**EXPLANATORY NOTE: DEREGISTRATION OF SECURITIES**

Planet Technologies, Inc., a California corporation ( Planet ), is filing a post-effective amendment No. 1 to the registration statement on Form S-8 (Registration No. 333-38500) (the Registration Statement ) to deregister certain shares of common stock that were registered pursuant to the Planet Technologies, Inc. 2000 Stock Incentive Plan, as amended (the Plan ). On June 2, 2000, Planet filed the Registration Statement with the U.S. Securities and Exchange Commission, which registered 500,000 shares of Planet s common stock to be offered or sold under the Plan. In 2004, Planet s shareholders voted to i) amend the Plan in order to increase the number of shares common stock issuable under the plan to 5,000,000; and ii) effect a one for fifty reverse stock split thereby leaving 100,000 shares issuable under the Plan. In 2005, the Plan was further amended to increase the number of shares issuable under the Plan to 200,000, and again to increase the number to 350,000. On August 1, 2006, the number of shares issuable under the plan was increased to its current level of 2,000,000.

Planet intends to suspend all reporting obligations by filing with the Commission a Form 15.

Accordingly, pursuant to the undertaking contained in the Registration Statement to remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold, Planet is filing this post-effective amendment No. 1 to the Registration Statement to deregister all the shares of Planet s common stock covered by the Registration Statement which remain unissued as of the date of this filing.
