Date, Time and Place of Annual Meeting

The annual meeting will be held at the company's Exeter Office, 1625 Wyoming Avenue, Exeter, Pennsylvania 18643 on Wednesday, May 16, 2007, at 9:00 a.m., prevailing time. All inquiries regarding the annual meeting should be directed to William S. Lance, Treasurer. At the annual meeting, shareholders will be requested:

to elect four Class C Directors to serve for a three-year term and until their successors are duly elected and qualified;

to ratify the selection of Demetrius & Company, L.L.C., Certified Public Accountants of Wayne, New Jersey, as the auditors of the company for the year ending December 31, 2007; and

to transact any other business as may properly come before the annual meeting and any adjournment or postponement of the meeting.

We have not authorized anyone to provide you with information about the company; therefore, you should rely only on the information contained in this document or on documents to which we refer you. Although we believe we have provided you with all the information helpful to you in your decision to vote, events may occur at First National Community Bancorp, Inc. subsequent to printing this proxy statement that might affect your decision or the value of your stock.

Record Date, Quorum, Voting Rights

The company's Board of Directors fixed March 30, 2007 as the record date for the determination of shareholders entitled to notice of and to vote at the annual meeting. On the record date, the company had 12,449,085 outstanding shares of common stock, par value \$1.25 per share, the only

1

Edgar Filing: FIRST NATIONAL COMMUNITY BANCORP INC - Form DEF 14A

Under Pennsylvania law and the company's by-laws, the presence of a quorum, in person or by proxy, is required for each matter to be acted upon at the annual meeting. The presence of a quorum, in person or by proxy, of shareholders entitled to cast at least a majority of the votes which all shareholders are entitled to cast, constitutes a quorum for the transaction of business at the annual meeting. Votes withheld and abstentions will be counted in determining the presence of a quorum. Broker non-votes will not be counted in determining the presence of a quorum for the particular matter as to which the broker withheld authority.

Each holder of common stock is entitled to one vote, in person or by proxy, for each share of common stock held in his or her name in the company's books as of the record date. Assuming the presence of a quorum, the four nominees for director receiving the highest number of votes will be elected.

Solicitation of Proxies and Voting

The cost of preparing, assembling, printing, mailing and soliciting proxies, and any additional material that the company sends to its shareholders in connection with the annual meeting, will be paid by the company. In addition to solicitation by Registrar and Transfer Company, the directors, officers and employees of the company and First National Community Bank may solicit proxies from shareholders personally or by telephone, facsimile or other electronic means without additional compensation. Arrangements will be made with brokerage firms and other custodians, nominees and fiduciaries to forward proxy solicitation materials to the beneficial owners of the common stock held of record by these persons, and upon their request, the company will reimburse them for their reasonable forwarding expenses.

You can vote your shares by completing and returning a written proxy card. You may also vote your shares using the Internet. To do so, access www.proxyvotenow.com/fncb and follow the on screen instructions. Have your control number from your proxy card available when you access the web page. Telephone voting is also available, toll free, by calling 1-866-776-5650 from a touch tone phone.

You can also vote in person at the meeting. Submitting your voting instructions by returning a proxy card or by voting over the telephone or over the Internet will not affect your right to attend the meeting and vote. The method by which you vote will in no way limit your right to vote in person at the annual meeting, after giving notice to Michael J. Cestone, Jr., Secretary of the company.

If your shares are registered directly in your name with First National Community Bancorp, Inc.'s transfer agent, Registrar and Transfer Company, you are considered, with respect to those shares, the shareholder of record, and these proxy materials are being sent directly to you by the company. As the shareholder of record, you have the right to grant your voting proxy directly to the proxy holder, to cast your vote electronically or to vote in person at the meeting. The company has enclosed a proxy card for your use.

Edgar Filing: FIRST NATIONAL COMMUNITY BANCORP INC - Form DEF 14A

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of the shares held in street name, and these proxy materials are being forwarded to you by your broker or nominee which is considered, with respect to those shares, the shareholder of record. As the beneficial owner, you have the right to direct your broker how to vote and are also invited to attend the meeting. However, because you are not the shareholder of record, you may not vote these shares in person at the meeting. Your broker or nominee has enclosed a voting instruction card for you to use in directing the broker or nominee how to vote your shares. Shares represented by a properly executed proxy, unless subsequently revoked, will be voted at the annual meeting in accordance with the instructions made by the shareholders. If a proxy is signed, executed and returned without indicating any voting instructions, the shares represented by the proxy will be voted in accordance with the recommendations of the Board of Directors.

Revocation of Proxies

A shareholder of the company who returns a proxy may revoke the proxy prior to the time it is voted in any one of the following ways:

by giving written notice of revocation to Michael J. Cestone, Jr., Secretary of First National Community Bancorp, Inc., 102 East Drinker Street, Dunmore, Pennsylvania 18512-2491; or

by executing a later-dated proxy and giving written notice to the Secretary of the company; or

by voting in person after giving written notice to the Secretary of the company.

Attendance by a shareholder at the annual meeting will not itself constitute a revocation of the proxy.

You have the right to vote and, if desired, to revoke your proxy any time before the annual meeting. Should you have any questions, please contact William S. Lance, Treasurer at (570) 346-7667.

PROPOSAL 1:

ELECTION OF DIRECTORS

In accordance with Sections 9.2 and 9.3 of the company's by-laws, the company has a classified Board of Directors with staggered three-year terms of office. In a classified board, the directors are generally divided into separate classes of equal number. The terms of the separate classes expire in successive years. The company's Board of Directors is classified into three classes—Class A, Class B, and Class C. Thus, at each annual meeting of shareholders, successors to the class of directors whose term then expires are elected to hold office for a term of three years. Therefore, the term of office of one class of directors expires in each year. The Board of Directors is authorized to increase the number of directors that constitutes the whole Board of Directors provided that the total number of directors in each class remains relatively proportionate to the others.

Unless otherwise instructed, the proxy holder will vote the proxies received for the election of the four nominees for Class C Director named below. If any nominee should become unavailable to serve for any reason, proxies will be voted in favor of a substitute nominee as designated by the Board of Directors. The Board of Directors has no reason to believe that the nominees named will be unable to serve, if elected. Any vacancy on the Board of Directors, including vacancies resulting from an increase in the number of directors, will be filled by a majority of the remaining members of the Board of Directors and each person so appointed will be a director until the expiration of the term of office of the class to which he or she was appointed. Election of a director requires the affirmative vote of a majority of the shares of common stock represented at the annual meeting.

Cumulative voting rights do not exist with respect to the election of directors. Except as may otherwise be provided by statute or by the Articles of Incorporation, at every shareholders meeting, each shareholder entitled to vote has the right to one vote for each common share owned on the record date fixed for the meeting. For example, if a shareholder owns 100 shares of common stock, he or she may cast up to 100 votes for each of the nominees for director in the class to be elected.

Nomination of Directors

Pursuant to Section 9.1 of the company's by-laws, nominations for election to the Board of Directors may be made by the Board of Directors or any shareholder entitled to vote for the election of directors. Any shareholder who intends to nominate a candidate for election to the Board of Directors (other than a candidate proposed by the company's then existing Board of Directors) must notify the company's Secretary in writing not less than 60 days prior to the date of any shareholder meeting called for the election of directors. The notification must contain the following information to the extent known by the notifying shareholder:

- a) the name and address of each proposed nominee;
- b) the age of each proposed nominee;
- c) the principal occupation of each proposed nominee;
- d) the number of shares of the company's common stock owned by each proposed nominee;

Edgar Filing: FIRST NATIONAL COMMUNITY BANCORP INC - Form DEF 14A

- e) the total number of shares that, to the knowledge of the notifying shareholder, will be voted for each proposed nominee;
- f) the name and residential address of the notifying shareholder; and
- g) the number of shares of the company's common stock owned by the notifying shareholder.

In compliance with the company's by-laws, shareholders wishing to nominate a candidate for election to the Board of Directors must notify the Secretary in writing not less than 60 days prior to the date of the meeting. Shareholders must deliver any proposals or nominations in writing to the Secretary of First National Community Bancorp, Inc. at its principal executive office, 102 E. Drinker Street, Dunmore, Pennsylvania 18512.

Any nomination for director not made in accordance with Section 9.1 will be disregarded by the presiding officer of the annual meeting, and votes cast for each such nominee will be disregarded by the judges of election. In the event that the same person is nominated by more than one shareholder, if at least one nomination for such person complies with Section 9.1, the nomination will be honored and all votes cast for the nominee will be counted.

You may obtain a copy of the full text of the by-law provision relating to nomination of directors by writing to Michael J. Cestone, Jr. Secretary, at 102 East Drinker St., Dunmore, PA 18512. A copy of our by-laws were filed with the Securities and Exchange Commission as exhibit 3.2 to the company's December 31, 2005 Annual Report on Form 10-K, filed March 15, 2006.

We continually review these governance practices, Pennsylvania law (the state in which we are incorporated), the rules and listing standards of NASDAQ, and SEC regulations, as well as best practices suggested by recognized governance authorities.

Currently, our Board of Directors has twelve (12) members. Under the SEC and NASDAQ standards for independence Board members are considered independent of management if the following standards are met:

The director shall not be an officer or employee of the bank or involved in the daily operations of the bank.

The director shall not serve as a consultant, advisor, promoter, underwriter, legal counsel, or trustee of the bank

Relationship with FNCB must not interfere with audit committee independence and duties.

The director shall not be a member of the immediate family of an executive officer of the bank.

The director shall not be an officer or employee of the bank or any affiliate within the preceding year.

The director shall not own or control 10% or more of any outstanding class of voting securities of the institution.

The director cannot receive any compensation from the bank or its affiliates other than compensation for Board services or benefits under a tax qualified retirement plan.

A director, or family member of a director, may not receive payments of more than \$60,000 a year from the bank, other than for director fees.

Only independent directors serve on our Audit Committees and Stock Option Administration Committee. Independence will be reviewed annually to determine whether all existing and potential members are independent of management. During 2006, Joseph Coccia, William P. Conaboy, Michael T. Conahan, Dominick L. DeNaples, Louis A. DeNaples, Joseph J. Gentile, Joseph O. Haggerty, and John P. Moses, met the standards for independence. This constitutes more than a majority of our Board of Directors.

Edgar Filing: FIRST NATIONAL COMMUNITY BANCORP INC - Form DEF 14A

In making its independence determinations, the Board considered that in the ordinary course of business the Company and its subsidiaries may provide commercial banking and other services to some of the independent directors and to business organizations and to individuals associated with them. The Board also considered that in the ordinary course of business some business organizations with which an independent director is associated may provide products and services to the Company and its subsidiaries. The Board has determined that, based on the information available to the Board, none of these relationships was material.

CODE OF ETHICS

In 2003, as required by law and regulation, we adopted our Code of Ethics to be applicable to our senior financial officers. The Code of Ethics is posted on our website at www.fnbc.com. We filed a copy of the Code of Ethics with the Securities and Exchange Commission as exhibit 14 to the company's December 31, 2005 Annual Report on Form 10-K, filed March 15, 2006.

Shareholder Communications

Any shareholder who wishes to communicate with the Board of Directors may send correspondence to Michael J. Cestone, Jr., Secretary, at 102 East Drinker St., Dunmore, PA 18512, or by sending an electronic message to www.fnbc.com. Mr. Cestone will submit your correspondence to the Board of Directors or the appropriate committee as applicable.

Submission of Shareholder Proposals

In order for a shareholder proposal to be considered for inclusion in First National Community Bancorp, Inc.'s proxy statement for next year's annual meeting, the written proposal must be received by the company no later than December 17, 2007. Any proposal must comply with Securities and Exchange Commission regulations regarding the inclusion of shareholder proposals in company-sponsored proxy materials. If a shareholder proposal is submitted to the company after December 17, 2007, it is considered untimely; and, although the proposal may be considered at the annual meeting, the company is not obligated to include it in the 2008 proxy statement.

The Boards of Directors

During 2006, the company's Board of Directors held five meetings. Each of the directors attended at least 75% of the meetings of the company's Board of Directors. All directors attended at least 75% of the meetings of the committees on which they served except for Joseph O. Haggerty who attended 50% of the Audit Committee meetings. All of our directors attended the 2006 Annual Meeting of Shareholders and we expect that they will all attend this year's meeting.

The company's directors generally function as a full board, except that the company maintains an Audit Committee and a Stock Option Administration Committee. In lieu of a nominating committee, the full board nominates the slate for the election of the Board of Directors. In lieu of a compensation committee, the full board appoints and sets compensation of officers and directors. In this manner, all decisions made represent the view of the Board as a whole, rather than a select group of directors serving on the respective committees.

Members of the Stock Option Administration Committee, during 2006, were Louis A. DeNaples, Chairman, Joseph Coccia, William P. Conaboy, Michael T. Conahan, Dominick L. DeNaples, Joseph J. Gentile, Joseph O. Haggerty and John P. Moses. The principal duties of the Committee are to make recommendations regarding the issuance of stock options granted under the 2000 Employee Stock Incentive Plan and the 2000 Independent Directors Stock Option Plan. The Committee has the authority and discretion to interpret the Plans; to establish, amend and rescind any rules and regulations relating to the Plans; and to determine what, to whom, when and under what facts and circumstances awards should be made. The Committee met once during 2006.

During 2006, First National Community Bank's Board of Directors held twenty-four meetings. Each of the directors attended at least 75% of the meetings of the bank's Board of Directors with the exception of John R. Thomas.

The bank maintains a Senior Loan Committee to meet on alternating weeks as deemed necessary. Membership on this committee consists of the bank's Chairman, President and Chief Executive Officer, Commercial Sales Division Manager and Retail Sales Division Manager who are permanent members. Other members of the Board of Directors are appointed on a rotating basis, with a new director appointed monthly. In 2006, this committee held five meetings. Each appointed director was present for more than 75% of the meetings for which they were scheduled.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Board of Director's fundamental policy is to provide our executive officers with competitive compensation opportunities based upon their contribution to our development and financial success and their personal performance. The Board's objective is to have a portion of each executive officer's compensation contingent upon our performance as well as upon each executive officer's level of performance.

In determining the appropriate types and amounts of compensation for the Chief Executive Officer each year, the Board of Directors evaluates both corporate and individual performance. The corporate factors include the financial performance of the company, including return on stockholders' equity, return on assets, asset quality and trends in the foregoing measures, the performance of the company's stock price, comparative results achieved by the company's peer group institutions, and progress in realizing the company's long-term business plan. The individual factors include initiation and implementation of successful business strategies, formation of an effective management team and various personal qualities, including leadership.

In determining the appropriate types and amounts of compensation for the Named Executive Officers, excluding the Chief Executive Officer, the Board of Directors takes into consideration the officer's experience, expected personal performance and salary levels for comparable positions.

Edgar Filing: FIRST NATIONAL COMMUNITY BANCORP INC - Form DEF 14A

The compensation package for each Named Executive Officer is comprised of five different elements: base salary, cash bonuses, Long-term stock-based incentive awards, health and welfare benefits and pension benefits.

Base salary

The bank has established salary ranges that are competitive with the banking industry in our local region. Each job classification has been evaluated based upon the required skills, knowledge, responsibility and experience. The program ensures that employees receive consistent consideration through salary increases. Salary increases are based upon merit, performance, quality of work, and other job related factors. Salary increases are not guaranteed and a performance review may not guarantee an increase. The Base salary for each Named Executive Officer is determined based upon experience, expected personal performance, salary levels in effect for comparable positions with and without the industry, internal base salary comparability considerations and the responsibilities assumed by the Named Executive Officer. The weights given to these factors differ from individual to individual as the Board believes appropriate.

Bonus

Bonus represents the variable component of the executive compensation program that is tied to our performance and individual achievement. Our policy is to base a significant portion of our executive officer's cash compensation on bonus. In determining bonuses, the Board of Directors considers factors such as relative performance of the company during the year (including the bank's gross revenue, net income and customer growth) and the individual's contribution to our performance, the need to attract, retain and motivate high quality executives as well as the degree to which the executive officer met or exceed certain objectives established for him/her. Bonuses are not guaranteed or fixed by formula.

The amount of each individual bonus is not affected by nor does it affect any other form of compensation.

Long-term incentive compensation

The Stock Option Administration Committee is responsible for the administration of the long-term incentive plan. The long-term incentive plan is used to reward performance and drive an ownership culture. Long-term stock-based incentive awards strengthen the mutuality of interest between the executive officers and our shareholders. Long-term incentives are provided through grants of stock options. The grants are designed to align the interests of each Named Executive Officer with those of the shareholders and provide each individual with a significant incentive to manage the company from the perspective of an owner with an equity stake. Each option grant allows the individual to acquire shares of our common stock at a fixed price per share over a specified period of time up to ten years. The number of shares subject to each option grant

is set at a level intended to create meaningful opportunity for appreciation based on the Named Executive Officer's current position with the company, the size of comparable awards made to individuals in similar positions within the industry and the individual's

Edgar Filing: FIRST NATIONAL COMMUNITY BANCORP INC - Form DEF 14A

personal performance in recent periods. The award of equity compensation is contingent upon the performance of the company. The Board of Directors does not adhere to any specific guidelines as to the granting of options.

Officers and other key management employees are eligible to participate. The Plan permits the grant of qualified and non-qualified stock options, stock appreciation rights, and restricted stock. The grants are to be exercised at a fixed price of fair market value on the date of grant. The Plan has a term of 10 years and the grants are not exercisable for 6 months after grant date. The grant expires three months after employment termination or 12 months after death or disability.

The determination of the amount to award is premised upon the level of responsibility, the drivers of revenue generation (high performance), and levels of management. The Plan and grants are benchmarked through peer banks surveyed semi-annually.

The grant dates are based on the last company meeting of the year. The awards are not timed to the release of any information. The Stock Option Administration Committee approves grant levels based on the above criteria.

As incentive compensation, the granting of stock options are not taken into account when determining other factors of compensation for the Named Executive Officers.

There are no equity or other security ownership requirements or guidelines nor are there any policies regarding hedging the economic risk of ownership.

Health and Welfare Benefits

Group life insurance, group short term and long term disability, and health insurance are available to all eligible employees, including the Named Executive Officers. Such plans are standard in the industry and in the geographic area for all industries, as well as necessary to compete for talented employees at all levels of the Company.

Named Executive Officers also participate in the Company's supplemental executive life insurance plan which provides a split-dollar share of death benefits to the executive's beneficiary, depending upon the executive's eligibility to receive payments. The plan is funded with bank-owned life insurance (BOLI) and is used to provide an additional benefit to certain executives with a minimal cost to the Company. Split-dollar life insurance plans are widely available in the banking industry, because the Company will recover its plan costs upon the death of the executive, and the executive's beneficiary will receive a split of the insurance proceeds. This benefit provides further incentive for longevity with the Company.

Named Executive Officers also are provided excess life insurance and additional disability income. These policies are commonplace in the industry and an expected benefit

for top executives. They also encourage longevity. Health and welfare plans are not tied to Company or individual performance. The costs of providing such benefits to all eligible employees are not taken into account when determining specific salaries of the Named Executives Officers and are seen as a cost of doing business which will help keep the employee productive and engaged.

Perquisites

The Company provides a company-owned vehicle to several of the Named Executive Officers, as their positions requires travel offsite frequently for bank business. The provision of a Company vehicle to these individuals is viewed by the Board as a normal benefit in the highly competitive financial services industry.

Country Club Memberships are used as a vehicle to attract, retain and expand customer relationships. They are viewed as a necessity for certain Named Executive Officers to further the business of the bank.

Employment Agreement

The company has entered into an employment agreement with the Chief Executive Officer. The agreement may be terminated by the company or the bank with or without just cause (as defined in the agreement), or upon death, permanent disability, normal retirement, or upon the termination of his employment by resignation. In the event that Mr. Lombardi's employment is terminated without just cause the Chief Executive Officer will continue to receive each month for a period of two years his monthly base salary, his monthly Board of Director's fees; and one twelfth of the average of the bonuses paid to him over the preceding three years.

If a change of control occurs and Mr. Lombardi's employment is terminated or his duties or substantially diminished or he is removed from office as the Chief Executive Officer of the reorganized employer, Mr. Lombardi may terminate his employment. Upon such termination, he will receive three times his then annual base salary which was in effect as of the date of the change of control, three times his then annual board of director's fees; and three times the average of his bonuses for the prior three years.

The triggering events are standard in the financial services industry and were established to enable Named Executive Officers to continue to manage the company without being unduly distracted by the uncertainties of personal affairs and thereby will be better able to assist in evaluating any unsolicited tender offer proposal in an objective manner.

Profit Sharing Plan

We currently provide retirement plans to our employees to provide long term financial security. The retirement plans are designed to assist our employees in providing for their own financial security in a manner that recognizes individual needs and preferences. The bank has adopted a Profit Sharing Plan and 401(k) plan whereby any employee who has attained the age of twenty-one is eligible to participant on the earlier of the first day of the seventh month or the first day of the plan year coinciding with or following the date on which he or she has met the eligibility requirement. By virtue of being employees, Named Executive Officers are eligible to participate in the plans once

they have met the eligibility requirements. The amount of money which the bank contributes to the Profit Sharing and 401(k) plan is not taken into account when determining the amounts of other forms of compensation.

Deferred Compensation

The Named Executive Officers are eligible to participate in the Officers' Deferred Compensation Plan which allows Named Executive Officers who have been employed by the bank for ten or more years to defer up to twenty-five percent of their compensation, including base salary and cash bonus. All other Named Executive Officers may defer up to fifteen percent of their compensation. The interest earned on the deferrals is tied to the one-year Treasury Bill. The deferred compensation plan is designed to account for some of the limitations with traditional pension plans and is designed to provide a long-term incentive to remain in the employ of the bank.

Internal Revenue Code Limits on the Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally denies publicly-held corporations a federal income tax deduction for compensation exceeding \$1,000,000 paid to the Chief Executive Officer or any of the four other highest paid executive officers, excluding performance-based compensation. The Stock Option Incentive Plan has been designed and will be administered in a manner that will enable the company to deduct compensation attributable to options and without regard to such deduction limitation.

The Role of the Executive Officers in Setting Compensation

The Compensation Committee delegates to the President and Chief Executive Officer the responsibility of conducting annual reviews for the other executive officers. The President and Chief Executive Officer proposes increases based on his subjective analysis of the individual's contribution to the Company's strategic goals and objectives. In determining whether strategic goals have been achieved, the President and Chief Executive Officer considers numerous factors, including the following: the Company's performance as measured by earnings, return on assets, return on equity, asset and liability quality, and audit findings. Although the President and Chief Executive Officer measures the performance and increases in compensation in light of these factors, no direct correlation exists between any specific criterion and the employees' compensation. The President and Chief Executive Officer makes a subjective determination after review of all relevant information, including the above.

The President and Chief Executive Officer does not set or participate in the determination process of his annual base salary.

The full board of directors advises the Chief Executive Officer on compensation matters, determines the compensation of the Chief Executive Officer, reviews and takes action on the recommendation of the Chief Executive Officer as to the appropriate compensation of other officers and key personnel and approves the grants of bonuses to officers and key personnel.

Independent Consultant

In 2006, the Senior Management Committee engaged L.R. Webber Associates, Inc., a Pennsylvania based Human Resources and Compensation firm, to provide the committee with an annual salary and benefits survey. The survey was utilized to review the current salary ranges. The committee chose this firm because it is within our market area and the surveys conducted provide information by region and asset size.

The company and the bank have engaged in and intend to continue to engage in banking and financial transactions in the ordinary course of business with directors and officers of the company and the bank and their affiliates on comparable terms and with similar interest rates as those prevailing from time to time for other bank customers. The responsibility for monitoring compliance with Regulation O rests with the Loan Administration/Compliance Division and Internal Auditor as stated in the banks Loan Policy. There have been no transactions originated during 2006 which were required to be reported under this item where such policy and procedures were not followed.
