FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the Quarterly Period Ended October 30, 2010

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____.

Commission File No. 001-31463

DICK S SPORTING GOODS, INC.

(Exact name of registrant as specified in its charter)

Delaware

(State or Other Jurisdiction of
incorporation or Organization)

16-1241537

(I.R.S. Employer
Identification No.)

345 Court Street, Coraopolis, Pennsylvania 15108

(Address of Principal Executive Offices)

(724) 273-3400

(Registrant's Telephone Number, including Area Code)

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of large accelerated filer, accelerated filer and smaller reporting company in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer Accelerated filer Non-accelerated filer Smaller reporting company
(Do not check if a smaller reporting company)

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act)

Yes No

The number of shares of common stock, par value \$0.01 per share, and Class B common stock, par value \$0.01 per share, outstanding as of November 17, 2010 was 91,658,187 and 24,960,870, respectively.

Table of Contents

DICK'S SPORTING GOODS, INC. AND SUBSIDIARIES
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

1. Company

Dick's Sporting Goods, Inc. (together with its subsidiaries, the Company) is a specialty retailer selling sporting goods equipment, footwear and apparel through its 516 stores, the majority of which are located throughout the eastern half of the United States. Unless otherwise specified, any reference to year is to our fiscal year and when used in this Form 10-Q and unless the context otherwise requires, the terms Dick's, we, us, the Company and our refer to Dick's Sporting Goods, Inc. and its wholly-owned subsidiaries.

2. Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared by us in accordance with the requirements for Form 10-Q and do not include all the disclosures normally required in annual consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States of America. The interim financial statements are unaudited and have been prepared on the same basis as the audited financial statements. In the opinion of management, such unaudited information includes all adjustments (consisting only of normal recurring adjustments) necessary for a fair presentation of the interim financial information. This unaudited interim financial information should be read in conjunction with the audited consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended January 30, 2010 as filed with the Securities and Exchange Commission on March 18, 2010. Operating results for the 13 and 39 weeks ended October 30, 2010 are not necessarily indicative of the results that may be expected for the year ending January 29, 2011 or any other period.

Certain amounts in the unaudited consolidated financial statements of prior year periods have been reclassified to conform to the current period's presentation. The Company reclassified gains and losses associated with changes in its deferred compensation plan investment values and interest income from interest expense, net, to a separate line item on the unaudited consolidated statements of income. These changes were reflected for all periods presented.

3. Store Closing and Relocation Reserves

The calculation of accrued store closing and relocation reserves primarily includes future minimum lease payments, maintenance costs and taxes from the date of closure or relocation to the end of the remaining lease term, net of contractual or estimated sublease income. The liability is discounted using a credit-adjusted risk-free rate of interest. The assumptions used in the calculation of the accrued store closing and relocation reserves are evaluated each quarter.

The following table summarizes the activity in fiscal 2010 and 2009 (in thousands):

	39 Weeks Ended	
	October 30, 2010	October 31, 2009
Accrued store closing and relocation reserves, beginning of period	\$ 35,716	\$ 44,621
Expense charged to earnings	19,386	1,668
Cash payments	(8,192)	(11,815)
Interest accretion and other changes in assumptions	120	(4,161)
Accrued store closing and relocation reserves, end of period	47,030	30,313
Less: current portion of accrued store closing and relocation reserves	(14,913)	(7,304)
Long-term portion of accrued store closing and relocation reserves	\$ 32,117	\$ 23,009

The Company recorded \$16.4 million of expenses related to the closure of 12 underperforming Golf Galaxy stores in the third quarter of fiscal 2010. These expenses are reflected as part of selling, general and administrative expenses on

the unaudited consolidated statements of income.

The current portion of accrued store closing and relocation reserves is recorded in accrued expenses and the long-term portion is recorded in long-term deferred revenue and other liabilities on the unaudited consolidated balance sheets.

Table of Contents**4. Earnings per Share**

The computation of basic earnings per share is based on the weighted average number of common shares outstanding during the period. The computation of diluted earnings per share is based on the weighted average number of common shares outstanding during the period plus the incremental number of shares that would be outstanding assuming exercise of dilutive stock options and warrants or the vesting of restricted stock during the period. The number of incremental shares from such activity is calculated by applying the treasury stock method. The computations for basic and diluted earnings per share are as follows (in thousands, except per share data):

	13 Weeks Ended		39 Weeks Ended	
	October 30, 2010	October 31, 2009	October 30, 2010	October 31, 2009
Net income	\$ 16,863	\$ 18,854	\$ 94,588	\$ 68,000
Weighted average common shares outstanding (for basic calculation)	116,024	113,266	115,665	112,699
Dilutive effect of outstanding common stock options, restricted stock and warrants	5,384	5,438	5,280	4,686
Weighted average common shares outstanding (for diluted calculation)	121,408	118,704	120,945	117,385

Net earnings per common share basic	\$ 0.15	\$ 0.17	\$ 0.82	\$ 0.60
Net earnings per common share diluted	\$ 0.14	\$ 0.16	\$ 0.78	\$ 0.58

Potentially dilutive shares are excluded from the computation of earnings per share if their effect is anti-dilutive.

Anti-dilutive options and restricted stock awards excluded from the calculation of earnings per share for the 13 weeks ended October 30, 2010 and October 31, 2009 were 3.7 million and 4.0 million, respectively. Anti-dilutive options and restricted stock excluded from the calculation of earnings per share for the 39 weeks ended October 30, 2010 and October 31, 2009 were 4.2 million and 7.2 million, respectively.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**FORWARD-LOOKING STATEMENTS**

We caution that any forward-looking statements (as such term is defined in the Private Securities Litigation Reform Act of 1995) contained in this Quarterly Report on Form 10-Q or made by our management involve risks and uncertainties and are subject to change based on various important factors, many of which may be beyond our control. Accordingly, our future performance and financial results may differ materially from those expressed or implied in any such forward-looking statements. Investors should not place undue reliance on forward-looking statements as a prediction of actual results. You can identify these statements as those that may predict, forecast, indicate or imply future results, performance or advancements and by forward-looking words such as *believe, anticipate, expect, estimate, predict, intend, plan, project, goal, will, will be, will continue, will result, could, may*, variations of such words or other words with similar meanings. Forward-looking statements address, among other things, our expectations, our growth strategies, including our plans to open new stores, our efforts to increase profit margins and return on invested capital, plans to grow our private brand business, projections of our future profitability, results of operations, capital expenditures or our financial condition or other forward-looking information and include statements about revenues, earnings, spending, margins, costs, liquidity, store openings and operations, inventory, private brand products, our actions, plans or strategies.

The following factors, among others, in some cases have affected and in the future could affect our financial performance and actual results, and could cause actual results for fiscal 2010 and beyond to differ materially from

those expressed or implied in any forward-looking statements included in this report or otherwise made by our management:

The current economic and financial downturn may cause a continued decline in consumer spending;

Changes in macroeconomic factors and market conditions, including the housing market and fuel costs, that impact the level of consumer spending for the types of merchandise sold by the Company;

Changes in general economic and business conditions and in the specialty retail or sporting goods industry in particular;

Our quarterly operating results and same store sales may fluctuate substantially;

Potential volatility in our stock price;

Table of Contents

Our ability to access adequate capital and the tightening of availability and higher costs associated with current and new sources of credit resulting from uncertainty in financial markets;

The intense competition in the sporting goods industry and actions by our competitors;

The current financial and economic crisis may adversely affect our landlords and real estate developers of retail space, which may limit the availability of attractive store locations;

The availability of retail store sites on terms acceptable to us, the cost of real estate and other items related to our stores, our inability to manage our growth, open new stores on a timely basis and expand successfully in new and existing markets;

Changes in consumer demand;

Unauthorized disclosure of sensitive, personal or confidential information;

Risks and costs relating to product liability claims and the availability of sufficient insurance coverage relating to those claims and risks relating to the regulation of the products we sell, such as hunting rifles and ammunition;

Our relationships with our suppliers, vendors, distributors, manufacturers and the impact of the current economic and financial downturn on their ability to maintain their inventory and production levels and provide us with sufficient quantities of products at acceptable prices, all of which could adversely affect our supply chain, and risks associated with relying on foreign sources of production;

The loss of our key executives, especially Edward W. Stack, our Chairman and Chief Executive Officer;

Currency exchange rate fluctuations;

Costs and risks associated with increased or changing laws and regulations affecting our business, including those relating to labor and the sale of consumer products;

Risks relating to e-commerce;

Risks relating to problems with or disruption of our current management information systems;

Any serious disruption at our distribution facilities;

The seasonality of our business;

Regional risks because our stores are generally concentrated in the eastern half of the United States;

The outcome of litigation or other legal actions against us;

Risks relating to operational and financial restrictions imposed by our senior secured revolving credit agreement;

Factors associated with our pursuit of strategic acquisitions and risks, costs and uncertainties associated with combining businesses and/or assimilating acquired companies;

Our ability to meet our labor needs;

We are controlled by our Chief Executive Officer and his relatives, whose interests may differ from those of our other stockholders;

Risks related to the economic impact or the effect on the U.S. retail environment relating to instability and conflict in the Middle East or elsewhere;

Various risks associated with our exclusive brand offerings;

Our current anti-takeover provisions could prevent or delay a change-in-control of the Company;

Impairment in the carrying value of goodwill or other acquired intangibles;

Changes in our business strategies; and

Other factors discussed in other reports or filings filed by us with the Securities and Exchange Commission, including our Annual Report on Form 10-K for the year ended January 30, 2010.

In addition, we operate in a highly competitive and rapidly changing environment; therefore, new risk factors can arise, and it is not possible for management to predict all such risk factors, nor to assess the impact of all such risk factors on our business or the extent to which any individual risk factor, or combination of factors, may cause results to differ materially from those contained in any forward-looking statement. We do not assume any obligation and do not intend to update any forward-looking statements except as may be required by the securities laws.

Table of Contents

OVERVIEW

Dick's is an authentic full-line sporting goods retailer offering a broad assortment of brand name sporting goods equipment, apparel and footwear in a specialty store environment. The Company also owns and operates Golf Galaxy, LLC, a multi-channel golf specialty retailer (Golf Galaxy). Unless otherwise specified, any reference to year is to our fiscal year and when used in this Form 10-Q and unless the context otherwise requires, the terms Dick's, we, us, the Company, its and our refer to Dick's Sporting Goods, Inc. and its wholly-owned subsidiaries.

As of October 30, 2010, we operated 437 Dick's Sporting Goods stores in 42 states and 79 Golf Galaxy stores in 29 states, with approximately 25.6 million square feet in 43 states on a consolidated basis, the majority of which are located throughout the eastern half of the United States. Additionally, the Company operates e-commerce operations for both Dick's and Golf Galaxy.

Due to the seasonal nature of our business, interim results are not necessarily indicative of results for the entire fiscal year. Our revenue and earnings typically are greater during our fiscal fourth quarter, which includes the majority of the holiday selling season.

The primary factors that have historically influenced the Company's profitability and success have been its growth in the number of stores and selling square footage, its positive same store sales, and its strong gross profit margins. In the last five years, the Company has grown from 255 stores as of October 29, 2005 to 516 stores as of October 30, 2010, reflecting both organic growth and acquisitions. The Company continues to expand its presence through the opening of new stores, although its rate of growth has decreased from the rate of growth experienced in earlier years, reflecting the current economic conditions.

In order to monitor the Company's success, the Company's senior management monitors certain key performance indicators, including:

Consolidated same store sales performance For the 39 weeks ended October 30, 2010, the Company's consolidated same store sales increased 6.2% compared to a 3.0% decrease during the same period in fiscal 2009. The consolidated same store sales calculation for the 39 weeks ended October 30, 2010 includes Dick's Sporting Goods stores, Golf Galaxy and the Company's e-commerce business. The consolidated same store sales calculation for the 39 weeks ended October 31, 2009 included Dick's Sporting Goods stores and Golf Galaxy stores only. The Company believes that its ability to consistently deliver increases in consolidated same store sales will be a key factor in achieving its targeted levels of earnings per share growth and continuing its store expansion program to an ultimate goal of at least 900 Dick's locations across the United States.

Operating cash flow Net cash used in operations totaled \$17.5 million in the 39 weeks ended October 30, 2010, while the Company generated \$95.9 million during the same period in fiscal 2009. See further discussion of the Company's cash flows in the Liquidity and Capital Resources and Changes in Financial Condition section herein. The Company believes that a key strength of its business has been the ability to consistently generate positive cash flow from operations. Strong cash flow generation is critical to the future success of the Company, not only to support the general operating needs of the Company, but also to fund capital expenditures related to new store openings, relocations, expansions and remodels, costs associated with continued improvement of information technology tools and costs associated with potential strategic acquisitions that may arise from time to time.

Quality of merchandise offerings To monitor and maintain acceptance of its merchandise offerings, the Company monitors sell-throughs, inventory turns, gross margins and markdown rates on a department and style level. This analysis helps the Company manage inventory receipts and markdowns to reduce cash flow requirements and deliver optimal gross margins by improving merchandise flow and establishing appropriate price points to minimize markdowns.

Store productivity In order to assess store-level performance, the Company monitors various indicators, including new store productivity, sales per square foot, store operating contribution margin and store cash flow. New store productivity compares the sales increase for all stores not included in the same store sales

calculation with the increase in square footage.

Table of Contents**CRITICAL ACCOUNTING POLICIES**

As discussed in Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations of the Company's Annual Report on Form 10-K for the fiscal year ended January 30, 2010, the Company considers its policies on inventory valuation, vendor allowances, goodwill and intangible assets, impairment of long-lived assets and closed store reserves, business combinations, self-insurance reserves, stock-based compensation and uncertain tax positions to be the most critical in understanding the judgments that are involved in preparing its consolidated financial statements. There have been no changes in the Company's critical accounting policies during the quarterly period ended October 30, 2010.

RESULTS OF OPERATIONS AND OTHER SELECTED DATA**Executive Summary**

Net income for the current quarter totaled \$16.9 million, or \$0.14 per diluted share, as compared to net income of \$18.9 million, or \$0.16 per diluted share, for the 13 weeks ended October 31, 2009.

The Company closed 12 underperforming Golf Galaxy stores in the current quarter. The poor performance of these stores was primarily a function of inadequate real estate locations, sites that were too expensive or a combination of both. The Company continues to evaluate and refine the preferred location, size and format of its Golf Galaxy stores. The Company continues to believe there is long term growth potential in the golf business and believes the Golf Galaxy acquisition has provided the Company with significant leverage with its vendor partners and provides us the opportunity to capture market share in the premium golf business as this niche of the market continues to consolidate. We anticipate that the closure of the 12 underperforming stores will be accretive to the Company's future operating results. Net income for the current quarter includes expenses relating to future lease payments and asset impairment charges resulting from the 12 Golf Galaxy store closures of approximately \$9.8 million, net of tax, or \$0.08 per diluted share.

Net sales for the current quarter increased 9.0% to \$1,079.0 million from the 13 weeks ended October 31, 2009, due primarily to a 5.1% increase in consolidated same store sales and the opening of new stores.

As a percentage of net sales, gross profit increased 150 basis points to 28.46% for the quarter, due primarily to higher merchandise margins that were impacted by changes in sales mix at our Dick's stores and leverage of fixed occupancy costs resulting from the increase in consolidated same store sales compared to last year's quarter.

We ended the third quarter of fiscal 2010 with no outstanding borrowings under our Second Amended and Restated Credit Agreement (the "Credit Agreement"). There were no outstanding borrowings under the Credit Agreement as of January 30, 2010.

The following represents a reconciliation of beginning and ending stores for the periods indicated:

	39 Weeks Ended October 30, 2010			39 Weeks Ended October 31, 2009			
	Dick's Sporting		Total	Dick's Sporting		Chick's Sporting

(1) Chick s Sporting Goods (Chick s) stores were subsequently converted to Dick s stores in the second quarter of fiscal 2009.

Table of Contents

The following tables present for the periods indicated items in the unaudited consolidated statements of income as a percentage of the Company's net sales, as well as the basis point change in the percentage of net sales from the prior year's period. In addition, other selected data are provided to facilitate a further understanding of our business. These tables should be read in conjunction with the following management's discussion and analysis and the unaudited consolidated financial statements and related notes thereto.

	13 Weeks Ended		Basis Point Increase / (Decrease) in Percentage of Net Sales from Prior Year 2009-2010 (1)

Table of Contents

- (2) Revenue from retail sales is recognized at the point of sale, net of sales tax. Revenue from e-commerce sales is recognized upon shipment of merchandise and any service related revenue primarily as the services are performed. A provision for anticipated merchandise returns is provided through a reduction of sales and cost of sales in the period that the related sales are recorded. Revenue from gift cards and returned merchandise credits (collectively, the cards) are deferred and recognized upon the redemption of the cards. These cards have no expiration date. Income from unredeemed cards is recognized in the unaudited consolidated statements of income in selling, general and administrative expenses at the point at which redemption becomes remote. The Company performs an evaluation of the aging of the unredeemed cards, based on the elapsed time from the date of original issuance, to determine when redemption is remote.
- (3) Cost of goods sold includes the cost of merchandise, inventory shrinkage and obsolescence, freight, distribution and store occupancy costs. Store occupancy costs include rent, common area maintenance charges, real estate and other asset based taxes, store maintenance, utilities, depreciation, fixture lease expenses and certain insurance expenses.
- (4) Selling, general and administrative expenses include store and field support payroll and fringe benefits, advertising, bank card charges, information systems, marketing, legal, accounting, other store expenses, stock-based compensation expense and all expenses associated with operating the Company s corporate headquarters. Selling, general and administrative expenses for the fiscal quarter ended October 30, 2010 also include expenses relating to future lease payments and asset impairment charges resulting from the closure of 12 underperforming Golf Galaxy stores.
- (5) Merger and integration costs primarily relate to the integration of Chick s operations and include duplicative administrative costs, management, advertising and severance expenses associated with the conversions from Chick s stores to Dick s stores.
- (6) Pre-opening expenses consist primarily of rent, marketing, payroll and recruiting costs incurred prior to a new or relocated store opening.
- (7) Interest expense results primarily from rent payments under the Company s financing lease obligation for its relocated corporate headquarters and interest on borrowings under the Credit Agreement.
- (8) Other income results primarily from gains and losses associated with changes in deferred compensation plan investment values and interest income earned on highly liquid instruments purchased with a maturity of three months or less at the date of purchase.
- (9) Same store sales begin in a store s 14th full month of operations after its grand opening. Same store sales are for stores that opened at least 13 months prior to the beginning of the period noted. Stores that were relocated during the applicable period have been excluded from same store sales. Each relocated store is returned to the same store base after its 14th full month of operations at that new location.

13 Weeks Ended October 30, 2010 Compared to the 13 Weeks Ended October 31, 2009

Net Income

Net income for the current quarter totaled \$16.9 million, or \$0.14 per diluted share, as compared to net income of \$18.9 million, or \$0.16 per diluted share, for the 13 weeks ended October 31, 2009. Net income for the current quarter includes expenses relating to future lease payments and asset impairment charges resulting from the closure of 12 underperforming Golf Galaxy stores of approximately \$9.8 million, net of tax, or \$0.08 per diluted share.

Net Sales

Net sales for the current quarter increased 9.0% to \$1,079.0 million from the 13 weeks ended October 31, 2009, due primarily to a 5.1% increase in consolidated same store sales and the opening of new stores. The consolidated same

store sales calculation for the 13 weeks ended October 30, 2010 includes Dick's Sporting Goods stores, Golf Galaxy and the Company's e-commerce business. The consolidated same store sales calculation for the 13 weeks ended October 31, 2009 included Dick's Sporting Goods stores and Golf Galaxy stores only. The 5.1% consolidated same store sales increase consisted of a 3.8% increase in Dick's Sporting Goods stores, a 2.4% increase in Golf Galaxy and an 82.4% increase in e-commerce. The inclusion of the e-commerce business resulted in an increase of approximately 140 basis points to the Company's consolidated same store sales calculation for the 13 weeks ended October 30, 2010. The increase in consolidated same store sales was broad based, with increases in hardlines, footwear, apparel and golf. The consolidated same store sales increase was driven primarily by an increase in transactions of approximately 5.2% and a decrease of approximately 1.4% in sales per transaction at Dick's stores. Every 1% change in consolidated same store sales would have impacted earnings before income taxes for the 13 weeks ended October 30, 2010 by approximately \$3 million.

Table of Contents**Income from Operations**

Income from operations decreased to \$28.2 million for the current quarter from \$31.8 million for the 13 weeks ended October 31, 2009. The decrease was primarily due to a \$42.1 million increase in selling, general and administrative expenses and a \$1.8 million increase in pre-opening expenses, partially offset by a \$40.3 million increase in gross profit.

Gross profit increased 15.1% to \$307.1 million for the current quarter from \$266.8 million for the 13 weeks ended October 31, 2009. The 150 basis point increase is due primarily to a 128 basis point increase in merchandise margins, which were impacted by changes in sales mix at our Dick's stores, a 19% reduction in clearance inventory levels at the end of the current quarter compared to the same period last year and leverage of fixed occupancy costs resulting from the increase in consolidated same store sales compared to last year's quarter.

Selling, general and administrative expenses increased 18.3% to \$272.5 million for the current quarter from \$230.4 million for the 13 weeks ended October 31, 2009. Selling, general and administrative expenses increased as a percentage of net sales by 197 basis points. The Company recognized expenses totaling \$16.4 million during the current quarter relating to future lease payments and asset impairment charges resulting from the Golf Galaxy store closures, which contributed 151 basis points to the total increase. Administrative expenses increased 51 basis points as a percentage of sales from last year's quarter primarily due to technology and other infrastructure related costs to support our business strategies, as well as higher costs related to our relocated corporate headquarters. Store payroll expenses decreased 10 basis points as a percentage of sales, primarily due to maintaining store payroll at similar levels to last year's quarter, despite the increase in sales in the current quarter compared to last year.

Pre-opening expenses increased to \$6.4 million for the quarter from \$4.6 million for the 13 weeks ended October 31, 2009. The Company opened 12 new Dick's stores during the quarter compared to the opening of 11 new Dick's stores during the 13 weeks ended October 31, 2009. The Company also opened eight new Dick's stores and two new Golf Galaxy stores during the first week of its fourth fiscal quarter, further contributing to higher pre-opening expenses during the 13 weeks ended October 30, 2010. Pre-opening expenses in any period may fluctuate depending on the timing and number of new stores that open in preceding and subsequent quarters.

Interest Expense

Interest expense was \$3.5 million for the current quarter as compared to \$0.9 million for the 13 weeks ended October 31, 2009. Interest expense for the 13 weeks ended October 30, 2010 includes \$2.7 million related to rent payments under the Company's financing lease for its relocated corporate headquarters building. Interest expense related to the Company's other debt obligations decreased \$0.1 million, primarily due to a decrease in average borrowings under the Credit Agreement. The Company did not make any borrowings under the Credit Agreement during the 13 weeks ended October 30, 2010.

Income Taxes

The Company's effective tax rate was 34.81% for the 13 weeks ended October 30, 2010 as compared to 40.30% for the same period last year. The effective tax rate for the 13 weeks ended October 30, 2010 reflects the Company's efforts to simplify the organization of its tax entities.

39 Weeks Ended October 30, 2010 Compared to the 39 Weeks Ended October 31, 2009**Net Income**

Net income increased to \$94.6 million and earnings per diluted share increased to \$0.78 for the 39 weeks ended October 30, 2010 compared to net income of \$68.0 million, or \$0.58 per diluted share, for the 39 weeks ended October 31, 2009. Net income for the 13 weeks ended October 30, 2010 includes expenses relating to future lease payments and asset impairment charges resulting from the closure of 12 underperforming Golf Galaxy stores of approximately \$9.8 million, net of tax, or \$0.08 per share. Net income for the 13 weeks ended October 31, 2009 includes approximately \$6.1 million of merger and integration costs, net of tax, or \$0.05 per share.

Net Sales

Net sales for the period increased 9.0% to \$3,352.6 million, due primarily to a 6.2% increase in consolidated same store sales and the opening of new stores, partially offset by lower sales at Chick's stores due to an inventory liquidation event prior to their conversion to Dick's stores in the same period last year. The consolidated same store sales calculation for the 39 weeks ended October 30, 2010 includes Dick's Sporting Goods stores, Golf Galaxy and the

Company's e-commerce business. The consolidated same store sales calculation for the 39 weeks ended October 31, 2009 included Dick's Sporting Goods stores

Table of Contents

and Golf Galaxy stores only. The 6.2% consolidated same store sales increase consisted of a 5.6% increase in Dick's Sporting Goods stores, a 5.7% increase in Golf Galaxy and a 39.6% increase in e-commerce. The inclusion of the e-commerce business resulted in an increase of approximately 60 basis points to the Company's consolidated same store sales calculation for the 39 weeks ended October 30, 2010.

The increase in consolidated same store sales was broad based, with increases in apparel, footwear, hardlines and golf.

Income from Operations

Income from operations increased to \$163.3 million for the current period from \$112.5 million for the 39 weeks ended October 31, 2009. The increase was primarily due to a \$142.2 million increase in gross profit, partially offset by a \$101.7 million increase in selling, general and administrative expenses. The 39 weeks ended October 31, 2009 included \$10.1 million of merger and integration costs incurred in consolidating Chick's with the Company's pre-existing business.

Gross profit increased 17.2% to \$969.4 million for the period from \$827.2 million for the 39 weeks ended October 31, 2009. The 203 basis point increase is due primarily to a 154 basis point increase in merchandise margins that resulted from changes in sales mix at our Dick's stores, a reduction in clearance activity at our Golf Galaxy stores and the inventory liquidation event at the Chick's stores prior to their conversion to Dick's stores in May 2009. Gross profit was further impacted by the leverage of fixed occupancy and freight and distribution costs resulting primarily from the increase in consolidated same store sales compared to last year.

Selling, general and administrative expenses increased 14.6% to \$797.0 million from \$695.3 million for the 39 weeks ended October 31, 2009. Selling, general and administrative expenses increased as a percentage of net sales by 117 basis points. The Company recognized expenses totaling \$16.4 million during the current year period relating to future lease payments and asset impairment charges resulting from the Golf Galaxy store closures, contributing 49 basis points to the total increase. Administrative expenses increased 42 basis points from last year's period primarily due to higher costs related to our relocated corporate headquarters as well as technology and other infrastructure related costs to support our business strategies. Advertising expenses increased 42 basis points, resulting from investments in marketing initiatives geared toward pursuing market share gains, which included the promotion of National Runner's Month as well as the Company's collaborative marketing initiative with adidas related to the adiZero shoe launch. Store payroll expenses decreased 22 basis points as a percentage of sales primarily due to maintaining store payroll at levels similar to last year's period despite the increase in sales in the current period compared to last year's period. The 39 weeks ended October 31, 2009 included \$10.1 million of merger and integration costs. These costs were related to the integration of Chick's operations and included duplicative administrative costs, management and advertising expenses associated with the conversions from Chick's stores to Dick's stores and severance.

Interest Expense

Interest expense was \$10.5 million for the current period as compared to \$3.6 million for the 39 weeks ended October 31, 2009. Interest expense for the 39 weeks ended October 30, 2010 includes \$8.0 million related to rent payments under the Company's financing lease for its relocated corporate headquarters building. Interest expense related to the Company's other debt obligations decreased \$1.1 million, primarily due to a decrease in average borrowings under the Credit Agreement. The Company did not make any borrowings under the Credit Agreement during the 39 weeks ended October 30, 2010.

Income Taxes

The Company's effective tax rate was 38.56% for the 39 weeks ended October 30, 2010 as compared to 38.54% for the same period last year.

LIQUIDITY AND CAPITAL RESOURCES AND CHANGES IN FINANCIAL CONDITION

Our primary capital requirements are for working capital, capital improvements, and to support expansion plans, as well as for various investments in store remodeling, store fixtures and ongoing infrastructure improvements.

The change in cash and cash equivalents is as follows (in thousands):

Table of Contents

	39 Weeks Ended	
	October 30, 2010	October 31, 2009
Net cash (used in) provided by operating activities	\$ (17,515)	\$ 95,868
Net cash used in investing activities	(106,721)	(64,276)
Net cash provided by (used in) financing activities	58,065	(66,846)
Effect of exchange rate changes on cash	6	111
Net decrease in cash and cash equivalents	\$ (66,165)	\$ (35,143)

Operating Activities

Cash flow from operations is seasonal in our business. Typically, we use cash flow from operations to increase inventory in advance of peak selling seasons, with the third quarter pre-holiday inventory increase being the largest. In the fourth quarter, inventory levels are reduced in connection with holiday sales and this inventory reduction, combined with proportionately higher net income, typically produces significant positive cash flow.

Cash flows from operating activities decreased \$113.4 million for the 39 weeks ended October 30, 2010 compared to the same period last year. Operating cash flows related to changes in inventory and accounts payable decreased \$103.6 million due to the Company's inventory reduction efforts in the fourth quarter of fiscal 2008, which favorably affected fiscal 2009 cash flows. Higher income tax payments in the 39 weeks ended October 30, 2010 impacted the Company's operating cash flows by \$15.0 million compared to the same period in fiscal 2009, reflecting the Company's increase in taxable income.

Investing Activities

Cash used in investing activities for the 39 weeks ended October 30, 2010 increased by \$42.4 million, to \$106.7 million. The Company's gross capital expenditures used \$117.5 million during the current period compared to \$87.8 million during the 39 weeks ended October 31, 2009, which related primarily to the opening of new stores, remodeling of existing locations, information systems and administrative facilities. The Company generated proceeds from the sale and leaseback of property and equipment totaling \$10.7 million in the 39 weeks ended October 30, 2010. The Company opened 18 stores, remodeled 11 stores and relocated one store during the 39 weeks ended October 30, 2010 as compared to opening 25 stores and relocating one store during the 39 weeks ended October 31, 2009. The Company also opened eight new Dick's stores and two new Golf Galaxy stores during the first week of its fiscal fourth quarter, which further impacted the Company's capital expenditures for the 39 weeks ended October 30, 2010.

Financing Activities

Cash provided by financing activities for the 39 weeks ended October 30, 2010 totaled \$58.1 million, primarily reflecting bank overdraft activity, proceeds from exercises of stock options and the excess tax benefit from stock-based compensation. The Company did not make any borrowings under the Credit Agreement during the 39 weeks ended October 30, 2010. Cash used in financing activities for the 39 weeks ended October 31, 2009 totaled \$66.8 million, primarily reflecting the Company's purchase of its convertible notes of \$172.5 million from the holders of the notes who exercised their right to cause the Company to purchase the notes. The Company used availability under the Credit Agreement to fund the purchase, which impacted the Company's \$62.6 million increase in borrowings for the 39 weeks ended October 31, 2009.

The Company's liquidity and capital needs have generally been met by cash from operating activities and borrowings under the Credit Agreement, including up to \$75 million in the form of letters of credit. Borrowing availability under the Credit Agreement generally is limited to the lesser of 70% of the Company's eligible inventory or 85% of the liquidation value of the Company's inventory, in each case net of specified reserves and less any letters of credit outstanding. Interest on outstanding indebtedness under the Credit Agreement accrues, at the Company's option, at a rate based on either (i) the prime corporate lending rate minus the applicable margin of 0.25% or (ii) the LIBOR rate plus the applicable margin of 0.75% to 1.50%. The applicable margins are based on average availability during the

prior three months. The term of the Credit Agreement expires July 27, 2012.

There were no outstanding borrowings under the Credit Agreement as of October 30, 2010 or January 30, 2010. Total remaining borrowing capacity, after subtracting letters of credit, as of October 30, 2010 and January 30, 2010 was \$416.1 million and \$424.4 million, respectively.

Table of Contents

The Credit Agreement contains restrictions regarding the Company's and related subsidiaries' ability, among other things, to merge, consolidate or acquire non-subsidiary entities, to incur certain specified types of indebtedness or liens in excess of certain specified amounts, to pay cash dividends or make distributions on the Company's stock, to make certain investments or loans to other parties, or to engage in certain lending, borrowing or other commercial transactions with subsidiaries, affiliates or employees. Under the Credit Agreement, the Company may be obligated to maintain a fixed charge coverage ratio of not less than 1.0 to 1.0 in certain circumstances. The obligations of the Company under the Credit Agreement are secured by interests in substantially all of the Company's personal property excluding store and distribution center equipment and fixtures. As of October 30, 2010, the Company was in compliance with the terms of the Credit Agreement.

Cash flows generated by operations and funds available under the Company's Credit Agreement will be used to satisfy our capital requirements through fiscal 2010. Normal capital requirements are expected to consist primarily of capital expenditures related to the addition of new stores, remodeling and relocation of existing stores, enhanced information technology and improved distribution infrastructure. The Company expects to open 26 new Dick's stores, relocate two Dick's stores, open two new Golf Galaxy stores and remodel 12 Dick's stores during fiscal 2010. The Company plans to lease all of its 2010 new stores. This level of store expansion is significantly lower than historical levels and is largely driven by the reduction in commercial real estate development. The Company currently anticipates receiving landlord allowances at 13 of its planned 2010 new and remodeled stores totaling approximately \$19.8 million. The amount and timing of receipt of these allowances depend, among other things, upon the timing of store construction and the ability of landlords to satisfy their contractual obligations.

In January 2010, the Company moved into its new corporate headquarters building. The building is leased by the Company and has a purchase option exercisable by the Company at various times beginning in March 2012. The project has been financed by the developer except for any project scope changes requested by the Company. The Company does not anticipate any material changes to the project scope and therefore does not currently anticipate any material cash requirements in 2010 related to the new corporate headquarters building.

The Company has created a capital appropriations committee to approve all capital expenditures in excess of certain amounts and to group and prioritize all capital projects between required, discretionary and strategic. While there can be no assurance that current expectations will be realized, the Company expects capital expenditures, net of deferred construction allowances and proceeds from sale leaseback transactions, to be approximately \$145 million in 2010.

The Company currently believes that cash flows generated from operations and funds available under the Credit Agreement will be sufficient to satisfy our capital requirements through fiscal 2010. Other new business opportunities or store expansion rates substantially in excess of those previously planned may require additional funding.

Off-Balance Sheet Arrangements, Contractual Obligations and Other Commercial Commitments

The Company's off-balance sheet arrangements, contractual obligations and other commercial commitments as of October 30, 2010 primarily relate to operating lease obligations, future minimum guaranteed contractual payments, naming rights and other marketing commitments and letters of credit. The Company has excluded these items from the consolidated balance sheets in accordance with generally accepted accounting principles. The Company does not believe that any of these arrangements have, or are reasonably likely to have, a material effect on our financial condition, revenues or expenses, results of operations, liquidity, capital expenditures, or resources. There have been no significant changes in the Company's off-balance sheet contractual obligations or commercial commitments since the end of fiscal 2009.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

There have been no material changes in the Company's market risk exposures from those reported in our Annual Report on Form 10-K for the year ended January 30, 2010.

ITEM 4. CONTROLS AND PROCEDURES

During the third quarter of fiscal 2010, there were no changes in the Company's internal control over financial reporting that materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

During the quarter, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Chief Executive Officer and the Chief Financial Officer, of the effectiveness of

the design and operation of the disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act). Based upon that evaluation, management and the Company s Chief Executive Officer and Chief Financial Officer concluded that the Company s disclosure controls and procedures were effective as of the end of the period covered by this report (October 30, 2010).

Table of Contents

There are inherent limitations in the effectiveness of any control system, including the potential for human error and the circumvention or overriding of the controls and procedures. Additionally, judgments in decision-making can be faulty and breakdowns can occur because of simple error or mistake. An effective control system can provide only reasonable, not absolute, assurance that the control objectives of the system are adequately met. Accordingly, our management, including our Chief Executive Officer and Chief Financial Officer, does not expect that our control system can prevent or detect all error or fraud. Finally, projections of any evaluation or assessment of effectiveness of a control system to future periods are subject to the risks that, over time, controls may become inadequate because of changes in an entity's operating environment or deterioration in the degree of compliance with policies and procedures.

PART II. OTHER INFORMATION**ITEM 1. LEGAL PROCEEDINGS**

The Company is a defendant in a case that makes claims concerning alleged failures to pay wages and overtime wages as required by the Fair Labor Standards Act (FLSA) and New York law. The case was filed in May of 2005 in the U.S. District Court for the Western District of New York (Tamara Barrus v. Dick's Sporting Goods, Inc. and Galyan's Trading Company, Inc. (Barrus)). In their complaint, in addition to the unpaid wage and overtime allegations, plaintiffs seek liquidated damages, injunctive relief and attorneys' fees and costs. In September 2006, a magistrate judge for the U.S. District Court for the Western District of New York conditionally certified a class for notice purposes under the FLSA, which the U.S. District Judge upheld. The parties and the court agreed to stay the litigation pending an attempt to resolve all claims through mediation. Mediation sessions were held in April and August 2007 and November 2008 and these attempts to resolve the case through mediation were unsuccessful. In December 2009, plaintiffs filed an amended complaint adding five individual defendants, claims for allegedly unpaid wages and overtime under the laws of thirty-five states, and claims under the Employee Retirement Income Security Act (ERISA) and Racketeer Influenced and Corrupt Organizations Act (RICO). In August 2010, the court dismissed plaintiffs' state law claims (except those arising under New York law), ERISA claims and RICO claims.

In September 2010, following the dismissal of the state law claims in Barrus (except those arising under New York law), state wage and hour class action complaints were filed against the Company in Connecticut, Minnesota, Illinois, Ohio, Missouri, Delaware, Indiana, Kansas, Pennsylvania, Michigan, Nebraska, New Jersey, South Carolina, Maryland, Vermont, North Carolina, Maine, Tennessee, West Virginia, Colorado, Florida and Massachusetts. In these actions, plaintiffs assert claims similar to those in the Barrus case and plaintiffs are seeking remedies that include (to the extent applicable in each state) injunctive relief, unpaid wages (including fringe benefits), liquidated damages, attorneys' fees, expenses, expert fees and an award of interest.

We currently believe that none of the cases referenced above should be permitted to proceed as a class action, and the Company is vigorously defending these cases.

In addition to the above matters, various claims and lawsuits arising in the normal course of business are pending against us. These proceedings primarily relate to commercial, intellectual property, real estate and employment matters. The outcome of these proceedings cannot be predicted with certainty and some of these proceedings may be disposed of unfavorably to us. Based on currently available information, including legal defenses available to us, we do not believe that the outcome of these other proceedings will have a material adverse effect on our consolidated financial position, liquidity or results of operations.

ITEM 1A. RISK FACTORS

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Part I, Item 1A. Risk Factors in our Annual Report on Form 10-K for the year ended January 30, 2010 as filed with the Securities and Exchange Commission on March 18, 2010, which could materially affect our business, financial condition, financial results or future performance. Reference is also made to Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations Forward-Looking Statements of this report, which is incorporated herein by reference.

ITEM 4. REMOVED AND RESERVED**ITEM 6. EXHIBITS**

(a) Exhibits. The Exhibits listed in the Index to Exhibits, which appears on page 21 and is incorporated herein by reference, are filed as part of this Form 10-Q.
