Note 1. Organization and Business Operations

Celestial Delights USA Corp. ("the Company") was incorporated in the State of Nevada on June 2, 2008. The Company's principal business is to market and distribute a unique line of gourmet flavored oils, vinegars, mustards, rubs, antipastos, and sugars for sale to specialty retail stores and gift basket markets.

These financial statements have been prepared on a going concern basis, which implies the Company will continue to realize its assets and discharge its liabilities in the normal course of business. The Company has never generated revenues since inception and has never paid any dividends and is unlikely to pay dividends or generate earnings in the immediate or foreseeable future. The continuation of the Company as a going concern is dependent upon the continue operations, and the attainment of profitable operations. As at March 31, 2009, the Company has an operating loss of \$53,271 since inception. These factors raise substantial doubt regarding the Company's ability to continue as a going concern. These financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Note 2. Interim Financial Statements

The unaudited financial statements as of March 31, 2009 and for the three and nine months ended March 31, 2009 have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with instructions to Form 10-Q. In the opinion of management, the unaudited financial statements have been prepared on the same basis as the annual financial statements and reflect all adjustments, which include only normal recurring adjustments, necessary to present fairly the financial position as of March 31, 2009 and the results of operations and cash flows for the periods ended March 31, 2009. The financial data and other information disclosed in these notes to the interim financial statements related to these periods are unaudited. The results for the three and nine months ended March 31, 2009 is not necessarily indicative of the results to be expected for any subsequent quarter of the entire year ending June 30, 2009. The balance sheet at June 30, 2008 has been derived from the audited financial statements at that date.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States have been condensed or omitted pursuant to the Securities and Exchange Commission's rules and regulations. These unaudited financial statements should be read in conjunction with our audited financial statements and notes thereto for the period ended June 30, 2008 as included in our report on Form S-1 (which was filed with the SEC on September 12, 2008).

Note 3. Product License Agreement

On July 2, 2008, the Company (the "Licensee") entered into a Product License Agreement ("Agreement") with Celestial Delights, a sole proprietorship company located in Ontario Canada, and Neema Lakhani (the "Principal" and together with Celestial Delights, the "Licensor") pursuant to which the Company agreed to license the exclusive rights to market and distribute, in the United States, a line of gourmet seasonings owned by the Licensor. The initial term of the Agreement is for two years, and is renewable at the sole option of the Licensor for two additional two-year terms upon 30 days written notice. The Agreement may be further extended upon mutual agreement by both parties. The Company is to pay \$8,000 for the right to market, promote and distribute the gourmet seasonings, and is to pay a royalty of ten percent (10%) of all gross sales for products licensed. Ms. Lakhani is the majority stockholder and chief executive officer of the Company.

The \$8,000 initial license fee, which was paid on October 31, 2008, was capitalized on July 2, 2008 and is being expensed over the initial two year term of the agreement.

Note 4. Related Party Transactions

As at March 31, 2009, the Company is indebted to the President of the Company for \$4,223 (June 30, 2008 - \$399). This amount is unsecured, non-interest bearing and has no terms of repayment.

The Company receives services from its president at no cost to the Company. For accounting purposes, the estimated fair value of these donated services (\$200 per month for the services) is included in general and administrative expenses and additional paid-in capital is increased by the same amounts. During the nine month period ended March 31, 2009, the Company expensed \$1,800 for donated services.

On June 2, 2008, the Company issued 7,000,000 shares of common stock to the President of the Company at \$0.001 per share for cash proceeds of \$7,000.

Note 5. Common Stock

On September 12, 2008, the Company filed a Registration Statement on Form S-1 with the United States Securities and Exchange Commission, that was declared effective on September 23, 2008, to register 4,140,000 shares for resale by existing shareholders of the Company at a price of \$0.01 per share until such time as the shares of the Company's common stock start trading on the OTC Bulletin Board or another exchange. The Company will not receive any proceeds from the resale of shares of common stock by the selling stockholders.

Note 6. Income Taxes

The provision for (benefit from) income taxes differs from the amount computed by applying the statutory United States federal income tax rate of 35% to income (loss) before income taxes. The sources of the difference follow:

	-	Nine months Ended Iarch 31, 2009	2 (In	riod June 2, 2008 (ception) to arch 31, 2009
Expected tax at 35%	\$	(12,941)	\$	(18,645)
Donated expenses		630		700
Increase in valuation allowance		12,311		17,945
Income tax provision	\$	-	\$	-

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Deferred income taxes arise from temporary differences in the recognition of income and expenses for financial reporting and tax purposes. The significant components of deferred income tax assets and liabilities are as follows:

	Μ	arch 31,	J	une 30,
		2009		2008
Net operating loss carryforward	\$	17,945	\$	5,634

Note 6. Income Taxes (continued)

Based on management's present assessment, the Company has not yet determined it to be more likely than not that a deferred tax asset of \$17,945 at March 31, 2009 attributable to the future utilization of the net operating loss carryforward of \$51,271 will be realized. Accordingly, the Company has provided a 100% allowance against the deferred tax asset in the financial statements. The Company will continue to review this valuation allowance and make adjustments as appropriate. The net operating loss carryforward expires \$16,096 in 2028 and \$35,175 in 2029.

Current United States income tax laws limit the amount of loss available to offset against future taxable income when a substantial change on ownership occurs. Therefore, the amount available to offset future taxable income may be limited.

## ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION.

This section of the report includes a number of forward-looking statements that reflect our current views with respect to future events and financial performance. Forward-looking statements are often identified by words like: believe, expect, estimate, anticipate, intend, project and similar expressions, or words which, by their nature, refer to future events. You should not place undue certainty on these forward-looking statements, which apply only as of the date of this report. These forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from historical results or our predictions.

We are a start-up corporation and have not yet realized any revenues from our business activities.

Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an on-going business for the next twelve months unless we obtain additional capital to pay our bills. This is because we have not generated any revenues and no revenues are anticipated until we begin marketing and selling our line of products. Accordingly, we must raise cash from sources other than the sale of our product line. Our only other source for cash at this time is investment by others in our complete private placement. The cash we raised will allow us to stay in business for at least one year. Our success or failure will be determined by our sales and marketing efforts.

To meet our need for cash we raised money from our private placement. If it turns out that we do not have enough money to continue operating, we will have to find alternative sources, like a second public offering, a private placement of securities, or loans from our officers or others.

If required our sole officer and director is willing to loan us money. At the present time, we have not made any arrangements to raise additional cash. If we need additional cash and can't raise it, we will either have to suspend activities until we do raise the cash, or cease activities entirely. Other than as described in this paragraph, we have no other financing plans.

We will not be conducting research nor are we going to buy or sell any plant or significant equipment during the next twelve months.

We do not intend to hire additional employees at this time. We will hire additional employees on as needed basis. Our initial need for employees will be to process orders in the event sufficient order flow is established.

#### Milestones

Our milestones over the next twelve months are:

1. To develop and create a shopping cart on our website to promote and sell our products online. We expect to spend \$1,500 to \$10,000 for the new version website which will include a search engine and a word search program with Google will be implemented to generate more traffic to our site. We anticipate launching our new website in the second quarter of this year.

- 2. Marketing and advertising will be focused on promoting our website and products. The advertising campaign may also include the design and printing of various sales material. We intend to market our website through traditional sources such as advertising in magazines, billboards, telephone directories and preparing and sending out flyers and mailers both through the regular mail and via email. Advertising and promotion will be an ongoing effort but the initial cost of developing the campaign is estimated to cost between \$15,000 to \$35,000.
- 3. We also plan to market our business and its online presence by attending some key trade food trade shows in 2009.
- 4. We plan on targeting existing markets by aligning ourselves with food distribution companies where our products can be complimentary.

We anticipate that we will generate revenues as soon as we are able to offer products for sale on our website or through a distribution network. We anticipate this occurring in the next 60 days.

Limited Operating History; Need for Additional Capital

There is no historical financial information about us upon which to base an evaluation of our performance. We are start-up corporation and have not generated any revenues from activities. We cannot guarantee we will be successful in our business activities. Our business is subject to risks inherent in the establishment of a new business enterprise, including limited capital resources, and possible cost overruns due to price and cost increases in services.

To become profitable and competitive, we must find customers and sell our products.

In the event we need additional funds for operations, we have no assurance that future financing will be available to us on acceptable terms. If financing is not available on satisfactory terms, we may be unable to continue, develop or expand our activities. Equity financing could result in additional dilution to existing shareholders.
