"DISCLOSURE OF RESULTS OF OPERATIONS AND FINANCIAL CONDITION").

On April 21, 2003, Netegrity, Inc. announced its financial results for the quarter ended March 31, 2003. The full text of the press release issued in connection with the announcement is attached as Exhibit 99.1 to this Current Report on Form 8-K.

In accordance with the procedural guidance in SEC Release No. 33-8216, the information in this Form 8-K and the Exhibit attached hereto is being furnished under "Item 9. USE OF NON-GAAP FINANCIAL INFORMATION

To supplement our consolidated financial statements presented in accordance with GAAP, Netegrity, Inc. uses non-GAAP measures of net loss and net loss per share, which are adjusted from results based on GAAP to exclude certain expenses. These non-GAAP adjustments are provided to enhance the user's overall understanding of our current financial performance and our prospects for the future. Specifically, in order to better understand the comparability of

quarters, we believe that it is important to consider non-GAAP net loss (defined as GAAP net loss excluding non-cash amortization of capitalized software) when evaluating our cost structure and measuring our progress towards profitability. The second quarter of 2003 is expected to be the last quarter that includes a charge for non-cash amortization because capitalized software is expected to be fully amortized as of June 30, 2003. The presentation of this additional information is not meant to be considered in isolation or as a substitute for results prepared in accordance with accounting principles generally accepted in the United States.
