Dear Fellow Stockholder:

On behalf of the Board of Directors and management of Capitol Federal® Financial, Inc. we cordially invite you to attend our annual meeting of stockholders. The meeting will be held at 10:00 a.m. local time on Tuesday, January 23, 2018, at the Bradbury Thompson Center, 1700 S.W. Jewell, located on the Washburn University Campus, in Topeka, Kansas.

We encourage you to attend the meeting in person. Regardless of whether you plan to attend the meeting, please read the enclosed proxy statement and then vote by the Internet, telephone or mail as promptly as possible. Your prompt response will save us additional expense in soliciting proxies and will ensure that your shares are represented at the meeting.

This year we are using a Securities and Exchange Commission rule to furnish our proxy statement, Annual Report and proxy card over the Internet to stockholders. This means that stockholders will not receive paper copies of these documents. Instead, stockholders will receive only a notice containing instructions on how to access the proxy materials over the Internet. This rule enables us to lower the costs of delivering the annual meeting materials and reduce the environmental impact of the meeting. If you would like to receive a copy of the printed materials, the notice contains instructions on how you can request copies of these documents.

Your Board of Directors and management are committed to the success of Capitol Federal Financial, Inc. and the enhancement of your investment. As Chairman of the Board, I want to express my appreciation for your confidence and support.

Very truly yours,

/s/ John B. Dicus

PROXY STATEMENT

INTRODUCTION

The Capitol Federal Financial, Inc. Board of Directors is using this proxy statement to solicit proxies from the holders of the Company's common stock for use at the Company's upcoming annual meeting of stockholders. The annual meeting of stockholders will be held at 10:00 a.m. local time on Tuesday, January 23, 2018 at the Bradbury Thompson Center, 1700 S.W. Jewell, located on the Washburn University Campus, in Topeka, Kansas. At the meeting, stockholders will be asked to vote on three proposals. The proposals are set forth in the accompanying Notice of Annual Meeting of Stockholders and are described in more detail below. Stockholders also will consider any other matters that may properly come before the meeting, although the Board of Directors knows of no other business to be presented. Capitol Federal Financial, Inc. is referred to in this proxy statement from time to time as the "Company," "we," "us" or "our." Certain of the information in this proxy statement relates to Capitol Federal Savings Bank ("Capitol Federal Savings" or the "Bank"), a wholly owned subsidiary of the Company.

On December 21, 2010, the Company completed its conversion (the "Conversion") from the mutual holding company structure and related public stock offering and became a stock form holding company that is 100% owned by public stockholders. As a result of the Conversion, the Company, a newly formed Maryland corporation, became the holding company for Capitol Federal Savings, and Capitol Federal Financial (formerly the mid-tier holding company of Capitol Federal Savings) and Capitol Federal Savings Bank MHC (a mutual holding company that owned a majority of the stock of Capitol Federal Financial) have ceased to exist. All outstanding shares of Capitol Federal Financial common stock (other than those owned by Capitol Federal Savings Bank MHC, which have been cancelled) were converted into the right to receive 2.2637 shares of Company common stock (the "Conversion Exchange Ratio"). References in this proxy statement to the Company prior to the date of the Conversion refer to Capitol Federal Financial.

We have decided to use the "Notice and Access" rule adopted by the Securities and Exchange Commission (the "SEC") to provide access to our proxy materials over the Internet instead of mailing a printed copy of the proxy materials to each stockholder. As a result, on or about December 13, 2017, we mailed to all stockholders only a "Notice of Internet Availability of Proxy Materials" that tells them how to access and review the information contained in the proxy materials and how to vote their proxies over the Internet. You will not receive a printed copy of the proxy materials in the mail unless you request the materials by following the instructions included in the Notice of Internet Availability of Proxy Materials.

By submitting your proxy, either by executing and returning the proxy card or by voting electronically via the Internet or by telephone, you authorize the Company's Board of Directors to represent you and vote your shares at the meeting in accordance with your instructions. The Board of Directors also may vote your shares to adjourn the meeting from time to time and will be authorized to vote your shares at any adjournments or postponements of the meeting. This proxy statement and the accompanying materials are first being made available to stockholders on or about December 13, 2017.

Your proxy vote is important. Whether or not you plan to attend the meeting, please submit your proxy by the Internet, telephone or mail as promptly as possible.

INFORMATION ABOUT THE ANNUAL MEETING

What is the purpose of the annual meeting?

At the annual meeting, stockholders will be asked to vote on the following proposals:

- Proposal
1. The election of two directors of the Company.
- Proposal
2. An advisory (non-binding) vote on executive compensation as disclosed in this proxy statement.
- Proposal
3. The ratification of the appointment of Deloitte & Touche LLP as the Company's independent auditors for the fiscal year ending September 30, 2018.

Stockholders also will transact any other business that may properly come before the meeting or any adjournment or postponement of the meeting. Members of our management team will be present at the meeting to respond to appropriate questions from stockholders.

How does the Board of Directors recommend that I vote?

The Board of Directors recommends that you vote "FOR" the election of the director nominees named in this proxy statement, "FOR" the advisory vote on executive compensation, and "FOR" the ratification of the appointment of Deloitte & Touche LLP.

Who is entitled to vote?

The record date for the meeting is December 1, 2017. Only stockholders of record at the close of business on that date are entitled to notice of and to vote at the meeting. The only class of stock entitled to be voted at the meeting is the Company's common stock. Each outstanding share of common stock is entitled to one vote for all matters before the meeting; provided, however, that pursuant to Section D of Article 5 of the Company's charter, no person who beneficially owns more than 10% of the shares of the Company's common stock outstanding as of that date may vote shares in excess of this amount. At the close of business on the record date there were 138,230,735 shares of common stock outstanding.

What if my shares are held in "street name" by a broker?

If you are the beneficial owner of shares held in "street name" by a broker, your broker, as the record holder of the shares, is required to vote those shares in accordance with your instructions. If you do not give instructions to your broker, your broker nevertheless will be entitled to vote the shares with respect to "discretionary" items, but will not be permitted to vote your shares with respect to any "non-discretionary" items. In the case of non-discretionary items, the shares will be treated as "broker non-votes." Whether an item is discretionary is determined by the exchange rules governing your broker. It is expected that the ratification of the appointment of Deloitte & Touche LLP will be considered a discretionary item and that all other matters being voted upon will be considered non-discretionary items.

What if my shares are held in the Company's employee stock ownership plan?

We maintain an employee stock ownership plan, which beneficially owned approximately 5.9% of the outstanding shares of the Company's common stock as of the record date. Employees of the Company and Capitol Federal Savings participate in the employee stock ownership plan. Each participant may instruct the trustee of the plan how to vote the shares of common stock allocated to his or her account under the employee stock ownership plan. If a participant properly executes the voting instruction card distributed by the trustee, the trustee will vote the participant's shares in accordance with the instructions. Where properly executed voting instruction cards are returned to the trustee with no specific instruction as to how to vote at the annual meeting, the trustee will vote the shares "FOR" the election of the director nominees named in this proxy statement, "FOR" the advisory vote on executive compensation, and "FOR" the ratification of the appointment of Deloitte & Touche LLP. In the event the participant fails to give timely voting instructions to the trustee with respect to the voting of the common stock that

is allocated to his or her employee stock ownership plan account, and in the case of shares held in the employee stock ownership plan but not allocated to any participant's account, the trustee will vote such shares in the same proportion as directed by the participants who directed the trustee as to the manner of voting their allocated shares in the employee stock ownership plan with respect to each proposal.

How many shares must be present to hold the meeting?

A quorum must be present at the meeting for any business to be conducted. The presence at the meeting, in person or by proxy, of the holders of at least one-third of the shares of the Company's common stock outstanding on the record date will constitute a quorum. Proxies received but marked as abstentions or broker non votes will be included in the calculation of the number of shares considered to be present at the meeting.

What if a quorum is not present at the meeting?

If a quorum is not present at the scheduled time of the meeting, the stockholders who are represented may adjourn the meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken, and no other notice will be given. An adjournment will have no effect on the business that may be conducted at the meeting.

How do I vote?

1. You may vote by mail. If you properly complete, sign and return the proxy card, it will be voted in accordance with your instructions.
2. You may vote by telephone. If you are a registered stockholder, that is, if you hold your stock in your own name, you may vote by telephone by following the instructions included on the proxy card. If you vote by telephone, you do not have to mail in your proxy card.
3. You may vote on the internet. If you are a registered stockholder, that is, if you hold your stock in your own name, you may vote on the Internet by following the instructions included on the proxy card. If you vote on the Internet, you do not have to mail in your proxy card.
4. You may vote in person at the meeting. If you plan to attend the annual meeting and wish to vote in person, we will give you a ballot at the annual meeting. However, if your shares are held in the name of your broker, bank or other nominee, you will need to obtain a proxy form from the institution that holds your shares indicating that you were the beneficial owner of the Company's common stock on December 1, 2017, the record date for voting at the annual meeting.

Can I vote by telephone or on the Internet if I am not a registered stockholder?

If your shares are held in "street name" by a broker or other nominee, you should check the voting form used by that firm to determine whether you will be able to vote by telephone or on the Internet.

Can I change my vote after I submit my proxy?

If you are a registered stockholder, you may revoke your proxy and change your vote at any time before the polls close at the meeting by:

- signing another proxy with a later date;
- voting by telephone or on the Internet -- your latest telephone or Internet vote will be counted;
- giving written notice of the revocation of your proxy to the Secretary of the Company prior to the annual meeting; or
- voting in person at the annual meeting.

If you have instructed a broker, bank or other nominee to vote your shares, you must follow directions received from your nominee to change those instructions.

What if I do not specify how my shares are to be voted?

If you are a registered stockholder and you submit an executed proxy but do not indicate any voting instructions, your shares will be voted:

- FOR the election of the director nominees named in this proxy statement;
- FOR the advisory vote on executive compensation; and
- FOR the ratification of the appointment of Deloitte & Touche LLP as the Company's independent auditors for the fiscal year ending September 30, 2018.

Will any other business be conducted at the annual meeting?

The Board of Directors knows of no other business that will be conducted at the meeting. If any other proposal properly comes before the stockholders for a vote at the meeting, however, the proxy holders will vote your shares in accordance with their best judgment.

How many votes are required to approve the proposals?

The Company's bylaws provide that in all elections of directors at meetings of stockholders, other than contested elections, each director is elected by a majority of the votes cast with respect to such director. This means that in order to be elected, the number of votes cast FOR a director nominee's election must exceed the number of votes cast AGAINST such director nominee's election. In a contested election, which is one where the number of nominees exceeds the number of directors to be elected, directors are elected by a plurality of the votes cast. The election of directors at the annual meeting will not be a contested election. Therefore, directors will be elected at the annual meeting under the majority voting standard described above.

The advisory vote on executive compensation and the ratification of the appointment of Deloitte & Touche LLP as the Company's independent auditors each requires the affirmative vote of the majority of votes cast on the matter.

How will abstentions be treated?

If you abstain from voting for the election of any director nominee or from voting on any other proposal, your shares will not be counted as votes cast with respect to the election of that nominee or that proposal and will have no effect on the election of that nominee or on that proposal. Abstentions will be included for purposes of determining whether a quorum is present.

How will broker non-votes be treated?

Broker non-votes will have no effect on the election of directors or on any other proposal. Shares treated as broker non-votes on one or more proposals will be included for purposes of calculating the presence of a quorum.

STOCK OWNERSHIP

The following table presents information regarding the beneficial ownership of the Company's common stock, as of December 1, 2017, by:

- each beneficial owner of more than 5% of the outstanding shares of the Company's common stock known to the Company;
- each director of the Company and nominee for election;
- each executive officer of the Company named in the "Summary Compensation Table" appearing below; and

·all of the executive officers, directors and director nominees as a group.

Except as indicated below, the address of each of the beneficial owners is the same address as that of the Company.

An asterisk (*) in the table indicates that the individual beneficially owns less than one percent of the outstanding common stock of the Company. Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission (the "SEC"). As of December 1, 2017, there were 138,230,735 shares of the Company's common stock outstanding.

PROPOSAL I**ELECTION OF DIRECTORS**

The Company's Board of Directors is currently composed of eight members, each of whom is also a director of Capitol Federal Savings. Approximately one-third of the directors are elected annually. Directors of the Company are elected to serve for a three-year term or until their respective successors are elected and qualified. The Company's bylaws provide that no person who has reached age 75 may be elected or re-elected to the Board of Directors.

The following table sets forth certain information regarding the composition of the Company's Board of Directors, including each director's term of office. The Board of Directors, acting on the recommendation of the Nominating Committee, has recommended and approved the nominations of Morris J. Huey, II and Reginald L. Robinson to serve as directors, each for a term of three years to expire at the annual meeting of stockholders to be held in 2021. It is intended that the proxies solicited on behalf of the Board of Directors will be voted at the annual meeting "FOR" the election of these director nominees. If any nominee is unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute nominee as the Board of Directors, acting on the recommendations of the Nominating Committee, may recommend. At this time, the Board of Directors knows of no reason why any nominee might be unable to serve if elected. Except as disclosed in this proxy statement, there are no arrangements or understandings between any nominee and any other person pursuant to which the nominee was selected.

Business Experience and Qualifications of Our Directors

The Board believes that the many years of service that our directors collectively have at the Company and Capitol Federal Savings is one of their most important qualifications for service on our Board. This service has given them extensive knowledge of the banking business and of the Company. Furthermore, their service on our Board committees, especially in areas of audit, compensation and stock benefits is critical to their ability to oversee the

management of Capitol Federal Savings by our executive officers. Service on the Board by our Chief Executive

7

Officer is critical to aiding the outside directors' understanding of the issues that are common in the banking business. Each outside director brings special skills, experience and expertise to the Board as a result of their other business activities and associations. The business experience of each of our directors and nominees for at least the past five years and the experience, qualifications, attributes, skills and areas of expertise of each director and nominee that further supports his or her service as a director are set forth below.

Morris J. Huey, II. Mr. Huey retired from Capitol Federal Savings in January 2010. From June 2002 until his retirement, Mr. Huey served as Executive Vice President and Chief Lending Officer of Capitol Federal Savings and President of Capitol Funds, Inc., a wholly owned subsidiary of Capitol Federal Savings. From August 2002 until his retirement, he also served as President of Capitol Federal Mortgage Reinsurance Company, a wholly owned subsidiary of Capitol Funds, Inc. Prior to that, he served as the Central Region Lending Officer since joining Capitol Federal Savings in 1991. Mr. Huey's many years of service in various areas of Capitol Federal Savings' operations and his duties as Executive Vice President and Chief Lending Officer of Capitol Federal Savings bring a special knowledge of the financial, economic and regulatory challenges the Company faces and he is well suited to educating the Board on these matters.

Reginald L. Robinson. In June 2014, Mr. Robinson was named as the new director of the Kansas University School of Public Affairs and Administration. From 2010 until that appointment, Mr. Robinson served as a Professor of Law at the Washburn University School of Law and as the Inaugural Director of the school's Center for Law and Government. Between 2002 and 2010, Mr. Robinson served as President and Chief Executive Officer of the Kansas Board of Regents, which governs the state's six universities, and provides state-level coordination for the other 27 public institutions of higher education in Kansas. From 1998 to 2002, Mr. Robinson held dual positions at the University of Kansas, serving as Chief of Staff to the Chancellor and as a Visiting Associate Professor of Law. From 1993 to 1998, Mr. Robinson held several senior positions with the United States Department of Justice. From 1988 to 1993, Mr. Robinson served as an Associate Professor of Law at the University of Kansas. Mr. Robinson's strong legal background and executive experience make him a valuable member of the Board.

John B. Dicus. Mr. Dicus became Chief Executive Officer of Capitol Federal Savings and the Company effective January 1, 2003 and became Chairman of the Board of Directors of Capitol Federal Savings and the Company in January 2009. Prior to his appointment as Chief Executive Officer, he served as President and Chief Operating Officer for Capitol Federal Savings from 1996 and for the Company from its inception in March 1999. Before that, he served as Executive Vice President of Corporate Services for Capitol Federal Savings for four years. He has been with Capitol Federal Savings in various other positions since 1985. Mr. Dicus's many years of service in all areas of the operations of Capitol Federal Savings and his duties as President and Chief Executive Officer of the Company and Capitol Federal Savings bring a special knowledge of the financial, economic and regulatory challenges the Company faces and he is well suited to educating the Board on these matters.

James G. Morris. Mr. Morris retired from KPMG LLP in September 2012 after having served as partner-in-charge of the financial services practice of the firm's Kansas City office. Mr. Morris joined the firm in 1976 (when it was known as Peat Marwick Mitchell & Co.) as an auditor and was promoted to partner in 1988. At KPMG, Mr. Morris served a wide range of financial services clients, including banks, thrifts, mortgage companies, investment advisors and real estate companies. Mr. Morris's accounting and auditing background and extensive experience working with companies in the financial services industry make him a valuable member of the Board.

Jeffrey R. Thompson. In 2007, Mr. Thompson became Chief Executive Officer of Salina Vortex Corp., a Salina, Kansas-based manufacturing company, after having served as Chief Financial Officer of that company since 2002. From 2001 to 2002, he served as Vice President, Supply Chain, for The Coleman Company, Wichita, Kansas, a manufacturer and marketer of consumer products. From 1992 to 2001, he served in a variety of capacities for Koch Industries, Inc., Wichita, Kansas, including President of Koch Financial Services, Inc. from 1998 to 2001. From 1986 to 1992, he worked in several positions for Chrysler Capital Public Finance, Kansas City, Missouri, primarily in the areas of originating, underwriting and servicing tax-exempt municipal leases. Mr. Thompson has approximately 35 years of business experience, including 20 years in the financial services business and 15 years with profit and loss responsibility in manufacturing companies. He brings general business, financial and risk management

skills to Capitol Federal Savings, including knowledge of compensation matters, which is important to his service on our Compensation Committee. Mr. Thompson is a certified public accountant and his accounting knowledge and experience is important to his service on our Audit Committee. His participation in the

Wichita, Kansas business community for over 20 years brings knowledge of the local economy and business opportunities for Capitol Federal Savings.

Michel' Philipp Cole, ABC. Ms. Cole was named Westar Energy's Vice President, Corporate Communications and Public Affairs in 2014. From 1990 to 2000, she served as Director, Corporate Communications for Westar Energy. Before rejoining Westar Energy, Ms. Cole was Vice President, Corporate Communications and Brand Strategy, Security Benefit Corporation, from 2003-2014. From 2000 to 2003, she was Senior Vice President, Corporate Practice Group, Fleishman-Hillard, Kansas City. Ms. Cole was the Manager, Corporate Communications, Goodyear Tire & Rubber Co., Topeka, from 1989-1990. She began her communications career as Vice President, Member Services, Kansas Press Association, from 1986-1989. She received her bachelor of arts in communications from Washburn University in 1986. Ms. Cole is on the board of the Greater Topeka Chamber of Commerce and has held board positions for Topeka Collegiate, Kansas Book Festival, KTWU Public Television and the Washburn University Leadership Institute. She is a graduate of Leadership Kansas, Leadership Greater Topeka and Leadership Kansas City and is an Accredited Business Communicator, IABC. Ms. Cole's extensive background in all aspects of corporate communications brings to the Board knowledge and experience that enhances the Board's oversight of those aspects of the Company's operations that work to maintain and enhance value and ensure appropriate communications both inside and outside of the Company.

Jeffrey M. Johnson. Mr. Johnson is President of Flint Hills National Golf Club, Andover, Kansas, a position he has held since March 2003. From March 1997 until joining Flint Hills, Mr. Johnson was an investment advisor with Raymond James Financial Services in Wichita, Kansas. Mr. Johnson's extensive knowledge of investments and the regulated financial services industry supports the Board's and the Audit Committee's knowledge in those areas. Before 1997, he served in a variety of restaurant management positions with Lone Star Steakhouse & Saloon, Inc. and Coulter Enterprises, Inc. Mr. Johnson is also part-owner of several restaurants in Lawrence, Manhattan and Wichita, Kansas and parts of Texas. He brings general business, financial and risk management skills to Capitol Federal Savings, including knowledge of compensation matters, which is important to his service on our Compensation Committee. His participation in the Wichita, Kansas business community and his service on local non-profit boards for over 15 years bring knowledge of the local economy and business opportunities for Capitol Federal Savings.

Michael T. McCoy, M.D. Dr. McCoy has been an orthopedic surgeon in private practice for over 25 years. In his private practice, he has employed up to 15 employees and gained the accounting, financial and risk management skill necessary to operate a small business. Since October 2004, he has also served as Chief of Orthopedic Surgery at Stormont Vail Regional Medical Center in Topeka, Kansas. He previously served as Chief of Surgery at Stormont Vail from January 1987 to January 1988. His management and business experience in his private practice and these hospital positions bring knowledge and experience to his service on the Board and the Compensation and Audit Committees. Dr. McCoy is a member of the Kansas Medical Society, the Shawnee County Medical Society, the American Academy of Orthopedic Surgeons and the American Orthopedic Society for Sports Medicine.

Director Independence

The Company's Board of Directors has determined that the following directors, constituting a majority of the Board, are "independent directors," as that term is defined in Rule 5605 of the Marketplace Rules of the NASDAQ Stock Market ("NASDAQ"): Directors Cole, Huey, Johnson, McCoy, Morris, Robinson and Thompson.

Board Leadership Structure and Role in Risk Oversight

The Company currently combines the positions of Chief Executive Officer and Chairman into one position. The Company does not have a lead outside director. The Company believes that this structure is appropriate because of the primarily singular operating environment of the Company, with the Company's focus on being a provider of retail financial services. Having the Chief Executive Officer and Chairman involved in the daily operations of this focused line of operations improves the communication between management and the Board and ensures that the Board's interest is represented in the daily operations of the Company, particularly with regard to risk management.

Risk is inherent with the operation of every financial institution, and how well an institution manages risk can ultimately determine its success. The Company faces a number of risks, including but not limited to credit risk, interest rate risk, liquidity risk, operational risk, strategic risk and reputation risk. The Company's risk areas primarily involve the retail component of the Bank through its retail financial services and focus on single-family lending, including originated and purchased loans.

Management is responsible for the day-to-day management of the risks the Company faces, while the Board has ultimate responsibility for the oversight of risk management. The Board oversees risk through the annual review of all policies of the Bank and Company. In addition, monthly, quarterly and annual reports are prepared for, presented to and reviewed with the Board addressing all major risk and compliance areas. For the policies of the Board that require risk assessments to be completed, the results are generally summarized and presented to the Board or a committee of the Board. The executive officers responsible for managing the various risks in the Bank and Company present reports to the Board as required by policy or as needed.

The Board has integrated the oversight of certain risk areas with the responsibilities of the Audit Committee and the Compensation Committee. The Audit Committee works with the independent Director of Internal Audit to structure risk-based audits, the reports of which are presented to the Audit Committee, and progress toward the approved audit plan is reviewed and the committee is updated at least quarterly. In attempting to determine the appropriate levels and forms of compensation provided to the Bank's and the Company's officers and employees, the Compensation Committee considers whether compensation or incentive plans encourage excessive risk taking.

Board Meetings and Committees

The members of the Boards of Directors of the Company and Capitol Federal Savings are identical. During the fiscal year ended September 30, 2017, the Board of Directors of the Company held eight meetings and the Board of Directors of Capitol Federal Savings held 12 meetings. During fiscal year 2017, no incumbent director attended fewer than 75% of the aggregate of the total number of meetings of each Board during the period he or she was a director and the total number of meetings held by the committees of each Board on which committees he or she served during the period in which he or she served.

The Company's Board of Directors has standing Executive, Compensation, Stock Benefit (a sub-committee of the Compensation Committee), Audit and Nominating Committees. The following is a summary of these committees. The Executive Committee is currently comprised of Directors Dicus (Chairman), Huey, Robinson and Thompson. The Executive Committee meets on an as needed basis and exercises the power of the Board of Directors between Board meetings, to the extent permitted by applicable law. This committee is responsible for formulating and implementing policy decisions, subject to review by the entire Board of Directors. The Executive Committee did not meet during fiscal year 2017.

The Compensation Committee is currently comprised of Directors Johnson (Chairman), Cole, Huey, McCoy, Morris, Robinson and Thompson, each of whom is an "independent director," as that term is defined in the NASDAQ Marketplace Rules. The Compensation Committee is responsible for reviewing and evaluating executive compensation and administering the Company's compensation and benefit programs. The Compensation Committee also is responsible for:

- reviewing from time to time the Company's compensation plans and, if the Committee believes it to be appropriate, recommending that the Board amend these plans or adopt new plans;
- annually reviewing and approving corporate goals and objectives relevant to the Chief Executive Officer's compensation, evaluating the Chief Executive Officer's performance in light of these goals and objectives and recommending to the Board the Chief Executive Officer's compensation level based on this evaluation;

overseeing the evaluation of management, and recommending to the Board the compensation for executive officers and other key members of management. This includes evaluating performance following the end of incentive periods and recommending to the Board specific awards for executive officers;

- recommending to the Board the appropriate level of compensation for directors;
- administering any benefit plan which the Board has determined should be administered by the Committee; and
- reviewing, monitoring and reporting to the Board, at least annually, on management development efforts to ensure a pool of candidates for adequate and orderly management succession.

The Compensation Committee operates under a written charter adopted by the Board of Directors of the Company, a copy of which is available on the Company's website, at www.capfed.com, by clicking "Investor Relations" and then (under the "Corporate Overview" tab) "Corporate Governance." In fiscal year 2017, this committee met four times at the holding company level; the Compensation Committee for Capitol Federal Savings, which serves the same function and has the identical makeup, also met four times during fiscal year 2017.

The Compensation Committee has established the Stock Benefit Committee as a sub-committee of the Compensation Committee for the purpose of awarding stock-based benefits to officers and employees of the Company and the Bank. The Stock Benefit Committee is described in greater detail below. For a discussion of the role of executive offers in setting executive pay, see "Compensation Discussion and Analysis—Role of Management."

The Stock Benefit Committee is currently comprised of Directors McCoy (Chairman), Cole, Johnson, Morris, Robinson and Thompson. The Stock Benefit Committee is principally responsible for administering the Company's 2012 Equity Incentive Plan, 2000 Stock Option and Incentive Plan and 2000 Recognition and Retention Plan. Although, by their terms, the 2000 Stock Option and Incentive Plan and 2000 Recognition and Retention Plan expired as to new awards in April 2015, the Company ceased granting new awards under those plans following the approval of the 2012 Equity Incentive Plan at the Company's annual meeting of stockholders held in January 2012. This committee met four times during fiscal year 2017.

The Audit Committee is currently comprised of Directors Thompson (Chairman), Cole, Huey, Johnson, McCoy, Morris and Robinson, each of whom is "independent," as independence for audit committee members is defined in the NASDAQ Marketplace Rules. The Company's Board of Directors has determined that each of Messrs. Morris and Thompson is an "audit committee financial expert," as defined in the SEC's rules.

The Audit Committee operates under a written charter adopted by the Board of Directors of the Company, a copy of which is available on the Company's website, www.capfed.com, by clicking "Investor Relations" and then (under the "Corporate Overview" tab) "Corporate Governance." The Audit Committee is appointed by the Company's Board of Directors to represent and provide assistance to the Board in fulfilling its oversight responsibility relating to the integrity of the Company's consolidated financial statements and the financial reporting processes, the systems of internal accounting and financial controls, the systems of disclosure controls and procedures, compliance with ethical standards adopted by the Company, compliance with legal and regulatory requirements, the annual independent audit of the Company's consolidated financial statements, the independent auditors' qualifications and independence, the performance of the Company's internal audit function and the independent (external) auditors and any other areas of potential financial risk to the Company specified by its Board of Directors. The Audit Committee also is responsible for hiring, retaining and terminating the Company's independent auditors. The Audit Committee met eight times in fiscal year 2017.

The Nominating Committee is comprised of Directors Huey (Chairman), Cole, Johnson, McCoy, Morris, Robinson and Thompson, each of whom is an "independent director," as that term is defined in the NASDAQ Marketplace Rules. The Nominating Committee is responsible for identifying and recommending director candidates to serve on the Board of Directors. Final approval of director nominees is determined by the full Board, based on the recommendations of the Nominating Committee. The nominees for election at the meeting identified in this proxy statement were recommended to the Board by the Nominating Committee. The Nominating Committee met two times during fiscal year 2017.

The Nominating Committee operates under a formal written charter adopted by the Board, a copy of which is available on the Company's website, www.capfed.com, by clicking "Investor Relations" and then (under the "Corporate Overview" tab) "Corporate Governance." The Nominating Committee has the following responsibilities under its charter:

- recommend to the Board the appropriate size of the Board and assist in identifying, interviewing and recruiting candidates for the Board;
- recommend candidates (including incumbents) for election and appointment to the Board of Directors, subject to the provisions set forth in the Company's charter and bylaws relating to the nomination or appointment of directors, based on the following criteria: business experience, education, integrity and reputation, independence, conflicts of interest, diversity, age, number of other directorships and commitments (including charitable organizations), tenure on the Board, attendance at Board and committee meetings, stock ownership, specialized knowledge (such as an understanding of banking, accounting, marketing, finance, regulation and public policy) and a commitment to the Company's communities and shared values, as well as overall experience in the context of the needs of the Board as a whole. The Company's Board of Directors looks for diversity among its members by ensuring directors have backgrounds with diverse business experience, living in our different local geographic markets with sound business experience in many areas of operations of business. The Board looks for experience from individuals with business experience from the top levels of a business, understanding of financial concepts, human resource, marketing and communications and customer service common among all businesses;
- review nominations submitted by stockholders, which have been addressed to the Company's Secretary, and which comply with the requirements of the Company's charter and bylaws. Nominations from stockholders will be considered and evaluated using the same criteria as all other nominations;
- annually recommend to the Board committee assignments and committee chairs on all committees of the Board, and recommend committee members to fill vacancies on committees as necessary; and
- perform any other duties or responsibilities expressly delegated to the Committee by the Board.

Nominations of persons for election to the Board of Directors may be made only by or at the direction of the Board of Directors or by any stockholder entitled to vote for the election of directors who complies with the notice procedures. Pursuant to the Company's bylaws, nominations for directors by stockholders must be made in writing and received by the Secretary of the Company at the Company's principal executive offices no earlier than 120 days prior to the meeting date and no later than 90 days prior to the meeting date. If, however, less than 100 days' notice or public announcement of the date of the meeting is given or made to stockholders, nominations must be received by the Company not later than the close of business on the tenth day following the earlier of the day on which notice of the date of the meeting was mailed or otherwise transmitted or the day on which public announcement of the date of the meeting was first made. In addition to meeting the applicable deadline, nominations must be accompanied by certain information specified in the Company's bylaws.

Stockholder Communications with Directors

Stockholders may communicate with the Board of Directors by writing to: Natalie G. Haag, Executive Vice President and General Counsel, Capitol Federal Financial, Inc., 700 S. Kansas Avenue, Topeka, Kansas 66603.

Board Member Attendance at Annual Stockholder Meetings

Although the Company does not have a formal policy regarding director attendance at annual stockholder meetings, directors are expected to attend these meetings absent extenuating circumstances. All directors of the Company attended last year's annual meeting of stockholders.

Director Compensation

The members of the Boards of Directors of Capitol Federal Savings and the Company are identical. Each non-employee director receives an annual retainer, paid monthly, one-half of which is for his or her service on Capitol Federal Savings' Board of Directors and one-half of which is for his or her service on the Company's Board of Directors. During fiscal year 2017, the combined annual retainer was \$60,000 (\$30,000 for service on Capitol Federal Savings' Board of Directors and \$30,000 for service on the Company's Board of Directors). No additional fees are paid for attending Board or Board committee meetings. During fiscal year 2017, Mr. Thompson received \$5,000 for serving as the Audit Committee chair. Each outside director receives \$1,000 for each meeting attended concerning Capitol Federal Savings and/or Company business that is outside of board meetings; no such payments were made during fiscal year 2017. During fiscal year 2017, John B. Dicus, Chairman, President and Chief Executive Officer, was paid \$12,000 by Capitol Federal Savings and \$12,000 by the Company (\$24,000 in total) for his service as a director of Capitol Federal Savings and the Company.

The following table sets forth certain information regarding the compensation earned by or awarded to each director, other than Mr. Dicus, who served on the Board of Directors of the Company in fiscal year 2017. Compensation payable to Mr. Dicus for his service as a director is included in the "Salary" column of the Summary Compensation Table, under "Executive Compensation."

Name	Fees Earned or Paid in Cash (\$) ⁽¹⁾	Stock Awards (\$) ⁽²⁾	Option Awards (\$) ⁽³⁾	All Other Compensation (\$) ⁽⁴⁾	Total (\$)

Marilyn S. Ward ⁽⁶⁾	\$20,000	---	---	---	\$20,000

(1) Includes annual retainers for service on the Boards of Directors of the Company and Capitol Federal Savings. For Mr. Thompson, also includes \$5,000 for serving as the Audit Committee chair.

(2) As of September 30, 2017, none of the directors listed in the table held any unvested shares of restricted stock.

(3) As of September 30, 2017, the total number of shares underlying the stock options held by each director listed in the table was as follows: Mr. Huey – 15,000 shares; Mr. Johnson – 128,185 shares; Dr. McCoy – 128,185 shares; Mr. Robinson – 15,000 shares; and Mr. Thompson – 128,185 shares.

(4) Includes dividends paid on unvested shares of restricted stock of \$469 to Mr. Morris. Also includes, for each of Messrs. Johnson and Morris, fees of \$3,000 for attending conferences.

(5) Ms. Cole became a director of the Company and Bank on January 24, 2017. Included in fees for Ms. Cole is \$20,000 for Board meetings attended prior to becoming a director.

(6) Ms. Ward retired as a director of the Company and the Bank on January 24, 2017.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section discusses the Company's compensation program, including how it relates to the executive officers named in the compensation tables which follow this section (who we sometimes refer to below and elsewhere in this proxy statement as the "named executive officers," or "NEOs"), consisting of:

- John B. Dicus, our Chairman, President and Chief Executive Officer,
- Kent G. Townsend, our Executive Vice President, Chief Financial Officer and Treasurer,
- Rick C. Jackson, our Executive Vice President and Chief Lending Officer,
- Carlton A. Ricketts, our Executive Vice President for Corporate Services and
- Natalie G. Haag, our Executive Vice President and General Counsel

Set forth below is an analysis of the objectives of our compensation program, the material compensation policy decisions we have made under this program and the material factors that we considered in making those decisions.

Overview of Compensation Program

The Compensation Committee of our Board of Directors (the "Committee"), which consists solely of independent directors, has responsibility for developing, implementing and monitoring adherence to the Company's compensation philosophies and program. The Stock Benefit Committee, a sub-committee of the Committee (the "Sub-Committee"), also comprised entirely of independent directors, administers and grants stock-based compensation awards from time to time. Grants currently are made under our 2012 Equity Incentive Plan, which was approved by our stockholders in January 2012. One NEO has outstanding option awards granted under our 2000 Stock Option and Incentive Plan, which was approved by our stockholders in 2000 and expired as to new awards in April 2015. See "Stock Incentive Plans" below. The Committee is mindful of the compensation offered in the banking industry, both regionally and nationally, and the Company's business strategies and strives to provide a complete compensation program that provides an incentive to executive officers to maximize the Company's performance with the goal of enhancing stockholder value. The Company's compensation program is based upon the following philosophies:

- preserve the financial strength, safety and soundness of the Company and the Bank;
- reward and retain key personnel by compensating them in the range of salaries at comparable financial institutions
- and making them eligible for annual cash bonuses based on the Company's performance and the individual officer's performance;
- focus management on maximizing earnings while managing risk by maintaining high asset quality, managing interest rate risk within Board guidelines, emphasizing cost control, establishing adequate compliance programs and maintaining appropriate levels of capital; and
- provide an opportunity to earn additional compensation if the Company's stockholders experience increases in returns through stock price appreciation and/or dividends.

The Company's primary forms of current compensation for executive officers include base salary, short-term incentive compensation and long-term incentive compensation. The Company provides long-term compensation in the form of stock option and restricted stock awards and an employee stock ownership plan ("ESOP"). The Company also has a tax-qualified defined contribution retirement plan, health and life insurance benefits and paid time off benefits. The Company offers insurance benefits including flexible spending accounts for

unreimbursed medical expenses and child care expenses, on a pre-tax basis, which executive officers may participate in with the same eligibility requirements as all other employees.

The Company does not have an employment agreement with any officer or employee. The Company currently believes that its named executive officers receive sufficient incentives from the existing compensation program that employment agreements are not necessary to induce them to remain with the Company. The Company has entered into change in control severance agreements with each of the NEOs. Each agreement entitles the executive to a severance payment if the executive's employment is terminated under certain circumstances within six months before or within 24 months after a change in control of the Company. The Company believes that these agreements will help incentivize the executives to continue their employment with the Company amid the uncertainty that may arise in the event of a change in control. See "Payments upon Termination or Change in Control."

The Committee meets as needed during the year to consider all aspects of the Company's compensation program, including a review at least once per year of a tally sheet for each NEO quantifying every component of the NEO's compensation package, in order to satisfy itself that the total compensation paid to the NEO is reasonable and appropriate. As discussed in greater detail below under "Role of Management," the Committee meets with management to receive their analyses and recommendations, as requested by the Committee, considers the information provided to the Committee and makes decisions accordingly.

Base Salary

The Committee sets the base salaries for all executive officers of the Company. The Committee sets policy directing fair and reasonable compensation levels throughout the Company by taking into account the influences of market conditions on each operational area of the Company and the relative compensation at different management levels in the Company within each operational area. The Committee recognizes that base salary is the primary element of the compensation package provided by the Company that is fixed in amount before the fiscal year begins and is paid during the year without regard to the Company's performance. The base salary for each NEO reflects the Committee's consideration of a combination of factors, including: competitive market salary, the comparability of responsibilities of similarly situated NEOs at other institutions, the officer's experience and tenure, overall operational and managerial effectiveness and breadth of responsibility for each officer. Each named executive officer's base salary and performance is reviewed annually. Base salary is not targeted to be a percentage of total compensation, although the Committee does give consideration to the total amount of compensation being paid to each NEO when setting NEO base salaries.

The Committee has not used third party consultants or other service providers to present compensation plan suggestions or market compensation data. Instead, the Committee has directed the President and CEO to provide comparable market salary data for executive officers based upon a selected population of comparable financial institutions.

The most recent comparison information was compiled from information reported in the most recent proxy statements of the financial institutions listed below. The financial institutions selected for comparison purposes were based upon the President and CEO's knowledge of the selected financial institutions, the comparability of their operations, corporate structure and/or size as appropriate comparisons to the Company. Financial institutions selected for comparison purposes may be added or removed from the list each year as a result of acquisitions, closings, operating in a distressed mode or because another financial institution compares more appropriately to the operations of the Company than a previously listed financial institution.

The financial institutions in the most recent comparison included the following publicly held financial institutions with total assets between \$4.59 billion and \$25.64 billion: Commerce Bancshares, UMB Financial, TFS Financial (organized in a mutual holding company, or MHC, structure), Washington Federal, Northwest Bancshares, Community Bank System, BancFirst, Investors Bancorp, Beneficial Bancorp, Provident Financial Services, Park National Corporation, National Bank Holdings, Chemical Financial and Republic Bancorp.

The comparison provided shows how our executive officer salaries and annual cash compensation compare on a national scale and local scale with other financial institutions, reflecting institutions among which we would

most likely compete for executive talent, with a slightly greater weighting to regional institutions. The Committee received information showing the base compensation of the CEO, CFO and the next three NEOs in each company's proxy statement. The level of compensation paid to our CEO and CFO are compared directly to the equivalent titles in the listed companies. The compensation paid the first highest NEO within each of the listed companies above, not including the CEO or CFO, is compared to compensation paid to our first most highly compensated NEO, not including the CEO or CFO. The compensation paid to the second highest NEO within each of the listed companies above, not including the CEO or CFO, is compared to compensation paid to our second most highly compensated NEO, not including the CEO or CFO. The compensation paid to the third highest NEO within each of the listed companies above, not including the CEO or CFO, is compared to compensation paid to our third most highly compensated NEO, not including the CEO or CFO.

The Committee reviews the comparison data provided and does not attempt to set the base salaries of our NEOs at specific target percentiles of the comparison data provided. The Committee uses this data in conjunction with setting the base salary of each NEO, whose salary is discussed below, in light of the range of base salaries paid among the comparable financial institutions. Because the positions other than the CEO and CFO may not be directly comparable between financial institutions, the Committee exercises its judgment in determining where in the salary ranges of the comparison financial institutions the compensation for our other NEOs should fall. The salaries for the CEO and CFO, in general, fall in the lower quarter of the range of comparable salaries based upon a review of the comparison companies. In general, the range of salaries for the NEOs other than the CEO and CFO is narrow because the comparison in range of salaries among the other NEO executive officer positions in the various market comparisons reviewed is not considered significantly different by the Committee to warrant a wider spread in base salary. The salary of the CEO is established to reflect his hands-on approach to leadership and the involvement he provides the Company on a daily basis, the leadership roles he fills in local, regional and national industry-related activities and his direct involvement in addressing stockholder value and stockholder relations. The salaries of the CFO and each of the other NEOs are established to reflect their respective roles in the management structure of the Company.

The Committee does not put as much emphasis on the market comparison information when considering bonus or other incentive compensation as it does on base salary for the Company's executive officers. This is primarily because of the divergence in practice regarding the structure of bonus plans and the types of incentives offered executive officers at other financial institutions.

Compensation and Incentive Plan Risk Assessment

At the direction of the Compensation Committee, our Internal Audit Director, our Compliance and Risk Management Director, our Human Resources Director and our General Counsel undertook a review of all compensation and incentive programs within the Company to ensure the programs were working as designed and intended. The results of this review indicated that all plans were working as designed and intended and did not allow for compensation benefits beyond those intended by the programs.

Bonus Incentive Plans

All officers of the Company are eligible to receive cash bonuses on an annual basis under the Short Term Performance Plan ("STPP") based upon the Company's financial performance and the individual officer's performance during the fiscal year. The cash awards are made in January of the year following the fiscal year end of September 30 (i.e., in January 2018, in the case of the STPP award for the fiscal year ended September 30, 2017). A participant's STPP award may not exceed the percentage of salary specified in the plan for his or her position level. For the Chairman, President and CEO, the maximum percentage is 60%, and for each of the other NEOs, the maximum percentage is 40%. The STPP is intended to:

- promote stability of operations and the achievement of earnings targets and business goals;
- link executive compensation to specific corporate objectives and individual results; and
- provide a competitive reward structure for officers.

Generally, in November of each fiscal year, after considering management's company performance recommendations (see "Role of Management" below), the Committee sets target, maximum and minimum performance levels for that year. The targeted performance level is the most likely performance level forecasted for the Company in the ensuing fiscal year given the operational considerations described below. As discussed below, the Committee considers three targets in order to focus management on the performance of the Company as a whole: efficiency ratio; basic earnings per share and return on average equity. By focusing on the overall performance of the Company, over time the Committee believes the value to the stockholder from management's performance will be maximized. In seeking to maximize the performance of the Company, management focuses on all critical risks and objectives of the Company. By not taking excessive credit risk and keeping interest rate risk at or below levels established by the Board it is believed that the earnings of the Company likely will remain strong over time. By managing the amount of capital of the Bank, the Company benefits by having a proper amount of leverage which improves the opportunities to enhance earnings. Focusing on cost control helps to mitigate risks that operating expenses will rise beyond the level at which they are supportable by the Bank's operating income.

The areas of Company performance targeted consist of the efficiency ratio, basic earnings per share and return on average equity. The efficiency ratio is computed by dividing total non-interest expense by the sum of net interest and dividend income and total other income. Basic earnings per share is calculated by dividing net income for the fiscal year by the average basic shares outstanding for the fiscal year. Return on average equity is computed by dividing net income for the fiscal year by the average month end balance of total stockholders' equity for the thirteen monthly time periods from the prior fiscal year end through the current fiscal year end, ending September 30th. The efficiency ratio, basic earnings per share and return on average equity are equally weighted.

In general, the Company performance targets for the STPP are based upon the ensuing year's forecast of business activity, interest rates, pricing assumptions, operating assumptions and net income determined using market based assumptions as of September 30th of the just completed fiscal year. The Committee requires that the target efficiency ratio for each fiscal year be no worse than the actual efficiency ratio of the just completed fiscal year. The purpose of the efficiency ratio performance target is to focus management on keeping operating expenses under control and at the lowest level possible, regardless of the impact of interest rates on the operations of the Company. The targets for earnings per share and return on average equity are established based upon the forecasted performance of the Company and anticipated capital management plans for the Company. Except as noted above with regard to the target efficiency ratio, the targets for each of the performance goals are independent of the prior year's results. Forecasted performance includes the Company's internal forecasts and the forecasts of outside analysts. For fiscal year 2017, the targets were established based upon internally generated (forecasted) performance results and externally generated performance results from independent analysts who cover the Company. The results were weighted 80% for the internally generated results and 20% for the external results.

There are two "scales" for each performance target: (i) a "target" scale, which includes increments between the target level of performance and a maximum level of performance, and decrements between the target level of performance and a minimum level of performance; and (ii) an "award" scale, which proceeds at one percent increments beginning at 20% in correspondence to the minimum performance level on the target scale, through 60% in correspondence to the target level of performance on the target scale, and up to 100% in correspondence to the maximum level of performance on the target scale. Plan participants will earn a percentage on the award scale for a particular performance target of between 20% (if performance is at the minimum level of performance on the target scale) and 100% (if performance is at or above the maximum level of performance on the target scale). The percentage earned on the award scale for a particular performance target will be zero if performance is below the minimum level of performance on the target scale. The average of the percentages earned on the award scales for the three performance targets represents the total percentage of the maximum possible STPP award each participant has earned for the Company performance component of the STPP award. In order to pay the full amount of an award under the STPP based on performance above the target level, the Committee must determine that the Company had actual net income for the fiscal year in excess of targeted net income for the fiscal year equal to at least five times the aggregate dollar amount of the portion of the total STPP awards for that year that would be made above the target level. During fiscal

year 2015, a cap of \$1.5 million was established for the total amount of payouts under the STPP. This cap was established at the beginning of the fiscal year to partially offset forecasted increases in other non-interest expense categories. For fiscal years 2017 and 2016 no such cap was put into place due to successful efforts at expense control. It is expected that the appropriateness of a cap on payouts under the STPP will be considered by the Committee each year.

Below is a table showing the targets established and the performance achieved for fiscal years 2017, 2016, and 2015. The "percent of total" columns represent, for each performance target (efficiency ratio, basic earnings per share and return on average equity), the percentage earned on the award scale for that target, based on the level of achievement on the target scale. The "total" column represents the average of the award scale percentages earned for the three performance targets, which, as noted above, represents the total percentage of the maximum possible STPP award that has been earned for the Company performance component of the STPP award. For fiscal year 2017, the level of achievement for all three company performance targets was in excess of the target but below the maximum. The Company's actual net income for fiscal year 2017 was in excess of targeted net income for the fiscal year by more than five times the dollar amount of the portion of the total STPP awards earned for the fiscal year above the target level. As a result, there was no reduction in the amount of the payouts of the STPP awards for fiscal year 2017. For fiscal year 2016, the level of achievement for all three company performance targets was in excess of the target but below the maximum. The amount of the payout was reduced in the aggregate for all participants in the STPP by \$105,681 because the excess of the Company's actual net income for fiscal year 2016 above targeted net income for the fiscal year was less than five times greater than the dollar amount of the portion of the total STPP awards earned for the fiscal year above the target level. For fiscal year 2015, the level of achievement for return on average equity and basic earnings per share was between the target level and the maximum level of performance on the target scale while the level of achievement for the efficiency ratio was between the minimum level and the target level of performance on the target scale. The total of the Company performance goals was less than the target rate of 60%. The amount of the total payout was capped at \$1.5 million, but would have been \$1.7 million without the cap.

Fiscal Year	Target		Performance			Percent of total				
	Efficiency Ratio	Basic EPS	ROAE	Efficiency Ratio	Basic EPS	ROAE	Efficiency Ratio	Basic EPS	ROAE	Total
2017	41.97%	\$0.62	5.96%	41.21%	\$0.63	6.10%	71%	71%	73%	71%
2016	44.74%	\$0.62	5.85%	43.76%	\$0.63	5.96%	73%	69%	71%	71%
2015	43.72%	\$0.57	5.27%	44.74%	\$0.58	5.34%	47%	64%	67%	59%

Each NEO receives 90% of their STPP award based upon the achievement of the three pre-established financial performance targets of the Company discussed above. This is intended to focus each named executive officer on maximizing the overall performance of the Company and not on achievement of goals in a particular operational area. Because of the predominance of the focus of the NEO bonuses on the overall performance of the Company, specific individual performance goals are not usually set for named executive officers. Instead, each NEO's individual contribution to the Company's performance is a subjective determination by the Committee following discussion with the President and CEO, giving consideration to each NEO's response to the Company's changing operational needs during the year.

The STPP includes a clawback provision that is applicable to all participants in the plan. Under this provision, any payment made under the STPP which was based upon materially inaccurate financial statements which requires a restatement or was a result of fraud in determining an individual or company performance metric must be paid back if discovered within 24 months of the filing of the inaccurate financial statement(s) or the discovery of the fraud. The repayment, in whole or in part, is at the discretion of the Committee.

The Committee has the authority under the STPP to reduce bonus awards to executive officers that would otherwise be earned, for any reason the Committee believes appropriate. This may be done for all executive officers or for individual executive officers. As mentioned above, the Committee established a \$1.5 million cap for the total amount of payouts for fiscal year 2015. The Committee did not exercise any such negative discretion with respect to STPP awards for fiscal years 2017 or 2016.

The Company also maintains a deferred incentive bonus plan ("DIBP") for executive officers in conjunction with the STPP. The DIBP is administered as an unfunded plan of deferred compensation with all benefits expensed and recorded as liabilities as they are accrued. The purpose of the two plans working together is to provide incentives and awards to executive officers to enhance the Company's performance and stockholder value over a four year time

horizon. Each named executive officer has the opportunity to defer a minimum of \$2,000 and up to 50% (up to a maximum of \$100,000) of their cash award under the STPP. The amount deferred receives a 50% match that is accrued by the Company for accounting purposes over a three year mandatory deferral period. The amount deferred plus the 50% match is deemed to have been invested in Company stock on the last business

day of the calendar year preceding the receipt of the STPP award at the closing price on that date (e.g., on December 31, 2017, in the case of the STPP award for fiscal year 2017 paid in January 2018), in the form of phantom stock. The number of shares of phantom stock deemed purchased receives dividend equivalents as if the stock were owned by the named executive officer. At the end of the mandatory deferral period, the DIBP is paid out in cash and is comprised of the initial amount deferred, the 50% match, the amount of the dividend equivalents on the phantom shares over the deferral period and the increase in the market value of the Company's stock over the deferral period, if any, on the phantom shares. There is no provision for the reduction of the DIBP award at the end of the mandatory deferral period if the market value of the Company's stock at that time is lower than the market value at the time of the deemed investment.

For participants in the STPP, it is generally required that the recipient be employed by the Bank through the last day of the fiscal year to receive an award. For participants in the DIBP the recipient must remain continuously employed by the Bank during the mandatory deferral period and be so employed on the distribution date to receive the Company match, dividend equivalents on the phantom shares over the deferral period and the increase in the market value of the Company's stock over the deferral period, if any, on the phantom shares. In the event that an NEO leaves the company during the deferral period for reasons other than a change in control, the NEO would be entitled to receive his deferred funds six months after his date of termination, but without the Company match or any earnings (including dividend equivalents) on the deferred funds or on the Company match.

Stock Incentive Plans

The Company's Stock Incentive Plans are designed to provide incentives for long-term positive performance of the executive officers by aligning their interests with those of our stockholders by providing the executive officer the opportunity to participate in the appreciation, if any, in the Company's stock price which may occur after the date options are granted. Awards of restricted stock are intended to further align executive officers interests with stockholders' interest. Awards of stock options and restricted stock currently are made under our 2012 Equity Incentive Plan, which was approved by stockholders in January 2012. The Sub-Committee administers this plan, determines eligibility and grants awards. Since fiscal year 2017, awards have primarily been made in conjunction with promotions and exceptional performance in working to attain corporate objectives. Also since fiscal year 2017, new awards have primarily been in the form of restricted stock in order to provide award recipients with a direct and immediate sense of equity ownership.

As required by the 2012 Equity Incentive Plan, stock options have an exercise price that is equal to the closing price as of the date of the grant. We do not coordinate the timing of options and stock awards with the release of material non-public information.

Role of Management

The Committee makes all decisions regarding the compensation of our executive officers. The Committee has asked the President and CEO to provide, in addition to the comparable market salary data based upon a selected population of comparable financial institutions at both the regional and national levels, reviews of the performance of each NEO except for himself and recommendations for the salaries of each NEO except for himself and any recommendations for stock awards. Management recommends the target, minimum and maximum performance goals for the Company and the related bonus targets under the STPP to be approved by the Committee. In addition, management may from time to time recommend changes to the compensation program in response to changes in the marketplace in which the Company competes for executive talent and in light of the absolute performance level of the Company. The compensation of the CEO is determined by the Committee without prior recommendations from him. The Committee makes all decisions in light of the information provided and the Committee members' experience and expectations for all NEOs.

Stockholder "Say-on-Pay" Vote

Since our annual meeting of stockholders held in February 2011, we have been required under the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") to include a non-binding, advisory "say-on-pay" vote in our annual meeting proxy statement at least once every three years, and, at least once every six years, a non-binding, advisory vote on the frequency of future say-on-pay votes (commonly referred to as a "say-on-

pay frequency vote"), with stockholders having the choice of every year, every two years or every three years. We last included a "say-on-pay frequency vote" at our annual meeting of stockholders held in January 2017, on which stockholders cast the most votes in favor of a frequency of every year for future say-on-pay votes. Also at our annual meeting of stockholders held in January 2017, stockholders approved the compensation of the Company's executives, as disclosed in the Company's proxy statement for that meeting, with approximately 95% of the votes cast in favor at the meeting. The Committee considered the results of this vote in setting the compensation of the NEOs for fiscal 2017.

Perquisites and Other Personal Benefits

For fiscal year 2017, no NEO received any perquisites or other personal benefits in excess of \$10,000 in the aggregate.

Retirement and Other Benefits

The Company provides an ESOP and a defined contribution plan to all employees who qualify for participation under each plan. The ESOP provides for the allocation of shares of the Company's common stock annually among all participants based upon each employee's qualifying compensation as a percentage of the total of all qualifying compensation for all participants. Each NEO participates in the ESOP and the defined contribution plan.

The defined contribution plan is a 401(k) plan in which the eligibility and participation requirements, allocation calculations and contribution limits apply to all employees, including NEOs. All employees have the opportunity to direct their investment in the plan. For fiscal year 2017, the Company matched 25% of the employee's contribution, up to the first 3% of eligible compensation contributed by the employee. The Company does not offer any defined benefit plan or post-retirement benefit plan that requires expense to the Company following the termination of employment of any NEO.

The Company provides a life insurance benefit for every employee who works on average more than 20 hours per week. During fiscal 2017, the benefit was reduced from 1.5 times the employee's base salary to 1.0 times the employee's base salary, subject to a cap on the total death benefit of \$500,000 in the case of Mr. Dicus, \$355,000 in the case of Mr. Townsend and \$300,000 in the case of each of the other NEOs. Benefits for all employees in excess of \$50,000 result in taxable income. Each of the NEOs participates in this benefit program.

The Company has provided for the purchase of a life insurance annuity for the CEO, which includes a \$5.0 million death benefit. The salary of the CEO has been grossed up for the cost of the annuity and the income tax associated with the resulting imputed taxable income. The Company has provided this gross up because the Company wished to provide the life insurance annuity benefit to the CEO without him having to bear the associated tax obligation. The gross up for this benefit is not included in the base salary of the CEO, but is included in the "All Other Compensation" column of the Summary Compensation Table.

In addition to the life insurance benefits discussed above, the Bank has purchased Bank Owned Life Insurance for eligible employees. Under the terms of the Bank Owned Life Insurance, each insured employee was provided the opportunity to designate a beneficiary to receive a death benefit equal to the insured employee's base salary as of the Board approval date of the purchase if the insured dies while employed by the Bank. All NEOs are insured under the Bank Owned Life Insurance and have designated beneficiaries. Once the NEO's employment with the Bank terminates, the death benefit to the beneficiary of the NEO terminates as well.

Termination or Change in Control Payments

As noted above under "-Overview of Compensation Program," the Company does not currently have an employment agreement with any of its NEOs, but the Company entered into agreements with each of the NEOs to provide a severance payment if their employment is terminated within six months before or 24 months after a change in control of the Company. See "Payments upon Termination or Change in Control."

The terms of our stock options and restricted stock awards provide for accelerated vesting only in the case of a change in control. See "Payments upon Termination or Change in Control."

Stock Ownership Guidelines

In November 2011, the Company's Board of Directors adopted stock ownership guidelines, effective January 1, 2012, which are applicable to the Company's directors and executive and senior officers. It is the Board's intention to encourage recipients of future equity-based awards, if any, to retain ownership of the shares relating to those awards to further align their interests with the interests of the Company's stockholders. The guidelines provide as follows:

The CEO shall own five times his salary, directors shall own four times their annual fee, executive vice presidents and senior vice presidents shall own three times their salaries and first vice presidents shall own one times their salary, in each case in shares of the Company's common stock. Each director and officer shall have five years to attain the ownership guidelines.

Shares owned directly or by immediate family members of the director or officer shall be included in determining the amount of common stock owned for purposes of the guidelines.

Shares acquired in the ESOP through the reinvestment of dividends shall also be included in determining the amount of common stock owned for purposes of the guidelines.

If, at the end of five years, a director or an officer does not comply with the ownership guidelines, he or she shall not receive future awards under the Company's stock benefit plans until he or she complies with the guidelines.

Other Tax Considerations

Section 162(m) of the Internal Revenue Code limits the corporate federal income tax deduction for compensation paid to a publicly held corporation's "covered employees" (defined, per the guidance of the Internal Revenue Service, as the principal executive officer and the three most highly compensated executive officers named in the Summary Compensation Table other than the principal executive officer and the principal financial officer) to \$1.0 million per year, to the extent such compensation is not "performance-based compensation" under a plan approved by stockholders. The Company believes that income recognized by executives upon the exercise of stock options granted by the Sub-Committee under the 2000 Stock Option and Incentive Plan and the 2012 Equity Incentive Plan constitutes "performance-based compensation" that is exempt from the 162(m) limitation. However, we have in the past awarded, and may in the future award, compensation that causes a portion of one or more of our executive's total compensation for a particular year to not be tax deductible. The Committee has reviewed and will continue to review on an ongoing basis our executive compensation programs, and consider proposing modifications to these programs to avoid or minimize any disallowance of tax deductions under Section 162(m), to the extent the Committee believes to be appropriate. The Committee will balance these considerations against the need to be able to compensate executives in a manner commensurate with performance and the competitive environment for executive talent.

Summary Compensation Table

(1) For fiscal years 2017, 2016, and 2015, includes director fees of \$24,000 for Mr. Dicus.

(2) Bonus amounts are reported under the "Non-Equity Incentive Plan Compensation" column.

(3) Represents incentive bonus amounts awarded for performance in fiscal years 2017, 2016 and 2015 under the STPP. The bonuses for fiscal year 2017 have been approved by the Compensation Committee of the Company's Board of Directors but will not be paid until January 2018. The bonus amounts include Capitol Federal Savings' matching

contributions under the Company's DIBP to those named executive officers who elected to defer receipt of a portion of their bonus for fiscal years 2017, 2016 and 2015, as follows:

	<u>2017</u>	<u>2016</u>	<u>2015</u>
John B. Dicus	\$50,000	\$50,000	\$47,844
Kent G. Townsend	\$25,140	\$22,499	\$17,323
Rick C. Jackson	\$17,788	\$16,133	\$12,475
Carlton A. Ricketts	\$16,507	\$15,103	\$11,643
Natalie G. Haag ⁽⁵⁾	\$16,515	---	---

The amount deferred, if any, plus the matching contribution on the deferred amount is deemed to be invested in the Company's common stock through the purchase of phantom stock units. There will not be any reduction to the payout amount of the phantom stock units if the stock price has depreciated from the beginning of the deemed investment period of the phantom stock units to the end of such period. Receipt of the matching contribution is contingent on the executive officer remaining employed with the Company for a period of three years following the award of the phantom stock units. For additional information regarding this plan, see "Non-Qualified Deferred Compensation" below.

Amounts represent matching contributions under Capitol Federal Savings' 401(k) plan, values (based on the closing price of the Company's common stock on the last trading day of the fiscal year) of allocations under the ESOP, term life insurance premiums, earnings (in the form of Company stock price appreciation (depreciation) and dividend equivalents during the fiscal year) accrued by the Company on outstanding phantom stock units awarded under the DIBP and dividends paid on unvested shares of restricted stock. For 2017, these include \$1,988, \$22,657, \$788, \$68,598 and \$0 for Mr. Dicus; \$1,988, \$22,657, \$788, \$25,332 and \$0 for Mr. Townsend; \$1,988, \$22,657, \$581, \$18,470 and \$0 for Mr. Jackson; \$1,988, \$22,657, \$541, \$17,054 and \$0 for Mr. Ricketts; and \$1,988, \$22,657, \$536, \$16,521 and \$0 for Ms. Haag. For Mr. Dicus, also includes premium on universal life insurance policy of \$66,376 and the amount reimbursed for all or part of the tax liability resulting from the payment of such premium of \$18,722.

⁽⁵⁾ No compensation information is provided for Ms. Haag for fiscal years 2016 and 2015 because she was not a named executive officer for those fiscal years.

For each named executive officer, represents the threshold (i.e. lowest), target and maximum amounts that were potentially payable for fiscal year 2017 under the Company's STPP. The actual amounts earned under these (1) awards for fiscal year 2017 are reflected in the Summary Compensation Table under the "Non-Equity Incentive Plan Compensation" column. For additional information regarding the STPP, see "Compensation Discussion and Analysis—Bonus Incentive Plans."

As noted under "Compensation Discussion and Analysis," none of the named executive officers have an employment agreement with us, but the Company entered into agreements with each of the named executive officers to provide a severance payment if their employment is terminated within six months before or 24 months after a change in control of the Company. See "Payments upon Termination or Change in Control."
