 for each board meeting attended; (4) \$750 for each board committee meeting attended (or \$1,000 per committee meeting attended if that person served as the committee's chairperson), except that each member of the Audit Committee received \$1,000 per committee meeting attended, and the chairman of the Audit Committee received \$1,500 per committee meeting attended; and (5) an option to purchase 500 Common Shares at the end of our fiscal year. In addition, each non-employee director received an option to purchase 1,000 Common Shares upon his or her initial appointment or election to the board of directors under the option plan in effect at the time of such initial appointment. The exercise price of options granted to non-employee directors is equal to 100% of the fair market value of the Common Shares on the date of grant. At the end of our fiscal 2008, on May 29, 2008, each non-employee director received his or her annual automatic option grant to purchase 500 Common Shares at an exercise price of \$17.17 per share. All options granted to our non-employee directors have a term of ten years and are fully vested and exercisable immediately after grant.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the above CD&A with management and, based on such review and discussion, has recommended to the Board of Directors that the CD&A be included in this proxy statement.

AUDIT COMMITTEE REPORT

To the Board of Directors of The Marcus Corporation

Each of the undersigned Audit Committee members: (1) served on the Audit Committee during the Company's entire fiscal year ended May 29, 2008; (2) is an independent, non-employee director as defined by the rules of the NYSE and the SEC; and (3) is an audit committee financial expert, as defined by the SEC. Our Audit Committee has a written charter, which is available on the Company's website at www.marcuscorp.com.

Our Audit Committee oversees the Company's financial reporting process on behalf of the board of directors. Our management is responsible for the Company's financial reporting process, including its system of internal controls, and for the preparation of the Company's consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent registered public accounting firm, Ernst & Young LLP, is responsible for auditing those financial statements. Our responsibility is to monitor and review these processes. It is not our duty or our responsibility to conduct auditing or accounting reviews or procedures. We are not employees of the Company and we are not accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, we have relied, without independent verification, on management's representation that the Company's financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles. We have also relied on the representations of Ernst & Young LLP included in its report on the Company's fiscal 2008 financial statements. Our discussions with management and Ernst & Young LLP do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards or that Ernst & Young LLP is in fact independent.

Our Audit Committee has reviewed and discussed the audited consolidated financial statements of the Company for the fiscal year ended May 29, 2008 with management and has discussed with Ernst & Young LLP its judgments as to the quality, not just the acceptability, of the Company's accounting principles and other matters required to be discussed by Statement on Auditing Standards Board Standard No. 61, as amended, Communication with Audit Committees. Ernst & Young LLP has provided the Audit Committee with the written disclosures and the letter required by the Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and the Audit Committee has discussed with Ernst & Young LLP its independence from management and the Company and considered the compatibility of Ernst & Young LLP's provision of non-audit services with its independence.

Our Audit Committee discussed with Ernst & Young LLP the overall scope and plans for its audit. We met with Ernst & Young LLP, with and without management present, to discuss the results of its examination, its evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, our Audit Committee recommended to the board of directors that the Company's audited consolidated financial statements be included in the Annual Report on Form 10-K at and for the fiscal year ended May 29, 2008 for filing with the SEC.

This report and the information herein do not constitute soliciting material and shall not be deemed to be incorporated by reference by any general statement incorporating by reference this proxy statement into any filing by or of the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, and shall not otherwise be deemed filed under such Acts.

By the Audit Committee:
Daniel F. McKeithan, Jr., Chairman
Philip L. Milstein
James D. Ericson

CHANGE IN CERTIFYING ACCOUNTANT

In October 2007, our Audit Committee determined that the time was opportune to undertake a process to determine our auditor for our 2009 fiscal year. As a result of this process, on January 9, 2008, the Audit Committee appointed Deloitte & Touche LLP as our new independent registered public accounting firm for fiscal 2009 and notified Ernst & Young LLP that, upon the completion of its fiscal 2008 engagement and the filing of our Annual Report on Form 10-K for the fiscal year ending May 29, 2008, Ernst & Young LLP would be replaced as our independent registered public accounting firm.

Ernst & Young LLP's reports on our consolidated financial statements as of and for the fiscal years ended May 31, 2007 and May 29, 2008 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principle.

During the fiscal years ended May 31, 2007 and May 29, 2008, we did not have any disagreements with Ernst & Young LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to Ernst & Young LLP's satisfaction, would have caused Ernst & Young LLP to make reference to their subject matter in their reports on the financial statements for those years. Also during this period, there were no reportable events as that term is described in Item 304(a)(1)(v) of Regulation S-K.

We did not engage Deloitte & Touche LLP in any prior consultations during the fiscal years ended May 31, 2007 or May 29, 2008.

POLICIES AND PROCEDURES GOVERNING RELATED PERSON TRANSACTIONS

Our Board has adopted written policies and procedures regarding related person transactions. For purposes of these policies and procedures:

- a **related person** means any of our directors, executive officers or nominees for director, any immediate family members of those individuals, and any holders of more than 5% of our Common Stock or Class B Common Stock; and
- a **related person transaction** generally is a transaction (including any indebtedness or a guarantee of indebtedness) in which we were or are to be a participant, the amount involved exceeds \$120,000, and in which a related person had or will have a direct or indirect material interest.

Each of our executive officers, directors and nominees for director is required to disclose to our Corporate Governance and Nominating Committee certain information relating to related person transactions for review, approval or ratification by the Committee. Disclosure to the Committee should occur before, if possible, or as soon as practicable after the executive officer, director or nominee for director becomes aware of the related person transaction. The decision of the Committee whether or not to approve or ratify a related person transaction is to be made in light of the Committee's determination of whether the transaction is in our best interests and/or whether the transaction is on terms at least as favorable as could be obtained from a non-affiliated third party. Any related person transaction must be disclosed to our Audit Committee and to our full Board.

Pursuant to these policies and procedures, our Corporate Governance and Nominating Committee ratified the following ongoing related person transactions:

As in prior years, during our 2008 fiscal year, we leased automobiles from Selig Executive Leasing Co., Inc. Aggregate lease payments from the lease of approximately 61 vehicles were \$248,000 in our fiscal 2008. As in past years, virtually all of these lease payments represent reimbursement of actual costs incurred by Selig Executive Leasing to purchase and finance the vehicles, with Selig Executive Leasing retaining less than \$20,000 as an administrative fee. Allan H. Selig, one of our directors, is the president, chief executive officer and sole shareholder of Selig Executive Leasing.

We have an administrative services agreement with Marcus Investments, LLC, which is owned by the three sons of Stephen H. Marcus, our chairman and chief executive officer, including Gregory S. Marcus, our president. The agreement provides that Marcus Investments may not invest in businesses which compete with our motion picture theatre exhibition or hotels or resorts businesses. Pursuant to the agreement, we from time to time provide various administrative support services, legal services, payroll services and related equipment to Marcus Investments in support of its business. Such services are provided solely at our discretion so that the performance of these services does not interfere with or otherwise adversely affect our business or operations. Marcus Investments pays us not less than our fully-allocated direct and indirect costs and expenses for providing any such services. In fiscal 2008, Marcus Investments made aggregate payments to us of \$485,000, of which less than \$66,000 was for the provision of the aforementioned services. The remaining payments received represented reimbursement of payroll related costs for Marcus Investments associates paid using our payroll service. The agreement is subject to annual review and re-approval, by our Corporate Governance and Nominating Committee, which reapproved the agreement in July 2008.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Our directors and executive officers are required to report their ownership of Common Shares and Class B Shares and any changes in that ownership to the SEC and the NYSE. Based upon our review of copies of the reports filed with the SEC and the representations of the persons involved, we believe that the directors and executive officers of the Company have complied with the requirements for fiscal 2008. In making the above statements, we have relied upon the representations of the persons involved and on copies of their reports filed with the SEC.

OTHER MATTERS

Ernst & Young LLP acted as our independent auditors during fiscal 2008. Ernst & Young LLP's fees for the most recent two fiscal years are summarized in the following table:

	<u>2008</u>	<u>2007</u>
Audit Fees	\$ 373,900	\$ 428,300
Audit-Related Fees ⁽¹⁾	2,500	17,500
Tax Fees ⁽²⁾	--	65,000
All Other Fees	--	--
	<hr/>	<hr/>
Total Fees	\$ 376,400	\$ 510,800
	<hr/>	<hr/>

- (1) Audit-related fees consist of the fees billed for consultation services on various accounting matters.
 (2) Tax fees consist of the fees billed for consultation services on various tax matters.

Our Audit Committee pre-approves the provision of all auditing and non-audit services by Ernst & Young LLP. During fiscal 2007 and 2008, all of the services related to the audit and other fees described above were pre-approved by our Audit Committee and none were provided pursuant to any waiver of the pre-approval requirement.

As noted in the Audit Committee Report, our Audit Committee has considered whether Ernst & Young LLP's provision of non-audit services is compatible with its independence. Representatives from Ernst & Young LLP are expected to be present at the Meeting and will have an opportunity to make a statement if they so desire and will be available to respond to appropriate shareholder questions.

We have filed an Annual Report on Form 10-K with the SEC for fiscal 2008, which ended on May 29, 2008. A copy of the Form 10-K (excluding exhibits) has been provided to each person who was a record or beneficial owner of Common Shares or Class B Shares as of the Record Date and is available on our corporate web site (www.marcuscorp.com). Exhibits to the Form 10-K will be furnished upon payment of the fee described in the list of exhibits accompanying the copy of Form 10-K. Requests for any exhibits to our Form 10-K should be addressed to Thomas F. Kissinger, Vice President, General Counsel and Secretary, The Marcus Corporation, 100 East Wisconsin Avenue, Suite 1900, Milwaukee, Wisconsin 53202-4125.

Our board of directors does not intend to present at the Meeting any matters for shareholder action other than the matters described in the Notice of Annual Meeting. The board of directors does not know of any other matters to be brought before the Meeting that will require the vote of shareholders. If any other business or matters properly come before the Meeting, the proxies named in the accompanying proxy will vote on such business or matters in accordance with their best judgment.

Edgar Filing: MARCUS CORP - Form DEF 14A

We did not receive any shareholder proposals for consideration at the Meeting. A shareholder wishing to include a proposal in our proxy statement for our 2009 Annual Meeting of Shareholders pursuant to Rule 14a-8 under the Exchange Act must forward the proposal to us by May 6, 2009. In addition, a shareholder who otherwise intends to present business at our 2009 Annual Meeting of Shareholders (including nominating persons for election as directors) must comply with the requirements set forth in our By-laws. Among other things, to bring business before an annual meeting, a shareholder must give written notice thereof, complying with the By-laws, to our Secretary not later than 45 days prior to the date in the current year corresponding to the date on which we first mailed our proxy materials for the prior year's annual meeting. Accordingly, if we do not receive notice of a shareholder proposal submitted otherwise than pursuant to Rule 14a-8 prior to July 20, 2009, the notice will be considered untimely and we will not be required to present such proposal at the 2009 Annual Meeting of Shareholders. If our board of directors chooses to present such proposal at our 2009 Annual Meeting of Shareholders, the persons named in proxies solicited by the board of directors for the 2009 Annual Meeting of Shareholders may exercise discretionary voting power with respect to such proposal.

32

We have paid the cost of soliciting proxies. We expect to solicit proxies primarily by mail. Proxies may also be solicited personally and by telephone by certain of our officers and employees. We will reimburse brokers and other holders of record for their expenses in communicating with the persons for whom they hold Common Shares or Class B Shares. It is not anticipated that anyone will be specially engaged to solicit proxies or that special compensation will be paid for that purpose, but we reserve the right to do so should we conclude that such efforts are needed.
