Edgar Filing: VIRGINIA ELECTRIC & POWER CO - Form PRE 14A

Pursuant to Section 13(d) of the Securities Exchange Act of 1934, as amended, a beneficial owner of a security is any person who directly or indirectly has or shares voting or investment power over such security. Because our preferred stock is not ordinarily a voting security, no public filings have been made by any beneficial holders of more than 5% of the shares of our preferred stock. We believe, however, that certain investment banking firms, including Lehman Brothers Inc. and Merrill Lynch, Pierce, Fenner & Smith Incorporated, may, from time to time, acquire more than 5% of one or more series of our money market and auction market preferred stock.

Our officers and directors as a group beneficially owned, as of November 9, 2001, no shares of our preferred stock and less than 3% of the total number of shares of the common stock of Dominion.

VOTING REQUIREMENTS AND PROCEDURES

We can only take action on the proposed amendments if the common shareholder and a quorum of Preferred Shareholders is present in person or by proxy at the Special Meeting. Therefore, it is very important that you return your completed and signed Proxy. A majority of the total outstanding shares of preferred stock, constitutes a quorum. Once a share is represented for any purpose at the Special Meeting (other than solely to object to holding the Special Meeting or to transacting business at the Special Meeting), it is deemed present for quorum purposes for the remainder of the Special Meeting. Abstentions will be counted as present for purposes of determining the presence or absence of a quorum. Broker non-votes will not be counted as present for quorum purposes. Broker non-votes are votes that brokers holding shares of record for their customers are not permitted to be cast because the brokers have not received specific instructions from their customers.

Adoption of each of the proposed amendments requires the approval by holders of each class of our capital stock. Dominion, the owner of all of our outstanding shares of common stock, has advised us that it intends to vote all of the outstanding shares of common stock FOR each proposed amendment.

In addition to requiring the approval of the Preferred Shareholders as a single class:

- . Proposal 1 requires the approval of the holders of the October 1988 Preferred Stock;
- . Proposal 2 requires the approval of the holders of the June 1989 Preferred Stock;
- . Proposal 3 requires the approval of the holders of the September 1992A Preferred Stock; and
- . Proposal 4 requires the approval of the holders of the September 1992B Preferred Stock.

Assuming a quorum is present, in person or by proxy, the proposed amendments will be approved if a majority of the shares of Preferred Stock and a majority of the shares of each applicable series represented at the Special Meeting vote FOR the proposed amendments. Therefore, abstentions and failures to vote will have the same effect as a vote against a proposed amendment.

PROPOSED AMENDMENTS

Business to Come Before the Special Meeting

Edgar Filing: VIRGINIA ELECTRIC & POWER CO - Form PRE 14A

The following proposed amendments (the "Proposed Amendments") to our Articles are the only items of business expected to be presented at the Special Meeting. The complete amendments are set forth in Attachment A to this Proxy Statement.

Proposal 1

To amend the Articles to increase the percentages in the definition of "AA" Rate Multiple set forth in the Articles of Amendment relating to the October 1988 Preferred Stock to the percentages set forth below:

Prevailing Rating	Percentage
AA/aa or Above.....	175%
A/a.....	200%
BBB/baa.....	225%
Below BBB/baa.....	250%

Proposal 2

To amend the Articles to increase the percentages in the definition of "AA" Rate Multiple set forth in the Articles of Amendment relating to the June 1989 Preferred Stock to the percentages set forth below:

Prevailing Rating	Percentage
AA/aa or Above.....	175%
A/a.....	200%
BBB/baa.....	225%
Below BBB/baa.....	250%

Proposal 3

To amend the Articles to make certain conforming technical changes and to increase the percentages in the definition of "AA" Rate Multiple set forth in the Articles of Amendment relating to the September 1992A Preferred Stock to the percentages set forth below:

Prevailing Rating	Percentage
AA/aa or Above.....	175%
A/a.....	200%
BBB/baa.....	225%
Below BBB/baa.....	250%

Proposal 4

Reasons for the Proposed Amendments

The percentages in the definition of "AA" Rate Multiple for the October 1988 Preferred Stock, June 1989 Preferred Stock, September 1992A Preferred Stock and September 1992B Preferred Stock are no longer the current market standards. The "AA" Rate Multiple acts as an upper limit or cap on the dividend rate established through an auction procedure. It is a percentage applied to the applicable 60-day commercial paper discount rate and has over the last decade served as an adequate limiting mechanism. Recently, however, the 60-day commercial paper discount rates have been at historical lows resulting in auction clearing rates that are, in percentage terms, greater than historical levels and in certain cases higher than the limits originally established for the Company's auction rate preferred stock. The Company wishes to increase the "AA" Rate Multiple to meet the market expectations and ensure a more efficient market for the October 1988 Preferred Stock, June 1989 Preferred Stock, September 1992A Preferred Stock and September 1992B Preferred Stock.

The Proposed Amendments relating to the September 1992A Preferred Stock and the September 1992B Preferred Stock also include conforming technical changes that clarify the effects of a split in our Prevailing Ratings.

Certain Effects of the Proposed Amendments

If, on any date on which an auction is held to determine the dividend rate of the October 1988 Preferred Stock, the June 1989 Preferred Stock, the September 1992A Preferred Stock or the September 1992B Preferred Stock, Sufficient Clearing Bids, as described below, do not exist (other than because all of the outstanding shares of such series are the subject of submitted hold orders) the dividend rate for the next succeeding dividend period for such series will be equal to the Maximum Rate. The Maximum Rate of the October 1988 Preferred Stock, the June 1989 Preferred Stock, the September 1992A Preferred Stock or the September 1992B Preferred Stock is the product of the 60-day "AA" Composite Commercial Paper Rate times the "AA" Rate Multiple. Sufficient Clearing Bids will exist if the number of shares of such series that are the subject of submitted bids by potential holders specifying rates not higher than the Maximum Rate equals or exceeds the sum of (i) the number of shares of such series that are the subject of submitted bids by existing holders specifying rates higher than the Maximum Rate and (ii) the number of shares of such series that are the subject of submitted sell orders.

Following the adoption of the Proposed Amendments, the "AA" Rate Multiple will be increased, resulting in a higher Maximum Rate. As a result of having a higher Maximum Rate, the potential to receive Sufficient Clearing Bids will be increased.

Edgar Filing: VIRGINIA ELECTRIC & POWER CO - Form PRE 14A

The Board of Directors recommends that you vote FOR the Proposed Amendments.

We have requested that brokerage houses and other custodians, nominees and fiduciaries forward solicitation materials to the beneficial owners of shares of our outstanding Preferred Stock held of record by such persons and will reimburse such brokers and other fiduciaries for their reasonable out-of-pocket expenses incurred in connection with the solicitation.
