## Additional Information

The proposed merger transaction involving ACS and Xerox will be submitted to the respective stockholders of ACS and Xerox for their consideration. In connection with the proposed merger, Xerox filed with the SEC, and the SEC declared effective on December 23, 2009, a registration statement on Form S-4 that included a joint proxy statement of Xerox and ACS that also constitutes a prospectus of Xerox and each of the companies may be filing with the SEC other documents regarding the proposed transaction. ACS and Xerox have mailed the joint proxy statement/prospectus to their stockholders. ACS and Xerox urge investors and security holders to read the joint proxy statement/prospectus regarding the proposed transaction because it contains important information. You may obtain a free copy of the joint proxy statement/prospectus, as well as other filings containing information about ACS and Xerox, without charge, at the SEC's Internet site (<http://www.sec.gov>). Copies of the definitive joint proxy statement/prospectus and the filings with the SEC that will be incorporated by reference in the definitive joint proxy statement/prospectus can also be obtained, when available, without charge, from ACS's website, [www.acs-inc.com](http://www.acs-inc.com), under the heading "Investor Relations" and then under the heading "SEC Filings". In connection with the Agreement and Plan of Merger between Affiliated Computer Services, Inc. ("ACS"), Xerox Corporation ("Xerox") and Xerox's subsidiary, Boulder Acquisition Corp. (the "Merger"), please note the following regarding stock options on ACS stock:

### Vesting of ACS Stock Options

- For ACS options issued before August 20, 2009, the following applies:
  - o All options that are currently vested remain vested.
  - o All options not currently vested are expected to vest at 11:59 p.m. (EST) on Thursday, February 4, 2010.
- The ACS options issued on August 20, 2009, do not vest upon the completion of the Merger but convert to Xerox options which is described below under the heading "Conversion of Options".

### Exercisability of ACS Options

All vested options can be exercised at any time during trading hours of the New York Stock Exchange subject to each of the following limitations:

-

## Edgar Filing: AFFILIATED COMPUTER SERVICES INC - Form 425

ACS employees that are subject to the Window Period as specified by ACS Policy may not exercise until the second trading day following a quarterly earnings release. The Window Period is set to open at 9:30 a.m. (EST) on Monday, January 25.

- An ACS employee that has material, non-public information (i.e., “inside information”) regarding ACS or Xerox may not exercise ACS options even during the Window Period. This information might include, but is not limited to, any preliminary vote totals on the ACS or Xerox shareholder vote, significant information with respect to the cost-savings or synergies to be realized in the merger with Xerox or any other information regarding the major post-merger plans of ACS or Xerox. If you have any question as to whether you might have “inside” information, you are urged to seek legal advice and counsel before exercising options.
  - To exercise your options as “ACS options” you must do so prior to the closing of the Merger which could occur at any time after approval by ACS and Xerox stockholders at their respective meetings on February 5. Otherwise, your options will convert to Xerox options as described immediately below.
-

### Conversion of Options

- The ACS options granted on August 20, 2009 will automatically convert to options on Xerox stock at the effective time of the Merger. However, these “new” Xerox options will remain unvested and will vest according to the vesting schedule in the ACS plan under which they were originally granted. See Exhibit 1 for the conversion formula and an example.
- All other outstanding ACS options (all options other than the ACS options issued on August 20, 2009) will automatically convert to options on Xerox stock at the effective time of the Merger. See Exhibit 1 for the conversion formula and an example.

### Method of Exercising Options

The method for exercising stock options is set forth below:

- Prior To Merger - - ACS uses Morgan Stanley to administer its stock option program and to maintain a platform for stock option transactions.
  - After Merger - - It is anticipated that Morgan Stanley will continue to administer the stock option program for the Xerox options (that have been converted from ACS options) for some period of time. The information immediately above regarding the method of exercising options will continue to apply to Xerox options until further notice.
-

EXHIBIT 1

Conversion Formula

The formula to convert an ACS option into an option to purchase Xerox shares is as follows:

- Number of Xerox options received = number of ACS options X (4.935 + (\$18.60 ÷ closing price of Xerox stock on the day before closing of the merger)), rounded down to the nearest whole number of Xerox stock
- Exercise Price on the new Xerox options = exercise price on the ACS options ÷ (4.935 + (\$18.60 ÷ closing price of Xerox stock on the day before closing of the merger)), rounded up to the nearest whole cent

Example of Conversion

Assume the following: (1) A person has an option to purchase 1,000 shares of ACS stock at an exercise price of \$40.00 per share; and (2) the closing price of Xerox stock on the day before the merger is \$9.00. The calculation would be as follows:

$$\begin{aligned}
 \text{Number of Xerox options received in=} & \text{ 1,000 X (4.935 + (18.60 ÷ 9.00))} \\
 \text{exchange for 1,000 ACS options} & \\
 & = 1,000 \text{ X (4.935 + 2.06666)} \\
 & = 1,000 \text{ X 7.001666} \\
 & = 7,001.666 \text{ Xerox options} \\
 & = 7,001 \text{ Xerox options (rounded} \\
 & \text{down)}
 \end{aligned}$$

$$\begin{aligned}
 \text{Exercise price on Xerox option received} & = \$40.00 \div (4.935 + (18.60 \div 9.00)) \\
 & = \$40.00 \div (4.935 + 2.06666) \\
 & = \$40.00 \div 7.001666 \\
 & = \$5.7129 \text{ exercise price} \\
 & = \$5.72 \text{ exercise price (rounded up)}
 \end{aligned}$$

In this example, the 1,000 ACS options at an exercise price of \$40.00 converts to 7,001 options on Xerox stock at an exercise price of \$5.72 per share.
