PROXY STATEMENT

Annual Meeting of Shareholders to be held on July 28, 2005

The Proxy enclosed with this Proxy Statement is solicited by the Board of Directors of Agilysys, Inc. (the "Company"), and is to be used at the Annual Meeting of Shareholders (the "Annual Meeting") to be held on July 28, 2005, and any adjournments thereof. The time, place and purposes of the Annual Meeting are stated in the Notice of Annual Meeting of Shareholders which accompanies this Proxy Statement. Without affecting any vote previously taken, a shareholder may revoke his, her or its Proxy by giving notice to the Company in writing at any time before its exercise or in open meeting. Unless so revoked, shares represented by a valid Proxy (in the form enclosed and properly signed) received in time for voting will be voted in accordance with the directions contained therein.

The holders of Common Shares of the Company (the only class of shares outstanding) will be entitled to vote at the Annual Meeting. At the close of business on June 10, 2005, the date fixed for the determination of persons entitled to vote, there were 29,051,467 Common Shares outstanding and entitled to vote at the Annual Meeting, each share being entitled to one vote. Under Ohio law and the Company's Amended Code of Regulations, if a quorum is present at the Annual Meeting, the three nominees for election as Directors who receive the greatest number of votes cast for the election of Directors at the Annual Meeting by the Common Shares present in person or represented by proxy and entitled to vote will be elected as Directors (" Proposal 1 "). The affirmative vote of the holders of a majority of the Common Shares present in person or represented by proxy and entitled to vote is required to authorize, approve and adopt the Agilysys, Inc. Executive Officer Annual Incentive Plan (" Proposal 2 "). Votes that are withheld with respect to the election of Directors will not be counted in determining the outcome of the election. An abstention from voting any share present in person or represented by proxy will have the practical effect of a vote against Proposal 2. A broker non-vote with respect to any share will not affect the approval of Proposal 2, since the share is not considered present for voting purposes.

If notice is given in writing by any shareholder to the Chief Executive Officer, an Executive Vice President or the Secretary of the Company not less than 48 hours before the time fixed for holding the Annual Meeting that he, she or it desires the voting for the election of Directors to be cumulative, an announcement of the giving of such notice shall be made upon the convening of the Annual Meeting by the Chairman or Secretary or may be made by or on behalf of the shareholder giving such notice. Cumulative voting permits each shareholder to cumulate his or her voting power at such election by giving one nominee as many votes as equals the product of the number of Directors to be elected multiplied by the number of that shareholder's Common Shares, or by distributing his, her or its votes on the same principle among two or more nominees, as the shareholder desires.

Table of Contents**PROPOSAL 1****ELECTION OF DIRECTORS**

At this Annual Meeting, three Class B Directors are to be elected for a three-year term ending at the Annual Meeting in 2008. The Board of Directors' nominees for election are Thomas A. Commes, Curtis J. Crawford, PhD and Howard V. Knically. Mr. Commes, Dr. Crawford and Mr. Knically currently serve as Directors of the Company. Dr. Crawford was appointed by the Board as a Class B Director to fill the vacancy created by James L. Bayman's retirement from the Board effective April 1, 2005.

The proxyholders named in the accompanying Proxy or their substitutes will vote such Proxy at the Annual Meeting or any adjournments thereof for the election of the three nominees named above as Directors, unless the shareholder instructs by marking the appropriate space on the Proxy that authority to vote is withheld. If cumulative voting is in effect, the proxyholders shall have full discretion and authority to vote for any one or more of such nominees. In the event of cumulative voting, the proxyholders can vote the shares represented by each Proxy so as to maximize the number of Board of Directors' nominees elected to the Board. Each of the nominees has indicated such nominee's willingness to serve as a Director, if elected. If any nominee should become unavailable for election (which contingency is not now contemplated or foreseen), it is intended that the shares represented by the Proxy will be voted for such substitute nominee as may be named by the Board of Directors. In no event will the accompanying Proxy be voted for more than three nominees or for persons other than those named above and any such substitute nominee for any of them.

The following table shows, with respect to each of the nominees for election and the other Directors whose terms will continue after the Annual Meeting: such person's principal occupation for the past five years and such person's directorships in other publicly-held corporations; the year during which such person's service as a Director commenced or will commence; such person's age; and the expiration date of such person's term or the term for which such person is a nominee.

The Board of Directors has determined that all audit committee members are financially literate under the current Nasdaq listing standards. The Board has also determined that Thomas A. Commes qualifies as an audit committee financial expert under the rules adopted by the SEC pursuant to the Sarbanes-Oxley Act of 2002. Compensation Committee. The Compensation Committee reviews and makes recommendations concerning executive officers' employment agreements and the Company's benefit plans and programs. It also reviews and determines the Company's executive compensation philosophy and determines the individual elements of total compensation for the Chief Executive Officer and other executive officers on an annual basis. The Committee has retained the services of a third-party executive compensation consulting firm to assist in the evaluation and development of the Company's compensation and benefit programs. The Compensation Committee held eight meetings during the last fiscal year. The Compensation Committee has a written charter which is available on the Company's website at www.agilysys.com. No member of the Compensation Committee is an employee or director of any company for which any Agilysys employee or director serves on the compensation committee. None of the members of the Compensation Committee has any direct or indirect material interest in or a relationship with the Company other than the stock holdings identified in the table below, and compensation received for Board and Committee service, as discussed below.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee had four meetings during the last fiscal year. The Nominating and Corporate Governance Committee assists the Board in the identification and nomination of qualified individuals for election to the Board, assessment and evaluation of Board effectiveness, and establishment, implementation and oversight of the Company's governance programs and policies. The committee has retained the services of a third-party executive recruitment firm to assist in the identification and evaluation of potential nominees for the Board. In January, 2005, the Board adopted an Amended and Restated Charter of the Nominating and Corporate Governance, which is available on the Company's website at www.agilysys.com.

MEETINGS OF BOARD OF DIRECTORS AND ATTENDANCE AT ANNUAL MEETING

The Board of Directors held five meetings during the last fiscal year. During the fiscal year, no Director attended less than 75% of the aggregate of (i) the total number of meetings of the Board of Directors held during the period he served as a Director and (ii) the total number of meetings held by Committees of the Board on which he served, during the periods that he served. Independent Directors meet regularly in executive session at each Board meeting. Such executive sessions are chaired, on a rotating basis, by the Chairmen of the Audit, Compensation, and Nominating and Corporate Governance Committees.

It is the policy of the Board that all of its members attend the Annual Meeting of Shareholders absent exceptional cause. All of the Directors were in attendance at the July 2004 Annual Meeting, with the exception of Mr. Christ.

COMPENSATION OF BOARD OF DIRECTORS

Board members are compensated as follows: Independent Board members receive an annual retainer of \$30,000. Independent Board members of the Audit, Nominating and Corporate Governance, and Compensation Committees are paid an additional \$15,000 per year. Chairs of the Compensation and Nominating and Corporate Governance Committee receive an additional \$10,000 per year, and the Chairman of the Audit Committee is paid an additional \$15,000 per year. No additional fees are paid for Board or Committee meeting attendance.

In addition, for fiscal year 2006, each outside Director received an option to purchase 7,500 Common Shares. Such option has an exercise price equal to the fair market value of a Common Share on the date of grant, becomes exercisable in full on the date of grant, and expires ten years from the date of grant, unless the

Director's services are earlier terminated. Through fiscal year 2005, Director option grants were made automatically on the date of the Annual Meeting of Shareholders. Beginning in fiscal year 2006, option grants to Directors are made at the first regular meeting of the Compensation Committee during the fiscal year, which is usually held in late April.

The Company also provides a Deferred Compensation Plan for its outside Directors. The Plan provides that a Director may elect, no later than 15 days prior to the start of a fiscal year, to defer all or a part of such Director's compensation for the following year, which deferral will continue until the election is revoked. Deferred compensation is credited to a Director's account, at the Director's option, as a cash allotment or stock allotment. Amounts deferred as a cash allotment bear interest at the National City Bank prime interest rate. Amounts deferred as a stock allotment are credited to the Director's account as the stock equivalent of the number of Common Shares that could be purchased with the dollar amount of the allotment at the last sales price of the Common Shares on the last trading day of the applicable quarter. Distributions of the final account balance in a Director's account are payable in cash in five equal annual installments, or such other distribution schedule requested by the Director which is acceptable to the Company, commencing six months after the date on which the person ceases to be a Director or the date on which the Director elects to terminate participation in the Plan. The final account balance of stock allotments is the cash amount equal to a Director's aggregate stock equivalents multiplied by the last sales price of such shares on Nasdaq on the nearest trading day preceding such Director's termination of participation in the Plan, subject to adjustment thereafter to reflect the market price of such shares on the last day of each fiscal quarter, until distributions are fully paid. The Plan also provides for various payment terms to beneficiaries in the event of the Director's death.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

In January 2004 the Board of Directors adopted Corporate Governance Guidelines formulated and approved by the Nominating and Corporate Governance Committee. The Corporate Governance Guidelines provide a sound framework to assist the Board in fulfilling its responsibilities to shareholders. Under these Guidelines, the Board exercises its oversight functions by electing qualified and competent officers, and by monitoring the performance of the Company. The Guidelines provide for the Board and its Committees to exercise oversight in the areas of CEO and executive compensation, director nomination, corporate governance, succession planning, financial reporting, internal controls, and strategic and operational issues. The Guidelines also set forth Board policy on composition of the Board, including director independence and qualifications for Board candidates. A complete copy of the Guidelines is available on the Company's website at www.agilysys.com.

Independence

It is the policy of the Board that a substantial majority of its members should be independent. Upon the review and recommendation of the Nominating and Corporate Governance Committee, the Board has determined that all members of the Audit, Compensation and Nominating and Corporate Governance Committees are independent in accordance with SEC regulations and applicable stock exchange listing standards, and that the members of these Committees have no direct or indirect material relationships with the Corporation other than their position as Directors. The Board has further determined that all members of the Audit Committee satisfy the additional independence requirements for audit committee membership.

The Company has adopted a Code of Business Conduct applicable to all directors, officers and employees of the Company. In addition, the Company has adopted a Code of Ethics for Senior Financial Executives, applicable to the Chief Executive Officer, Chief Financial Officer and Controller of the Company, and any person performing a similar function. Nomination of Directors

The Nominating and Corporate Governance Committee is responsible for reviewing the qualifications of, and recommending to the Board of Directors, individuals to be nominated for membership on the Board of Directors. In evaluating and determining whether to nominate a candidate for a position on the Company's Board, the Committee considers the criteria outlined in the Company's Corporate Governance Guidelines for the composition of the Board and the qualifications of members.

The Nominating and Corporate Governance Committee will consider shareholder recommendations for nominees for membership on the Board of Directors. Such recommendations may be submitted in writing to the attention of the Chairman of the Nominating and Corporate Governance Committee, at the Company's headquarters address. Any such recommendation must include:

The name and address of the candidate;

A brief biographical description, including his or her occupation for at least the last ten years, and a statement of the qualifications of the candidate; and

The candidate's signed consent to serve as a director if elected and to be named in the proxy statement.

The Committee may request additional information from such candidate to assist in its evaluation. The Committee will evaluate any shareholder recommended nominees using the criteria set forth in the Company's Corporate Governance Guidelines, and in the same manner as it evaluates candidates recommended by other sources.

Shareholder Communication with Directors

Shareholders and others who wish to communicate with the Board of Directors as a whole, or with any independent Directors, may do so by submitting such communication in writing to such Director(s) in care of the Company at its headquarters address. The Company's general counsel will forward the communication to the Director(s) in accordance with such Director's instructions.

- (1) Unless otherwise indicated, no Executive Officer received personal benefits or perquisites in excess of the lesser of \$50,000 or 10% of his aggregate salary and bonus.
- (2) The dollar value of Restricted Stock Awards for the fiscal year ended March 31, 2003 was calculated by multiplying the number of restricted Common Shares granted to the named Executive Officer by the closing price of \$8.51 on the date of the grant (March 1, 2003 in the case of Mr. Rhein, and February 28, 2003 in the case of Messrs. Billick, Bailey and Coleman). The Restricted Stock Awards were made pursuant to the Company's 2000 Stock Incentive Plan, and will become fully vested and non-forfeitable upon the earlier to occur of (i) the third anniversary of the date of grant of the restricted Common Shares or (ii) a change in control of the Company. The Common Shares are forfeited upon termination of employment prior to the end of the three-year period. For Mr. Rhein only, such restricted Common Shares will also vest in full upon his termination of employment due to his death or by the Company due to his disability. Upon the vesting of the restricted Common Shares, the Company will pay the participant a cash award equal to twice the federal capital gains tax rate then in effect times the difference between the fair market value of the Common Shares on the date of vesting minus the fair market value of the Common Shares on the date of grant. Dividends are earned on the restricted Common Shares and reinvested in restricted Common Shares which vest concurrently with the Restricted Stock Awards. As of March 31, 2005, the restricted Common Shares had the following aggregate market values, based upon the closing price of the Common Shares on March 31, 2005 of \$19.66 per share (and including additional

restricted Common Shares received through dividend reinvestment): Mr. Rhein, \$1,996,394; Mr. Billick, \$1,056,076; Mr. Coleman, \$1,143,936; Mr. Bailey, \$1,143,936.

- (3) For fiscal year 2005, consists of (i) contributions by the Company on behalf of the Executive Officers to the Company's Profit Sharing and Retirement Plan, which during fiscal 2005 were as follows: Mr. Rhein, \$7,554; Mr. Bailey, \$7,224; Mr. Billick, \$7,273; Mr. Coleman, \$6,185; and Mr. Ellis, \$7,260; (ii) contributions by the Company on behalf of the Executive Officers to the Company's Benefit Equalization Plan, which during fiscal 2005 were as follows: Mr. Billick, \$11,391; Mr. Bailey, \$11,908; Mr. Coleman, \$12,960; Mr. Ellis, \$8,393; and Mr. Rhein, \$46,870; and (iii) premiums paid by the Company during fiscal 2005 for split dollar life insurance for Mr. Rhein in the amount of \$30,507.
- (4) Mr. Billick's employment with the Company terminated effective June 30, 2005, and his restricted Common Shares lapsed without vesting on that date.
- (5) Mr. Ellis joined the Company on June 30, 2003. As of June 3, 2005, Mr. Ellis assumed the additional responsibilities of Treasurer and Chief Financial Officer, and as of June 13, 2005 he was formally elected to these additional titles by the Company's Board of Directors. On April 28, 2005, Mr. Ellis received a grant of 25,000 restricted Common Shares pursuant to the Company's 2000 Stock Incentive Plan, which will vest as follows: 6,250 on April 1, 2006, 6,250 on April 1, 2007, and 12,500 on April 1, 2008. Since this grant was made after fiscal year end, it is not included in this table.

Shown below is information with respect to grants of stock options to the Executive Officers during the fiscal year ended March 31, 2005. The options were granted at the fair market value on the date of grant and have a term of ten years.

Supplemental Executive Retirement Plan

The Supplemental Executive Retirement Plan was established during fiscal year 2000 to provide cash retirement benefits, in an annual amount not to exceed 50% of final average earnings, to a select group of key management employees. This amount is reduced by other Company funded retirement benefits.

The following table shows the annual retirement benefit under the Supplemental Executive Retirement Plan for employees in the compensation ranges specified, under various assumptions with respect to average

annual compensation and years of benefit service. Because the reductions for other Company-funded retirement benefits would vary by individual, the table assumes no such reduction.

- (1) Assuming retirement at age 60 or later.
- (2) The maximum annual accrued cash benefit under the Supplemental Executive Retirement Plan is limited to 50% of the participant's final average earnings, which includes the participant's base salary, including pre-tax deferrals, plus annual incentive compensation, averaged over the highest three (3) years out of the final five (5) years of service under the Plan. This annual amount is reduced by other Company-funded retirement benefits including the Company-funded portion of the participant's Social Security benefit. The covered compensation utilized by the Plan is essentially the same (base salary plus annual incentive earned during the fiscal year) as is reported on the Summary Compensation Table.
- (3) Benefit amounts are calculated on a life annuity basis. An actuarial adjustment is made for payment in other forms.
- With respect to the Executive Officers listed in the Summary Compensation Table and participating in the Plan as of June 14, 2005, Mr. Rhein has 23 years of benefit service, Mr. Bailey has 28 years of benefit service, Mr. Coleman has 32 years of benefit service, and Mr. Ellis has 1 year of benefit service. As of the termination of his employment, Mr. Billick had 5 years of benefit service.

Employment Agreements

2003 Employment Agreement with Mr. Rhein. Mr. Rhein entered into a new Employment Agreement with the Company effective April 1, 2003 (the "2003 Employment Agreement"), which replaced his 2002 Employment Agreement with the Company. The 2003 Employment Agreement has a three year term expiring March 31, 2006. The 2003 Employment Agreement provides for an annual salary of \$625,000 for Mr. Rhein (unchanged from fiscal year 2002). Mr. Rhein is also eligible to participate in the Company's Annual Incentive Plan under his 2003 Employment Agreement, which provides for a cash incentive at a target equal to 100% of Mr. Rhein's annual salary and with a potential range of 0% to a maximum of 250% of his annual salary. The 2003 Employment Agreement also provides for Mr. Rhein to participate in the benefit plans and programs in which the Company's other executive officers generally are eligible to participate, to payment of an automobile and financial planning allowance, to reimbursement of club membership fees and dues, to receive life insurance protection in an amount not less than 200% of his prior year's earnings, and to receive director's and officer's liability insurance protection.

Table of Contents

Mr. Rhein is entitled to certain payments and benefits under the 2003 Employment Agreement if his employment with the Company is terminated under certain circumstances. In the event of Mr. Rhein's discharge other than for disability or cause, or Mr. Rhein's voluntary resignation during the one year period following a change in control of the Company, or his termination is by the Company other than for disability or cause, or by Mr. Rhein for a good reason, within a window period prior to an anticipated change in control, Mr. Rhein is entitled to receive under his 2003 Employment Agreement an amount equal to three times his then current base salary plus target annual cash incentive, payable in one payment within 30 days of such termination. In addition, Mr. Rhein is entitled to receive payment of a cash incentive award under the 2000 Annual Incentive Plan (or its successor) for the then current year, pro rated through the date of his termination of employment. For three years following such termination, Mr. Rhein is also entitled to the continued perquisites and participation in the Company's benefit plans in which he was participating at the time of his termination of employment or the economic equivalent thereof.

Change in control is defined in the 2003 Employment Agreement as a change in control of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A promulgated under the Securities Exchange Act of 1934, including (i) the acquisition by a person of beneficial ownership, directly or indirectly, of securities of the Company representing 20% or more of the combined voting power of the Company's then outstanding securities, or (ii) in the event that, during any period of 12 consecutive months, individuals who were Directors of the Company at the beginning of the period, and for whom Mr. Rhein voted as a shareholder, cease for any reason to constitute at least a majority of the Board of Directors. The 2003 Employment Agreement defines change in control to include, in addition to the foregoing, the event that, at any time during the one year period following the first day on which Mr. Rhein holds the title of Chief Executive Officer, such title is revoked or his duties or obligations are materially inconsistent with the duties or obligations of the Chief Executive Officer of the Company, unless such revocation or assignment is due to his disability, death, termination of employment for cause, or voluntary termination without a good reason. Cause is defined in the 2003 Employment Agreement to mean that termination of Mr. Rhein's employment shall have been the result of (a) his commission (evidenced by a conviction or written, voluntary and freely given confession) of a criminal act constituting a felony involving fraud or moral turpitude; (b) his commission of a material breach or material default of any of his agreements or obligations under any provision of the agreement which is not substantially cured within 90 days after the Board of Directors gives written notice of such breach or default to Mr. Rhein; (c) his commission, when carrying out his duties under the agreement, of acts or the omission of any act which constitutes willful misconduct or which constitutes gross negligence and results in material economic harm to the Company or has a materially adverse effect on the Company's operations, properties or business relationships; or (d) his substantial and continued failure or refusal to perform under the agreement which Mr. Rhein fails to remedy within 90 days after his receipt of written notice from the Board of Directors.

In the event of discharge without cause or voluntary termination for a good reason, Mr. Rhein is entitled to receive, during the one year period following the date of his termination of employment, regular payment of his annual base salary and payment, in equal monthly amounts, of his target annual cash incentive under the 2000 Annual Incentive Plan (or its successor) for the year in which his termination of employment occurred, and, within 30 days of the end of such one year period, a single sum payment equal to his annual base salary plus his target annual cash incentive for the year in which his termination of employment occurred. Mr. Rhein will also be entitled to receive payment of a target annual cash incentive award under the 2000 Annual Incentive Plan (or its successor) for the current year, pro rated through the date of his termination of employment. For two years following such termination, Mr. Rhein is also entitled to continued receipt of perquisites and participation in the Company's benefit plans in which he was participating at the time of his

Table of Contents

termination of employment or the economic equivalent thereof. "Good reason" is defined in the 2003 Employment Agreement generally to mean the occurrence of (a) any reduction in Mr. Rhein's title or position or change in his reporting relationship; (b) a material reduction in Mr. Rhein's duties or responsibilities; (c) any reduction in Mr. Rhein's compensation or elimination of his participation in any benefit plan, program or arrangement, or material reduction or restriction of benefits payable to Mr. Rhein under any such plan, program or arrangement or Mr. Rhein's perquisites, except where either (i) such reduction, restriction, elimination or other change is both generally applicable to all members of senior management and does not reduce either Mr. Rhein's annual salary or target annual cash incentive, or (ii) such reduction, restriction, elimination or other change is merely the result of application of a formula measuring individual or corporate performance or both; (d) a material breach or material default by the Company or its successor of any of its agreements or obligations under any provision of the Agreement, unless such breach or default is substantially cured within a reasonable period of time (defined as ten days for simple non-payment of an agreed amount without any related issues and 90 days in all other cases) after written notice advising the Company or its successor of the acts or omissions constituting such breach or default has been received by the Company; (e) any relocation of Mr. Rhein's principal place of work with the Company or its successor to a location that exceeds by 50 miles the distance from the location of his residence at the time of such relocation to the headquarters of the Company as of the date of the Agreement; or (f) the failure of the Company to obtain an agreement from any successor to the Company to assume the Company's obligations under the Agreement.

In the event of Mr. Rhein's termination of employment due to his retirement, disability or death, the 2003 Employment Agreement provides for, in addition to any benefits to which Mr. Rhein may be entitled under the Company's employee benefit plans, the payment of a cash incentive under the 2000 Annual Incentive Plan (or its successor) for the current year, pro rated through the date of his termination of employment; continuation of director's and officer's liability insurance coverage until the day after the last date of the applicable statute of limitations for Mr. Rhein's alleged wrongful acts; and except in the case of Mr. Rhein's termination of employment due to his death, continued life insurance protection for Mr. Rhein and medical insurance coverage for Mr. Rhein, his spouse and dependents until Mr. Rhein attains age 65.

The 2003 Employment Agreement also contains provisions regarding confidentiality and, except upon voluntary termination (not for cause) or involuntary termination within one year after a change in control, non-competition and non-interference (for two years following termination of employment).

Upon either voluntary termination without a good reason or termination for cause, Mr. Rhein would not be entitled to further remuneration payments under his 2003 Employment Agreement.

If a new agreement is not entered into within sixty days following the end of the three year term of the 2003 Employment Agreement, Mr. Rhein may resign within a sixty day period and receive those payments and benefits described above which are payable in connection with a discharge of Mr. Rhein without cause or his voluntary termination for a good reason. Furthermore, if a new agreement is not entered into as described above, Mr. Rhein shall be entitled to the same payments and benefits as described in the preceding sentence in connection with his discharge by the Company without cause during the one hundred and twenty day period following the end of the three year term.

Mr. Rhein's 2003 Employment Agreement provides that, if any payment received by Mr. Rhein in connection with a change in control of the Company is deemed a "parachute payment" under Section 280G of the Internal Revenue Code of 1986, as amended, resulting in an "excess parachute payment" within the meaning of Section 280G(b), Mr. Rhein will be entitled to a cash payment in an amount equal to the 20%

Table of Contents

excise tax, if any, payable by Mr. Rhein pursuant to the provisions of Section 4999, which amount will be increased by an aggregate of the amount of any federal, state and local income taxes and excise taxes for which he may become liable on account of the receipt of the excise tax gross up payment. Mr. Rhein's 2003 Employment Agreement also provides for payment by the Company of up to \$500,000 of legal fees incurred by Mr. Rhein in the event that, following a change in control, Mr. Rhein may be caused to institute or defend proceedings to enforce his rights under the 2003 Employment Agreement. Had a change in control and termination of employment occurred on June 1, Mr. Rhein would have received \$4,050,000 under his 2003 Employment Agreement (three times his current annual base salary plus target annual cash incentive). In addition, all stock options granted to Mr. Rhein and certain other benefits, to the extent not already vested, would have become immediately vested. To the extent that any of the above or other compensation would be considered an excess parachute payment under Section 4999 subject to the 20% excise tax, the Company would be obligated to reimburse Mr. Rhein for such tax plus any additional excise tax thereon, plus all federal, state and local income taxes on the excise tax reimbursements at a combined assumed rate of forty-seven percent (47%), all or part of which may not be tax deductible by the Company as an ordinary and necessary business expense. These payments might have the effect of discouraging any possible acquisition or hostile takeover of the Company. However, depending on the facts and circumstances at the time of an actual change in control, the payments due to Mr. Rhein may be materially larger or smaller, and may include additional benefits and payments under other employee benefit plans, programs, perquisites or arrangements of the Company not considered in the above analysis.

2000 Employment Agreement with Mr. Billick. The Company entered into an Employment Agreement with Mr. Billick effective April 1, 2000 (the 2000 Employment Agreement), which was amended effective April 1, 2002. Mr. Billick's employment with the Company terminated effective as of June 30, 2005.

Pursuant to the terms of the 2000 Employment Agreement, Mr. Billick is entitled to receive his base salary for the month in which his termination of employment occurs, plus a cash incentive calculated on the basis of his cash incentive under the 2000 Annual Incentive Plan (or any predecessor annual incentive plan or arrangement) for the immediately preceding fiscal year, pro rated for the then current fiscal year through his date of termination, plus a monthly payment, for the 12 months following such termination of employment, of an amount equal to 1/12(th) of the sum of 12 times his current monthly base salary plus an amount equal to his cash incentive under the 2000 Annual Incentive Plan (or any predecessor annual incentive plan or arrangement) for the previously completed fiscal year. For the 12 months following such termination, Mr. Billick also is entitled to all benefits and service credits for benefits under all employee benefit plans, programs or arrangements of the Company on the same basis as provided immediately prior to termination, or the economic equivalent thereof.

The 2000 Employment Agreement also contains certain restrictive covenants, including a confidentiality provision, which survive such agreements indefinitely, and non-competition and non-interference provisions, which extend two years after a termination of employment.

Non-Competition Agreements and Change of Control Agreements. On February 25, 2000, the Company entered into non-competition agreements and change of control agreements with Messrs. Bailey and Coleman. Under the non-competition agreements, in the event the Company terminates such executive's employment without cause, such executive is entitled to his monthly base salary, target incentive and benefit coverage for twelve months following such termination. In the event such executive's employment is terminated for cause or he voluntarily resigns his position, the Company has no obligations for such payments or benefits coverage under the non-competition agreement. If either of Messrs. Bailey or Coleman is terminated for cause or voluntarily terminates his employment, such executive is prohibited under the non-competition agreement for

Table of Contents

the two-year period following any such termination (the Noncompetition Period) from being employed by, owning, operating or similar involvement, directly or indirectly, with any business that competes with the Company in the distribution of electronic parts, components or systems in the geographical area in which the Company conducts its business. In the event that either of Messrs. Bailey or Coleman is terminated without cause, the Company may, in its sole discretion, elect to pay such executive his regular base salary and target incentive for all or any part of the Noncompetition Period, which payments are separate and in addition to the severance payments and benefits coverage described above and, so long as the Company makes such payments, such executive will be bound by the non-competition provisions described above. The non-competition agreements also contain nondisclosure and non-interference provisions. In the event of a change of control, the provisions of the change of control agreement described below will supersede those of the non-competition agreement with respect to severance and non-competition terms.

Under the change of control agreements, if during the 12 month period following a change of control (as described below), either of Messrs. Bailey or Coleman is discharged without cause or voluntarily terminates his employment for any reason, such executive is entitled to receive a lump sum amount within 30 days of such termination of employment equal to 24 times the greater of (i) such executive's highest monthly base salary paid during the twelve month period preceding a change in control or (ii) such executive's highest monthly base salary paid or payable by the Company at any time from the ninety day period preceding a change of control through the date of termination. In addition, each of Messrs. Bailey and Coleman is entitled to receive a lump sum amount equal to the greater of (i) four times such executive's highest aggregate amount of incentive compensation paid during any six consecutive months of the 12 months preceding a change of control or (ii) four times such executive's highest aggregate amount of incentive compensation paid during any six consecutive months preceding the date of termination. Further, each of Messrs. Bailey and Coleman is entitled to receive 24 times the monthly amount paid such executive as an auto allowance immediately preceding a change of control. For two years following such termination, such executive also is entitled to all benefits and service credits for benefits under all employee benefit plans, programs or arrangements of the Company (or the economic equivalent thereof where such crediting is not permitted). For purposes of the change of control agreements for Messrs. Bailey and Coleman, cause is defined as (i) an act or acts of personal dishonesty taken by the employee and intended to result in personal enrichment of the employee at the expense of the Company or (ii) the conviction of the employee of a felony.

If any payment received by Messrs. Bailey and Coleman in connection with a change of control of the Company is deemed a parachute payment under Section 280G of the Internal Revenue Code of 1986, as amended, resulting in an excess parachute payment within the meaning of such Section 280G(b), he will be entitled under the change of control agreement to a cash payment in an amount equal to the 20% excise tax, if any, payable by him pursuant to the provisions of Section 4999, which amount will be increased by the aggregate of the amount of any federal, state, and local income taxes and excise taxes for which he may become liable on account of the receipt of the excise tax gross up payment. For purposes of the change of control agreement, a change of control is defined as (i) the acquisition by any person of beneficial ownership, directly or indirectly, of securities of the Company representing 20% or more of the combined voting power of the Company's then outstanding securities, (ii) the individuals who constitute the Board of Directors of the Company as of February 25, 2000 (the Incumbent Board) cease to constitute a majority of the Board of Directors of the Company, provided that any individual who subsequently becomes a Director or whose election or nomination for election was approved by a vote of at least a majority of the Directors then comprising the Incumbent Board (other than an election or nomination of an individual in connection with an actual or threatened election contest) shall be considered as though such person were a member of the Incumbent Board, or (iii) approval by the Company's shareholders of a reorganization, merger or consolida-

tion with respect to which persons who were not shareholders before such reorganization, merger or consolidation own more than 80% of the combined voting power of the Company, or a liquidation of the Company or the sale of all or substantially all of the assets of the Company.

Amendment to Non-Competition Agreements and Change of Control Agreements. In January of 2003, Messrs. Bailey and Coleman entered into Agreements with the Company amending their Non-Competition Agreements and Change of Control Agreements effective immediately. Under the amendments, Messrs. Bailey and Coleman relinquished their rights to receive severance payments under the Change of Control Agreements upon their voluntary termination of employment (a single trigger right to payment), and accepted a right to such payment in connection with a change in control only upon a discharge without cause or voluntary termination for a good reason (a double trigger right to payment). In exchange, the Non-Competition Agreements were amended to provide that payments under that Agreement would be for two years rather than one.

2003 Employment Agreements with Mr. Ellis. Upon joining the Company, Mr. Ellis entered into an employment agreement with the Company effective June 30, 2003 (the Ellis 2003 Employment Agreement). The term of the Ellis 2003 Employment Agreement was from June 30, 2003 through March 31, 2004 (the End Date), continuing from month to month thereafter until terminated by either the Company or Mr. Ellis in accordance with the provisions of the Ellis 2003 Employment Agreement.

Under the Ellis 2003 Employment Agreement, Mr. Ellis was entitled to certain payments if his employment with the Company is terminated under certain circumstances. In the event that Mr. Ellis's employment was terminated by the Company without cause, Mr. Ellis would have been paid severance equal to the greater of (a) continuation of his regular base and target incentive salary (if applicable) through the End Date, or (b) the severance package he would have otherwise received, based on years of service, under the Company's applicable severance policy or programs.

Mr. Ellis's 2003 Employment Agreement also contained confidentiality, no-hire and non-competition provisions. In the event that the Company terminated Mr. Ellis's employment for cause or Mr. Ellis terminated his employment for any reason other than a change of position, Mr. Ellis would have been subject to a non-competition obligation for 12 months following the date of termination. At its option, if the Company terminated Mr. Ellis's employment for any reason other than for cause, the Company could have imposed upon Mr. Ellis a non-competition obligation ending, at the latest, 12 months after the date of termination of employment. If the Company elected to impose this non-competition obligation, the Company would have paid Mr. Ellis his regular base and target incentive salary (if applicable) during the non-competition period in accordance with regular payroll practices. Any such payments would have been in lieu of any severance payments during such period.

Mr. Ellis also entered into a Change of Control Agreement with the Company effective June 30, 2003 in substantially the same form as the above-described Change of Control Agreements, as amended, between each of Messrs. Bailey and Coleman and the Company, except that, in the event of discharge without cause following a change of control, Mr. Ellis is entitled to receive a lump sum amount equal to 12 times the greater of (i) his highest monthly base salary paid during the twelve month period preceding a change in control, or (ii) his highest monthly base salary at any time from the ninety day period preceding a change of control through the date of the termination; plus a lump sum amount equal to the greater of (i) two times his highest aggregate amount of incentive compensation paid during any six consecutive months of the 12 months preceding a change of control or (ii) two times his highest aggregate amount of incentive compensation paid

during any six months preceding the date of termination. Mr. Ellis is also entitled to receive an auto allowance and other benefits as described above for one year following such discharge.

2005 Employment Agreements with Mr. Ellis. On May 31, 2005, the Company entered into a Non-Competition Agreement with Mr. Ellis, which replaced the Ellis 2003 Employment Agreement. Under the non-competition agreement, in the event the Company terminates Mr. Ellis employment without cause, he will be entitled to his monthly base salary, target incentive and benefit coverage for twelve months following such termination. In the event his employment is terminated for cause or he voluntarily resigns his position, the Company has no obligations for such payments or benefits coverage under the non-competition agreement. If Mr. Ellis is terminated for cause or voluntarily terminates his employment, he is prohibited under the non-competition agreement for the two-year period following any such termination (the Noncompetition Period) from being employed by, owning, operating or similar involvement, directly or indirectly, with any business that competes with the Company, including but not limited to the sale of information technology products and services, enterprise computer systems, and related consulting, integration, maintenance and professional services. In the event that Mr. Ellis is terminated without cause, the Company may, in its sole discretion, elect to pay his regular base salary and target incentive for all or any part of the Noncompetition Period, which payments are separate and in addition to the severance payments and benefits coverage described above and, so long as the Company makes such payments, Mr. Ellis will be bound by the non-competition provisions described above. The non-competition agreements also contain nondisclosure and non-interference provisions. In the event of a change of control, the provisions of the change of control agreement described above will supersede those of the non-competition agreement with respect to severance and non-competition terms.

On May 31, 2005, The Company and Mr. Ellis also entered into an amendment of his Change in Control Agreement , providing that, in the event Mr. Ellis employment is terminated by the Company without cause (or by Mr. Ellis for good reason) within 12 months of a change in control, Mr. Ellis will be entitled to receive a lump sum amount equal to 24 times the greater of his highest monthly base salary paid during the twelve month period preceding a change in control, or his highest monthly base salary at any time from the ninety day period preceding a change of control through the date of the termination; plus a lump sum amount equal to two times the annual incentive plan target applicable to him at the time of termination. Mr. Ellis is also entitled to receive an auto allowance and other benefits described above for two years following his termination.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Overview

The Company's Compensation Committee (the Committee) administers the Company's compensation program for the Company's executive officers and directors. In accordance with its Charter, the purpose and mission of the Committee is to enhance shareholder value by ensuring that the compensation available to the Board of Directors, Chief Executive Officer and other executive officers of the Company enables the Company to attract and retain high-quality leadership and is consistent with the Company's executive compensation philosophy and objectives. As a part of its responsibility in this regard, the Committee oversees the Company's compensation plans and policies, annually reviews and determines all executive officers' compensation (including base salary and the Company's annual cash incentive, long-term stock incentive, retirement and perquisite plans and programs), administers the Company's incentive programs (including establishing performance goals, determining the extent to which performance goals are achieved, and calculating awards), administers the Company's equity compensation plans (including making grants to the Company's executive officers), and regularly evaluates the effectiveness of the overall executive compensation program. A more complete description of the Committee's functions is set forth in the Committee's Charter, which is available on the Company's website at www.agilysys.com.

The Board determines the Committee's membership. Currently, the Committee is comprised of four directors, each of whom is listed at the end of this report, and each of whom qualifies as a non-employee director for the purpose of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and an outside director for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). In addition, as required by the Committee's Charter and the Company's Corporate Governance Guidelines, the Board of Directors has determined that each member qualifies as independent as presently defined by regulations of The Nasdaq Stock Market, Inc. and the Securities and Exchange Commission, and is free from any relationship that, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment as a Committee member. The Committee meets at scheduled times during the year, and it also considers and takes action by written consent. The Committee Chairman reports on Committee actions and recommendations at Board meetings. The Company's legal department and the Company's Human Resources department support the Committee in its work and in some cases act pursuant to delegated authority to fulfill various functions in administering the Company's compensation programs. In addition, the Committee has the authority to engage the services of outside advisers, experts and others to assist the Committee. During fiscal year 2005, the Committee engaged an independent executive compensation consulting firm to assist the Committee in its review of the compensation for the executive officers.

Overview of Compensation Objectives and Philosophy

The Committee believes that achieving the following objectives with respect to the Company's executive compensation program will affect the long-term value of the Company:

- (1) To attract, retain and motivate executives who can significantly contribute to the success of the Company;
- (2) To reward the achievement of business objectives that have been approved by the Board of Directors;

Table of Contents

(3) To provide a rational, consistent and competitive executive compensation program that is well understood by those to whom it applies; and

(4) To tie a significant portion of executive compensation to the long-term performance of the Company's Common Shares.

After undertaking a comprehensive review of the Company's executive officer compensation policy in 1998, with the assistance of an independent executive compensation consulting firm, the Committee adopted a compensation philosophy for executive officers that is aimed at achieving the compensation objectives described above. That philosophy has been reviewed and reapproved annually, except as described herein. At the Committee's meeting on April 27, 2004, based in part upon a market review by and input from an independent executive compensation consulting firm, the Committee approved a prospective change in the compensation philosophy to target compensation at a minimum of the 50th percentile rather than targeting the 50th percentile as it had in prior years. The revised compensation philosophy is as follows:

(1) The Company's objective is to pay competitive base salary at a minimum of the 50th percentile of the compensation peer group;

(2) Annual cash bonus incentives are targeted at a minimum of the 50th percentile of the compensation peer group;

(3) The long-term stock incentive program also generally targets a minimum of the 50th percentile of the compensation peer group; and

(4) Executive compensation will be reviewed annually based on a compensation peer group which may be modified from time to time to represent changes in business strategy.

For purposes of establishing the Company's compensation philosophy, the compensation peer group was originally a group of twenty companies, identified by the consultants (1) that were in lines of business comparable to the Company's, or (2) which may have competed with the Company for executive talent. For purposes of annually reviewing the Company's position with respect to its compensation peer group, the peer group has varied from year to year but has consisted of companies which meet the foregoing criteria.

Based on the Company's compensation objectives and philosophy, the Committee recommended, the Board of Directors adopted, and, to the extent appropriate, the Company's shareholders approved, a revised compensation program. Subsequently, the Committee has reviewed the compensation program on an annual basis, with assistance from outside executive compensation consultants, making periodic adjustments thereto. The key elements of the Company's current executive compensation program are described below.

Compensation Elements for Executive Officers

The key elements of the Company's executive compensation program are as follows:

1. *Base Salary and Annual Incentive Compensation.* Due to industry and market circumstances in the Company's principal business areas and the Company's resultant financial performance, the Committee determined that there should be no increases in the executive officers' base salaries for fiscal years 2002 through 2004. Notwithstanding the foregoing, the Board approved an increase in Mr. Rhein's base salary for fiscal year 2003 to reflect his promotion to chief executive officer. Based on the Company's financial performance, which exceeded fiscal year 2004 goals, and on the analysis provided by an outside executive compensation consultant, the executive officers' base salaries were increased by approximately four percent on average for fiscal year 2005.

Table of Contents

The Committee established certain financial and individual non-financial performance goals for fiscal year 2005, which, depending on the level of achievement, would result in the payment of cash incentive compensation for executive officers. These goals are listed in the Section titled CEO Compensation. During fiscal year 2005, the Company continued implementation of a plan for the strategic transformation of the Company, achieved through the further implementation of its focus on the enterprise computer systems business. Due to significant progress in achieving the Company's strategic objectives, annual bonuses at target were paid for the fiscal year.

2. Stock Option and Other Long-Term Incentive Awards. Based upon the report and recommendations of the Company's compensation consultants, the Committee determined that it generally should not exceed an annual grant rate of stock options of 2% of Common Shares outstanding. Based on its compensation philosophy, the Committee generally has applied a guideline under which executive officers receive stock option grants based on a Black-Scholes valuation targeted at the 50th percentile, with all remaining options available to be allocated to other key employees based upon recommendations to the Committee by the Chief Executive Officer. During fiscal year 2005, stock option grants were made to executive officers consistent with the established targets.

3. Retention Plan. The retention plan is not a formal plan, but rather consists of one-time grants in fiscal year 2003 to each selected key executive officer under the Company's 2000 Stock Incentive Plan of restricted Common Shares having a fair market value on the date of grant equal to approximately 150% of the executive officer's base salary. For each participant, the Company has paid the federal income tax owing on the grant of restricted Common Shares as a result of the participant's timely election under Section 83(b) of the Code, which election had a favorable overall tax and financial effect on the Company. These grants were specifically intended to incent the Company's executive management team to remain with the Company during the initial three years of implementation of its long-term business strategy. During fiscal year 2005, significant progress was achieved in implementing the Company's strategic objectives.

4. Change in Control Provisions. In the event of a termination of employment of certain of the Company's executive officers, including Mr. Rhein, in connection with a change in control certain amounts will be payable. The amount payable to Mr. Rhein is three times the sum of his current base salary and target annual cash incentive. Certain other executive officers' change in control agreements also provide for severance payments upon certain discharges without cause or certain voluntary terminations for good reason. In the case of Messrs. Bailey and Coleman, the amount payable is equal to the greater of 24 times such executive officer's highest monthly base salary either during the 12 month period preceding a change in control or at any time from the 90 day period preceding a change of control through the termination date, plus the greater of four times the executive officer's highest aggregate amount of incentive compensation during either any six consecutive months of the 12 months preceding a change of control or any six consecutive months preceding the date of termination. In the case of Mr. Billick, the amount payable is equal to 24 times his monthly base salary being paid at his termination of employment, plus two times his target annual cash incentive for the then-current fiscal year. In the case of Mr. Ellis, the amount payable is equal to the greater of 12 times his highest monthly base salary either during the 12 month period preceding a change in control or at any time from the 90 day period preceding a change in control through the termination date, plus the greater of two times his aggregate amount of incentive compensation during either any six consecutive months of the 12 months preceding a

change of control or any six consecutive months preceding the date of termination.((2)) The executive officers' agreements with the Company also provide an excise and income tax gross up on any excise tax payment owed by such executive officers as a result of any amount received by the executive officer that is determined to be an excess parachute payment under Section 280G of the Code. These agreements remained in effect throughout fiscal year 2005.

5. *Retirement and Other Benefits.* Based upon the Company's 1998 compensation review and annual analysis thereafter, the Committee approved certain executive retirement and other benefits in order to bring the Company's retirement and other benefits in line with those offered by peer companies. These retirement and other benefits, described below, remained in effect for fiscal year 2005.

6. *Supplemental Executive Retirement Plan (SERP).* The SERP was established effective April 27, 1999 to provide retirement cash benefits, in an amount not to exceed 50% of final average earnings, to a select group of management and other highly-compensated employees, which includes the Company's Chief Executive Officer and other executives designated by the Committee. The maximum annual cash benefit under the SERP is limited to 50% of the participant's final average earnings, which for this purpose would be the participant's base salary, including pre-tax deferrals, plus annual incentive compensation. The annual benefit is reduced by other Company funded retirement benefits. The SERP is an unfunded deferred compensation plan. Life insurance is purchased as a source of funds to pay benefits.

7. *Benefit Equalization Plan (BEP).* The BEP was established to permit the Company to provide its executives with amounts for retirement on a profit sharing and 401(k)-type basis in excess of amounts allowed under the Company's tax qualified retirement plan. Additional voluntary deferrals of compensation also are permitted under the BEP. The BEP is limited to a select group of management and other highly-compensated employees selected by the Company's Chief Executive Officer. The BEP is an unfunded deferred compensation plan. Life insurance is purchased as a source of funds to pay benefits.

8. *Senior Executive Disability Plan.* A Senior Executive Disability Plan was established to provide enhanced disability benefits to the Chief Executive Officer and to elected officers and other key employees selected by the Chief Executive Officer. The disability benefit payable to a participant is 60% of base salary, including pre-tax deferrals, plus annual incentive compensation.

9. *Perquisites.* The Company provides its senior executive officers with perquisites that it believes are reasonable, competitive and consistent with the Company's overall executive compensation program and that helps it to hire and retain the highest quality candidates. These perquisites include: automobile allowances, reimbursement of club membership fees and dues, use of company aircraft for personal travel on a limited basis and reimbursement for financial planning services.

Executive Compensation Policy Decisions

In addition to establishing the compensation elements described above, the Company abides by a number of policies to further the goals of its executive compensation program.

(2) As previously discussed, effective May 31, 2005, Mr. Ellis' Change of Control Agreement was amended to increase the amount payable to twenty-four times his highest monthly base salary and two times his incentive compensation, consistent with the Change of Control Agreements in effect for Messrs. Bailey and Coleman.

Table of Contents

1. *Employment Agreements.* The Company has entered into employment agreements with Mr. Rhein, Mr. Bailey, Mr. Coleman, Mr. Ellis and Mr. Billick. These employment agreements are described in detail on pages 13-19, above. The current employment agreement with Mr. Rhein is for three years, and will expire on March 31, 2006. The non-competition agreements in effect for Mr. Bailey and Mr. Coleman remain in effect until terminated, and provide twenty-four months' base salary, target incentive and benefit coverage in the event of termination without cause. The employment agreement in effect with Mr. Ellis during fiscal year 2005 was entered into effective June 20, 2003 for an initial nine month term and, thereafter, is renewed from month to month until terminated by either the Company or Mr. Ellis. (3) The employment agreement with Mr. Billick was entered into effective April 1, 2000 for an initial one year term and, thereafter was renewed for successive one year terms. (4) The Company also has entered into change of control and non-competition agreements with certain of its executive officers.

2. *Stock Option Repricing.* The Company does not permit repricing of stock options.

3. *Tax Deductibility of Compensation.* Section 162(m) of the Internal Revenue Code of 1986, as amended, imposes a \$1,000,000 limit on the amount that a public company may deduct for compensation paid to the Company's chief executive officer or any of the Company's four other most highly compensated executive officers who are employed as of the end of the year. This limitation does not apply to compensation that meets the requirements under Section 162(m) for qualifying performance-based compensation (i.e., compensation paid only if the individual's performance meets pre-established objective goals based on performance criteria approved by shareholders). The Committee believes that grants of stock options under the Company's 2000 Stock Incentive Plan qualify for full deductibility under Section 162(m), but are subject to other tax rules such as those applicable to incentive stock options. At this time, based upon the Company's current compensation structure, the Committee believes that it is in the best interests of the Company and its shareholders for the Committee to retain flexibility in awarding incentive compensation in the form of other incentive awards that may not qualify for the exception for performance-based compensation.

4. *Use of Outside Consultants.* The Committee employs an outside consultant to assist in accomplishing its Charter. The consultant is an independent advisor to the Committee. The Committee is able to select, dismiss and approve any financial arrangement with the consultant. The consultant may also assist management in performing duties delegated by the Committee.

Basis for Chief Executive Officer Compensation

The compensation of Arthur Rhein, the Chairman of the Board, President and Chief Executive Officer of the Company for fiscal year 2005, was determined under the terms of an employment agreement between Mr. Rhein and the Company entered into as of April 1, 2003, when Mr. Rhein assumed the duties of Chairman of the Board, in addition to his previous duties as President and Chief Executive Officer of the Company. That employment agreement is described elsewhere in this proxy.

-
- (3) As previously discussed, effective May 31, 2005, the Company and Mr. Ellis entered into a non-competition agreement which remains in effect until terminated, and provides twelve months' base salary, target incentive and benefit coverage in the event of termination without cause.
 - (4) As previously disclosed, effective June 3, 2005, Mr. Ellis assumed the responsibilities of Treasurer and Chief Financial Officer. Mr. Billick's employment with the Company terminated on June 30, 2005.

Table of Contents

Mr. Rhein's salary and target cash annual incentive compensation for fiscal year 2005 was established at a level intended to target the 50th percentile of salary and cash annual incentive compensation at a comparable position with a group of peer companies. Based on the Company's financial performance, and on the analysis provided by an outside executive compensation consultant, Mr. Rhein's base salary was increased by eight percent for fiscal year 2005. Therefore, for fiscal year 2005, Mr. Rhein was paid a base salary of \$675,000, as reported in the salary column of the Summary Executive Compensation Table in this proxy (the "Table").

Under the Company's annual executive incentive compensation plan, Mr. Rhein received an annual incentive compensation opportunity equal to 100% of base salary at target. The Committee approved four financial and operational objectives for Mr. Rhein for fiscal year 2005. These objectives related to achievement of target levels regarding revenue growth, operating profit, and return on total capital and a management by objective ("MBO") factor. All but a small percentage of Mr. Rhein's target annual incentive opportunity was based on the financial measures. Attainment of the MBO factor was determined by the Committee. Pursuant to the Incentive Plan, no award would be available for performance below a threshold. Mr. Rhein received an annual incentive compensation award of \$675,000 under the plan, which is also reported in the Table under the Incentive column.

The Committee granted a long-term incentive award to Mr. Rhein for fiscal year 2005 in the form of stock options under the Company's 2000 Stock Incentive Plan. In accordance with Mr. Rhein's employment agreement, the aggregate value of the award of options was 250% of Mr. Rhein's annual base salary for fiscal year 2005. At that level, based upon a Black-Scholes calculation, 222,500 options were granted.

In determining that this level of pay and incentive compensation for Mr. Rhein was appropriate, the Committee considered the following: the independent confirmation of an independent executive compensation consulting firm based on market data that his base salary (then \$625,000) was below market; his leadership in articulating and pursuing a vision for the Company consistent with creating value for shareholders; his critical role in leading the Company to strong financial results; his leadership in driving strong operating performance throughout the Company; and his execution of a strategy to enhance long-term shareholder value through stronger profit margins and higher returns on equity.

In fiscal year 2005, Mr. Rhein also participated in the retirement and other benefit plans described above.

This report on executive compensation for fiscal year 2005 is provided by the undersigned members of the Compensation Committee of the Board of Directors.

AUDIT COMMITTEE REPORT

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee's activities are governed by a written charter adopted by the Board of Directors. In January, 2005, the Board adopted an Amended and Restated Audit Committee Charter, attached as Exhibit A, and available at the Company's website (www.agilysys.com). The Audit Committee currently consists of four directors, all of whom are independent in accordance with the rules of the Nasdaq Stock Market, Inc., Section 10A(m) of the Securities Exchange Act of 1934 and the rules and regulations of the SEC. The Board has determined that Mr. Commes is an audit committee financial expert as defined by the SEC.

Management has the primary responsibility for the Company's financial statements and the reporting process, including the system of internal controls over financial reporting. Ernst & Young, the Company's independent auditors, audits the annual financial statements prepared by management and expresses an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States, and also audits the internal controls over financial reporting and management's assessment of those controls. The Audit Committee retains the Company's independent auditors and monitors these processes.

In carrying out its responsibilities, the Audit Committee has reviewed and has discussed with the Company's management the Company's 2005 audited financial statements. Management represented to the Audit Committee that the Company's financial statements were prepared in accordance with accounting principles generally accepted in the United States. In addition, the Audit Committee discussed with the Company's financial management and independent auditors the overall scope and plans for the audit. The Audit Committee also met with the independent auditors, with and without management present, to discuss the results of the audit, their evaluation of the Company's internal controls over financial reporting, including both the design and efficacy of such internal controls, and the overall quality of the Company's financial reporting.

The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees.

The Audit Committee has also received written disclosures from Ernst & Young regarding their independence from the Company and its management as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), has discussed with the independent auditors the independent auditors' independence, and has considered the compatibility of non-audit services with the auditors' independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's 2005 audited financial statements be included in the Company's Annual Report on Form 10-K for fiscal year 2005.

The Audit Committee has re-appointed Ernst & Young as independent auditors to audit the financial statements of the Company for the fiscal year ending March 31, 2006. Fees for services rendered by Ernst & Young for fiscal years 2005 and 2004 were:

<u>Fiscal Year</u>	<u>Audit Fees</u>	<u>Audit-Related Fees</u>	<u>Tax Fees</u>	<u>All Other Fees</u>
2005	\$1,547,000	\$ 47,421	\$ 67,442	\$250,480
2004	548,717	307,317	\$389,600	\$ 0

Audit fees consist of fees billed for professional services rendered for the annual audit of the Company's financial statements, annual audit of internal control over financial reporting, review of the interim financial statements included in quarterly reports and services that are normally provided by Ernst & Young in connection with statutory and regulatory filings. Audit-related fees generally include fees for employee benefits plan audits, business acquisitions, accounting consultations and Securities and Exchange Commission registration statements. Tax fees include tax compliance and tax advice services. All other fees generally relate to services provided in connection with non-audit acquisition activities.

It is the Audit Committee's policy that all audit and non-audit services are pre-approved by the Audit Committee. Consistent with its charter, the Audit Committee has delegated pre-approval authority to the Chairman of the Audit Committee between meetings when expedition of services is necessary, provided that any pre-approvals so delegated are reported to the Audit Committee at its next scheduled meeting. All audit and non-audit services were pre-approved by the Audit Committee consistent with this policy during fiscal years 2005 and 2004.

Representatives of Ernst & Young are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and are expected to be available to respond to appropriate questions.

PROPOSAL 2**PROPOSAL TO APPROVE THE AGILYSYS, INC.****EXECUTIVE OFFICER ANNUAL INCENTIVE PLAN**

The shareholders are asked to consider and vote upon a proposal to approve the Agilysys, Inc. Executive Officer Annual Incentive Plan, (the Incentive Plan), the principal provisions of which are described below. The following is a summary of the material terms of the Incentive Plan. The full text of the Incentive Plan is set forth as Exhibit B to this Proxy Statement.

The Board of Directors believes that the Incentive Plan promotes the Company's compensation objectives by (i) providing short-term financial awards to executive officers of the Company in order to encourage them to improve the Company's operating results; and (ii) enabling the Company to recruit and retain such executive officers by making the Company's overall compensation program competitive with the compensation programs of similar companies. The Incentive Plan will replace the Company's 2000 Annual Incentive Plan, which was approved by shareholders at the 2000 Annual Meeting of Shareholders. Subject to shareholder approval, the Incentive Plan will be effective as of April 1, 2005.

Incentive awards made under the Incentive Plan are intended to constitute qualified performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code, as amended (the Code), and

Table of Contents

Section 1.162-27 of the Treasury Regulations promulgated thereunder. Generally, Section 162(m) prevents a company from receiving a federal income tax deduction for compensation paid to any one of the five most highly compensated executive officers in excess of \$1.0 million for any year, unless that compensation is performance-based. One of the requirements of performance-based compensation for purposes of Section 162(m) is that the compensation be paid pursuant to objective performance goals under a plan that has been approved by a majority of the Company's shareholders. The proposed Executive Officer Annual Incentive Plan is intended to provide the Compensation Committee with flexibility to determine whether §162(m) qualified incentive grants under the Plan are in the best interests of the Company.

SUMMARY OF THE PLAN

Administration. The Compensation Committee of the Board of Directors is authorized to administer the Incentive Plan, provided that the Compensation Committee consists entirely of persons who meet the definition of outside director set forth in the regulations under Section 162(m) of the Code. The Committee has the exclusive right to (i) interpret the Incentive Plan; (ii) determine eligibility for participation in the Incentive Plan; (iii) decide all questions concerning eligibility for and the amount of awards payable under the Incentive Plan; (iv) establish and administer the performance goals and certify whether, and to what extent, they are attained; (v) construe any ambiguous provisions of the Incentive Plan and correct any default, supply any omission, and reconcile any inconsistency in the Incentive Plan and related documents; (vi) issue administrative guidelines, regulations and forms as necessary as an aid to administering the Incentive Plan; and (vii) decide any and all questions arising in the administration, interpretation and application of the Incentive Plan and related documents. All decisions of the Committee and its action with respect to the Incentive Plan are final, binding and conclusive upon any person claiming a right or interest in or under the Incentive Plan.

Eligible Participants. The employees eligible to receive compensation under the Incentive Plan are the Executive Officers of the Company or affiliated corporations.

Establishment of Performance Goals. Within the first 90 days of a fiscal year, and while the outcome is substantially uncertain, the Committee will establish the performance goal(s) which, if attained, will result in awards to the participants under the Incentive Plan (including relative weighting in the event that more than one performance goal is established), and will designate which eligible employees are selected for participation in the Incentive Plan. The performance goals may be based on any of the following business criteria (applied to a participant, a business unit, or the Company and related entities as a whole): stock price, revenue, operating income, operating profit, market share, sales, profitability, earnings per share, return on equity, return on capital, return on invested capital, costs or other similar objective criteria. Performance goal(s) may be designed in an all-or-nothing manner, or in a manner that provides for different levels of payment based on the level of attainment of such goal(s). The Committee retains the discretion to change the targets under the performance goal(s) subject to any restrictions of Code Section 162(m).

The actual level of achievement of the performance goals will serve as the basis for establishing the amount of the award payable to a participant for the fiscal year. If the threshold level of attainment is not achieved, no payment will be made under the Incentive Plan for such fiscal year.

Payment of Awards. Awards will be paid under the Incentive Plan following certification of the attainment of the established performance goal(s) for the fiscal year, and only to participants who were employed by the Company on the last day of such fiscal year and who were not terminated for cause prior to payment. As soon as practicable after the Company's financial results for the fiscal year are approved by the

Table of Contents

Board or the Audit Committee, the Compensation Committee will certify in writing whether the performance goal(s) and other material terms were in fact satisfied. Awards will be paid in cash as soon as reasonably practicable after the Committee's certification, subject to such terms, conditions, restrictions and limitations as the Committee may determine, provided that such terms, conditions, restrictions and limitations are not inconsistent with the terms of the Incentive Plan.

Termination of Employment. If a participant's employment is terminated during a fiscal year by reason of his disability or death, or, subject to the limitations of Code Section 162(m), his involuntary termination of employment other than for cause or his voluntary termination of employment for good reason or his retirement and such participant has been a participant in the Incentive Plan for at least three months of such fiscal year, the participant will be eligible to receive a prorated award for such fiscal year.

Applicable Business Criteria. For the fiscal year ending March 31, 2006, the Compensation Committee has selected the following performance measures: revenue, operating profit and return on invested capital.

The Committee has designated Messrs. Rhein, Ellis, Bailey, Coleman and Sayers to participate in the Incentive Plan for the fiscal year ending March 31, 2006. Because the award payable to each participant depends upon the Company's future financial results, it is not possible to determine the amount of the award payable to the participants in the Incentive Plan for the fiscal year ending March 31, 2006.

Amendment and Termination. The Board of Directors may suspend or terminate the Incentive Plan at any time with or without prior notice. In addition, the Board of Directors may, from time to time and with or without prior notice, amend the Incentive Plan in any manner but may not without shareholder approval adopt any amendment that would require the vote of the shareholders of the Company pursuant to applicable laws, regulations or exchange requirements.

Limitation on Awards. Notwithstanding any other provision, no payments will be made for a fiscal year in which any minimum level of performance established under the relevant performance goal(s) is not attained, and no award to any participant for a fiscal year may exceed \$5,000,000.

Recommendation; Required Vote

Adoption of the Agilysys, Inc. Executive Officer Annual Incentive Plan requires the affirmative vote by holders of at least a majority of the Common Shares present in person or represented by proxy and entitled to vote. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 (the Exchange Act) requires the Company's Directors and certain of its executive officers and persons who beneficially own more than 10% of the Common Shares to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the Commission. Such persons are further required to furnish the Company with copies of all such forms filed by them. Based solely on the Company's review of the copies of such forms it has received, the Company believes that all of the Section 16(a) filing requirements were satisfied by the Company's Directors, executive officers and beneficial owners of more than 10% of the Common Shares, except for (i) the inadvertent late filing of a Form 4 by Mr. Lauer and Mr. Sullivan to report the acquisition of phantom stock units resulting from the deferral of their Director's fees into a stock allocation account under the Directors' Deferred Compensation Plan, which acquisition has since been reported on Form 5, and (ii) the late filing, due to administrative oversight, of Mr. Bailey's acquisition of stock through exercise of stock options on March 10, 2005, which was subsequently reported on Form 5.

SHAREHOLDER PROPOSALS

Any shareholder proposal intended to be presented at the 2006 Annual Meeting of Shareholders must be received by the Company's Secretary at the Company's principal executive offices no later than March 9, 2006, for inclusion in the Proxy Statement and form of Proxy relating to that Annual Meeting. Each proposal submitted should be accompanied by the name and address of the shareholder submitting the proposal and the number of Common Shares owned. If the proponent is not a shareholder of record, proof of beneficial ownership should also be submitted. All proposals must be a proper subject for action and comply with the proxy rules of the Commission.

The Company may use its discretion in voting Proxies with respect to shareholder proposals not included in the Proxy Statement for the fiscal year ended March 31, 2006, unless the Company receives notice of such proposals prior to May 24, 2006.

ARTICLE V

PERFORMANCE GOAL(S) AND MEASUREMENT

5.1 *Establishment of Performance Goal(s).* On or before the 90th day of each Fiscal Year, and while the outcome is substantially uncertain, the Committee shall, in writing, (a) establish the objective Performance Goal(s) applicable to such Fiscal Year, including the amount of or method of calculating the Award that may be payable to each Participant under the Plan and (b) identify the Participant or group of Participants to whom such Performance Goal(s) are applicable in accordance with Section 3.2. In the event more than one Performance Goal for such Fiscal Year is established, the Committee shall also establish in writing the relative weighting of each Performance Goal.

A Performance Goal is a target level or levels of performance for a Fiscal Year, which may be based on one or more business criteria that apply to the Participant, a business unit, or the Company and related entities as a whole. The business criteria which the Committee may use under this Plan are stock price, revenue, operating profit, operating income, market share, sales, profitability, earnings per share, return on equity, return on capital, return on invested capital, costs or other similar objective measures. preclude Committee discretion to increase the amount of Award that would otherwise be due upon attainment of the Performance Goal.

ARTICLE VI

PAYMENT OF AWARDS

6.1 *Eligibility for Payment of Award.* Awards under this Plan will be paid for each Fiscal Year solely following the Committee's certification of the attainment of the objective Performance Goal(s), as established under Section 5.1. To the extent Awards are payable, Awards only shall be paid to Participants who were employed by the Company (a) on the last day of the Fiscal Year, but (b) provided that the Award will be forfeited if the Participant is terminated for cause prior to payment, and (c) except as otherwise permitted under Section 6.4.

6.2 *Certification of Attainment of Performance Goal(s).* As soon as practicable after the Company's financial results for the Fiscal Year have been approved by the Board of Directors or the Audit Committee of the Board of Directors, the Committee will certify in writing whether the Performance Goal(s) established for the Fiscal Year and other material terms were, in fact, satisfied.

6.3 *Form and Time of Payment.* Awards shall be paid in cash, as soon as reasonably practicable after the Committee's certification of the attainment of the Performance Goal(s) and other material terms, subject to such terms, conditions, restrictions and limitations as the Committee may determine, provided that such terms, conditions, restrictions and limitations are not inconsistent with the terms of the Plan. Notwithstanding the foregoing sentence, Awards shall be paid no later than the later of (i) the date that is 2 1/2 months from the end of the Participant's first Taxable Year in which the amount is no longer subject to a substantial risk of forfeiture or (ii) the date that is 2 1/2 months from the end of the Company's first Fiscal Year in which the amount is no longer subject to a substantial risk of forfeiture, or such other date as is approved by the Internal Revenue Service or the Secretary of the Treasury for the Plan to satisfy the short-term deferral exception to the nonqualified deferred compensation rules of Code Section 409A.

6.4 *Termination of Employment Due to Disability, Death or Certain Other Events.* If (a) a Participant's employment is terminated during a Fiscal Year by reason of his disability or death, or subject to the limitations of Code Section 162(m), if applicable, his involuntary termination of employment not for cause or voluntary termination for good reason as defined in any employment agreement or similar agreement with the Participant or his retirement, and (b) the Participant has been a Participant in the Plan for at least three months of such Fiscal Year, the Participant will be eligible to receive a prorated Award for the Fiscal Year in which such termination of employment occurs.

6.5 *Limitations on Awards.* Notwithstanding any provision herein to the contrary, (a) no Award will be paid to any Participant for a Fiscal Year in which performance fails to attain or exceed any minimum level established for the relevant Performance Goal(s); and (b) no Award to a Participant for a Fiscal Year may exceed \$5,000,000. In addition, the payment of any Awards under this Plan may be made to a Participant by the Company in any manner appropriate to secure the deductibility thereof. Furthermore, no Award shall be payable under this Plan to any Covered Employee prior to approval of this Plan by the shareholders of the Company.

Table of Contents

ARTICLE VII

MISCELLANEOUS

7.1 *Employment.* Nothing in this Plan will interfere with or limit in any way the right of the Company to terminate a Participant's employment at any time, nor confer upon any Participant any right to continue in the employ of the Company.

7.2 *Nonassignability.* No Award under this Plan may be subject in any manner to alienation, anticipation, sale, transfer (except by will or the laws of descent and distribution), assignment, pledge or encumbrance, nor may any Award be payable to anyone other than the Participant to whom it was granted (other than by will or the laws of descent and distribution).

7.3 *Laws Governing.* This Plan is to be construed in accordance with and governed by the laws of the State of Ohio.

7.4 *Withholding Taxes.* The Company may deduct from all payments under this Plan any federal, state, local or other taxes or other amounts required by law to be withheld with respect to such payments.

In addition, the Board of Directors may, from time to time and with or without prior notice, amend this Plan in any manner but may not without shareholder approval adopt any amendment that would require the vote of the shareholders of the Company pursuant to applicable laws, regulations or exchange requirements.

7.7 *Compliance with Section 162(m).* With regard to all Covered Employees, the Plan shall for all purposes be interpreted and construed in order to assure compliance with the provisions of Code Section 162 (m). If any provision of this Plan would cause the Awards granted to a Covered Employee not to constitute qualified performance-based compensation under Code Section 162(m) for any Fiscal Year, that provision, insofar as it pertains to the Covered Employee, shall be severed from, and shall be deemed not to be a part of this Plan, but the other provisions hereof shall remain in full force and effect.

7.8 *Eligibility of Employees of Related Entities.* Notwithstanding any provision of this Plan to the contrary, the Committee may designate an employee of a company related to the Company to be an Eligible Employee under the Plan provided the relationship of the other company to the Company would result in both being part of an affiliated group of corporations for purposes of Section 162(m).

7.9 *Mid-Year Eligibility.* In the event an Eligible Employee commences employment (or an employee is promoted to a position so as to make him an Eligible Employee) after the expiration of the applicable 90-day period described in Section 5.1, the Committee may, in its discretion, identify such individual as a Participant for a portion of such Fiscal Year and modify the Performance Goal(s) in a manner that is reflective of the individual's period of participation within such Fiscal Year, subject to the application of Code Section 162(m).
