ITEM 1. BUSINESS

GENERAL

Books-A-Million, Inc. is a leading book retailer in the southeastern

Edgar Filing: BOOKS A MILLION INC - Form 10-K

United States. The Company was founded in 1917 and operates both superstores and traditional bookstores. Superstores, the first of which was opened in 1987, range in size from 8,000 to 36,000 square feet and operate under the names "Books-A-Million" and "Books and Co." Traditional bookstores are smaller stores operated under the names "Bookland" and "Books-A-Million". These stores range in size from 2,000 to 7,000 square feet and are located primarily in enclosed malls. We also operate newsstands under the name "Joe Muggs Newsstands". Newsstands range in size from 1,000 to 5,000 square feet and are located in high traffic areas. All store formats, excluding newsstands, offer an extensive selection of best sellers and other hardcover and paperback books, magazines, and newspapers. In addition to the retail store formats, we offer our products over the Internet at Booksamillion.com and Joemuggs.com.

We were founded in 1917, originally incorporated under the laws of the State of Alabama in 1964 and reincorporated in Delaware in September 1992. Our principal executive offices are located at 402 Industrial Lane, Birmingham, Alabama 35211, and our telephone number is (205) 942-3737. Unless the context otherwise requires, references to "we", "our" or "the Company" include our wholly owned subsidiaries, American Wholesale Book Company, Inc. ("American Wholesale") and American Internet Service, Inc. ("AIS").

Our periodic and current reports filed with the SEC are made available on our website at www.booksamillioninc.com as soon as reasonably practicable. Our corporate governance guidelines, code of conduct and key committee charters are also available on our website. These reports are available free of charge to stockholders upon written request. Such requests should be directed to Richard S. Wallington, our Chief Financial Officer.

BUSINESS SEGMENTS

We have two reportable segments: retail trade and electronic commerce trade. In the retail trade segment we are engaged in the retail trade of primarily book merchandise. The retail trade segment includes our distribution center operations which predominantly supplies merchandise to our retail stores. In the electronic commerce trade segment we transact business over the Internet primarily. This segment is managed separately due to divergent technology and marketing requirements. For additional information, see Note 8 "Business Segments" in the Notes to Consolidated Financial Statements in the Annual Report to Stockholders for the year ended January 29, 2005, incorporated herein by reference.

3

RETAIL STORES

We opened our first Books-A-Million superstore in 1987. We developed superstores to capitalize on the growing consumer demand for the convenience, selection and value associated with the superstore retailing format. Each superstore is designed to be a receptive and open environment conducive to browsing and reading and includes ample space for promotional events open to the public, including book autograph sessions and children's storytelling. We operated 168 superstores as of January 29, 2005.

Our superstores emphasize selection, value and customer service. Each of our superstores offer an extensive selection of best sellers and other hardcover and paperback books, magazines, local newspapers and gifts, and also dedicate space to bargain books that are sold at a discount from publishers' originally suggested retail prices. Each superstore has a service center staffed with associates who are knowledgeable about the store's merchandise and who are trained to answer customers' questions, assist customers in locating books within the store and place special orders. The majority of our superstores also

Edgar Filing: BOOKS A MILLION INC - Form 10-K

include a Joe Muggs cafe, serving Joe Muggs coffee and assorted pastries. Our superstores are conveniently located on major, high-traffic roads and in enclosed malls or strip shopping centers with adequate parking, and generally operate for extended hours up to 11:00 pm local time.

Our traditional stores are tailored to the size, demographics and competitive conditions of the particular market area. Traditional stores are located primarily in enclosed malls and feature a wide selection of books, magazines and gift items. We had 34 traditional stores as of January 29, 2005.

Our Joe Muggs newsstands operate in centers with high traffic, are concentrated in business and entertainment districts and are tailored to the demographics of the particular market area. Each newsstand carries an extensive selection of magazines and newspapers, along with hardcover and paperback books. The newsstands also offer Joe Muggs branded coffee drinks and assorted pastries, among other items. We operated four newsstands as of January 29, 2005.

MERCHANDISING

We employ several value-oriented merchandising strategies. Books on our best-seller list, which is developed exclusively by us based on the sales and customer demand in our stores, are generally sold in the Company's superstores below publishers' suggested retail prices. In addition, customers can join the Millionaire's Club and save 10% on all purchases in any of our stores, including already discounted best-sellers. Our point-of-sale computer system provides the data necessary to enable us to anticipate consumer demand and customize store inventory selection to reflect local customer interest.

MARKETING

We promote our bookstores principally through the use of direct mail advertising, as well as point-of-sale materials posted and distributed in the stores. In certain markets, television and newspaper advertising is also used on a selective basis. We also arrange for special appearances and book autograph sessions with recognized authors to attract customers and to build and reinforce customer awareness of our stores. A substantial portion of our advertising expenses are reimbursed from publishers through their cooperative advertising programs.

STORE OPERATIONS AND SITE SELECTION

In choosing specific store sites within a market area, we apply standardized site selection criteria that takes into account numerous factors, including the local demographics, desirability of available leasing arrangements, proximity to our existing operations and overall level of retail activity. In general, stores are located on major high-traffic roads convenient to customers and have adequate parking. We generally negotiate short-term leases with renewal options. We also periodically review the profitability trends and prospects of each of our stores and evaluate whether or not any underperforming stores should be closed, converted to a different format or relocated to more desirable locations.

4

INTERNET OPERATIONS

Through our wholly owned subsidiary, AIS, we sell a broad range of products over the Internet under the names Booksamillion.com and Joemuggs.com. On Booksamillion.com we sell a wide selection of books, magazines and gift items similar to those sold in our Books-A-Million superstores. We also operate an online cafe under the name Joemuggs.com where we offer a wide selection of whole

Edgar Filing: BOOKS A MILLION INC - Form 10-K

bean coffee, confections and related gift items for purchase over the Internet.

Internet development efforts are assisted through a wholly owned subsidiary of AIS, NetCentral, Inc., which is based in Nashville, Tennessee. In addition to providing web development and maintenance for all of our internet sites and networking initiatives, NetCentral also serves several outside customers by offering site development, web hosting and technical services.

PURCHASING

Our purchasing decisions are made by our merchandising department on a centralized basis. Our buyers negotiate terms, discounts and cooperative advertising allowances for all of our bookstores and decide which books to purchase, in what quantity and for which stores. The buyers use current inventory and sales information provided by our in-store point-of-sale computer system to make reorder decisions.

We purchase merchandise from over 500 vendors. We purchase the majority of our collectors' supplies from Anderson Press and substantially all of our magazines from Anderson Media, each of which is a related party (see "Certain Relationships & Related Transactions" on pages 14 and 15 of the Proxy). No one vendor accounted for more than 10.0% of our overall merchandise purchases in the fiscal year ended January 29, 2005. In general, in excess of 80% of our inventory may be returned for credit, which substantially reduces our risk of inventory obsolescence.

DISTRIBUTION CAPABILITIES

American Wholesale receives a substantial portion of its inventory shipments, including substantially all of its books, at its two facilities located in Florence and Tuscumbia, Alabama. Orders from our bookstores are processed by computer and assembled for delivery to the stores on pre-determined weekly schedules. Substantially all deliveries of inventory from American Wholesale's facilities are made by their dedicated transportation fleet. At the time deliveries are made to each of our stores, returns of slow moving or obsolete books are picked up and returned to the American Wholesale returns processing center. American Wholesale then returns these books to publishers for credit.

COMPETITION

The retail bookstore industry is highly competitive and includes competitors that have substantially greater financial and other resources than we have. We compete directly with national bookstore chains, independent bookstores, booksellers on the Internet and certain mass merchandisers. In recent years, competing bookstore chains have been expanding their businesses, and certain leading regional and national chains have developed and opened superstores and Internet web sites. We also compete indirectly with retail specialty stores that offer books in a particular area of specialty. Management believes that the key competitive factors in the retail book industry are convenience of location, selection, customer service and price.

SEASONALITY

Similar to many retailers, our business is seasonal, with the highest retail sales, gross profit and net income historically occurring in our fourth fiscal quarter. This seasonal pattern reflects the increased demand for books and gifts during the year-end holiday selling season. Working capital requirements are generally at their highest during the third fiscal quarter and the early part of the fourth fiscal quarter due to the seasonality of our business. As a result, our results of operations depend significantly upon net sales generated during the fourth fiscal quarter, and any significant adverse

Edgar Filing: BOOKS A MILLION INC - Form 10-K

trend in the net sales of such period would have a material adverse effect on our results of operations for the full year. In addition to seasonality, our results of operations may fluctuate from quarter to quarter as a result of the amount and timing of sales and profits contributed by new stores as well as other factors. Accordingly, the addition of a large number of new stores in a particular fiscal quarter could adversely affect our results of operations for that quarter.

TRADEMARKS

"Books-A-Million," "BAM!," "Bookland," "Books & Co.," "Millionaire's Club," "Sweet Water Press," "Thanks-A-Million," "Big Fat Coloring Book," "Up All Night Reader," "Read & Save Rebate," "Readables Accessories for Readers", "Kids-A-Million," "Teachers First," "The Write-Price," "Bambeanos," "Book\$mart", "BAMM", "BAMM.com", "BOOKSAMILLION.com", "Chillatte", "Joe Muggs Newsstand," "Page Pets," "JOEMUGGS.com", "Laser Line," FAITHPOINT.com", "Joe Muggs," "Anderson's Bookland," "Snow Joe," "The Testaments Shoppe" and "NetCentral" are the primary registered trademarks of the Company. Management does not believe that these trademarks are materially important to the continuation of our operations.

EMPLOYEES

As of fiscal year end, we employed approximately 2,700 full-time associates and 2,200 part-time associates. The number of part-time associates employed fluctuates based upon seasonal needs. None of our associates are covered by a collective bargaining agreement. Management believes that relations with our associates are excellent.

ITEM 2. PROPERTIES

Our bookstores are located either in enclosed malls or strip shopping centers. All of our stores are leased. Generally, these leases have terms ranging from five to ten years and require that we pay a fixed minimum rental fee and/or a rental fee based on a percentage of net sales together with certain customary costs (such as property taxes, common area maintenance and insurance).

Our principal executive offices are located in a 20,550 square foot leased building located in Birmingham, Alabama. We also lease a 37,000 square foot building located in Irondale, Alabama for additional corporate office space. Both leases involve related parties (see "Certain Relationships & Related Transactions" on pages 14 and 15 of the Proxy). The Birmingham, Alabama office space lease extends to January 31, 2006, and the Irondale, Alabama office space is leased month-to-month. In addition, we lease approximately 4,025 square feet of office space in Nashville, Tennessee for the offices of NetCentral. This lease extends to January 31, 2006.

American Wholesale owns its wholesale distribution center located in an approximately 290,000 square foot facility in Florence, Alabama. During fiscal 1995 and 1996, we financed the acquisition and construction of the wholesale distribution facility through loans obtained from the proceeds of an industrial revenue bond, which are secured by a mortgage interest in this facility. We also lease, from a related party, a second 210,000 square foot warehouse facility located in Tusculumbia, Alabama. In addition we lease all of the tractors that pull the company-owned trailers, which comprise our transportation fleet.

ITEM 3. LEGAL PROCEEDINGS

We are a party to various legal proceedings incidental to our business. In

Edgar Filing: BOOKS A MILLION INC - Form 10-K

the opinion of management, after consultation with legal counsel, the ultimate liability, if any, with respect to those proceedings is not presently expected to materially affect our financial position or results of operations.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The information under the heading "Management's Discussion & Analysis of Financial Condition & Results of Operations" on pages 5 through 12 of the Annual Report to Stockholders for the year ended January 29, 2005, is incorporated herein by reference.

ITEM 7.A. MARKET RISK

We are subject to interest rate fluctuations involving our credit facilities. The average amount of debt outstanding under our credit facilities was \$21.6 million during fiscal 2005. To manage this exposure, the Company utilizes interest rate swaps to fix the interest rate on variable debt. We entered into two separate \$10 million swaps on July 24, 2002. Both expire August 2005 and, prior to the payoff of the debt, effectively fix the interest rate on \$20 million of variable debt at 5.13%. Also, on May 14, 1996, we entered into a \$7.5 million interest rate swap with a ten-year term. The swap effectively fixes the interest rate on \$7.5 million of variable rate debt at 7.98% and expires on June 7, 2006. The counter parties to each of these interest rate swaps are parties to our revolving credit facilities. We believe the credit and liquidity risk of the counter parties failing to meet their obligations is remote as we settle our interest position with the banks on a quarterly basis. All of our financial instruments that are sensitive to market risk are entered into for purposes other than trading.

To illustrate the sensitivity of the results of operations to changes in interest rates on its debt we estimate that a 66% increase in LIBOR rates would have increased interest expense by approximately \$7,000 for the year ending January 29, 2005. Likewise, a 66% decrease in LIBOR rates would have decreased interest expense by \$7,000 for the average outstanding balance for the year ending January 29, 2005. This hypothetical change in LIBOR rates was calculated based on the fluctuation in LIBOR in 2003, which was the maximum LIBOR fluctuation in the last ten years. The estimates also assume a level of debt consistent with the average outstanding balance for the year-ended January 29, 2005 level and do not consider the effect of the potential termination of the

Edgar Filing: BOOKS A MILLION INC - Form 10-K

interest rate swaps associated with the debt will have on interest expense.

None.

7

ITEM 9A. CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in the Company's Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

As required by SEC Rule 13a-15(b), the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and the Company's Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures as of the end of the fiscal quarter covered by this report. In performing this evaluation, in light of the

Edgar Filing: BOOKS A MILLION INC - Form 10-K

pronouncement on February 7, 2005 by the Office of the Chief Accountant of the SEC in a letter to the AICPA, management focused on our lease accounting practices. Specifically, as further discussed in Note 11 to the consolidated financial statements for the year ending January 31, 2004, we determined that: (i) our practice of depreciating leasehold improvements over a period of ten years was incorrect, which we corrected by changing the depreciable life for leasehold improvements to the lesser of the economic useful life of the asset or the term of the lease; (ii) our practice of using the store opening date as the starting date for the rent expense calculation was incorrect, which we corrected by changing the calculation of leasehold expense so that straight-line rent expense begins on the date we take possession and have the right to control use of the leased premises; and (iii) our practice of classifying landlord allowances as a reduction of property and equipment on our balance sheet and as a reduction in capital expenditures in our statements of cash flows was incorrect, which we corrected by changing our method of classification so that landlord allowances are classified as a deferred rent credit on our balance sheet and as an operating activity in our statement of cash flows. Funds received from the landlord intended to reimburse the Company for the cost of leasehold improvements will be recorded as a deferred rent credit resulting from a lease incentive and amortized over the lease term as a reduction to rent expense.

Further, after consulting with the Audit Committee and our independent certified public accountants we determined to restate our financial statements for the period ended January 31, 2004 and for the first three quarters of fiscal 2005 and to file a Form 10-K/A amending our Annual Report on Form 10-K for our fiscal year ended January 31, 2004 with restated consolidated financial statements and Forms 10-Q/A amending our interim condensed consolidated financial statements for the first three quarters of fiscal 2005. The restatement is further discussed in "Explanatory Note" in the forepart of the 2004 Form 10-K/A and in Note 11, "Restatement of Financial Statements," to the accompanying consolidated financial statements for the year ending January 31, 2004. We do not consider the impact of correcting the previously issued financial statements to be material with respect to any individual reporting period.

Based on the foregoing, the Company's Chief Executive Officer and Chief Financial Officer concluded that, as of the end of the period covered by this Annual Report, the Company's disclosure controls and procedures were effective at the reasonable assurance level. In concluding that our disclosure controls and procedures were effective as of January 29, 2005, our management considered, among other things, the circumstances that resulted in the restatement of our previously issued financial statements. We also considered the materiality of the restatement adjustments on our consolidated balance sheet and statement of operations (as more fully set forth in Note 11, "Restatement of Financial Statements," to the consolidated financial statements for the year ending January 31, 2004, in the 2004 Form 10-K/A) and that these non-cash adjustments have no effect on historical or future cash flows or the timing of payments under our operating leases.

There was no change in the Company's internal controls over financial reporting during the Company's fiscal quarter covered by this report, as noted above, that has materially affected, or is reasonably likely to materially affect, the Company's internal controls over financial reporting. However, as a result of the review of our lease accounting policies described above, during the first quarter of fiscal 2006 we made changes in internal controls over financial reporting to implement additional review processes over our leasing arrangements to ensure the collection and communication of information necessary for the proper accounting for each lease in accordance with generally accepted accounting principles. The Company implemented the following accounting changes: (i) we changed the depreciable life for leasehold improvements to the lesser of the economic useful life of the asset or the term of the lease, (ii) we changed

Edgar Filing: BOOKS A MILLION INC - Form 10-K

the calculation to start straight-line rent expense on the date when the Company takes possession and has the right to control use of the leased premises, and (iii) we changed our method of classification of landlord allowances. As explained above, the Company will now classify landlord allowances as a deferred rent credit on the balance sheet and as an operating activity in the statement of cash flows. Funds received from the landlord intended to reimburse the Company for the cost of leasehold improvements will be recorded as a deferred rent credit resulting from a lease incentive and amortized over the lease term as a reduction to rent expense. Management believes that these control changes have fully remediated the issues described above.
