PROXY STATEMENT FOR 2002

This Proxy Statement is furnished to shareholders by the board of directors of AmerUs Group Co. (the "Company") in connection with the solicitation of proxies for use at the Annual Meeting of Shareholders of the Company to be held at the AmerUs Conference Center, Hub Tower, 3rd Floor, 699 Walnut Street, Des Moines, Iowa, on Thursday, May 9, 2002, at 2:00 p.m., Des Moines local time, and at any adjournments thereof.

This Proxy Statement, Notice of Annual Meeting and the accompanying proxy card are being first mailed to shareholders on or about March 29, 2002. The Company's 2001 Annual Report is being mailed to shareholders concurrently with this Proxy Statement.

Edgar Filing: AMERUS GROUP CO/IA - Form DEF 14A

GENERAL INFORMATION

The board of directors has fixed the close of business March 15, 2002 as the record date (the "Record Date") for the determination of shareholders entitled to notice of and to vote at the Annual Meeting or any adjournments thereof. On the Record Date, 40,214,124 shares of the Company's common stock were outstanding and entitled to vote at the meeting. Each share of common stock entitles the holder thereof to one vote on each matter to be voted on at the Annual Meeting. There were no shares of voting preferred stock outstanding as of the Record Date.

Any shareholder giving a proxy has the power to revoke it at any time before it is voted. Revocation of a proxy is effective upon receipt by the secretary of the Company of either (i) an instrument revoking it, or (ii) a duly executed proxy bearing a later date. In addition, a shareholder who is present at the Annual Meeting may revoke the shareholder's proxy and vote in person if the shareholder so desires.

Proxies furnished by shareholders pursuant hereto will be voted in accordance with the directions on such proxies. If no choice is specified, the proxy will be voted (i) "FOR" the election of the nominees listed under "Election of Directors"; (ii) "FOR" ratification of the appointment of Ernst & Young LLP as independent auditors; and (iii) at the discretion of the proxy holders with regard to such other business as may come before the meeting and all matters incident to the conduct of the meeting. If for any reason, one or more of the nominees should be unable or refuse to serve as a Director (an event which is not anticipated), the persons named in the enclosed proxy will vote for substitute nominees of the board of directors unless otherwise instructed. The board of directors knows of no matter to come before the meeting other than those set forth in the Proxy Statement. If any further business is presented at the meeting, the persons named in the proxy will act on behalf of the shareholders according to their best judgment.

The presence at the meeting, in person or by proxy, of a majority of the shares of common stock outstanding on the Record Date will constitute a quorum. The affirmative vote of the holders of at least a majority of such quorum will be required with respect to the election of directors, and the ratification of the appointment of Ernst & Young LLP as the Company's independent auditors.

Votes cast by proxy or in person at the Annual Meeting will be counted by the persons appointed by the Company to act as the inspectors of election for the meeting. The inspectors of election will treat shares represented by proxies that reflect abstentions or include "broker non-votes" as shares that are present and entitled to vote for purposes of determining the presence of a quorum. Abstentions or "broker non-votes" do

3

not constitute a vote "for" or "against" any matter and thus will be disregarded in any calculation of "votes cast." However, abstentions and "broker non-votes" will have the effect of a negative vote if an item requires the approval of a majority of a quorum or of a specified proportion of all issued and outstanding shares.

Proxies are being solicited by the board of directors of the Company. The cost of preparing, printing and mailing this Proxy Statement, the accompanying notice and the enclosed proxy card, and all other costs in connection with the solicitation of proxies, will be paid by the Company. The Company does not anticipate the need to retain a firm to solicit proxies at this annual meeting of shareholders. If such a solicitation were necessary, the anticipated cost would be approximately \$7,500 plus reasonable expenses.

In accordance with a notice sent earlier this year to certain registered shareholders who share a single address, we are sending only one annual report and proxy statement to that address unless we received contrary instructions from any shareholder at that address. - (A) In 1999, a new Senior Executive Incentive Plan ("SEIP") was recommended by the outside executive compensation consultant retained by the Human Resources Committee of the Board to replace the Management Incentive Plan ("MIP") for senior executives. For 1999 and 2000, the SEIP provided for an incentive pool of money using a formula driven by increasing the Company's Earnings Per Share ("EPS"). In 2001, the SEIP incentive pool was calculated using a formula driven by operating earnings and company-wide expense

Edgar Filing: AMERUS GROUP CO/IA - Form DEF 14A

reductions. Pursuant to the MIP and the SEIP, bonuses shown for 1999, 2000 and 2001 were paid in 2000, 2001 and 2002 respectively. The SEIP provides that employees participating in the plan are eligible to defer a portion of their annual bonus to purchase phantom stock units at a price per unit equal to the fair market value of the Company's common stock on the date of

10

purchase. The Company will match a specified percentage of the phantom stock units purchased pursuant to the deferral program up to a total of \$20,000 per each deferral. On the third anniversary of the employee's deferral, the Company will pay to the employee an amount in cash determined by multiplying the number of units times the fair market value of the Company's common stock on that date, provided the employee continues to be employed by the Company or one of its subsidiaries on that date. The entire Company match is forfeited if the employee's employment terminates prior to the third anniversary of the employee's deferral. The Human Resources Committee of the board of directors determines the maximum amount of bonus that can be deferred and the percentage match of the Company. For the 2001 bonus paid in 2002, the following amounts were deferred: Mr. Brooks -- \$150,000; Mr. McPhail -- \$87,500; Mr. Godlasky -- \$40,000; Mr. Heitz -- \$40,000; and Mr. Daley -- \$40,000. The Company match was 50% up to a maximum of \$20,000.

- (B) Restricted Stock is valued without regard to restrictions on transfer. The awards will not vest until the third anniversary of the date the award was granted. At December 31, 2001 (based upon a fair market value stock price on that date of \$35.84) the number and market value of shares of restricted stock held by each of the named executive officers were as follows: Mr. Brooks (3,000; \$107,520), Mr. Godlasky (1,000; \$35,840), Mr. McPhail (1,000; \$35,840), and Mr. Daley (500; \$17,920). The shareholder is entitled to receive cash dividends and has all other rights as a shareholder as to such shares prior to vesting. However, the entire award is forfeited if the shareholder's employment terminates prior to vesting. Effective February 12, 2002, the restrictions on these awards were removed.
- (C) The options were granted with an exercise price equal to the fair market value of the underlying stock on the date of grant.
- (D) Pursuant to the long-term incentive compensation performance share plan (the "LTIP"). The LTIP was discontinued as of 1998 and no awards were made in 1998 or 1999. The final payout for awards granted in previous years occurred in 1999.
- (E) Amounts shown as "Other Compensation" for 1999, 2000 and 2001 are comprised of the items set forth in the table below.

Option Grants Table

The following table presents information as to stock options granted during the year ended December 31, 2001. The two columns on the right project the amount that could be earned if the common stock price appreciates at the annual rates indicated and if the options are held until the expiration dates shown. There is no assurance that any particular level of potential realizable value will actually be earned.

(1) These options were granted on February 9, 2001 at the then fair market value of the Company's common stock. The options vest and become exercisable on February 9, 2002, February 9, 2003 and February 9, 2004 in 33% increments respectively.

(2) Potential realizable value is based on the assumption that the common stock price appreciates at the annual rate shown (compounded annually) from the date of grant until the end of the ten-year option period. The Company's stock price at the end of the ten-year term for the options granted to all executive officers are \$48.95 and \$77.94, for 5% and 10% appreciation, respectively. The numbers are calculated based on requirements promulgated by the Securities and Exchange Commission. The actual value, if any, an executive may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised (if the executive were to sell the shares on the date of exercise), so there is no assurance that the value realized will be at or near the potential realizable value as calculated in this table. The total gain to all shareholders using all executive officers' values would be \$789,727,312 and \$2,001,324,062 at 5% and 10% annual appreciation, respectively. The aggregate gains for the above officers represent less than 0.78% of the gain to all shareholders.

AmerUs Life established the LTIP, effective January 1, 1995. The LTIP was discontinued as of 1998 and no awards were made in 1998 or 1999. The final payout for awards granted in previous years occurred in 1999.

Stock Incentive Plans

On September 15, 1996, the Company's board of directors adopted the AmerUs Group Co. Stock Incentive Plan (the "1996 Stock Plan"). The 1996 Stock Plan was approved by the Company's shareholders and became effective on December 4, 1996. No grants were made under the 1996 Stock Plan until July 28, 1997. The purpose of the 1996 Stock Plan is to enable the Company to attract and retain employees and to align employees' interest with the performance of the Company. The 1996 Stock Plan provides for the grant of options (including incentive stock options and non-qualified stock options), stock appreciation rights and restricted stock awards. No options were granted to the Executive Officers under the 1996 Stock Plan in 2001.

On February 11, 2000, the board of directors adopted the AmerUs Group 2000 Stock Incentive Plan (the "2000 Stock Plan"). The 2000 Stock Plan was approved by the shareholders and became effective May 5, 2000. Options were granted to all Executive Officers under the 2000 Stock Plan in 2001.

Executive Stock Purchase Plan

In November 1998, the Company adopted the AmerUs Group Co. Executive Stock Purchase Plan (the "Stock Purchase Plan") to encourage direct, long-term ownership of the Company's securities by executive officers and certain senior officers. Under the Purchase Plan, up to \$25 million of common stock or the Company's 7.00% Adjustable Conversion-rate Equity Securities Units ("ACES Units") could be purchased in open market or negotiated transactions with independent parties. Purchases were to be financed by full recourse personal loans at market interest rates to the participants from a bank. The Company agreed to guarantee the loans in the event of default, but has recourse to the participants if it incurs a loss under the guarantee. Participants in the Stock Purchase Plan are fully liable for any losses, as well as for the repayment of the loan when it comes due. A total of 49 officers of the Company and its subsidiaries, including the Named Executive Officers, elected to participate in the Stock Purchase Plan.

Savings and Profit Sharing Plans

Each of the Named Executive Officers participates in the All*AmerUs Savings & Retirement Plan (the "Savings & Retirement Plan"), a profit sharing plan containing a qualified cash or deferred arrangement and the nonqualified All*AmerUs Supplemental Executive Retirement Plan (the "Supplemental Plan"). Of the Named Executive Officers, Messrs. Brooks and Daley also participate in the nonqualified All*AmerUs Excess Benefit Plan (the "Excess Plan"). Each of the Named Executive Officers, except Messrs. Heitz and McPhail, also had a frozen benefit under the qualified American Mutual Life Insurance Company Pension Plan (the "AML Frozen Pension Plan"). Additionally, the Named Executive Officers, except Messrs. Heitz and McPhail, have a frozen benefit under the nonqualified American Mutual Life Insurance Company Supplemental Executive Retirement Plan (the "AML Frozen SERP").

Under the Savings & Retirement Plan, the Company will contribute 4% of each eligible participating employee's compensation as of the end of a plan year in accordance with plan provisions ("Basic Contribution"). With the merger of the AAG Employee Stock Ownership Plan (the "AAG ESOP"), beginning with the 1999 Plan year, this Basic Contribution will be made in the form of cash and shares of the Company's common stock; the portions of cash and stock will be determined at the end of each year and may vary year to year. The shares of stock contributed as

Edgar Filing: AMERUS GROUP CO/IA - Form DEF 14A

part of the Basic Contribution will be made in accordance with the plan provision of the Employee Stock Ownership Plan (ESOP) component of the Savings & Retirement Plan. In addition, the Company will make a maximum matching contribution equal to 5% of an employee's compensation for the first 4% of salary deferral ("Matching Contributions").

The Company may also contribute to the Savings and Retirement Plan and Supplemental Plan, on behalf of each participating employee who was, as of December 31, 1995, an active participant in either the AML

13

Frozen Pension Plan or AML Frozen SERP (hereafter jointly referred to as the "Frozen Pension Plans"), a certain percentage of such employee's compensation ("Interim Benefit Supplement") in order to make up any shortfall between the amount to which such employee would have been entitled under either of the Frozen Pension Plans as compared to such employee's projected benefits under the Savings & Retirement Plan and Supplemental Plan. The amount of the Interim Benefit Supplement made on behalf of any eligible employee is reduced by any discretionary profit sharing contribution allocated to such employee under the Savings & Retirement Plan and the Supplemental Plan. Each of the Named Executive Officers, except Messrs. Heitz, Godlasky and McPhail, received an Interim Benefit Supplement in 2001.

As a result of the plan mergers, the Company may also contribute to the Savings & Retirement Plan and Supplemental Plan, on behalf of each AAG employee who was, as of January 1, 1999, an active qualifying AAG employee for the AAG Money Purchase Pension Plan (the "AAG MPPP"), a certain percentage of such employee's compensation (the "Benefit Supplement") in order to make up any shortfall between the projected benefits such employee would have had under the AAG MPPP as compared to such employee's projected benefits under the Savings & Retirement Plan and Supplemental Plan. The amount of the Benefit Supplement made on behalf of any eligible AAG employee is reduced by any discretionary contribution allocated to such employee under the Savings & Retirement Plan and the Supplemental Plan. Of the Named Executive Officers, only Mr. Heitz receives a Benefit Supplement.

The following table sets forth the frozen accrued monthly benefits payable as a straight life annuity to each of the Named Executive Officers under the AML Frozen SERP, assuming retirement at age 65 (current normal retirement age):

Supplemental Benefit Agreement

In April 1999, the Company entered into Supplemental Benefit Agreements with each of its Named Executive Officers, which were amended in February 2000.

Edgar Filing: AMERUS GROUP CO/IA - Form DEF 14A

These agreements provide that in the event of (i) a change of control of the Company (as defined below) and (ii) a termination by the Named Executive Officer for "good reason" or a termination of the Named Executive Officer not for cause within two years of a change of control, the Named Executive Officer shall be entitled to: (1) a cash severance payment in an amount equal to three times such officer's annual base compensation and bonus; (2) continuation of employee welfare benefits for three years; and (3) immediate vesting of benefits under the Savings and Retirement Plan, the Supplemental Plan and the Excess Plan. Payments to any of the Named Executive Officers under the Supplemental Benefit Program will be increased to offset the affects of any excise taxes payable with respect to such payments.

For purposes of the Supplemental Benefit Program, a change of control shall be deemed to have occurred upon the happening of any one of the following events: (1) the individuals who, prior to any merger, consolidation, dissolution or similar transaction ("Transaction"), constituted the Company's board of directors, ceasing to constitute at least a majority thereof, unless the election, or the nomination for election of each director of the Company for a period of two years following consummation of the Transaction was approved by a vote of at least two-thirds of the directors of the Company then still in office who were directors of the Company prior to such Transaction; or (2) any acquisition of twenty-five percent or more of the Company's common stock.

14

Also, for purposes of the Supplemental Benefit Program, termination for "good reason" means a change of control and the occurrence of any one of the following events without the Named Executive Officer's consent: (1) the assignment to such officer of duties substantially inconsistent with such officer's position, duties, responsibility or status with the Company or a substantial reduction of such officer's duties or responsibilities, as compared with such officer's duties or responsibilities prior to such reduction, or any removal of such officer from, or any failure to re-elect the officer to, the position such officer held at the time of such removal or failure to re-elect, except in connection with termination of employment for cause; (2) a reduction in the amount of such officer's base compensation, a material reduction in payments received by such officer under any bonus or incentive plans in which the such officer participates or a material reduction in any other perquisites to which such officer is entitled; (3) the relocation of such officer's principal office to a location more than thirty-five miles from the location of such office immediately prior to such change of control; or (4) any material breach by the Company of any of the provisions of the Supplemental Benefit Agreement.

DIRECTOR COMPENSATION

For their services on the board of directors, non-employee directors are paid \$20,000 per year and \$2,000 for each board meeting attended and \$1,000 for each committee meeting attended. The chairman of each of the Audit, Board Operations, Finance and Strategy, Human Resources, and Investment Committees receives an additional \$4,000 per year.

Non-employee directors participate in both the Non-Employee Director Stock Plan ("Director Plan"), which was approved by the Company's shareholders on December 4, 1996, and the AmerUs Group 2000 Stock Incentive Plan. Under these plans, options to purchase 2,500 shares of the Company's common stock were automatically granted to each non-employee director on the first business day of each year beginning in 1998 and 3,500 shares beginning in 2002. The exercise price for all non-employee director options granted under the plans is 100% of the fair market value of the shares on the date of grant. All such options vest and become exercisable in equal installments on the first, second and third

Edgar Filing: AMERUS GROUP CO/IA - Form DEF 14A

anniversary of the date of grant, assuming continued service on the board of directors.

The Director Plan also provides that non-employee directors may elect to take all or part of their director fees in the Company's common stock. Directors making this election will receive the number of shares equal to the dollar amount of director fees, which the director has elected to receive in the form of stock, divided by 75% of the fair market value of the stock as of each payment date. Each director making this election must enter into an agreement which restricts the stock from being sold, transferred, pledged or assigned for a period of two years from the purchase date.

In accordance with the Combination Agreement pursuant to which the Company acquired ILICO, Larry R. Prible, chairman, president and chief executive officer of ILICO was appointed to the Company's board of directors as vice chairman effective May 18, 2001, the closing date of the acquisition. In connection with Mr. Prible's resignation from the Company's board of directors in July 2001 and the termination of his employee relationships with the Company and all of its affiliates or subsidiaries effective October 2001, Mr. Prible received the following payments from the Company or ILICO subsequent to May 18, 2001: (1) a lump sum severance payment of \$1,800,360 pursuant to his Executive Employment Agreement with ILICO dated May 11, 2000 ("employment agreement"); (2) a bonus payment of \$211,141 pursuant to the employment agreement and (3) \$247,500 in salary continuation payments, and insurance and vacation benefits on the same terms as any other active employee, through October 31, 2001. Mr. Prible will also receive pension benefits to which he is entitled under the employment agreement.

PERFORMANCE GRAPH

The following Performance Graph compares the cumulative total shareholder return on the Company's common stock for the period from January 28, 1997, the date of the Company's initial public offering, through December 31, 2001, with the cumulative total return of the Russell 2000 stock index and a peer group of companies (the "Peer Group") consisting of twelve life insurance companies whose stock is publicly traded to which the Company compares its business and operations: Consecro Inc., Delphi Financial Group, Inc., FBL Financial Group, Inc., Great American Financial Resources, Inc., Jefferson-Pilot Corporation, Kansas City Life Insurance Company, Lincoln National Corporation, MONY Group, Inc., Phoenix Companies, Inc., Presidential Life Corporation, Principal Financial Group, Inc. and Protective Life Corporation. During 2001, Liberty Financial Companies was removed from the Peer Group because it was acquired by another company and is no longer publicly traded. In addition, Phoenix Companies, Inc. and Principal Financial Group, Inc., which first became public companies in 2001, were added because their business and operations are comparable to the Company's. The graph assumes a \$100.00 investment on January 28, 1997 and the reinvestment of dividends. The return of the Peer Group is based on the return of each company included therein weighted to reflect each such company's stock market capitalization.

HUMAN RESOURCES COMMITTEE
REPORT ON EXECUTIVE COMPENSATION

The Human Resources Committee (the "Committee") presently consists of Ms. DeCoudreaux, and Messrs. Candlish, Gaffney, and Norris, none of whom is an employee of the Company. As part of its duties, the Committee reviews compensation levels of executive officers, evaluates management performance and administers the Company's Senior Executive and Management Incentive Plans, and Stock Option Plan. The Committee is assisted by the Company's Human Resources personnel, and from time to time by compensation consulting firms which supply the Committee statistical data and other executive compensation information to permit the Committee to compare the Company's compensation policies against compensation levels nationwide and against programs of other companies of similar size in the Company's industry and geographic area.

The Company's executive compensation programs are designed to attract and retain executives who will contribute to the Company's long-term success, to reward executives for achieving the Company's short and long term strategic goals, to link executive compensation and shareholder interests through Company performance and equity based plans, and to recognize individual contributions to Company performance.

Compensation for the Company's executive officers consists of three principal elements: base salary, annual incentive, and long-term incentive. The combination and relative weighting of these elements reflect the Committee's belief that executive compensation should be closely tied to the Company's profitability and shareholder value.

Base Salary. Executive officer salaries are initially determined by evaluating the responsibilities of the position held and the experience and performance of the individual, with reference to the competitive marketplace for executive talent, including a comparison to base salaries for comparable positions based on statistical data provided by the Company's compensation consultants. Executive officer base salaries are targeted at the 40th percentile established by such data in order to place a greater emphasis on Company performance-based components of the compensation package. The Committee reviews executive salaries annually and adjusts them as appropriate to reflect changes in market conditions and individual performance and responsibilities. Base compensation for Roger K. Brooks, the Company's Chairman, President and Chief Executive Officer, has increased from \$625,000 to \$710,000 effective March 1, 2002.

Annual Incentive. The Company's annual incentive program acknowledges Company and individual performance. Generally, awards under the annual program can be paid only if the Company achieves certain pre-approved targets established by the Committee. The annual program is intended to bring the executives' total cash compensation (base salary and annual incentive) to the 50th percentile established by reference to the statistical data discussed above

Edgar Filing: AMERUS GROUP CO/IA - Form DEF 14A

when all Company profitability and individual performance criteria are met. In those circumstances where performance exceeds pre-approved targets, the total cash compensation could exceed the 50th percentile.

For fiscal 2001, the Committee approved an incentive program based on Net Operating Earnings and an overall expense reduction objective. A pool was generated based on a pre-established formula. The CEO's bonus under the incentive program was based on a fixed percentage of the calculated pool. Once eligibility was established, other executive's awards were recommended by the CEO and adjusted and approved at the Committee's discretion based on individual performance and other Company performance criteria. Based on results of the company against the pre-determined targets, an award of \$945,000 was granted for 2001 performance to Mr. Brooks.

Long-Term Incentive. The company has established a long-term incentive plan utilizing a Stock Option Plan designed to align the interests of executive officers with those of the Company's shareholders. Under the Company's Stock Option Plan, stock options may be granted to executive officers and other key employees of the Company and its subsidiaries and affiliates. Upon joining the Company, an individual's initial option grant will be based on the individual's responsibilities and position and upon competitive market information provided by the Company's compensation consultants. Thereafter, the size of any annual stock option award will be based primarily on an individual's responsibilities and the individual's performance and position with

17

the Company. All stock options granted to the Company's executive officers will be granted with an exercise price equal to the fair market value of the Company's common stock on the date of grant and will generally vest over three years. Vesting is designed to encourage the creation of stockholder value over the long term since no benefit will be realized from the stock option grant unless the price of the common stock rises over a number of years. Mr. Brooks was granted 120,000 share options as of February 8, 2002.

Other elements of executive compensation include participation in a Company-wide medical and insurance benefits plan, and the ability to defer compensation pursuant to a 401(k) plan. The Company presently makes matching contributions for all participants in the 401(k) plan subject to a maximum Company match of 5% for the first 4% of salary deferral. Additionally, a core contribution of 4% of base salary plus annual incentive is contributed to all participants' accounts. In 2002, a portion of the core contribution of 4% will be offset by the ESOP component in the 401(k).

Mr. Brooks receives no other material compensation or benefits not provided to all executive officers.

The Committee has considered the potential impact of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), and the regulations thereunder. Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for any of the Named Executive Officers, unless such compensation is performance-based. The Company's policy is to qualify, to the extent reasonable, its executive officers' compensation for deductibility under applicable tax laws. However, the Committee believes that its primary responsibility is to provide a compensation program that will attract, retain and reward the executive talent necessary to the Company's success. Consequently, the Committee recognizes that the loss of a tax deduction could be necessary in some circumstances.

In reliance on the reviews and discussions referred to above, the Committee recommended to the board of directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2001, for filing with the Securities and Exchange Commission.

PROPOSAL 2 SELECTION OF AUDITORS

The board of directors, acting upon recommendation of the Audit Committee,

Edgar Filing: AMERUS GROUP CO/IA - Form DEF 14A

has appointed the firm of Ernst & Young LLP to examine the financial statements of the Company and its subsidiaries for the fiscal year ending December 31, 2002. The favorable vote of the holders of the majority of the outstanding shares present in person or represented by proxy and entitled to vote at the annual meeting is required for shareholder ratification of this action. Ernst & Young LLP served as the Company's independent auditor during the 2001 fiscal year.

KPMG LLP was the independent auditor for the Company until December 31, 2000. On February 19, 2001, management of the Company notified KPMG LLP that their appointment as independent auditor would be terminated effective upon issuance of KPMG LLP's reports on the consolidated financial statements of the Company and subsidiaries for the year ended December 31, 2000. Ernst & Young LLP was engaged as independent auditor effective upon KPMG LLP's termination. The decision to change auditors was recommended by the Audit Committee of the board of directors and approved by the board of directors.

In connection with the audits of the two fiscal years ended December 31, 2000, there were no disagreements with KPMG LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements if not resolved to their satisfaction would have caused them to make reference in connection with their opinion to the subject matter of the disagreement.

The audit reports of KPMG LLP on the consolidated financial statements of the Company and subsidiaries as of and for the years ended December 31, 2000 and 1999, did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles.

Representatives from Ernst & Young LLP will be present at the 2002 annual meeting. The representatives will have the opportunity to make a statement if they so desire, and will also be available to respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THIS PROPOSAL

APPENDIX I AMERUS GROUP CO. AUDIT COMMITTEE CHARTER

COMMITTEE ROLE

The committee's role is to act on behalf of the board of directors and monitor all material aspects of the company's financial reporting, control, and audit functions, except those specifically related to the responsibilities of another standing committee of the board.

The role also includes coordination with other board committees and maintenance of strong, positive working relationships and communications with management, external and internal auditors, general counsel, and other committee advisors.

COMMITTEE MEMBERSHIP

The committee will be comprised of three or more directors as determined by the board, each of whom will be independent directors and free from any relationship that, in the opinion of the board, would interfere with the exercise of his or her independent judgement as a member of the committee. All members of the committee will have a working familiarity with basic finance and accounting practices, and at least one member of the committee will have accounting or related financial management expertise. Membership requirements will comply with the requirements of the New York Stock Exchange.

Edgar Filing: AMERUS GROUP CO/IA - Form DEF 14A

COMMITTEE OPERATING PRINCIPLES

The committee will fulfill its responsibilities within the context of the following overriding principles:

Communications -- The chairperson and others on the committee shall, to the extent appropriate, have contact throughout the year with senior management, other committee chairpersons, and other key committee advisors, external and internal auditors, etc., as applicable, to strengthen the committee's knowledge of relevant current and prospective business issues.

Committee Education/Orientation -- The committee, with management, shall develop and participate in a process for review of important financial and operating topics that present potential significant risk to the company. Additionally, individual committee members are encouraged to participate in relevant and appropriate self-study education to increase their understanding of the business and environment in which the company operates.

Meeting Agenda -- Committee meeting agendas will ultimately be the responsibility of the committee chairperson, with input from committee members. It is expected that the chairperson would also ask for management and key committee advisors, and perhaps others, to participate in this process.

Committee Expectations and Information Needs -- The committee shall communicate committee expectations and the nature, timing, and extent of committee information needs to management, internal audit, and external parties, including external auditors. Written materials shall be received from management, auditors, and others at least one week in advance of meeting dates. Meeting conduct will assume board members have reviewed written materials in sufficient depth to participate in committee/board dialogue.

External Resources -- The committee will be authorized to access internal and external resources, as the committee requires, to carry out its responsibilities, and if deemed necessary to retain special legal, accounting or other consultants to advise the committee.

Committee Meeting Attendees -- The committee will request members of management, counsel, internal audit, and external auditors, as applicable, to participate in committee meetings, as necessary, to carry out the committee responsibilities.

Internal/External Auditor Independence -- The committee will inform internal and external auditors of their responsibility to contact the audit committee chairman and/or members of the committee at any time in case they have any issues that, in their opinion, have not been satisfactorily resolved. These contacts can be

23

made with or without management's concurrence or knowledge. At each committee meeting the committee will meet in executive session separately with the internal auditor and, when in attendance, the external auditors.

Annual Reporting -- The committee will make recommendations to the Board concerning the inclusion of the annual audited financial statements in the company's annual report on form 10-K.

Reporting to the board of directors -- The committee, through the committee chairperson, will report periodically, as deemed necessary, but at least semi-annually, to the full board.

Edgar Filing: AMERUS GROUP CO/IA - Form DEF 14A

Change in Role or Responsibilities -- Changes in role and/or responsibilities, if any, will be recommended to the full board for approval.

While the audit committee has the responsibilities and powers set forth in this Charter, it is not the duty of the audit committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with accounting principles generally accepted in the United States. Management is responsible for preparing the company's financial statements, and the independent auditors are responsible for auditing those financial statements. It is not the duty of the audit committee to conduct investigations, to resolve disagreements, if any, between management and the independent auditor or to assure compliance with laws and regulations and the company's guiding principles.

MEETING FREQUENCY

The committee will meet at least four times per year. Additional meetings shall be scheduled as considered necessary by the committee or chairperson. In addition, the committee, or at least its Chair, should communicate with management and the external auditor in any quarter where there are material or significant matters based upon the auditor's limited review procedures.

REPORTING TO SHAREHOLDERS

The committee will make available to shareholders a summary report that describes the committee's composition and responsibilities, and how they were discharged. Committee disclosures and reporting will be in compliance with any SEC requirements. The report will be included in the company's proxy statement as provided by applicable security laws.

COMMITTEE'S RELATIONSHIP WITH EXTERNAL/INTERNAL AUDITORS

The external auditors, in their capacity as independent public accountants, will be responsible to the board of directors and the audit committee as representatives for the shareholders. The audit committee and the Board will be responsible to select, evaluate, and if necessary, replace the external auditors.

As the external auditors review financial reports, they will be reporting to the audit committee. They will report all relevant issues to the committee responsive to agreed upon committee expectations.

Prior to including the financial statements with form 10-K for filing with the SEC, the committee will discuss the results of the audit, including their judgments about the quality of accounting principles and clarity of financial disclosures, with the external auditors and ensure receipt of a formal written statement from the external auditors in accordance with AICPA SAS 61 and 90.

It is required that the external auditors perform a review of interim financial statements prior to the filing of quarterly reports on form 10-Q. Any material or significant matters identified by the external auditors during their review of interim financial information will be communicated to the audit committee, or at least its chairman, prior to the filing of the Form 10-Q as required under the revised SAS No. 71.

The committee will review with the external auditors any management letters provided as well as management's responses to the items reported.

The committee will discuss with the external auditor relationships or services that may affect auditor independence, and obtain written disclosure and a letter as to the independence of the auditors as required by

Edgar Filing: AMERUS GROUP CO/IA - Form DEF 14A

ISB Standard No. 1. If the committee is not satisfied with the auditors' assurances of independence, it will take or recommend to the full board appropriate action to ensure the independence of the external auditor.

The internal audit function will report to the Chief Financial Officer but has unfettered access to the board of directors through the audit committee.

If either the internal or the external auditors identify significant issues relative to the overall board responsibility that have been communicated to management but, in their judgment, have not been adequately addressed, they should communicate these issues to the committee chairperson and the committee.

The committee will review and monitor important internal and external auditor recommendations on financial reporting, controls, other matters, and management's response thereto.

PRIMARY COMMITTEE RESPONSIBILITIES
