THE GABELLI EQUITY TRUST INC.

Annual Report December 31, 2006

TO OUR SHAREHOLDERS,

The Sarbanes-Oxley Act requires a fund's principal executive and financial officers to certify the entire contents of the semi-annual and annual shareholder reports in a filing with the Securities and Exchange Commission on Form N-CSR. This certification would cover the portfolio manager's commentary and subjective opinions if they are attached to or a part of the financial statements. Many of these comments and opinions would be difficult or impossible to certify.

Because we do not want our portfolio managers to eliminate their opinions and/or restrict their commentary to historical facts, we have separated their commentary from the financial statements and investment portfolio and have sent it to you separately. Both the commentary and the financial statements, including the portfolio of investments, will be available on our website at www.gabelli.com.

Enclosed are the audited financial statements and the investment portfolio as of December 31, 2006.

(a) RETURNS REPRESENT PAST PERFORMANCE AND DO NOT GUARANTEE FUTURE RESULTS. INVESTMENT RETURNS AND THE PRINCIPAL VALUE OF AN INVESTMENT WILL FLUCTUATE. WHEN SHARES ARE SOLD, THEY MAY BE WORTH MORE OR LESS THAN THEIR ORIGINAL COST. CURRENT PERFORMANCE MAY BE LOWER OR HIGHER THAN THE PERFORMANCE DATA PRESENTED. VISIT WWW.GABELLI.COM FOR PERFORMANCE INFORMATION AS OF THE MOST RECENT MONTH END. PERFORMANCE RETURNS FOR LESS THAN ONE YEAR ARE NOT ANNUALIZED. INVESTORS SHOULD CAREFULLY CONSIDER THE INVESTMENT OBJECTIVES, RISKS, CHARGES, AND EXPENSES OF THE FUND BEFORE INVESTING. THE DOW JONES INDUSTRIAL AVERAGE IS AN UNMANAGED INDEX OF 30 LARGE CAPITALIZATION STOCKS.

- THE S&P 500 AND THE NASDAQ COMPOSITE INDICES ARE UNMANAGED INDICATORS OF STOCK MARKET PERFORMANCE. DIVIDENDS ARE CONSIDERED REINVESTED EXCEPT FOR THE NASDAQ COMPOSITE INDEX. YOU CANNOT INVEST DIRECTLY IN AN INDEX.
- (b) TOTAL RETURNS AND AVERAGE ANNUAL RETURNS REFLECT CHANGES IN NET ASSET VALUE PER SHARE ("NAV"), REINVESTMENT OF DISTRIBUTIONS AT NAV ON THE EX-DIVIDEND DATE, AND ADJUSTMENTS FOR RIGHTS OFFERINGS, SPIN-OFFS, AND TAXES PAID ON UNDISTRIBUTED LONG-TERM CAPITAL GAINS, AND ARE NET OF EXPENSES. SINCE INCEPTION RETURN IS BASED ON AN INITIAL NAV OF \$9.34.
- (c) TOTAL RETURNS AND AVERAGE ANNUAL RETURNS REFLECT CHANGES IN CLOSING MARKET VALUES ON THE NEW YORK STOCK EXCHANGE, REINVESTMENT OF DISTRIBUTIONS, AND ADJUSTMENTS FOR RIGHTS OFFERINGS, SPIN-OFFS, AND TAXES PAID ON UNDISTRIBUTED LONG-TERM CAPITAL GAINS. SINCE INCEPTION RETURN IS BASED ON AN INITIAL OFFERING PRICE OF \$10.00.
- (d) FROM AUGUST 31, 1986, THE DATE CLOSEST TO THE FUND'S INCEPTION DATE FOR WHICH DATA IS AVAILABLE.

THE GABELLI EQUITY TRUST INC. NOTES TO FINANCIAL STATEMENTS

1. ORGANIZATION. The Gabelli Equity Trust Inc. (the "Fund") is a non-diversified closed-end management investment company organized as a Maryland corporation on May 20, 1986 and registered under the Investment Company Act of 1940, as amended (the "1940 Act"), whose primary objective is long-term growth of capital. Investment operations commenced on August 21, 1986.

The Fund will invest at least 80% of its assets in equity securities under normal market conditions (the "80% Policy"). The 80% Policy may be changed without shareholder approval. The Fund will provide shareholders with notice at least 60 days prior to the implementation of any change in the 80% Policy.

2. SIGNIFICANT ACCOUNTING POLICIES. The preparation of financial statements in accordance with United States ("U.S.") generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements.

SECURITY VALUATION. Portfolio securities listed or traded on a nationally recognized securities exchange or traded in the U.S. over-the-counter market for which market quotations are readily available are valued at the last quoted sale price or a market's official closing price as of the close of business on the day the securities are being valued. If there were no sales that day, the security is valued at the average of the closing bid and asked prices or, if there were no asked prices quoted on that day, then the security is valued at the closing bid price on that day. If no bid or asked prices are quoted on such day, the security is valued at the most recently available price or, if the Board of Directors (the "Board") so determines, by such other method as the

Board shall determine in good faith to reflect its fair market value. Portfolio securities traded on more than one national securities exchange or market are valued according to the broadest and most representative market, as determined by Gabelli Funds, LLC (the "Adviser").

Portfolio securities primarily traded on a foreign market are generally valued at the preceding closing values of such securities on the relevant market, but may be fair valued pursuant to procedures established by the Board if market conditions change significantly after the close of the foreign market but prior to the close of business on the day the securities are being valued. Debt instruments with remaining maturities of 60 days or less that are not credit impaired are valued at amortized cost, unless the Board determines such amount does not reflect the securities' fair value, in which case these securities will be fair valued as determined by the Board. Debt instruments having a maturity greater than 60 days for which market quotations are readily available are valued at the average of the latest bid and asked prices. If there were no asked prices quoted on such day, the security is valued using the closing bid price. Futures contracts are valued at the closing settlement price of the exchange or board of trade on which the applicable contract is traded.

Securities and assets for which market quotations are not readily available are fair valued as determined by the Board. Fair valuation methodologies and procedures may include, but are not limited to: analysis and review of available financial and non-financial information about the company; comparisons to the valuation and changes in valuation of similar securities, including a comparison of foreign securities to the equivalent U.S. dollar value ADR securities at the close of the U.S. exchange; and evaluation of any other information that could be indicative of the value of the security.

In September 2006, the Financial Accounting Standards Board (the "FASB") issued Statement of Financial Accounting Standards ("SFAS") 157, Fair Value Measurements, which clarifies the definition of fair value and requires companies to expand their disclosure about the use of fair value to measure assets and liabilities in interim and annual periods subsequent to initial recognition. Adoption of SFAS 157 requires the use of the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. SFAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. At this time, management is in the process of reviewing the requirements of SFAS 157 against its current valuation policies to determine future applicability.

REPURCHASE AGREEMENTS. The Fund may enter into repurchase agreements with primary government securities dealers recognized by the Federal Reserve Board, with member banks of the Federal Reserve System, or with other brokers or dealers that meet credit guidelines established by the Adviser and reviewed by the Board. Under the terms of a typical repurchase agreement, the Fund takes possession of an underlying debt obligation subject to an obligation of the seller to repurchase, and the Fund to resell, the obligation at an agreed-upon price and time, thereby determining the yield during the Fund's holding period. The Fund will always receive and maintain securities as collateral whose market value, including accrued interest, will be at least equal to 102% of the dollar amount invested by the Fund in each agreement. The Fund will make payment for such securities only upon physical delivery or upon evidence of book entry transfer of the collateral to the account of the custodian. To the extent that any repurchase transaction exceeds one business day, the value of the collateral is marked-to-market on a daily basis to maintain the adequacy of the collateral. If the seller defaults and the value of the collateral declines or if bankruptcy proceedings are commenced with respect to the seller of the security, realization of the collateral by the Fund may be delayed or limited. At December 31, 2006, the Fund had investments of \$219,449,000 in repurchase agreements.

INVESTMENTS IN OTHER INVESTMENT COMPANIES. The Fund may invest, from time to time, in shares of other investment companies (or entities that would be considered investment companies but are excluded from the definition pursuant to certain exceptions under the 1940 Act) (the "Acquired Funds") in accordance with the 1940 Act and related rules.

As a shareholder in the Fund, you would bear the pro rata portion of the periodic expenses of the Acquired Funds in addition to the Fund's expenses.

For the fiscal year ended December 31, 2006, the Fund's pro rata portion of the periodic expenses charged by the Acquired Funds was less than one basis point.

OPTIONS. The Fund may purchase or write call or put options on securities or indices. As a writer of put options, the Fund receives a premium at the outset and then bears the risk of unfavorable changes in the price of the financial instrument underlying

13

THE GABELLI EQUITY TRUST INC. NOTES TO FINANCIAL STATEMENTS (CONTINUED)

the option. The Fund would incur a loss if the price of the underlying financial instrument decreases between the date the option is written and the date on which the option is terminated. The Fund would realize a gain, to the extent of the premium, if the price of the financial instrument increases between those dates.

As a purchaser of put options, the Fund pays a premium for the right to sell to the seller of the put option the underlying security at a specified price. The seller of the put has the obligation to purchase the underlying security upon exercise at the exercise price. If the price of the underlying security declines, the Fund would realize a gain upon sale or exercise. If the price of the underlying security increases or stays the same, the Fund would realize a loss upon sale or at expiration date, but only to the extent of the premium paid.

In the case of call options, these exercise prices are referred to as "in-the-money", "at-the-money", and "out-of-the-money", respectively. The Fund may write (a) in-the-money call options when the Adviser expects that the price of the underlying security will remain stable or decline moderately during the option period, (b) covered at-the-money call options when the Adviser expects that the price of the underlying security will remain stable or advance moderately during the option period, and (c) out-of-the-money call options when the Adviser expects that the premiums received from writing the call option will be greater than the appreciation in the price of the underlying security above the exercise price. By writing a call option, the Fund limits its opportunity to profit from any increase in the market value of the underlying security above the exercise price of the option. Out-of-the-money, at-the-money, and in-the-money put options (the reverse of call options as to the relation of exercise price to market price) may be utilized in the same market environments that such call options are used in equivalent transactions.

SWAP AGREEMENTS. The Fund may enter into interest rate swap or cap transactions. The use of swaps and caps is a highly specialized activity that involves investment techniques and risks different from those associated with ordinary portfolio transactions. Swap agreements may involve, to varying degrees, elements of market and counterparty risk, and exposure to loss in excess of the related amounts reflected in the Statement of Assets and Liabilities. In an interest rate swap, the Fund would agree to pay to the other

party to the interest rate swap (which is known as the "counterparty") periodically a fixed rate payment in exchange for the counterparty agreeing to pay to the Fund periodically a variable rate payment that is intended to approximate the Fund's variable rate payment obligation on Series C Preferred Stock. In an interest rate cap, the Fund would pay a premium to the counterparty and, to the extent that a specified variable rate index exceeds a predetermined fixed rate, would receive from that counterparty payments of the difference based on the notional amount of such cap. Interest rate swap and cap transactions introduce additional risk because the Fund would remain obligated to pay preferred stock dividends when due in accordance with the Articles Supplementary even if the counterparty defaulted. If there is a default by the counterparty to a swap contract, the Fund will be limited to contractual remedies pursuant to the agreements related to the transaction. There is no assurance that the swap contract counterparties will be able to meet their obligations pursuant to a swap contract or that, in the event of default, the Fund will succeed in pursuing contractual remedies. The Fund thus assumes the risk that it may be delayed in or prevented from obtaining payments owed to it pursuant to a swap contract. The creditworthiness of the swap contract counterparties is closely monitored in order to minimize this risk. Depending on the general state of short-term interest rates and the returns on the Fund's portfolio securities at that point in time, such a default could negatively affect the Fund's ability to make dividend payments for Series C Preferred Stock. In addition, at the time an interest rate swap or cap transaction reaches its scheduled termination date, there is a risk that the Fund will not be able to obtain a replacement transaction or that the terms of the replacement will not be as favorable as on the expiring transaction. If this occurs, it could have a negative impact on the Fund's ability to make dividend payments on Series C Preferred Stock.

Unrealized gains related to swaps are reported as an asset and unrealized losses are reported as a liability in the Statement of Assets and Liabilities. The change in value of swaps, including the accrual of periodic amounts of interest to be paid or received on swaps is reported as unrealized gains or losses in the Statement of Operations. A realized gain or loss is recorded upon payment or receipt of a periodic payment or termination of swap agreements.

The Fund has entered into an interest rate swap agreement with Citibank N.A. Under the agreement, the Fund receives a floating rate of interest and pays a respective fixed rate of interest on the nominal value of the swap. Details of the swap at December 31, 2006 are as follows:

NOTIONAL AMOUNT	FIXED RATE	FLOATING RATE* (RATE RESET MONTHLY)	TERMINATION DATE	UNREALIZED APPRECIATION
\$130,000,000	4.494%	5.34938%	July 2, 2007	\$625,830

FUTURES CONTRACTS. The Fund may engage in futures contracts for the purpose of hedging against changes in the value of its portfolio securities and in the value of securities it intends to purchase. Upon entering into a futures contract, the Fund is required to deposit with the broker an amount of cash or cash equivalents equal to a certain percentage of the contract amount. This is known as the "initial margin". Subsequent payments ("variation margin") are made or received by the Fund each day, depending on the daily fluctuations in the value of the contract, which are included in unrealized appreciation/(depreciation) on investments and futures contracts. The Fund recognizes a realized gain or loss when the contract is closed.

There are several risks in connection with the use of futures contracts as a hedging instrument. The change in value of futures contracts primarily

corresponds with the value of their underlying instruments, which may not correlate with the change in value of the hedged investments. In addition, there is the risk that the Fund may not be able to enter into a closing transaction because of an illiquid secondary market. Open futures contracts at December 31, 2006 are reflected within the Schedule of Investments.

THE GABELLI EQUITY TRUST INC. NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FORWARD FOREIGN EXCHANGE CONTRACTS. The Fund may engage in forward foreign exchange contracts for hedging a specific transaction with respect to either the currency in which the transaction is denominated or another currency as deemed appropriate by the Adviser. Forward foreign exchange contracts are valued at the forward rate and are marked-to-market daily. The change in market value is included in unrealized appreciation/(depreciation) on investments and foreign currency translations. When the contract is closed, the Fund records a realized gain or loss equal to the difference between the value of the contract at the time it was opened and the value at the time it was closed.

The use of forward foreign exchange contracts does not eliminate fluctuations in the underlying prices of the Fund's portfolio securities, but it does establish a rate of exchange that can be achieved in the future. Although forward foreign exchange contracts limit the risk of loss due to a decline in the value of the hedged currency, they also limit any potential gain that might result should the value of the currency increase. In addition, the Fund could be exposed to risks if the counterparties to the contracts are unable to meet the terms of their contracts. At December 31, 2006, there were no open forward foreign exchange contracts.

FOREIGN CURRENCY TRANSLATIONS. The books and records of the Fund are maintained in U.S. dollars. Foreign currencies, investments, and other assets and liabilities are translated into U.S. dollars at the current exchange rates. Purchases and sales of investment securities, income, and expenses are translated at the exchange rate prevailing on the respective dates of such transactions. Unrealized gains and losses that result from changes in foreign exchange rates and/or changes in market prices of securities have been included in unrealized appreciation/(depreciation) on investments and foreign currency translations. Net realized foreign currency gains and losses resulting from changes in exchange rates include foreign currency gains and losses between trade date and settlement date on investment securities transactions, foreign currency transactions, and the difference between the amounts of interest and dividends recorded on the books of the Fund and the amounts actually received. The portion of foreign currency gains and losses related to fluctuation in exchange rates between the initial trade date and subsequent sale trade date is included in realized gain/(loss) on investments.

FOREIGN SECURITIES. The Fund may directly purchase securities of foreign issuers. Investing in securities of foreign issuers involves special risks not typically associated with investing in securities of U.S. issuers. The risks include possible revaluation of currencies, the ability to repatriate funds, less complete financial information about companies, and possible future adverse political and economic developments. Moreover, securities of many foreign issuers and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. issuers.

FOREIGN TAXES. The Fund may be subject to foreign taxes on income, gains on investments, or currency repatriation, a portion of which may be recoverable. The Fund will accrue such taxes and recoveries as applicable, based upon its

current interpretation of tax rules and regulations that exist in the markets in which it invests.

RESTRICTED AND ILLIQUID SECURITIES. The Fund may invest up to 10% of its net assets in securities for which the markets are illiquid. Illiquid securities include securities the disposition of which is subject to substantial legal or contractual restrictions. The sale of illiquid securities often requires more time and results in higher brokerage charges or dealer discounts and other selling expenses than does the sale of securities eligible for trading on national securities exchanges or in the over-the-counter markets. Restricted securities may sell at a price lower than similar securities that are not subject to restrictions on resale. Securities freely saleable among qualified institutional investors under special rules adopted by the SEC may be treated as liquid if they satisfy liquidity standards established by the Board. The continued liquidity of such securities is not as well assured as that of publicly traded securities, and accordingly the Board will monitor their liquidity.

SECURITIES TRANSACTIONS AND INVESTMENT INCOME. Securities transactions are accounted for on the trade date with realized gain or loss on investments determined by using the identified cost method. Interest income (including amortization of premium and accretion of discount) is recorded on the accrual basis. Premiums and discounts on debt securities are amortized using the effective yield to maturity method. Dividend income is recorded on the ex-dividend date except for certain dividends which are recorded as soon as the Fund is informed of the dividend.

CUSTODIAN FEE CREDITS AND INTEREST EXPENSE. When cash balances are maintained in the custody account, the Fund receives credits which are used to offset custodian fees. The gross expenses paid under the custody arrangement are included in custodian fees in the Statement of Operations with the corresponding expense offset, if any, shown as "custodian fee credits". When cash balances are overdrawn, the Fund is charged an overdraft fee equal to 110% of the 90 day Treasury Bill rate on outstanding balances. This amount, if any, would be shown as "interest expense" in the Statement of Operations.

DISTRIBUTIONS TO SHAREHOLDERS. Distributions to common shareholders are recorded on the ex-dividend date. Distributions to shareholders are based on income and capital gains as determined in accordance with Federal income tax regulations, which may differ from income and capital gains as determined under U.S. generally accepted accounting principles. These differences are primarily due to differing treatments of income and gains on various investment securities and foreign currency transactions held by the Fund, timing differences, and differing characterizations of distributions made by the Fund. Distributions from net investment income include net realized gains on foreign currency transactions. These book/tax differences are either temporary or permanent in nature. To the extent these differences are permanent, adjustments are made to the appropriate capital accounts in the period when the differences arise. These reclassifications have no impact on NAV of the Fund. For the fiscal year ended December 31, 2006, reclassifications were made to increase accumulated net investment income by \$1,732 and increase accumulated distributions in excess of net realized gain on investments, options, futures contracts, swap contracts, and foreign currency transactions by \$51,952, with an offsetting adjustment to paid-in capital.

Distributions to shareholders of the Fund's 7.20% Series B Cumulative Preferred Stock, Series C Auction Rate Cumulative Preferred Stock, 5.875% Series D Cumulative Preferred Stock, Series E Auction Rate Cumulative Preferred Stock, and 6.20% Series F Cumulative Preferred Stock ("Cumulative Preferred Stock") are recorded on a daily basis and are determined as described in Note 5.

THE GABELLI EQUITY TRUST INC. NOTES TO FINANCIAL STATEMENTS (CONTINUED)

The tax character of distributions paid during the fiscal years ended December 31, 2006 and December 31, 2005 was as follows:

PROVISION FOR INCOME TAXES. The Fund intends to continue to qualify as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"). It is the policy of the Fund to comply with the requirements of the Code applicable to regulated investment companies and to distribute substantially all of its net investment company taxable income and net capital gains. Therefore, no provision for Federal income taxes is required.

As of December 31, 2006, the components of accumulated earnings/(losses) on a tax basis were as follows:

Net unrealized appreciation on investments	\$475,036,839
Net unrealized appreciation on foreign currency	
and swap contracts	537 , 593
Undistributed ordinary income (inclusive of	
short-term capital gains)	777,037
Undistributed long-term capital gains	472,624
Total	\$476,824,093

The following summarizes the tax cost of investments, swap contracts, and the related unrealized appreciation/(depreciation) at December 31, 2006:

COST 	GROSS UNREALIZED APPRECIATION	GROSS UNREALIZED DEPRECIATION
Investments\$1,607,118,168 Swap contracts	\$528,271,411 533,164	\$ (53,234,572)

In July 2006, the FASB issued Interpretation No. 48, "Accounting for

Uncertainty in Income Taxes, an Interpretation of FASB Statement No. 109" ("the Interpretation"). The Interpretation establishes for all entities, including pass through entities such as the Fund, a minimum threshold for financial statement recognition of the benefit of positions taken in filing tax returns (including whether an entity is taxable in a particular jurisdiction), and requires certain expanded tax disclosures. The Interpretation is required to be implemented for the Fund no later than June 29, 2007, and is to be applied to all open tax years as of the date of effectiveness. Management has begun to evaluate the application of the Interpretation to the Fund, and is not in a position at this time to estimate the significance of its impact, if any, on the Fund's financial statements.

3. AGREEMENTS AND TRANSACTIONS WITH AFFILIATES. The Fund has entered into an investment advisory agreement (the "Advisory Agreement") with the Adviser which provides that the Fund will pay the Adviser a fee, computed weekly and paid monthly, equal on an annual basis to 1.00% of the value of the Fund's average weekly net assets including the liquidation value of preferred stock. In accordance with the Advisory Agreement, the Adviser provides a continuous investment program for the Fund's portfolio and oversees the administration of all aspects of the Fund's business and affairs. The Adviser has agreed to reduce the management fee on the incremental assets attributable to the Cumulative Preferred Stock if the total return of the NAV of the common shares of the Fund, including distributions and advisory fee subject to reduction, does not exceed the stated dividend rate or corresponding swap rate of each particular series of the Cumulative Preferred Stock for the fiscal year.

The Fund's total return on the NAV of the common shares is monitored on a monthly basis to assess whether the total return on the NAV of the common shares exceeds the stated dividend rate or corresponding swap rate of each particular series of Cumulative Preferred Stock for the period. For the fiscal year ended December 31, 2006, the Fund's total return on the NAV of the common shares exceeded the stated dividend rate or corresponding swap rate of all outstanding Preferred Stock. Thus, management fees were accrued on these assets.

During the fiscal year ended December 31, 2006, the Fund paid brokerage commissions of \$483,095\$ to Gabelli & Company, Inc. ("Gabelli & Company"), an affiliate of the Adviser.

The cost of calculating the Fund's NAV per share is a Fund expense pursuant to the Advisory Agreement between the Fund and the Adviser. During the fiscal year ended December 31, 2006, the Fund paid or accrued \$45,000 to the Adviser in connection with the cost of computing the Fund's NAV.

The Fund is assuming its portion of the allocated cost of the Gabelli Funds' Chief Compliance Officer in the amount of \$30,061\$ for the fiscal year ended December 31, 2006, which is included in payroll expenses in the Statement of Operations.

The Fund pays each Director that is not considered to be an affiliated person an annual retainer of \$12,000 plus \$1,500 for each Board meeting attended and they are reimbursed for any out of pocket expenses incurred in attending meetings. All Board committee members receive \$1,000 per meeting attended. In addition, the Audit Committee Chairman receives an annual fee of \$3,000, the Proxy Voting Committee Chairman receives an annual fee of \$1,500, and the Nominating Committee Chairman receives an annual fee of \$2,000. Directors who are directors or employees of the Adviser or an affiliated company receive no compensation or expense reimbursement from the Fund.

5. CAPITAL. The charter permits the Fund to issue 246,000,000 shares of common stock (par value \$0.001) and authorizes the Board to increase its authorized shares from time to time. The Board has authorized the repurchase of its shares on the open market when the shares are trading on the New York Stock Exchange ("NYSE") at a discount of 10% or more (or such other percentage as the Board may determine from time to time) from the NAV of the shares. During the fiscal year ended December 31, 2006, the Fund did not repurchase any shares of its common stock in the open market.

Transactions in common stock were as follows:

	=======	========	===	

The Fund's Articles of Incorporation, as amended, authorizes the issuance of up to 18,000,000 shares of \$0.001 par value Cumulative Preferred Stock. The Cumulative Preferred Stock is senior to the common stock and results in the financial leveraging of the common stock. Such leveraging tends to magnify both the risks and opportunities to common shareholders. Dividends on shares of the Cumulative Preferred Stock are cumulative. The Fund is required by the 1940 Act and by the Articles Supplementary to meet certain asset coverage tests with respect to the Cumulative Preferred Stock. If the Fund fails to meet these requirements and does not correct such failure, the Fund may be required to redeem, in part or in full, the 7.20% Series B, Series C Auction Rate, 5.875% Series D, Series E Auction Rate, and 6.20% Series F Cumulative Preferred Stock

at redemption prices of \$25, \$25,000, \$25, \$25,000, and \$25, respectively, per share plus an amount equal to the accumulated and unpaid dividends whether or not declared on such shares in order to meet these requirements. Additionally, failure to meet the foregoing asset coverage requirements could restrict the Fund's ability to pay dividends to common shareholders and could lead to sales of portfolio securities at inopportune times. The income received on the Fund's assets may vary in a manner unrelated to the fixed and variable rates, which could have either a beneficial or detrimental impact on net investment income and gains available to common shareholders.

On September 21, 2005, the Fund distributed one transferable right for each of the 143,681,301 shares of common stock outstanding to shareholders of record on that date. Seven rights were required to purchase one additional common share at the subscription price of \$7.00 per share. Shareholders who exercised their full primary subscription rights were eligible for an over-subscription privilege entitling them to subscribe, subject to certain limitations and a pro-rata allotment, for any additional shares not purchased pursuant to the primary subscription plus such additional amounts as authorized by the Board in accordance with the registration statement. The subscription period expired on October 26, 2005. The rights offering was fully subscribed, having received over-subscription requests in excess of the shares available for primary subscription resulting in the issuance of 20,525,901 shares of common stock and proceeds of \$143,681,307 to the Fund, prior to the deduction of estimated expenses of \$600,000. Additional expenses of \$151,821 were recorded in the year ended December 31, 2006. The NAV of the Fund's common shares was reduced by approximately \$0.15 per share as a result of the issuance of shares below NAV.

On June 20, 2001, the Fund received net proceeds of \$159,329,175 (after underwriting discounts of \$5,197,500 and offering expenses of \$473,325) from the public offering of 6,600,000 shares of 7.20% Series B Cumulative Preferred Stock. Commencing June 20, 2006 and thereafter, the Fund, at its option, may redeem the 7.20% Series B Cumulative Preferred Stock in whole or in part at the redemption price at any time. On June 26, 2006, the Fund, as authorized by the Board, redeemed 25% (1,650,000 shares) of its outstanding 7.20% Series B Cumulative Preferred Stock at the redemption price of \$25.00 per share (the liquidation value). The Series B Preferred Shares were callable at any time at the liquidation value plus accrued dividends following the expiration of the five year call protection on June 20, 2006. At December 31, 2006, 4,950,000 shares of 7.20% Series B Cumulative Preferred Stock were outstanding and accrued dividends amounted to \$148,500.

On June 27, 2002, the Fund received net proceeds of \$128,246,557 (after underwriting discounts of \$1,300,000 and offering expenses of \$453,443) from the public offering of 5,200 shares of Series C Auction Rate Cumulative Preferred Stock. The dividend rate, as set by the auction process, which is generally held every seven days, is expected to vary with short-term interest rates. The dividend rates of Series C Auction Rate Cumulative Preferred Stock ranged from 4.21% to 5.27% for the year ended December 31, 2006. Existing shareholders may submit an order to hold, bid, or sell such shares on each auction date. Series C Auction Rate Cumulative Preferred Stock shareholders may also trade shares in the secondary market. The Fund, at its option, may redeem the Series C Auction Rate Cumulative Preferred Stock in whole or in part at the redemption price at any time. During the fiscal year ended December 31, 2006, the Fund did not redeem any shares of Series C Auction Rate Cumulative Preferred Stock. At December 31, 2006, 5,200 shares of Series C Auction Rate Cumulative Preferred Stock were outstanding with an annualized dividend rate of 5.26% and accrued dividends amounted to \$95,241.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

On October 7, 2003, the Fund received net proceeds of \$72,375,842 (after underwriting discounts of \$2,362,500 and offering expenses of \$261,658) from the public offering of 3,000,000 shares of 5.875% Series D Cumulative Preferred Stock. Commencing October 7, 2008 and thereafter, the Fund, at its option, may redeem the 5.875% Series D Cumulative Preferred Stock in whole or in part at the redemption price at any time. During the fiscal year ended December 31, 2006, the Fund did not repurchase any shares of 5.875% Series D Cumulative Preferred Stock. At December 31, 2006, 2,949,700 shares of 5.875% Series D Cumulative Preferred Stock were outstanding and accrued dividends amounted to \$72,206.

On October 7, 2003, the Fund received net proceeds of \$49,350,009 (after underwriting discounts of \$500,000 and offering expenses of \$149,991) from the public offering of 2,000 shares of Series E Auction Rate Cumulative Preferred Stock. The dividend rate, as set by the auction process, which is generally held every seven days, is expected to vary with short-term interest rates. The dividend rates of Series E Auction Rate Cumulative Preferred Stock ranged from 4.10% to 5.30% for the fiscal year ended December 31, 2006. Existing shareholders may submit an order to hold, bid, or sell such shares on each auction date. Series E Auction Rate Cumulative Preferred Stock shareholders may also trade shares in the secondary market. The Fund, at its option, may redeem the Series E Auction Rate Cumulative Preferred Stock in whole or in part at the redemption price at any time. During the fiscal year ended December 31, 2006, the Fund did not redeem any shares of Series E Auction Rate Cumulative Preferred Stock. At December 31, 2006, 2,000 shares of Series E Auction Rate Cumulative Preferred Stock were outstanding with an annualized dividend rate of 5.30% and accrued dividends amounted to \$22,083.

On November 10, 2006, the Fund received net proceeds of \$144,765,000 (after underwriting discounts of \$4,725,000 and estimated offering expenses of \$510,000) from the public offering of 6,000,000 shares of 6.20% Series F Cumulative Preferred Stock. Commencing November 10, 2011 and thereafter, the Fund, at its option, may redeem the 6.20% Series F Cumulative Preferred Stock in whole or in part at the redemption price at any time. During the fiscal year ended December 31, 2006, the Fund did not repurchase any shares of 6.20% Series F Cumulative Preferred Stock. At December 31, 2006, 6,000,000 shares of 6.20% Series F Cumulative Preferred Stock were outstanding and accrued dividends amounted to \$155,000.

The holders of Cumulative Preferred Stock generally are entitled to one vote per share held on each matter submitted to a vote of shareholders of the Fund and will vote together with holders of common stock as a single class. The holders of Cumulative Preferred Stock voting together as a single class also have the right currently to elect two Directors and under certain circumstances are entitled to elect a majority of the Board of Directors. In addition, the affirmative vote of a majority of the votes entitled to be cast by holders of all outstanding shares of the preferred stock, voting as a single class, will be required to approve any plan of reorganization adversely affecting the preferred stock, and the approval of two-thirds of each class, voting separately, of the Fund's outstanding voting stock must approve the conversion of the Fund from a closed-end to an open-end investment company. The approval of a majority (as defined in the 1940 Act) of the outstanding preferred stock and a majority (as defined in the 1940 Act) of the Fund's outstanding voting securities are required to approve certain other actions, including changes in the Fund's investment objectives or fundamental investment policies.

6. INDEMNIFICATIONS. The Fund enters into contracts that contain a variety of indemnifications. The Fund's maximum exposure under these arrangements is unknown. However, the Fund has not had prior claims or losses pursuant to these contracts and expects the risk of loss to be remote.

- 7. REORGANIZATION. On September 13, 2005, the Fund acquired substantially all of the net assets of the Sterling Capital Corp. pursuant to a Plan of Reorganization approved by Sterling Capital Corp. on September 12, 2005. The acquisition was accomplished by a tax free exchange of 1,978,190 common shares of the Fund valued at \$18,306,860 for the net assets of the Sterling Capital Corp. on September 12, 2005. Sterling Capital Corp.'s net assets of \$18,306,860, including \$2,191,264 of unrealized appreciation, were combined with those of the Fund on September 13, 2005. The net assets attributable to common shares of the Fund immediately before the acquisition were \$1,273,163,812.
- 8. SUBSEQUENT EVENTS. On January 8, 2007, the Fund, as authorized by the Board, redeemed 100% $(4,950,000\,$ shares) of its outstanding 7.20% Series B Cumulative Preferred Stock at the redemption price of \$25.00 per share (the liquidation value), plus accumulated and unpaid dividends through the redemption date of \$0.06 per share. The Preferred Shares were callable at any time at the liquidation value plus accrued dividends following the expiration of the five year call protection on June 20, 2006.
- 9. OTHER MATTERS. The Adviser and/or affiliates received subpoenas from the Attorney General of the State of New York and the SEC requesting information on mutual fund share trading practices involving certain funds managed by the Adviser. GAMCO Investors, Inc. ("GAMCO"), the Adviser's parent company, responded to these requests for documents and testimony. In June 2006, GAMCO began discussions with the SEC regarding a possible resolution of their inquiry. In February 2007, the Adviser made an offer of settlement to the staff of the SEC for communication to the Commission for its consideration to resolve this matter. This offer of settlement is subject to agreement regarding the specific language of the SEC's administrative order and other settlement documents. On a separate matter, in September 2005, the Adviser was informed by the staff of the SEC that the staff may recommend to the Commission that an administrative remedy and a monetary penalty be sought from the Adviser in connection with the actions of two of seven closed-end funds managed by the Adviser relating to Section 19(a) and Rule 19a-1 of the 1940 Act. These provisions require registered investment companies to provide written statements to shareholders when a dividend is made from a source other than net investment income. While the two closed-end funds sent annual statements and provided other materials containing this information, the funds did not send written statements to shareholders with each distribution in 2002 and 2003. The Adviser believes that all of the funds are now in compliance. The Adviser believes that these matters would have no effect on the Fund or any material adverse effect on the Adviser or its ability to manage the Fund. The staff's notice to the Adviser did not relate to the Fund.

THE GABELLI EQUITY TRUST INC.
REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of The Gabelli Equity Trust Inc.:

In our opinion, the accompanying statement of assets and liabilities, including the schedule of investments, and the related statements of operations and of changes in net assets and the financial highlights present fairly, in all material respects, the financial position of The Gabelli Equity Trust Inc. (hereafter referred to as the "Fund") at December 31, 2006, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the periods presented, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as "financial statements") are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these $\$ financial $\$ statements in $\$ accordance $\$ with the $\$ standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities at December 31, 2006 by correspondence with the custodian and brokers, provide a reasonable basis for our opinion.

SERIES C AND E AUCTION RATE PREFERRED SHARES

Auction Rate Preferred Shares pay dividends weekly based on a rate set at auction, usually held every seven days. The percentage of 2006 distributions derived from long-term capital gains for the Series C and Series E Auction Rate Preferred Shares was 74.89%.

A Form 1099-DIV has been mailed to all shareholders of record which sets forth specific amounts to be included in the 2006 tax returns. Ordinary income distributions include net investment income and realized net short-term capital gains. Ordinary income is reported in box 1a of Form 1099-DIV. Capital gain distributions are reported in box 2a of Form 1099-DIV. The long-term gain distributions for the fiscal year ended December 31, 2006 were \$128,475,966, or the maximum allowable.

CORPORATE DIVIDENDS RECEIVED DEDUCTION, QUALIFIED DIVIDEND INCOME AND U.S. GOVERNMENT SECURITIES INCOME

In 2006, the Fund paid to common, 7.20% Series B, 5.875% Series D, and 6.20% Series F preferred shareholders ordinary income totaling \$0.22090, \$0.45100, \$0.36881, and \$0.05007 per share, respectively. The Fund paid weekly distributions to Series C and Series E preferred shareholders at varying rates throughout the year, including an ordinary income dividend totaling \$309.66231 and \$307.25932 per share, respectively, in 2006. For the fiscal year ended December 31, 2006, 100% of the ordinary income dividend qualified for the dividend received deduction available to corporations, and 92.41% of the ordinary income distribution was deemed qualified dividend income and is reported in box 1b on Form 1099-DIV. The percentage of the ordinary income dividends paid by the Fund during 2006 derived from U.S. Government Securities was 0.51%. Such income is exempt from state and local tax in all states. However, many states, including New York and California, allow a tax exemption for a portion of the income earned only if a mutual fund has invested at least 50% of its assets at the end of each guarter of the Fund's fiscal year in U.S. Government Securities. The Fund did not meet this strict requirement in 2006. The percentage of U.S. Government Securities held as of December 31, 2006 was 1.29%.

AUTOMATIC DIVIDEND REINVESTMENT AND VOLUNTARY CASH PURCHASE PLAN

ENROLLMENT IN THE PLAN

It is the policy of The Gabelli Equity Trust Inc. (the "Fund") to automatically reinvest dividends payable to common shareholders. As a "registered" shareholder you automatically become a participant in the Fund's Automatic Dividend Reinvestment Plan (the "Plan"). The Plan authorizes the Fund to issue shares of common stock to participants upon an income dividend or a capital gains distribution regardless of whether the shares are trading at a discount or a premium to net asset value. All distributions to shareholders whose shares are registered in their own names will be automatically reinvested pursuant to the Plan in additional shares of the Fund. Plan participants may send their stock certificates to Computershare Trust Company, N.A. ("Computershare") to be held in their dividend reinvestment account. Registered shareholders wishing to receive their distribution in cash must submit this request in writing to:

The Gabelli Equity Trust Inc. c/o Computershare P.O. Box 43010 Providence, RI 02940-3010

Shareholders requesting this cash election must include the shareholder's name and address as they appear on the share certificate. Shareholders with additional questions regarding the Plan or requesting a copy of the terms of the Plan may contact Computershare at (800) 336-6983.

If your shares are held in the name of a broker, bank, or nominee, you should contact such institution. If such institution is not participating in the Plan, your account will be credited with a cash dividend. In order to participate in the Plan through such institution, it may be necessary for you to have your shares taken out of "street name" and re-registered in your own name. Once registered in your own name your dividends will be automatically reinvested. Certain brokers participate in the Plan. Shareholders holding shares in "street name" at participating institutions will have dividends automatically reinvested. Shareholders wishing a cash dividend at such institution must contact their broker to make this change.

The number of shares of common stock distributed to participants in the Plan in lieu of cash dividends is determined in the following manner. Under the Plan, whenever the market price of the Fund's common stock is equal to or exceeds net asset value at the time shares are valued for purposes of determining the number of shares equivalent to the cash dividends or capital gains distribution, participants are issued shares of common stock valued at the greater of (i) the net asset value as most recently determined or (ii) 95% of the then current market price of the Fund's common stock. The valuation date is the dividend or distribution payment date or, if that date is not a New York Stock Exchange ("NYSE") trading day, the next trading day. If the net asset value of the common stock at the time of valuation exceeds the market price of the common stock, participants will receive shares from the Fund valued at market price. If the Fund should declare a dividend or capital gains distribution payable only in cash, Computershare will buy common stock in the open market, or on the NYSE or

elsewhere, for the participants' accounts, except that Computershare will endeavor to terminate purchases in the open market and cause the Fund to issue shares at net asset value if, following the commencement of such purchases, the market value of the common stock exceeds the then current net asset value.

The automatic reinvestment of dividends and capital gains distributions will not relieve participants of any income tax which may be payable on such distributions. A participant in the Plan will be treated for Federal income tax purposes as having received, on a dividend payment date, a dividend or distribution in an amount equal to the cash the participant could have received instead of shares.

VOLUNTARY CASH PURCHASE PLAN

The Voluntary Cash Purchase Plan is yet another vehicle for our shareholders to increase their investment in the Fund. In order to participate in the Voluntary Cash Purchase Plan, shareholders must have their shares registered in their own name.

Participants in the Voluntary Cash Purchase Plan have the option of making additional cash payments to Computershare for investments in the Fund's shares at the then current market price. Shareholders may send an amount from \$250 to \$10,000. Computershare will use these funds to purchase shares in the open market on or about the 1st and 15th of each month. Computershare will charge each shareholder who participates \$0.75, plus a pro rata share of the brokerage commissions. Brokerage charges for such purchases are expected to be less than the usual brokerage charge for such transactions. It is suggested that any voluntary cash payments be sent to Computershare, P.O. Box 43010, Providence, RI 02940-3010 such that Computershare receives such payments approximately 10 days before the 1st and 15th of the month. Funds not received at least five days before the investment date shall be held for investment until the next purchase date. A payment may be withdrawn without charge if notice is received by Computershare at least 48 hours before such payment is to be invested.

SHAREHOLDERS WISHING TO LIQUIDATE SHARES HELD AT COMPUTERSHARE must do so in writing or by telephone. Please submit your request to the above mentioned address or telephone number. Include in your request your name, address and account number. The cost to liquidate shares is \$2.50 per transaction as well as the brokerage commission incurred. Brokerage charges are expected to be less than the usual brokerage charge for such transactions.

For more information regarding the Dividend Reinvestment Plan and Voluntary Cash Purchase Plan, brochures are available by calling (914) 921-5070 or by writing directly to the Fund.

The Fund reserves the right to amend or terminate the Plan as applied to any voluntary cash payments made and any dividend or distribution paid subsequent to written notice of the change sent to the members of the Plan at least 90 days before the record date for such dividend or distribution. The Plan also may be amended or terminated by Computershare on at least 90 days' written notice to participants in the Plan.

The Annual Meeting of The Gabelli Equity Trust's shareholders will be held at 9:00 A.M. on Monday, May 14, 2007 at the Greenwich Library in Greenwich, Connecticut.

ITEM 2. CODE OF ETHICS.

- (a) The registrant, as of the end of the period covered by this report, has adopted a code of ethics that applies to the registrant's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, regardless of whether these individuals are employed by the registrant or a third party.
- (c) There have been no amendments, during the period covered by this report, to a provision of the code of ethics that applies to the registrant's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, regardless of whether these individuals are employed by the registrant or a third party, and that relates to any element of the code of ethics description.
- (d) The registrant has not granted any waivers, including an implicit waiver, from a provision of the code of ethics that applies to the registrant's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, regardless of whether these individuals are employed by the registrant or a third party, that relates to one or more of the

items set forth in paragraph (b) of this item's instructions.

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT.

As of the end of the period covered by the report, the registrant's Board of Directors has determined that Anthony R. Pustorino is qualified to serve as an audit committee financial expert serving on its audit committee and that he is "independent," as defined by Item 3 of Form N-CSR.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

AUDIT FEES

(a) The aggregate fees billed for each of the last two fiscal years for professional services rendered by the principal accountant for the audit of the registrant's annual financial statements or services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for those fiscal years are \$88,558 for 2005 and \$53,500 for 2006.

AUDIT-RELATED FEES

(b) The aggregate fees billed in each of the last two fiscal years for assurance and related services by the principal accountant that are reasonably related to the performance of the audit of the registrant's financial statements and are not reported under paragraph (a) of this Item are \$20,600 for 2005 and \$20,600 for 2006. Audit-related fees represent services provided in the preparation of Preferred Shares Reports.

TAX FEES

(c) The aggregate fees billed in each of the last two fiscal years for professional services rendered by the principal accountant for tax compliance, tax advice, and tax planning are \$2,880 for 2005 and \$3,100 for 2006. Tax fees represent tax compliance services provided in connection with the review of the Registrant's tax returns.

ALL OTHER FEES

- (d) The aggregate fees billed in each of the last two fiscal years for products and services provided by the principal accountant, other than the services reported in paragraphs (a) through (c) of this Item are \$0 for 2005 and \$48,000 for 2006. Other fees include fees for issuance of consents, comfort letters in connection with the preferred share offerings.
- (e) (1) Disclose the audit committee's pre-approval policies and procedures described in paragraph (c) (7) of Rule 2-01 of Regulation S-X.

Pre-Approval Policies and Procedures. The Audit Committee ("Committee") of the registrant is responsible for pre-approving (i) all audit and permissible non-audit services to be provided by the independent registered public accounting firm to the registrant and (ii) all permissible non-audit services to be provided by the independent registered public accounting firm to the Adviser, Gabelli Funds, LLC, and any affiliate of Gabelli Funds, LLC ("Gabelli") that provides services to the registrant (a "Covered Services Provider") if the independent registered public accounting firm's engagement related

directly to the operations and financial reporting of the registrant. The Committee may delegate its responsibility to pre-approve any such audit and permissible non-audit services to the Chairperson of the Committee, and the Chairperson must report to the Committee, at its next regularly scheduled meeting after the Chairperson's pre-approval of such services, his or her decision(s). The Committee may also establish detailed pre-approval policies and procedures for pre-approval of such services in accordance with applicable laws, including the delegation of some or all of the Committee's pre-approval responsibilities to the other persons (other than Gabelli or the registrant's officers). Pre-approval by the Committee of any permissible non-audit services is not required so long as: (i) the permissible non-audit services were not recognized by the registrant at the time of the engagement to be non-audit services; and (ii) such services are promptly brought to the attention of the Committee and approved by the Committee or Chairperson prior to the completion of the audit.

- (e)(2) The percentage of services described in each of paragraphs (b) through (d) of this Item that were approved by the audit committee pursuant to paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X are as follows:
 - (b) 100%
 - (c) 100%
 - (d) 100%
 - (f) The percentage of hours expended on the principal accountant's engagement to audit the registrant's financial statements for the most recent fiscal year that were attributed to work performed by persons other than the principal accountant's full-time, permanent employees was 0%.
 - (g) The aggregate non-audit fees billed by the registrant's accountant for services rendered to the registrant, and rendered to the registrant's investment adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by, or under common control with the adviser that provides ongoing services to the registrant for each of the last two fiscal years of the registrant was \$0 for 2005 and \$0 for 2006.
 - (h) The registrant's audit committee of the board of directors has considered whether the provision of non-audit services that were rendered to the registrant's investment adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by, or under common control with the investment adviser that provides ongoing services to the registrant that were not pre-approved pursuant to paragraph (c)(7)(ii) of Rule 2-01 of Regulation S-X is compatible with maintaining the principal accountant's independence.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

The registrant has a separately designated audit committee consisting of the following members: Anthony J. Colavita, Anthony R Pustorino and Salvatore J.

Zizza.

ITEM 6. SCHEDULE OF INVESTMENTS.

Schedule of Investments in securities of unaffiliated issuers as of the close of the reporting period is included as part of the report to shareholders filed under Item 1 of this form.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

The Proxy Voting Policies are attached herewith.

THE VOTING OF PROXIES ON BEHALF OF CLIENTS

Rules 204(4)-2 and 204-2 under the Investment Advisers Act of 1940 and Rule 30b1-4 under the Investment Company Act of 1940 require investment advisers to adopt written policies and procedures governing the voting of proxies on behalf of their clients.

These procedures will be used by GAMCO Asset Management Inc., Gabelli Funds, LLC, Gabelli Securities, Inc., and Gabelli Advisers, Inc. (collectively, the "Advisers") to determine how to vote proxies relating to portfolio securities held by their clients, including the procedures that the Advisers use when a vote presents a conflict between the interests of the shareholders of an investment company managed by one of the Advisers, on the one hand, and those of the Advisers; the principal underwriter; or any affiliated person of the investment company, the Advisers, or the principal underwriter. These procedures will not apply where the Advisers do not have voting discretion or where the Advisers have agreed to with a client to vote the client's proxies in accordance with specific guidelines or procedures supplied by the client (to the extent permitted by ERISA).

I. PROXY VOTING COMMITTEE

The Proxy Voting Committee was originally formed in April 1989 for the purpose of formulating guidelines and reviewing proxy statements within the parameters set by the substantive proxy voting guidelines originally published by GAMCO Investors, Inc. in 1988 and updated periodically, a copy of which are appended as Exhibit A. The Committee will include representatives of Research, Administration, Legal, and the Advisers. Additional or replacement members of the Committee will be nominated by the Chairman and voted upon by the entire Committee.

Meetings are held as needed basis to form views on the manner in which the Advisers should vote proxies on behalf of their clients.

In general, the Director of Proxy Voting Services, using the Proxy Guidelines, recommendations of Institutional Shareholder Corporate Governance Service ("ISS"), other third-party services and the analysts of Gabelli & Company, Inc., will determine how to vote on each issue. For non-controversial matters, the Director of Proxy Voting Services may vote the proxy if the vote is (1) consistent with the recommendations of the issuer's Board of Directors and not contrary to the Proxy Guidelines; (2) consistent with the recommendations of the issuer's Board of Directors and is a non-controversial issue not covered by the Proxy Guidelines; or (3) the vote is contrary to the recommendations of the Board of Directors but is consistent with the Proxy Guidelines. In those instances, the Director of Proxy Voting Services or the Chairman of the

Committee may sign and date the proxy statement indicating how each issue will be voted.

All matters identified by the Chairman of the Committee, the Director of Proxy Voting Services or the Legal Department as controversial, taking into account the recommendations of ISS or other third party services and the analysts of Gabelli & Company, Inc., will be presented to the Proxy Voting Committee. If the Chairman of the Committee, the Director of Proxy Voting Services or the Legal Department has identified the matter as one that (1) is controversial; (2) would benefit from deliberation by the Proxy Voting Committee; or (3) may give rise to a conflict of interest between the Advisers and their clients, the Chairman of the Committee will initially determine what vote to recommend that the Advisers should cast and the matter will go before the Committee.

A. CONFLICTS OF INTEREST.

THE ADVISERS HAVE IMPLEMENTED THESE PROXY VOTING PROCEDURES IN ORDER TO PREVENT CONFLICTS OF INTEREST FROM INFLUENCING THEIR PROXY VOTING DECISIONS. BY FOLLOWING THE PROXY GUIDELINES, AS WELL AS THE RECOMMENDATIONS OF ISS, OTHER THIRD-PARTY SERVICES AND THE ANALYSTS OF GABELLI & COMPANY, THE ADVISERS ARE ABLE TO AVOID, WHEREVER POSSIBLE, THE INFLUENCE OF POTENTIAL CONFLICTS OF INTEREST. NEVERTHELESS, CIRCUMSTANCES MAY ARISE IN WHICH ONE OR MORE OF THE ADVISERS ARE FACED WITH A CONFLICT OF INTEREST OR THE APPEARANCE OF A CONFLICT OF INTEREST IN CONNECTION WITH ITS VOTE. IN GENERAL, A CONFLICT OF INTEREST MAY ARISE WHEN AN ADVISER KNOWINGLY DOES BUSINESS WITH AN ISSUER, AND MAY APPEAR TO HAVE A MATERIAL CONFLICT BETWEEN ITS OWN INTERESTS AND THE INTERESTS OF THE SHAREHOLDERS OF AN INVESTMENT COMPANY MANAGED BY ONE OF THE ADVISERS REGARDING HOW THE PROXY IS TO BE VOTED. A CONFLICT ALSO MAY EXIST WHEN AN ADVISER HAS ACTUAL KNOWLEDGE OF A MATERIAL BUSINESS ARRANGEMENT BETWEEN AN ISSUER AND AN AFFILIATE OF THE ADVISER.

IN PRACTICAL TERMS, A CONFLICT OF INTEREST MAY ARISE, FOR EXAMPLE, WHEN A PROXY IS VOTED FOR A COMPANY THAT IS A CLIENT OF ONE OF THE ADVISERS, SUCH AS GAMCO ASSET MANAGEMENT INC. A CONFLICT ALSO MAY ARISE WHEN A CLIENT OF ONE OF THE ADVISERS HAS MADE A SHAREHOLDER PROPOSAL IN A PROXY TO BE VOTED UPON BY ONE OR MORE OF THE ADVISERS. THE DIRECTOR OF PROXY VOTING SERVICES, TOGETHER WITH THE LEGAL DEPARTMENT, WILL SCRUTINIZE ALL PROXIES FOR THESE OR OTHER SITUATIONS THAT MAY GIVE RISE TO A CONFLICT OF INTEREST WITH RESPECT TO THE VOTING OF PROXIES.

A. OPERATION OF PROXY VOTING COMMITTEE.

For matters submitted to the Committee, each member of the Committee will receive, prior to the meeting, a copy of the proxy statement, any relevant third party research, a summary of any views provided by the Chief Investment Officer and any recommendations by Gabelli & Company, Inc. analysts. The Chief Investment Officer or the Gabelli & Company, Inc. analysts may be invited to present their viewpoints. IF THE DIRECTOR OF PROXY VOTING SERVICES or the Legal Department believe that the matter before the committee is one with respect to which a conflict of interest may exist between the Advisers and their clients, counsel will provide an opinion to the Committee concerning the conflict. If the matter is one in which the interests of the clients of one or more of Advisers may diverge, counsel will so advise and the Committee may make different recommendations as to

different clients. For any matters where the recommendation may trigger appraisal rights, counsel will provide an opinion concerning the likely risks and merits of such an appraisal action.

Each matter submitted to the Committee will be determined by the vote of a majority of the members present at the meeting. Should the vote concerning one or more recommendations be tied in a vote of the Committee, the Chairman of the Committee will cast the deciding vote. The Committee will notify the proxy department of its decisions and the proxies will be voted accordingly.

Although the Proxy Guidelines express the normal preferences for the voting of any shares not covered by a contrary investment guideline provided by the client, the Committee is not bound by the preferences set forth in the Proxy Guidelines and will review each matter on its own merits. Written minutes of all Proxy Voting Committee meetings will be maintained. The Advisers subscribe to ISS, which supplies current information on companies, matters being voted on, regulations, trends in proxy voting and information on corporate governance issues.

If the vote cast either by the analyst or as a result of the deliberations of the Proxy Voting Committee runs contrary to the recommendation of the Board of Directors of the issuer, the matter will be referred to legal counsel to determine whether an amendment to the most recently filed Schedule 13D is appropriate.

II. SOCIAL ISSUES AND OTHER CLIENT GUIDELINES

If a client has provided special instructions relating to the voting of proxies, they should be noted in the client's account file and forwarded to the proxy department. This is the responsibility of the investment professional or sales assistant for the client. In accordance with Department of Labor guidelines, the Advisers' policy is to vote on behalf of ERISA accounts in the best interest of the plan participants with regard to social issues that carry an economic impact. Where an account is not governed by ERISA, the Advisers will vote shares held on behalf of the client in a manner consistent with any individual investment/voting guidelines provided by the client. Otherwise the Advisers will abstain with respect to those shares.

III. CLIENT RETENTION OF VOTING RIGHTS

If a client chooses to retain the right to vote proxies or if there is any change in voting authority, the following should be notified by the investment professional or sales assistant for the client.

- Operations
- Legal Department
- Proxy Department
- Investment professional assigned to the account

In the event that the Board of Directors (or a Committee thereof) of one or more of the investment companies managed by one of the Advisers has retained direct voting control over any security, the Proxy Voting Department will provide each Board Member (or Committee member) with a copy of the proxy statement together with any other relevant information including recommendations of ISS or other third-party services.

IV. VOTING RECORDS

The Proxy Voting Department will retain a record of matters voted upon by the Advisers for their clients. The Advisers' staff may request proxy-voting

records for use in presentations to current or prospective clients. Requests for proxy voting records should be made at least ten days prior to client meetings.

If a client wishes to receive a proxy voting record on a quarterly, semi-annual or annual basis, please notify the Proxy Voting Department. The reports will be available for mailing approximately ten days after the quarter end of the period. First quarter reports may be delayed since the end of the quarter falls during the height of the proxy season.

A letter is sent to the custodians for all clients for which the Advisers have voting responsibility instructing them to forward all proxy materials to:

[Adviser name]
Attn: Proxy Voting Department
One Corporate Center
Rye, New York 10580-1433

The sales assistant sends the letters to the custodians along with the trading/DTC instructions. Proxy voting records will be retained in compliance with Rule 204-2 under the Investment Advisers Act.

V. VOTING PROCEDURES

1. Custodian banks, outside brokerage firms and Wexford Clearing Services Corporation are responsible for forwarding proxies directly to GAMCO.

Proxies are received in one of two forms:

- O Shareholder Vote Authorization Forms (VAFs) Issued by ADP. VAFs must be voted through the issuing institution causing a time lag. ADP is an outside service contracted by the various institutions to issue proxy materials.
- o Proxy cards which may be voted directly.
- 2. Upon receipt of the proxy, the number of shares each form represents is logged into the proxy system according to security.
- 3. In the case of a discrepancy such as an incorrect number of shares, an improperly signed or dated card, wrong class of security, etc., the issuing custodian is notified by phone. A corrected proxy is requested. Any arrangements are made to insure that a proper proxy is received in time to be voted (overnight delivery, fax, etc.). When securities are out on loan on record date, the custodian is requested to supply written verification.
- 4. Upon receipt of instructions from the proxy committee (see Administrative), the votes are cast and recorded for each account on an individual basis.

Since January 1, 1992, records have been maintained on the Proxy Edge system. The system is backed up regularly. From 1990 through 1991, records were maintained on the PROXY VOTER system and in hardcopy format. Prior to 1990, records were maintained on diskette and in hardcopy format.

PROXY EDGE records include:

Security Name and Cusip Number
Date and Type of Meeting (Annual, Special, Contest)
Client Name
Adviser or Fund Account Number
Directors' Recommendation
How GAMCO voted for the client on each issue
The rationale for the vote when it appropriate

Records prior to the institution of the PROXY EDGE system include:

Security name

Type of Meeting (Annual, Special, Contest)

Date of Meeting

Name of Custodian

Name of Client

Custodian Account Number

Adviser or Fund Account Number

Directors' recommendation

How the Adviser voted for the client on each issue

Date the proxy statement was received and by whom

Name of person posting the vote

Date and method by which the vote was cast

- o From these records individual client proxy voting records are compiled. It is our policy to provide institutional clients with a proxy voting record during client reviews. In addition, we will supply a proxy voting record at the request of the client on a quarterly, semi-annual or annual basis.
- 5. VAFs are kept alphabetically by security. Records for the current proxy season are located in the Proxy Voting Department office. In preparation for the upcoming season, files are transferred to an offsite storage facility during January/February.
- 6. Shareholder Vote Authorization Forms issued by ADP are always sent directly to a specific individual at ADP.
- 7. If a proxy card or VAF is received too late to be voted in the conventional matter, every attempt is made to vote on one of the following manners:
- o VAFs can be faxed to ADP up until the time of the meeting. This is followed up by mailing the original form.
- When a solicitor has been retained, the solicitor is called. At the solicitor's direction, the proxy is faxed.
- $8.\ \mbox{In the case of a proxy contest, records are maintained for each opposing entity.}$
- 9. Voting in Person
- a) At times it may be necessary to vote the shares in person. In this case, a "legal proxy" is obtained in the following manner:
- o Banks and brokerage firms using the services at ADP:

The back of the VAF is stamped indicating that we wish to vote in person. The forms are then sent overnight to ADP. ADP issues individual legal proxies and sends them back via overnight (or the Adviser can pay messenger charges). A lead-time of at least two weeks prior to the meeting is needed to do this. Alternatively, the procedures detailed below for banks not using ADP may be implemented.

o Banks and brokerage firms issuing proxies directly:

The bank is called and/or faxed and a legal proxy is requested.

All legal proxies should appoint:

"REPRESENTATIVE OF [ADVISER NAME] WITH FULL POWER OF SUBSTITUTION."

- b) The legal proxies are given to the person attending the meeting along with the following supplemental material:
- o A limited Power of Attorney appointing the attendee an Adviser representative.
- o A list of all shares being voted by custodian only. Client names and account numbers are not included. This list must be presented, along with the proxies, to the Inspectors of Elections and/or tabulator at least one-half hour prior to the scheduled start of the meeting. The tabulator must "qualify" the votes (i.e. determine if the vote have previously been cast, if the votes have been rescinded, etc. vote have previously been cast, etc.).
- o A sample ERISA and Individual contract.
- o A sample of the annual authorization to vote proxies form.
- o A copy of our most recent Schedule 13D filing (if applicable).

APPENDIX A PROXY GUIDELINES

PROXY VOTING GUIDELINES

GENERAL POLICY STATEMENT

It is the policy of GAMCO INVESTORS, INC. to vote in the best economic interests of our clients. As we state in our Magna Carta of Shareholders Rights, established in May 1988, we are neither FOR nor AGAINST management. We are for shareholders.

At our first proxy committee meeting in 1989, it was decided that each proxy statement should be evaluated on its own merits within the framework first established by our Magna Carta of Shareholders Rights. The attached guidelines serve to enhance that broad framework.

We do not consider any issue routine. We take into consideration all of our research on the company, its directors, and their short and long-term goals for the company. In cases where issues that we generally do not approve of are combined with other issues, the negative aspects of the issues will be factored into the evaluation of the overall proposals but will not necessitate a vote in opposition to the overall proposals.

BOARD OF DIRECTORS

The advisers do not consider the election of the Board of Directors a routine issue. Each slate of directors is evaluated on a case-by-case basis.

Factors taken into consideration include:

o Historical responsiveness to shareholders This may include such areas as:

- -Paying greenmail
- -Failure to adopt shareholder resolutions receiving a majority of shareholder votes
- o Qualifications
- o Nominating committee in place
- o Number of outside directors on the board
- o Attendance at meetings
- o Overall performance

SELECTION OF AUDITORS

In general, we support the Board of Directors' recommendation for audit.

BLANK CHECK PREFERRED STOCK

We oppose the issuance of blank check preferred stock.

Blank check preferred stock allows the company to issue stock and establish dividends, voting rights, etc. without further shareholder approval.

CLASSIFIED BOARD

A classified board is one where the directors are divided into classes with overlapping terms. A different class is elected at each annual meeting.

While a classified board promotes continuity of directors facilitating long range planning, we feel directors should be accountable to shareholders on an annual basis. We will look at this proposal on a case-by-case basis taking into consideration the board's historical responsiveness to the rights of shareholders.

Where a classified board is in place we will generally not support attempts to change to an annually elected board.

When an annually elected board is in place, we generally will not support attempts to classify the board.

INCREASE AUTHORIZED COMMON STOCK

The request to increase the amount of outstanding shares is considered on a case-by-case basis.

Factors taken into consideration include:

- o Future use of additional shares
 - -Stock split
 - -Stock option or other executive compensation plan
 - -Finance growth of company/strengthen balance sheet
 - -Aid in restructuring
 - -Improve credit rating
 - -Implement a poison pill or other takeover defense
- Amount of stock currently authorized but not yet issued or reserved for stock option plans
- o Amount of additional stock to be authorized and its dilutive effect

We will support this proposal if a detailed and verifiable plan for the use of the additional shares is contained in the proxy statement.

CONFIDENTIAL BALLOT

We support the idea that a shareholder's identity and vote should be treated

with confidentiality.

However, we look at this issue on a case-by-case basis.

In order to promote confidentiality in the voting process, we endorse the use of independent Inspectors of Election.

CUMULATIVE VOTING

In general, we support cumulative voting.

Cumulative voting is a process by which a shareholder may multiply the number of directors being elected by the number of shares held on record date and cast the total number for one candidate or allocate the voting among two or more candidates.

Where cumulative voting is in place, we will vote against any proposal to rescind this shareholder right.

Cumulative voting may result in a minority block of stock gaining representation on the board. When a proposal is made to institute cumulative voting, the proposal will be reviewed on a case-by-case basis. While we feel that each board member should represent all shareholders, cumulative voting provides minority shareholders an opportunity to have their views represented.

DIRECTOR LIABILITY AND INDEMNIFICATION

We support efforts to attract the best possible directors by limiting the liability and increasing the indemnification of directors, except in the case of insider dealing.

EOUAL ACCESS TO THE PROXY

The SEC's rules provide for shareholder resolutions. However, the resolutions are limited in scope and there is a 500 word limit on proponents' written arguments. Management has no such limitations. While we support equal access to the proxy, we would look at such variables as length of time required to respond, percentage of ownership, etc.

FAIR PRICE PROVISIONS

Charter provisions requiring a bidder to pay all shareholders a fair price are intended to prevent two-tier tender offers that may be abusive. Typically, these provisions do not apply to board-approved transactions.

We support fair price provisions because we feel all shareholders should be entitled to receive the same benefits.

Reviewed on a case-by-case basis.

GOLDEN PARACHUTES

Golden parachutes are severance payments to top executives who are terminated or demoted after a takeover.

We support any proposal that would assure management of its own welfare so that they may continue to make decisions in the best interest of the company and shareholders even if the decision results in them losing their job. We do not, however, support excessive golden parachutes. Therefore, each proposal will be decided on a case-by- case basis.

NOTE: CONGRESS HAS IMPOSED A TAX ON ANY PARACHUTE THAT IS MORE THAN THREE TIMES THE EXECUTIVE'S AVERAGE ANNUAL COMPENSATION.

ANTI-GREENMAIL PROPOSALS

We do not support greenmail. An offer extended to one shareholder should be extended to all shareholders equally across the board.

LIMIT SHAREHOLDERS' RIGHTS TO CALL SPECIAL MEETINGS

We support the right of shareholders to call a special meeting.

CONSIDERATION OF NONFINANCIAL EFFECTS OF A MERGER

This proposal releases the directors from only looking at the financial effects of a merger and allows them the opportunity to consider the merger's effects on employees, the community, and consumers.

As a fiduciary, we are obligated to vote in the best economic interests of our clients. In general, this proposal does not allow us to do that. Therefore, we generally cannot support this proposal.

Reviewed on a case-by-case basis.

MERGERS, BUYOUTS, SPIN-OFFS, RESTRUCTURINGS

Each of the above is considered on a case-by-case basis. According to the Department of Labor, we are not required to vote for a proposal simply because the offering price is at a premium to the current market price. We may take into consideration the long term interests of the shareholders.

MILITARY ISSUES

Shareholder proposals regarding military production must be evaluated on a purely economic set of criteria for our ERISA clients. As such, decisions will be made on a case-by-case basis.

In voting on this proposal for our non-ERISA clients, we will vote according to the client's direction when applicable. Where no direction has been given, we will vote in the best economic interests of our clients. It is not our duty to impose our social judgment on others.

NORTHERN IRELAND

Shareholder proposals requesting the signing of the MacBride principles for the purpose of countering the discrimination of Catholics in hiring practices must be evaluated on a purely economic set of criteria for our ERISA clients. As such, decisions will be made on a case-by-case basis.

In voting on this proposal for our non-ERISA clients, we will vote according to client direction when applicable. Where no direction has been given, we will vote in the best economic interests of our clients. It is not our duty to impose our social judgment on others.

OPT OUT OF STATE ANTI-TAKEOVER LAW

This shareholder proposal requests that a company opt out of the coverage of the state's takeover statutes. Example: Delaware law requires that a buyer must acquire at least 85% of the company's stock before the buyer can exercise control unless the board approves.

We consider this on a case-by-case basis. Our decision will be based on the following:

- o State of Incorporation
- o Management history of responsiveness to shareholders
- o Other mitigating factors

POISON PILL

In general, we do not endorse poison pills.

In certain cases where management has a history of being responsive to the needs of shareholders and the stock is very liquid, we will reconsider this position.

REINCORPORATION

Generally, we support reincorporation for well-defined business reasons. We oppose reincorporation if proposed solely for the purpose of reincorporating in a state with more stringent anti-takeover statutes that may negatively impact the value of the stock.

STOCK OPTION PLANS

Stock option plans are an excellent way to attract, hold and motivate directors and employees. However, each stock option plan must be evaluated on its own merits, taking into consideration the following:

- o Dilution of voting power or earnings per share by more than 10%
- o Kind of stock to be awarded, to whom, when and how much
- o Method of payment
- o Amount of stock already authorized but not yet issued under existing stock option plans

SUPERMAJORITY VOTE REQUIREMENTS

Supermajority vote requirements in a company's charter or bylaws require a level of voting approval in excess of a simple majority of the outstanding shares. In general, we oppose supermajority-voting requirements. Supermajority requirements often exceed the average level of shareholder participation. We support proposals' approvals by a simple majority of the shares voting.

LIMIT SHAREHOLDERS RIGHT TO ACT BY WRITTEN CONSENT

Written consent allows shareholders to initiate and carry on a shareholder action without having to wait until the next annual meeting or to call a special meeting. It permits action to be taken by the written consent of the same percentage of the shares that would be required to effect proposed action at a shareholder meeting.

Reviewed on a case-by-case basis.

ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

PORTFOLIO MANAGER

Mr. Mario J. Gabelli, CFA, is primarily responsible for the day-to-day management of The Gabelli Equity Trust Inc., (the Trust). Mr. Gabelli has served

as Chairman, Chief Executive Officer, and Chief Investment Officer -Value Portfolios of GAMCO Investors, Inc. and its affiliates since their organization.

Additionally, Mr. Caesar M. P. Bryan manages a portion of the Trust's assets. Mr. Bryan is a Senior Vice President and Portfolio Manager with GAMCO Asset Management Inc. (a wholly owned subsidiary of GAMCO Investors, Inc.) since 1994.

MANAGEMENT OF OTHER ACCOUNTS

The table below shows the number of other accounts managed by the Portfolio Managers and the total assets in each of the following categories: registered investment companies, other paid investment vehicles and other accounts. For each category, the table also shows the number of accounts and the total assets in the accounts with respect to which the advisory fee is based on account performance.

	Name of Portfolio Manager or Team Member 	Type of Accounts 	Total No. of Accounts Managed	Total Assets 	No. of Ac where Ad Fee is Ba Perform
1. 1	Mario J. Gabelli	Registered Investment Companies:	21	\$11.8B	5
		Other Pooled Investment Vehicles:	17	\$714.9M	16

2. C	aesar M.P. Bryan	Registered Investment Companies:	5	\$1.5B	0
		Other Pooled Investment Vehicles:	1	\$4.0M	1
		Other Accounts:	5	\$50.5M	0

POTENTIAL CONFLICTS OF INTEREST

As reflected above, the Portfolio Managers manage accounts in addition to the Trust. Actual or apparent conflicts of interest may arise when a Portfolio Manager also has day-to-day management responsibilities with respect to one or more other accounts. These potential conflicts include:

ALLOCATION OF LIMITED TIME AND ATTENTION. As indicated above, the Portfolio Managers manage multiple accounts. As a result, they will not be able to devote all of their time to management of the Trust. The Portfolio Manager, therefore, may not be able to formulate as complete a strategy or identify equally attractive investment opportunities for each of those accounts as might be the

case if he were to devote all of his $% \left(1\right) =\left(1\right) +\left(1\right$

ALLOCATION OF LIMITED INVESTMENT OPPORTUNITIES. As indicated above, the Portfolio Managers manage managed accounts with investment strategies and/or policies that are similar to the Trust. In these cases, if he identifies an investment opportunity that may be suitable for multiple accounts, a Fund may not be able to take full advantage of that opportunity because the opportunity may be allocated among all or many of these accounts or other accounts managed primarily by other Portfolio Managers of the Adviser, and their affiliates. In addition, in the event the Portfolio Manager determines to purchase a security for more than one account in an aggregate amount that may influence the market price of the security, accounts that purchased or sold the security first may receive a more favorable price than accounts that made subsequent transactions.

SELECTION OF BROKER/DEALERS. Because of Mr. Gabelli's position with the Distributor and his indirect majority ownership interest in the Distributor, he may have an incentive to use the Distributor to execute portfolio transactions for a Fund.

PURSUIT OF DIFFERING STRATEGIES. At times, the Portfolio Manager may determine that an investment opportunity may be appropriate for only some of the accounts for which he exercises investment responsibility, or may decide that certain of the funds or accounts should take differing positions with respect to a particular security. In these cases, he may execute differing or opposite transactions for one or more accounts which may affect the market price of the security or the execution of the transaction, or both, to the detriment of one or more other accounts.

VARIATION IN COMPENSATION. A conflict of interest may arise where the financial or other benefits available to the Portfolio Managers differ among the accounts that they manage. If the structure of the Adviser's management fee or the Portfolio Manager's compensation differs among accounts (such as where certain accounts pay higher management fees or performance-based management fees), the Portfolio Manager may be motivated to favor certain accounts over others. The Portfolio Manager also may be motivated to favor accounts in which he has an investment interest, or in which the Adviser, or their affiliates have investment interests. Similarly, the desire to maintain assets under management or to enhance a Portfolio Manager's performance record or to derive other rewards, financial or otherwise, could influence the Portfolio Manager in affording preferential treatment to those accounts that could most significantly benefit the Portfolio Manager. For example, as reflected above, if the Portfolio Manager manages accounts which have performance fee arrangements, certain portions of his compensation will depend on the achievement of performance milestones on those accounts. The Portfolio Manager could be incented to afford preferential treatment to those accounts and thereby by subject to a potential conflict of interest.

The Adviser, and the Funds have adopted compliance policies and procedures that are designed to address the various conflicts of interest that may arise for the Adviser and their staff members. However, there is no guarantee that such policies and procedures will be able to detect and prevent every situation in which an actual or potential conflict may arise.

COMPENSATION STRUCTURE FOR MARIO J. GABELLI

Mr. Gabelli receives incentive-based variable compensation based on a percentage of net revenues received by the Adviser for managing the Trust. Net revenues are determined by deducting from gross investment management fees the firm's expenses (other than Mr. Gabelli's compensation) allocable to this Trust. Five

closed-end registered investment companies (including this Trust) managed by Mr. Gabelli have arrangements whereby the Adviser will only receive its investment advisory fee attributable to the liquidation value of outstanding preferred stock (and Mr. Gabelli would only receive his percentage of such advisory fee) if certain performance levels are met. Additionally, he receives similar incentive based variable compensation for managing other accounts within the firm and its affiliates. This method of compensation is based on the premise that superior long-term performance in managing a portfolio should be rewarded with higher compensation as a result of growth of assets through appreciation and net investment activity. The level of compensation is not determined with specific reference to the performance of any account against any specific benchmark. One of the other registered investment companies managed by Mr. Gabelli has a performance (fulcrum) fee arrangement for which his compensation is adjusted up or down based on the performance of the investment company relative to an index. Mr. Gabelli manages other accounts with performance fees. Compensation for managing these accounts has two components. One component is based on a percentage of net revenues to the investment adviser for managing the account. The second component is based on absolute performance of the account, with respect to which a percentage of such performance fee is paid to Mr. Gabelli. As an executive officer of the Adviser's parent company, GBL, Mr. Gabelli also receives ten percent of the net operating profits of the parent company. He receives no base salary, no annual bonus, and no stock options.

COMPENSATION STRUCTURE FOR CAESAR M. P. BRYAN

The compensation of Mr. Bryan for the Trust is structured to enable the Adviser to attract and retain highly qualified professionals in a competitive environment. The Portfolio Manager receives a compensation package that includes a minimum draw or base salary, equity-based incentive compensation via awards of stock options, and incentive based variable compensation based on a percentage of net revenue received by the Adviser for managing the Trust to the extent that the amount exceeds a minimum level of compensation. Net revenues are determined by deducting from gross investment management fees certain of the firm's expenses (other than the Portfolio Managers' compensation) allocable to the Trust (the incentive-based variable compensation for managing other accounts is also based on a percentage of net revenues to the investment adviser for managing the account). This method of compensation is based on the premise that superior long-term performance in managing a portfolio should be rewarded with higher compensation as a result of growth of assets through appreciation and net investment activity. The level of equity-based incentive and incentive-based variable compensation is based on an evaluation by the Adviser's parent, GBL, of quantitative and qualitative performance evaluation criteria. This evaluation takes into account, in a broad sense, the performance of the accounts managed by the Portfolio Manager, but the level of compensation is not determined with specific reference to the performance of any account against any specific benchmark. Generally, greater consideration is given to the performance of larger accounts and to longer term performance over smaller accounts and short-term performance.

OWNERSHIP OF SHARES IN THE FUND

Mario Gabelli and Caesar M. P. Bryan owned over \$1,000,000 and \$0, respectively, of shares of the Trust as of December 31, 2006.
