PROXY STATEMENT

This Proxy Statement is being sent to our stockholders to solicit on behalf of our Board proxies to use at our annual shareholders meeting to be held on Wednesday, May 17, 2006, at the time and place shown in the accompanying notice and at any adjournments thereof. This Statement is first being mailed to shareholders about April 17, 2006.

Only holders of our stock on our books at the close of business on March 24, 2006, are entitled to notice of and to vote at the Meeting. On that date we had outstanding 5,016,196 shares.

The presence, in person or by proxy, of holders of a majority of our Stock is needed to make up a quorum; if a quorum is present, directors are elected by plurality vote. With respect to any other proposal, however, if the Board has recommended it by a majority of our Continuing Directors, as defined in our Articles of Incorporation, then, generally, the vote of a majority of the votes cast is required to approve it, and if it is not so recommended, then the vote of 80% of the Total Voting Power, as defined in the Articles, is required to approve it. The Continuing Directors will appoint the Judge(s) of Election, and all questions as to voter qualification, proxy validity and accepting or rejecting votes will be decided by the Judge(s).

Abstentions or broker non-votes will not have any effect on the election of directors. On any other proposal, abstentions and broker non-votes will be counted as votes not cast and will have no effect on any proposal that needs a majority of votes cast to approve it and will have the effect of a vote against any proposal that needs the vote of a percentage of the Total Voting Power.

All proxies received in the enclosed form will be voted as you specify and, unless you specify to the contrary, will be voted for the election of the persons named herein. We do not know of anything else to be presented at the Meeting other than the election, but if anything else does come up the persons named in the enclosed proxy will vote the shares covered by the proxy according to their best judgment.

A proxy may be revoked by you at any time before its exercise by filing with our Secretary a written revocation or a duly executed proxy with a later date. If you vote in person in a manner inconsistent with a proxy previously filed by you will be deemed to have revoked the proxy as to the matters you voted on in person.

The cost of soliciting proxies will be borne by us. In addition to the mail, proxies may be solicited by personal interview, telephone, telegraph, facsimile, internet, and e-mail. Banks, brokerage houses and other nominees or fiduciaries may be asked to forward these materials to their principals and to get authority to execute proxies, and we will, upon request, reimburse them for their expenses in so acting.

ELECTION OF DIRECTORS

Our Articles provide for three classes of directors, with one class to be elected at each annual meeting for a three-year term. At the Meeting, Class I Directors will be elected to serve until the 2009 annual meeting.

Unless you withhold authority, the persons named in the enclosed proxy will vote the shares covered by the proxies received by them for the election of the three Class I director nominees named below. If for some reason we do not anticipate one or more nominees cannot be a candidate at the Meeting, the shares will be voted in favor of such other persons as the Board chooses. Directors will be elected by plurality vote.

Other than the Board, only shareholders who have complied with the procedures of Article IV (H) of our Articles may nominate a person for election. To do so, you must have given us written notice by December 13, 2005, of the following:

(1) as to each person whom you propose to nominate:

(a) his or her name, age, business address, residence address, principal occupation or employment,

(b) the number of shares of our stock of which the person is the beneficial owner and

(c) any other information relating to the person that would be required to be disclosed in solicitations of proxies for the election of directors by Regulation 14A under the Securities Exchange Act of 1934; and

(2) as to you:

(a) your name and address

(b) the number of shares of our Stock of which you are the beneficial owner and

(c) a description of any agreements, arrangements or relationships between you and each person you want to nominate.

Two inspectors, not affiliated with us, appointed by our Secretary, will determine whether the notice provisions were met; if they determine that you have not complied with Article IV(H), your nomination will be disregarded.

The following table gives information as of March 24, 2006, about each director nominee and each other director. Unless otherwise indicated, each person has had the principal occupation shown for at least the past five years. The Board recommends a vote FOR each of the three nominees named below.

Corporate Governance

Shareholder, Board and Committee Meetings. During 2005, the Board had eleven meetings and each director attended at least 75% of the total number of meetings held of the Board and committees of which he or she was a member. While we encourage all Board members to come to annual shareholder meetings, there is no formal policy as to their attendance. It is a rare occasion, however, when all members are not there. At the annual meeting in 2005, only one director, William M. Simmons, was absent.

Board Independence. Each year, our Corporate Governance and Nominating Committee reviews the relationships that each director has with us and with other parties. Only those directors who do not have any relationships that keep them from being independent within the meaning of applicable American Stock Exchange (AMEX) rules and who the Committee finds have no relationships that would interfere with the exercise of independent judgment in carrying out their responsibilities are considered to be independent directors. The Committee reviews a number of factors to evaluate independence, including the directors' relationships with us and our competitors, suppliers and customers; their relationships with management and other directors; the relationships their current and former employers have with us; and the relationships between us and other companies of which they are directors or executive officers. After evaluating these factors, the Board determined that Messrs. Charbonnet, Davis, Hargroder, Hilliard, Kidd, May, Simmons and Tortorice are independent within the meaning of applicable AMEX rules.

Shareholder Communications. Shareholders may communicate directly with the Board or the individual chairmen of committees by writing directly to them at P. O. Box 3745, Lafayette, LA 70502. We will forward, and not screen, any mail we receive that is directed to an individual, unless we believe the communication may pose a security risk.

Code of Ethics. The Board has adopted a Code of Ethics for our directors, officers and employees to promote honest and ethical conduct, full and accurate reporting, and compliance with laws as well as other matters. A copy of the Code of Ethics is posted on the Corporate Relations page of our website at www.midsouthbank.com.

The Board has an Audit Committee, an Executive Committee, a Personnel Committee, and a Corporate Governance and Nominating Committee.

The Audit Committee is Messrs. Davis, Charbonnet, Hilliard, Kidd and May and held ten meetings in 2005. It is responsible for carrying out the Audit Committee Charter. The Executive Committee is Messrs. Charbonnet, Cloutier, Hargroder and Tortorice and met seven times in 2005. Its duties include shareholder relations, Bank examination and Securities and Exchange Commission (SEC) reporting. The Personnel Committee is Messrs. Charbonnet, Davis, Hargroder, and Tortorice and met three times in 2005. It is responsible for evaluating the performance and setting the compensation of our executive officers and administering our Stock Incentive Plan. The Corporate Governance and Nominating Committee is Messrs. Charbonnet, Hargroder, Hilliard and Simmons and met once in 2005. It helps the Board to make determinations of director

Table of Contents

independence, assess overall and individual Board performance and recommend director candidates, including recommendations submitted by shareholders.

It is the Corporate Governance and Nominating Committee's policy that candidates for director have the highest personal and professional integrity, have demonstrated exceptional ability and judgment, and have skills and expertise appropriate for serving the long-term interest of our shareholders. The Committee's process for identifying and evaluating nominees is as follows: (1) in the case of incumbent directors whose terms of office are set to expire, the Committee reviews their overall service during their terms, including the number of meetings attended, level of participation, quality of performance, and any related party transactions with us during the applicable time period; and (2) in the case of new director candidates, appropriate inquiries into their backgrounds and qualifications are made after considering the function and needs of the Board. The Committee meets to discuss and consider such candidates' qualifications, including whether the nominee is independent within the meaning of AMEX rules, and then selects a candidate for recommendation to the Board. In seeking potential nominees, the Committee uses its and management's network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm, although to date it has not done so.

The Committee will consider director candidates recommended by shareholders who follow the procedures set out in Article IV (H) of our Articles described elsewhere. It does not intend to alter the manner in which it evaluates candidates, including the criteria set forth above, based on whether the candidate was recommended by a shareholder or otherwise.

Eligible shareholders who want to present a proposal qualified for inclusion in our proxy materials for the 2007 annual meeting must forward such proposal to our Secretary at the address listed on the first page of this Proxy Statement in time to arrive before December 17, 2006.

A majority of our directors are also directors of MidSouth Bank. Directors are entitled to fees of \$200 per month for Board service and \$200 per month for MidSouth Bank Board service. The Chairman receives an additional \$750 per month, the Vice Chairman an additional \$350 per month and the Audit Committee Chairman an additional \$670 per month. Each director also receives \$350 for each regular meeting, and \$125 for each special meeting of the Board of MidSouth Bank, and \$150 for the first hour, and \$75 per hour for each additional hour, of each committee meeting. Directors receive meeting fees only for meetings they attend.

In 1997 directors who were not employees were given options to buy up to 16,589 shares of Stock at \$4.41 per share, the fair market value on the date of grant, all of which are currently exercisable. Stephen C. May, a more recent addition to the Board, was granted options in 2002 to purchase up to 9,832 shares of Common Stock at \$8.60 per share, the fair market value on the date of grant, exercisable in annual 20% increments beginning in 2003.

The Securities and Exchange Act of 1934 and applicable SEC regulations require our directors, executive officers and ten percent shareholders to file with the SEC initial reports of ownership and reports of changes in ownership of our equity securities, and to furnish us with copies

of all the reports they file. To our knowledge, based on a review of reports given us, all required reports were filed timely.

Pursuant to the contracts, they receive term life insurance of four times their annual salary payable to a beneficiary of their choice and disability insurance of not less than two-thirds of their annual salary. The contracts have a severance provision which entitles them to one year's salary if the agreement is terminated by MidSouth Bank, unless they are removed by a regulatory body.

Certain Transactions

Directors, nominees and executive officers and their associates have been customers of, and have borrowed from, our bank subsidiaries in the ordinary course of business, and such transactions are expected to continue in the future. In the opinion of management, our loan policy is less favorable to directors than to other customers.

PERSONNEL COMMITTEE REPORT

The Personnel Committee is made up of four non-employee directors, all of whom are independent as defined in the AMEX listing standards. The Committee is committed to ensuring our total compensation package for the Chief Executive Officer and other named executive officers will serve to:

Attract, retain and motivate outstanding executive management who add value to us based on individual and team contributions;

Provide a highly competitive salary structure in all markets where we operate;

Facilitate employee ownership through equity components of performance-based long-term incentive stock plans that also enhance shareholder value.

In recent years, due to industry consolidation, the Peer Bank Group used for comparative purposes continues to shrink. Recognizing this, the Committee engaged a national compensation consulting firm, KG & Associates, for compensation comparisons and information provided by Sheshunoff Management Services, L.P. (SMS) for compensation comparisons and measure of our performance.

Base Compensation: To ensure the competitiveness of our total compensation package, the Committee reviews salary survey information developed by our Human Resources Department regarding the compensation practices of a peer bank group using information from a national compensation consulting firm. In addition, the Committee reviews financial industry salary survey information developed by SMS. The goal is to set executive base compensation plus quarterly incentive pay between the top of the second quartile and the lower part of the 1st quartile for the peer group. It is our goal to set the base compensation part of total compensation to comfortably meet the executive's needs and to put more emphasis on incentive pay so that the executives are encouraged to grow our value short term and long term. This way, the executive is well compensated in relation to our performance.

Incentive Compensation: We use a system of incentive compensation to reward the executives quarterly based on our earnings per share. At the beginning of each year our Board awards each executive a specified number of fictitious shares of our Stock. Incentive compensation is determined quarterly equal to the number of fictitious shares times our earnings per share for the quarter. Sixty percent of the amount determined is paid each quarter, and the balance is paid at the end of the year if we were profitable for the year. We believe this method encourages the executives to think in terms of earnings per share because a substantial portion of their pay is tied to earnings per share.

In January 2006, fictitious shares of Stock were granted as follows: Mr. Cloutier, 99,294; Ms. Hail 50,000; Mr. Landry, 35,096; Mr. Utz, 19,663; and Ms. Fontenot, 16,638.

At the Personnel Committee Meeting of January 11, 2006 the chief executive officer pay was set for 2006 with his base salary remaining the same and all of his increased pay being tied to additional incentive compensation. So, for 2006, his base pay was set at \$196,000 and his projected incentive

compensation, based on 2005 earnings per share of \$1.48 would result in incentive compensation of \$147,134, which is 75 % of base pay. Actual incentive compensation will vary based on earnings per share for 2006.

Long Term Incentives: It is our belief that executive officers need to have a significant interest tied to long term performance and shareholder increased value. We believe the best way to accomplish this is through ownership of us. We encourage executive officers to own stock and provide the following programs to encourage stock ownership.

Directors Deferred Compensation Plan: Our Deferred Compensation Plan encourages all directors to take part of their director pay in shares of Stock.

ESOP: To encourage ownership by all employees and therefore tie their interest to the interest of the shareholders, we established an ESOP Plan in 1986.

Stock Options: In addition to the above, we have periodically granted stock options to executive officers and senior management although we have not in fact granted any options to Messrs. Cloutier, Hail and Landry for several years, and only a modest number of options to our other executive officers. These options are always based on the current stock price at the time they are awarded. The executives can only benefit by increasing the long term value of the stock.

AUDIT COMMITTEE REPORT

Our Audit Committee is composed of five non-employee directors. The Board has made a determination that its members satisfy AMEX's requirements as to independence, financial literacy and experience. The Board has also determined that it is not clear whether any member of the Committee is a Financial Expert within the meaning of SEC Rules, but the Board does not feel a Financial Expert necessary in view of the overall financial sophistication of Committee members. The responsibilities of the Committee are set forth in our Audit Committee Charter.

The Committee reviewed and discussed the audited financial statements with management including a discussion of the quality of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures contained in the financial statements. The Committee also discussed with the independent auditors the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU Section 380). The Committee also received the written disclosures and the letter from the independent auditors required by Independent Standards Board Standard No. 1 (Independent Standards Board Standard No. 1, Independence Discussions with Audit Committees), has discussed with the independent auditors the independent

auditors' independence and has considered the compatibility of non-audit services with the auditors' independence.

The Committee discussed with our internal and independent auditors the overall scope and plans for their respective audits. The Committee met with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting.

Based on the reviews and discussions referred to above, the Committee recommended to the Board that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the SEC.

RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

General

Our consolidated financial statements for 2005 were audited by Porter Keadle Moore, LLP (PKM) and for 2004 and 2003 by Deloitte & Touche LLP (Deloitte). On August 18, 2005, the Audit Committee approved the dismissal of Deloitte as our independent accountants and the appointment of PKM as our new independent accountants.

In connection with the audits for 2003 and 2004, and the subsequent interim period through August 18, 2005, there were no disagreements with Deloitte on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements if not resolved to their satisfaction would have caused them to make reference in connection with their opinion to the subject matter of the disagreement. Their audit reports also did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles. Deloitte provided a letter of concurrence, pursuant to Item 304(a)(3) of Regulation S-K, stating agreement with the above statements as an exhibit to the required Form 8-K filed by us on August 24, 2005.
