ITEM 1. REPORTS TO STOCKHOLDERS.

TRI-CONTINENTAL CORPORATION  
Semi-Annual Report June 30, 2004

---

*Tri-Continental Corporation invests to produce future growth of both capital and income, while providing reasonable current income.*

## *Tri-Continental Corporation*

### **MID-YEAR REPORT 2004**

August 13, 2004

#### **To the Stockholders:**

Your mid-year Stockholder report for Tri-Continental Corporation follows this letter. This report contains Tri-Continental's investment results and financial statements, including a portfolio of investments.

For the six months ended June 30, 2004, Tri-Continental posted a total return of 4.48% based on net asset value and 3.11% based on market price. During the same time period, the S&P 500 returned 3.44%, and the Lipper Closed-End Growth & Income Funds Average returned 3.82%.

Tri-Continental Corporation's Annual Stockholders' Meeting was held on May 20, 2004, in Philadelphia, Pennsylvania. At the meeting, four directors were elected, the selection of

Tri-Continental's independent auditors was ratified, and a Stockholder proposal was considered. For complete details of the vote, please refer to page 18 of this report. Please also take the time to fill out the survey card included in this report. This survey is completely anonymous and gives Stockholders who were unable to attend the Annual Meeting the opportunity to voice their opinions. We appreciate your assistance.

Thank you for your continued support of Tri-Continental Corporation. We look forward to serving your investment needs for many years to come.

By Order of the Board of Directors,

/s/WILLIAM C. MORRIS

William C. Morris  
Chairman

/s/BRIAN T. ZINO

Brian T. Zino  
President

<b>Market Price</b>	\$ 16.83	\$ 17.20	\$ 16.40
<b>Net Asset Value</b>	20.33	20.10	19.55

**DIVIDEND, CAPITAL GAIN AND YIELD INFORMATION**

For the Periods Ended June 30, 2004

Dividends Paid <sup>□</sup>	Capital Gain		SEC Yield <sup>ø</sup>
	Realized <sup>□</sup>	Unrealized <sup>□□</sup>	
\$0.08	\$0.716	\$1.926	1.18%

The rates of return will vary and the principal value of an investment will fluctuate. Shares, if sold, may be worth more or less than their original cost. Performance data quoted represents past performance. *Past performance is not indicative of future investment results.* Current performance may be higher or lower than the performance quoted above. The Manager made certain payments to the Corporation in 2004. Absent such payments, the net asset value returns that include this period would have been lower.

\* Returns for periods of less than one year are not annualized.

\*\* These rates of return reflect changes in market price or net asset value, as applicable, and assume that all distributions within the period are taken in additional shares.

\*\*\* The Lipper Closed-End Growth & Income Funds Average (the "Lipper Average") and the Standard & Poor's 500 Composite Stock Index (the "S&P 500") are unmanaged benchmarks that assume reinvestment of all distributions. The Lipper Average excludes the effect of any costs associated with the purchase of shares, and the S&P 500 excludes the effect of fees and sales charges. The Lipper Average measures the performance of closed-end mutual funds with objectives similar to the Corporation. The S&P 500 measures the performance of 500 of the largest US companies based on market capitalizations. Investors cannot invest directly in an index or an average.

□ Information does not reflect the effect of capital loss carryforwards that are available to offset these and future capital gains. See Note 6 to financial statements.

□ Preferred Stockholders were paid dividends totaling \$1.25 per share.

□ Represents the per share amount of net unrealized appreciation of portfolio securities as of June 30, 2004.

ø Current yield, representing the annualized yield for the 30-day period ended June 30, 2004, has been computed in accordance with SEC regulations and will vary.

## *Tri-Continental Corporation*

### **Notes to Financial Statements** (unaudited)

**1. Significant Accounting Policies** The financial statements of Tri-Continental Corporation (the "Corporation") have been prepared in conformity with accounting principles generally accepted in the United States of America, which require management to make certain estimates and assumptions at the date of the financial statements. Actual results may differ from these estimates. These unaudited interim financial statements reflect all adjustments, which are, in the opinion of management, necessary to a fair statement of the results for the interim period presented. All such adjustments are of a normal recurring nature. The following summarizes the significant accounting policies of the Corporation:

- a. Security Valuation** Securities traded on an exchange are valued at the last sales price on the primary exchange or market on which they are traded. Securities not listed on an exchange or security market, or securities for which there is no last sales price, are valued at the mean of the most recent bid and asked prices or are valued by J. & W. Seligman & Co. Incorporated (the "Manager") based on quotations provided by primary market makers in such securities. Securities for which market quotations are not readily available are valued at fair value determined in accordance with procedures approved by the Board of Directors. This can occur in the event of, among other things, natural disasters, acts of terrorism, market disruptions, intra-day trading halts, and extreme market volatility in the US markets. Short-term holdings that mature in more than 60 days are valued at current market quotations. Short-term holdings maturing in 60 days or less are valued at amortized cost.
- b. Federal Taxes** There is no provision for federal income tax. The Corporation has elected to be taxed as a regulated investment company and intends to distribute substantially all taxable net income and net realized gain.
- c. Security Transactions and Related Investment Income** Investment transactions are recorded on trade dates. Identified cost of investments sold is used for both financial statements and federal income tax purposes. Dividends receivable and payable are recorded on ex-dividend dates. Interest income is recorded on the accrual basis.
- d. Distributions to Stockholders** The treatment for financial statement purposes of distributions made during the year from net investment income or net realized gains may differ from their ultimate treatment for federal income tax purposes. These differences are caused primarily by differences in the timing of the recognition of certain components of income, expense or capital gain, and the recharacterization of foreign exchange gains or losses to either ordinary income or realized capital gain for federal income tax purposes. Where such differences are permanent in nature, they are reclassified in the components of net investment assets based on their ultimate characterization for federal income tax purposes. Any such reclassification will have no effect on net assets, results of operations, or net asset value per share of the Corporation.

**2. Capital Stock Transactions** Under the Corporation's Charter, dividends on the Common Stock cannot be declared unless net assets, after such dividends and dividends on Preferred Stock, equal at least \$100 per share of Preferred Stock outstanding. The Preferred Stock is subject to redemption at the Corporation's option at any time on 30 days' notice at \$55 per share (or a total of \$41,400,700 for the shares outstanding) plus accrued

dividends, and entitled in liquidation at \$50 per share plus accrued dividends.

The Corporation, in connection with its Automatic Dividend Investment and Cash Purchase Plan and other Stockholder plans, acquires and issues shares of its own Common Stock, as needed, to satisfy Plan requirements. For the six months ended June 30, 2004, 1,399,989 shares were purchased from Plan participants at a cost of \$23,840,172, which represented a weighted average discount of 15.10% from the net asset value of those acquired shares. A total of 386,173 shares were issued to Plan participants during the six months ended June 30, 2004, for proceeds of \$6,551,624, at a discount of 15.08% from the net asset value of those shares.

For the six months ended June 30, 2004, the Corporation purchased 1,429,100 shares of its Common Stock in the open market at an aggregate cost of \$24,194,406, which represented a weighted average discount of 15.12% from the net asset value of those acquired shares.

At June 30, 2004, 289,665 shares of Common Stock were reserved for issuance upon exercise of 12,874

## *Tri-Continental Corporation*

### **Notes to Financial Statements** (unaudited)

Warrants, each of which entitled the holder to purchase 22.50 shares of Common Stock at \$1.00 per share. Assuming the exercise of all Warrants outstanding at June 30, 2004, net investment assets would have increased by \$289,665 and the net asset value of the Common Stock would have been \$20.28 per share. The number of Warrants exercised during the six months ended June 30, 2004, and the year ended December 31, 2003, was 30 and 66, respectively.

**3. Purchases and Sales of Securities** [Purchases and sales of portfolio securities, excluding options and short-term investments, amounted to \$514,285,839 and \$515,547,755, respectively. At June 30, 2004, the cost of investments for federal income tax purposes was \$2,169,493,136. The tax basis cost was greater than the cost for financial reporting purposes due to the tax deferral of losses on wash sales in the amount of \$1,426,254. The tax basis gross unrealized appreciation and depreciation of portfolio securities amounted to \$282,400,658 and \$60,944,437, respectively.

**4. Repurchase Agreements** [The Corporation may enter into repurchase agreements with commercial banks and with broker/dealers deemed to be creditworthy by the Manager. Securities received as collateral subject to repurchase agreements are deposited with the Corporation's custodian and, pursuant to the terms of the repurchase agreements, must have an aggregate market value greater than or equal to the repurchase price plus accrued interest at all times. Procedures have been established to monitor, on a daily basis, the market value of repurchase agreements' underlying securities to ensure the existence of the proper level of collateral.

**5. Management Fee, Administrative Services, and Other Transactions** [The Manager manages the affairs of the Corporation and provides for the necessary personnel and facilities. Compensation of all officers of the Corporation, all directors of the Corporation who are employees of the Manager, and all personnel of the Corporation and the Manager is paid by the Manager. The Manager receives a fee, calculated daily and payable monthly, equal to a percentage of the Corporation's daily net assets at the close of business on the previous business day. The management fee rate is calculated on a sliding scale of 0.45% to 0.375%, based on average daily net assets of all the investment companies managed by the Manager. The management fee for the six months ended June 30, 2004, was equivalent to an annual rate of 0.41% of the average daily net assets of the Corporation.

Seligman Data Corp., which is owned by the Corporation and certain associated investment companies, charged the Corporation at cost \$1,843,033 for stockholder account services in accordance with a methodology approved by the Corporation's directors. Costs of Seligman Data Corp. directly attributable to the Corporation were charged to the Corporation. The remaining charges were allocated to the Corporation by Seligman Data

Corp. pursuant to a formula based on the Corporation's net assets, stockholder transaction volume and number of stockholder accounts.

The Corporation and certain other associated investment companies (together, the "Guarantors") have severally but not jointly guaranteed the performance and observance of all the terms and conditions of two leases entered into by Seligman Data Corp., including the payment of rent by Seligman Data Corp. (the "Guaranties"). The leases and the Guaranties expire in September 2008 and January 2009. The obligation of the Corporation to pay any amount due under either Guaranty is limited to a specified percentage of the full amount, which generally is based on the Corporation's percentage of the expenses billed by Seligman Data Corp. to all Guarantors in the preceding calendar quarter. As of June 30, 2004, the Corporation's potential obligation under the Guaranties is \$791,400. As of June 30, 2004, no event has occurred which would result in the Corporation becoming liable to make any payment under a Guaranty. A portion of rent paid by Seligman Data Corp. is charged to the Corporation as part of Seligman Data Corp.'s stockholder account services cost.

The Corporation's investment in Seligman Data Corp. is recorded at a cost of \$43,681.

Certain officers and directors of the Corporation are officers or directors of the Manager and/or Seligman Data Corp.

The Corporation has a compensation arrangement under which directors who receive fees may elect to defer receiving such fees. Directors may elect to have their deferred fees accrue interest or earn a return based on the performance of the Corporation or other funds in the Seligman Group of

## *Tri-Continental Corporation*

### **Notes to Financial Statements** (unaudited)

Investment Companies. The cost of such fees and earnings/loss accrued thereon is included in directors' fees and expenses, and the accumulated balance thereof at June 30, 2004, of \$244,044 is included in accrued expenses and other liabilities. Deferred fees and related accrued earnings are not deductible for federal income tax purposes until such amounts are paid.

**6. Capital Loss Carryforward** [At December 31, 2003, the Corporation had a net capital loss carryfor-ward for federal income tax purposes of \$730,079,728, which is available for offset against future taxable net capital gains, with \$693,816,914 expiring in 2010 and \$36,262,814 expiring in 2011. The amount was determined after adjustments for certain differences between financial reporting and tax purposes, such as wash sale losses. Accordingly, no capital gain distributions are expected to be paid to stockholders until net capital gains have been realized in excess of available capital loss carryforwards.

**7. Restricted Securities** [At June 30, 2004, the Tri-Continental Financial Division of the Corporation comprised two investments that were purchased through private offerings and cannot be sold without prior registration under the Securities Act of 1933 or pursuant to an exemption therefrom. These investments are valued at fair value as determined in accordance with procedures approved by the Board of Directors of the Corporation. The acquisition dates of investments in the limited partnerships along with their cost and values at June 30, 2004, were as follows:

Investments	Acquisition Date(s)	Cost	Value
WCAS Capital Partners II, L.P.	12/11/90 to 3/24/98	\$ 4,727,686	\$ 2,568,316
Whitney Subordinated Debt Fund, L.P	7/12/89 to 11/10/98	2,464,665	1,179,492
		\$7,192,351	\$ 3,747,808
Total			

---

**8. Other Matters** ¶The Manager has conducted an extensive internal review in response to developments regarding disruptive or illegal trading practices within the mutual fund industry. As of September 2003, the Manager had one arrangement that permitted frequent trading in the Seligman registered investment companies (¶Seligman Funds¶). This arrangement was in the process of being closed down by the Manager before the first proceedings relating to trading practices within the mutual fund industry were publicly announced. Based on a review of the Manager¶s records for 2001 through 2003, the Manager identified three other arrangements that had permitted frequent trading in the Seligman Funds. All three had already been terminated prior to the end of September 2002. The Securities and Exchange Commission (the ¶SEC¶), the NASD and the Attorney General of the State of New York also are reviewing these matters.

The Manager also has reviewed its practice of placing some of the Seligman Funds¶ orders to buy and sell portfolio securities with brokerage firms in recognition of their sales of Seligman Funds. This practice is permissible when done properly; however, the Manager believes that it may have violated applicable requirements for certain of such orders as a result of compensation arrangements the Manager had with certain brokerage firms. The Manager discontinued this practice entirely in October 2003. The Manager is confident that the execution of all such orders was consistent with its best execution obligations and that the Seligman Funds did not pay higher brokerage commissions than they would otherwise have paid for comparable transactions. The Manager has also responded fully to information requests from the SEC and the NASD relating to the Manager¶s use of revenue sharing and fund portfolio brokerage commissions and will continue to provide additional information if, and as, requested.

The results of the Manager¶s internal reviews were presented to the Independent Directors of the Seligman Funds. In order to resolve matters with the Independent Directors relating to the four arrangements that permitted frequent trading, which did not affect Tri-Continental Corporation, the Manager has made payments to three funds and has agreed to waive a portion of its management fee with respect to another fund. In order to resolve matters with the Independent Directors with regard to portfolio brokerage commissions, in May 2004, the Manager made payments to each of twenty-four funds in an amount equal to the commissions paid by each such fund during the period from 1998 through 2003 to certain brokerage firms in recognition of sales of fund shares, including \$637,118 paid to Tri-Continental Corporation, which has been reported as Payments received from the Manager in the Statement of Operations.

## *Tri-Continental Corporation*

### **Financial Highlights** (unaudited)

The Corporation¶s financial highlights are presented below. ¶Per share operating performance¶ data is designed to allow investors to trace the operating performance, on a per Common share basis, from the beginning net asset value to the ending net asset value, so that investors can understand what effect the individual items have on their investment, assuming it was held throughout the period. Generally, the per share amounts are derived by converting the actual dollar amounts incurred for each item, as disclosed in the financial statements, to their equivalent per Common share amounts, using average shares outstanding.

¶Total investment return¶ measures the Corporation¶s performance assuming that investors purchased shares of the Corporation at the market value or net asset value as of the beginning of the period, invested dividends and capital gains paid, as provided for in the Corporation¶s Prospectus and Automatic Dividend Investment and Cash Purchase Plan, and then sold their shares at the closing market value or net asset value per share on the last day of the period. The computations do not reflect taxes or any sales commissions investors may incur in purchasing or selling shares of the Corporation. Total investment returns are not annualized for periods of less than one year.

The ratios of expenses and net investment income to average net investment assets and to average net assets for Common Stock for the periods presented do not reflect the effect of dividends paid to Preferred Stockholders.

- (1) The stock repurchase program, announced on November 20, 2003, authorizes the Registrant to repurchase up to 5% of its common stock in the open market during the next 12 months as long as the discount of the net asset value of the common stock to its market price exceeds 10%.

## Edgar Filing: TRI-CONTINENTAL CORP - Form N-CSRS

ITEM 9. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.  
Not applicable.

ITEM 10. CONTROLS AND PROCEDURES.

(a) The registrant's principal executive officer and principal financial officer have concluded, based upon their evaluation of the registrant's disclosure controls and procedures as conducted within 90 days of the filing date of this report, that these disclosure controls and procedures provide reasonable assurance that material information required to be disclosed by the registrant in the report it files or submits on Form N-CSR is recorded, processed, summarized and reported, within the time periods specified in the Commission's rules and forms and that such material information is accumulated and communicated to the registrant's management, including its principal executive officer and principal financial officer, as appropriate, in order to allow timely decisions regarding required disclosure.

(b) The registrant's principal executive officer and principal financial officer are aware of no changes in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal half-year that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.

ITEM 11. EXHIBITS.

(a) (1) Not applicable.

(a) (2) Certifications of principal executive officer and principal financial officer as required by Rule 30a-2(a) under the Investment Company Act of 1940.

(a) (3) Not applicable.

(b) Certifications of chief executive officer and chief financial officer as required by Rule 30a-2(b) under the Investment Company Act of 1940.
