ICONET, INC.
(A Company in the Development Stage)
NOTES TO THE INTERIM FINANCIAL STATEMENTS
March 31, 2002

#### 1. BASIS OF PRESENTATION

The accompanying unaudited interim financial statements of Iconet, Inc. (the "Company") have been prepared by the Company in accordance with accounting principles generally accepted in the United States of America, pursuant to the Securities and Exchange Commission rules and regulations. In management's opinion all adjustments necessary for a fair presentation of the results for the interim periods have been reflected in the interim financial statements. The results of operations for any interim period are not necessarily indicative of the results for a full year. All adjustments to the financial statements are of a normal recurring nature.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. Such disclosures

are those that would substantially duplicate information contained in the most recent audited financial statements of the Company, such as significant accounting policies and stock options. Management presumes that users of the interim statements have read or have access to the audited financial statements and notes thereto included in the Company's most recent annual report on Form 10-KSB.

#### 2. GOING CONCERN

These financial statements have been prepared assuming that the Company will continue as a going concern. The Company is currently in the development stage, and existing cash, other material assets, and available credit are insufficient to fund the Company's cash flow needs for the next year. In October 2001 a related party extended the Company a line of credit for \$100,000 (see Note 3). Management is attempting to raise additional capital.

#### 3. RELATED PARTY LINE OF CREDIT

In October 2001 the Company obtained an unsecured line of credit from a shareholder for \$100,000 at 12% per annum. The line of credit is due on demand. At March 31, 2002, the outstanding balance on this line of credit was \$60,274.

#### 8. COMMITMENTS AND CONTINGENCIES

There are various claims and lawsuits pending against the Company arising in the normal course of the Company's business. Although the amount of liability at March 31, 2002, cannot be ascertained, management is of the opinion that any resulting liability will not materially affect the Company's financial position.

Merrill Lynch Canada Inc., has filed suit against the Company regarding a dispute related to the sale of its restricted common stock by an unrelated third party to Merrill Lynch. The case is still in its early stages and the Company is trying to reach a settlement with Merrill Lynch. At this time the Company does not know if it will sustain a loss, or the amount of the loss.

The Company is a defendant in an action by a bank regarding an overdraft. The bank is seeking to recover \$30, 519, which has been accrued by the Company.

#### ITEM 2. MANAGEMENT DISCUSSION AND ANALYSIST

ICONET, INC MARCH 31, 2002

Since the year end, December 31, 2001, Mr. Randy Miller has been serving as President, Treasurer and Secretary of the Corporation. The Company has been going through a re-organization and has been working on reducing the debt and the payables of the Corporation. We are in the midst of reviewing our business plan and also assessing the viability of this business plan. We plan to move forward and try to settle all the outstanding issues from previous activities

and addressing management issues that have been arising as we move through our corporate files. We intend to work on financing the company and moving forward with our business plan. We are also still processing a registration statement on Form SB-2.
