Neither we nor any underwriter, agent or dealer has authorized anyone to provide you with information that is different. This prospectus supplement and the accompanying prospectus contain forward-looking statements (as that term is defined in the Private Securities Litigation Reform Act of 1995). Forward- looking statements should be read with the cautionary statements in the accompanying prospectus under the heading Forward-Looking Statements and in certain of the incorporated documents under the heading Forward-Looking Statements, and the important factors discussed in this prospectus supplement, the accompanying prospectus and in the incorporated documents.

In this prospectus supplement, unless the context indicates otherwise, the words Pennsylvania Electric, we, our, ours and us refer to Pennsylvania Electric Company.

SUMMARY

This summary may not contain all of the information that may be important to you. You should read this entire prospectus supplement and the accompanying prospectus, as well as the documents incorporated in the accompanying prospectus, before making an investment decision.

Pennsylvania Electric Company

We are a wholly owned electric utility operating subsidiary of FirstEnergy Corp., or FirstEnergy. FirstEnergy is a diversified energy company headquartered in Akron, Ohio. We conduct business in northern and south central Pennsylvania, providing regulated transmission and distribution services. We also provide generation services to those customers electing to retain us as their power supplier. We have a partial requirements wholesale power sales agreement with our affiliate FirstEnergy Solutions Corp., or FES, to supply a portion of our default service obligations at fixed prices through 2009. This sales agreement is renewed annually unless cancelled by either party with at least a sixty day written notice prior to the end of the calendar year.

Our principal executive offices are located at 76 South Main Street, Akron, Ohio 44308-1890. Our telephone number is (800) 736-3402.

Recent Developments

Transmission Service Charge

On May 22, 2008, the Pennsylvania Public Utility Commission, or PPUC, approved annual updates to the Transmission Service Charge, or TSC, rider for us and Metropolitan Edison Company, or Met-Ed, for the period June 1, 2008 through May 31, 2009. As more fully described in our Quarterly Report on Form 10-Q for the period ended June 30, 2009, various intervenors filed complaints against those filings.

On August 11, 2009, the Administrative Law Judge, or ALJ, issued a Recommended Decision, or RD, to the PPUC recommending the dismissal of the complaints of all the intervenors and also recommending approval of our and Met-Ed's proposed TSC rates as filed. Exceptions to that decision were filed on August 31, 2009 and reply exceptions were filed on September 10, 2009.

Default Service Program

On February 20, 2009, we and Met-Ed filed with the PPUC a default service program, or DSP, that addresses generation procurement covering the period January 1, 2011 through May 31, 2013. Our and Met-Ed's plan is designed to provide adequate and reliable service via a prudent mix of long-term, short-term and spot market generation supply, as required by Act 129. The plan proposes a staggered procurement schedule, which varies by customer class, through the use of a descending clock auction. On August 12, 2009, a unanimous settlement was reached on all but two issues between us and various intervenors to the proceeding. Those intervenors included a number of consumer advocacy groups and four different energy generation suppliers, or EGS, among others. Those two issues were subsequently addressed in main and reply briefs. The settlement generally adopted our plan as proposed regarding full requirement tranches, a descending clock auction and procurement schedule, among other issues. However, a number of changes did result from the settlement. Those changes include requiring us to procure 25% of the energy for residential customers via a portfolio of block and spot purchases as opposed to full requirement tranches and to commit to a purchase of receivables, or POR, program for the benefit of our commercial and residential customers. The POR allows us to terminate service to customers for nonpayment for the participating EGS' portion of the bill. Additional details regarding the POR will be addressed when we file an updated tariff in March 2010. A RD was issued by the ALJ on September 2, 2009, finding in favor of us and Met-Ed on the two remaining issues. Exceptions to that decision were filed on September 22, 2009 and reply exceptions are due on October 2, 2009. We and Met-Ed

anticipate PPUC approval of our and Met-Ed's plan in November 2009.

S-1

Non-Utility Generation Charge Settlement Compliance

On March 31, 2009, we and Met-Ed submitted a 5-year Non-Utility Generation Charge, or NUG, Settlement Compliance filing to the PPUC in accordance with our and Met-Ed's 1998 Restructuring Settlement. Met-Ed proposed to reduce its Competitive Transition Charge, or CTC, rate for the residential class with a corresponding increase in the generation rate and the shopping credit, and we proposed to reduce our CTC rate to zero for all classes with a corresponding increase in the generation rate and the shopping credit. While these changes would result in additional annual generation revenue (Met-Ed - \$27 million and us - \$59 million), overall rates would remain unchanged. On July 30, 2009, the PPUC entered an order approving the 5-year NUG Statement, approving the reduction of the CTC, and directing us and Met-Ed to file a tariff supplement implementing this change. On July 31, 2009, we and Met-Ed filed tariff supplements decreasing the CTC rate in compliance with the July 30, 2009 order, and increasing the generation rate in compliance with our and Met-Ed's 1998 Restructuring Settlement. On August 14, 2009, the PPUC issued Secretarial Letters approving our and Met-Ed's compliance filings.

RISK FACTORS

You should consider, in evaluating us, our business and whether to participate in this offering, the following risk factors in addition to the other information presented in this prospectus supplement, the accompanying prospectus and the documents incorporated by reference into this prospectus supplement or the accompanying prospectus to which we refer you for more detailed information on our business, industry, and financial and corporate structure. Any of the following risks, as well as other risks and uncertainties, could harm the value of the Senior Notes directly or our business and financial results and thus indirectly cause the value of the Senior Notes to decline, which in turn could cause you to lose all or part of your investment. The risks below are not the only ones facing us or the Senior Notes. Additional risks not currently known to us or that we currently deem immaterial also may impair our business and cause the value or trading price of the Senior Notes to decline.

Risks Related to This Offering

We may be able to issue substantially more debt, a portion of which could be secured debt.

The senior note indenture does not limit the amount of the indebtedness we may issue; however, it does limit the amount of secured debt that we are able to issue. We are currently able to incur up to \$309.9 million of secured debt under the limitation on liens provision of the senior note indenture. Such secured debt would be senior to the Senior Notes and all other senior notes issued under our senior note indenture which, as of June 30, 2009, are unsecured.

If an active trading market does not develop for the Senior Notes, you may be unable to sell the Senior Notes or to sell them at a price you deem sufficient.

The Senior Notes will be new securities for which there is no established trading market. We do not intend to apply for listing of the Senior Notes on any national securities exchange or to arrange for the Senior Notes to be quoted on any automated system. We provide no assurance as to:

the
liquidity
of any
trading
market
that may
develop
for the
Senior
Notes;

the
ability of
holders
to sell
their
Senior
Notes; or

the price
at which
holders

would be
able to
sell their
Senior
Notes.

Even if a trading market develops, the Senior Notes may trade at higher or lower prices than their principal amount or purchase price, depending on many factors, including:

prevailing
interest
rates;

the
number of
holders of
the Senior
Notes;

the
interest of
securities
dealers in
making a
market for
the Senior
Notes; and

our
operating
results.

If a market for the Senior Notes does not develop, purchasers may be unable to resell the Senior Notes for an extended period of time if at all. Consequently, a holder of Senior Notes may not be able to liquidate its investment readily, and the Senior Notes may not be readily accepted as collateral for loans. In addition, market-making activities will be subject to restrictions of the Securities Act and the Exchange Act.

Risks Related to Our Business and Industry

For a discussion of these risks please see the risks disclosed and discussed in the sections entitled "Risk Factors", "Executive Summary", "Management's Narrative Analysis of Results of Operations" and "Combined Management's Discussion and Analysis of Registrant Subsidiaries" contained in our Annual Report on Form 10-K for the year ended December 31, 2008 and our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2009 and June 30, 2009, as applicable.

USE OF PROCEEDS

We estimate that our net proceeds from the issuance and sale of the Senior Notes after giving effect to estimated underwriting discounts and commissions and estimated expenses will be approximately \$ million. We intend to use all the net proceeds to repay short-term borrowings. At June 30, 2009, we had short-term borrowings of approximately \$428 million, of which approximately \$178 million represented our money pool borrowings and approximately \$250 million represented our borrowings under our revolver with a weighted average interest rate of approximately 0.83% per annum.

DESCRIPTION OF SENIOR NOTES

The following is a summary of certain terms of the Senior Notes, does not purport to be complete, and is subject to, and qualified in its entirety by, the description of the Senior Notes in the senior note indenture, which is on file with the SEC, and the Trust Indenture Act of 1939. Certain capitalized terms used in this prospectus supplement are defined in the senior note indenture.

General

The Senior Notes will be issued as two new series of senior notes under the senior note indenture, dated as of April 1, 1999, or the senior note indenture, between us and The Bank of New York Mellon, as successor trustee. All of the Senior Notes outstanding under the senior note indenture will be our unsecured general obligations and will rank equally with our other unsecured and unsubordinated indebtedness. Other than as described in this prospectus supplement, we will not issue any secured debt without securing the Senior Notes and all of our other outstanding Senior Notes equally and ratably with such secured debt. See Certain Covenants of the Company below.

There is no limitation on the amount of Senior Notes that may be issued under the senior note indenture. Under the senior note indenture, all senior notes of any one series need not be issued at the same time, and a series may be reopened for issuances of additional senior notes of such series. This means that we may from time to time, without the consent of the existing holders of the senior notes of any series, create and issue further senior notes having the same terms and conditions as the Senior Notes offered hereby in all respects, except for issue date, issue price and, if applicable, the initial interest payment. Additional Senior Notes issued in this manner will be consolidated with, and will form a single series with, the Senior Notes offered hereby.

The senior note indenture provides that we will not issue any additional first mortgage bonds under our Mortgage and Deed of Trust, dated as of January 1, 1942, or the Mortgage.

The Senior Notes will be issued in book-entry form only, in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

Maturity, Interest Rate and Interest Payment Dates

The Notes will mature on April 1, and the Notes will mature on October 1, , in each case, unless earlier redeemed as described under Optional Redemption below.

Interest on the Senior Notes of each series will:

be payable in
U.S. dollars at
the rate of %
per annum
with respect to
the Notes and
at the rate of
% per annum
with respect to
the Notes;

be computed
for each

interest period on the basis of a 360-day year consisting of twelve 30-day months and for any period shorter than a full month, on the basis of the actual number of days elapsed in such period;

be payable semi-annually in arrears on each April 1 and October 1 beginning on April 1, 2010 and at the respective maturity dates;

initially accrue from, and include, the date of original issuance (i.e., September , 2009); and

be paid to the person in whose names the Senior Notes are registered at the close of business on the regular record date, which is the business day immediately preceding the applicable interest

payment date,
so long as the
Senior Notes
are issued in
book-entry
only form.

Otherwise, the
record date
will be the
fifteenth
calendar day
next preceding
the applicable
interest
payment date.

We shall not
be required to
make transfers
or exchanges
of Senior
Notes for a
period of 15
calendar days
next preceding
an interest
payment date.

S-9

Optional Redemption

The Senior Notes will be redeemable as a whole or in part, at our option, at any time, at a redemption price equal to the greater of:

100% of the principal amount of such Senior Notes being redeemed, or

as determined by the Independent Investment Banker (as defined below), the sum of the present values of the Remaining Scheduled Payments (as defined below), discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate, plus basis points with respect to the Notes and basis points with respect to the

Notes,
plus, in each case, accrued and unpaid interest on such Senior Notes to the date of redemption.

Adjusted Treasury Rate means, with respect to any redemption date:

to the
Comparable
Treasury Issue

(if no maturity is within three months before or after the Remaining Life, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue shall be determined and the Adjusted Treasury Rate shall be interpolated or extrapolated from these yields on a straight line basis, rounding to the nearest month); or

if the release (or any successor release) is not published during the week preceding the calculation date or does not contain these yields, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury

Issue,
calculated
using a price
for the
Comparable
Treasury Issue
(expressed as a
percentage of
its principal
amount) equal
to the
Comparable
Treasury Price
for the
redemption
date. The
Adjusted
Treasury Rate
will be
calculated on
the third
business day
preceding the
redemption
date.

Comparable Treasury Issue means the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term of the Senior Notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such securities (Remaining Life).

Comparable Treasury Price means (i) the average of three Reference Treasury Dealer Quotations for the redemption date, after excluding the highest and lowest Reference Treasury Dealer Quotations, or (ii) if the Independent Investment Banker obtains fewer than three Reference Treasury Dealer Quotations, the average of all such quotations.

Independent Investment Banker means one of the Reference Treasury Dealers appointed by us.

Reference Treasury Dealer means:

each of Banc
of America
Securities
LLC,
Citigroup
Global
Markets Inc.,
J.P. Morgan
Securities
Inc. and
Wells Fargo
Securities,

LLC, and
their
respective
successors;
provided,
however,
that if any of
the
foregoing
cease to be a
primary U.S.
Government
securities
dealer in the
United
States (a
Primary
Treasury
Dealer), we
will
substitute
therefor
another
Primary
Treasury
Dealer; and

any other
Primary
Treasury
Dealer
selected by
the
Independent
Investment
Banker after
consultation
with us.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a

percentage of its principal amount) quoted in writing to the Independent Investment Banker at 5:00 p.m., New York City time, on the third business day preceding the redemption date.

Remaining Scheduled Payments means, with respect to the Senior Notes to be redeemed, the remaining scheduled payments of principal of and interest on such Senior Notes that would be due after the related redemption date but for such redemption. If such redemption date is not an interest payment date with respect to such Senior Notes, the amount of the next succeeding scheduled interest payment on such Senior Notes will be reduced by the amount of interest accrued on such Senior Notes to such redemption date.

We will notify the senior note trustee of any redemption at least 45 days before the redemption date. The senior note trustee will mail notice of any redemption between 30 days and 60 days before the redemption date to each holder of the Senior Notes to be redeemed.

Unless we default in payment of the redemption price and accrued interest, on and after the redemption date, interest will cease to accrue on the Senior Notes or any portion of the Senior Notes called for redemption. On or before the redemption date, we will deposit with a paying agent (or the senior note trustee) money sufficient to pay the redemption price of and accrued interest on the Senior Notes to be redeemed on such date. If less than all the Senior Notes are to be redeemed, the Senior Notes to be redeemed shall be selected by the senior note trustee by such method as the senior note trustee shall deem fair and appropriate.

The Senior Notes will not be subject to a sinking fund.

We may at any time purchase Senior Notes at any price in the open market or otherwise. Senior Notes so purchased by us may be surrendered to the senior note trustee for cancellation.

Book-Entry

Global Notes

Each series of the Senior Notes will initially be represented by Global Certificates which will be issued in definitive, fully registered, book-entry form. The Global Certificate will be deposited with or on behalf of DTC and registered in the name of Cede & Co., as nominee of DTC.

DTC, Clearstream and Euroclear

Beneficial interests in the Global Certificates will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in DTC. Investors may hold interests in the Global Certificates through either DTC (in the United States), Clearstream Banking, société anonyme, Luxembourg, or Clearstream, or Euroclear Bank S.A./N.V., as operator of the Euroclear System, or Euroclear, either directly if they are participants in such systems or indirectly through organizations that are participants in such systems. Clearstream and Euroclear will hold interests in the Global Certificates on behalf of their participants, through customer securities accounts in Clearstream's or Euroclear's names on the books of their respective U.S. depositaries, which in turn will hold those positions in customers' securities accounts in the U.S. depositaries' names on the books of DTC.

We have provided the descriptions of the operations and procedures of DTC, Clearstream and Euroclear in this prospectus supplement solely as a matter of convenience. These operations and procedures are solely within the control of those organizations and are subject to change by them from time to time. None of us, the underwriters or the Trustee takes any responsibility for these operations or procedures, and you are urged to contact DTC, Clearstream and Euroclear or their participants directly to discuss these matters.

We understand that:

DTC is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York

corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly, or Indirect Participants.

The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Senior Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Senior Notes on DTC's records. The ownership interest of each actual purchaser of each Senior Note, or Beneficial Owner, is in turn to be recorded on the Direct and Indirect Participants records.

Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Senior Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Senior Notes, except in the event that use of the book-entry

system for the Senior Notes is discontinued.

To facilitate subsequent transfers, all Senior Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Senior Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The

Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Senior Notes within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in

such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Senior Notes unless authorized by a Direct Participant in accordance with DTC's MMI Procedures.

Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date.

The Omnibus Proxy assigns Cede & Co.'s consenting or

S-12

voting rights to those Direct Participants to whose accounts Senior Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Senior Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants accounts upon DTC's receipt of funds and corresponding detail information from us or the Trustee, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary

practices, as is the case with securities held for the accounts of customers in bearer form or registered in street name, and will be the responsibility of such Participant and not of DTC, the Trustee or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is our or the Trustee's responsibility, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Senior Notes at any time by giving reasonable notice to us. Under such circumstances, in the event that a successor depository is not obtained, certificated Senior Notes are required to be printed and delivered.

We may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, certificated Senior Notes will be printed and delivered to DTC.

We understand that Clearstream is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its customers and facilitates the clearance and settlement of securities transactions between its customers through electronic book-entry changes in accounts of its customers, thereby eliminating the need for physical movement of certificates. Clearstream provides to its customers, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depository, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Section. Clearstream customers are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and other organizations and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream customer either directly or indirectly.

We understand that Euroclear was created in 1968 to hold securities for participants of Euroclear and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear provides various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V., which we refer to as the Euroclear Operator, under contract with Euroclear Clearance Systems S.C., a Belgian cooperative corporation, which we refer to as the Cooperative. All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear participants. Euroclear participants include banks (including central banks), securities brokers and dealers, and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

We understand that the Euroclear Operator is licensed by the Belgian Banking and Finance Commission to carry out banking activities on a global basis. As a Belgian bank, it is regulated and examined by the Belgian Banking and Finance Commission.

We expect that under procedures established by DTC:

upon deposit
of the Global
Certificate
with DTC or
its custodian,
DTC will
credit on its
internal
system the
accounts of
direct
participants
designated
by the
underwriters
with portions
of the
principal
amounts of
the Senior
Notes; and

ownership of
the Senior
Notes will be
shown on,
and the
transfer of
ownership
thereof will
be effected
only through,
records
maintained
by DTC or
its nominee,
with respect
to interests
of direct
participants,
and the
records of
direct and
indirect

participants,
with respect
to interests
of persons
other than
participants.

The laws of some jurisdictions may require that purchasers of securities take physical delivery of those securities in definitive form. Accordingly, the ability to transfer interests in the Senior Notes represented by a Global Certificate to those persons may be limited. In addition, because DTC can act only on behalf of its participants, who in turn act on behalf of persons who hold interests through participants, the ability of a person having an interest in Senior Notes represented by a Global Certificate to pledge or transfer those interests to persons or entities that do not participate in DTC's system, or otherwise to take actions in respect of such interest, may be affected by the lack of a physical definitive security in respect of such interest.

So long as DTC or its nominee is the registered owner of a Global Certificate, DTC or that nominee will be considered the sole owner or holder of the Senior Notes represented by that Global Certificate for all purposes under the indenture and under the Senior Notes. Except as provided below, owners of beneficial interests in a Global Certificate will not be entitled to have Senior Notes represented by that Global Certificate registered in their names, will not receive or be entitled to receive physical delivery of certificated Senior Notes and will not be considered the owners or holders thereof under the indenture or under the Senior Notes for any purpose, including with respect to the giving of any direction, instruction or approval to the Trustee. Accordingly, each holder owning a beneficial interest in a Global Certificate must rely on the procedures of DTC and, if that holder is not a direct or indirect participant, on the procedures of the participant through which that holder owns its interest, to exercise any rights of a holder of Senior Notes under the indenture or a Global Certificate.

Neither we nor the Trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of notes by DTC, Clearstream or Euroclear, or for maintaining, supervising or reviewing any records of those organizations relating to the Senior Notes.

Payments on the Senior Notes represented by the Global Certificates will be made to DTC or its nominee, as the case may be, as the registered owner thereof. We expect that DTC or its nominee, upon receipt of any payment on the Senior Notes represented by a Global Certificate, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the Global Certificates as shown in the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in the Global Certificates held through such participants will be governed by standing instructions and customary practice as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. The participants will be responsible for those payments.

Payments on the Senior Notes held beneficially through Clearstream will be credited to cash accounts of its customers in accordance with its rules and procedures, to the extent received by the U.S. depository for Clearstream.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the Terms and Conditions). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to

specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear participants and has no record of or relationship with persons holding through Euroclear participants.

Payments on the Senior Notes held beneficially through Euroclear will be credited to the cash accounts of its participants in accordance with the Terms and Conditions, to the extent received by the U.S. depository for Euroclear.

Clearance and Settlement Procedures

Initial settlement for the Senior Notes will be made in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC rules and will be settled in immediately available funds. Secondary market trading between Clearstream customers and/or Euroclear participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear, as applicable, and will be settled using the procedures applicable to conventional Eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream customers or Euroclear participants, on the other, will be effected through DTC in accordance with DTC rules on behalf of the relevant European international clearing system by the U.S. depository; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to the U.S. depository to take action to effect final settlement on its behalf by delivering or receiving the Senior Notes in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream customers and Euroclear participants may not deliver instructions directly to their U.S. depositories.

Because of time-zone differences, credits of the Senior Notes received in Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the Business Day following the DTC settlement date. Such credits or any transactions in the Senior Notes settled during such processing will be reported to the relevant Clearstream customers or Euroclear participants on such Business Day. Cash received in Clearstream or Euroclear as a result of sales of the Senior Notes by or through a Clearstream customer or a Euroclear participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures to facilitate transfers of the Senior Notes among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be changed or discontinued at any time.

Certificated Notes

We will issue certificated Senior Notes to each person that DTC identifies as the beneficial owner of the Senior Notes represented by a Global Certificate upon surrender by DTC of the Global Certificates if:

DTC
notifies us
that it is no
longer
willing or
able to act

as a
depository
for such
Global
Certificate
or ceases to
be a
clearing
agency
registered
under the
Exchange
Act, and we
have not
appointed a
successor
depository
within 90
days of that
notice or
becoming
aware that
DTC is no
longer so
registered;

an event of
default
under the
indenture
has
occurred
and is
continuing,
and DTC
requests the
issuance of
certificated
Senior
Notes; or

we
determine
not to have
the Senior
Notes
represented
by such
Global
Certificate.

Neither we nor the Trustee will be liable for any delay by DTC, its nominee or any direct or indirect participant in identifying the beneficial owners of the Senior Notes. We and the Trustee may conclusively rely on, and will be protected in relying on, instructions from DTC or its nominee for all purposes, including with respect to the registration and delivery, and the respective principal amounts, of the certificated Senior Notes to be issued.

UNDERWRITING

Banc of America Securities LLC, Citigroup Global Markets Inc., J.P. Morgan Securities Inc. and Wells Fargo Securities, LLC are acting as joint book-running managers of this offering and representatives of the underwriters named below. Subject to the terms and conditions stated in the underwriting agreement dated the date hereof, the underwriters named below have severally agreed to purchase, and we have agreed to sell to them, the principal amount of Senior Notes set forth opposite each underwriter's name.

Underwriter	Principal Amount of Notes	Principal Amount of Notes
Banc of America Securities LLC	\$	\$
Citigroup Global Markets Inc.		
J.P. Morgan Securities Inc.		
Wells Fargo Securities, LLC		
Total	\$	\$

The underwriting agreement provides that the obligations of the several underwriters to pay for and accept delivery of the Senior Notes offered hereby are subject to the approval of certain legal matters by their counsel and to certain other conditions. The underwriters are obligated to take and pay for all of the Senior Notes offered hereby if any Senior Notes are taken.

The underwriters initially propose to offer part of the Senior Notes directly to the public at the public offering price set forth on the cover page of this prospectus supplement and part to certain dealers at the public offering price less a concession not in excess of % of the principal amount of the Notes and % of the principal amount of the Notes. Any underwriter may allow, and any dealer may re-allow, a concession not in excess of % of the principal amount of the Notes and % of the principal amount of the Notes to other underwriters or to certain dealers. After the initial offering of the Senior Notes, the offering price and other selling terms of the Senior Notes may from time to time be varied by the underwriters. The offering of the Senior Notes by the underwriters is subject to receipt and acceptance and subject to the underwriters right to reject orders in whole or in part.

Under the underwriting agreement, we have agreed to indemnify the underwriters against certain liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

In connection with the offering of the Senior Notes, the underwriters may engage in transactions that stabilize, maintain, or otherwise affect the price of the Senior Notes. Specifically, the underwriters may overallocate in connection with the offering, creating a short position in the Senior Notes. In addition, the underwriters may bid for, and purchase, the Senior Notes in the open market to cover short positions or to stabilize the price of the Senior Notes. Any of these activities may stabilize or maintain the market price of the Senior Notes above independent market levels, but no representation or prediction is made of the magnitude or the direction of any effect that the transactions described above may have on the market price of the Senior Notes. The underwriters are not required to engage in these activities, and, if commenced, may end any of these activities at any time without notice.

The Senior Notes will be a new issue of securities for which currently there is no trading market. We do not intend to apply for the listing or quotation of the Senior Notes on any securities exchange or market. Although the underwriters have indicated that they intend to make a market in the Senior Notes in a manner permitted under applicable securities laws, the underwriters are not obligated to do so, and any such market making may be discontinued at any time without notice. In addition, market-making activity will be subject to the limits imposed by the Securities Act and the

Exchange Act. Accordingly, there can be no assurance as to the existence, development, maintenance, or liquidity of any trading market for the Senior Notes.

We estimate that we will incur offering expenses of approximately \$327,900.

S-17

The underwriters or their respective affiliates have in the past provided, and may in the future provide, investment banking, commercial banking, financial advisory or other services to us and our affiliates for which they have received, or expect to receive, customary fees.

Selling Restrictions

United Kingdom

Each underwriter (a) has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000, or FSMA) received by it in connection with the issue or sale of any Senior Notes in circumstances in which section 21(1) of the FSMA does not apply to us, and (b) has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Senior Notes in, from or otherwise involving the United Kingdom.

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive, as defined below, each, a Relevant Member State, with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State, or the Relevant Implementation Date, the Senior Notes will not be offered to the public in that Relevant Member State prior to the publication of a prospectus in relation to the Senior Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive, except that, with effect from and including the Relevant Implementation Date, an offer of Senior Notes to the public may be made to the public in that Relevant Member State at any time:

- (a) to legal entities which are authorized or regulated to operate in the financial markets or, if not so authorized or regulated, whose corporate purpose is solely to invest in securities;
- (b) to any legal entity which has two or more of (1) an average of at least 250

- (d) in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of Senior Notes shall require the Company or any underwriter to publish a prospectus pursuant to Article 3 of

the Prospectus
Directive.

For the purposes of this provision, the expression an offer of Senior Notes to the public in relation to any Senior Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Senior Notes to be offered so as to enable an investor to decide to purchase the Senior Notes, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State and the expression Prospectus Directive means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Accordingly, the degree of reliance on their reports on such information should be restricted in light of the limited nature of the review procedures applied.

PricewaterhouseCoopers LLP is not subject to the liability provisions of Section 11 of the Securities Act for their reports on the unaudited financial information because those reports are not a report or a part of the registration statement prepared or certified by PricewaterhouseCoopers LLP within the meaning of Sections 7 and 11 of the Act.

RATIO OF EARNINGS TO FIXED CHARGES

The following table contains our consolidated ratio of earnings to fixed charges for the periods indicated. You should read these ratios in connection with our consolidated financial statements, including the notes to those statements, incorporated by reference in this prospectus.

For purposes of the calculation of our consolidated ratio of earnings to fixed charges, earnings have been computed by adding to Income before extraordinary items total interest and other charges, before reduction for amounts capitalized, provision for income taxes and the estimated interest element of rentals charged to income, and fixed charges include interest on long-term debt, other interest expense, subsidiaries preferred stock dividend requirements and the estimated interest element of rentals charged to income.

DESCRIPTION OF DEBT SECURITIES

The debt securities that we may offer from time to time by this prospectus will be our senior unsecured debt securities and will rank equally with all of our other unsecured and unsubordinated debt under an indenture, dated as of April 1, 1999, as supplemented, between us and The Bank of New York Mellon as successor trustee. The indenture gives us broad authority to set the particular terms of each series of debt securities, including the right to modify certain of the terms contained in the indenture. The particular terms of a series of debt securities and the extent, if any, to which

the particular terms of a series of debt securities and the extent, if any, to which such particular terms modify the terms of the indenture or otherwise vary from the terms and provisions set forth below will be described in the prospectus supplement relating to those debt securities.

The indenture contains the full text of the matters described in this section. Because this section is a summary, it does not describe every aspect of the debt securities or the indenture. This summary is subject to and qualified in its entirety by reference to all the provisions of the indenture, including definitions of terms used in the indenture. You should read the indenture incorporated by reference as an exhibit to the registration statement of which this prospectus is a part. Whenever we refer to particular sections or defined terms of the indenture in this prospectus or in a prospectus supplement, these sections or defined terms are incorporated by reference herein or in the prospectus supplement. This summary also is subject to and qualified by reference to the description of the particular terms of the debt securities described in the applicable prospectus supplement or supplements. Certain capitalized terms used in this prospectus are defined in the indenture.

If applicable, the prospectus supplement relating to an issue of debt securities will describe any special United States federal income tax considerations relevant to those debt securities.

There is no requirement under the indenture that future issues of our debt securities be issued under the indenture. We will be free to use other indentures or documentation, containing provisions different from those included in the indenture or applicable to one or more issues of debt securities, in connection with future issues of other debt securities. The provisions of any such other indentures or documentation will be described in the applicable prospectus supplement.

General

The indenture does not limit the aggregate principal amount of debt securities that we may issue under the indenture. The indenture provides that the debt securities may be issued in one or more series. The debt securities may be issued at various times and may have differing maturity dates and may bear interest at differing rates. We need not issue all debt securities of one series at the same time and, unless otherwise provided, we may reopen a series, without the consent of the holders of the debt securities of that series, for issuances of additional debt securities of that series.

Prior to the issuance of each series of debt securities, the terms of the particular securities will be specified in a supplemental indenture, a board resolution or one or more officers' certificates authorized pursuant to a board resolution. We refer you to the applicable prospectus supplement for a description of the following terms of the particular series of debt securities offered thereby:

the title of the
debt securities;

any limit on
the aggregate
principal
amount of the
debt securities;

the date or
dates on which
the principal of
and any
premium on

the debt securities will be payable;

the rate or rates at which the debt securities will bear interest, if any;

the currency or currency unit of payment if other than United States dollars;

the date from which interest, if any, on the debt securities will accrue, the dates on which interest, if any, will be payable, the date on which payment of interest, if any, will commence, and the record dates for any interest payments;

our right, if any, to extend interest payment periods and the duration of any extension;

any redemption, repayment or sinking fund provisions;

the place or
places where
the principal of
and any
premium and
interest on the
debt securities
will be
payable;

the
denominations
in which the
debt securities
will be
issuable;

the index, if
any, with
reference to
which the
amount of
principal of or
any premium
or interest on
the debt
securities will
be determined;

any addition
to or change
in the events
of default
set forth in
the
indenture
applicable
to the debt
securities
and any
change in
the right of
the trustee
or the
holders to
declare the
principal
amount of
the debt
securities
due and
payable;

any addition
to or change
in the
covenants
set forth in
the
indenture;
and

any other
terms of the
debt
securities
not
inconsistent
with the
provisions
of the
indenture.

Events of Default

The following constitute events of default under the indenture:

default in the
payment of

principal of and
premium, if
any, on any
senior note
when due and
payable;

default in the
payment of
interest on any
senior note
when due,
which
continues for
60 days;

default in the
performance or
breach of any
of our other
covenants or
agreements in
the senior notes
or in the
indenture and
the
continuation of
the default for
90 days after
we have
received
written notice
of the default
either from the
trustee or from
the holders of
at least 33% in
aggregate
principal
amount of the
outstanding
senior notes;
and

certain events
of bankruptcy,
insolvency,
reorganization,
assignment or
receivership
relating to us.

If an event of default occurs and is continuing, either the trustee or the holders of a majority in aggregate principal amount of the outstanding senior notes may declare the principal amount of and interest on all of the senior notes to be due and payable immediately. At any time after an acceleration of the senior notes has been declared, and before any judgment or decree for the payment of the monies due has been obtained or entered, if we pay or deposit with the trustee a sum sufficient to pay all matured installments of interest and the principal and any premium which has become due on the senior notes otherwise than by acceleration and all amounts due to the trustee and all defaults have been cured or waived, then our payment or deposit will cause an automatic waiver of the event of default and its consequences and will cause an automatic rescission and annulment of the acceleration of the senior notes.

The indenture provides that the trustee generally will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders of the senior notes unless those holders have offered to the trustee security or indemnity reasonably satisfactory to it. Subject to the provisions for indemnity and certain other limitations contained in the indenture, the holders of a majority in aggregate principal amount of the outstanding senior notes generally will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or of exercising any trust or power conferred on the trustee. The holders of a majority in aggregate principal amount of the outstanding senior notes generally will have the right to waive any past default or event of default (other than a default in the payment of principal or any premium or interest on the senior notes) on behalf of all holders of the senior notes. The indenture provides that no holder of the senior notes may institute any action against us under the indenture unless it has previously given to the trustee written notice of the occurrence and continuance of an event of default and unless the holders of a majority in aggregate principal amount of the senior notes then outstanding affected by the event of default have requested the trustee to institute the action and have offered the trustee reasonable indemnity, and the trustee has not instituted the action within 60 days of the request. Furthermore, no holder of the senior notes will be entitled to institute any action if and to the extent that the action would affect, disturb or prejudice the rights of other holders of the senior notes. Notwithstanding that the right of a holder of the senior notes to institute a proceeding with respect to the indenture is subject to certain conditions precedent, each holder of a senior note has the right, which is absolute and unconditional, to receive payment of the principal of, and premium, if any, and interest on the senior note when due and to institute suit for the enforcement of such payment, and those rights may not be impaired without the consent of such holders.

The indenture provides that the trustee, within 90 days after the occurrence of a default with respect to the senior notes, is required to give holders of the senior notes notice of any default known to the trustee, unless cured or waived, but, except in the case of default in the payment of principal of, or premium, if any, or interest on, any senior notes, the trustee may withhold notice if it determines in good faith that it is in the interest of holders of those senior notes to do so. We are required to deliver to the trustee each year an officer's certificate as to whether or not we are in compliance with the conditions and covenants under the indenture.

Modification with Consent of Holders

Modification and amendment of the indenture by an indenture or indentures supplemental thereto may be effected by us and the trustee with the consent of the holders of a majority in aggregate principal amount of the outstanding senior notes, provided that no modification or amendment may, without the consent of the holder of each outstanding senior note affected by such modification or amendment,

change the
maturity date
of such
senior notes;

reduce the
rate or extend
the time of
payment of
interest on
such senior
notes;

reduce the
principal
amount of, or
premium
payable on,
such senior
notes;

change the
coin or
currency of
any payment
of principal
of, or
premium, if
any, or
interest on,
such senior
notes;

change the
date on
which such

senior notes
may be
redeemed or
repaid at the
option of
their holders
or adversely
affect the
rights of a
holder to
institute suit
for the
enforcement
of any
payment on
or with
respect to
such senior
notes; or

modify the
foregoing
requirements
or reduce the
percentage of
outstanding
senior notes
necessary to
modify or
amend the
indenture or
to waive any
past default
to less than a
majority.

Modification without Consent of Holders

Modification and amendment of the indenture by an indenture or indentures supplemental thereto may be effected by us and the trustee without the consent of the holders of any senior notes:

to change or
eliminate any
provisions of
the indenture,
provided that
any such
change or
elimination
shall become
effective only

when there is no senior note outstanding created prior to the execution of such supplemental indenture effecting the change or elimination which senior note is entitled to the benefit of the applicable provision or such change or elimination is applicable only to senior notes issued after the effective date of the change or elimination;

to establish the form of senior notes as permitted by the indenture or to establish or reflect any terms of any senior note determined pursuant to a company order;

to evidence the succession of another corporation to us as permitted by the indenture, and the assumption by any successor of our covenants in the indenture and the senior

notes;

to specify further the duties and responsibilities of, and to define further the relationship among the trustee, any Authenticating Agent and any paying agent;

to grant to or confer upon the trustee for the benefit of the holders of senior notes any additional rights, remedies, powers or authority;

to permit the trustee to comply with any duties imposed upon it by law;

to add to our covenants for the benefit of the holders of senior notes, to add to the security for the senior notes, to surrender a right or power conferred on us in the indenture or to add any event of default;

to comply with
our obligations
related to the
limitations on
liens;

to supply
omissions,
cure
ambiguities
or correct
defects,
which
actions, in
each case,
are not
prejudicial
to the
interest of
the holders
of senior
notes in any
material
respect; or

to make any
other
change that
is not
prejudicial
to the
holders of
the senior
notes in any
material
respect.

A supplemental indenture which changes or eliminates any covenant or other provision of the indenture (or any supplemental indenture) which has expressly been included solely for the benefit of one or more series of the senior notes, or which modifies the rights of the holders of the senior notes of one or more series with respect to that covenant or provision, will be deemed not to affect the rights under the indenture of the holders of the senior notes of any other series.

Defeasance and Discharge

The indenture provides that we will be discharged from any and all obligations in respect to the senior notes and the indenture (except for certain obligations such as obligations to register the transfer or exchange of the senior notes, replace stolen, lost or mutilated senior notes and maintain paying agencies) if, among other things, we paid or caused to be paid the principal of and premium, if any, and interest on all outstanding senior notes, as and when the same shall have become due and payable, we shall have delivered to the trustee for cancellation the outstanding senior notes, or we have irrevocably deposited with the trustee, in trust for the benefit of the holders of senior notes, money or certain United States government obligations, or any combination of money and certain United States government obligations, which will provide money in an amount sufficient, without reinvestment, to make all payments of principal of, premium, if any, and interest on, the senior notes on the dates payments are due in accordance with the terms of the indenture and the senior notes; provided that unless all of the senior notes mature within 90 days of the deposit by redemption or otherwise, we will also have delivered to the trustee an opinion of counsel to the effect that the holders of the senior notes will not recognize income, gain or loss for federal income tax purposes as a result of the

defeasance or discharge of the indenture. After we have been discharged from our obligations under the indenture, the holders of the senior notes may look only to the deposit for payment of the principal of, and interest and any premium on, the senior notes.

Consolidation, Merger and Sale or Disposition of Assets

We may not consolidate with or merge into any other corporation or entity or sell or otherwise dispose of our properties as or substantially as an entirety to any person unless, among other things,

the successor
or transferee
corporation is
a corporation
or other entity
organized and
existing
under the
laws of the
United States
or any state
of the United
States or the
District of
Columbia;
and

the successor
or transferee
corporation
or other entity
assumes by
supplemental
indenture the
due and
punctual
payment of
the principal
of and
premium, if
any, and
interest on the
senior notes
and the
performance
of every
covenant of
the indenture
to be
performed or
observed by

us.

Upon any consolidation, merger, sale, transfer or other disposition of our properties substantially as an entirety, permissible under the provision described in the immediately preceding paragraph, the successor corporation formed by the consolidation or into which we are merged or to which the transfer is made will succeed to us, and be substituted for us, and may exercise every right and power of ours, under the indenture with the same effect as if the successor corporation had been named as Pennsylvania Electric Company in the indenture, and we will be released from all obligations under the indenture. For purposes of the indenture, the conveyance or other transfer by us of (i) all or any portion of our facilities for the generation of electric energy or (ii) all of our facilities for the transmission of electric energy, in each case considered alone or in any combination with properties described in the other clause, will in no event be deemed to constitute a conveyance or other transfer of all our properties, as or substantially as an entirety.

Certain Covenants

Limitation on Liens

The indenture provides that, so long as any senior notes are outstanding, we may not issue, assume, guarantee or permit to exist any Debt (as defined below) that is secured by any mortgage, security interest, pledge or lien, or Lien, of or upon any of our Operating Property (as defined below), whether owned at the date of the indenture or subsequently acquired, without effectively securing such senior notes (together with, if we so determine, any of our other indebtedness ranking equally with such senior notes) equally and ratably with that Debt (but only so long as that Debt is so secured).

The foregoing restriction will not apply to:

- (a) Liens on any Operating Property existing at the time of its acquisition (which Liens may also extend to subsequent repairs, alterations and improvements to that Operating Property);
- (b) Liens on operating property of a corporation existing at the time the corporation is merged into or consolidated with, or at the time the corporation disposes of its properties (or those of a division) as or substantially as an entirety to, us;
- (c) Liens on Operating Property to secure the costs of acquisition, construction, development or substantial repair, alteration or improvement of property or to

secure indebtedness incurred to provide funds for any of those purposes or for reimbursement of funds previously expended for any of those purposes, provided the Liens are created or assumed contemporaneously with, or within 18 months after, the acquisition or the completion of substantial repair or alteration, construction, development or substantial improvement;

- (d) Liens in favor of any state or any department, agency or instrumentality or political subdivision of any state, or for the benefit of holders of securities issued by any such entity (or providers of credit enhancement with respect to those securities), to secure any Debt (including, without limitation, our obligations with respect to industrial development, pollution control or similar revenue bonds) incurred for the purpose of financing all or any part of the purchase price or the cost of substantially

repairing or
altering,
constructing,
developing or
substantially
improving our
Operating Property;

- (e) Liens under the Mortgage, where such Debt has been issued for the purposes of any transaction described in clause (4) above;
- (f) Liens to compensate the trustee as provided in the indenture; or
- (g) any extension, renewal or replacement (or successive extensions, renewals or replacements), in whole or in part, of any Lien referred to in clauses (1) through (6), provided, however, that the principal amount of Debt secured thereby and not otherwise authorized by clauses (1) through (6), must not exceed the principal amount of Debt, plus any premium or fee payable in connection with the extension, renewal or replacement, so secured at the time of the extension, renewal or

replacement.

However, the foregoing restriction will not apply to our issuance, assumption or guarantee of Debt secured by a Lien which would otherwise be subject to the foregoing restriction up to an aggregate amount which, together with the principal amount of all other of our secured Debt (not including secured Debt permitted under any of the foregoing restrictions) and the Value (as defined below) of all Sale and Lease-Back Transactions (as defined below) existing at that time (other than Sale and Lease-Back Transactions the proceeds of which have been applied to the retirement of certain indebtedness, Sale and Lease-Back Transactions that, if such Sale and Lease-Back Transaction had been a Lien, would have been permitted under any of the foregoing restrictions and Sale and Lease-Back Transactions that are permitted by the first sentence of Limitation on Sale and Lease-Back Transactions below), does not exceed the greater of 15% of Tangible Assets and 15% of Capitalization (as those terms are defined below). As of June 30, 2008, our Tangible Assets were \$2.0 billion and our Capitalization was \$1.7 billion.

Limitation on Sale and Lease-Back Transactions

The indenture provides that so long as any senior notes are outstanding, we may not enter into or permit to exist any Sale and Lease-Back Transaction with respect to any Operating Property, if the purchasers' commitment is obtained more than 18 months after the later of the completion of the acquisition, construction or development of that Operating Property or the placing in operation of that Operating Property or of that Operating Property as constructed or developed or substantially repaired, altered or improved.

This restriction will not apply if:

we would be entitled pursuant to any of the provisions described in clauses (1) to (7) of the second paragraph under

Limitation on Liens above to issue, assume, guarantee or permit to exist Debt secured by a Lien on that Operating Property without equally and ratably securing the senior notes; or

after giving effect to a Sale and Lease-Back Transaction, we could incur pursuant to the provisions

described in
the third
paragraph
under

Limitation
on Liens,
\$1.00 of
additional
Debt secured
by Liens
(other than
Liens
permitted by
the
provisions
described in
clauses (1)
to (7) of the
second
paragraph
under

Limitation
on Liens); or

Certain Definitions

Set forth below is a summary of certain defined terms used in the indenture. Reference is made to the indenture for the full description of all such terms, as well as any other terms used herein for which no definition is provided.

Capitalization means the total of all the following items appearing on, or included in, our consolidated balance sheet: (i) liabilities for indebtedness maturing more than 12 months from the date of determination; and (ii) common stock,

preferred stock, Hybrid Preferred Securities, premium on capital stock, capital surplus, capital in excess of par value, and retained earnings (however the foregoing may be designated), less, to the extent not otherwise deducted, the cost of shares of capital stock held in our treasury. Capitalization will be determined in accordance with GAAP, and may be determined as of a date not more than 60 days prior to the happening of the event for which the determination is being made.

Debt means any outstanding debt for money borrowed evidenced by notes, debentures, bonds, or other securities, or guarantees of any thereof.

GAAP means generally accepted accounting principles in the United States of America, applied on a basis consistent with those used in the preparation of our financial statements.

Operating Property means (i) any interest in real property owned by us and (ii) any asset owned by us that is depreciable in accordance with GAAP excluding, in either case, any interest of ours as lessee under any lease (except for a lease that results from a Sale and Lease-Back Transaction) which has been or would be capitalized on our books in accordance with GAAP.

Sale and Lease-Back Transaction means any arrangement with any person providing for the leasing to us of any Operating Property (except for leases for a term, including any renewals, of not more than 48 months), which Operating Property has been or is to be sold or transferred by us to such person; provided, however, Sale and Lease-Back Transaction does not include any arrangement first entered into prior to the date of the indenture.

Tangible Assets means the amount shown as total assets on our consolidated balance sheet, less the following: (i) intangible assets including, but without limitation, goodwill, trademarks, trade names, patents, and unamortized debt discount and expense and (ii) appropriate adjustments, if any, on account of minority interests. Tangible Assets will be determined in accordance with GAAP and practices applicable to the type of business in which we are engaged and that are approved by the independent accountants regularly retained by us, and may be determined as of a date not more than 60 days prior to the happening of the event for which the determination is being made.

Value means, with respect to a Sale and Lease-Back Transaction, as of any particular time, the amount equal to the greater of (i) the net proceeds to us from the sale or transfer of the property leased pursuant to the Sale and Lease-Back Transaction and (ii) the net book value of the property leased, as determined by us in accordance with GAAP, in either case multiplied by a fraction, the numerator of which will be equal to the number of full years of the term of the lease that is part of the Sale and Lease-Back Transaction remaining at the time of determination and the denominator of which will be equal to the number of full years of the term of the lease, without regard, in any case, to any renewal or extension options contained in the lease.

Resignation or Removal of Senior Note Trustee

The trustee may resign at any time upon written notice to us specifying the day upon which the resignation is to take effect and that resignation will take effect immediately upon the later of the appointment of a successor trustee and the day specified by the trustee.

The trustee may be removed at any time by an instrument or concurrent instruments in writing delivered to the trustee and signed by the holders, or their attorneys-in-fact, of a majority in aggregate principal amount of the then outstanding senior notes. In addition, so long as no event of default under the indenture or event which, with the giving of notice or lapse of time or both, would become an event of default has occurred and is continuing, we may remove the trustee upon written notice to the holder of each senior note outstanding and the trustee, and upon the appointment of a successor trustee.

Concerning the Senior Note Trustee

The Bank of New York Mellon is the trustee under the indenture. The indenture provides that our obligations to compensate the trustee and reimburse the trustee for expenses, disbursements and advances will constitute indebtedness which will be secured by a lien generally prior to that of the senior notes upon all property and funds held or collected by the trustee as such. The trustee is also a depository of ours and certain of our affiliates and has in the past made, and may in the future make, periodic loans to us and certain of our affiliates.

Governing Law

The indenture is, and the debt securities will be, governed by, and construed in accordance with, the laws of the State of New York.

Depository Arrangements

We will describe the specific terms of the depository arrangement with respect to any portion of a series of debt securities to be represented by a book-entry note in the prospectus supplement relating to such series. We anticipate that the following provisions will apply to all depository arrangements.

The certificates representing the debt securities, or Global Certificates, will be issued in fully registered form, without coupons. The debt securities will be deposited with, or on behalf of, DTC, and registered in the name of Cede & Co., as DTC's nominee in the form of one or more Global Certificates or will remain in the custody of the trustee pursuant to a FAST Balance Certificate Agreement between DTC and the trustee. Upon the issuance of the Global Certificate,

DTC or its nominee will credit, on its internal system, the principal amount of the individual beneficial interests

represented by such Global Certificate to the accounts of persons who have accounts with such depository. Ownership of beneficial interests in a Global Certificate will be limited to persons who have accounts with DTC, or participants, or persons who hold interests through participants. Ownership of beneficial interests in a Global Certificate will be shown on, and the transfer of that ownership will be effected only through, records maintained by DTC or its nominee (with respect to interests of participants) and the records of participants (with respect to interests of persons other than participants).

So long as DTC, or its nominee, is the registered owner or holder of a Global Certificate, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the debt securities represented by such Global Certificate for all purposes under the indenture and the debt securities. No beneficial owner of an interest in a Global Certificate will be able to transfer the interest except in accordance with DTC's applicable procedures, in addition to those provided for under the indenture.

Payments of the principal of, premium, if any, and interest on, a Global Certificate will be made to DTC or its nominee, as the case may be, as the registered owner thereof. Neither we, the trustee nor any paying agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a Global Certificate or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. DTC or its nominee, upon receipt of any payment of principal or interest in respect of a Global Certificate, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Global Certificate as shown on the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in such Global Certificate held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. Such payments will be the responsibility of such participants and neither we, the trustee or any paying agent will have any responsibility therefor.

Transfers between participants in DTC will be effected in the ordinary way in accordance with DTC rules. If a holder requires physical delivery of a certificated Senior Note for any reason, including to sell debt securities to persons in jurisdictions which require such delivery of such debt securities or to pledge such debt securities, such holder must transfer its interest in a Global Certificate in accordance with DTC's applicable procedures, or the procedures set forth in the indenture.

DTC will take any action permitted to be taken by a holder of debt securities (including the presentation of debt securities for exchange as described below) only at the direction of one or more participants to whose account the DTC interests in a Global Certificate is credited and only in respect of such portion of the aggregate principal amount of the debt securities as to which such participant or participants has or have given such direction. However, if there is an Event of Default under the debt securities, DTC will exchange a Global Certificate for certificated debt securities, which it will distribute to its participants.

DTC has advised us that it is a limited purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve System, a clearing corporation within the meaning of the Uniform Commercial Code and a Clearing Agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its participants and facilitate the clearance and settlement of securities transactions between participants through electronic book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of certificates. Participants include securities brokers and dealers, banks, trust companies and clearing corporations and may include certain other organizations. Indirect access to the DTC system is available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly (indirect participants). The rules applicable to DTC and its participants are on file with the SEC.

Although DTC is expected to follow the foregoing procedures in order to facilitate transfers of interests in the debt securities represented by a Global Certificate among its participants, it is under

no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. Neither we nor the trustee will have any responsibility for the performance by DTC or its respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

If DTC is at any time unwilling or unable to continue as a depository for a Global Certificate and a successor depository is not appointed by us within 90 days, we will issue certificated debt securities in exchange for a Global Certificate.

All payments of principal and interest will be made by us in immediately available funds.

Secondary trading in long-term bonds and notes of corporate issuers is generally settled in clearing-house or next-day funds. In contrast, beneficial interests in the debt securities that are not certificated debt securities will trade in DTC's Same-Day Funds Settlement System until maturity. Therefore, the secondary market trading activity in such interests will settle in immediately available funds. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity in the debt securities.

The information under this caption **Depository Arrangements** concerning DTC and DTC's book-entry system has been obtained from information provided by DTC. We have provided the foregoing descriptions of the operations and procedures of DTC solely as a matter of convenience. The operations and procedures are solely within the control of DTC and are subject to change by DTC from time to time. You are urged to contact DTC or its participants directly to discuss these matters.
