**PROXY STATEMENT FOR ONLINE RESOURCES CORPORATION
2004 ANNUAL MEETING OF STOCKHOLDERS**

GENERAL INFORMATION ABOUT THE ANNUAL MEETING

Why Did You Send Me this Proxy Statement?

We sent you this proxy statement and the enclosed proxy card because Online Resources Corporation's Board of Directors is soliciting your proxy to vote at the 2004 annual meeting of stockholders and any adjournments of the meeting. This proxy statement summarizes the information you need to know to vote at the annual meeting. You do not need to attend the annual meeting to vote your shares. Instead, you may vote your shares by marking, signing, dating and returning the enclosed proxy card.

On April 5, 2004, we began sending this proxy statement, the attached notice of annual meeting and the enclosed proxy card to all stockholders entitled to vote at the meeting. Only stockholders who owned Online Resources Corporation common stock at the close of business on March 15, 2004 are entitled to vote at the annual meeting. On this record date, there were 17,933,606 shares of Online Resources Corporation common stock outstanding. Online Resources Corporation common stock is our only class of voting stock for purposes of this annual meeting. Along with this proxy statement, we are sending our 2003 annual report, which includes our financial statements for the year ended December 31, 2003.

How Many Votes Do I Have?

Each share of Online Resources Corporation common stock that you own entitles you to one vote.

How Do I Vote by Proxy?

Whether you plan to attend the annual meeting or not, we urge you to complete, sign and date the enclosed proxy card and to return it promptly in the envelope provided. Returning the proxy card will not affect your right to attend the annual meeting and vote.

If you properly fill in your proxy card and send it to us in time, your proxy (*one of the individuals named on your proxy card*) will vote your shares as you have directed. If you sign the proxy card but do not make specific choices, your proxy will vote your shares as recommended by the Board of Directors.

How Does the Board of Directors Recommend That I Vote on the Proposals?

The Board of Directors recommends that you vote as follows:

FOR the election of the nominees for Director;

FOR ratification of the selection of our independent auditors for our year ending December 31, 2004.

If any other matter is presented at the annual meeting, your proxy will vote your shares in accordance with his or her best judgment. At the time this proxy statement was printed, we knew of no matters that are to be acted on at the annual meeting, other than those discussed in this proxy statement.

May I Revoke My Proxy?

If you give us your proxy, you may revoke it at any time before it is exercised. You may revoke your proxy in any one of the following ways:

You may complete, sign and send in another proxy card with a later date;

You may notify Online Resources Corporation's Secretary in writing before the annual meeting that you have revoked your proxy; or

You may vote in person at the annual meeting.

How Do I Vote in Person?

If you plan to attend the annual meeting and vote in person, we will give you a ballot when you arrive. However, if your shares are held in the name of your broker, bank or other nominee, you must bring an account statement or letter from the nominee indicating that you are the beneficial owner of the shares at the close of business on March 15, 2004, the record date for voting at the annual meeting.

What Constitutes a Quorum for the Meeting?

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock at the record date is necessary to constitute a quorum at the meeting. Votes of stockholders of record who are present at the meeting in person or by proxy, abstentions, and broker non-votes are counted for purposes of determining whether a quorum exists.

What Vote is Required to Approve Each Proposal?

If a quorum exists at the annual meeting, then the vote required to approve each proposal is as follows:

Proposal 1: Election of Directors

The nominees for Directors who receive the most votes cast, also known as a plurality of the votes, will be elected.

Proposal 2: Ratify Selection of Independent Accountants

The affirmative vote of a majority of the votes present or represented by proxy and entitled to vote at the annual meeting is required to ratify the selection of independent accountants.

What is the Effect of Broker Non-Votes, Withholdings and Abstentions?

Broker Non-Votes: If your broker holds your shares in its name, the broker will be entitled to vote your shares on both Proposal 1 and Proposal 2 even if it does not receive instructions from you. In other words, unless your broker receives instructions from you in a timely manner, your broker has authority to use its own discretion to vote your shares with respect to Proposals 1 and 2. When your broker cannot vote your shares on a particular matter because it does not have instructions from you in a timely manner and it does not have authority to use its own discretion to vote on that matter, this is referred to as a broker non-vote. Broker non-votes are not considered to be present and represented and entitled to vote at the meeting as to all of the Proposals to be considered at the annual meeting, so they will have no effect on the votes on any of the Proposals.

Withholdings: Withholding authority to vote for the nominees for Director will have no effect on the outcome of the vote.

Abstentions: Because abstentions are treated as shares present or represented and entitled to vote at the annual meeting, abstentions with respect to Proposal 2 have the same effect as votes against the proposals.

Is Voting Confidential?

We will keep all the proxy cards, ballots and voting tabulations private. We only let our Inspectors of Election and American Stock Transfer and Trust Company, our transfer agent, examine these documents. We will not disclose your vote to management unless it is necessary to meet legal requirements. We will, however, forward to management any written comments you make, on the proxy card or elsewhere. Our practice is not to attribute a stockholder's identity to their comments.

What Are the Costs of Soliciting these Proxies?

We will pay all of the costs of soliciting these proxies, including expenses in connection with preparing and mailing this proxy statement. We have retained Georgeson Shareholder Communications, Inc. to assist our Board of Directors in the distribution of proxy materials and solicitation of votes for a fee of \$5,500, plus reimbursement of out-of-pocket expenses. Georgeson Shareholder Communications, Inc. will reimburse brokerage firms and other persons representing beneficial owners of our common stock for their expenses in forwarding proxy materials to such beneficial owners, and we will reimburse Georgeson Shareholder Communications, Inc. for the expenses. Our Directors and employees also may solicit proxies using the Internet, telephone, fax, email or in person. We will not pay our employees and Directors any additional compensation for these services.

Attending the Annual Meeting

The annual meeting will be held at 2:00 p.m. on Wednesday, May 5, 2004 at the Harvard Club of New York, 27 East 44th Street, New York, NY 10036. When you arrive at the Harvard Club of New York, signs will direct you to the appropriate meeting rooms. You need not attend the annual meeting in order to vote.

Voting

To ensure that your vote is recorded promptly, please vote as soon as possible, even if you plan to attend the annual meeting in person. If you attend the annual meeting, you may also submit your vote in person, and any previous votes that you submitted, will be superseded by the vote that you cast at the annual meeting.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information with respect to the beneficial ownership of our common stock as of March 15, 2004 for (a) the executive officers named in the Summary Compensation Table on page 10 of this proxy statement, (b) each of our Directors and Director nominees, (c) all of our current Directors and executive officers as a group and (d) each stockholder known by us to own beneficially more than 5% of our common stock. We deem shares of common stock that may be acquired by an individual or group within 60 days of March 15, 2004 pursuant to the exercise of options or warrants or the conversion of other securities to be outstanding for the purpose of computing the percentage ownership of such individual or group, but are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person shown in the table. Except as indicated in footnotes to this table, we believe that the owners of our common stock named in this table have sole voting and investment power with respect to all shares of common stock shown to be beneficially owned by them based on information provided to us by these stockholders. Percentage of ownership is based on 17,933,606 shares of common stock outstanding on March 15, 2004.

Name	Individual Grants				Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term(2)	
	Number of Securities Underlying Options Granted(1)	% of Total Options Granted to Employees in Fiscal Year	Exercise or Base Price (\$/Share)	Expiration Date	5%	10%

- (1) The options were granted pursuant to our 1999 Stock Option Plan.
- (2) In accordance with the rules of the SEC, we show in these columns the potential realizable value over the term of the option (the period from the grant date to the expiration date). We calculate this assuming that the fair market value of our common stock on the date of grant appreciates at the indicated annual rate, 5% and 10% compounded annually, for the entire term of the option and that the option is exercised and sold on the last day of its term for the appreciated stock price. These amounts are based on assumed rates of appreciation and do not represent an estimate of our future stock price. Actual gains, if any, on stock option exercises will depend on the future performance of our common stock, the optionholder's continued employment with us through the option exercise period, and the date on which the option is exercised.
- (3) Stock options vest 100% at the end of the fourth year from the date of grant.
- (4) Stock options vested 100% at the date of grant.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

The following table shows information regarding exercises of options to purchase our common stock by each executive officer named in the Summary Compensation Table during the fiscal year ended December 31, 2003. The table also shows the aggregate value of options held by each executive officer named in the Summary Compensation Table as of December 31, 2003. The value of the unexercised in-the-money options at fiscal year end is based on a value of \$6.56 per share, the closing price of our common stock listed on the NASDAQ National Market System on December 31, 2003 (the last trading day of our fiscal year), less the per share exercise price.

Name	Shares Acquired on Exercise	Value Realized(1)	Number of Securities Underlying Unexercised Options At Fiscal Year-End		Value of the Unexercised In-The-Money Options at Fiscal Year-End	
			Exercisable	Unexercisable	Exercisable	Unexercisable

Edgar Filing: ONLINE RESOURCES CORP - Form DEF 14A

Amounts shown in this column do not necessarily represent actual value realized from the sale of the shares acquired upon exercise of the option because in many cases the shares are not sold on exercise but continue to be held by the executive officer exercising the option. The amounts shown represent the difference between the option exercise price and the market price on the date of exercise, which is the amount that would have been realized if the shares had been sold immediately upon exercise.

Change in Control Arrangements

The outstanding option agreements issued under our 1999 Stock Option Plan provide for acceleration of the vesting of options upon or in connection with a change in control.

Performance Graph

The following graph compares the annual percentage change in our cumulative total stockholder return on our common stock during a period commencing on June 4, 1999, the date of the initial public offering of our common stock, and ending on December 31, 2003 (as measured by dividing (i) the sum of (A) the cumulative amount of dividends for the measurement period, assuming dividend reinvestment, and (B) the difference between our share price at the end and the beginning of the measurement period; by (ii) our share price at the beginning of the measurement period) with the cumulative total return of the Nasdaq Stock Market and the Interactive Week Internet Index (IIX) during such period. We have not paid any dividends on our common stock, and we do not include dividends in the representation of our performance. The stock price performance on the graph below does not necessarily indicate future price performance. Prior to June 4, 1999, shares of our common stock were not publicly traded. Comparative data is provided only for the period since that date. This graph is not soliciting material, is not deemed filed with the Securities and Exchange Commission and is not to be incorporated by reference in any of our filings under the Securities Act of 1993 or the Securities Exchange Act of 1934 whether made before or after the date of this proxy statement irrespective of any general incorporation by reference in any such filing. Information used on the graph was obtained from the NASDAQ Online and Interactive Week, sources we believe to be reliable, but we are not responsible for any errors or omissions in such information.

REPORT OF COMPENSATION COMMITTEE

ON EXECUTIVE COMPENSATION

This report is submitted by the Compensation Committee, which is responsible for establishing and administering our executive compensation policies and stock option plans. This Committee is composed of Ervin R. Shames, Edward E. Furash and David A. O Connor, none of whom is an employee of the Company. This report addresses the compensation policies for fiscal year 2003 as they affected Matthew P. Lawlor, in his capacity as Chief Executive Officer, and our other executive officers.

The Compensation Committee makes recommendations to the Board of Directors concerning the compensation and benefits of our Directors, executive officers and key employees, and acts on such other matters relating to their compensation as it deems appropriate. The Compensation Committee administers our 1999 Stock Option Plan, pursuant to which incentive stock options and non-statutory stock options may be granted to eligible employees, Directors and consultants. The Compensation Committee also administers our executive and key employee incentive plan, pursuant to which eligible employees may be granted incentive compensation for achievement of company performance targets.

Compensation Objectives. The Compensation Committee considers the following objectives in setting base salary and benefits and some of the following objectives in determining bonuses and long-term incentives for executives:

establishing base salaries at a competitive average within the e-financial services industry, which is targeted at the mid-point (50th percentile) of current market job classifications;

rewarding the achievement of our annual and long-term strategic goals;

retaining and attracting executive officers by offering competitive compensation and benefits at a competitive level with other executives in the e-financial services industry; and

providing motivation for the executive officers to enhance stockholder value by linking a portion of the compensation package to the performance of our common stock.

Executive Compensation Program Components. The three principal components of executive compensation are annual base salary, annual incentive bonuses, and long-term incentive compensation under our 1999 Stock Option Plan. Each of these components is discussed as follows:

Annual Base Salary. The Compensation Committee's recommendations regarding the annual base salary of our executive officers, including the compensation of the Chairman of the Board and Chief Executive Officer, are based on a number of factors, including each executive officers experience and qualifications, the potential impact of the individual on our performance, the level of skill and responsibilities and the other factors described above. Base salaries are reviewed annually, and the Compensation Committee seeks to set executive officer base salaries at competitive levels in relation to the companies with which we compete for executives. Average base salaries for the executive officers increased 19% in 2003. This increase primarily reflects the restoration of cash compensation. In 2002 the executive officers decided to forego between 13% and 25% of cash compensation in exchange for non-qualified stock options.

Annual Incentive Bonuses. The Company's annual incentive bonus program is designed to provide a direct financial incentive to our executive officers, including the Chief Executive Officer, as well as other key employees, for achievement of specific Company performance goals. During the fiscal year ending 2003 the incentive bonus program was comprised of cash. Consistent with our executive and key employee incentive program, at the beginning of each fiscal year, the Compensation Committee determines:

The employees by grade level that are eligible to participate in the plan for the year;

The annual corporate performance goals for the year; and

For each eligible employee, the target bonus level as a percentage of base compensation.

In fiscal 2003, the Compensation Committee established incentive bonus compensation for executive officers and other key employees based on our targeted operating earnings. The average bonus earned under

the Plan in 2003 by the three executive officers was 45% of their base salaries. The average maximum targeted bonus that can be earned under the Plan by the three executive officers is 70% of their base salaries. The Compensation Committee made additional stock option awards to all three executive officers at year end based on the Company's performance. The stock options granted were 100% vested at the time of grant and expire ten years after the date they were granted.

Long-Term Incentive Compensation. The Compensation Committee believes that stock ownership is a significant incentive in aligning the interests of the executives and the stockholders. Consistent with industry standards, upon hiring, executives may be granted a number of options in an amount larger than the average grant given executives in any year and with different terms and vesting schedules. During fiscal 2003, we granted stock options to all of our executive officers under our 1999 Stock Option Plan, and such grants are set forth in the Stock Option Grants Table under the Executive Compensation section of this proxy statement. A portion of the total stock options granted to executive officers in 2003 vest 100% at the end of the fourth year and expire after ten years after the date they are granted. Stock option grants under the 1999 Stock Option Plan were allocated by the Compensation Committee based upon past and present performance and future potential value of such executive officer's service to the company.

Chief Executive Officer. The Chief Executive Officer's compensation evaluation included consideration of his leadership qualities, experience in the electronic commerce services industry and the results of our performance. At the recommendation of the Compensation Committee the Board of Directors awarded the Chief Executive Officer a cash bonus of \$101,278 in the fiscal year ended December 31, 2003. On December 15, 2003 the Board of Directors granted the Chief Executive Officer a merit increase in base salary of 5% for 2004. The Chief Executive Officer was also granted options for 26,750 shares of common stock.

The goal of our compensation structure is to be certain that all executives are compensated consistent with the above guidelines and to assure that all reasonable and possible efforts are being exerted to maximize stockholder value. In 2003, the Compensation Committee met 5 times to review executive compensation levels to ensure this result.

THE BOARD OF DIRECTORS RECOMMENDS THE ELECTION OF MATTHEW P. LAWLOR, ERVIN R. SHAMES AND BARRY D. WESSLER AS MEMBERS OF OUR BOARD OF DIRECTORS, AND PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR THEREOF UNLESS A STOCKHOLDER HAS INDICATED OTHERWISE ON THE PROXY.

(Notice Item 2)

The Audit Committee has appointed Ernst & Young LLP, independent accountants, to audit our financial statements for the fiscal year ending December 31, 2004. The Board proposes that the stockholders ratify this appointment. Ernst & Young LLP audited our financial statements for the year ended December 31, 2003. We expect that representatives of Ernst & Young LLP will be present at the meeting, will be able to make a statement if they so desire and will be available to respond to appropriate questions.

All Other Fees

Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the independent auditor is engaged to perform it. The Audit Committee has delegated to the Chair of the Audit Committee authority to approve permitted services provided that the Chair reports any decisions to the Committee at its next scheduled meeting. The Audit Committee has considered whether the provision of the services described above under the caption All Other Fees is compatible with maintaining Ernst & Young LLP independence.

Stockholder ratification of Ernst & Young LLP as our independent accountants is not required by our by-laws or otherwise. However, we are submitting the appointment of Ernst & Young LLP to our stockholders for ratification as a matter of what we consider to constitute good corporate practice. If the stockholders fail to ratify the appointment, we will consider whether or not to retain that firm. To fulfill its responsibilities and duties, the Audit Committee shall:

2. 3. Review with management and the independent auditor each Form 10-Q prior to its filing or prior to the release of earnings, including a discussion with the independent auditor of the matters required to be discussed by SAS No. 61. The Chair of the Audit Committee may represent the entire Audit Committee for purposes of this review.
4. Review with management and the independent auditor the effect of regulatory and accounting initiatives that may affect the Corporation, as well as the effect of any off-balance sheet structures and transactions on the Corporation's financial statements.

Independent Auditor

5. Review the performance of the independent auditor and appoint or terminate the independent auditor. The Audit Committee has the sole authority and responsibility to select, evaluate, and where appropriate, replace the outside auditor. The independent auditor is ultimately accountable to the Audit Committee for such auditor's review of the financial statements and controls of the Corporation. The Audit Committee shall determine the appropriate compensation of the independent auditor.
6. Approve in advance all audit services and all permitted non-audit services, except where such services are determined to be *de minimis* under the Exchange Act. The Audit Committee may delegate, to one or more designated members of the Audit Committee, the authority to grant such pre-approvals. The decisions of any member to whom such authority is delegated shall be presented to the full Audit Committee at each of its scheduled meetings.
7. Oversee and ensure the independence of the auditor by:

receiving from, and reviewing and discussing with, the auditor, on a periodic basis, a formal written statement delineating all relationships between the auditor and the Corporation consistent with Independence Standards Board Standard 1 (ISB No. 1);

reviewing, and actively discussing with the Board, if necessary, and the auditor, on a periodic basis, any disclosed relationships or services between the auditor and the Corporation or any other disclosed relationships or services that may impact the objectivity and independence of the auditor;

recommending, if necessary, that the Board take appropriate action to satisfy itself of the auditor's independence; and

ensuring that the lead or coordinating audit partner having primary responsibility for the audit, or the audit partner responsible for reviewing the audit does not perform audit services for the Corporation for more than five (5) consecutive fiscal years.

8. Set clear hiring policies for employees or former employees of the Corporation's independent auditor.

Financial Reporting Process

9. In consultation with the independent auditor and the internal auditors, review the integrity of the Corporation's financial reporting processes, both internal and external. The Audit Committee shall report regularly to and review with the full Board any issues that arise with respect to the quality or integrity of the Corporation's financial statements, compliance with legal or regulatory requirements, the performance and independence of the independent auditor, or the performance of the internal audit function.
10. Consider and approve, if appropriate, changes to the Corporation's auditing and accounting principles and practices as suggested by the independent auditor, management, or the internal auditing department.
11. Ensure that there exist regular systems of reporting to the Audit Committee by each of management, the independent auditor and the internal auditor regarding any significant judgments made in management's preparation of the financial statements and any significant difficulties encountered during the course of the review or audit, including any restrictions on the scope of work or access to required information.
12. Regularly review any significant disagreements among management and the independent auditor or the internal auditing department in connection with the preparation of the financial statements.
13. Ensure and oversee timely reports from the independent auditor to the Audit Committee of (i) all critical accounting policies and practices; (ii) all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management officials of the Corporation, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditor; and (iii) other material written communications between the independent auditor and the management of the Corporation, such as any management letter or schedule of unadjusted differences.

18. When deemed necessary by the members of the Audit Committee, retain independent legal, accounting or other advisors or consultants to advise and assist the Audit Committee in carrying out

its duties, without needing to seek approval for the retention of such advisors or consultants from the Board. The Audit Committee shall determine the appropriate compensation for any advisers retained by the Audit Committee. The Audit Committee may request any officer or employee of the Corporation or the Corporation's outside counsel or independent auditor to attend a meeting of the Audit Committee or to meet with any members of, or consultants to, the Audit Committee.

19. Establish procedures for (i) the receipt, retention, and treatment of complaints received by the Corporation regarding accounting, internal accounting controls, or auditing matters; and (ii) the confidential, anonymous submission by employees of the Corporation of concerns regarding questionable accounting or auditing matters.
20. Perform any other activities consistent with this Charter, the Corporation's by-laws, and governing law, as the Audit Committee or the Board deems necessary or appropriate.
