#### **Background**

The Torch Energy Royalty Trust (the Trust ) is a Delaware statutory trust and was formed effective October 1, 1993, pursuant to a trust agreement (the Trust Agreement ) entered into by and among Wilmington Trust Company, not in its individual capacity but solely as trustee of the Trust (the Trustee ), Torch Royalty Company ( TRC ), Velasco Gas Company, Ltd. ( Velasco ), as owners of certain oil and gas properties, and Torch Energy Advisors Incorporated ( Torch ) as grantor. TRC and Velasco created net profits interests ( Net Profits Interests ) and conveyed such interests to Torch. Torch conveyed the Net Profits Interests to the Trust in exchange for an aggregate of 8,600,000 units of beneficial interest in the Trust ( Units ). The sole purpose of the Trust is to hold the Net Profits Interests, to receive payments from TRC and Velasco, and to make payments to Unitholders. The Trust does not conduct any business activity and has no officers, directors or employees.

As initially disclosed by the Trust in its Current Report on Form 8-K dated January 28, 2008, after the close of business on Friday, January 25, 2008, the Trustee received a notice of a demand (the Demand Notice ) for arbitration before JAMS from TRC, Torch E&P Company and Constellation Energy Partners LLC (collectively the Working Interest Owners ). The working interests are each burdened by the Net Profits Interests contained in three net overriding royalty conveyances (the Conveyances ). The Working Interest Owners sought a declaratory judgment that under the Conveyances the mechanisms contained in the Oil and Gas Purchase Contract, dated as of October 1, 1993, entered into by and among Torch Energy Marketing, Inc., TRC and Velasco (the Purchase Contract ) (including the sharing price and minimum price mechanisms) should continue to be utilized for calculating the quarterly Net Profits Interests payments following termination of the Trust.

On January 29, 2008 (the Termination Date ), holders of more than 66 2/3% of the outstanding Units affirmatively voted for a proposal to terminate the Trust in accordance with the terms and provisions of the Trust Agreement. The Purchase Contract and the Administrative Services Agreement terminated upon the termination of the Trust.

On February 21, 2008, the Trustee filed a response to the Demand Notice and filed a response and counterclaim on April 25, 2008 to the claimants amended demand notice of April 16, 2008 (collectively, the Responses ). As stated in the Responses, the Trustee, upon further legal analysis of the Purchase Contract and the Conveyance documents, concluded that the sharing price mechanism of the Purchase Contract (which determined the calculation of the Net Profits Interests prior to the termination of the Purchase Contract) did not survive the termination of the Purchase Contract or the termination of the Trust. On April 11, 2008, Trust Venture Company, LLC ( Trust Venture ), which owns the majority of Units in the Trust, submitted an unopposed request to intervene in the arbitration and become a party to the arbitration. Trust Venture agreed with the Trustee, and took the position in the arbitration, that the sharing price mechanism of the Purchase Contract did not survive the termination of the Purchase Contract or the termination of the Trust.

---

The hearing on the merits in the arbitration commenced on June 16, 2008 and was completed on June 20, 2008. On July 18, 2008, JAMS, through a panel of three arbitrators (the Arbitrators ), released a final award notice to all parties (the Award Notice ). In the Award Notice, the Arbitrators found that the Conveyances are not ambiguous and the pricing mechanism of the Purchase Contract is incorporated by reference into the Conveyances notwithstanding termination of the Purchase Contract. The Arbitrators therefore concluded that the pricing mechanism (including the sharing price and minimum price mechanism) continues to burden the Net Profits Interests and will do so for the life of the Conveyances.

As disclosed recently by the Trust in its Annual Report on Form 10-K for the period ended December 31, 2007 ( 2007 Annual Report ), Trust Venture intended to commence a derivative action against Constellation Energy Partners LLC ( CEP ), the working interest owners of certain oil and gas fields located in Alabama, in accordance with, inter alia, Section 3816 of the Delaware Statutory Trust Act, codified at 12 Del. C. 3816(a), to (i) recover any overcharges to the Trust by CEP related to administrative costs, water gathering, treating and disposal costs and severance taxes and (ii) require CEP to provide an accounting of its revenues and expenses as required under the Net Overriding Royalty Conveyance filed of record in Tuscaloosa County, Alabama. On December 30, 2008, Trust Venture filed and subsequently served a derivative lawsuit against CEP in Alabama state court alleging such overcharges, challenging the calculation of the Net Profits Interests under the conveyances that were used to transfer the net profits interests in each state, and demanding an accounting of CEP 's revenues and expenses. In response to the derivative lawsuit, on February 9, 2009, CEP filed in Alabama state court a motion to dismiss such lawsuit without prejudice in favor of arbitration on various grounds, including Trust Venture 's alleged lack of standing and Trust Venture 's alleged failure to comply with certain contractual agreements. The Alabama state court denied CEP 's motion to dismiss on February 25, 2009, and so the derivative action is proceeding against CEP.

On February 12, 2009, the Trustee received a certified copy of a demand for arbitration dated February 9, 2009 by CEP before JAMS (the Demand Notice ) seeking a declaratory judgment that CEP (i) correctly calculated and paid the Net Profits Interests payments due to the Trust, (ii) correctly charged the Trust for certain well accounting services and severance taxes, and (iii) has complied with its contractual reporting requirements due to the Trust. In the Demand Notice, CEP claimed that, because the Trust authorized Trust Venture to file the derivative lawsuit, there exists a judicable conflict between CEP and the Trust that is subject to resolution by arbitration.

In addition, on February 12, 2009, Trust Venture filed an emergency motion in Alabama state court to stay the arbitration demanded by CEP until such time as the court issues a judgment as to the enforceability of the arbitration agreement made by and between the Trust and CEP. The court denied that motion on February 25, 2009. On March 9, 2009, the Trustee filed its own motion in the same Court seeking to intervene in the derivative action for the limited purpose of moving for a stay of arbitration until resolution of the derivative action. The Alabama state court heard oral argument on the Trustee 's motion on March 25, 2009, and although a decision is anticipated in the near future the Trustee does not have any certainty when the Alabama state court will rule and there can be no assurance as to the outcome or result of the motion or the derivative litigation.

The Trustee is currently reviewing the Demand Notice and the motions and pleadings filed in, and with respect to, the derivative lawsuit and arbitration. There can be no assurance as to the outcome or result of a lawsuit or arbitration or the effect of the derivative lawsuit and/or demand for arbitration may have on the Trust or the Units, including the market value thereof.

The Trust has previously disclosed information concerning its inability to timely file its 2007 Annual Report on its Form 12b-25 filed with the Securities and Exchange Commission ( SEC ) on April 1, 2008 and its inability to timely file its Quarterly Reports on Form 10-Q for the quarterly period ended March 31, 2008, for the quarterly period ended June 30, 2008 and for the quarterly period ended September 30, 2008 (the Q1 Quarterly Report , the Q2 Quarterly Report and the Q3 Quarterly Report ) on its Form 12b-25, filed with

the SEC on May 16, 2008, August 14, 2008 and November 17, 2008 respectively. The Trust has also previously disclosed information regarding the termination of the Trust, the derivative litigation, arbitration and other information regarding the Trust on its Current Reports on Form 8-K filed with the SEC on February 18, 2009, October 22, 2008, July 22, 2008, June 3, 2008, April 21, 2008, April 7, 2008, February 22, 2008, February 11, 2008, January 31, 2008, January 28, 2008, January 25, 2008 and December 21, 2007 and on Schedule 14C filed with the SEC on January 7, 2008 (Definitive Information Statement pursuant to Section 14(c) of the Securities Exchange Act of 1934). The Unitholders are urged to read the above mentioned and all other filings by the Trust with the SEC carefully and in their entirety.

Reasons for the Inability to Timely File the Trust's Annual Report on Form 10-K for the annual period ended December 31, 2008

The Trust is unable to timely file its Annual Report on Form 10-K for the annual period ended December 31, 2008 for the following reasons:

The Trust intends to apply the sharing price and minimum price mechanisms for calculating the quarterly Net Profits Interests payments and in its financial statements after the Termination Date of the Trust for the entire winding up and liquidation period of the Trust. The Trust is actively engaged in the process of preparing the Annual Report and will file this report as soon as practical.

The Trustee is working diligently and intends to continue to work diligently with its various service providers to obtain all required financial information, reserve reports, complete the financial statements and put into place the closing and reporting financial processes required for the Trust for the Annual Report and during the winding up and liquidation period of the Trust.

The Trustee continues to review the materials associated with and respond as appropriate to the current derivative litigation and arbitration. In preparing the Annual Report information, the Trustee continues to review and analyze certain operating costs that the Working Interest Owners and Torch have approved and included in calculating the quarterly Net Profits Interests payments paid to the Trust. No assurances may be given about the outcome of the derivative litigation, arbitration, the review or any future review and audit of the operating costs that the Working Interest Owners and Torch have previously approved.

As a result of the foregoing, the Trustee's ability to obtain complete and reliable information required to prepare and file the Annual Report on a timely basis has been adversely affected.

Despite best efforts by the Trust, the reasons causing the inability to file timely could not be eliminated by the registrant without unreasonable effort or expense.
