If so: attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

Net income in the second quarter of 2003 decreased to \$12.9 million from \$16.0 million in the second quarter of 2002. During the first six months of 2003, net income decreased to \$29.9 million from \$42.6 million in the first six months of 2002.
