THE COMPANY

Pan American Silver Corp. is a company incorporated under the Company Act (British Columbia). The Company's head office is located at 1500 - 625 Howe Street, Vancouver, British Columbia, V6C 2T6 and its registered and records office is located at 900 Waterfront Centre, 200 Burrard Street, Vancouver, British Columbia, V7X 1T2. In this Prospectus, the term "Pan American" refers to the Company and its principal subsidiaries.

A description of the Company's principal subsidiaries as at its most recent financial year end is set out under the heading "Subsidiaries" on page 3 of the Company's annual information form which is incorporated by reference in this Prospectus.

BUSINESS OF THE COMPANY

Pan American is principally engaged in the exploration for, and the acquisition, development and operation of silver properties.

Pan American: (i) owns and operates the producing Quiruvilca silver mine in Peru; (ii) owns and operates the producing Huaron silver mine in Peru; (iii) owns and operates the producing La Colorada silver mine and development project located in Mexico (Pan American completed a significant expansion of the La Colorada mine in June of 2003 and silver production is expected to increase over the balance of 2003); and (iv) mines and sells silver-rich pyrite stockpiles at a small-scale operation in central Peru. Pan American also either holds an interest in or may earn an interest in non-producing silver resource and silver exploration properties in Peru, Argentina, the United States, Russia and Mexico, including the significant Alamo Dorado deposit in Mexico on which the Company is preparing a feasibility study.

RECENT DEVELOPMENTS

In July of 2003, Pan American initiated a technical and economic evaluation of a possible expansion of the Huaron mine in Peru, which would increase this mine's production.

Pan American substantially completed a major expansion at its La Colorada silver mine in Mexico during June of 2003. The expansion included the

Edgar Filing: PAN AMERICAN SILVER CORP - Form F-10

construction of a 600 tonne per day oxide mill, which will add to the mine's current production from the existing 200 tonne per day sulphide mill. Production is expected to reach design capacity within a few months following the end of June of 2003. The expansion was completed ahead of schedule and approximately 5% under the original US\$20 million budget.

A 6,000 metre infill drilling program has been completed on Pan American's 50%-owned Manantial Espejo silver-gold exploration property in Argentina. The results have confirmed the size of the deposit and increased Pan American's confidence in its geological model, leading Pan American and its joint venture partner, Silver Standard Resources Inc., to accelerate the commissioning of a feasibility study on the property. The study will be initiated in the fourth quarter of 2003 for completion in the fall of 2004. Over the remainder of 2003, geotechnical and environmental work will proceed on the project to facilitate permitting.

On February 20, 2003, the Company acquired all of the issued and outstanding shares of Corner Bay Silver Inc. ("Corner Bay") pursuant to a plan of arrangement under the Canada Business Corporations Act. Under this plan of arrangement, each Corner Bay share was exchanged for 0.3846 Common Shares of the Company plus 0.1923 warrants of the Company, resulting in the issuance of a total of 7,636,659 Common Shares and 3,818,330 warrants of the Company. Each whole warrant will allow the holder to purchase one Common Share of the Company for a price of Cdn\$12.00 at any time over a five-year exercise period. Pan American also issued options to purchase up to 553,846 Common Shares (having exercise prices of between Cdn\$4.55 and Cdn\$12.00 and having exercise periods of between one and five years from the date of grant) in consideration for the termination of 960,000 fully vested stock options held by employees and shareholders of Corner Bay. Corner Bay, through its subsidiary corporations, owns the Alamo Dorado silver-gold deposit in Mexico. The Alamo Dorado project is described under the heading "Narrative Description of the Business - Development Projects - Alamo Dorado Project" on pages 32 through 38 of the Company's annual information form which is incorporated by reference in this Prospectus.

In May of 2003, Pan American completed a seven-hole drill program on the Alamo Dorado project and is undertaking metallurgical testing to update a 2002 feasibility study completed by AMEC E&C Services, Inc. The updated feasibility study will examine the economic merits of processing ore from the Alamo Dorado deposit in a conventional oxide leaching mill circuit versus heap leach processing. The update will also examine the economic merits of a combination mill for high grade ore and heap leach for low grade ore. The updated study is expected to be completed in the fourth quarter of 2003. Until this study is completed and a production decision made, the acquisition of Corner Bay and the Alamo Dorado project is not expected to have any material effect on the operating results and financial position of Pan American."

USE OF PROCEEDS

Unless otherwise indicated in the applicable Prospectus Supplement, the net proceeds from the sale of Securities will be used by the Company to fund development of the Alamo Dorado project, the expansion of the Huaron mine, other ongoing development and exploration programs and working capital requirements and for other general corporate purposes. The Company may, from time to time, issue Common Shares and other securities otherwise than through the offering of Securities pursuant to this Prospectus.

Edgar Filing: PAN AMERICAN SILVER CORP - Form F-10

The Company may issue Warrants to purchase Common Shares or Debt Securities. The Company may issue Warrants independently or together with other Securities, and Warrants sold with other Securities may be attached to or separate from the other Securities. Warrants will be issued under and governed by the terms of one or more warrant indentures (each a "Warrant Indenture") between the Company and a warrant trustee (the "Warrant Trustee") that the Company will name in the relevant Prospectus Supplement. Each Warrant Trustee will be a financial institution organized under the laws of Canada or any province thereof and authorized to carry on business as a trustee.

Selected provisions of the Warrants and any Warrant Indenture are summarized below. The statements made in this Prospectus relating to any Warrant Indenture and Warrants to be issued thereunder are summaries of certain anticipated provisions thereof and are subject to, and are qualified in their entirety by reference to, all provisions of the applicable Warrant Indenture and the Prospectus Supplement describing such Warrant Indenture.

The Prospectus Supplement relating to any Warrants the Company offers will describe the Warrants and include specific terms relating to their offering. All such terms will comply with the requirements of the TSX and Nasdaq relating to Warrants. The Prospectus Supplement will include some or all of the following:

- o the title of the Warrants;
- o the aggregate number of Warrants offered;

Edgar Filing: PAN AMERICAN SILVER CORP - Form F-10

- o the price, if any, at which the Warrants will be offered;
- o the designation, number and terms of the Common Shares or Debt Securities purchasable upon exercise of the Warrants, and the procedures that will result in the adjustment of those numbers;
- o the exercise price of the Warrants;

-9-

- o the dates or periods during which the Warrants are exercisable;
- o the designation and terms of any securities with which the Warrants are issued;
- o if the Warrants are issued as a unit with another security, the date on and after which the Warrants and the other security will be separately transferable;
- o if the exercise price is not payable in U.S. dollars, the currency or currency units in which the exercise price is denominated;
- o any minimum or maximum amount of Warrants that may be exercised at any one time;
- o any terms, procedures and limitations relating to the transferability, exchange or exercise of the Warrants;
- o the identity of the Warrant Trustee;
- o whether the Warrants will be listed on any exchange; and
- o any other terms of the Warrants.

Warrant certificates will be exchangeable for new Warrant certificates of different denominations at the office or offices indicated in the Warrant Indenture and the Prospectus Supplement. Prior to the exercise of their Warrants, holders of Warrants will not have any of the rights of holders of the Common Shares or Debt Securities issuable upon exercise of the Warrants.

MODIFICATIONS

The Company may amend any Warrant Indenture and the Warrants, without the consent of the holders of the Warrants, to cure any ambiguity, to cure, correct or supplement any defective or inconsistent provision, or in any other manner that will not materially and adversely affect the interests of holders of outstanding Warrants.

ENFORCEABILITY

The Warrant Trustee will act solely as the Company's agent. The Warrant Trustee will not have any duty or responsibility if the Company defaults under the Warrant Indenture or the Warrant certificates. A Warrant holder may, without the consent of the Warrant Trustee, enforce by appropriate legal action on its own behalf the holder's right to exercise the holder's Warrants.

DESCRIPTION OF DEBT SECURITIES

The Company may issue Debt Securities in one or more series under one or more indentures (each, a "Trust Indenture"), each to be entered into between the Company and a trustee (each, a "Debt Securities Trustee"). Each Debt Securities Trustee will be a financial institution organized under the laws of Canada or any province thereof and authorized to carry on business as a trustee. Each Trust Indenture will be subject to and governed by the Company Act (British Columbia) and the United States Trust Indenture Act of 1939, as amended. A copy of the form of Trust Indenture will be filed with Canadian securities regulatory authorities and as an exhibit to the Registration Statement. The following description sets forth certain general terms and provisions of Debt Securities and is not intended to be

complete. The statements made in this Prospectus relating to any Trust Indenture and Debt Securities to be issued thereunder are summaries of certain anticipated provisions thereof and are subject to, and are qualified in their entirety by reference to, all provisions of the applicable Trust Indenture and the Prospectus Supplement describing such Trust Indenture.

The Prospectus Supplement relating to any Debt Securities the Company offers will describe the Debt Securities and include specific terms relating to their offering. All such terms will comply with the requirements of the TSX and Nasdaq relating to Debt Securities.

GENERAL

The Company may issue Debt Securities that may consist of debentures, convertible debentures, notes, bonds and/or other similar evidences of indebtedness from time to time in separate series. The Prospectus Supplement for any series of Debt Securities the Company offers will describe the specific terms of the Debt Securities and may include, but is not limited to, any of the following:

- o the title of the Debt Securities;
- o any limit on the aggregate principal amount of the Debt Securities;
- o the price at which the Debt Securities will be issued (or the manner of determination thereof, if offered on a non-fixed price basis and whether at par, at a discount or at a premium);
- o the date or dates on which the Company may issue the Debt Securities;
- o the currency of issue of the Debt Securities;
- o whether payment on the Debt Securities will be senior or subordinated to the Company's other liabilities or obligations and the terms and provisions of such subordination;

Edgar Filing: PAN AMERICAN SILVER CORP - Form F-10

- o whether the Debt Securities will be secured by assets of Pan American or any other person and the terms of such security;
- o the date or dates on which the Company will pay the principal and any premium on the Debt Securities and the portion (if less than the principal amount) of Debt Securities to be payable upon a declaration of acceleration of maturity;
- o whether and under what circumstances the date or dates on which the Company will pay the principal and any premium on the Debt Securities may be extended;
- o whether the Debt Securities will bear interest, whether the interest is payable in cash, securities or a combination thereof, the interest rate or the method of determining the interest rate (which may be fixed or variable), the date from which interest will accrue, the dates on which the Company will pay interest and the record dates for interest payments;
- o the place or places the Company will pay principal, any premium and interest and the place or places where Debt Securities can be presented for registration of transfer or exchange;

-11-

- o whether and under what circumstances the Company will be required to pay any additional amounts for withholding or deduction for Canadian taxes with respect to the Debt Securities, and whether the Company will have the option to redeem the Debt Securities rather than pay the additional amounts;
- o whether and under what circumstances the Company will be obligated to redeem or repurchase the Debt Securities pursuant to any sinking or purchase fund or other provisions, or at the option of a holder;
- o whether and under what circumstances the Company may redeem the Debt Securities at its option;
- o the terms and conditions, if any, upon which the Company may redeem or repurchase the Debt Securities prior to maturity and the price or prices at which the Debt Securities will be redeemed or repurchased;
- o the denominations in which the Company will issue any Debt Securities;
- o whether the Company will make payments on the Debt Securities in a currency or currency unit other than United States dollars or by delivery of Common Shares or other property;

- o whether the Company will issue the Debt Securities as global securities and, if so, the identity of the depositary for the

Edgar Filing: PAN AMERICAN SILVER CORP - Form F-10

global securities;

- o whether the Company will issue the Debt Securities as bearer securities, registered securities or both;
- o any changes or additions to events of default or covenants;
- o the applicability of, and any changes or additions to, the provisions for defeasance described under "Defeasance" below;
- o whether the holders of any series of Debt Securities have special rights if specified events occur;
- o the terms for any conversion or exchange of the Debt Securities for any other securities;
- o provisions as to modification, amendment or variation of any rights or terms attaching to the Debt Securities;
- o the identity of the Debt Securities Trustee;
- o whether the Debt Securities will be listed on any exchange; and
- o any other terms of the Debt Securities.

Unless stated otherwise in the applicable Prospectus Supplement, no holder will have the right to require the Company to repurchase the Debt Securities and there will be no increase in the interest rate if the Company becomes involved in a highly leveraged transaction or if there is a change of control of the Company.

-12-

The Company may issue Debt Securities bearing no interest or interest at a rate below the prevailing market rate at the time of issuance, and offer and sell these Debt Securities at a discount below their stated principal amount. The Company may also sell any of the Debt Securities for a currency or currency unit other than United States dollars, and payments on the Debt Securities may be payable in a currency or currency unit other than United States dollars. In any of these cases, the Company will describe any Canadian and United States federal income tax consequences and other special considerations in the applicable Prospectus Supplement.

The Company may issue Debt Securities with terms different from those of Debt Securities previously issued and, without the consent of the holders thereof, the Company may reopen a previous issue of a series of Debt Securities and issue additional Debt Securities of such series (unless the reopening was restricted when such series was created).

FORM, DENOMINATIONS AND EXCHANGE

Debt Securities of a series may be issuable solely as registered securities, solely as bearer securities or as both registered securities and bearer securities. The Trust Indenture may also provide that Debt Securities of a series will be issuable in global form. Unless otherwise indicated in the Prospectus Supplement, bearer securities will have interest coupons attached.

Registered Debt Securities of any series will be exchangeable for other

Edgar Filing: PAN AMERICAN SILVER CORP - Form F-10

registered Debt Securities of the same series and of a like aggregate principal amount and tenor in different authorized denominations. If (but only if) provided in the Prospectus Supplement and Trust Indenture, bearer Debt Securities (with all unmatured coupons, except as provided below, and all matured coupons in default) of any series may be exchanged for registered Debt Securities of the same series in any authorized denominations and of a like aggregate principal amount and tenor. In such event, bearer Debt Securities surrendered in a permitted exchange for registered Debt Securities between a regular record date or a special record date and the relevant date for payment of interest shall be surrendered without the coupon relating to such date for payment of interest, and interest will not be payable on such date for payment of interest in respect of the registered security issued in exchange for such bearer security, but will be payable only to the holder of such coupon when due in accordance with the terms of the Trust Indenture.

The applicable Prospectus Supplement may indicate the place or places to register a transfer of Debt Securities. Except for certain restrictions set forth in the Trust Indenture, no service charge will be made for any registration of transfer or exchange of the Debt Securities, but the Company may, in certain instances, require a sum sufficient to cover any tax or other governmental charges payable in connection with these transactions.

The Company shall not be required to: (i) issue, register the transfer of or exchange Debt Securities of any series during a period beginning at the opening of business 15 days before any selection of Debt Securities of that series is to be redeemed and ending at the close of business on: (A) if Debt Securities of the series are issuable only as registered securities, the day of mailing of the relevant notice of redemption; or (B) if Debt Securities of the series are issuable as bearer securities, the day of the first publication of the relevant notice of redemption or, if Debt Securities of the series are also issuable as registered securities and there is no publication, the mailing of the relevant notice of redemption; (ii) register the transfer of or exchange any registered Debt Security, or a portion thereof, called for redemption, except the unredeemed portion of any registered security being redeemed in part; (iii) exchange any bearer Debt Security selected for redemption, except that, to the extent provided with respect to such bearer security, such bearer security may be exchanged for a registered Debt Security of that series and like tenor, provided that such registered security shall be immediately surrendered for redemption with written instruction for payment consistent with the provisions of the Trust Indenture; or

-13-

(iv) issue, register the transfer of or exchange any Debt Securities which have been surrendered for repayment at the option of the holder, except the portion, if any, thereof not to be so repaid.

PAYMENT

Unless stated otherwise in the Prospectus Supplement and the Trust Indenture, the Company will make payments on the Debt Securities at the relevant office or agency of the Debt Securities Trustee or the Company can make payments by: (i) cheque mailed or delivered to the person entitled at the address appearing in the security register of the Debt Securities Trustee; or (ii) wire transfer to an account in the United States or Canada of the person entitled to receive payments. Unless stated otherwise in the applicable Prospectus Supplement, the Company will make payment to the persons in whose names the Debt Securities are registered on the close of business on the day or days specified in the Trust Indenture. The Company will make Debt Securities payments in other forms at a place designated by the Company and specified in the applicable

Edgar Filing: PAN AMERICAN SILVER CORP - Form F-10

Prospectus Supplement and Trust Indenture.

GLOBAL SECURITIES

The registered Debt Securities of a series may be issued in whole or in part in global form (a "Global Security") and will be registered in the name of and be deposited with a depositary (the "Depositary"), or its nominee, each of which will be identified in the Prospectus Supplement. Unless and until exchanged, in whole or in part, for Debt Securities in definitive registered form, a Global Security may not be transferred except as a whole by the Depositary for such Global Security to a nominee of the Depositary, by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of the successor.

The specific terms of the depositary arrangement with respect to any portion of a particular series of Debt Securities to be represented by a Global Security will be described in the Prospectus Supplement relating to such series and the Trust Indenture. The Company anticipates that the following provisions will apply to all depositary arrangements.

Upon the issuance of a Global Security, the Depositary therefor or its nominee will credit, on its book entry and registration system, the respective principal amounts of the Debt Securities represented by the Global Security to the accounts of such persons having accounts with such Depositary or its nominee ("Participants"). Such accounts shall be designated by the underwriters, dealers or agents participating in the distribution of the Debt Securities or by the Company if such Debt Securities are offered and sold directly by the Company. Ownership of beneficial interests in a Global Security will be limited to participants or persons that may hold beneficial interests through participants. Ownership of beneficial interests in a Global Security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the Depositary therefor or its nominee (with respect to interest of Participants) or by Participants or persons that hold through Participants (with respect to interests of persons other than Participants). The laws of some states in the United States may require that certain purchasers of securities take physical delivery of such securities in definitive form.

So long as the Depositary for a Global Security or its nominee is the registered owner of the Global Security, such Depositary or such nominee, as the case may be, will be considered the sole owner or holder of the Debt Securities represented by the Global Security for all purposes under the Trust Indenture. Except as provided below, owners of beneficial interests in a Global Security will not be entitled to have Debt Securities of the series represented by the Global Security registered in their names, will not receive or be entitled to receive physical delivery of Debt Securities of such series in definitive form and will not be considered the owners or holders thereof under the Trust Indenture.

-14-

Any payments of principal of, premium, if any, and interest on Global Securities registered in the name of a Depositary or its nominee will be made to the Depositary or its nominee, as the case may be, as the registered owner of the Global Security representing such Debt Securities. None of the Company, the Debt Securities Trustee or any paying agent for Debt Securities represented by the Global Securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests of the Global Security or for maintaining, supervising or reviewing

Edgar Filing: PAN AMERICAN SILVER CORP - Form F-10

any records relating to such beneficial ownership interests.

The Company expects that the Depositary for a Global Security or its nominee, upon receipt of any payment of principal, premium or interest, will immediately credit Participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the Global Security as shown on the records of such Depositary or its nominee. The Company also expects that payments by Participants to owners of beneficial interests in a Global Security held through such Participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in "street name", and will be the responsibility of such Participants.

If a Depositary for a Global Security representing a particular series of Debt Securities is at any time unwilling or unable or no longer qualified to continue as depositary and a successor depositary is not appointed by the Company within 90 days, the Company will issue Debt Securities of such series in definitive form in exchange for a Global Security representing such series of Debt Securities. In addition, the Company may at any time and in its sole discretion determine not to have Debt Securities of a series represented by a Global Security and, in such event, will issue Debt Securities of a series in definitive form in exchange for all of the Global Securities representing the series of Debt Securities.

MERGER, AMALGAMATION OR CONSOLIDATION

The Trust Indenture will provide that the Company may not consolidate with or amalgamate or merge with or into any other person or convey, transfer or lease its properties and assets substantially as an entirety to another person, unless among other items:

- o the Company is the surviving person, or the resulting, surviving or transferee person, if other than the Company, is organized and existing under the laws of Canada, any province or territory thereof, the United States, any state thereof or the District of Columbia, or, if the amalgamation, merger, consolidation or other transaction would not impair the rights of holders, any other country;
- o the successor person assumes all obligations of the Company under the Debt Securities and the Trust Indenture; and
- o the Company or such successor person will not be in default under the Trust Indenture immediately after the transaction.

When such a person assumes the Company's obligations in such circumstances, subject to certain exceptions, the Company shall be discharged from all obligations under the Debt Securities and the Trust Indenture.

TAX REDEMPTION

If and to the extent specified in an applicable Prospectus Supplement and Trust Indenture, the Debt Securities of a series will be subject to redemption at any time, in whole but not in part at a

-15-

redemption price equal to the principal amount thereof together with accrued and unpaid interest to the date fixed for redemption, upon the giving of a notice as described below: if (i) the Company determines that (A) as a result of any

Edgar Filing: PAN AMERICAN SILVER CORP - Form F-10

change in or amendment to the laws (or any regulations or rulings promulgated thereunder) of Canada or of any political subdivision or taxing authority thereof or therein affecting taxation, or any change in official position regarding application or interpretation of such laws, regulations or rulings (including a holding by a court of competent jurisdiction), which change or amendment is announced or becomes effective on or after a date specified in the applicable Prospectus Supplement and Trust Indenture if any date is so specified, the Company has or will become obligated to pay, on the next succeeding date on which interest is due, Additional Amounts with respect to any Debt Security of such series as described below under "Canadian Withholding Taxes"; or (B) on or after a date specified in the applicable Prospectus Supplement, any action has been taken by any taxing authority of, or any decision has been rendered by a court of competent jurisdiction in, Canada or any province or territory thereof, including any of those actions specified in (A) above, whether or not such action was taken or decision was rendered with respect to the Company, or any change, amendment, application or interpretation shall be officially proposed, which, in any such case, in the written opinion to the Company of legal counsel of recognized standing, will result in the Company becoming obligated to pay, on the next succeeding date on which interest is due, Additional Amounts with respect to any Debt Securities of such series; and (ii) in any such case, the Company in its business judgment determines that such obligation cannot be avoided by the use of reasonable measures available to the Company; provided however, that (a) no such notice of redemption may be given earlier than 90 days prior to the earliest date on which the Company would be obligated to pay such Additional Amounts were a payment in respect of the Debt Securities then due, and (b) at the time such notice of redemption is given, such obligation to pay such Additional Amounts remains in effect.

In the event that the Company elects to redeem the Debt Securities of such series pursuant to the provisions set forth in the preceding paragraph, the Company shall deliver to the Debt Securities Trustee a certificate, signed by an authorized officer, stating that the Company is entitled to redeem the Debt Securities of such series pursuant to their terms.

CANADIAN WITHHOLDING TAXES

If and to the extent specified in an applicable Prospectus Supplement and Trust Indenture, all payments made by or on behalf of the Company under or with respect to the Debt Securities will be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other government charge (including penalties, interest and other liabilities related thereto) imposed or levied by or on behalf of the Government of Canada or of any province or territory thereof or by any authority or agency therein or thereof having power to tax ("Canadian Taxes") unless the Company is required to withhold or deduct Canadian Taxes by law or by the interpretation or administration thereof by the relevant government authority or agency.

If the Company is so required to withhold or deduct any amount for or on account of Canadian Taxes from any payment made under or with respect to the Debt Securities, the Company will pay as additional interest such additional amounts ("Additional Amounts") as may be necessary so that the net amount received by each holder of Debt Securities after such withholding or deduction (including with respect to Additional Amounts) will not be less than the amount the holder of Debt Securities would have received if such Canadian Taxes had not been withheld or deducted (a similar payment will also be made to holders of Debt Securities (other than Excluded Holders as defined herein) that are exempt from withholding but required to pay tax under Part XIII of the Income Tax Act (Canada) (the "Tax Act") directly on amounts otherwise subject to withholding); provided, however, that no Additional Amounts will be payable with respect to a payment made to a holder of Debt Securities (an "Excluded Holder") in respect of the beneficial owner thereof:

-16-

- (1) with which the Company does not deal at arm's length (for purposes of the Tax Act) at the time of the making of such payment;
- (2) which is subject to such Canadian Taxes by reason of its failure to comply with any certification, identification, information, documentation or other reporting requirement if compliance is required by law, regulation, administrative practice or an applicable treaty as a precondition to exemption from, or a reduction in the rate of deduction or withholding of, such Canadian Taxes; or
- (3) which is subject to such Canadian Taxes by reason of its carrying on business in or being connected with Canada or any province or territory thereof otherwise than by the mere holding of Debt Securities or the receipt of payment thereunder.

The Company will make such withholding or deduction and remit the full amount deducted or withheld to the relevant authority as and when required in accordance with applicable law. The Company will pay all taxes, interest and other liabilities which arise by virtue of any failure of the Company to withhold, deduct and remit to the relevant authority on a timely basis the full amounts required in accordance with applicable law. The Company will furnish to the holder of the Debt Securities, within 30 days after the date the payment of any Canadian Taxes is due pursuant to applicable law, certified copies of tax receipts evidencing such payment by the Company.

The foregoing obligations shall survive any termination, defeasance or discharge of the Trust Indenture.

PROVISION OF FINANCIAL INFORMATION

Unless stated otherwise in an applicable Prospectus Supplement and Trust Indenture, the Company will file with the Debt Securities Trustee and mail to all holders of Debt Securities, as their names and addresses appear in the security register, copies of its annual report or the information, documents and other reports that the Company is required to provide to its shareholders pursuant to the applicable Canadian securities legislation and the Company Act (British Columbia) and information filed by the Company with the SEC. The Company will agree to continue to provide the Debt Securities Trustee and holders (a) within 140 days after the end of each financial year, an annual report; and (b) within 60 days after the end of each of the first three financial quarters of each financial year, quarterly reports, even if the Company is no longer required to do so under the Canadian securities legislation or the Company Act (British Columbia) and information filed by the Company with the SEC. The information contained in these reports will be, at a minimum, the information required to be provided in annual and quarterly reports by law in Canada to security holders of a corporation with securities listed on the TSX whether or not the Company has any of its securities listed on such stock exchange.

EVENTS OF DEFAULT

When the Company uses the term "event of default" in this Prospectus, the Company means:

- o the Company fails to pay principal of, or any premium on, any Debt Securities of that series when it is due;

- o the Company fails to pay interest or any additional amounts on any Debt Securities of that series for 30 days from the date such amounts are due;

-17-

- o the Company fails to comply with any of its other agreements in the Trust Indenture that affect or are applicable to the Debt Securities for 60 days after the Company receives written notice from the Debt Securities Trustee or after the Company and the Debt Securities Trustee receive written notice from the holders of at least 25% in aggregate principal amount of the outstanding Debt Securities;
- o certain events involving its bankruptcy, insolvency or reorganization; and
- o any other event of default provided for that series of Debt Securities in the Trust Indenture.

An event of default under one series of Debt Securities will not necessarily be an event of default under another series. The Debt Securities Trustee may withhold notice to the holders of Debt Securities of any event of default (except in the payment of principal or interest) if in good faith it considers it in the interests of the holders to do so.

If an event of default for any series of Debt Securities occurs and continues, the Debt Securities Trustee or the holders of at least 25% in aggregate principal amount of the Debt Securities of that series, subject to any subordination provisions, may require the Company to repay immediately:

- o the entire principal of the Debt Securities of the series; or
- o if the Debt Securities are discounted securities, that portion of the principal as is described in the applicable Prospectus Supplement and Trust Indenture.

If an event of default relates to events involving the Company's bankruptcy, insolvency or reorganization, the principal of all Debt Securities will become immediately due and payable without any action by the Debt Securities Trustee or any holder. Subject to certain conditions, the holders of a majority of the aggregate principal amount of the Debt Securities of the affected series can rescind this accelerated payment requirement.

If Debt Securities are discounted securities, the applicable Prospectus Supplement will contain provisions relating to the acceleration of maturity of a portion of the principal amount of the discounted securities upon the occurrence or continuance of an event of default.

Other than its duties in case of an event of default, the Debt Securities Trustee is not obligated to exercise any of its rights or powers under the Trust Indenture at the request, order or direction of any holders, unless the holders offer the Debt Securities Trustee reasonable indemnity. If they provide this reasonable indemnity, the holders of a majority in principal amount of any series of Debt Securities may, subject to certain limitations, direct the time, method and place of conducting any proceeding or any remedy available to the Debt Securities Trustee, or exercising any power conferred upon the Debt Securities Trustee, for any series of Debt Securities.

Edgar Filing: PAN AMERICAN SILVER CORP - Form F-10

The Company will be required to furnish to the Debt Securities Trustee a statement annually as to its compliance with all conditions and covenants under the Trust Indenture and, if the Company is not in compliance, the Company must specify any events of default.

No holder of Debt Securities of any series will have any right to institute any proceeding with respect to the Trust Indenture, or for the appointment of a receiver or a trustee, or for any other remedy, unless:

-18-

- (1) the holder has previously given to the Debt Securities Trustee written notice of a continuing event of default with respect to the Debt Securities of the affected series;
- (2) the holders of at least 25% in principal amount of the outstanding Debt Securities of the series affected by an event of default have made a written request, and the holders have offered reasonable indemnity, to the Debt Securities Trustee to institute a proceeding as trustee; and
- (3) the Debt Securities Trustee has failed to institute a proceeding, and has not received from the holders of a majority in aggregate principal amount of the outstanding Debt Securities of the series affected by an event of default a direction inconsistent with the request, within 60 days after their notice, request and offer.

However, the above limitations do not apply to a suit instituted by a holder of Debt Securities for the enforcement of payment of principal of, or any premium or interest on, the Debt Securities on or after the applicable due date specified in the Debt Securities.

DEFEASANCE

When the Company uses the term "defeasance" in this Prospectus, the Company means discharge from some or all of its obligations under a Trust Indenture. If the Company deposits with the Debt Securities Trustee sufficient cash or government securities to pay the principal, interest, any premium and any other sums due to the stated maturity date or a redemption date of the Debt Securities of a series, then at its option:

- o the Company will be discharged from its obligations with respect to the Debt Securities of that series; or
- o the Company will no longer be under any obligation to comply with certain restrictive covenants under the Trust Indenture, and certain events of default will no longer apply to the Company.

If this happens, the holders of the Debt Securities of the affected series will not be entitled to the benefits of the Trust Indenture except for registration of transfer and exchange of Debt Securities and the replacement of lost, stolen or mutilated Debt Securities. These holders may look only to the deposited fund for payment on their Debt Securities.

To exercise its defeasance option, the Company must deliver to the Debt Securities Trustee:

Edgar Filing: PAN AMERICAN SILVER CORP - Form F-10

- (1) an opinion of counsel in Canada or a ruling from the Canada Customs and Revenue Agency to the effect that the holders of the outstanding Debt Securities of the affected series will not recognize income, gain or loss for Canadian federal, provincial or territorial income or other tax purposes as a result of a defeasance and will be subject to Canadian federal or provincial income tax and other tax on the same amounts, in the same manner and at the same times as would have been the case had the defeasance not occurred;
- (2) an opinion of counsel in the United States to the effect that the holders of the outstanding Debt Securities of the affected series will not recognize gain or loss for United States federal income tax purposes as a result of a defeasance and will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the defeasance had not occurred; and

-19-

- (3) a certificate of an officer of the Company and an opinion of counsel, each stating that all conditions precedent provided for relating to defeasance have been satisfied.

If the Company will be discharged from its obligations with respect to the Debt Securities, and not just from its covenants, the U.S. opinion must be based upon a ruling from or published by the United States Internal Revenue Service or a change in law to that effect.

In addition to the delivery of the opinions described above, the following conditions must be met before the Company may exercise its defeasance option:

- o no event of default or event that, with the passing of time or the giving of notice, or both, shall constitute an event of default shall have occurred and be continuing for the Debt Securities of the affected series;
- o the Company is not an "insolvent person" within the meaning of applicable bankruptcy and insolvency legislation; and
- o other customary conditions precedent are satisfied.

MODIFICATION AND WAIVER

The Company may modify a Trust Indenture with the consent of the holders of a majority in aggregate principal amount of the outstanding Debt Securities of each series affected by the modification. However, without the consent of each holder affected, no modification may:

- o change the stated maturity of the principal of (or premium, if any), or any installment of interest, if any, on any Debt Securities;
- o reduce the principal, premium, if any, or interest rate or any obligation to pay any additional amounts;
- o reduce the amount of principal of a Debt Security payable upon acceleration of its maturity;

Edgar Filing: PAN AMERICAN SILVER CORP - Form F-10

- o change the place or currency of any payment;
- o affect the holder's right, if any, to require the Company to repurchase the Debt Securities at the holder's option;
- o impair the right of the holders to institute a suit to enforce their rights to payment;
- o adversely affect any conversion or exchange right related to a series of Debt Securities;
- o change the percentage of Debt Securities required to modify the Trust Indenture or to waive compliance with certain provisions of the Trust Indenture; or
- o reduce the percentage in principal amount of outstanding Debt Securities necessary to take certain actions.

The holders of a majority in principal amount of outstanding Debt Securities of any series may on behalf of the holders of all Debt Securities of that series waive, in so far as only that series is concerned, past defaults under the Trust Indenture and the Company's compliance with certain restrictive provisions

-20-

of the Trust Indenture. However, these holders may not waive a default in any payment on any Debt Securities or compliance with a provision that cannot be modified without the consent of each holder affected.

The Company may modify the Trust Indenture without the consent of the holders to:

- o evidence its successor under the Trust Indenture;
- o add to covenants or surrender any right or power for the benefit of holders;
- o add events of default;
- o provide for bearer securities to become registered securities under the Trust Indenture and make other such changes to bearer securities that in each case do not materially and adversely affect the interests of holders of outstanding Debt Securities;
- o establish the forms of the Debt Securities;
- o appoint a successor trustee under the Trust Indenture;
- o add provisions to permit or facilitate the defeasance or discharge of the Debt Securities as long as there is no adverse affect on the holders;
- o cure any ambiguity, correct or supplement any defective or inconsistent provision, make any other provisions in each case that would not materially and adversely affect the interests of holders of outstanding securities and related coupons, if any; or

Edgar Filing: PAN AMERICAN SILVER CORP - Form F-10

- o to change or eliminate any provisions where such change takes effect when there are no securities outstanding under the Trust Indenture.

GOVERNING LAW

THE TRUSTEE

The Debt Securities Trustee under the Trust Indenture or its affiliates may provide banking, registrar and transfer agency and other services to the Company in the ordinary course of their business.

PLAN OF DISTRIBUTION

GENERAL

The Company may offer and sell the Securities, separately or together: (i) to one or more underwriters or dealers; (ii) through one or more agents; or (iii) directly to one or more other purchasers. The Securities offered pursuant to any Prospectus Supplement may be sold from time to time in one or more transactions at: (i) a fixed price or prices, which may be changed from time to time; (ii) market prices prevailing at the time of sale; (iii) prices related to such prevailing market prices; or (iv) other negotiated prices. The Company may only offer and sell the Securities pursuant to a Prospectus Supplement during the 25-month period that this Prospectus, including any amendments hereto, remains valid. The Prospectus Supplement for any of the Securities being offered thereby will set forth the terms of the offering of such Securities, including the type of Security being offered, the name or names of any underwriters, dealers or agents, the purchase price of such Securities, the proceeds to the Company from such sale, any underwriting commissions or discounts and other items constituting underwriters' compensation and any discounts or concessions allowed or re-allowed or paid to dealers. Only underwriters so named in the Prospectus Supplement are deemed to be underwriters in connection with the Securities offered thereby.

BY UNDERWRITERS OR DEALERS

If underwriters are used in the sale, the Securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Unless otherwise set forth in the Prospectus Supplement relating thereto, the obligations of underwriters to purchase the Securities will be subject to certain conditions, but the underwriters will be obligated to purchase all of

Edgar Filing: PAN AMERICAN SILVER CORP - Form F-10

the Securities offered by the Prospectus Supplement if any of such Securities are purchased. The Company may agree to pay the underwriters a fee or commission for various services relating to the offering of any Securities. Any such fee or commission will be paid out of the general corporate funds of the Company.

If dealers are used, and if so specified in the applicable Prospectus Supplement, the Company will sell such Securities to the dealers as principals. The dealers may then resell such Securities to the public at varying prices to be determined by such dealers at the time of resale. Any public offering price and any discounts or concessions allowed or re-allowed or paid to dealers may be changed from time to time.

BY AGENTS

The Securities may also be sold through agents designated by the Company. Any agent involved will be named, and any fees or commissions payable by the Company to such agent will be set forth, in the applicable Prospectus Supplement. Any such fees or commissions will be paid out of the general corporate funds of the Company. Unless otherwise indicated in the Prospectus Supplement, any agent will be acting on a best efforts basis for the period of its appointment.

DIRECT SALES

Securities may also be sold directly by the Company at such prices and upon such terms as agreed to by the Company and the purchaser. In this case, no underwriters, dealers or agents would be involved in the offering.

-22-

GENERAL INFORMATION

Underwriters, dealers or agents who participate in the distribution of Securities may be entitled under agreements to be entered into with the Company to indemnification by the Company against certain liabilities, including liabilities under Canadian provincial and United States securities legislation, or to contribution with respect to payments which such underwriters, dealers or agents may be required to make in respect thereof. Such underwriters, dealers or agents may be customers of, engage in transactions with, or perform services for, the Company in the ordinary course of business.

In connection with any offering of Securities, underwriters may over-allot or effect transactions which stabilize or maintain the market price of the Securities offered at a level above that which might otherwise prevail in the open market. Such transactions may be commenced, interrupted or discontinued at any time.

In accordance with the rules of the National Association of Securities Dealers, Inc., the Company will not pay a commission to a broker-dealer in connection with any sale of Securities under this Prospectus that is in excess of 6%.

CHANGES TO CONSOLIDATED CAPITALIZATION

Since December 31, 2002, the following changes have occurred to the share and loan capital of the Company, on a consolidated basis:

- o on February 20, 2003, the Company completed the acquisition of

Edgar Filing: PAN AMERICAN SILVER CORP - Form F-10

Corner Bay Silver Inc. by issuing 7,636,659 Common Shares and 3,818,329 warrants to purchase Common Shares (having an exercise price of Cdn\$12.00 for a five-year period ending February 20, 2008). The Company also granted 553,846 stock options to purchase Common Shares (having exercise prices of between Cdn\$4.55 and Cdn.\$12.00 and having exercise periods of between one and five years from the date of grant) in consideration for the termination of 960,000 fully vested stock options held by employees and shareholders of Corner Bay;

- o the Company issued 507,171 Common Shares pursuant to the exercise of stock options;
- o the Company issued 100,000 Common Shares pursuant to the exercise of warrants;
- o the Company reduced its \$5.15 million loan on the Huaron property from Banco de Credito del Peru by \$812,000. The Huaron loan bears interest at six-month LIBOR plus 3% and is repayable at the rate of \$135,417 per month;
- o Pan American drew down \$8,000,000 of its \$10,000,000 La Colorada project loan facility with International Finance Corporation ("IFC"). The IFC loan bears interest at six-month LIBOR plus 3.50% until certain technical and financial tests are achieved and six-month LIBOR plus 3.25% thereafter. The IFC loan is repayable in semi-annual instalments of \$1,000,000 commencing November 14, 2004. In addition to the interest payments on the outstanding balance of the IFC loan, Pan American will be required to make additional payments to IFC if the average price of silver for a year exceeded \$4.75 per ounce. Such payment would be equal to 20% of the positive difference between the average price per ounce of silver for a year and \$4.75 multiplied by the number of ounces of silver produced by the La Colorada mine divided by \$10,000,000 and multiplied by the greater of the loan balance at the end of the year or the originally scheduled loan balance at the end of a year; and

-23-

- o Pan American has sold forward 11,400 tonnes of zinc. These sales were designated as a hedge and represent sales of 1,100 tonnes per month for each of the months of June 2003 through and including February 2004 at a price of \$824 per tonne and sales of 500 tonnes per month for each of the months of March 2004 through and including May 2004 at a price of \$817 per tonne. The difference between the average monthly London zinc cash settlement price and the forward sales price will be credited or charged to Pan American's revenue during the June 2003 through May 2004 period.

AUDITORS' REPORT
September 6, 2002

To the Directors of
Corner Bay Silver Inc.

We have audited the consolidated balance sheets of Corner Bay Silver Inc. as at June 30, 2002 and 2001 and the consolidated statements of operations and deficit and cash flows for each of the years in the three-year period ended June 30, 2002. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with Canadian and United States generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the Company as at June 30, 2002 and 2001 and the results of its operations and its cash flows for each of the years in the three-year period ended June 30, 2002 in accordance with Canadian generally accepted accounting principles.

COMMENTS BY AUDITORS FOR U.S. READERS ON CANADA - U.S. REPORTING DIFFERENCES

In the United States, reporting standards for auditors require the addition of an explanatory paragraph (following the opinion paragraph) when the financial statements are affected by conditions and events that cast substantial doubt on the Company's ability to continue as a going concern, such as those described in note 1 to the consolidated financial statements. Our report to the shareholders dated September 6, 2002 is expressed in accordance with Canadian reporting standards, which do not permit a reference to such events and conditions in the auditors' report when they are adequately disclosed in the financial statements.

CORNER BAY SILVER INC.

Notes to the consolidated financial statements

December 31, 2002 and 2001 (unaudited) and June 30, 2002, 2001 and 2000

(expressed in Canadian dollars)

1. NATURE OF OPERATIONS AND GOING CONCERN

The Company is in the process of exploring its mineral properties and is establishing the amount of ore reserves that are economically recoverable from the Mexico property. The recoverability of amounts shown for these properties and related deferred exploration expenditures are dependent upon the discovery of economically recoverable reserves, the preservation of the Company's interest in the underlying mineral claims, the ability of the Company to obtain the financing necessary to complete the development of the properties, and future profitable production or, alternatively, upon the Company's ability to dispose of its interest on an advantageous basis. Changes in future conditions could require material writedowns of the carrying amounts of deferred exploration expenditure.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These consolidated financial statements have been prepared in accordance with Canadian generally accepted accounting principles (GAAP). Significant differences from United States accounting principles are disclosed in Note 15.

BASIS OF CONSOLIDATION

These consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries, Corner Bay Resources Inc. and Pan MacKenzie Resources Inc. (including its wholly owned subsidiary Minera Corner Bay S.A. de C.V.).

DEFERRED EXPLORATION EXPENDITURE

The deferred exploration expenditure is recorded at cost, net of incidental revenues generated from the particular properties. These net costs are deferred until the properties to which they relate are placed into production, sold or abandoned.

In March 2000, the Accounting Standards Board of the Canadian Institute of Chartered Accountants (CICA) issued Accounting Guideline No. 11 entitled, "Enterprises in the Development Stage" (AcG 11), and subsequently, on March 12, 2002, issued Emerging Issues Committee (EIC) 126 "Accounting by Mining Enterprises for Exploration Costs." These guidelines address three distinct issues: (i) capitalization of costs/expenditures (ii) impairment and (iii) disclosure. Prior to their issuance, development state entities were exempt from following certain aspects of Canadian generally accepted accounting principles (GAAP). EIC 126 and AcG 11 require that all companies account for transactions based on the underlying characteristics of the transactions rather than the maturity of the enterprise. In addition, EIC 126 and AcG 11 require

Edgar Filing: PAN AMERICAN SILVER CORP - Form F-10

specific disclosure of information by development stage companies. These guidelines were effective for financial periods beginning on or after April 1, 2000, which affects the Company's financial years ended on or after June 30, 2001.

F-7

CORNER BAY SILVER INC.

Notes to the consolidated financial statements

December 31, 2002 and 2001 (unaudited) and June 30, 2002, 2001 and 2000

(expressed in Canadian dollars)

EIC 126 and AcG 11 affect mining companies with respect to the deferral of exploration costs. The appropriate accounting guidance is contained in Section 3061, "Property, Plant and Equipment" of the CICA Handbook which permits, but does not require, exploration costs to be capitalized as part of a mining property, if the Company considers that such costs have the characteristics of property, plant and equipment. Under this view, deferred exploration expenditure would not automatically be subject to regular assessment of recoverability, unless conditions such as those discussed in EIC 126 and AcG 11 exist.

There would need to be an assessment of deferred exploration expenditure. Assessment of the probability of recoverability of deferred exploration expenditure from future operations will require the preparation of a projection based on objective evidence of economic reserves such as a feasibility study.

The status of the Company's operations is such that, like most mining companies in the exploration stage, it would not be practical to obtain a feasibility study or provide other information that could be used to support capitalization of deferred exploration expenditure under the alternative view.

EIC 126 and AcG 11 did not have a significant impact on the Company's consolidated financial statements.

PROPERTY, PLANT AND EQUIPMENT

Land and exploration equipment are recorded at cost. Exploration equipment is amortized on a reducing balance basis at various rates from 14% to 33%. Amortization relating to equipment used on the mineral properties is capitalized as part of the deferred exploration expenditure balance.

ASSETS UNDER CONSTRUCTION

Assets under construction consist of equipment to be commissioned at the Mexico property site. The assets will be included as part of the equipment balance once refurbished and transferred to the site. These assets are not being amortized, as they are not currently ready for use.

FINANCIAL INSTRUMENTS

The carrying amounts of cash, receivables, prepaid expenses and deposits, accounts payable and accrued liabilities approximate the fair values of those financial instruments due to the short-term maturities of such instruments. Financial instruments that potentially subject the Company

Edgar Filing: PAN AMERICAN SILVER CORP - Form F-10

to concentrations of credit risk consist primarily of cash. The Company places its cash with high credit quality financial institutions.

F-8

CORNER BAY SILVER INC.

Notes to the consolidated financial statements

December 31, 2002 and 2001 (unaudited) and June 30, 2002, 2001 and 2000

(expressed in Canadian dollars)

INCOME TAXES

The provision for future income taxes is based on the liability method. Future income taxes arise from the recognition of the tax consequences of temporary differences by applying statutory income tax rates applicable to future years to differences between the financial statements' carrying amounts and the income tax bases of certain assets and liabilities. The Company records a valuation allowance against any portion of those future income tax assets that it believes is not, more likely than not, to be realized.

STOCK-BASED COMPENSATION PLAN

The Company has one stock option plan, which is described in note 5. No compensation expense is recognized for this plan when stock or stock options are issued to employees. Any consideration paid on exercise of stock options or purchase of stock is credited to capital stock.

Effective July 1, 2002, the Company adopted the new recommendations of the Canadian Institute of Chartered Accountants Handbook Section 3870, Stock-based Compensation and Other Stock-based Payments. This section establishes standards for the recognition, measurement and disclosure of stock-based compensation and other stock-based payments in exchange for goods and services. The section requires that all stock-based awards made to non-employees be measured and recognized using a fair-value based method. The section encourages a fair-value based method for all awards granted to directors, officers and employees, but only requires the use of a fair value based method for direct awards of stock, stock appreciation rights and awards that call for settlement in cash or other assets.

For stock options granted to directors, officers and employees, the Company has adopted the intrinsic value method of accounting for stock-based compensation. Under this method compensation expense is recognized for the excess, if any, of the quoted market price of the Company's common shares over the common share option exercise price on the day that options are granted.

LOSS PER SHARE

Basic loss per share is computed by dividing the loss for the year by the weighted average number of common shares outstanding during the year, including contingently issuable shares that are included when the conditions necessary for issuance have been met. Diluted earnings per share are calculated in a manner similar to basic earnings per share, except the weighted average number of shares outstanding are increased to include potential common shares from the assumed exercise of options and warrants, if dilutive. The number of additional shares included in the

Edgar Filing: PAN AMERICAN SILVER CORP - Form F-10

calculation is based on the treasury stock method for options and warrants and on the as if converted method for convertible securities.

During the year ended June 30, 2001, the Company changed its method of accounting for earnings per share to comply with the revised standard issued by the CICA Handbook, Section 3500, "Earnings per share". There was no difference between the loss per share calculated under the new standard and the amount that would have been calculated using the previous standard.

Notes to the consolidated financial statements

December 31, 2002 and 2001 (unaudited) and June 30, 2002, 2001 and 2000

USE OF ESTIMATES

The preparation of financial statements in conformity with Canadian generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses during the reporting period. Actual results could differ from these estimates.

TRANSLATION OF FOREIGN CURRENCIES

As the Company considers all of its foreign operations to be fully integrated, all items denominated in foreign currencies have been translated using the temporal method. Under this method, monetary assets and liabilities and non-monetary items carried at market values are translated at the year and period end exchange rate. Other non-monetary items and revenue and expenses are translated at approximate rates in effect at the dates of the transactions, except depletion and amortization, which are translated at the same rates as the related assets.

- a) In accordance with U.S. GAAP, the Company would be required to charge all costs of deferred exploration expenditures to earnings as operating expenses as incurred until proven economic reserves are established. As a result of accounting for these expenditures in this manner, the unaudited loss for the six months ended December 31, 2002 and 2001 would be increased by \$537,714 and \$1,415,279, respectively, and loss for the years ended June 30, 2002, 2001 and 2000 would be increased by \$3,154,793, \$1,039,657 and \$993,487, respectively.

NEW STANDARDS FOR U.S. GAAP

In June 2001, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standard (SFAS) No. 142, "Goodwill and Other Intangible Assets". This new standard features new accounting rules for goodwill and intangible assets. The Company does not foresee any impact on a cumulative effect of an accounting change or on the carrying value of assets and liabilities recorded in the consolidated balance sheets upon adoption. SFAS No. 142 will be adopted on July 1, 2002.

Also issued in June 2001 was SFAS No. 143, "Accounting for Asset Retirement Obligations." This statement addresses financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated asset retirement costs. It requires that the fair value of a liability for an asset retirement obligation be recognized in the period in which it is incurred if a reasonable estimate of a fair value can be made. The associated asset retirement costs are capitalized as part of the carrying amount of the long-lived asset. The Company is analyzing the impact of SFAS No. 143 and will adopt this standard on July 1, 2002.

In August 2001, the FASB issued SFAS No. 144, "Accounting for the Impairment or Disposal of Long-lived Assets." This statement supersedes SFAS No. 121 and the accounting and reporting provisions of APB 30, and also amends ARB 51. This statement will require one accounting model be used for long-lived assets to be disposed of by sale, whether previously held and used or newly acquired, and will broaden the presentation of discontinued operations to include more disposal transactions. The Company is analyzing the impact of SFAS No. 144 and will adopt this standard on July 1, 2002.

Effective July 1, 2002, the Company will adopt, for United States reporting purposes, SFAS No. 145, "Rescission of FASB Statements No. 4, 44 and 64, Amendments of SFAS No. 13, and Technical Corrections as of April 2002." This statement rescinds SFAS No. 4, "Reporting Gains and Losses from Extinguishment of Debt," and an amendment of that statement, SFAS No. 64, "Extinguishment of Debt Made to Satisfy Sinking-Fund Requirements".

This statement also rescinds SFAS No. 44, "Accounting for Intangible Assets of Motor Carriers." This statement amends SFAS No. 13, "Accounting for Leases", to eliminate an inconsistency between the required accounting for sale-leaseback transactions and the required accounting for certain lease modifications that have economic effects that are similar to sale-leaseback transactions. This statement also amends other existing authoritative pronouncements to make various technical corrections, clarify meanings or describe their applicability under changed conditions. The adoption of the new standard is not currently expected to have a significant impact on the Company's results of operations or financial position.

NEW STANDARDS FOR U.S. GAAP, UNAUDITED TO DECEMBER 31, 2002

The Company adopted the following standards on July 1, 2002:

- i) the adoption of SFAS No. 142, Goodwill and Other Intangible Assets, did not have a material affect on the Company's consolidated financial position or results of operations.

CORNER BAY SILVER INC.

Notes to the consolidated financial statements

December 31, 2002 and 2001 (unaudited) and June 30, 2002, 2001 and 2000

(expressed in Canadian dollars)

- ii) the adoption of SFAS No. 143, Accounting for Asset Retirement Obligations, did not have a material impact on the Company's results of operations or shareholders' equity.
- iii) the adoption of SFAS No. 144, Accounting for the Impairment or Disposal of Long-lived Assets, did not have a material affect on the Company's consolidated financial position or results of operations.
- iv) the adoption of SFAS No. 145, Rescission of FASB Statements No. 4, 44 and 64, Amendments of SFAS No. 13, and Technical Corrections as of April 2002, did not have a material affect on the Company's results of operations or its financial position.

FINANCIAL ACCOUNTING STANDARDS BOARD (FASB)

On July 30, 2002, the FASB issued SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities." The standard requires companies to recognize costs associated with exit or disposal activities when they are incurred rather than at the date of a commitment to an exit or disposal plan. Examples of costs covered by the standard include lease termination costs and certain employee severance costs that are associated with a restructuring, discontinued operation, plant closing or other exit or disposal activity. SFAS No. 146 is to be applied retroactively to exit or disposal activities initiated after December 31, 2002. The adoption of the new standard is not currently expected to have a significant impact on the Company's result of operations or financial position.

NEW STANDARD FOR CANADIAN GAAP

The CICA approved a new Handbook Section 3062, "Goodwill and Other Intangible Assets," which require intangible assets with an indefinite life and goodwill to be tested for impairment on annual basis. Goodwill and indefinite life intangible assets will no longer be amortized. Intangible assets with definite lives will continue to be amortized over their useful lives. The new section is consistent with those recently approved by the FASB (SFAS No. 142). The adoption of this new standard is not expected to have any material effect on the Company's financial position, results of operations or cash flows. Section 3026 was adopted on July 1, 2002 and the Company does not expect this adoption to have a significant impact on the Company's results of operations or financial position.

1. BASIS OF PRESENTATION

The unaudited pro forma consolidated financial statements of Pan American Silver Corp. ("Pan American") as at December 31, 2002 and for the three months ended March 31, 2003 and the year ended December 31, 2002 have been prepared by management after giving effect to the acquisition by Pan American of Corner Bay Silver Inc. ("Corner Bay") These unaudited pro forma consolidated financial statements have been compiled from and include:

- A pro forma balance sheet combining the audited balance sheet of Pan American as at December 31, 2002 with the unaudited balance sheet of Corner Bay as at December 31, 2002; and
- A pro forma statement of operations combining the audited statement of operations of Pan American for the year ended

Edgar Filing: PAN AMERICAN SILVER CORP - Form F-10

December 31, 2002 with the unaudited statement of operations of Corner Bay for the twelve month period ended December 31, 2002.

- (c) A pro forma statement of operations combining the unaudited statement of operations of Pan American for the three months ended March 31, 2003 with the unaudited statement of operations of Corner Bay for the three month period ended March 31, 2003.

The pro forma balance sheet at December 31, 2002 has been prepared as if the transactions described in Note 3 had occurred on December 31, 2002. The pro forma statement of operations for the year ended December 31, 2002 and the three months ended March 31, 2003 have been prepared as if the transactions described in Note 3 had occurred on the first day of the respective financial periods.

In addition to disclosures required under Canadian security regulations to comply with the Securities and Exchange Commission regulations, the Company has reconciled the pro forma information to US GAAP (see Note 6).

It is management's opinion that these pro forma consolidated financial statements include all adjustments necessary for the fair presentation of the transactions described in Note 3 in accordance with Canadian generally accepted accounting principles applied on a basis consistent with Pan American's accounting policies. The pro forma consolidated financial statements are not intended to reflect the results of operations or the financial position of Pan American which would have actually resulted had the proposed transactions been effected on the dates indicated. Further, the pro forma financial information is not necessarily indicative of the results of operations that may be obtained in the future.

The unaudited pro forma financial statements should be read in conjunction with the historical financial statements and notes thereto of Pan American and Corner Bay described above.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The unaudited pro forma financial statements have been compiled using the significant accounting policies as set out in the audited financial statements of Pan American for the year ended December 31, 2002. 3. BUSINESS COMBINATION

Acquisition of Corner Bay

On February 20, 2003, Pan American completed its proposed merger with Corner Bay. Under the terms of the acquisition common shares of Corner Bay were, directly or indirectly, exchanged for common shares of Pan American and warrants to purchase Pan American common shares, on the basis of one Pan American common share for every 2.60 Corner Bay shares and one Pan American warrant for every 5.20 Corner Bay common shares. Pan American also agreed to issue 553,846 stock options to replace 960,000 fully vested stock options currently held by Corner Bay employees and directors.

Each whole Pan American warrant will allow the holder to purchase a Pan American common share for a price of Cdn.\$12.00 for a five-year period ended February 20, 2008.

As a result, Pan American issued 7,636,659 common shares to the shareholders of Corner Bay, and 3,818,329 warrants to purchase common shares. The common shares issued were valued at \$54,203,000 which was derived from an issue price of \$11.30 translated at \$0.6595 for each U.S. dollar, less a deemed 5% issue cost of \$2,707,000. The share purchase warrants were valued at \$8,889,000, which was derived from a warrant valued at \$2.328 per warrant. The warrants were valued using an option pricing model assuming a weighted average volatility of the Company's share price of 35% and a weighted average annual risk free rate of 4.16%. The value of the stock options granted was determined to be \$1,136,000.

3. BUSINESS COMBINATION (CONTINUED)

Acquisition of Corner Bay (continued)

The business combination will be accounted for as an acquisition by Pan American of Corner Bay and the purchase method of accounting will be applied. The consideration given has been allocated to the fair value of net assets acquired as follows:

Fair value of net assets acquired
Current assets
Mineral properties

Edgar Filing: PAN AMERICAN SILVER CORP - Form F-10

Other assets

Less: Current liabilities
 Provision for future income tax liability

Consideration given by Pan American
 Issue of 7,636,659 common shares
 Issue of 3,818,329 share purchase warrants
 Issue of 553,846 replacement stock options

Add: Estimated costs of acquisition

The purchase consideration of \$64,748,000 for 100% of Corner Bay exceeds the carrying value of the net assets at December 31, 2002 by \$53,880,000 which has been applied to increase the carrying value of mineral properties. The resulting future income tax liability of \$18,858,000 has also been applied to increase the carrying value of mineral properties. This allocation is preliminary.

The value of the common shares to be issued by Pan American was estimated based on the average closing price of Pan American's common shares for the period before and after the date that the terms of the transaction were agreed and announced.

PART II

INFORMATION NOT REQUIRED TO BE DELIVERED TO OFFEREES OR PURCHASERS

INDEMNIFICATION.

Section 128 of the Company Act (British Columbia) (the "BCCA") authorizes a company, with the approval of the court, to indemnify past and present directors and officers of the company and past and present directors and officers of a corporation of which the company is or was a shareholder, against liabilities incurred in connection with the provision of their services as such if the director or officer acted honestly and in good faith with a view to the best interests of the company and, in the case of a criminal or administrative proceeding, if he or she had reasonable grounds for believing that his or her conduct was lawful. Section 128 of the BCCA provides that a company may purchase and maintain liability insurance for the benefit of such directors and officers.

In accordance with the BCCA, the Articles of the Registrant provide that the Registrant will indemnify its directors, former directors, Secretary or Assistant Secretary, and may indemnify its officers, employees or agents and those of its subsidiaries, and directors and former directors of its subsidiaries, and each of their respective heirs and representatives, against all losses, charges and expenses howsoever incurred by them as a result of their actions in such capacities. The Registrant has entered into agreements with each of its directors confirming this indemnity. The failure of a director or officer of the Registrant to comply with the provisions of the BCCA or the Registrant's Memorandum or Articles, however, will invalidate any indemnity which he or she

Edgar Filing: PAN AMERICAN SILVER CORP - Form F-10

is entitled to.

A policy of directors' and officers' liability insurance is maintained by the Registrant which insures directors and officers for losses as a result of claims against the directors and officers of the Registrant in the indemnity provisions under the Articles and the BCCA.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 (the "Securities Act") may be permitted to directors, officers or persons controlling the Registrant pursuant to the foregoing provisions, the Registrant has been informed that in the opinion of the U.S. Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.
