News Release

FOR IMMEDIATE RELEASE

FactSet Research Systems Reports Earnings per Share of \$0.38 for the Second Quarter of Fiscal Year 2006

Norwalk, Connecticut - March 21, 2006 - FactSet Research Systems Inc. (NYSE: FDS), a major supplier of computer-based financial and economic data to the investment community, today announced its results for the second quarter of fiscal 2006.

For the quarter ended February 28, 2006, revenues increased to \$93.7 million, up 22.5% compared to the prior year period. GAAP operating income for the second quarter rose to \$29.6 million from \$27.0 million in the same period of fiscal 2005. GAAP net income advanced to \$19.2 million. This compares to GAAP net income of \$17.2 million a year ago. GAAP diluted earnings per share increased to \$0.38, up from \$0.34 in the same period of fiscal 2005.

GAAP financial measures including operating income, net income, and diluted earnings per share have been adjusted to exclude charges related to stock-based compensation and incremental expenses incurred in the UK real estate consolidation. Non-GAAP operating income for the quarter was \$31.9 million, up 17.9%. Non-GAAP net income advanced 21.5% to \$20.9 million and non-GAAP diluted earnings per share increased 20.6% to \$0.41. A reconciliation between GAAP and non-GAAP financial measures is presented on page 8 of this press release.

Consolidated Statements of Income (Condensed and Unaudited)

	Three Months Ended February 28,			Six Months Ended February 28,		
(In thousands, except per share data)	<u>2006</u>	<u>2005</u>	<u>Change</u>	<u>2006</u>	<u>2005</u>	<u>Change</u>
Revenues	\$93,665	\$76,472	22.5 %	\$183,319	\$150,535	21.8 %
Total operating expenses	64,021	49,440	29.5	126,272	97,658	29.3
Income from operations	29,644	27,032	9.7	57,047	52,877	7.9
Net Income	19,242	17,170	12.1	38,437	33,567	14.5
Diluted earnings per common share	\$0.38	\$0.34	11.8	\$0.76	\$0.67	13.4
Diluted weighted average common shares	50,767	50,397		50,308	50,213	

FactSet continued to prosper in the second quarter, said Philip A. Hadley, Chairman and CEO. Broad-based growth is the underlying factor behind our performance. We've continued to invest in the development of a wide range of products to meet the needs of a global client base. The success of this strategy is reflected in our results.

Second Quarter Financial Highlights

Subscriptions increased \$18.4 million during the quarter and totaled \$380.3 million at quarter end. On a constant currency basis and excluding the acquisition of europrospectus.com Limited, the subscription increase was \$15.0 million. Of this total, subscriptions from FactSet's domestic operations were \$270.2 million, while overseas operations were \$110.1 million. Clients totaled 1,666, including those acquired from europrospectus. Excluding europrospectus, client count was 1,646 at February 28, a net increase of 32 clients for the quarter. Users rose to 27,700 professionals. FactSet's client retention rate continued to be above 95%. Subscriptions at any given point in time represent the forward-looking revenues for the next 12 months from all subscription services currently being supplied to clients.

Other operational highlights of the second quarter of fiscal 2006 include:

Page 1 of 10

Revenues from FactSet's European and Pacific Rim operations were \$21.6 million and \$4.9 million, up 28.0% and 32.1% respectively, from the same period a year ago.

Demand for FactSet's PA Workstation application continued to rise, with 446 clients consisting of 3,600 users, subscribing to this service as of February 28, 2006.

On January 5, 2006, the executors of the estate of Howard E. Wille sold effectively all of its position in the company's common stock. Mr. Wille, a founder of FactSet, passed away on September 6, 2005. At that date, he owned approximately 11% of FactSet common stock.

Year-to-Date Results of Operations

For the six months ended February 28, 2006, revenues increased 21.8% to \$183.3 million and GAAP operating income rose 7.9% to \$57.0 million. GAAP net income grew 14.5% to \$38.4 million while GAAP diluted earnings per share increased 13.4% to \$0.76.

For the six months ended February 28, 2006, non-GAAP operating income advanced 16.9% to \$61.8 million and non-GAAP net income increased 19.6% to \$40.1 million. Non-GAAP diluted earnings per share increased 17.9% to \$0.79 during the first half of fiscal 2006 as compared to the same period a year ago. A reconciliation between GAAP and non-GAAP financial measures is presented on page 9 of this press release.

Recent Events and Business Outlook

The following forward-looking statements reflect FactSet's expectations as of March 21, 2006. Given the number of risk factors, uncertainties and assumptions discussed below, actual results may differ materially. The Company does not intend to update its forward-looking statements until its next quarterly results announcement, other than in publicly available statements.

On February 17, 2006, FactSet acquired all the outstanding share capital of europrospectus.com Limited for \$7.5 million in cash. europrospectus provides access to equity, fixed income and derivatives prospectuses. The impact from this acquisition on the financial results for the second quarter was immaterial in all respects. The company is headquartered in England and supported by approximately 25 employees. The acquisition increased subscriptions at February 28 by \$3.2 million and is expected to reduce diluted earnings per common share by \$0.01 over the next 12 months.

On January 19, 2006, FactSet announced that FactSet Europe Limited agreed to lease space to serve as the new headquarters for FactSet's London-based operations. The new location will be governed by a 15-year lease with an option to extend for an additional 10 years. FactSet will consolidate its four London-based offices into one, new location. FactSet continues to occupy its existing leased office space until the new facility is ready for occupancy in the summer of 2006. As a result, incremental expenses primarily representing a significant short-term redundancy of leased office space will be incurred. Incremental expenses from this action were \$0.3 million during the second quarter and are expected to range between \$1.7 million and \$1.9 million over the remaining six months of the fiscal year. Approximately \$0.6 million of the remaining incremental expenses should be incurred during the third fiscal quarter and approximately \$1.2 million incurred during the fourth quarter.

Edgar Filing: FACTSET RESEARCH SYSTEMS INC - Form 8-K

Third Quarter Fiscal 2006 Expectations

Revenues are expected to range between \$95.0 million and \$97.0 million.

Page 2 of 10

Operating margins are expected to range between 31% and 33%, including the impact from SFAS 123(R). Excluding stock-based compensation expense between \$1.8 million and \$2.1 million and redundant London occupancy costs of \$0.6 million, operating margins would be between 33% and 35%.

The effective tax rate is expected to range between 36.3% and 36.8%.

Full Year Fiscal 2006

Capital expenditures should total approximately \$18 million to \$22 million and includes the build out of the new headquarters for FactSet's London-based operations.

Forward looking statements

This news release contains forward-looking statements based on management's current expectations, estimates and projections. All statements that address expectations or projections about the future, including statements about the Company's strategy for growth, product development, market position, subscriptions, expected expenditures and financial results are forward-looking statements. Forward-looking statements may be identified by words like expected, anticipates, plans, intends, projects, should, indicates, continues, subscriptions and similar expressions. These statements are not guarantees of future performance and involve a number of risks, uncertainties and assumptions. Many factors, including those discussed more fully elsewhere in this release and in FactSet's filings with the Securities and Exchange Commission, particularly its latest annual report on Form 10-K, as well as others, could cause results to differ materially from those stated. These factors include, but are not limited to, the ability to integrate newly acquired companies; the ability to hire qualified personnel; maintenance of the Company's leading technological position; the impact of global market trends on the Company's revenue growth rate and future results of operations; the negotiation of contract terms with corporate vendors, data suppliers and potential landlords; retention of key clients; the successful resolution of ongoing audits by tax authorities; the continued employment of key personnel; the absence of U.S. or foreign governmental regulation restricting international business; and the sustainability of historical levels of profitability and growth rates in cash flow generation.

About non-GAAP Financial Measures

GAAP financial measures including income from operations, net income, diluted earnings per common share and cash flows provided by operating activities have been adjusted to exclude charges related to stock-based compensation, incremental expenses incurred in the UK real estate consolidation, a gain from the sale of company-owned real estate and a tax benefit from the closure of previously filed tax returns. FactSet's management believes that these non-GAAP financial measures provide meaningful supplemental information regarding our financial results and investors benefit from referring to these non-GAAP financial measures in assessing FactSet's performance and when planning, forecasting and analyzing future periods. These non-GAAP financial measures also facilitate comparisons to FactSet's historical performance and to our competitors' operating results.

FactSet uses the following measures defined as non-GAAP financial measures by the SEC including non-GAAP operating income, non-GAAP net income, non-GAAP diluted earnings per share and non-GAAP cash flows from operations. The presentation of this financial information is not intended to be considered in isolation or as a substitute for the financial information prepared and presented in accordance with GAAP. For more information on these non-GAAP financial measures, please see the tables on page 8 of this release captioned "Reconciliation of GAAP and non-GAAP Financial Measures".

Page 3 of 10

Conference Call

The Company will host a conference call today, March 21, 2006 at 11:00 a.m. (EST) to review the second quarter fiscal 2006 earnings release. To listen, please visit the investor relations section of the Company's website at www.factset.com.

About FactSet

FactSet Research Systems Inc. is a leading provider of global financial and economic information, including fundamental data on tens of thousands of companies worldwide. Combining more than 200 databases into its own dedicated online service, the Company also provides the tools to download, combine and manipulate the data for investment analysis.

The Company, headquartered in Norwalk, Connecticut, was formed in 1978 and now conducts operations, along with its affiliates, from more than twenty-two locations worldwide, including Boston, New York, Chicago, San Mateo, London, Frankfurt, Paris, Tokyo, Hong Kong, and Sydney.
