**EVOLVING SYSTEMS ENCOURAGES INVESTORS TO  
VOTE THEIR SHARES PRIOR TO UPCOMING ANNUAL MEETING**

Stockholder Approval of Amendment to Increase Number of Authorized Shares Will Support Company's M&A Growth Initiative

ENGLEWOOD, Colorado Evolving Systems, Inc. (NASDAQ-EVOL), a provider of innovative software solutions for operations and systems integration to many of the largest communications companies in the U.S., today reminded stockholders to vote their shares prior to the upcoming Annual Meeting of Stockholders. The meeting is scheduled for Thursday, May 13, 2004 at the Hilton Garden Inn, 9290 Meridian Blvd., Englewood, CO 80112. Evolving Systems mailed its proxies and proxy cards in early April. Stockholders of record as of March 18, 2004 are entitled to vote.

Stephen Gartside, CEO, said stockholders will consider and act upon five specific issues. "Whether they appear at the meeting in person or vote their shares by mail, telephone or the Internet, we encourage all stockholders to participate in the process and ensure their shares are represented at the meeting," Gartside said.

Gartside noted that the Company's ability to issue new shares in a potential purchase or merger transaction will help the Company execute on the M&A component of its growth strategy. "Stockholder approval of an increase in the number of authorized shares will help us pursue a successful mergers and acquisitions program to augment anticipated long-term organic growth," Gartside said. "Our M&A strategy is to acquire complementary technologies and/or businesses that can help us win new customers and expand our presence within existing customers. Of course, our overall M&A objective is to make accretive acquisitions so that the financial performance benefits accruing to the Company offset the effects of new share issuances, but we won't rule out non-accretive acquisitions that advance the Company's strategic goals."

**About Evolving Systems**

Evolving Systems, Inc. (NASDAQ: EVOL) provides innovative software solutions for operations and systems integration to many of the largest communications companies in the U.S. The Company provides local number portability solutions, offers software products that enable carriers to comply with the FCC's number conservation mandates intended to extend the life of the North American Numbering Plan, and offers solutions in the area of network management for monitoring and capacity planning. The Company's *ServiceXpress* methodology and offering is used to accelerate development and integration efforts. Evolving Systems' unique competence as an integration and solutions provider for both operations support systems (OSS) and network solutions positions the Company to accelerate the automation and availability of tomorrow's services for today's tier one carriers and application service providers.
