VISION TWENTY-ONE, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(UNAUDITED)

JUNE 30, 2001

1. BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements of Vision Twenty-One, Inc. ("Vision Twenty-One" hereinafter referred to as the "Company") have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three-month and six-month periods ended June 30, 2001 are not necessarily indicative of the results that may be expected for the year ending

December 31, 2001.

The balance sheet at December 31, 2000 has been derived from the audited financial statements at that date, but does not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

The accompanying condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and footnotes thereto included in the Company's annual report on Form 10-K for the year ended December 31, 2000.

2.

RECLASSIFICATION OF FINANCIAL STATEMENTS

As a result of the Company's exit from the physician practice management ("PPM") business and the ambulatory surgery center/refractive surgery center ("ASC/RSC") business, the Company has accounted and reported for these business segments as discontinued operations. Consequently, prior period financial statements have been restated to reflect discontinued operations treatment for the results of these business segments.

3.

INCOME (LOSS) PER SHARE

The following table sets forth the computation of basic and diluted income (loss) per share:

	THREE MONTHS ENDED		SIX MONTHS ENDED	
	JUNE 30,		JUNE 30,	
	<u>2000</u>	<u>2001</u>	<u>2000</u>	<u>2001</u>
Numerator:				
Numerator for basic earnings per share-net income (loss)	\$(5,333,024)	\$ 3,591,213	\$ (9,963,659)	\$ 5,727,226
Add 7% convertible notes interest.....	0	111,432	0	223,220
	-----	-----	-----	-----
Numerator for diluted earnings per share	\$(5,333,024)	\$ 3,702,645	\$ (9,963,659)	\$ 5,950,446
Denominator :.				

Edgar Filing: VISION TWENTY ONE INC - Form 10-Q

Denominator for basic earnings per share-weighted average shares.....	13,925,208	13,863,156	13,982,386	13,865,464
Assumed 7 % convertible notes.....	0	36,445,033	0	35,823,988
	-----	-----	-----	-----
Numerator for diluted earnings per share	13,925,208	50,308,189	13,982,386	49,689,452
Basic earnings (loss) per common share:				
Income (loss) from continuing operations	\$ (0.39)	\$ 0.23	\$ (0.69)	\$ 0.30
Income from discontinued operations	0.02	0	0.06	0
Income on disposal of discontinued operations	0.01	0.03	0.01	0.07
	-----	-----	-----	-----
Income (loss) before extraordinary items	(0.36)	0.26	(0.62)	0.37
Extraordinary item-costs associated with Opticare Health Systems, Inc. Merger	(0.02)	0	(0.09)	0
Extraordinary item-forgiveness of indebtedness	0	0	0	0.04
	-----	-----	-----	-----
Basic net income (loss) per common share	\$ (0.38)	\$ 0.26	\$ (0.71)	\$ 0.41
Diluted earnings (loss) per common share:				

Edgar Filing: VISION TWENTY ONE INC - Form 10-Q

Income (loss) from continuing operations	\$ (0.39)	\$ 0.06	\$ (0.69)	\$ 0.09
Income from discontinued operations	0.02	0	0.06	0
Income on disposal of discontinued operations	0.01	0.01	0.01	0.02
	-----	-----	-----	-----
Income (loss) before extraordinary items	(0.36)	0.07	(0.62)	0.11
Extraordinary item-costs associated with Opticare Health Systems, Inc. Merger	(0.02)	0	(0.09)	0
Extraordinary item-forgiveness of indebtedness	0	0	0	0.01
	-----	-----	-----	-----
Diluted net income (loss) per common share	\$ (0.38)	\$ 0.07	\$ (0.71)	\$ 0.12

There were no dilutive securities included in the computations of income (loss) per share in three and six month periods ended June 30, 2000 because the Company incurred a loss from continuing operations. Options and warrants to purchase shares of common stock were not included in the computation of diluted income (loss) per share in the three and six month periods ended June 30, 2001 because the effect would have been anti-dilutive.

4.

SPECIAL ITEMS

The accrued restructuring charge of approximately \$324,000 at December 31, 2000 was reduced by approximately \$320,000 during the three-month period ended March 31, 2001. The reduction was related to a reversal of severance costs as a result of an employee settlement.

The Company settled most outstanding payables from prior periods for approximately \$3,600,000 and \$3,900,000 less than the carrying amount during the three and six month periods ended June 30, 2001, and has included them in other charges and credits in the accompanying statements of operations.

5.

DISCONTINUED OPERATIONS

Effective August 31, 1999, the Company completed the sale of Vision World, Eyecare One Corp., and The Eye DRx (the "Retail Optical Chains") to Eye Care Centers of America, Inc. ("ECCA"). In connection with this transaction, the Company received approximately \$37,300,000 in cash, of which approximately \$1,250,000 was utilized to fund an escrow arrangement between the parties relative to terms under the agreement. Based on post-closing adjustments, the final sales price was approximately \$31,800,000, and the Company had recorded a liability of approximately \$4,032,000 to ECCA, net of escrow, with respect to such post-closing adjustments in 1999. In September 2000, the Company and ECCA reached a comprehensive resolution of all disputed matters which provided for, among other things, the reduction in the post-closing adjustment liability from \$4.0 million to \$1.5 million. In July 2001, the Company and ECCA reached final resolution of the liability for the post-closing adjustment and the Company made a \$153,187 settlement payment to ECCA in complete satisfaction of this obligation.. The approximately \$1,400,000 difference in carrying amount of the obligation and the ultimate settlement is included in the approximately \$3,600,000 in other charges and credits for the three month period ended June 30, 2001 (see Special Items).

On October 25, 1999, the Company announced its intent to exit the business of managing optometry and ophthalmology practices. This represented a crucial step in the Company's strategy of focusing its corporate resources on expanding its managed care business. The exit of the PPM business, completed in September, 2000, was accomplished through the sale of the practice assets back to the physicians or affiliates, the termination of management agreements and the restructuring of certain refractive surgery center facility access agreements. The terms of each managed practice divestiture were subject to the prior approval of the lenders under the Company's credit facilities, as well as the Company's Board of Directors.

During the third quarter of 2000, the Company announced its intent to exit the business of owning and managing ASC/RSC centers. The Company sold substantially all of the assets and liabilities of five refractive and ambulatory surgery centers to American Surgisite Management Services Organization, Inc. and R.E.S.C., LLC, for cash consideration of \$3,700,000. The transaction closed in the first quarter of 2001 with an effective date of December 31, 2000. The Company withdrew as a member of Suffolk Eye Management Associates, LLC and received cash consideration of \$100,000 for its membership interest. The transaction closed in the second quarter of 2001 with an effective date of December 8, 2000. During the second quarter of 2001, the Company also disposed of its partnership interest in Pasco Surgery Center, LLP for cash consideration of \$550,000, and ceased operations of its refractive surgery center in Phoenix, Arizona and retained cash of approximately \$103,000.

The total income of the discontinued operations of approximately \$426,000 and \$1,081,000 for the three and six months ended June 30, 2001, and reflects profits from operations during the period prior to the sale.

As a result of the changes occurring in the Company's business, including, but not limited to, the divestiture of large business units, the shift in operating focus, changes in the Company's managed care business, the Company's exiting the PPM and ASC/RSC businesses and issues relating to the Company's accessibility to future working capital, the overall results should not necessarily be relied upon as being indicative of future operating performance.

The operating results of these discontinued operations are summarized as follows:

THREE MONTHS ENDED	SIX MONTHS ENDED
JUNE 30,	JUNE 30,

Edgar Filing: VISION TWENTY ONE INC - Form 10-Q

	<u>2000</u>	<u>2001</u>	<u>2000</u>	<u>2001</u>
Revenues	\$3,774,705	\$ 0	\$8,161,722	\$0
Operating expenses	3,473,921	0	7,259,556	0
	-----	-----	-----	-----
Income from discontinued operations	300,784	0	902,166	0
	-----	-----	-----	-----
Income on disposal	189,449	426,004	182,296	1,080,649
	-----	-----	-----	-----
Total income of discontinued operations	<u>\$490,233</u>	<u>\$426,004</u>	<u>\$1,084,462</u>	<u>\$1,080,649</u>

The operating expenses of the discontinued operations for the three and six months ending June 30, 2000 include an allocation of amortization expense of intangible assets of approximately \$37,000 and \$73,000, respectively.

6.

EXTRAORDINARY ITEMS

As a result of the termination of the merger agreement with Opticare Health Systems, Inc. and OC Acquisition Corp., professional fees incurred in connection with the proposed merger of approximately \$1.0 million for the six months ended June 30, 2000 were expensed and reported as an extraordinary item.

In March 2001, the Company settled litigation with The Source Buying Group, Inc. for \$30,000. As a result of the settlement with The Source Buying Group, Inc., the Company recognized an extraordinary gain on forgiveness of indebtedness of \$532,500 during the six-month period ended June 30, 2001.

7.

LITIGATION

During the quarter for which this report is filed, there have been no material developments to previously reported legal proceedings.

Except as previously reported, or as described in the section of this report captioned "Part II, Item 1. Legal Proceedings," the Company is not a party to any material litigation and is not aware of any threatened material litigation.

Management of the Company is unable to determine the impact, if any, that the resolution of the reported pending lawsuits will have on the financial position or results of operations of the Company. However, there can be no assurance that the resolution of the reported pending lawsuits will not have a material adverse effect on the Company and further contribute to its negative financial operations.

8.

RECENT ACCOUNTING PRONOUNCEMENTS

In July 2001, the Financial Accounting Standards Board issued SFAS No. 141, *Business Combinations*, and SFAS No. 142, *Goodwill and Other Intangible Assets*. SFAS No. 141 requires that the purchase method of accounting be used for all business combinations initiated after June 30, 2001 as well as all purchase method business combinations completed after June 30, 2001. SFAS No. 141 also specifies criteria intangible assets acquired in a purchase method business combination must meet to be recognized and reported apart from goodwill, noting that any purchase price allocable to an assembled workforce may not be accounted for separately. SFAS No. 142 will require that goodwill and intangible assets with indefinite useful lives no longer be amortized, but instead tested for impairment at least annually in accordance with the provisions of SFAS No. 142. SFAS No. 142 will also require that intangible assets with definite useful lives be amortized over their respective estimated useful lives to their estimated residual values, and reviewed for impairment in accordance with SFAS No. 121, *Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of*.

The Company is required to adopt the provisions of SFAS No. 141 immediately and SFAS No. 142 effective January 1, 2002. Any goodwill and any intangible asset determined to have an indefinite useful life that are acquired in a purchase business combination completed after June 30, 2001 will not be amortized, but will continue to be evaluated for impairment in accordance with the appropriate pre-SFAS No. 142 accounting literature. Goodwill and intangible assets acquired in business combinations completed before July 1, 2001 will continue to be amortized prior to the adoption of SFAS No. 142.

Because of the extensive effort needed to comply with adopting SFAS Nos. 141 and 142, it is not practicable to reasonably estimate the impact of adopting these Statements on the Company's financial statements at the date of this report, including whether any transitional impairment losses will be required to be recognized as the cumulative effect of a change in accounting principle. However, for the three and six months ended June 30, 2001, the Company recognized \$0.4 million and \$0.7 million of goodwill amortization, respectively.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

Overview

Vision Twenty-One, Inc. ("Vision Twenty-One" or the "Company") is a vision care company that is mainly focused on the provision of administrative services to managed care entities. The Company manages routine vision and medical/surgical eye care programs through contracts with managed care organizations and other third-party payors.

During 2000, the Company completely divested itself of the PPM business in order to focus on the managed care business. The PPM divestiture required multiple transactions involving the sale of practice assets, typically back to the doctors or their affiliates, and the termination of management agreements. This divestiture program commenced late in the fourth quarter of 1999 and was completed by September 30, 2000. During the third quarter of 2000 the Company similarly announced its plans to exit the ASC/RSC business to further focus on managed care business. During the first and second quarters of 2001, the Company completed the divestiture of eight refractive and ambulatory surgery centers. See Note 5 to Condensed Consolidated Financial Statements.

Management Restructuring.

As part of the Company's plan of restructuring, several officers and directors resigned during fiscal year 2000 and the vacancies created by such departures were filled by promoting its MEC and Block Vision senior executives. In addition, a seasoned financial executive was hired as the Company's Chief Financial Officer.

Consolidation of Managed Care Offices.

The consolidation of the corporate executive and managed care offices was started in October 2000 and was substantially completed by year-end 2000. Additional steps to integrate the IS function from the Boca Raton service center into MEC's Baltimore service center were completed during the first quarter of 2001. The Vision Twenty-One executive offices in Largo were leased directly from the landlord to a new tenant and all equipment was moved or sold. The lease for the Block Vision facility in Boca Raton was terminated on April 1, 2001, and Block Vision leased smaller space in the same building for certain of its staff. Equipment not retained at the Boca Raton location was either moved to the Baltimore location or sold.

Additional Overview. Managed care revenues are derived principally from fixed premium payments received by the Company pursuant to its managed care contracts on a capitated or risk-sharing basis. The Company also receives fees for the provision of certain administrative services related to its fee-for-service plans. Pursuant to its capitated managed care contracts, the Company receives a fixed premium payment per-member-month for a predetermined benefit level of eye care services, as negotiated between the Company and the payor. Profitability of the Company's capitated managed care contracts is directly related to the specific terms negotiated, utilization of eye care services by member patients and the effectiveness of administering the contracts. Although the terms and conditions of the Company's managed care contracts vary considerably, they typically have a one-year term with automatic annual renewals unless either party elects to terminate the contract pursuant to its terms.

RESULTS OF OPERATIONS

The following table sets forth, as a percentage of total revenues, certain items in the Company's statement of operations for the periods indicated. As a result of the changes occurring in the Company's business, including, but not limited to the shift in operating focus, changes in the Company's managed care business, the Company's exiting the PPM and ASC/RSC businesses, the Company's settlement of claims with numerous unsecured creditors and issues relating to the Company's accessibility to future working capital, the overall results should not necessarily be relied upon as being indicative of future operating performance.

Three-Month Period Ended June 30, 2001 Compared to Three-Month Period Ended June 30, 2000

Revenues.

Revenue decreased 13.4% from \$13.4 million for the three months ended June 30, 2000 to \$11.6 million for the three ended June 30, 2001. This decrease was primarily due to the withdrawal from the Medicare market by several of our contracted plans.

Medical Claims.

Medical claims expense decreased 9.9% from \$9.8 million for the three months ended June 30, 2000 to \$8.8 million for the three months ended June 30, 2001. The Company's medical claims ratio increased from 73.2% for the three months ended June 30, 2000 to 76.2% for the three months ended June 30, 2001. Medical claims expense consists of payments by the Company to its affiliated providers for vision care. Claims expense decreased as a result of the decreased Medicare market while the medical loss ratio increased because of the lost profit from these contracts.

General and Administrative.

General and administrative expenses decreased 63.2% from \$6.5 million for the three months ended June 30, 2000 to \$2.4 million for the three months ended June 30, 2001. General and administrative expenses consist mainly of salaries, wages and benefits related to management and administrative staff located at the

Company's corporate headquarters. Additionally, it includes the operating staff of its managed care service centers as well as professional fees, occupancy costs and other related costs. Expenses as a percentage of revenue also decreased from 48.9% for the three months ended June 30, 2000 to 20.7% for the three months ended June 30, 2001. Management has been aggressively reducing staff and related overhead expenses in an effort to bring overall general and administrative expenses in line with the current run rate of the continuing businesses, including the consolidation of the managed care operations and corporate operations.

Depreciation and Amortization.

Depreciation and amortization expense decreased from \$0.7 million for the three months ended June 30, 2000 to \$0.5 million for the three months ended June 30, 2001. As a percentage of revenues, depreciation and amortization expense decreased from 5.3% for the three months ended June 30, 2000 to 4.0% for the three months ended June 30, 2001 due to the consolidation of offices.

Special Items.

Other charges and credits of \$3.6 million for the three months ended June 30, 2001 were the result of settling outstanding payables from prior periods for less than their carrying amounts.

Interest Expense.

Interest expense decreased 64.7% from \$1.8 million for the three months ended June 30, 2000 to \$0.6 million for the three months ended June 30, 2001. Even though average borrowings are approximately \$1.0 million higher in the second quarter of 2001 versus the same period in 2000, interest expense dropped due to reduced interest rates.

Discontinued Operations.

Income on disposal of discontinued operations increased 124.9% from \$0.2 million for the three months ended June 30, 2000 to \$0.4 million for the three months ended January 30, 2001.

Six-Month Period Ended June 30, 2001 Compared to Six-Month Period Ended June 30, 2000

Revenues.

Revenues decreased 13.8% from \$26.8 million for the six months ended June 30, 2000 to \$23.1 million for the six months ended June 30, 2001. This decrease was primarily due to the withdrawal from the Medicare market by several of our contracted plans.

Medical Claims.

Medical claims expense decreased 15.3% from \$19.5 million for the six months ended June 30, 2000 to \$16.5 million for the six months ended June 30, 2001. The Company's medical claims ratio decreased from 72.7% for the six months ended June 30, 2000 to 71.4% for the six months ended June 30, 2001. Medical claims expense consists of payments by the Company to its affiliated providers for vision care.

General and Administrative

General and administrative expenses decreased 61.5% from \$12.0 million for the six months ended June 30, 2000 to \$4.6 million for the six months ended June 30, 2001. General and administrative expenses consist mainly of salaries, wages and benefits related to management and administrative staff located at the

Company's corporate headquarters. Additionally, it includes the operating staff of its managed care service centers as well as professional fees, occupancy costs and other related costs. Expenses as a percentage of revenue also decreased dramatically from 44.6% for the six months ended June 30, 2000 to 20.0% for the six months ended June 30, 2001. Management has been aggressively reducing staff and related overhead expenses in an effort to bring overall general and administrative expenses in line with the current run rate of the continuing business, including the consolidation of the managed care and corporate operations.

Depreciation and Amortization

Depreciation and amortization expense decreased from \$1.4 million for the six months ended June 30, 2000 to \$0.9 million for the six months ended June 30, 2001. As a percentage of revenues, depreciation and amortization expense decreased from 5.2% for the six months ended June 30, 2000 to 3.9% for the six months ended June 30, 2001 due to the consolidation of offices.

Special Items.

Restructuring credits of \$0.3 million were recognized for the six months ended June 30, 2001. This credit was related to a reversal of severance costs as a result of an employee settlement.

Other charges and credits of \$3.9 million for the six months ended June 30, 2001 were the result of settling outstanding payables from prior periods for less than their carrying amounts.

Interest Expense.

Interest expense decreased 54.6% from \$3.6 million for the six months ended June 30, 2000 to \$1.6 million for the six months ended June 30, 2001. Even though average borrowings were approximately \$0.2 million higher for the six months ended June 30, 2001 versus the same period in 2000, interest expense dropped due to reduced interest rates.

Discontinued Operations.

During the six months ended June 30, 2001, the Company sold eight refractive and ambulatory surgery centers for cash considerations of approximately \$4.4 million.

Extraordinary Items.

The extraordinary gain of approximately \$0.5 million represents forgiveness of indebtedness as a result of a settlement agreement with The Source Buying Group.

LIQUIDITY AND CAPITAL RESOURCES

The Company has historically funded its working capital and capital expenditure requirements primarily through institutional borrowings and private debt and equity financing. Net cash provided by operating activities for the six months ended June 30, 2001 was \$0.5 million as compared to net cash used in operating activities of \$7.0 million for the six months ended June 30, 2000.

The Company currently has insufficient liquidity and capital resources to meet its obligations to unsecured creditors and mandatory principal payments due to the Company's lenders.

Additionally, the Company may have to post additional cash reserves to meet reserve/solvency requirements for its managed care operations. The Company cannot estimate the amount, if any, of such

reserve requirements at this time.

Net cash used in investing activities for the six months ended June 30, 2000 was \$0.2 million resulting primarily from purchases of office equipment and furniture. Net cash provided by investing activities for the six months ended June 30, 2001 was \$3.3 million and resulted from proceeds of the sale of the ASC/RSC businesses.

Net cash used in financing activities for the six months ended June 30, 2001 of \$4.8 million was primarily attributable to paying down existing debt as compared to net cash provided by financing activities of \$0.8 for the six months ended June 30, 2000.

On November 10, 2000 the Company amended and restated its credit agreement dated July 1, 1998, as previously amended (the "Credit Agreement"). The \$64.2 million restated and amended credit facility consists of a \$3.0 million revolving loan, \$45.8 million term loan and \$6.4 million convertible note with maturity dates of October 31, 2003 and a \$9.0 million bridge loan which matures on October 31, 2002. Quarterly principal repayments under the term loan of \$0.5 million begin March 31, 2002. The bridge loan was reduced to \$5.3 million in the first quarter of 2001, to \$4.3 million in the second quarter of 2001 and is required to be further reduced by \$0.5 million on September 30, 2001 and by \$0.5 million on December 31, 2001, with a balloon payment due at maturity. Mandatory principal payments are required from 100% of the proceeds of any asset sale. In addition, mandatory prepayments are required from 75% of Annual Excess Funds. Annual Excess Funds are defined as Earnings Before Interest, Taxes, Depreciation and Amortization "EBITDA", as determined by Generally Accepted Accounting Principles ("GAAP"), for the immediately preceding four quarters, less payments made for interest, income tax, capital expenditures, capital lease payments, required term loan principal payments, and permanent revolver paydowns. For 2001 only, EBITDA shall exclude income arising as a result of excess prior period restructuring/transition accruals and shall be reduced by cash payments on prior period restructuring/transition accruals. Mandatory loan prepayments will be applied first to the permanent reduction of the Bridge Loan Commitment and second to the Term Facility. Any Term Facility prepayments will be applied to the reduction of the remaining scheduled amortization payments in inverse order of maturity.

On March 31, 2001, the Company entered into a First Amendment to the Credit Agreement (the "First Amendment"). The First Amendment (i) reduced the amount due under the bridge facility on March 31, 2001, (ii) revised certain covenants and financial ratios, (iii) extended the date by which the Company is required to obtain the approval of its shareholders, (the "Shareholder Approval") of an increase in the authorized shares of the Company's capital stock from February 28, 2001 until May 31, 2001, and (iv) waived the Company's non-compliance with certain financial reporting obligations through May 31, 2001. On March 31, 2001, the Company also entered into a First Amendment to the Convertible Note Agreement, Warrant Agreement, and Warrants providing for the extension of the date by which the Company is required to obtain the Shareholder Approval.

On May 31, 2001, the Company entered into a Second Amendment to the Credit Agreement and a Second Amendment to the Convertible Note Agreement, Warrant Agreement, and Warrants (collectively, the "Second Amendments"). The Second Amendments extended the date by which the Company is required to obtain the Shareholder Approval from May 31, 2001 until July 15, 2001.

On July 12, 2001 the Company entered into a Third Amendment to the Credit Agreement and a Third Amendment to the Convertible Note Agreement, Warrant Agreement, and Warrants (collectively, the "Third Amendments"). The Third Amendments extended the date by which the Company is required to obtain the Shareholder Approval from July 15, 2001 until September 30, 2001.

Management has been aggressively reducing staff and related overhead spending, carefully managing business unit operating cash flow and working toward completing the divestiture of the ASC/RSC business in an effort to further improve the Company's liquidity position and restore profitability. Additionally, during the first quarter of 2001, the Company engaged an investment banking firm to assist it in evaluating strategic alternatives which may include private debt or equity financing, the sale of one or more business units or the sale of the entire Company. In August 2001, the Company received indications of interest regarding the possible acquisition of the Company's managed care business which the Company is currently evaluating. There can be no assurance that the Company will be able to reach an agreement regarding the terms of such a transaction. Moreover, there can be no assurance that the proceeds which may be realized by the Company from such a transaction, if one were to occur, would be sufficient to satisfy the Company's obligations under the Credit Agreement or to its unsecured creditors, or that sufficient proceeds would remain for the benefit of the shareholders. In the event the Company's efforts are not successful, the Company will have to restructure its obligations under the Credit Agreement. If such restructuring efforts are not successful, the Company may need to seek protection under the Federal Bankruptcy Code.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company is exposed to changes in interest rates primarily as a result of borrowing activities under its Credit Agreement, which is used to maintain liquidity and fund the Company's business operations. The nature and amount of the Company's debt may vary as a result of future business requirements, market conditions and other factors. The extent of the Company's interest rate risk is not quantifiable or predictable because of the variability of future interest rates and business financing requirements, but the Company does not believe such risk is material in the short term. Pursuant to the Credit Agreement, commencing in November 2002, the interest rate on all remaining debt will increase to prime plus 2%. The Company did not use derivative instruments to adjust the Company's interest rate risk profile during the six months ended June 30, 2001.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Form 10-Q, and certain information provided periodically in writing and orally by the Company's designated officers and agents contain certain statements which constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. The terms "Vision Twenty-One," "Company," "we," "our" and "us" refer to Vision Twenty-One, Inc. The words "expect," "believe," "goal," "plan," "intend," "estimate," and similar expressions and variations thereof are intended to specifically identify forward-looking statements. Those statements appear in this Form 10Q, and the documents incorporated herein by reference, particularly "Management's Discussion and analysis of Financial Condition and Results of Operations," and include statements regarding the intent, belief or current expectations of the Company, its directors or officers with respect to, among other things:

- i. our financial prospects;
- ii. our exit from the ASC/RSC businesses;
- iii. our financing plans including our ability to meet our obligations under our current credit facility and obtain satisfactory operating and working capital;
- iv. trends affecting our financial condition or results of operations including our divestiture of business units;

- v. our operating strategy including the shift in focus to the managed care business;
- vi. the impact on us of current and future governmental regulations;
- vii. our current and future managed care contracts and the impact such contracts have on gross profit;
- viii. our ability to maintain our relationships with providers;
- ix. our ability to operate the managed care business efficiently, profitably and effectively;
- x. our integration of systems and implementation of cost savings and reduction plans;
- xi. our expected savings from the restructuring programs;
- xii. our current and expected future revenue and the impact of the consolidation of infrastructure and business divestitures may have on our future performance;
- xiii. our timely filing of Securities and Exchange Act Reports;
- xiv. the purported class action complaints filed against the Company;
- xv. our contemplated restructuring of certain outstanding indebtedness;
- xvi. the issuance and expected issuance of a significant number of additional shares of Common Stock and securities convertible into Common Stock; and
- xvii. the need for shareholder approval of a sufficient increase in the number of authorized shares of Common Stock to enable the Company to complete the financial restructuring.

You are cautioned that any such forward-looking statements are not guarantees of future performance and involve risks and uncertainties, and that actual results may differ materially from those projected in the forward-looking statements as a result of various factors. The factors that might cause such differences include, among others, the following:

- i. our inability to sell the Company or, alternatively, certain business units and any potential losses arising therefrom;
- ii. our inability to obtain sufficient cash from our credit facility and business divestitures to fund our ongoing operations including severance obligations and contingent payment obligations;
- iii. our loss of, changes in, or inability to keep, key personnel, management or directors;
- iv. Any unexpected increases in or additional charges or losses related to the unwinding of the ASC/RSC centers;
- v. the continuation of operating and net losses being experienced by the Company and increases in such losses;
- vi. any material inability to acquire additional sufficient capital at a reasonable cost to fund our continued operations or to maintain compliance with our credit facility;

Edgar Filing: VISION TWENTY ONE INC - Form 10-Q

- vii. the inability to maintain our managed care business or to increase and expand managed care initiatives;
- viii. any adverse changes in our managed care business, including but not limited to, the inability to renew existing managed care contracts or obtain future contracts or maintain and expand our provider network;
- ix. our inability to negotiate managed care contracts with HMOs;
- x. our inability to successfully and profitably operate our managed care business or for existing managed care contracts to positively impact gross profit;
- xi. any adverse change in our medical claims to managed care revenue ratio;
- xii. the inability to maintain or obtain required licensure in the states in which we operate; or any changes in state or federal governmental regulations which could materially affect our ability to operate;
- xiii. consolidation of our competitors, poor operating results by our competitors, or adverse governmental or judicial rulings against our competitors;
- xiv. our inability to realize any significant benefits, cost savings or reductions from our restructuring program;
- xv. unexpected cost increases;
- xvi. our inability to successfully defend against the class action lawsuits, or any additional litigation that currently exists or may arise in the future;
- xvii. our inability to timely file our required reports with the SEC or to maintain the listing of our Common Stock on NASDAQ Bulletin Board;
- xviii. our inability to restructure and settle any and all indebtedness, claims and disputes in a manner that permits continued operations of the Company;
- xix. our inability to enter into acceptable settlement agreements with parties making claims against us or to fulfill our obligations pursuant to such settlement agreements;
- xx. our inability to complete our restructuring efforts, including, but not limited to, obtaining any required consents or approvals of the shareholders;
- xxi. our stock price;
- xxii. in the event the Company becomes a debtor in Bankruptcy Court; and
- xxiii. other factors including those identified in our filings from time-to-time with the SEC.

The Company undertakes no obligation to publicly update or revise forward-looking statements to reflect events or circumstances after the date of this Form 10-Q and annual report or to reflect the occurrence of unanticipated events.

PART II

OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Except as described below, the Company is not a party to any material litigation and is not aware of any threatened material litigation:

The Company, one of its former executive officers who was also a director and two former officers are named as defendants in several purported class action lawsuits filed in the United States District Court for the middle District of Florida, Tampa Division. The complaints allege, principally, that the Company and other defendants issued materially false and misleading statements related to the Company's integration of its acquisitions, in violation of Sections 10(b) and 20(a) of the Securities Exchange Act of 1934 and Rule 10b-5 promulgated thereunder. The plaintiffs seek to certify their complaints as class actions on behalf of all purchasers of the Company's Common Stock in the period between December 5, 1997 and November 5, 1998, and seek an award of an unspecified amount of monetary damages to all of the members of the purported class. The purported class action lawsuits were as follows: (i) Tad McBride against Vision Twenty-One, Inc., Theodore N. Gillette, Richard T. Welch, and Michael P. Block (filed on January 22, 1999); (ii) Robert Rosen v. Vision Twenty-One, Inc., Theodore N. Gillette and Richard T. Welch (filed on January 27, 1999); (iii) Charles Murray against Vision Twenty-One, Inc., Theodore N. Gillette, Richard T. Welch and Michael P. Block (filed on January 29, 1999); and (iv) Sam Cipriano, on behalf of himself and all others similarly situated v. Vision Twenty-One, Inc., Theodore N. Gillette, Richard T. Welch and Michael P. Block (filed on February 22, 1999).

On April 20, 1999, pursuant to a motion and order, these complaints were consolidated into one case captioned: Tad McBride, Plaintiff, v. Vision Twenty-One, Inc., Theodore N. Gillette, Richard T. Welch and Michael P. Block (Case No. 99I38-CIV-T-25F), and one plaintiff's group was appointed lead plaintiff by judicial order on May 6, 1999. This uncertified consolidated class action seeks to hold the Company and one of its former officers, who was also a director, as well as two former officers liable for alleged federal securities law violations based upon alleged misstatements and omissions in analyst reports, trade journal articles, press releases and filings with the Securities and Exchange Commission.

Pursuant to judicial orders, the lead plaintiffs filed an amended consolidated complaint on August 14, 1999. On October 11, 1999, the lead plaintiffs and Michael P. Block executed a stipulation dismissing without prejudice the action against Mr. Block. The Defendants filed a motion to dismiss the amended consolidated complaint on October 15, 1999. The lead plaintiffs served answering papers on December 3, 1999. The Defendant's motion to dismiss was granted in part on August 18, 2000. A Motion for Class Certification was filed on January 26, 2001. The parties are continuing in class certification discovery to enable the Defendants to respond to the Plaintiffs' Motion for Class Certification. The Company believes that it has substantial defenses to this matter and intends to assert them vigorously.

In July 2001 the Company was named as third-party defendant by Ocean County Eye Associates, P.C. ("OCEA"), Dr. Barinder Athwal, Dr. Omar Almallah and Dr. Anthony Interdonata as defendants/third-party plaintiffs in an action commenced by American Surgisite Management Services Organization ("ASMSO") in the Superior Court of New Jersey Law Division, Somerset County. ASMSO is seeking, among other things, a declaratory judgement to enforce the consent ("Consent") given by OCEA on February 26, 2001 regarding the Company's assignment to ASMSO of the Company's management contract ("Management Contract") with OCEA, due to OCEA's threat to rescind the Consent. OCEA is seeking, among other things, a declaratory judgement that the Consent is invalid, void and/or voidable on the grounds of duress. The defendants/third party plaintiffs also allege that the Company and ASMSO inadequately performed their obligations under the Management Contract in breach thereof. The Company believes that it has substantial defenses to this matter and intends to assert them vigorously.

Edgar Filing: VISION TWENTY ONE INC - Form 10-Q

The Company is party to a few lawsuits, including one commenced in July 2001, alleging medical malpractice by providers which were previously associated with the Company through certain of its discontinued operations. Certain of these lawsuits have been referred to the Company's malpractice insurance carrier for defense and coverage; however, the Company is unable to determine whether its exposure, if any, would exceed its insurance coverage. The Company is also unable to determine its exposure, if any, for those lawsuits for which it may not have insurance coverage.

ITEM 6. Exhibits and Reports on Form 8-K

- Exhibits - See Exhibits under attached hereto.
- Reports on Form 8-K. The Company filed a report on Form 8-K, during the quarter ended June 30, 2001 with respect to the Second Amendments to the Credit Agreement and related loan documents.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized, in the city of Baltimore, State of Maryland on August, 13, 2001.
